Chapter 1—General Organization and Procedures

ORDER OF RULEMAKING

By the authority vested in the Division of Professional Registration, Office of Tattooing, Body Piercing and Branding under section 324.522, RSMo Supp. 2001, the office adopts a rule as follows:

4 CSR 267-1.010 Definitions is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on September 16, 2002 (27 MoReg 1652–1653). No changes have been made to the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The office received one (1) comment.

COMMENT: The comment opposed the definition of body piercing stating that a piercing is a piercing, be it in the ear or elsewhere. The comment pointed out that there are four (4) different general piercings for the ear (ear lobe, general cartilage piercings, industrial piercings and traagus) all of which require professional equipment and techniques. Simple mall and beauty salon employees lack the training and hygienic requirements to perform even the most basic ear lobe piercing, the piercing pistol cannot be sterilized when there is blood involved. Concerns were raised with the release form being truthfully completed by the patrons, which places future patrons at grave health risks of contracting an incurable disease. Piercing pistols should be outlawed and no person should be allowed to pierce with an instrument that cannot be autoclaved sterilized. Piercings done in these malls and beauty shops are beyond the scope and capability of such operators to conform to the same standards as tattoo and piercing studios. The definition of “ear” is very broad and should read “other than the ear-lobe” for non-medical purposes. Although ear studs are forced through the cartilage of the ear, it breaks the cartilage, whereas a proper single use piercing needle cuts and removed the cartilage cleanly.

RESPONSE: Pursuant to Missouri law, Chapter 324.520, “body piercing” is defined as “the perforation of the human tissue other than the ear for nonmedical purpose”. Therefore, this office can not narrow the definition of body piercing in these rules and regulations to specifically mention “other than the ear lobe” as suggested by the commentator, nor does the office have the authority to outlaw piercing pistols. Establishment and practitioners located in malls and beauty shops will be required to obtain a license if they are tattooing, piercing (other than the ear) and branding.

Title 13—DEPARTMENT OF SOCIAL SERVICES
Division 70—Division of Medical Services
Chapter 20—Pharmacy Program

ORDER OF RULEMAKING

By the authority vested in the director of the Division of Medical Services under section 208.201, RSMo 2000, the director adopts a rule as follows:

13 CSR 70-20.320 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 15, 2002 (27 MoReg 1320-1323). A change has been made in the text of the proposed rule, and it is reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Division of Medical Services received one (1) written comment on this proposed rule, as well as one (1) verbal comment during the September 9, 2002 meeting of the Medicaid Pharmacy Advisory Group.

COMMENT: One (1) written comment was received requesting that the proposed rule be modified to reflect the limited tax liability of mail-order pharmacies, as they are unable to receive a higher medic-aid pharmacy dispensing fee due to their non-provider status. Specifically, the comment requested that the rule reiterate language contained in SB 1248, Section 338.520, that the tax rate shall not exceed one-tenth of one percent (1/10 of 1%) per annum for a licensed pharmacy when eighty percent (80%) or more of the pharmacy's gross retail prescription receipts are attributable to prescription drugs that are delivered to the patient via common carrier, by mail, or a courier service.

RESPONSE AND EXPLANATION OF CHANGE: Although the state agency concurs that the rule should reflect the limited tax liability for mail-order pharmacies, it is not deemed appropriate to reiterate the exact language contained in the legislation. Rather, the rule has been changed to reference the tax liability amount for mail order pharmacies stated in state law.

COMMENT: A comment was received at the September 9, 2002 meeting of the Medicaid Pharmacy Advisory Group. Per their discussion of the proposed rule, the members recommended that a Mail Order Pharmacy be defined as one not open to the public and having no Medicaid provider number.

RESPONSE AND EXPLANATION OF CHANGE: The state agency concurs and has added a definition to the rule for Mail Order Pharmacy.

13 CSR 70-20.320 Pharmacy Reimbursement Allowance

(1) Pharmacy Reimbursement Allowance (PRA). PRA shall be assessed as described in this section.

(A) Definitions.

1. Department—Department of Social Services.
2. Director—Director of Department of Social Services.
3. Division—Division of Medical Services.

4. Monthly gross retail prescription receipts—For ease of administration for the department as well as the industry, this shall be an annual amount. The basis of tax for fiscal year 2003 will be the prescription sales for calendar year 2001.

5. Mail Order Pharmacy—A licensed pharmacy of which eighty percent (80%) or more of the gross receipts are attributable to prescription drugs that are delivered directly to the patient via common carrier, by mail, or a courier service, and which is not open to the public and has no Medicaid provider number.

(B) Each pharmacy engaging in the business of providing outpatient prescription drugs in Missouri to the general public shall pay a PRA.

1. The PRA owed for existing pharmacies shall be calculated by multiplying the pharmacy's total gross retail prescription receipts by the tax rate determined by the department. The PRA owed for mail order pharmacies shall be calculated according to the tax rate established in the state law.

2. The PRA shall be divided by and collected over the number of months for which the PRA is effective.

3. The initial PRA owed by a newly licensed pharmacy shall be calculated by estimating the total prescription sales and multiplying the estimate by the rate determined by the department.

4. If a pharmacy ceases to provide outpatient prescription drugs to the general public, the pharmacy is not required to pay the PRA during the time it did not provide outpatient prescription drugs.

5. If the pharmacy reopens, it shall resume paying the PRA. It shall owe the same PRA as it did prior to closing, if the PRA has not changed per paragraph (1)(B)1.

Construction Transient

The following is a list of all construction contractors performing work on construction projects in Missouri who are known by the Department of Revenue to be transient employers pursuant to Section 285.230, RSMo. This list is provided as a guideline to assist public bodies with their responsibilities under this section that states, "any county, city, town, village or any other political subdivision which requires a building permit for a person to perform certain construction projects shall require a transient employer to show proof that the employer has been issued a tax clearance and has filed a financial assurance instrument as required by Section 285.230 before such entity issues a building permit to the transient employer."
