Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register.* If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:
Boldface text indicates new matter.
[Bracketed text indicates matter being deleted.]

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 10—Air Conservation Commission
Chapter 2—Air Quality Standards and Air Pollution Control Rules Specific to the Kansas City Metropolitan Area

PROPOSED AMENDMENT

10 CSR 10-2.330 Control of Gasoline Reid Vapor Pressure. The commission proposes to amend the purpose; section (4); subsections (5)(A), (6)(A), and (6)(D); and section (7). If the commission adopts this rule action, it will be the department's intention to submit this rule amendment to the U.S. Environmental Protection Agency to replace the current rule that is in the Missouri State Implementation Plan. The evidence supporting the need for this proposed rulemaking is available for viewing at the Missouri Department of Natural Resources' Air Pollution Control Program at the address listed in the Notice of Public Hearing at the end of this rule. More information concerning this rulemaking can be found at the Missouri Department of Natural Resources' Environmental Regulatory Agenda website, www.dnr.mo.gov/regs/index.html.

PURPOSE: This rule limits the volatility of motor vehicle gasoline in the Kansas City maintenance area. By reducing the amount of gasoline that evaporates into the atmosphere, emissions of volatile organic compounds will be reduced. Since volatile organic compounds are precursors to ozone formation, ambient ozone levels will be reduced. This rule is intended to reduce emissions in the maintenance area as quickly as possible to reduce the risk of further ozone violations, which may prompt redesignation and/or sanctions from the U.S. Environmental Protection Agency (EPA). This amendment updates a sampling procedure reference and a test procedure reference. These two (2) appendices referenced (40 CFR, part 80, Appendix D and Appendix E) no longer exist and will be replaced with references to current sampling and test methods. The evidence supporting the need for this proposed rulemaking, per 536.016, RSMo, is a rule comment form dated April 16, 2012, from Missouri Department of Natural Resources staff noting the discrepancy in the references and Federal Register Notice 67 FR 8729, dated February 26, 2002.

(5) Gasoline Testing Procedures for RVP and Determination of Compliance.

(A) Gasoline testing shall follow the procedures contained in *["Tests for Determining Reid Vapor Pressure (RVP) of Gasoline and Gasoline-Oxygenate Blends," 40 CFR, part 80, Appendix E]* **either ASTM D6378-10** ***Standard Test Method for Determination of Vapor Pressure (VPX) of Petroleum Products, Hydrocarbons, and Hydrocarbon-Oxygenate Mixtures (Triple Expansion Method),*** **as published November 2010 (Approved October 1, 2010) or ASTM D5191-10b** ***Standard Test Method for Vapor Pressure of Petroleum Products (Mini Method),*** **as published November 2010 (Approved October 1, 2010). Special Taxing Districts	

III. WORKSHEET

The proposed amendment sets the rate of interest for 2013 at three percent (3%), the same rate as 2012.

The future amount of past due taxes is unknown. Because the 2013 interest rate imposed on delinquent taxes will be the same rate imposed in 2012, there will be no additional fiscal impact for public entities.

	Current Rule – 3%	Proposed Amendment – 3%
Past due tax amount	$100.00	$100.00
Interest amount	3.00	3.00
Total Amount Due	$103.00	$103.00

IV. ASSUMPTIONS

Pursuant to Section 32.065, RSMo, the director of revenue is mandated to establish an annual adjusted rate of interest based upon the adjusted prime rate charged by banks during September of that year as set by the Board of Governors of the Federal Reserve rounded to the nearest full percentage. The actual bank prime loan rate noted by the Federal Reserve in 2012 was three and a quarter percent (3.25%). Rounded to the nearest whole percentage results in a three percent (3%) interest rate.

16 CSR 10-3.010 Payment of Funds to the Retirement System. The retirement system is amending section (9).

PURPOSE: This amendment clarifies how premium rebates received by an employer as a result of the Patient Protection and Affordable Care Act affect compensation for retirement purposes.

(9) For purposes of determining retirement contributions and benefits, salary rate includes medical insurance premiums (including dental and vision) paid by the employer on behalf of the member and payments made by the employer on behalf of the member to a self-funded medical benefits plan. **Salary, salary rate, or compensation as defined in section 169.010, RSMo, shall not be reduced due to premium rebates or refunds received by the employer as a result of the implementation of the "Patient Protection and Affordable Care Act," Public Law 111-148.** Salary rate also includes payments made by the employer on behalf of the member to purchase an annuity, or fund a deferred compensation plan, in lieu of medical insurance or a self-funded medical benefits plan. The employer shall withhold from the member's salary and remit to the system contributions on any such premiums and payments, along with matching employer contributions. Premiums and payments for prescription drug, life and other ancillary benefits determined separately from premiums and payments for general medical benefits are not part of salary rate. Title 22—MISSOURI CONSOLIDATED HEALTH CARE PLAN
Division 10—Health Care Plan
Chapter 2—State Membership

PROPOSED AMENDMENT

22 CSR 10-2.010 Definitions. The Missouri Consolidated Health Care Plan is deleting sections (12), (30), and (46); amending sections (6), (13), (18), (21), (22), (26), (34), (43), (45), (52), (60), (63), (66), and (68); and renumbering as necessary.

PURPOSE: This amendment establishes the policy of the board of trustees in regard to the definitions of the Missouri Consolidated Health Care Plan relative to state members.

