by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order of rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the *Missouri Register*, an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted which has been changed from that contained in the notice of proposed rulemaking. The effective date of the rule shall be not less than thirty (30) days after the date of publication of the revision to the *Code of State Regulations*.

■he agency is also required to make a brief summary of the general nature and extent of comments submitted in support of or opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with the rulemaking, together with a concise summary of the agency's findings with respect to the merits of any such testimony or comments which are opposed in whole or in part to the proposed rule. The ninety-(90-) day period during which an agency shall file its Order of Rulemaking for publication in the Missouri Register begins either: 1) after the hearing on the Proposed Rulemaking is held; or 2) at the end of the time for submission of comments to the agency. During this period, the agency shall file with the secretary of state the order of rulemaking, either putting the proposed rule into effect, with or without further changes, or withdrawing the proposed rule.

Title 6—DEPARTMENT OF HIGHER EDUCATION Division 10—Commissioner of Higher Education Chapter 12—Interstate Reciprocity

ORDER OF RULEMAKING

By the authority vested in the commissioner of Higher Education under section 173.030, RSMo Supp. 2014, the commissioner adopts a rule as follows:

6 CSR 10-12.010 State Authorization Reciprocity Agreement is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 2, 2015 (40 MoReg 7–11). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: One (1) written comment was received from Robert Duke, Director of Underwriting and Corporate Counsel for The Surety & Fidelity Association of America (SFAA).

COMMENT: Regarding 6 CSR 10-12.010(2)(H), the SFAA suggested all institutions participating in the state authorization reciprocity agreement, regardless of financial responsibility rating, be required to furnish a surety bond as a condition of participation. This would reduce the overall financial risk of sureties participating in the bond market.

RESPONSE: All states and compacts participating in the state authorization reciprocity agreements extend full faith and credit to those

non-public institutions deemed by the United States Department of Education to be financially stable as denoted by a financial responsibility composite score of 1.5 or greater. Requiring all institutions, regardless of composite score, to maintain a security deposit would run counter to a key tenet of the interstate reciprocity agreement. No changes have been made to the rule as a result of this comment.

No changes have been made in the text of the proposed amendment, so it is not reprinted here. 11 CSR 10-3.015 State Sponsored Missouri National Guard Member Educational Assistance Program is amended.

Title 11—DEPARTMENT OF PUBLIC SAFETY Division 40—Division of Fire Safety Chapter 5—Elevators

ORDER OF RULEMAKING

By the authority vested in the Missouri Elevator Safety Board under sections 701.355 and 701.377, RSMo Supp. 2013, the board adopts a rule as follows:

11 CSR 40-5.165 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on December 15, 2014 (39 MoReg 2135). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Elevator Safety Board received three (3) comments on the proposed rule.

COMMENT #1: National Elevator Industry Incorporated (NEII) suggested a change to 11 CSR 40-5.165(2) to modify the rule's one (1) mechanic to two (2) helpers/apprentices supervision ratio. NEII cited certain instances when they believe "accepted industry norms" should be considered.

RESPONSE: The board sought to codify a clear and specific ratio to ensure the safety of the helpers/apprentices. Use of "industry norms" is subjective, not specific and could unintentionally compromise the safety of the helpers/apprentices. No changes have been made to the rule as a result of this comment.

COMMENT #2: NEII also suggested a change to 11 CSR 40-5.165 (2)(A) and (B) to delete duplicative language as follows:

- (A) Direct supervision of a helper/apprentice in construction, modernization, and repair is defined as having a licensed mechanic on the same jobsite, directly supervising the helper/apprentice.
- (B) Direct supervision of a helper/apprentice in maintenance is defined as a licensed mechanic having the ability to physically intervene with a helper/apprentice at the jobsite within a safe and prudent timeframe. Only a licensed mechanic shall be allowed to take equipment covered by sections 701.350 to 701.383, RSMo, and 11 CSR 40-5.010 to 11 CSR 40-5.150 out of service or return such equipment to service.

RESPONSE AND EXPLANATION OF CHANGE: The board agrees to the change due to the language being duplicative and due to the specific one mechanic to two helper/apprentice ratio. The phrases shall be removed from subsections (2)(A) and (2)(B).

