to write you a few lines in reference

You stated then to me (which was

In compliance with your request
the next day I sent you the required

Captain,

Enclosed herewith I am pleased to find my morning reports.

I have the honor herewith to transmit to you four prisoners taken by my advanced force at Pass Manchac in the attempt of passing in with the working party. The three, named John Daugherty, Philip Hardy, and Henry Gray, depose that their intention was to come into our lines and return to their allegiance, having got tired of the drudgery of the C. S. A. (they furnished information about the force and position of the enemy) The fourth, Alfred Keenan is - my officers reports - a very bad character - dishonest to the backbone - and, in all likelihood, is a spy - he said to my Lieutenant, he did not know anything about a U. S. Government

My Lieutenants at the Mess-
ches reports the Fort to be in
a hardly - to-be-envied bad
condition; further that he
will need a larger force. He
will run up this morning
and return this afternoon,
so we know matters can

Makes statement of their Contract with the Confederate Government for supplying that Government with Iron

Also gives a list of Specialties employed in their establishment

Rec'd Sept. 10 1863

Office Lynton Iron Works Co
Sept 7. 1863

General

In obedience to your order we submit the following brief of the origin and operations of our enterprise

In engaging in this Iron business we had a two fold object, that of Exempting us from Military service and the prospect of it being highly remunerative

Last October the original firm of M B McMahon & Co composed of M B McMahon J L Thomason and J L Barnard was formed and the real estate on which we are making our improvement was purchased. in November we began the building of Cabbins for operatives and purchased an engine. in December we began to quarry Stone and in January we began the building of the stack of a blast furnace for reducing Iron ore and making Pig iron

Having to rely upon getting supplies for operatives and teams and procuring important material including our engine from a distance that we had to have Rail Road Transportation and finding that the Confederate Authorities Controlled and almost monopolized the

transportation on the principle Rail Roads:
And for the more effectually securing the exemptions
of person subject to Conscription whose services
we wished to obtain. We conceived the idea about
the last of December of contracting with the Confederate
Authorities for the delivery and sale of the smallest
portion of our product of Pig iron for which they
would contract and give us the protection in
transportation and exemptions that we thought
necessary for the successful prosecution of our work
and accordingly we contracted with Maj Jas Glover
a Quarter Master to deliver to the Confederate
Government one half of the products of our
furnace for one year from the date of the
first delivery - at $85 for No 1 Pig iron $75 for No 2 and
$65 for No 3. Per ton of 2000 pounds; one half
of the product being the smallest proportion
for which they would contract and give us the
desired protection.

We submit herewith as near as we can recollect
a list of our operatives with remarks showing their where-
abouts as near as we know;

We submit the fact that the Confederate
Government does not own a dollar in the stock of our
Company or in any material used by us in
the construction of our works or any stock
used by us or provisions and supplies

for the prosecution of our work, and has no other interest further than what is implied in the before mentioned contract

All of which is respectfully submitted

The above and foregoing list is we think a correct list of the white operatives employed by us at this place on our work and the remarks opposite each name shows as near as we know their whereabouts.

We would remark that there has been such panic & confusion among them for the last ten days that we have not been able to exercise much control over them or know much about their whereabouts.

We had fifteen negroes hired under a promise of honour to their Masters that we would remove them at any time the Federal army threatened seriously to pass through the Country* We complied with this promise by our Mr McMahan starting ~~home~~ carry them in advance of the army on the 28th of August ult.

Recd. Nov. Dept. 6. Sept 7 4/63.

Steamer Sept 4th

Maj' Gen U.S. Grant

Sir On my arrival at this place last evening I found Messrs Strickmell and Hendricks Proprietors of the Alabama House had been ordered to vacate and were ready to move at a minutes notice ~~but~~ Prior to the non arrival of the expected an Expedition they were still in the house but had orders to bring no more provisions. The day Genl Sheridan left he had an interview with the owner of the property and told him if he did not lease the house to Riley & Co on their own terms he would take possession of it and he would get no rent thereby forcing to accept terms at a less price than Hendricks & Co were paying. He ordered the present Commander of the post to see that this arrangement was carried. The Provost Marshall and Agent have taken what ever they need. It cannot be shown to be a Military necessity to take the property for the accomodation of the Rail Road or Telegraph Men. I can get a certificate from all the R R men and Operators to show that everything has been done for their accomodation and they are satisfied that the Proprietors have done all in their power and would do better if circumstances in their line to give

satisfaction. This removal was made not for the accomodation of the R R men or Public but as a financial matter on the part of Genl Sheridan and a pecuniary matter on the part of those R. R men who have urged the change. I dislike to trouble you with such small matters but Stockwell and Hendricks were induced to come to this place and open an eating house when it was not so desireable point. They are poor industrious and honest men and have no one to look to for protection but yourself and are perfectly willing to leave the matter in your hands for adjustment

of Smith v Fuller

Fuller's Answer.

To the Hon the Provost Marshal at Donaldsonville Parish of Ascension State of Louisiana

And now here in proper person came John B Rutch a loyal citizen of the United States duly sworn to allegiance thereto, and by way declinatory exception or formal protest to the demand of Samuel P Fields to the pretends to claims from him a certain specific sum of money or balance on an alleged contract, and seeks to enforce the payment thereof by summary military coercion, through the agency of the Provost Marshals office at New Orleans, says that it is without precedent and not within the competence of the Provost Marshal or any other military tribunal to liquidate contracts and collect private claims — and that such liquidation and collection by way of foreclosure process falls exclusively within the jurisdiction of the judicial tribunals recognized as competent by the United States

And the said John B Rutch further represents that this identical claim is now pending in the United States Provost Court in New Orleans and is still undecided

That reserving all his legal rights as a citizen of the United States to virtually his defense and to adduce his proofs before the Hon Provost Marshal should his declinatory exception be overruled and his protest disregarded, he begs leave most respectfully to annex a statement showing the nature of the claim to claimant and that of any claim he has, or claims to hold as not admitted or disputed claim, it is not against this

defendant personally — but against the Parish of Ascension, for which, the said the Commissioners were duly appointed & Contract for certain public work — which were undertaken by the claimants with full knowledge, by Suits of the Capacity in which the said Commissioners acted —

With the same reservation — Respondent prays that the Plaintiffs demand be dismissed and that Costs have been incurred that he be ordered to pay them

And for all general and equitable Relief Asthas as duty bound

In the fall of 1860. the police jury of this parish passed an act for the purpose of cleaning out and deepening the Point canal.

The same body appointed three commissioners whose duty was to contract the work out to the lowest bidder, and levee a tax upon all the owners of land draining into the Point canal, L. B. Fuller, John Stanley, and Theo Bushrow were appointed as commissioners by the said police jury. Alex Sand Fields took the contract for cleaning and deepening the Point canal, the Tax was levied and portion of the tax was collected by the collector appointed by the commissioners; when work was finished the money being not all collected the commissioners handed over the accounts not collected to the Parish attorney to be collected by him, and the said Parish attorney received the accounts and discharged the commissioners from any further duty. Alex Sand Fields never cut any canal on my land, nor within five acres of it, nor was he ever employed by me individually, to dig any ditch on my land. There are accounts to be collected

over two thousand Dollars of which Mr Daniel Fields is entitled to Less than seven Hundred Dollars

The undersigned resident Store keepers of Kenneville respectfully represent that we have paid our parish licenses for doing business & hold ourselves ready to pay all other lawful licenses & taxes that may be assessed upon us by proper officers of the State or United States; We also recognize Lieut. Foster as deputy Provost Marshall of this part of the parish and are willing at all times as good citizens to obey all his lawful orders, but having some doubts as to the legality of certain orders & acts of his, we now present the matter to you for adjustment or at least information:

Said Lieut Foster, has recently notified us that we are liable for and demands from us what he calls a military license of One hundred & fifty dollars per annum payable in quarterly instalments of $37.50 each. ~~Be it known~~ This charge has not been paid & we have been ordered to close our Stores

Now, believing that the laws do not require any such tax from us

that if it does, that said Lieut. Foster is not authorized to collect it and feeling confident that we have not violated any Military regulations that would subject us to such penalties, we respectfully ask that you investigate the matter and save us from other trouble in the premises

We believe that Lieut. Foster has acted in error, but such errors subject us to great inconvenience & being law abiding loyal citizens we wish to be relieved from such annoyances & believe it is in your power to correct them; if not, please inform us & we will present our grievances to higher authority

In Regard to "David Pipes" &c

I have the honor to report that his Residence is in the Parish of East Feliciana, the same parish in which "Port Hudson" is situated, and but a short distance from the City of Baton Rouge, at which latter place he could have removed his Allegiance to the U.S. Government, at any time since the passage of the act of Congress known as the Confiscation act passed July 17th 1862, which he has Not done, On the Contrary he remains a few miles beyond the lines of the Union Army, and he is Reported by officers of the U.S Army to be one of the most Active Rebels in that Section of the Country, His failure to have Complied with the act of Congress above referred to, clearly brings him within the law for Confiscation, without his Registering himself an Enemy to the U.S. or Engaging in actual Service Either Military, Naval, or Civil &c

As regards "Fred D Conrad" the Brother of "Chas" &c

Miles below Baton Rouge on the East side of the Miss. River, and
within the lines of the Union Army, and has been by that
Army protected ever since the passage of the act of Confiscation
July 17th 1862. he has no Excuse for the failure on his part to
renew his Allegiance to the U.S. at the City of Baton Rouge, yet
he has not done so; And at the Battle of Baton Rouge
he was found with Arms in hand fighting against
the Union Army, as an irregular Pol^r Citizen; And

Sir,

An English Brig entered this port under a false manifest and commenced landing arms at Bagos Santiago and while in the act, a French Ship came along and made a prize of her.