(6) *[Allowable]* **Allowed** amount. Maximum amount on which payment is based for covered health care services. This may be called eligible expense, payment allowance, or negotiated rate. If the provider charges more than the allowed amount, the member may be balance-billed (see balance billing, section (8)).

[(12) Case management. A coordinated set of activities conducted for individual patient management of serious or complicated health conditions.]

*[(13)]***(12)** Claims administrator. An organization or group responsible for *[the]* processing *[of]* claims and associated services for a health plan.

*[(14)]***(13)** Coinsurance. The member's share of the costs of a covered health care service, calculated as a percent (for example, twenty percent (20%)) of the allowed amount for the service. The member pays coinsurance plus any deductibles owed. For example, if the health insurance or plan's allowed amount for an office visit is one hundred dollars ($100) and the member has met his/her deductible, the member's coinsurance payment of twenty percent (20%) would be twenty dollars ($20). The health insurance or plan pays the rest of the allowed amount.

*[(15)]***(14)** Congenital defect. Existing or dating from birth. Acquired through development while in the uterus.

*[(16)]***(15)** Copayment. A fixed amount, for example, fifteen dollars ($15), the member pays for a covered health care service, usually when the member receives the service. The amount can vary by the type of covered health care service.

*[(17)]***(16)** Date of service. Date medical services are received.

*[(18)]***(17)** Deductible. The amount the member owes for health care services that the health plan covers before the member's health plan begins to pay. For example, if the deductible is one thousand dollars ($1,000), the member's plan will not pay anything until s/he meets his/her one thousand dollar*[s]* ($1,000) deductible for covered health care services subject to the deductible. The deductible may not apply to all services.

*[(19)]***(18)** Disease management. A program offered to members, who do not have primary Medicare coverage, to help manage certain chronic diseases.

*[(20)]***(19)** Doctor/physician. A licensed practitioner of the healing arts, as approved by the plan administrator, including:

(A) Doctor of medicine;
(B) Doctor of osteopathy;
(C) Podiatrist;
(D) Optometrist;
(E) Chiropractor;
(F) Psychologist;
(G) Doctor of dental medicine, including dental surgery;
(H) Doctor of dentistry; or
(I) Qualified practitioner of spiritual healing whose organization is generally recognized for health insurance reimbursement purposes and whose principles and practices of spiritual healing are well established and recognized.

*[(22)]***(21)** Eligibility date. The first day a member is qualified to enroll for coverage *[as described in 22 CSR 10-2.020(2)]*.

*[(23)]***(22)** Eligibility period. The time allowed to enroll in accordance with the rules in this chapter.

*[(24)]***(23)** Emergency medical condition. The sudden and, at the time, unexpected onset of a health condition that manifests itself by symptoms of sufficient severity that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that immediate medical care is required, which may include, but shall not be limited to:

(A) Placing a person's health in significant jeopardy;
(B) Serious impairment to a bodily function;
(C) Serious dysfunction of any bodily organ or part;
(D) Inadequately controlled pain; or
(E) With respect to a pregnant woman who is having contractions—

1. That there is inadequate time to effect a safe transfer to another hospital before delivery; or
2. That transfer to another hospital may pose a threat to the health or safety of the woman or unborn child.

*[(25)]***(24)** Emergency services. With respect to an emergency medical condition—

(A) A medical screening examination that is within the capability of the emergency department of a hospital, including ancillary service routinely available to the emergency department to evaluate such emergency medical condition; and
(B) Such further medical examination and treatment, to the extent they are within the capabilities of the staff and facilities available at the hospital, as are required to stabilize the patient. The term "to stabilize" means to provide such medical treatment of the condition as may be necessary to ensure, within reasonable medical probability**,** that no material deterioration of the condition is likely to result from, or occur during, the transfer of the individual from a facility.

*[(26)]***(25)** Employee. A benefit-eligible person employed by the state and present and future retirees from state employment who meet the plan*[-]* eligibility requirements.

*[(27)]***(26)** Employer. The state department or agency that employs the eligible employee.

[(30) Executive director. The chief executive officer of the Missouri Consolidated Health Care Plan (MCHCP), who shall have charge of the offices, records, and employees of the plan, subject to the direction of the board of trustees.]

*[(31)]***(29)** Experimental/investigational/unproven. A treatment, procedure, device, or drug that meets any of the criteria listed below and that the plan administrator determines, in the exercise of its discretion, is considered experimental/investigational/unproven and is not eligible for coverage under the plan—

(A) Has not received the approval of the U.S. Food and Drug Administration for marketing the drug or device at the time it is furnished, if such approval is required by law;

(B) Is shown by reliable evidence to be the subject of ongoing Phase I clinical trials or under study to determine its maximum tolerated dose, its toxicity, its safety, its efficiency, or its efficacy as compared with the standard means of treatment or diagnosis; or

(C) Is shown by reliable evidence that the consensus of opinion among experts regarding the treatment, procedure, device, or drug is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficiency as compared with the standard means of treatment or diagnosis.

(D) Reliable evidence includes anything determined to be such by the plan administrator, in the exercise of its discretion, and may include published reports and articles in the medical and scientific literature generally considered to be authoritative by the national medical professional community.

*[(32)]***(30)** Formulary. A list of U.S. Food and Drug Administration approved drugs and supplies developed by the pharmacy benefit manager and covered by the plan administrator.

*[(33)]***(31)** Generic drug. The chemical equivalent of a brand-name drug with an expired patent. The color or shape may be different, but the active ingredients must be the same for both.