COMMENT #3: NEII suggests a change to 11 CSR 40-5.165(1) that would remove the requirement the mechanic report non-registered elevator equipment to the Division of Fire Safety and would allow the mechanic to work on non-registered elevator equipment.

RESPONSE: Sections 701.363 and 701.371, RSMo require the owner to register elevator equipment. Failure to do so can be a criminal act. The board believes allowing mechanics to assist an equipment owner in the continued illegal operation of the equipment places an undue liability on the mechanic and/or elevator company. For this reason, no changes have been made to the rule as a result of this comment.

11 CSR 40-5.165 Elevator Mechanic

- (2) No licensed mechanic shall have under their direct supervision more than two (2) helpers/apprentices.
- (A) Direct supervision of a helper/apprentice in construction, modernization, and repair is defined as having a licensed mechanic on the same jobsite.
- (B) Direct supervision of a helper/apprentice in maintenance is defined as a licensed mechanic having the ability to physically intervene with a helper/apprentice within a safe and prudent timeframe. Only a licensed mechanic shall be allowed to take equipment covered by sections 701.350 to 701.383, RSMo, and 11 CSR 40-5.010 to 11 CSR 40-5.150 out of service or return such equipment to service.

Title 11—DEPARTMENT OF PUBLIC SAFETY Division 40—Division of Fire Safety Chapter 5—Elevators

ORDER OF RULEMAKING

By the authority vested in the Missouri Elevator Safety Board under sections 701.355 and 701.377, RSMo Supp. 2013, the board adopts a rule as follows:

11 CSR 40-5.170 Elevator Mechanic License is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on December 15, 2014 (39 MoReg 2135–2136). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Elevator Safety Board received one (1) comment on the proposed rule.

COMMENT #1: National Elevator Industry Incorporated (NEII) suggested a change to 11 CSR 40-5.170 to add a section related to the issuance of licenses during an emergency.

RESPONSE: The board should not supersede statutory powers granted to the governor. Section 44.100(2)(3), RSMo, gives the governor the authority to waive or suspend any rule used in the licensing of professionals. No changes have been made to the rule as a result of this comment.

Title 11—DEPARTMENT OF PUBLIC SAFETY Division 40—Division of Fire Safety Chapter 5—Elevators

ORDER OF RULEMAKING

By the authority vested in the Missouri Elevator Safety Board under sections 701.355 and 701.377, RSMo Supp. 2013, the board adopts a rule as follows:

11 CSR 40-5.175 Elevator Contractor is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on December 15, 2014 (39 MoReg 2136–2137). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Elevator Safety Board received one (1) comment on the proposed rule.

COMMENT #1: NEII suggests a change to 11 CSR 40-5.165(1) that would remove the requirement the contractor report non-registered elevator equipment to the Division of Fire Safety and would allow the contractor to work on non-registered elevator equipment.

RESPONSE: Sections 701.363 and 701.371, RSMo require the owner to register elevator equipment. Failure to do so can be a criminal act. The board believes allowing mechanics to assist an equipment owner in the continued illegal operation of the equipment places an undue liability on the mechanic and/or elevator company. For this reason, no changes have been made to the rule as a result of this comment.

Title 11—DEPARTMENT OF PUBLIC SAFETY Division 40—Division of Fire Safety Chapter 5—Elevators

ORDER OF RULEMAKING

By the authority vested in the Missouri Elevator Safety Board under sections 701.355 and 701.377, RSMo Supp. 2013, the board adopts a rule as follows:

11 CSR 40-5.190 Disciplinary Action is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on December 15, 2014 (39 MoReg 2137–2138). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Elevator Safety Board received two (2) comments on the proposed rule.

COMMENT #1: National Elevator Industry, Inc. (NEII) suggests a change to 11 CSR 40-5.190(1)(F) that would remove the requirement the licensee report non-registered elevator equipment to the Division of Fire Safety and would allow the licensee to work on non-registered elevator equipment.

RESPONSE: Sections 701.363 and 701.371, RSMo require the owner to register elevator equipment. Failure to do so can be a criminal act. The board believes allowing mechanics/contractors to assist an equipment owner in the continued illegal operation of the equipment places an undue liability on the mechanic and/or elevator company. For this reason, no changes have been made to the rule as a result of this comment.