The name of the Brig is Love-Bird, and she was consigned to "Hale & Co" of this City. One of the partners of the firm resides in New Orleans (Thomas Hale). W. H. Scott & Co, also formerly residents of New Orleans were interested in the affair. Scott took the oath of Allegiance in New Orleans a

a short time ago, and most of his business is with that city and he will endeavor to conform himself as a loyal citizen of the United States.

The city jail is full of Americans that were engaged in the transaction as the Mexicans arrested them for smuggling. The vessel having entered under a false manifest. She has upon her true invoice 10.000 Enfield rifles. 1500 revolvers and a large supply of Ammunition, all together amounting to $300.000. They had only succeeded in saving 4000 rifles when captured.

As usual with us, there was no American ships here, a week

a two being the longest time, they can possibly remain.

Hoping that there may be some way in which Hale & Scott may be made to suffer for their rascality I remain Sir,

Being a loyal citizen of the United States, as the annexed certificate will attest and as such entitled to the protection of the laws thereof. I take this opportunity of appealing to your well known desire of rendering Justice to all and of correcting abuse where ever found to exist, for redress in my own case.

The circumstances are briefly as follows: Dr Fallon has occupied for the last six or eight months a small house of mine no 97 Thalia street between St. Charles and Baltania streets. for which the rent was duly regularly paid up to the 1st of June last. When Mr. Fallon proposed me that having enlisted in the army of the United States he did not intend to pay any more

Rent as he was annoyed and the government was bound to furnish him free of cost a lodging for his family. Not content with this, I owe him that he has substituted the balance of the rent to get this with Stables, Sheds etc on the premises, for more than the amount he formerly paid. That in short, said Pollard has taken possession of my property on the plea of being an injured soldier, is in full possession of the premises. Justly due me and this refusal resisted with efforts on my part to obtain my just rights in the premises.

One application to a Justice of the Peace (Judge Todd. Jul. and I) are ended for his removal was obtained not without much expense and delay. This was accompanied by the Military authority without examination into the case (Capt Libby) reinstating into his former position. Thus the matter stands at present.

In relation to the letter of Dr Fenaton in regard to his fees Mg Stahl returned to me for report. (I have the honor to lay upon you the following report.)

On the 20th of last month Private Fallon was notified on order from the first Recorder Court to vacate the house of Dr Fenaton on the back of which order endorsed the following: "1 aug 20 63" This man Fallon being a Soldier in the U.S.A. must not be molested for the non-payment of rent in according with General order No 90. On the 5th of September I responded to the above endorsement "The above order relates only to the payment of Rent by

occupied by the victims named" I am compelled as the order still remains in force to give to Soldiers families the protection guaranteed them by General order No. 90. but am very careful in all cases to have it positively understood that they are only to occupy so much of the house as is actually necessary for the accommodation of their families. and in no case to sublease the premises and appropriate the money to themselves. and I require in all cases a Certificate from the applicants showing that he is a member of some Company or Regiment or employed in the navy, before granting him the protection of Gen. Order 90. This is but one of the many cases that come before me daily.

In the case in question the wife of the Victim Mrs Fallon as I learn from one of my Provost Guards has one room in the house of Mr Sheridan. Very Respectfully Your General Obt Servt

Dear Sir,

The Doctr. can have a pass if he takes the oath of allegiance &c. The same is the rule for the Lady Visitors. It is to be understood, always, that disloyal persons are not to be tolerated about our lines. Any other rule would be simply ridiculous.

E.S.

Head Quarters 3rd Division, 8th Army Corps,
Provost Marshal's Office,
Charleston, Sept 2nd 1863.

Sir:

Mr. Dickerson is a secession sympathizer, but as far as I can learn has been quiet and orderly and has never been guilty of any act which would cut off his privileges as a citizen. He is making salt this side of Pratt and has orders not to let his salt accumulate at the furnace. He cannot get passes for his hands who live along the river above Pratt to pass the lines to the furnace and home again. They have always had passes until Col. Franklin took command. Mr Dickerson cannot lift a ship his salt without passes for his hands.

Mr. Fry, also a secession sympathizer, has hands living across the Kanawha who must pass the outside picket (not passing thro' the Camps at all) at Pratt, in order to go to their labor at Fry's furnace.

Col. Franklin's Pro. Mar. refuses to give passes to these laborers unless Dickerson & Fry will enter into bonds with security in $1000. that they are loyal men.

The asst Pro. Mar. when he came here took up a pass given by Capt Sperry to Mr. Pinter & family and gave one like it for 10 days. This was for friends, and the pass was very properly taken up. And Mr. Wilson is instructed never to give such a pass again. If Mr Pinter cannot obtain a pass through the lines at Pratt he will lose at least one half his practice, and in case of sickness above Pratt citizens will suffer for want of medical attendance, there being no other physician in that region. Dr Parks lives at Malden.

Some time ago, I told Col. Franklin that it was not my purpose to give pasom living immediately about Pratt passes - That they must get them of the Pro. Mar. there. But no one without a pass from me can get into the Camp to obtain a pass - It is an impossible for a Union man to gain admittance to the lines as for a rebb -

I thought best to ask your advice as to giving particularly worded passes to Dr Parks and the Employees of Dickerson & Fry.

Very Respy -
Your obdt. Servt.

Rufus Williams,
Capt. Pro. Mar.

Lieut Geo M. Brown being duly sworn says
On the 13th of this month I was at Memphis
DeKalb Co, One Lancaster came to me and said
that he had reason to believe that Connolly Smith
a Captain in the Confederate Service was in this
County, for the purpose of Recruiting & Suppose)
and at his (Thompson Smiths) house
I immediately Started a guard of Six men
to the house for the purpose of Secretly sur-
rounding the house without being seen -
As soon as I could make the arrangements
I started myself with 12 men but detailing
4 of them under Sergeant Provott to proceed
by a different route from that I took - I proceeded
with my men to Thos Potters about 3/4 of a mile
from Thompson Smiths house, I went into
Mr Potters house and told him I was in Search
of Connolly Smith and asked him what he
knew about him. At first he appeared rather
reluctant to tell me any thing about him
I told him that Connolly Smith was
in the neighbourhood and that he knew
it, that he should tell me what he knew
about it - He then told me that

he had seen Connolly Smith at his father's house (Thompson Smith's) that morning but knew nothing about his whereabouts at that time, he thought he at his father's, that I could look through his house and satisfy myself he was not there - I examined the house and found that he was not there - I told Mr. Potts to remain in his house and not leave it again that night - I then went on into the men to Thompson Smiths, I put a guard around the house and went in myself with two men - I told Mr. Smith that I was in search of his son, Connolly Smith, He told me that he was not there at that time, that he had been there but had left at dusk - I then searched the house and could not find him. I asked Mr. Smith if Connolly had any information in regard to my trying to Capture him, He told me that a report came that that evening that some Soldiers were coming to arrest him (Connolly) I asked him who it was that had reported it, He told me it was John Smith meaning John A Smith, (one of the Offs) - I asked him how John A. Smith knew that the Soldiers were coming to arrest Connolly, he said he did not know. I then asked him how long Connolly Smith had been in the County of Lake,

he said since last Saturday a week ago, then meaning the 3rd August. Sales him who was in company with him, he told me he did not know what this names were but that there were two men with him. I asked him if Connolly did not give him any instructions & then men, he said that he did but he gave it in this way, Capt., this is my father, Lieut., this is my father. I asked him how long they remained at his house, he said they remained there until they had dinner, as well as I remember. I then asked him where they went to, he said he knew nothing about it only what Connolly told him when he came back to his house with 13th, He then said he had been in the neighbourhood of Pittsburgh in Davis Co. and in Beatty County. I asked him what his business was in this part of the County, if it was to recruit men for the Confederate Army, he told me that Connolly said that was his business here. I asked him if he was a loyal man why he did not report the matter to the authorities, he said because Connolly was his son he did not like to report on him, Refraining previously stated that he was a loyal man. I urged him to tell me where Connolly had gone to when he last left his house, He told me that he did not know where Connolly went but supposed that he had gone