*[(35)]***(33)** Health savings account (HSA). A tax-advantaged savings account that may be used to pay for current or future qualified medical expenses. Enrollment in the plan's qualified High Deductible Health Plan is required for participation in an HSA.

*[(36)]***(34)** High Deductible Health Plan (HDHP). A health plan with a higher deductible than a traditional health plan that, when combined with an HSA, provides a tax-advantaged way to help save for future medical expenses.

*[(37)]***(35)** Illness. Any bodily sickness, disease, or mental/nervous disorder. For purposes of this plan, pregnancy is considered an illness.

*[(38)]***(36)** Incident. A definite and separate occurrence of a condition.

*[(39)]***(37)** Injury. A condition that results independently of an illness and all other causes and is a result of an external force or accident.

*[(44)]***(42)** Medically necessary. Treatments, procedures, services, or supplies that the plan administrator determines, in the exercise of its discretion—

(A) Are expected to be of clear clinical benefit to the patient; and

(B) Are appropriate for the care and treatment of the injury or illness in question; and

(C) Conform to standards of good medical practice as supported by applicable medical and scientific literature. A treatment, procedure, service, or supply must meet all criteria listed above to be considered medically necessary and to be eligible for coverage under the plan. In addition, the fact that a provider has prescribed, ordered, or recommended a treatment, procedure, service, or supply does not, in itself, mean that it is medically necessary as defined above. Further, the treatment, procedure, service, or supply must not be specifically excluded from coverage under this plan.

*[(45)]***(43)** *[Medicare-approved]* **Medicare-allowed** amount. The fee Medicare sets as reasonable for a covered medical service. This is the amount a provider is paid by the member and Medicare for a service or supply. It may be less than the actual amount charged by a health care provider.

*[(54)]***(51)** Plan administrator. The board of trustees of the Missouri Consolidated Health Care Plan, which is the sole fiduciary of the plan. A physician, hospital, medical agency, specialist, or other duly licensed health care facility or practitioner certified or otherwise authorized to furnish health care services pursuant to the law of the jurisdiction in which care or treatment is received. Members are required to provide complete, true, and accurate information to MCHCP in connection with enrollment, change, or cancellation processes, whether by online, written, or verbal communication. MCHCP may rely on, but reserves the right to audit, any information provided by members and seek recovery and/or pursue legal action to the extent members have provided incomplete, false, or inaccurate information.

(2) Eligibility Requirements.

(A) Active Employee Coverage.

1. An active employee may enroll in one (1) of MCHCP's plans if s/he is an employee whose position is covered by the Missouri State Employees' Retirement System (MOSERS) or another retirement system whose members are grandfathered for coverage under the plan by law. The active employee is eligible to enroll in medical, dental, or vision coverage.

2. An active employee whose position is covered by MOSERS and is employed by the Missouri Department of Conservation may only participate in an MCHCP dental or vision plan.

3. An active employee may participate in an MCHCP dental or vision plan if s/he is an employee whose position is covered by the Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS).

4. If an active employee has elected coverage as a dependent of another MCHCP subscriber as allowed by these rules, and the subscriber dies before coverage as a dependent goes into effect, the active employee may elect coverage as a subscriber within thirty-one (31) days of the date of death.

5. An active employee cannot be covered as an employee and as a dependent.

6. A subscriber may enroll eligible dependents as long as the employee is also enrolled subject to the provisions herein.

(B) Retiree Coverage.

1. An employee may participate in an MCHCP plan when s/he retires if s/he receives a monthly retirement benefit from either MOSERS or from Public School Retirement System (PSRS) for state employment. The employee may elect coverage for him/herself and dependents, provided the employee and any dependents have been continuously covered for health care benefits—

A. Through MCHCP since the effective date of the last open enrollment period;

B. Through MCHCP since the initial date of eligibility; or

(C) Survivor Coverage.

1. At the time of the subscriber's death, a survivor of an active employee who is a vested subscriber and his/her dependents or a survivor of a vested subscriber who was receiving long-term disability benefits from MOSERS or PSRS and his/her dependents may elect or continue coverage if the survivor and his/her dependents had coverage—

A. Through MCHCP since the effective date of the last open enrollment period;

If an enrolled, vested, long-term disability subscriber becomes ineligible for disability benefits, the long-term disability subscriber and his/her dependents will have continuous coverage as a terminated vested subscriber. If an enrolled long-term disability subscriber is not vested, and becomes ineligible for disability benefits, coverage is terminated and the subscriber and his/her dependents are offered COBRA benefits. If an enrolled long-term disability subscriber becomes ineligible for disability benefits, and returns to work, the subscriber is considered a new employee and must enroll through Statewide Employee Benefit Enrollment System (SEBES).

3. If the employee's spouse is an active state employee or retiree, s/he may transfer coverage under the plan in which his/her spouse is enrolled. The claims administrator will process the claim and apply applicable cost-sharing using the coverage of the subscriber who files the claim first. The second claim for the same services will not be covered. If a provider files a claim simultaneously under both subscribers' coverage, the claim will be processed under the subscriber whose birthday is first in the calendar year. (G) Disabled Dependent.

