2. The tax shall be evidenced by stamps in the same manner as cigarettes stamped pursuant to sections 149.015 and 149.021. 7. On an annual basis, the director of the department of revenue, in consultation with the director of health and senior services, shall determine whether the taxes imposed by this section and section 149.161 have resulted in a decrease in consumption of tobacco products and thereby directly caused a reduction in the amount of moneys collected and deposited into the fair share fund, the health initiatives fund, or the state school moneys fund pursuant to chapter 149, RSMo or revenues generated from local tobacco taxes authorized under sections 66.340 and 210.320 or revenues to local governments under lawfully enacted sales taxes. If a reduction in the amount of moneys collected and deposited into any of those funds pursuant to chapter 149, RSMo or revenues generated from local tobacco taxes authorized under sections 66.340 and 210.320, or revenues to local governments under lawfully enacted sales taxes has been directly caused by the taxes imposed by this section and section 149.161, an amount equal to the amount of moneys that were not collected and deposited into that fund or funds or were not generated by the local tobacco taxes authorized by sections 66.340, 210.320, and sections providing authority for local government sales taxes because of the taxes imposed by this section and section 149.161 shall be transferred from the early childhood health and education trust fund pursuant to section 210.102 as follows: first, to the appropriate political subdivisions, second, to local governments to account for any decrease in local sales tax collections, and third to the appropriate fund or funds. The aggregate amount transferred to such funds and political subdivisions from the early childhood health and education trust fund for any year shall not exceed four percent of the total moneys collected pursuant to this section and section 149.161 during that same year.

149.161. Beginning on January 1, 2017, in addition to the tax levied on the first sales of tobacco products other than cigarettes in section 149.160, a tax shall be levied upon the first sale of tobacco products other than cigarettes within this state in the amount of five percent of the manufacturer's invoice price before discounts and deals, and shall be paid by the person making the first sale within the state. The tax on tobacco products shall be at the rate of five percent of the manufacturer's invoice price before discounts and deals, and shall be paid by the person making the first sale within the state. Licensed persons making first sales shall be allowed credit in accordance with the provisions of section 149.160.1. The additional tax levied by this section shall not apply to inventories of tobacco products in the possession of the retailer or wholesaler on December 31, 2016.