COMMENT #2: NEII recommends a change in 11 CSR 40-5.190 to clarify disciplinary procedures and sanctions.

RESPONSE: The board is comprised of industry peers who take public safety as well as due process in the suspension/revocation of a license very seriously. In addition to the rule's procedures, Missouri has clearly established statutory remedies for any licensee to appeal a decision by the board or the Division of Fire Safety. There are no changes to the rule as a result of this comment.

Title 20—DEPARTMENT OF INSURANCE, FINANCIAL INSTITUTIONS AND PROFESSIONAL REGISTRATION

Division 2150—State Board of Registration for the Healing Arts Chapter 5—General Rules

ORDER OF RULEMAKING

By the authority vested in the State Board of Registration for the Healing Arts under sections 334.104.3, 335.036, and 335.175,

RSMo Supp. 2013, and section 334.125, RSMo Supp. 2014, the board amends a rule as follows:

20 CSR 2150-5.100 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 15, 2014 (39 MoReg 2140–2141). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received sixty (60) comments on the proposed amendment. Department staff also commented on the rule.

COMMENT #1: Brian Bowles, of the Missouri Association of Osteopathic Physicians and Surgeons, expressed support for the proposed amendment. He stated the amendment preserves the integrity and intent of current collaborative practice arrangements while also using current technology to provide better access to care for Missourians and will allow physicians and advanced practice registered nurses (APRN) to provide better collaborative care for patients. RESPONSE: The board appreciates the comment.

COMMENT #2: Fifty-nine (59) comments were received by the State Board of Registration for the Healing Arts from individuals in opposition and were substantially the same in form letter format. All the opposition comments indicated that requiring "live, interactive video" for examinations would functionally eliminate the option of telehealth for many rural communities that do not have broadband access. Instead of increasing underserved patients' access to care, these rules would deny telehealth to the very Missourians this law was intended to help. The commenters asked the board to withdraw the proposed amendments and work to craft workable rules that include safe alternatives to "live, interactive video" for examinations. RESPONSE: Between January 2014 and September 2014, the State Board of Nursing and the State Board of Registration for the Healing Arts held several meetings, both separately and jointly, to work on the proposed amendments. The boards agreed on language in two (2) provisions of the current collaborative practice rules. Both boards agreed to amend 20 CSR 2150-5.100(2)(B) and 20 CSR 2200-4.200(2)(B) to indicate that no mileage limitation applies if the APRN is providing services pursuant to section 335.175, RSMo, and is practicing in a federally designated health professional shortage area. Both boards also agreed to amend 20 CSR 2150-5.100(4)(F) and 20 CSR 2200-4.200(4)(F) to clarify that the broad range of telehealth (telephone, fax, email, video, etc.) may be utilized by physicians to meet the requirement of being present for sufficient periods of time, at least every two (2) weeks, to review and provide necessary medical direction, medical services, consultations, and supervision of health care staff. Again, this only applies if the APRN is providing services pursuant to section 335.175, RSMo. The challenge rested with 20 CSR 2150-5.100(4)(H) and 20 CSR 2200-4.200(4)(H). In the current regulations, it indicates that if an APRN provides health care services for conditions other than acute self-limited or welldefined problems, the collaborating physician, or other physician designated in the collaborative practice arrangements, shall examine and evaluate the patient and approve or formulate the plan of treatment for new or significantly changed conditions as soon as practical, but in no case more than two (2) weeks after the patient has been seen by the APRN. The board of healing arts strongly believed the option for live, interactive video also expanded access to care by providing another option for the physician examination to be conducted. The board of healings arts advocated that this physician follow-up examination and evaluation must be conducted by the physician either via live, interactive video or in person and does not dictate how nurses conduct their examinations. The board of nursing believed that the proposal approved by the board of healing arts was more restrictive than the statute. A joint meeting between both regulatory boards was held on September 9, 2014. General counsel for both boards provided legal research and oral presentations on their respective board's opinions and rich dialogue ensued between the board members and with interested guests. Two (2) of the bill sponsors were also in attendance and iterated that passage of House Bill 315 did not change the collaborative practice requirements, nor was it the intent to eliminate the two (2)-week follow-up examination. At the end of the meeting, the board of nursing agreed to the board of healing arts' proposal in order to implement section 335.175, RSMo, as the deadline for doing so had long since passed. The two (2) boards plan to continue communication regarding collaborative practice to improve access to quality healthcare for all Missourians. No changes have been made to the rule as a result of these comments.