1. A new employee may enroll his/her permanently disabled dependent or a currently enrolled permanently disabled dependent turning age twenty-six (26) may continue coverage beyond age twenty-six (26), provided the following documentation is submitted to the plan prior to the dependent's twenty-sixth birthday for the currently enrolled permanently disabled dependent or within thirty-one (31) days of enrollment of a new employee and his/her permanently disabled dependent:

A. Evidence that the permanently disabled dependent was entitled to and receiving disability benefits prior to turning age twenty-six (26). Evidence could be from the Social Security Administration, representation from the dependent's physician, or by sworn statement from the subscriber;

B. A letter from the dependent's physician describing the current disability and verifying that the disability predates the dependent's twenty-sixth birthday and the disability is permanent; and

C. A benefit verification letter dated within the last twelve (12) months from the Social Security Administration (SSA) confirming the dependent is still considered disabled by SSA.

2. If a disabled child over the age of twenty-six (26) is determined to be no longer disabled by the SSA, coverage will terminate the last day of the month in which the disability ends.

3. Once the disabled dependent's coverage is cancelled or terminated, s/he will not be able to enroll at a later date.

(H) Members who are eligible for Medicare benefits under Part A, B, or D must notify MCHCP of their eligibility and provide a copy of the member's Medicare card within thirty-one (31) days of the Medicare eligibility date. Claims will not be processed until the required information is provided. If Medicare coverage begins before turning age sixty-five (65), the member will receive a Medicare disability questionnaire from MCHCP. The member must return the completed questionnaire to MCHCP for the Medicare eligibility information to be submitted to the medical vendor.

(6) Military Leave.

(A) Military Leave for an Active Employee.

1. For absences of thirty (30) days or less, coverage continues as if the employee has not been absent.

2. For absences of thirty-one (31) days or more, coverage ends unless the employee elects to pay for coverage under the Uniformed Services Employment & Reemployment Rights Act (USERRA). The agency payroll representative must notify MCHCP of the effective date of military leave. An employee who is on military leave is eligible for continued coverage for medical, vision, and dental care for the lesser of: a) twenty-four (24) months beginning on the date the leave begins; or b) the day after the date the employee fails to apply for or return to their position of employment after leave.

3. If the employee is utilizing annual and/or compensatory balances and receiving a payroll, the dependent coverage is at the active employee monthly premium.

4. If the employee does not elect to continue USERRA coverage for his/her eligible dependent(s), coverage ends effective the last day of the month in which the leave begins.

5. The employee must submit a form within thirty-one (31) days of the employee's return to work to be reinstated for the same level of coverage with the same plan as prior to the leave. The employee must submit a form and an official document indicating the separation date if s/he elects coverage after thirty-one (31) days of returning to work. The form and the official document must be submitted within sixty (60) days from the date of loss of coverage.

6. Coverage may be reinstated the first of the month in which the member returns to employment, the first of the month after return to employment, or the first of the month after the loss of military coverage.

(B) Military Leave for a Retired Member.

1. A retiree must terminate his/her coverage upon entry into the armed forces of any country by submitting a form and copy of his/her activation papers within thirty-one (31) days of his/her activation date.

2. Coverage will be terminated the last day of the month of activation. Coverage may be reinstated at the same level upon discharge by submitting a copy of his/her separation papers and form within thirty-one (31) days of the separation date.

3. Coverage will be reinstated as of the first of the month in which the employee returns from active duty, the first of the month after the employee returns, or the first of the month after the loss of military coverage.

4. If the retired member fails to reinstate coverage, s/he cannot enroll at a later date.

5. If the retiree terminates his/her coverage, dependent coverage is also terminated.

6. If a retiree does not elect to continue USERRA coverage for his/her eligible dependent(s), coverage ends effective the last day of the month in which the leave begins.

(7) Termination.

(A) Unless stated otherwise, termination of coverage shall occur on the last day of the calendar month coinciding with or after any of the following events, whichever occurs first:

1. Failure to make any required contribution toward the cost of coverage. If MCHCP has not received payment of premium at the end of the thirty-one- (31-) day grace period, the subscriber will be retroactively terminated to the date covered by his/her last paid premium. The subscriber will be responsible for the value of services rendered after the retroactive termination date, including, but not limited to, the grace period;

2. Entry into the armed forces of any country;

3. With respect to active employee(s) and his/her dependents, termination of employment in a position covered by the MCHCP, except as expressly specified otherwise in this rule;

4. With respect to dependents, upon divorce or legal separation from the subscriber, when a child reaches age twenty-six (26), or when a dependent is no longer eligible for coverage. A subscriber must terminate coverage for his/her spouse and stepchild(ren) at the time his/her divorce is final.

A. When a subscriber drops dependent coverage after a divorce, s/he must submit a completed form, a copy of the divorce decree, and current addresses of all affected dependents. Coverage ends on the last day of the month in which the divorce decree and completed form are received by MCHCP;

5. Death of dependent. The dependent's coverage ends on the date of death. The subscriber must submit completed form and a copy of the death certificate within thirty-one (31) days of death;

6. A member's act, practice, or omission that constitutes fraud or intentional misrepresentation of material fact; or

7. A member's threatening conduct or perpetrating violent acts against MCHCP or an employee of MCHCP.

(B) MCHCP may rescind coverage due only to non-payment of a premium, fraud, or intentional misrepresentation. MCHCP shall provide at least thirty (30) days written notice before it rescinds coverage.

(C) Termination of coverage shall occur immediately upon discontinuance of the plan, subject to the plan termination provision specified in 22 CSR 10-2.080(1).

(D) If a member receives covered services after the termination of coverage, MCHCP may recover the contracted charges for such covered services from the subscriber or the provider, plus its cost to recover such charges, including attorneys' fees.

(8) Voluntary Cancellation of Coverage.

