Eli Carter Appellant
vs.
John Armstrong & others

On appeal from judgment of Circuit Court for Warren County.

And the said Eli Carter comes here to the Supreme Court, and says that in the Record and proceedings in said Cause, and in the rendition of judgment therein, there is manifest error in this, to wit:

1st The Court erred in giving each of the instructions on behalf of said Appellees.

2d The Court erred in overruling Appellant's motion for a new trial.

3d The Court erred in giving judgment in favor of said Appellees, whereas said judgment ought to have been given for said Appellant.

Wherefore for the errors aforesaid, and others apparent in said Record, the said Eli Carter prays that said judgment of said Circuit Court be reversed and held for naught; and that he be restored &c.

Appeal from Warren Circuit Court

This was an action of Ejectment brought by the Appellees against the appellant Chrisman in the Warren Circuit Court, to which the other appellant was made a co defendant. The case was submitted to the court upon the general issue, a verdict and judgment were rendered for the appellees to reverse which this appeal is prosecuted

At the trial the appellees read in evidence a patent of the United States dated the 10th May 1826. granting to William Armstrong assignee of Angus L Langham. the North half of Section 33. Township 47. in Range two East being the land described in the declaration.

The appellees then read several depositions tending to prove that William Armstrong the grantee died in 1827. in manner and without issue. and that the appellees are his heirs at law. And that said William Armstrong made and left a will. The appellees also read an exhibit purporting to be, of the record or minutes of Court of Common Pleas, of the County of Ross in the State of Ohio June term 1833. stating that a jury was empannelled and sworn to try some issue joined in that Court, in a case of Lacey. Ads & Lacey against James Campbell & others; whether a certain instrument of writing in the Will in that cause, purporting to be the last will and testament, and the jury found in the negative Whereupon the court

ordered that the said bill of sale be vacated &c

The plaintiffs now appellees proved the annual annual ~~value~~ rent of the lot to be worth 40 Dollars. and the monthly rent to be about three dollars. and gave no further evidence in chief

The appellants then read in evidence a deed of the Sheriff of Warren County dated 13 Oct 1843. and acknowledged the same day. and was admitted to be in conformity with the printed form furnished to the Sheriff by the register of lands. and that the land described therein as Lot 6 Ele Carter is in Range two East of the 5th Principal Meridian.

The deed recites that the State and county taxes thereon assessed on the following described real estate, remained due amounting to thirty one dollars. and ninety cents including interest and the necessary costs. The description is in tabular form ~~Lot Block~~ & represents that the land described in the declaration was assessed in the name of Angus L Langham. and that the taxes remained due for the years 1828. 1831 1832. 1835. 6-7-8. The deed further recites that the Register of lands. had advertised the said land for sale according to law. on the 4th Oct 1843. and on that day the said Sheriff did sell the same to Ele Carter the highest and last bidder for 313 dollars. Therefore the said Sheriff did Cause and sell the same to said Ele Carter - subject however to redemption by any person interested who is a minor as by law is provided -

The defendants now appellants. here closed their case. and the appellees. read the deposition of Jacob L Sharp and documents accompanying

Appeal from Warren Circuit Court

This was an action of Ejectment brought by the Appellees against the appellant Chrisman in the Warren Circuit Court, to which the other appellant was made a co defendant. The case was submitted to the court upon the general issue, a verdict and judgment were rendered for the appellees - to reverse which this appeal is prosecuted

At the trial the appellees read in evidence a patent of the United States dated the 10th May 1826. granting to William Armstrong assignee of Angus L Langham. the North half of Section 33. Township 47. in Range two East being the land described in the declaration.

The appellees then read several depositions tending to prove that William Armstrong the grantee died in 1827. in Warren and intestate issue. and that the appellees are his heirs at law. - and that said William Armstrong made and left a will - The appellees also read an exhibit purporting to be, of the record or minutes of Court of Common Pleas, of the County of Ross in the State of Ohio June term 1833. stating that a jury was empannelled and sworn to try some issue joined in that Court in a case of Lessee. Ann Thorpe against James Campbell & others; whether a certain instrument referred to in the bill in that cause, purporting to be the last will and testament of William Armstrong deceased was or was not the last will and testament of the said William Armstrong deceased and the jury found in the negative whereupon the Court

the same. Sheweth that the land in controversy was assessed in the name of Angus L Langham in the county of Montgomery, for the years 1821. to 1832 inclusive, that in these assessments there are several tracts described each of which is separately valued, but the aggregate only of the tax for state and county purposes is given: except for the year 1832. in which the amount of tax on each tract is stated: -

The appellees also gave in evidence extracts from the tax books returned by the assessor of Warren County for the years. 1835: 6. 7. 8. in each of which years there appears to have been assessed in the name of Angus L Langham two tracts each of 320 acres. one S ½ Sec 28. the other N ½ S 33. T 4 R 2. with the aggregate valuation and tax. Stating the latter

Also an extract of the list sent by the Register of lands. to the Clerks office of Warren county under which the sale was made in which the same lands are described with the taxes on each, for each of the years 1828. 1831. 2. 5. 7. 8. - making an aggregate due on the land in question $ 31.90 -

It appears in evidence that Angus Langham pursuant the laws in question for the United States in 1818. - that in the delinquent lists in the counties of Montgomery and Warren the entries of the lands assessed to said Langham corresponded with the tax books. as before stated

The plaintiffs also gave in evidence entries taken from the lists of lands sold for taxes in the County of Montgomery. in the years 1828. 1831. 1832 shewing that the land in question had been sold to the state for taxes of those years - in these lists the land in question appears to have been

separately appears and taxed in the name of Angus L Langham. —

No other material evidence was given

—

The court gave the following instructions on the prayer of the plaintiffs which were excepted to by defendants.

1. If it appear from the evidence that the land in question was appraised and valued with another piece of 320 acres of land, and was sold separately. for a part of the tax appraised on both pieces this is such an irregularity as renders the tax sale void when the defendant claims void.

2. If the land in question was appraised in the name of Angus L Langham after said Langham was dead the sale under such appraisement is void

3 If the land was appraised in the name of Langham when he was not the owner thereof, but Armstrong or his heirs were patentees and owners thereof according to the records of the United States Land Office, this is such an irregularity as renders the tax sale void

4. If the notices and publications given of the nonpayment of taxes on said lands. were given to persons not the owners, and having no interest in said land, the tax sale made in conformity with such notice, is void as against the real owners

5 If the land was entered in 1818 it was not taxable by law for five years, to wit until the year 1823. and if said land was sold for taxes appraised prior to 1823. such sale is void.

6. If the land was entered in 1818. and full payment thereof not made until 1824

then said land was not taxable for five years after full payment was made, to wit until after the year 1826. and if any such land was sold for taxes assessed prior to the year 1826. such sale is void.

7. If the land was assessed in some of the years, and valued at several sum sums. such assessment was unlawful and the sale under such assessment was void.

After verdict the defendants moved for a new trial assigning as reasons that the verdict is against law and evidence and that the court misdirected the jury, in which motion was overruled and the decision excepted to.