back to the Confederate army - I then took his son Edward J. Smith outside the house and privately asked him to tell me while his brother Connolly had gone to, that it was his duty to tell me, He told me that he did not know, if he did, he would tell me, He told me that he led Connolly's horse accop the pasture when he was leaving, as his horse was tried & unmanageable when he first got on him, He said as he was leading his horse accop the pasture he asked him, Connolly, where are you going to? Connolly answered, telling him, it was none of his business, He told Connolly he knew like any much to know where he was going to, Connolly then said to him, Ned, they will make you tell where I am going (meaning I presume, the Soldiers) if I swear to tell you, then it not for that I would tell you, that he led his horse to the South Side of the pasture, when he left down a pair of bars & let him jump the and that was the last he saw of him - I also questioned him about who gave Connolly information about the Soldiers being after him, His answer was about the same as his father's to the same question, - I questioned him about who was with Connolly the first time, (3rd inst) at his father's house, He told me that he did not know what their names were - I asked him if he asked him if he helped to take care of their horses, He said he did - I asked him

to describe the horses to me, he said they were two grays and one Sorrel, He also Stated that Connolly Smith had on Confederate uniform -

Thompson Smith

States to me that A J Smith and Edwin Smith were in his house at the time Connolly Smith left it on the 13th Augus as before Stated, but had only arrived about half an hour before Connolly left.

Corp Exam^tn

All of the questions which I put to Members of the Smith family were answered readily & willingly - I believe that Edward J. Smith is between 17 and 18 years of age - My impression that Edwd J. Smith is intelligent enough and has had sufficient education to have enabled him to form an opinion of the criminality of giving the aid he did to Connolly Smith

offered my assistance in endeavouring
to capture one Connolly Smith an
Captain of the Confederate army Said
to be on Recruiting Service in the Neigh-
bourhood of Maysville DeKalb County
On the 13th day of August last
I Started from Maysville in charge of
four men for the purpose of Searching
Certain houses and places where the
Said Connolly Smith may be found
and for the purpose of getting upon
Motive of his whereabouts, In both of
these endeavours I was unsuccessful
And according to agreement proceeded
to meet Capt Brann at the house
of Sutton S. Roberts about 1/4 Mile
from Thompson Smiths, -

Capt. Brann
told me that he had been to Thompson
Smiths house in Search of Connolly who
had escaped previously, -

On the 14th day
of Augt. last by request of Capt Brann
I proceeded to the neighbourhood where
Connolly Smith had been the day
previous for the purpose of getting
further information as to the manner
in which Connolly got the information

about the Soldiers coming to Capture him
I saw John A Smith, the man who
told Capt Brown that he had gotten
the information to Connolly, who I
questioned as to where he was informed
of the Soldiers movements, he told me
that his Sister Mrs Henry G Potter ~~told him~~
the wife of Jno Potter the day gave him
the information - I then went to the
residence of Mrs Potters and asked her
who told her that Soldiers were en-
-deavouring or intending to Capture Con
-nolly Smith, She told me that one
Barnabus Atkins informed them ~~of it~~
(meaning I suppose herself and her hus
band) of it - Mr Potter told me that
when Atkins gave them the information
he cautioned them and his wife to keep
it a secret saying "for Gods Sake
"inform Connolly that the Soldiers have
"left town to arrest him ~~but~~ if they Come
"do it without being found out, but not
"to let it be known that he had told it on
"him, Atkins for ~~he~~ owned he a some man" - Atkins
was at work for the man Lancaster,
who gave the information of Connolly
Smiths being about, and learned
from some movements of Lancaster (I
suppose) what his object was in going
from home, He, Atkins, knowing at
the time that Connolly Smith was in the
Neighbourhood, as he afterwards acknowledged
to me, I immediately arrested Atkins and

I leased him on his bond of $500.00 to appear on the 2.d inst which he has failed to do and I understand has fled the County. Zachary Prowell

A. J. Smith One of the Defts. said "Jack Smith" and on asking the two men to come

the said brother Edward (Dft) had
then arrested them and kept them under

District of Missouri

Dear Sir

I. P. Akers Esqr

My Son in Law, informs me, that on my sending my parole to you, that it will be so modified as that I can go to Kentucky. I therefore gladly endorse your parole and Safeguard

I live at Lexington Missouri, and would much prefer permission to go home, than to Kentucky, if I could do so, but at this time, even if I had permission I could not do so, as U.S. Soldiers are occupying my residence since July 1861 with but a short interval

To enable me to return home, with my family, I would most respectfully ask you to examine my case on file in your office being sure, that if you will do so, you will see no reason why the order banishing me should not be rescinded. So that I can take my family home when I can do so Safely

Pardon me for mentioning to you the

case of my friend Martin Slaughters of Lafayette County Missouri. He is between fifty and sixty years of age, in bad general health, at this time confined to his bed. He has a family and large interest in Missouri. His, William Limrick, and myself, have been together in this Mountain a year.

I feel confident that if you will look into his case, you will see no just reason why he or he should not be released. He is now on a sick bed, and feels deep interest in the success of this application.

Your Obedient Servt

B Anderson

P. S. Whether my parole is modified or the order banishing me repealed, I would thankfully pray to return to me, all things my Parole and Safe Guard. They may be of service to me, in case I should be again arrested. B A

Respectfully returned to Brig. Gen. Brayman.

The Gen'l comdg. the Dist. does not purpose to interfere with a matter like this pertaining to the ordinary administration of the Post. If parties have been put to considerable expense upon encouragement of former Post Commander, it is right that great caution should be used in issuing orders which would subject them to loss, and perhaps give them valid claims for damages against the Government.

This principle however should not apply so far as to control the present comdg. officer in correcting real abuses, if such exist. It is suggested that a retrospection upon the times and modes of using the ball alley may achieve the desired end.

Sept 17th 1863

To Gen Mc Brayman
Commander of Post

Dear Sir

The Undersigned beg leave to Submit the following Statements of facts relative to the erection and conducting the Bowling Saloon (or Alley) in Camp Dennison

About the first of April last application was made by us to Col Geo W. Neff. Then in Command of this Post, for the privilege of building and conducting a Bowling Saloon

He replied that he had been talking about such a thing before, and he said he thought it would be a benefit to the Camp, as there was no amusement in Camp for the Soldiers. and especially the Convalescents

That it was his opinion that if an Alley was open it would have a Salutary effect in Camp

Inasmuch as it would offer additional amusement within the Camp limits, and render it unnecessary for the Soldiers to desire to leave Camp and visit the neighboring towns and Villages for such amusement. He therefore Said he was in favor of it as a means of keeping the Soldiers at home, and thus prevent their getting Liquor and becoming intoxicated. This was Said at the time we made an application; The Col finally Said, That he would Consult the other Officers at this post, before giving a final answer.

About three days afterwards he (The Col)
told us that he had not only consulted
the other Officers of the Post, but he had
conferred with the Hospital Surgeons, and
they were all of the unanimous opinion that
Some Amusement or pastime for the con-
valescents was both healthy and necessary
Col Neff then gave us the privilage
of building a Bowling Saloon, and were
with us and Selected the Site on which to
erect the building. He then prescribed
Rules for our Observance in Conducting the
Alley, which were as follows There was
to be no betting on games, no gambling of
any kind within the Alley or building
no whisky or other Intoxicating Drinks
Sold on Said premises and no disturbances
tolerated in the Conducting of Said Alley
which Rules and Regulations have all been faith-
fully Observed and Complied with in every
particular, No Complaint of the Violation
of any of Said Rules has ever been made
against us either to Col Neff, or to yourself
or if any have ever been made, no notice of
the Same has ever come to our knowledge
After Obtaining the Said privilage, we immediately
proceeded to erect a building Suitable for a
Bowling Alley, and by the 1st day of May were
ready for Operations, Since which time we have
never, to our knowledge, Violated any of the
Rules of this Camp, Col Neff assured us
that if we Complied with the Regulations as
above enumerated, that So long as he

Remained Commander of The Post we Should not be disturbed in the quiet enjoyment of using and managing said Alley, That when he Ceased to be Commander of this Camp, he would use his influence in having our privilege extended, Gen Potter said that so long as we Complied with the Rules, he could See no Reason why any Successor to him, could Object to Such an Amusement— We therefore think that Since no Complaint has been entered against us; Since we have been faithful in Strictly Observing each and every Rule prescribed for our government in the Matter; Since relying upon the promise of Col Neff, as an Officer of the Government, that his Successors in Office would respect all Measures, as Grants of privileges made by him, Since we have been induced by the promise aforesaid to expend a large Sum of Money in the erection of Said building, that to now for no Cause (as it Seems to us) to Revoke Said privilege and to Close our Alley and prevent any further benefit accruing to us, would Seem unjust; We therefore hope that we May be allowed to Redeem the privilege as before

Respectfully Submitted.

