PERSONNEL

Missouri Artist Fred Geary, born in Clarence, MO in 1894, created this rural scene which hangs in the Carrollton Public Library in Carrollton, MO. Much of his work was inspired by the rural settings of his youth. (photo courtesy of Dorris Jean Beebe)

Missouri Personnel

Missouri law (RSMo 11.030) requires that the *Official Manual* contain certain personnel information. This information, provided by the Office of Administration and published as received after review by each state agency, appears in the same order here as the agency narrative listings appear in the earlier chapters. All listings are as of July 1, 2011.

For updated personnel information: <http://mapyourtaxes.mo.gov/MAP/Employees/>

The Missouri Accountability Portal provides regularly updated pay information about the employees of the State of Missouri, searchable by Agency of employment, position title or employee name. The site provides gross pay amounts by the most recent pay cycle and year to date.

This pastoral scene is the work of Missouri Artist Fred Geary. Born in Clarence, Missouri in 1894, Geary is best known for his skill in the mediums of wood cuts, water colors, linoleum block, oils and crayons. His works grace the walls of Kansas City's Union Station and have been featured as part of the Library of Congress' collection of great American folk artists. (photo courtesy of Dorris Jean Beebe)