(A) A subscriber may cancel medical coverage, which will be effective on the last day of the month in which the subscriber notifies MCHCP to cancel coverage.

1. If a subscriber has his/her premium collected pre-tax by qualified payroll deduction through a cafeteria plan, the subscriber may only cancel medical coverage if the reason given is allowed by the Missouri State Employees' Cafeteria Plan.

(B) If a member receives covered services after the voluntary cancellation of coverage, MCHCP may recover the contracted charges for such covered services from the subscriber or the provider, plus its cost to recover such charges, including attorneys' fees.

(C) A subscriber cannot cancel medical coverage on his/her spouse or step-children during a divorce or legal separation proceedings unless s/he submits a notarized letter from his/her spouse stating s/he is agreeable to termination of coverage pending divorce. If premiums are collected pre-tax through the Missouri State Employees' Cafeteria Plan (MoCafe), medical coverage can only be cancelled at the time of divorce.

(D) A subscriber may only cancel dental and/or vision coverage during the year for him/herself or his/her dependents for one (1) of the following reasons:

1. Upon retirement;
2. When beginning a leave of absence; or
3. No longer eligible for coverage.

(9) Continuation of Coverage.

(A) Leave of Absence.

1. An employee on an approved leave of absence may continue participation in the plan by paying the required contributions. The employing department must officially notify MCHCP of the leave of absence and any extension of the leave of absence by submitting the required form through eMCHCP. The employee will receive a letter, form, and bill (if applicable) from MCHCP to continue coverage. If the completed form and payment (if applicable) are returned within ten (10) days of the date of the letter, coverage will continue and the employee will be set up on direct bill.

2. If the employee does not elect to continue coverage, coverage for the employee and his/her covered dependents is terminated effective the last day of the month in which the employee is employed.

3. If the employee fails to pay the premium due, coverage on the employee and his/her dependents terminates.

4. If the employee's spouse is an active employee or retiree, the employee may transfer coverage under the plan in which the spouse is enrolled. If the employee wishes to be covered individually at a later date, s/he can make the change as long as coverage is continuous. When the employee returns to work, s/he and his/her spouse must be covered individually.

5. Any employee on an approved leave of absence who was a member of MCHCP when the approved leave began, but who subsequently terminated coverage in MCHCP while on leave, may recommence his/her coverage in the plan at the same level (employee only or employee and dependents) upon returning to employment directly from the leave. For coverage to be reinstated, the employee must submit a completed form within thirty-one (31) days of returning to work. Coverage is reinstated on the first of the month coinciding with or after the date the form is received. Coverage will be continuous if the employee returns to work in the subsequent month following the initial leave date.

6. If the employee chooses to maintain employee coverage but not coverage for his/her covered dependents, the employee is eligible to regain dependent coverage upon return to work.

(B) Leave of Absence—Family and Medical Leave Act (FMLA).

1. An employee must be approved for a leave of absence under FMLA and meet the requirements and guidelines set forth by FMLA and his/her employing agency for his/her employer to continue to pay the monthly contribution toward the employee's and his/her dependents' coverage. Coverage is continuous unless the employee chooses to cancel coverage.

2. If the employee cancels coverage, coverage ends on the last day of the month in which MCHCP received a premium payment.

3. If the employee canceled coverage, the employee may reinstate coverage by submitting a completed form within thirty-one (31) days of returning to work. Coverage will be reinstated with the same plan and level of coverage as enrolled in prior to the employee going out on leave of absence.

4. If the employee continued coverage and is unable to return to work after his/her FMLA leave ends, his/her coverage will be continuous at the leave of absence rate or the employee may cancel coverage.

(C) Layoff. An employee on layoff status may continue participation in the plan by paying the required leave of absence premium for a maximum of twenty-four (24) months with recertification of status at least every twelve (12) months by the employing department. The employee will receive a letter, enrollment form, and bill from MCHCP. If the employee chooses to continue coverage, s/he must return the enrollment form and payment (if applicable) to MCHCP within ten (10) days of the date of the letter. If the employee continued coverage in a layoff status, and is two (2) months past due on his/her premiums, coverage on the employee and his/her dependents will be terminated at the end of the month payment was received. If the employee's spouse is an active state employee or retiree, the employee may transfer coverage under the plan in which his/her spouse is enrolled. If the employee wishes to be covered individually at a later date, s/he can make the change as long as coverage is continuous. If coverage terminates and the employee is recalled to service, eligibility will be as a new employee. If the employee returns to work with an agency covered by MCHCP, eligibility will be as a new employee. An employee and his/her spouse who is also a state employee must be covered individually.

(D) Workers' Compensation.

1. Coverage will automatically be extended to any subscriber who is on a leave of absence due to an illness or injury and receiving Workers' Compensation benefits. Coverage in the plan will be with the same plan and level of coverage (employee only or employee and dependents) and the member must continue to pay the premiums that were previously deducted from his/her paycheck.

2. If the subscriber cancels coverage, coverage will end on the last day of the month in which MCHCP received the cancellation. The employee may enroll within thirty-one (31) days of returning to work.

3. If the subscriber is no longer eligible for Workers' Compensation benefits and does not return to work, then the subscriber's status is changed to leave of absence and the subscriber is direct billed the leave of absence premium.

