An agency may incorporate by reference rules, regulations, standards, and guidelines of an agency of the United States or a nationally- or state-recognized organization or association without publishing the material in full.

The reference in the agency rules shall fully identify the incorporated material by publisher, address, and date in order to specify how a copy of the material may be obtained and shall state that the referenced rule, regulation, standard, or guideline does not include any later amendments or additions.

The agency adopting a rule, regulation, standard, or guideline under this section shall maintain a copy of the referenced rule, regulation, standard, or guideline at the headquarters of the agency and shall make it available to the public for inspection and copying at no more than the actual cost of reproduction.

The secretary of state may omit from the *Code of State Regulations* such material incorporated by reference in any rule the publication of which would be unduly cumbersome or expensive.