It was further agreed that after the Alley had payed for its Self, that we Should pay a Reasonable Sum for the Post fund,

Dear Sir we the undersigned Citizens of Grundy county & vicinity of Pelham beg leave to State our grievances (as a people) to you and respectfully ask that you take such steps as you may think the nature of the case and circumstances demand since your departure from this neighborhood the Company recently organized under Capt Brockey have assumed authority to arrest quiet citizens without any charge whatever have taken private property such as young horses and mules (not for any way connected for the service) and appropriated them to their own private use, all of this to us seems unwarrantable and wrong and hoping that we have some claims to protection from the Federal Government - especially against men who have gone further in the Rebellion than any of us yourself that wrong without any compulsion whatever - and when their old associates have to quit the country they throw themselves upon the mercies of the Federal Government join the loyal Army - and are now prepared in their assumption to deal with citizens and their property generally - as they were wont to do with the property of the loyal Union man as they were pleased to style them while in the Rebel Ranks - but we do not allude to the entire Company for some men in it have never been identified with the rebellion nor do we believe they have been engaged in the above mentioned practices but a number

have the proof of which can be established beyond question hoping that you will at an early day give the subject the attention you may think it demands and make some disposition of the said Buckeye company which will give relief to the country — we have the honor to be —

Feb 21 1863

This Communication is respectfully forwarded to Maj. Gen. Grant. Some time since at the request of the Naval Officer, A.L. M. Eddy by order of Maj Gen Grant, a piece of land was purchased for Hospital purposes the Commercial Hotel. Stores selected by Surgeon Buckley U.S.A. and these Stores below were Expressly stated not to be required. Since that time application has been made for the Stores but disallowed by me that disallowance was approved by Maj Gen Grant. Rear Admiral Porter in my judgment has no right to give such an order as is pretended & if he wants the buildings must negotiate with their own who are loyal. I shall not permit this order to be executed unless I have from you

A Excellent Maj Gen

Memphis Tenn Sept 10th 1863

Major Genl. S. A. Hurlbut
Commanding 16th Army Corps.

The undersigned Loyal Citizens of the United States. And business men, doing business in houses Nos. 57=63 Front Row in this City were on the 9th inst. Verbally Notified by Lt Beauchemp and Lieut Wheelmore Claiming to be acting under Verbal orders from Admiral Porter to Vacate their Stores by the 20th inst so that they might be used for Hospital purposes for which we are Satisfied that they are not needed.

Having heretofore experienced the liberality and Sense of justice both of you and Major Genl Grant in relation to this matter and feeling Satisfied that there is no more necessity for our being dispossessed of our Stores now than there has been heretofore we Confidently appeal to you for protection against the enforcement of the above verbal order and commit our rights and interests in the premises to your Candor and Sense of right feeling that they are safe in your hands

Rec'd Nov 6th

To Major Gen. U. S. Grant,
Commanding Dept. of the Tenn.

The petition of Samuel Mansfield and Danieb Jenning, residents of the City of Memphis, and loyal citizens of the United States of America, Numbly Sheweth.

That your petitioners were engaged in the drug buisness under the style of Mansfield Bro in the City of Memphis, in accordance with the new regulations imposed by the United States,

That on the 27th day of Sept 1862. Your petitioners were arrested by order of Major. General Sherman, put into prison, and their store taken possession of, and a goverment agent put in, who still controls the establishment;

That the cause of the arrest was for selling a bill of drugs, in value less than $1500. in violation of trade regulations, though as stated by two members of the Board of Trade, those regulations were new, and not well understood by merchants.

That your petitioners were sent to Alton. Ill. but the sentence was generously modified by Gen Sherman at a later period, and we were permitted to return to our families,

Your petitioners desire to draw your attention to the letters accompanying this document from the two acting members of the Board of Trade, also to the Exhibit of our buisness, from June the 6th 1862, after Memphis was taken by the United States army, until Sept the 27th inclusive, and up to the day of our arrest, wherein it will be seen, that the whole amount of sales (from a stock of $60.000) for nearly four months, was but $12 228. all of which is made a part of this petition,

It is not held by your petitioners that the sentence and course of Gen Sherman was not dictated by pure motives, a lofty patriotism, and a disinterested zeal in behalf of the United States Government, Nor do your petitioners claim exemption for any infraction of a military or a Treasury regulation, if not understood and obeyed, it is our fault, and we must suffer the penalty attached,

But we, your petitioners claim that they have been shamefully misrepresented, by malignant and vigilant enemies, the public ear has been abused, Every act has been wilfully distorted, Every report magnified into actual transgression, fabulous sales, and fortunes, it is said, were made by us, which never had an existence but in the brain of the malicious inventor,

We had taken the oath of allegiance to the United State Government, hence the bitterness, hatred and persecution from the secesh, the real source and fountain, of every report and every measure, designed to poison the public mind, and through it the military,

Those reports which were zealously kept afloat, never opinion, prejudiced the military authorities very much against us, Our Exhibit, which our books show is strictly correct, must convince any unprejudiced man, that our sales were small indeed, considering the stock, And we hereby solemnly affirm in the presence of Almighty God, that we never sold a dimes worth of goods knowing they were designed for the rebels;

We trust from doing buisness in this city for twenty years amounting annually, from $350.000 to $600,000, and with a credit & cash good at any time for $200,000, that we have some character left, and a reputation to maintain unsullied,

The goods we sold, if is true, were in violation of trade regulations, but the purchaser said he lived in Chelsea, a suburb of Memphis, and that he bought them on speculation, as the goods were daily raising in value,: which occurs daily with every

P.T.O.

merchants ~~stocks~~ for the past year in this City

It is a common practice, among all jobbers, and Speculators, and is what all persons engaged in trade, suppose they have a clear right to do,

Your petitioners most respectfully call your attention to other cases, similar to their own, To.wit. Messrs. Ward & McClelland Druggists, in the same business, sold as large a bill of drugs as we, did, were arrested the same day, and sent away with us, Yet they are now and have been for six months in possession of their store without a loss of more than $500.

Lowenstein. Bros, with three immense stores worth in the aggregate of least $200.000, were convicted about two months ago, of selling a large bill of assorted goods to a rebel, yet he was fined $2500, and continued his business.

J. B. Wasson, Druggist, with a large stock, was Convicted of selling a bill of drugs. $1000,. to a rebel, whom he would not trade with until he showed his Commission as Rebel Surgeon; Yet he was fined $2000, and Continued his business without interruption,

These cases are not referred to, in a spirit of complaint, nor do we find fault, or murmur over what is believed to be a just punishment for a grave offense.

But we cannot but feel, in consideration of what others have suffered for precisely the same crime, that we have been sufficiently punished.

It is now nine months since our arrest, a part of the time we spent in Alton, and during this long period the store has been in charge of a Government agent, who could not possibly attend to the varied stock on hand, it of Course is depreciating in value as it deteriorates in quality, which is constant, Every thing about the store is going to waste and destruction. The agent unaided, being utterly incapable of looking after so large a stock,

If your petitioners were reinstated to day, and every request granted we could not by the strictest economy and the most skilful financial management escape a loss of less than $20,000. to say nothing of our injured credit, derangement of business, and destruction of our chemical manufacturing apparatus, the joint product of a life of incessant toil,

We owe $35,600. to good and loyal men in New York and Phil.a. on which interest is accumulating, they are in need of their money, and we wish to pay them, and the only available assets we have are in the store now held by the Government, and the money paid over to the Quartermaster from the Cash sales of the agent.

Your petitioners beg most respectfully to refer you to the letter from the Secretary of War, inclosed with this petition, referring the case for final adjustment to you.

Trusting in the justice of the petition, and your high sense of right, that you will receive it graciously and afford us the relief we ask, we humbly pray.

1st That you will reinstate us in our store,

2d That you will order the Quartermaster to pay over the moneys
" paid him by the agent, and arising from the sale of our goods,

3d That you will order payment for the goods taken on Requisition
" from our store prior and subsequent to seizure, for the
" use of the United States army.

4. That they may be relieved of the rent of the house for the time it has been held by the Government.

By granting the request of your petitioners, you will place them in a position to save the balance of their stock, and to pay those to whom they are justly indebted, Hoping it will meet your approbation your petitioners as in duty bound will ever pray.