(E) Reinstatement after Dismissal. If an employee is approved to return to work after being terminated as a result of legal or administrative action, s/he will be allowed to reinstate his/her medical benefit within thirty-one (31) days of his/her reinstatement as described below—

1. If the employee is reinstated with back pay and chooses to continue coverage, s/he will be responsible for paying any back contributions normally made for his/her coverage;

2. If the employee is reinstated without back pay and chooses to continue coverage, s/he will be considered to have been on a leave of absence. Consequently, the employee will be responsible for making the required contribution for his/her coverage;

3. If the employee does not continue coverage, s/he will be considered a new hire and may enroll in the plan of his/her choice; or

4. If the employee fails to reinstate his/her coverage, s/he cannot enroll in an MCHCP plan until the next open enrollment period.

(10) Federal Consolidated Omnibus Budget Reconciliation Act (COBRA).

(A) Eligibility. In accordance with COBRA, eligible employees and their dependents may temporarily continue their coverage when coverage under the plan would otherwise end. Coverage is identical to the coverage provided under MCHCP to similarly-situated employees and family members. If members cancel COBRA coverage, they cannot enroll at a later date.

1. Employees voluntarily or involuntarily terminating employment (for reasons other than gross misconduct) or receiving a reduction in the number of hours of employment may continue coverage for themselves and their covered dependent(s) for eighteen (18) months at their own expense.

2. If a subscriber marries, has a child, or adopts a child while on COBRA coverage, subscriber may add such eligible dependents to the subscriber's plan if MCHCP is notified within thirty-one (31) days of the marriage, birth, or adoption. The subscriber may also add eligible dependents during open enrollment.

3. Dependents may continue coverage for up to thirty-six (36) months at their own expense if the covered employee becomes eligible for Medicare.

4. A surviving spouse and dependents who have coverage due to the death of a non-vested employee may elect coverage for up to thirty-six (36) months at their own expense.

5. A divorced or legally-separated spouse and dependents may continue coverage at their own expense for up to thirty-six (36) months.

6. Children who would no longer qualify as dependents may continue coverage for up to thirty-six (36) months at their (or their parent's/guardian's) own expense.

7. If the Social Security Administration determines a COBRA member is disabled within the first sixty (60) days of coverage, the member may continue coverage for up to twenty-nine (29) months.

8. If the eligible member has Medicare prior to becoming eligible for COBRA coverage, the member is entitled to coverage under both.

(B) Premium Payments.

1. Initial payment for continuation coverage must be received within forty-five (45) days of election of coverage.

2. After initial premium payment, MCHCP bills on the last working day of the month. There is a thirty-one- (31-) day grace period for payment of regularly scheduled monthly premiums.

3. Premiums for continued coverage will be one hundred two percent (102%) of the total premium for the applicable coverage level. Once coverage is terminated under the COBRA provision, it cannot be reinstated.

(C) Required Notifications.

1. The subscriber or applicable member must notify MCHCP of a divorce, legal separation, a child turning age twenty-six (26), or Medicare entitlement within sixty (60) days of the event date.

2. The human resource/payroll office of the subscriber must notify MCHCP of an employee's death, termination, or reduction of hours of employment.

3. If a COBRA member is disabled within the first sixty (60) days of COBRA coverage and the disability continues for the rest of the initial eighteen- (18-) month period of continuing coverage, the member must notify MCHCP that s/he wants to continue coverage within sixty (60) days, starting from the latest of: 1) the date on which the SSA issues the disability determination; 2) the date on which the qualifying event occurs; or 3) the date on which the member receives the COBRA general notice. The member must also notify MCHCP within thirty-one (31) days of any final determination that the individual is no longer disabled.

(D) Election Periods.

1. When MCHCP is notified that a COBRA-qualifying event has occurred, MCHCP notifies eligible members of the right to choose continuation coverage.

2. Eligible members have sixty (60) days from the date of coverage loss or notification from MCHCP, whichever is later, to inform MCHCP that they want continuation coverage.

3. If eligible members do not choose continuation coverage within sixty (60) days of lost coverage or notification from MCHCP, coverage ends.

(E) Continuation of coverage may be cut short for any of these reasons—

1. The state of Missouri no longer provides group health coverage to any of its employees;

2. Premium for continuation coverage is not paid on time;

3. The covered employee or dependent becomes covered (after the date s/he elects COBRA coverage) under another group health plan that does not contain any exclusion or limitation with respect to any pre-existing condition s/he may have;

4. The covered employee or dependent becomes entitled to Medicare after the date s/he elects COBRA coverage; or

5. The covered employee or dependent extends coverage for up to twenty-nine (29) months due to disability and there has been a final determination that the individual is no longer disabled.

(11) Missouri State Law COBRA Wrap-Around Provisions.

(A) Missouri law provides that if a member loses group health insurance coverage because of a divorce, legal separation, or the death of a spouse, the member may continue coverage until age sixty-five (65) under two (2) conditions—

1. The member continues and maintains coverage under the thirty-six- (36-) month provision of COBRA; and

2. The member is at least fifty-five (55) years old when COBRA benefits end. The qualified beneficiary must apply to continue coverage through the wrap-around provisions and will have to pay the entire premium. MCHCP may charge up to an additional twenty-five percent (25%) of the applicable premium.

(B) For a member to continue coverage under this subsection, a member must either—

1. Within sixty (60) days of legal separation or the entry of a decree of dissolution of marriage or prior to the expiration of a thirty-six- (36-) month COBRA period, the legally-separated or divorced spouse who seeks such coverage shall give MCHCP written notice of the qualifying event, including his/her mailing address; or

2. Within thirty (30) days of the death of an employee whose surviving spouse is eligible for continued coverage or prior to the expiration of a thirty-six- (36-) month COBRA period, the human resource/payroll representative or the surviving spouse shall give MCHCP written notice of the death and the mailing address of the surviving spouse.