COMMENT #3: Department staff noted a comma was inadvertently removed from the phrase "live, interactive video" in subsection (3)(H) and requested the comma remain in the phrase.

RESPONSE AND EXPLANATION OF CHANGE: The board agrees, and the comma has been reinserted.

COMMENT #4: Department staff noted a comma should be removed following the phrase "Health Insurance Portability and Accountability Act of 1996" in subsections (3)(H) and (4)(F).

RESPONSE AND EXPLANATION OF CHANGE: The board

COMMENT #5: Department staff noted "or" should be inserted at the end of paragraph (2)(B)2.

RESPONSE AND EXPLANATION OF CHANGE: The board agrees, and "or" has been inserted at the end of paragraph (2)(B)2.

20 CSR 2150-5.100 Collaborative Practice

agrees, and the commas have been removed.

(2) Geographic Areas.

- (B) The following shall apply in the use of a collaborative practice arrangement by an APRN who provides health care services that include the diagnosis and initiation of treatment for acutely or chronically ill or injured persons:
- 1. If the APRN is providing services pursuant to section 335.175, RSMo, no mileage limitation shall apply;
- 2. If the APRN is not providing services pursuant to section 335.175, RSMo, and is practicing in a federally-designated health professional shortage area (HPSA), the practice locations where the collaborating physician, or other physician designated in the collaborative practice arrangement, is no further than fifty (50) miles by road, using the most direct route available, from the collaborating APRN; or
- 3. If the APRN is not providing services pursuant to section 335.175, RSMo, and is practicing in a non-HPSA, the collaborating physician and collaborating APRN shall practice within thirty (30) miles by road of one another.

(3) Methods of Treatment.

(H) When a collaborative practice arrangement is utilized to provide health care services for conditions other than acute self-limited or well-defined problems, the collaborating physician, or other physician designated in the collaborative practice arrangement, shall examine and evaluate the patient and approve or formulate the plan of treatment for new or significantly changed conditions as soon as is practical, but in no case more than two (2) weeks after the patient has been seen by the collaborating APRN or RN. If the APRN is providing services pursuant to section 335.175, RSMo, the collaborating physician, or other physician designated in the collaborative practice arrangement, may conduct the examination and evaluation required by this section via live, interactive video or in person. Telehealth providers shall obtain the patient's or the patient's guardian's consent before telehealth services are initiated and shall

document the patient's or the patient's guardian's consent in the patient's file or chart. All telehealth activities must comply with the requirements of the Health Insurance Portability and Accountability Act of 1996 and all other applicable state and federal laws and regulations.

(4) Review of Services.

(F) If a collaborative practice arrangement is used in clinical situations where a collaborating APRN provides health care services that include the diagnosis and initiation of treatment for acutely or chronically ill or injured persons, then the collaborating physician shall be present for sufficient periods of time, at least once every two (2) weeks, except in extraordinary circumstances that shall be documented, to participate in such review and to provide necessary medical direction, medical services, consultations, and supervision of the health care staff. In such settings, the use of a collaborative practice arrangement shall be limited to only an APRN. If the APRN is providing services pursuant to section 335.175, RSMo, the collaborating physician may be present in person or the collaboration may occur via telehealth in order to meet the requirements of this section. Telehealth providers shall obtain the patient's or the patient's guardian's consent before telehealth services are initiated and shall document the patient's or the patient's guardian's consent in the patient's file or chart. All telehealth activities must comply with the requirements of the Health Insurance Portability and Accountability Act of 1996 and all other applicable state and federal laws and regulations.