The amount collected from the Rebel Authorities was for goods seized by them just before they evacuated Memphis,

For such bills where we expected Payment soon from any one, they were not put in our Regular Books, but entered on a Memorandum Book, and when paid, entered in Cash Sales,

The Collections from the Memorandum Book, and the Sales of the Specific Articles in (73) is the reason why our Sales show large, The sales occurring months before the entry. in some cases — The total Sales alone sent North after the U.S. Army occupied Memphis, amounted to $16,890.15

Yet because our Cash Book shows this entry of $16.890.15 it was deemed sufficient evidence of smuggling, or gave to Col. Anthony good grounds for suspicion,

This holds equally true with the $16833, collected from the rebels for goods taken as above, the money was paid Mr Plummer (our Bookkeeper) but the Cash entry was not made until in July. 1862, Yet this was another cause for suspicion, when one moments reflection, or inspection of the Books, by any business man, would convince any person of the utter fallacy of the charge,

The two sums $16.890.15. and $16833.

Cannot of course, be included in the account of Sales from June 6th until Sept 27th inclusive, The total amount during this interval amounted to $12,228.67.

This explanation it is hoped will prove perfectly satisfactory and clear,

This certifies that I was acting as one of the Board of Trade at the time, the store of S. Mansfield & Co was seized and closed by order of Gen. Sherman,

And from my knowledge of the said firm, their high standing and good character, and extent of their business, I am firm and unshaken in the belief, that they did not intend to violate the laws of Trade, but were induced to sell larger bills than the Regulations permitted,

These Regulations it must be remembered, were new, and not well understood by many dealers, · I believe the statements of Mansfield and Jennings to be true, To wit: that they did not know the goods which they sold, and which caused their arrest, were intended for the rebels, nor were they, a detective being the purchaser, and he represented himself a resident of Memphis,

Nor do I believe, either one of the

firm of Mansfield & Co. would Knowingly violate any existing law of Trade, nor in the remotest degree aid or abet the rebels,

They are both Union men, Mr Mansfield being among the first to take the oath on the occupation of the City by the United States forces.

Dr. Sr. Inclosed with this you will receive the petition of Mansfield Jennings praying to be restored to their property, which it was taken from them as the petition sets forth.

Mansfield has been to Washington to see Secretary Stanton, who referred him back to you for final adjustment.

There is not a person in the city of Memphis, unless he be a personal enemy, but what would gladly see Mansfield placed in possession of his store. His offense is by no means so grave as has been reported by his enemies.

Every body thinks in Memphis that he has been punished enough for what he did, And General Sherman, who arrested him, said that clemency could be extended to him at any time when it was deemed advisable. No man in this City has suffered so much from falsehoods as Mansfield. Since he took the oath, he has been pursued

by the secesh, with untiring vengeance, nothing has escaped their venom and animosity, And as General Sherman is a very impulsive, though a most excellent man, and a high toned patriot & soldier, he may have been slightly influenced by the reports against Mansfield, and adjudged him harshly.

Considering his offence, which is truthfully stated in his petition, and what others have done in the face of old and well understood regulations, his punishment and theirs, I really think he deserves all he prays for,

Mansfield and Jennings have always borne a very high character, as honest, reliable business men, with an unlimited credit with those with whom they have dealt for twenty years, their word and honor would never be questioned by any one who knows them,

And they affirm most solemnly that they never sold a dime with knowing it was to go to the rebels, All men are liable to err, however pure their intentions, and men especially are they liable when led by a lot of jackalls, that are thirsting for the destruction of a victim,

The damage they must sustain by the arrest and loss of the management of their own store, is less of $20.000, but they did wrong in selling goods in violation of Trade Regulations, and of course deserved punishment, which they have endured without a murmur,

The cases they refer to in the petition to wit. Messrs Ward & McClellana, Greenstein & Bro. and J B Hasson, are all familiar to me.

Ward and McClelland's case was precisely like their own, The latter two were far worse, as it was clearly established in both cases that they knew to whom they were selling, and had been following it up, yet they are in their stores.

In the plenitude of your power and Zenith of your fame, you can afford to be magnanimous, at least to the deserving, It is safe to lean to the side of mercy, especially after the Culprit has been thoroughly punished, and with still better grace, when by doing so, honest, loyal, good men, will get their dues,

They owe a large debt each, which they wish to pay, and their Creditors want the money.

But they cannot pay them, unless restored to their property.

Daniel Jennings is a native of New York City and always was a good union man, and Mansfield has taken the oath and is loyal and true.

Their restoration will relieve their present wants and gladden their crushed hearts, and I hope most earnestly that you will send me an order granting their petition, and place them under lasting obligations of gratitude.

Anything you may feel disposed to grant please address me, as Mansfield & Jennings are both sick and incapable at present of attending to any business.

The North is all ablaze over the fall of Vicksburg. May Heaven protect & shield you for fresh glories and still greater, and more, if possible, magnificent achievements.

I was a member of the Board of Trade in this City in Connexion with Messrs. Ware, and Nough, at the time, J. Mansfield Hes Drug Store was taken possession of by order of Gen. Sherman.

At that time, the laws of trade were new, and imperfectly understood by the merchants & people, every one was liable to violate, what they did not fully Comprehend, And the permit system for goods to go to the interior was for a period entirely abolished by Gen Sherman, his picket being the sole judges of the goods that was proper to pass beyond the lines,

Messrs Mansfield & Jennings have always been regarded as gentlemen of unquestionable integrity and spotless Character in this Community, Mr Jennings is a native of New York City, and was always a devoted union man, and Mansfield was among the first to take the oath when the U. Dear Sir About the first of August 1862 myself and A. L. Andrews left Memphis Tenn. on an expedition to purchase cotton in the Western Counties of Tenn.

On the night of the 18th of August we staid at the house of Chas F. Read of whom we made inquiries, whether there were any guerillas in the country. he told us there were none, we left his house in the morning of the 19th. to go to a Mr Macklins. His brother in law, he said his son was going in that direction, we started, and when near Macklins, we were captured by a band of guerillas commanded by Robert W. Haywood; who stated, we were just the men he was looking for. by whom we were carried into Mississippi, where we were detained and held as prisoners for about six weeks, when we made our escape. He took from us Fifteen Thousand two Hundred & Seven dollars which has never been returned to us.

Chas F Read. Macklin Capt Haywood are brother in laws, and are all wealthy, as are all their relations in that county. Any of them could have procured our release if so disposed to do.

One Lewis B. Macklin was solicited personally, while in their camp, to Lunch sent in dinner each day.

Capt Haywood is now a prisoner at Columbus Kentucky, he admits he got the money and about the amount & he further says he has indemnified himself & relations

against any assessments that may be laid upon them to defend or pay back this money. The relations in that neighborhood profess to have taken the oath of allegiance, but Col Shaw of Columbus whom I have seen lately & who is President of the Military Commission has evidence in his possession captured from rebel mail carriers showing they are engaged in assisting the enemy. We understand assessments has been made in that neighborhood for similar thefts & outrages, we are both from Eastern States and loyal men - which we have abundant proof.

Could you, as commander of this department on the establishment of these facts on undoubted proof, make an assessment on these parties to indemnify us?

The proofs mentioned by the petitioner as being in my possession were kept some three months ago on the trial of one Hooks a rebel Mail Carrier. After his trial they were returned over to the Provost Marshal and are now not to be found

They were sufficient I thought to justify me in making the request of the Dist P. M. to order the arrest of some of the parties mentioned the order was accordingly given but the arrest was not made from the on account of the ill health of Old Mr Reed At least I understood from Capt Griffin P. The substance of the information I had as well as I can recollect was that they had harbored and fed Guerrillas and encouraging young men to enlist in the Rebel Army

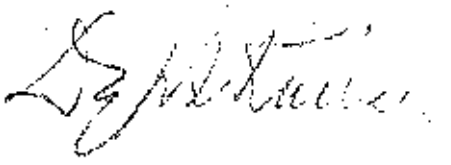
Petition



Clarendonville Sept 1st 1863

Brig Gen Ewing,
Dear Sir

We the undersigned, are citizens of Clarendonville. And we would respectfully yet earnestly ask, now as a company of troops, to be raised at this time, & would, respectfully call your attention to the following facts, for our inhabitants have to contribute to the war, in the way of volunteer troops. Next in order to guard our town each man has to keep guard ~~all~~ nights as often as every ~~fifth~~ fourth night. & if he is wanting in not & supplying us for our ordinary business.

1st It is necessary to keep guard around our town in order to warn the inhabitants against Rebel & ~~suspending~~ attention from the enemy.