(C) Within fourteen (14) days of receipt of the notice, MCHCP shall notify the legally-separated, divorced, or surviving spouse that coverage may be continued. The notice shall include:

1. A form for election to continue the coverage;

2. The amount of premiums to be charged and the method and place of payment; and

3. Instructions for returning the elections form by mail within sixty (60) days after MCHCP mails the notice.

(D) Continuation of coverage terminates on the last day of the month prior to the month the subscriber turns age sixty-five (65). The right to continuation coverage shall also terminate upon the earliest of any of the following:

1. The state of Missouri no longer provides group health coverage to any of its employees;

2. Premium for continuation coverage is not paid on time;

3. The date on which the legally-separated, divorced, or surviving spouse becomes insured under any other group health plan;

4. The date on which the legally-separated, divorced, or surviving spouse remarries and becomes insured under another group health plan; or

5. The date on which the legally-separated, divorced, or surviving spouse reaches age sixty-five (65).

(12) Medicare.

(A) If a member does not enroll in Medicare when s/he is eligible and Medicare should be the member's primary plan, the member will be responsible for paying the portion Medicare would have paid. An estimate of Medicare Part A and/or Part B benefits shall be made and used for coordination or reduction purposes in calculating benefits. Benefits will be calculated on a claim-submitted basis so that if, for a given claim, Medicare reimbursement would be for more than the benefits provided by this plan without Medicare, the balance will not be considered when calculating subsequent claims for this plan's deductible and out-of-pocket maximum expenses.

(B) MCHCP's prescription drug plan is evaluated by a third party to determine whether it is creditable and considered equal to or better than Medicare Part D. The member will receive notification of the outcome from MCHCP. If MCHCP's plan is considered creditable, the member does not need to enroll in Medicare Part D and will not be penalized if s/he signs up for Part D at a later date.

(C) If a member enrolls in a Medicare Part D plan in addition to coverage under this plan, Medicare Part D becomes the member's primary plan. Such member's benefit must be adjusted in order for the plan to avoid liability for filing claims under the subsidy reimbursement portion of Medicare Part D. This plan will pay primary with appropriate copayments or coinsurance when the member is within the donut hole.

(13) Members are required to annually disclose to the claims administrator whether they have other health coverage and, if so, information about the coverage. A member may submit other coverage information to the claims administrator by phone, fax, mail, or online. Dependent claims will not be processed until the information is received. Once the information is received, claims will be processed subject to all applicable rules.

(14) Communications to Members.

(A) It is the member's responsibility to ensure that MCHCP has current contact information for the member and any dependent(s).

(B) A member must notify MCHCP of a change in his/her mailing or email address as soon as possible, but no later than thirty-one (31) days after the change.

(C) It is the responsibility of all members who elect to receive plan communication through email to ensure plan emails are not blocked as spam or junk mail by the member or by the member's service provider.

(D) Failure to update a mailing or email address may result in undeliverable mail/email of important informational material, delayed or denied claims, loss of coverage, loss of continuation rights, missed opportunities relating to covered benefits, and/or liability for claims paid in error.

(15) Deadlines. Unless specifically stated otherwise, MCHCP computes deadlines by counting day one as the first day after the qualifying event. If the last day falls on a weekend or state holiday, MCHCP may receive required information on the first working day after the weekend or state holiday.

Title 22—MISSOURI CONSOLIDATED HEALTH CARE PLAN
Division 10—Health Care Plan
Chapter 2—State Membership

PROPOSED AMENDMENT

22 CSR 10-2.030 Contributions. The Missouri Consolidated Health Care Plan is amending sections (3)–(6).

PURPOSE: This amendment establishes the policy of the board of trustees in regard to the contributions made to the Missouri Consolidated Health Care Plan.

(3) The Missouri Consolidated Health Care Plan (MCHCP) contribution toward the retiree premium is based on creditable years of service at retirement with the state. It is calculated by using the number of full creditable years of service at retirement as reported to MCHCP by Missouri State Employees' Retirement System (MOSERS) or Public School Retirement System (PSRS) multiplied by two and one half percent (2.5%). The resulting product shall be capped at sixty-five percent (65%). For Medicare retirees, the computed percentage is multiplied by the PPO 600 Plan total premium. For non-Medicare retirees, the computed percentage is multiplied by the PPO 600 Plan total premium with the tobacco-free incentive and the *[wellness]* **partnership** incentive. The resulting product is the MCHCP contribution, which shall be subtracted from the total premium of the plan chosen by the retiree. The difference is the amount of the retiree contribution toward the total premium.

(4) Premium. Payroll deductions, Automated Clearing House (ACH) transactions, and/or direct bills are processed by MCHCP.

(A) Active Employee Whose Payroll Information is Housed in the SAM II Human Resource System.

1. Monthly medical premium payroll deductions are divided in half and taken by MCHCP at the end of the prior month and the fifteenth of the current month for the current month's coverage (example: September 30 and October 15 payroll deductions are taken for October medical premiums).

2. Monthly dental and vision premium payroll deductions are divided in half and taken by MCHCP on the fifteenth of the current month and the end of the current month for the current month's dental and vision coverage (example: October 15 and October 31 payroll deductions are taken for October dental and vision premiums).