Title 20—DEPARTMENT OF INSURANCE, FINANCIAL INSTITUTIONS AND PROFESSIONAL REGISTRATION

Division 2200—State Board of Nursing Chapter 4—General Rules

ORDER OF RULEMAKING

By the authority vested in the State Board of Nursing under sections 334.104.3, 335.036, and 335.175, RSMo Supp. 2013, and section 334.125, RSMo Supp. 2014, the board amends a rule as follows:

20 CSR 2200-4.200 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 15, 2014 (39 MoReg 2141–2142). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received sixty-one (61) comments on the proposed amendment. Department staff also commented on the rule.

COMMENT #1: Brian Bowles, of the Missouri Association of Osteopathic Physicians and Surgeons, expressed support for the proposed amendment. He stated the amendment preserves the integrity and intent of current collaborative practice arrangements while also using current technology to provide better access to care for Missourians and will allow physicians and advanced practice registered nurses (APRN) to provide better collaborative care for patients. RESPONSE: The board appreciates the comment.

COMMENT #2: Jill Kliethermes and Rebecca McClanahan, on behalf of the Missouri Nurses' Association, expressed opposition for the proposed amendment. Furthermore, fifty-nine (59) comments were received by the board of nursing from individuals in opposition and were substantially the same in form letter format. All the opposition comments indicated that requiring "live, interactive video" for

examinations would functionally eliminate the option of telehealth for many rural communities that do not have broadband access. Instead of increasing underserved patients' access to care, these rules would deny telehealth to the very Missourians this law was intended to help. The board of healings arts advocated that this physician follow-up examination and evaluation must be conducted by the physician either via live, interactive video or in person and does not dictate how nurses conduct their examinations. The board of nursing believed that the proposal approved by the board of healing arts was more restrictive than the statute. The board of nursing submitted several counter proposals which would allow the collaborative physician to determine how the examination and evaluation would occur. A joint meeting between both regulatory boards was held on September 9, 2014. General counsel for both boards provided legal research and oral presentations on their respective board's opinions and rich dialogue ensued between the board members and with interested guests. Two (2) of the bill sponsors were also in attendance and iterated that passage of House Bill 315 did not change the collaborative practice requirements, nor was it the intent to eliminate the two (2)-week follow-up examination. COMMENT #3: Department staff noted a comma was inadvertently removed from the phrase "live, interactive video" in subsection (3)(H) and requested the comma remain in the phrase.

RESPONSE AND EXPLANATION OF CHANGE: The board agrees, and the comma has been reinserted.

COMMENT #4: Department staff noted a comma should be removed following the phrase "Health Insurance Portability and Accountability Act of 1996" in subsections (3)(H) and (4)(F). RESPONSE AND EXPLANATION OF CHANGE: The board agrees, and the commas have been removed.

COMMENT #5: Department staff noted "or" should be inserted at

the end of paragraph (2)(B)2. in 20 CSR 2150-5.100. For consistency between the two rules, "and" should be changed to "or" at the end of paragraph (2)(B)2. in this rule.

RESPONSE AND EXPLANATION OF CHANGE: The board agrees, and "or" has replaced "and" at the end of paragraph (2)(B)2.

20 CSR 2200-4.200 Collaborative Practice

(2) Geographic Areas.

- (B) The following shall apply in the use of a collaborative practice arrangement by an APRN who provides health care services that include the diagnosis and initiation of treatment for acutely or chronically ill or injured persons:
- 1. If the APRN is providing services pursuant to section 335.175, RSMo, no mileage limitation shall apply;
- 2. If the APRN is not providing services pursuant to section 335.175, RSMo, and is practicing in a federally-designated health professional shortage area (HPSA), the practice locations where the collaborating physician, or other physician designated in the collaborative practice arrangement, is no further than fifty (50) miles by road, using the most direct route available, from the collaborating APRN; or
- 3. If the APRN is not providing services pursuant to section 335.175, RSMo, and is practicing in a non-HPSA, the collaborating physician and collaborating APRN shall practice within thirty (30) miles by road of one another.

(3) Methods of Treatment.

(H) When a collaborative practice arrangement is utilized to provide health care services for conditions other than acute self-limited or well-defined problems, the collaborating physician, or other physician designated in the collaborative practice arrangement, shall examine and evaluate the patient and approve or formulate the plan of treatment for new or significantly changed conditions as soon as is practical, but in no case more than two (2) weeks after the patient has been seen by the collaborating APRN or RN.