2d Past to commence the ~~war~~ the most American town to rebels in all Kansas, & a town against which they ~~were~~ a personal spite, & they have publicly declared that it was their intention to destroy it & murder its inhabitants

3d They, our enemies, can carry out their threats just when they wish to, unless we are protected by troops.

4th We think that we are in more danger from the enemy now than at any time during the war. & Military men tell us

6th We feel that an unnecessary delay of even a few hours may prove our destruction. for we are unable to repel an invading force of one hundred men. & even one fourth that number would be sufficient to destroy us. & them our town. For these reasons & for many more which might be urged we ask for help as soon as possible. But in making this our urgent request we would not be oblivious of the difficulties & exclusions which attend the office which you hold, for we know that your time must be limited which you can spare for the many requests that are made of you.

And again while writing this we have just received news that we cannot get arms at Leavenworth, for our own protection. & if protection cannot be given us immediately, our business men say that they will have to leave the place, ~~which is of course a great injury to our prosperity~~ & our future growth, which is claimed to be one of the most important business centres in southern Kansas.

In explanation of the order recently issued directing the closing of certain groggeries at request of the Quartermasters Dep't, I am instructed to say that Hotels, Boarding Houses, and Stores were not meant to be included, so far as their legitimate business is concerned. The sale of liquors only was intended to be prohibited in low dens, and shanties, in restaurants &c. When the sale of liquors is included with that of other commodities, the former phoned to stopped — the latter allowed to continue, until at least it is discovered that it is made a cover for the former.

Sir,

I have to report to you, that since I have been in command of this Guard, the 16th Inst., I have had nearly every day a case of Drunkenness amongst my men, without my being able to discover, where the Liquor was obtained. On Sunday the 20th Inst. Pvt. Henry Wiebes of Co. B 178th Regt N.Y. Vols. obtained permission from me to go to a Beer Store for some Medicine, he returned dead Drunk and was put in the Guard House on Bread and Water allowance. Yesterday morning early, he showed me the house, where he had been made Drunk and robbed of $30.00. The house is No. 251 South Street and is kept by Morris Hardy. This morning I went there and found the Bar room full of soldiers, a bottle of Spirits and empty glasses on the counter and it was evident, that the party had just been served with Liquor; I therefore ordered the Store to be closed.

The next house to this, a grocery store, is kept by Mrs. Margaretha Chrystaller, upon the information of Pvt. Henry Wiebes, that this woman also had sold Liquor to the men of my guard, I ordered this store also to be closed. Mrs. Chrystaller did not deny having sold Liquor to soldiers, but informed me, that all the stores in the street close now the habit of doing so and I shall therefore keep a good watch over them.

I am, Sir
Very respectfully, your obed. Servt.

Genl:

Last Saturday, on the arrival of the passenger train from Memphis at this place, I caused to be arrested a Mrs Regan, a woman residing here, who, I was informed, was in the habit of smuggling. On having her searched, the following articles were found concealed on her person, viz:

36 Finger rings, 2 Breast Pins, 2 pairs of Ear rings, 4 Shirts, 14 Handkerchiefs, 7 Head dresses.

Knowing that she would receive on that day, packages of goods from Memphis, and suspecting that there would be contraband articles among them, I caused them to be examined. I herewith enclose the shipping permits upon which she got them shipped from Memphis, and a list of Articles found in the "pack of Onions" mentioned in said permits.

The Barrell of Onions, contained two Gals Whisky, and in a pack of hams, was found 20 lbs. of Tobacco. This Mrs Regan has been a pest to both Civilians and Soldiers here for a long time. She has frequently been detected selling liquor to Privates without any permit from this Office to purchase. Men belonging to my own command have often made

such purchases from her, and she has caused much drunkenness among the troops.

Some of my own men are ready to testify to this.

I still hold her under arrest, as well as the man, Mr Cann, the writer of the letter which I send you, and which was found concealed on her person.

I have seized her whole stock, and had its invoice, and await your orders on the subject.

It may not be amiss to state, as affording some idea of Mrs Rugan's character, that, before being searched, she held up her hands and solemnly swore that she had not a single Article concealed under her clothes.

Very Respectfully

I have the honor of representing to you — That on or about the 26th of September 1863 at ~~La Grange~~ Grand Junction Tennessee the 6th West Tennessee Cavalry Commanded by Col Hurst took from me every thing I had, even my clothing, and said he had confiscated them, because I had been smuggling — a part of my goods were sent to Major Smith of the 6th West Tennessee Cavalry who is in partnership with a Sutler at Grand Junction the rest of my goods were sent to ~~Lag~~ Head Quarters of Commission

Department at Lagrange Tennessee
They then turned me outside
of the lines— I was quite sick
at the time, and am still in
poor health—

I am and always have
been a Union woman— I never
have smuggled anything out
side the lines—

Look on me a Union woman
claiming protection, I make this
appeal to you— not that my
goods may be returned imme-
diately— but that I may
have a fair and an im-

the hearing of the case before
a proper Court, I am found
not guilty then that my goods
may be returned—

I Pray that you will

Order a trial in my case and not permit my goods to be taken without it's done under orders of a proper tribunal before whom I can try

The goods taken from me amount to about Two Thousand dollars - it's all I had in this world except my children -

I Pray you to order that my goods be not destroyed but that the same be held at Saginaw to abide the issue of my trial -

I deem it my duty to send you a copy of the following dispatch this moment received from down of the most substantial & best known men of Northampton County & beg that these outrages be at once suppressed. Jos Segar Cashell Va 7th. Jos Segar. The undersigned citizens of Northampton Co are constrained to complain of the conduct of the troops sent there under command of Major H. Z. Haynor Capt Augustus Hoyt & Lt Evans of the Artillery. On Sunday afternoon when ordered from their encampment to the Steamer Roanoke they took with them a large number slaves of various ages. Some of the owners unarmed & defenceless citizens & some of them civil officers of this County on the following morning went to the boat to induce the military officers to

return their property. Some of the citizens were seized by the soldiers in a violent manner & tossed in a blanket & from an apprehension of worse treatment were compelled to leave the officers in command on board the steamer & on the shore & in sight & hearing of the soldiers did not restrain the soldiers in their bad conduct. The slaves are stowed away on the steamer & it is supposed she will leave during the day. They are hopeful for immediate redress.

FROM EAST VIRGINIA.

It appears that the apprehensions of the people of Accomac and Northampton counties for the grievous consequences that would flow to them from the presence of troops in their midst were to some extent realized, notwithstanding the happy revocation by President LINCOLN of the order to assess on the people of the two counties an amount sufficient to repair the damages done by a party of Confederates from Richmond to the Cape Charles light-house. A despatch has been received here, respectably attested, stating that on Sunday week a body of troops under the command of Major H. Z. Hagner, Captains Maginnis and Hoyt, and Lieut. Evans, of the artillery, behaved with great violence towards the people of the latter county. In marching from their encampment to the steamer Kennebec, sent to convey them away, the soldiers took with them a large number (rated at about fifty) of the servants belonging to the citizens and lodged them on board the boats. On the following morning the owners of the slaves, unarmed and defenceless, further than as they were accompanied by the officers of the civil law, visited the boat to induce the military in command to surrender their property. The only redress they got was the forcible seizure by the soldiers of some of their number, who were tossed in a blanket, and the driving off of the remainder. No restraint upon the lawless and outrageous conduct of the soldiers was exercised by any of the military officers, notwithstanding all that passed was within their sight and hearing.

Colonel

I have the honor to forward, under guard, with the accompanying papers, affidavits &c. prisoners, & stragglers as per list herewith enclosed.

Gilbert Kennedy a citizen of Ohio, who is one of the number was sent through the lines by order of Major Genl. R. H. Milroy, Comdg at Winchester, Va. sometime in the month of April '63, for the reason of his having been found at Winchester and could give no legitimate reason for his being there, and that he was an open outspoken anti-war man and had made use of treasonable language on the streets of Winchester, Va, and was in secret communication with the Rebel citizens there, which reasons Genl. Milroy considered sufficient to treat him as a dangerous man and ordered him to be escorted through the lines in the direction of the Rebels, not to return within the lines of the Federal Army under penalty of being treated as a spy.

When Genl Milroy was driven out of Winchester in June

last, this man came in with the Rebel Army and went among the Federal soldiers to look for Corporal Grant. one of the Provost Guard, who had escorted him (Kennedy) thro' the lines, and was determined to have revenge on Grant, and made use of language as related in affidavit of E. L. Lucas, herewith.

I also send you Isaac Shipe a Rebel Soldier charged with Horse stealing, and will send you affidavits in his case by mail to-morrow or in a day or two. I am waiting for persons to come from Winchester who have sent me word they will be here soon to testify against Shipe. He is a notorious scoundrel, and deserves a severe handling from what I can learn of him.