[A. If past premiums are owed due to timing of the receipt of the form, timing of the receipt of proof of eligibility or other circumstances, premium payroll deductions due are divided and taken in up to three (3) of the employees' future payrolls and/or additional payrolls at the discretion of MCHCP.]

3. If a subscriber owes past-due premiums, the payroll deductions for current premiums along with the payroll deductions for past-due premiums will be divided equally and taken from the subscriber's future payrolls as follows:

A. Fifty dollars ($50) or less, deduction will be taken from one (1) payroll;

B. Fifty-one dollars ($51) to one hundred dollars ($100) will be deducted from two (2) payrolls;

D. Two hundred one dollars ($201) to three hundred dollars ($300) will be deducted from four (4) payrolls;

E. Three hundred one dollars ($301) to four hundred dollars ($400) will be deducted from five (5) payrolls;

F. Four hundred one dollars ($401) to five hundred dollars ($500) will be deducted from six (6) payrolls;

G. Five hundred one dollars ($501) to six hundred dollars ($600) will be deducted from seven (7) payrolls;

H. Six hundred one dollars ($601) to seven hundred dollars ($700) will be deducted from eight (8) payrolls;

I. Seven hundred one dollars ($701) to eight hundred ($800) dollars will be deducted from nine (9) payrolls;

J. Eight hundred one dollars ($801) to nine hundred dollars ($900) will be deducted from ten (10) payrolls;

K. Nine hundred one dollars ($901) to one thousand dollars ($1,000) will be deducted from eleven (11) payrolls; and

L. One thousand one dollars ($1,001) and over will be deducted from twelve (12) payrolls.

(B) Active Employee Whose Payroll Information is not Housed in the SAM II Human Resource System.

1. Premium payroll deductions are submitted to MCHCP monthly from the agency based on the deductions taken from the employee's payroll.

A. Medical premium payroll deduction received at the end of the month is applied to the employee's next month's coverage (example: September 30 payroll deduction is taken for the October medical premium).

B. Dental and vision premium payroll deductions received at the end of the month are applied to the current month's dental and vision coverage (example: September 30 payroll deductions are taken for September dental and vision premiums).

C. *[If premiums are owed due to timing of the receipt of the change, the agency collects the premiums owed and includes the premium with the monthly deductions submitted the next month.]* **If a subscriber owes past-due premiums, payroll deductions for current premiums along with the payroll deductions for past-due premiums will be divided equally and taken from the subscriber's future payrolls as follows:**

(C) Retirees and Survivors Premiums From Benefit Check.

1. Deduction amounts are received monthly from MOSERS based on the deductions taken from the benefit checks. Medical, dental, and vision deductions received at the end of the month pay for the next month's coverage (example: September 30 benefit check deduction is taken for October medical, dental, and vision premiums).

2. If a retiree or survivor is currently having deductions taken from his/her benefit check and owes past-due premiums due to a change in his/her deductions, MCHCP will contact MOSERS to determine if the benefit check is large enough to cover the past-due premiums. If the benefit check is large enough to cover the past-due premiums, deductions will be divided and taken from the retiree or survivor's next three (3) benefit checks and coverage will be continuous. If the retiree or survivor's benefit check is not large enough to cover the deductions, and the retiree or survivor has failed to make the necessary premium payments, coverage will be terminated due to nonpayment, effective the last day of the month a full premium was received.

(5) Premium Payments.

(A) By enrolling in coverage under MCHCP, a member agrees that MCHCP may deduct the member's contribution toward the total premium from the member's paycheck. Payment for the first month's premium is made by payroll deduction. Double deductions may be taken to pay for the first month's coverage depending *[upon]* **on** the

date the enrollment is received and the effective date of coverage. Subsequent premium payments are deducted from the member's payroll.

(B) *[A retiree or survivor has a choice to have the premium deducted from his/her retirement check or survivor's benefit check, automatically withdrawn from the retiree's or survivor's bank account, or may receive a monthly bill from MCHCP.]* **MCHCP will automatically deduct the premium from the retiree or survivor's check. If the retiree or survivor's check is not sufficient to cover the retiree's or survivor's contribution toward total premium, the retiree or survivor will receive a monthly bill. A retiree or survivor may choose to receive a monthly bill in lieu of an automatic deduction from his/her retiree or survivor's check by contacting MCHCP.**

[1. If the retirement check or survivor's benefit check is not sufficient to cover the premium, the retiree's or survivor's contribution toward total premium, the contribution may be either automatically withdrawn from the retiree's or survivor's bank account, or the retiree or survivor may elect to receive a monthly bill.]

*[2.]***1.** If the retiree or survivor fails to make the necessary premium payments, coverage terminates on the last day of the month for which full premium payment was received.

*[3.]***2.** If coverage terminates on the retiree, survivor, vested, or COBRA subscriber or his/her dependents, the subscriber cannot enroll in the plan at a later date. The subscriber is responsible for claims submitted after the termination date.

(C) If a member fails to pay premiums by the required due date, MCHCP allows a thirty-one- (31-) day grace period **from the due date**. In the event that MCHCP has not received payment of premium at the end of the thirty-one- (31-) day grace period, the member will be retroactively terminated to the date covered by the member's last paid premium. The member will be responsible for the value of the services rendered after the retroactive termination date, including, but not limited to, the grace period.

(6) Refunds of overpayments are limited to the amount overpaid during the twelve- (12-) month period ending at the end of the month preceding the month during which notice of overpayment is received **by MCHCP**.