I also hand you affidavit of Jackson Robinson against George Fugitt, a prisoner sent you a few days since.

I am Colonel

Comdg at Annapolis Md,
Colonel.

Enclosed you will find the statement of Capt. Hack, Comdg Levies, made to me in relation to the conduct of Mr. Mrs. and Miss Bright towards him while in the discharge of his duties.

I sent for the said parties, and after they arrived at my office, I stated my object in sending ~~them~~ for them. They had been cautioned a number of times not to harbor soldiers, without passes, or with passes which did not expressly state that the parties had permission to remain in town over night. I told them that if they would persist in the practice of keeping soldiers without proper passes, I would have to use more stringent measures, and, if necessary, confine them in jail. Whereupon Miss Bright used the most insulting language, towards Capt. Hack, Lieut Lewis and myself. Threatening at the same time that if we dared to come to their house again, in search of soldiers, we would come at our own risks.

Colonel, in my opinion, there should be

an order issued to the various Hotels, Taverns, and Boarding Houses, that they should not harbor soldiers over night, unless they have passes bearing upon their faces, expressly that they have permission to remain in town over night. This would materially help to break up the gangs congregating around the city at night, for no good.

I am, Colonel,
With great Respect,
Your Obedient Servant,

Provost Guard House,
Annapolis, Md.,
Sept. 4, 1863.

Lt. J. Keffer,
Asst. Provost Marshal,
Annapolis, Md.

Captain:

I have the honor to report that in obedience to your instructions, I formed a Guard of sixteen men, one Sunk and file, and proceeded to search Public houses for Soldiers found lodging in such places without proper passes. I first proceeded to a house facing the Market House, kept by one Mrs. Bright; stationed a Guard around the premises and rapped upon the door, asking admittance — stating that I was in Command of the Provost Guard and was ordered to arrest all soldiers found lodging in her house without proper passes. I proceeded to examine the sleeping rooms and found four Paroled Prisoners (Soldiers) with false passes, and two other Paroled Prisoners (Soldiers) without any pass at all. In the last room entered I found a man lying in bed, awakened him and found him to be the Husband of the proprietress. He became very violent in his language and actions, and threatened to assault the guard, using abusive and threatening language to me personally. Upon proceeding down stairs with prisoners arrested, was met by a young lady, purporting to be the daughter of the proprietress, who was very violent in her

words and actions. She approached Private Henry Dabell of the guard and with clenched hand struck said Private Dabell upon the back, and at the same time using abusive and disrespectful language to him and the other soldiers in the discharge of their legitimate duties. She then approached me and threatened to strike me, at the same time using the epithets "Conscript," "Yankee," "Puppy," "Chief," and "House Breaker;" and other abusive and threatening language - stating she would take an axe and break my head; and in a loud and violent tone of voice demanding of her father and mother to eject me from the premises. Having accomplished the object of my search I proceeded to have the prisoners (soldiers) taken to the Guard House.

Respectfully, Captain,
Your Obedient Servant,
Leo. M. Black,
Capt. Comdg Provost Guard.

I wrote to you on the 8th inst, requesting you to send a negro woman and children, of whom I have the care, to a contraband farm. The present indications are, that nearly all of our negroes will leave. I wish you would have their names registered, so that as they leave me, they can be placed on a contraband farm, instead of being employed in any other capacity by the government. I will give you the names of those who have not left their homes. I give two names, as they sometimes take their masters instead of their fathers

In the matter
of
Messrs Nelson, Rudisill,
Stark, Allcock, Schmidt,
& Slaughter - citizens of
Culpepper, arrested by order
of Major General Meade

General.

In reference to the cases of the citizens named above I have to report as the result of an examination by myself of the persons, and of an investigation had in the matter by the best means in our reach. The four gentlemen first named - Messrs Nelson, Rudisill, Stark & Allcock are merchants in the village of Culpepper C.H. and have been so for a long time past, dealing in the usual variety of goods belonging to ordinary country stores - such farmers are in the habit of finding a general assortment of Dry goods - hardware - groceries - shoes &c. They do not deny that since the war began they have brought merchandise which they have

passed our lines in an unauthorised way. For many things - such as women's Calicoes - & women's and Children's Shoes - the few that did come, always came in some way from the north.

Mr Nelson in two cases has sent tobacco by way of Front Royal & Maryland & he exchanged for country goods. Since the goods came in return, and the last time he has had not heard from him nor has the advance of our army a few weeks ago stopped the contemplated exchanges.

I cannot learn that either of the other gentlemen have gone as far as this - and all of them, Mr Nelson included, agree with great confidence, that they have never (except as above) through a partner, agent or otherwise been instrumental in running goods through the blockade - or done anything but make offers for goods exposed for sale to Culpeper merchants - & for which there was a constant demand by their country customers.

They will deny that in any case, have any goods been purchased by them - for or on account of the confederate Government or any agent thereof or that any have been sold by them to the confed-

Government or any person, its agent; or otherwise than by retail to the class of customers described —

I do not find any facts tending to disprove their statements — or to show that on any little purchases they have made, has any attempt been made to collect or convey military information.

Goods running the blockade have for some time past, I find, gone by the way of Charlottesville. The gentlemen named asks the release from arrest on giving a parole not give aid or information to the enemy — which is respectfully recommended with the addition of their being bound not to leave Culpepper C. H. without permission from the Major General, while our army remains in its present position.

Mr Schmidt has been identified as having been engaged with German Jews in running the blockade and has been sent under arrest to Washington.

Mr Leo Samuels has not been found —

C. Slaughter is a boy 16 years of age, who has I think been unfortunately deprived for his father

Who is a Surgeon in the rebel service.
I recommend that the same favor be given
to him. Papers in the matter are enclosed

I have the honor to forward you six prisoners with enclosed papers, in reference to their cases. The report of Capt Higgins 73d Reg O.V.I. Contains all the evidence in my possession in regard to the above prisoners. The Character given to John T. Brann I believe to be entirely true. Although he produces evidence of having taken the oath of Allegiance, his Conduct as well as his Countenance indicates very strongly that he is a grand scoundrel. And the statement of his son Lucien Brann that he belongs to the 4th Va Cav may have only been given to Cover his sins.

Provost Marshal 11th Corps
Captain -

On the night of the 30th ult. I was sent in command of an Expedition of about one hundred men and Officers into a locality some five miles east of Brentsville Va and near to the Dumfries and Brentsville Road for the purpose of capturing some Rebel Cavalry and some Rebel Secessionists who are & have been for some time connected with bands of Guerillas. On this Expedition I arrested and captured the following persons - and under the circumstances hereinafter described -

John Linn was taken at his home some three miles South East of Brentsville, On his person I found an Enfield Rifle loaded, and on asking him how he came by it, he said that he had found it in a Swamp near by. His name had been previously given me as and I had been told that he was known as an active Secessionist and that he acted with Guerilla parties in making raids on Government trains Sutlers &c. in the neighborhood of Fairfax - His brother is in the Southern army - His brother Thomas in the Army is now concealed in

The neighborhood where John Love lives - John would give me no information as to where his brother was - denied that he had seen him, or that he knew any thing about him - I learned from other citizens that his brother had been in the neighborhood for six weeks or more. John Love, is known by Union men as being actively engaged in aiding the Rebels in every way that he can. He has not taken the oath, nor does he deny that his sympathies are with the South.

I next took Lucien Beaver and William Lovelace at the house of Mrs. Kellys, some four miles South East of Bentonville Va. Mrs Kelly House is noted as the recent of Bush whackers Guerillas and Rebel soldiers and her name had been given me before starting on the 2d Inst. Lucian Beaver, had with him a loaded Carbine & a pair of Spurs - At first he denied that he belonged to any organized body of Rebel Soldiers, but subsequently acknowledged that he belonged to the 15th Regt of Virginia Cavalry. He was in bed at the time I found him and his Carbine was sitting against the wall at the foot of his bed.

William Lovelace was in the same house with Beaver when found under the foot of his bed stood a Musket loaded. He denied that he was in the Rebel Service - Said he lived eight miles from there and said that he had previously been in the Southern army but had left it and had taken the oath of allegiance to the U.S. Government

He showed me what purported to be his oath of allegiance dated May 10th 1862. I had summoned the house so quietly that these men were surprised while in bed. They showed no resistance, but denied at first that they were or had been actively engaged in any way against the Government. The circumstances under which they were found and arrested convinced me that they were rebels in arms against the Government and nothing has since occurred to change my belief.

The next man taken by me was Capt W. B. Lee. He was at his home some three miles South East from Bienville. I found one of the Union Knapsacks at his house hidden with the uniform of our soldiers. He is a brother of the first Lieut whom I took and has a brother belonging to the Rebel army and concealed in the neighborhood where he lives. He said the Knapsack found at his house was left there by his brother. He would not tell me where his brother was, denied that he knew where he was, but confessed that he (his brother) had been at his house but a few days ago. His name had been given me as connected with the Guerillas of that neighborhood. I have no doubt myself from the evidences surrounding him but that he is actively engaged as a Guerilla.

The next man taken was John F. Beene

the father of Lucien Beavers. The first man I saw
& who said he belonged to the 1st Virginia Cavalry. I
had been at John D. Beavers house at about three
o'clock in the morning and took from him a grey
horse. I found a sack of salt at his house also
several sides of sole leather and a few pairs of
shoes. One pair of Government shoes. He had been
told that he was a rebel - that the Guerillas had been
at his house. That he acted with them - fed them &c
and that was the reason that I searched his house
& visited it at all.

He told me that he had taken the oath of allegiance
to the U. S. & professed to be loyal to the Government
&c. &c. I did not take him prisoner then but
the next morning he followed me and for the purpose
of getting the horse I had taken - and then as before
said that he had taken the oath while a prisoner
of ours before. He showed me his papers &c. and said
that all his friends and relatives were Union, and
took the occasion to make quite an eulogium on
the glorious government that professed loyalty to -
I asked him if his son (then a prisoner with me
that I had with me) was in the rebel service - He an-
swered "O no." But said I, Jones son says that
he belongs to the 1st Va Cavalry" At this he gave
great surprise - I then asked the son if his father
knew that he belonged to the rebel army and he told
me that his father knew it and that he had

told him, and that he had been at home armed for several weeks, some two months. This mans name had been given me, as a Secessionist as one who furnished shoes & groceries to the Rebel troops lurking in the neighborhood. He showed me the Paper subscribing to the his oath of allegiance Some of the prisoners that I had with me say that the old man Beaver had told them that he never has taken the oath - that they consider him a Secessionist and one of themselves in Sympathy &c. He is known by the Union men in the vicinity as their enemy and as one acting engaged against the Government - I was told by a Negro. (who was present listening to the old mans story) not to believe him that he was lying to me and that he was a "big Rebel" &c - Such is his character among the true Union Men of the Neighborhood - One of whom was with me as guide on the night of the Expedition

Captain:

The following is a statement of the Refugees now at this Outpost:

1. Miss Jane Stone native of Massachusetts. Has resided in Macon, Geo. for several years - employed in teaching music. She desires to return to her home in Oakland, Mass., to remain there. She is desires to take the oath of allegiance and is undoubtedly loyal in sentiment.

2. [illegible] Dr. Swan. Resides in Cincinnatti, Ohio. Was on a visit to Macon, Geo. at the commencement of the war and was thereupon been unable to return. She desires to return to her home, near her parents and family reside, in Churchville, and will not wish to again go South. She desires to take the oath of allegiance and is undoubtedly loyal in sentiment. Has been refused at Macon about two weeks ago.

I arrived at Blackwater at Franklin.

J. James W. Hawkins Co. "D" 12th Regt Va. Infantry. A conscript drafted in April 1862. Has not served in the army, but has been employed in general [illegible]. Says he has always been a Union man. Is a native of Richmond but has lived several years in Indianapolis Indiana, & which place he [illegible] & got to his uncle's living there. His wife & H. Alec Hawkins came with him [illegible] & go to the same place. He desires [illegible] to take the oath of allegiance and will not wish to return to the South. His statement perfectly correct. They came across the country via Murphreesboro Manton and Gatesville [illegible] evening & packets.

Their statement confirms that of Robert Bell deserter from 6th Va. Regt & [illegible] in previous dispatches in regard to forces going south, & Jeffersonville, [illegible] Petersburg. Bell says that in one day saw two regiments & to the army on Tuesday evening & each ago on the road to Franklin. Hawkins says he saw a Corps with three [illegible] on Wednesday morning

Just the men and they were going to Germanna. He understood that they were Longstreet's troops and thought they would be going to Germanna or Charlottesville. He said this then rebels were undoubtedly sending a large force south.

He says that a friend of his, a member of D.H. Hill's staff, wrote him from Chattanooga about two weeks ago that they were evacuating Lafayette Ga. and he thinks D.H. Hill's division, or corps, is with Bragg's army. I & I said south about a month ago.

He says he seems to be short of coin & stringent than ever. [illegible] Telegraph dispatches &c. from Washington he has no positive knowledge of

(The two ladies from Manchester crossed at Franklin's & boat being towed across by a Major of Col. Griffin's (2nd Geo. Cav.) [illegible] men confirm this & Hill &c, that only a moderate Cavalry force is on the Blackwater. I do not think it hardly possible that any advance is contemplated in this direction [illegible]

I think that the four persons mentioned could all be safely and properly sent North [illegible] I suppose

Wilson.

To which Charges and Specifications the accused plead as follows.

To the 1st Charge ——— Not Guilty. To the specification under 1st Charge — Not guilty.

To the 2nd Charge — Not guilty. To the specification under 2nd Charge — Not guilty.

H. H. Wilson being first duly sworn deposes and says that he is a physician and farmer. Residence Obion Co. Tenn. I recognize Mr. Wilkins, do not Mr. Lattimer the accused. When he came to my house he told me his name was Lieut. Wilkins. Since then I have heard him called by Wilkins. Prosecutor offers in evidence a paper marked "Exhibit A" purporting to be a safeguard from Gen. Asboth dated Jan. 30, 1863. I did not see Maj. Newsham with the said paper. A man named Reeder obtained it for me. About the 10th Feb.

Mr. Wilkins the accused, called Lieutenant, and four more came to my house. They took from my possession a double barrelled shot gun and two pistols. They I exhorted against their taking those articles, at the same time presenting my safeguard. It was the same safeguard exhibited here to the Court. It was presented after they had got the articles in their possession, but before they had carried them off. The accused remarked that Col. Moore had instructed him to respect no order. Lieut. Wilkins appeared to be the leading man. I was absent when they first came to my house and they had got the articles in their possession when I arrived. I would state that I think Wilkins did not fully understand the order, I tried to impress on him the danger in which he was placing himself. The gun was worth $35. Pistol one was worth $15 - the other about $5. One pistol was mine the other did not belong to me but I had been talking of buying it. The gun was not mine but I had been talking of buying it. I had them all in my possession.

After reading the safeguard he seemed undecided, but after words said he thought he must take them as he must obey Col. Moore order.

To the Court. One of the pistols the master at arms testified to John A. Wilson, and the gun belonged to David Sears Otter Co. Tenn.

Cross Examination

Reeder is a man living near Richman. He is considered a straight-out union man. Reeder knowing I was considered loyal put it for me. I have taken the oath of allegiance. Think it was in the Spring of '62. I took the oath because I was required to. Don't think I would have done so if I had not been required. The pistol belonged to a younger brother of mine living at Richman. Davis to whom the gun belonged was at that time I think in the confederate army. I was keeping his gun for him. I had had the gun in my possession off and on for about three years. The rebels had taken three guns from me and left me without any. I went to Mrs. Davis and told her I would like to take the gun and left. I had nothing to shoot with. I was fond of sporting.

I knew at the time I had my arms that an order had been issued for citizens to give up their arms. I reported that I had arms. I had a rifle also which was not taken. I got permission to keep arms, at Richmond, Capt. Beale. also Capt. Hopkins at Richman & wear under arms.

Counsel for accused raises the point that Union Co. was not in the Dist. of Columbus at the date of issue of safeguard viz: 30 Jan 63

Counsel for accused also admits the paper purporting to be a safeguard to be genuine.

And now on this 25th day of March 1863 the Court being cleared for deliberation and all the members being present and having matured weighed and considered all the evidence both with the statements of Col D. Moore in Mo. by and the testimony of Joseph Peck this day given and recorded in the case of the United States vs. complaint of James M. Frankham against James Latimer and Camillus J. Young. do find the ~~the~~ accused Camillus J. Young and James Latimer

We have just received information that Dr Cheesman (alias Riddell) & 5 others took a skiff 20 miles above 12 mile Island on Sunday night last, & said to the man (at whose house they were in the habit of stopping at) that they were going to 12 mile Island & would remain there until they could make arangements either to get through the line to the S Confederacy or get off to Canada. Lewis Smith is one with them who is very much such a man as Cheesman. Mustack & Goatee not quite so heavy. He has been shot in one of his hands, which I understand is not entirely well. Major:

I find upon examination that your accounts for July and August are ~~incorrect~~, and I herewith return them for correction. The errors arise from computing the amounts due your clerks at the rate of $2.00 per day. The rate per day, in a thirty one day month, when the salary is $60.00 per month, is $1.93 1/31. The amounts due your clerks are:

O'Donnell	$56.13
Grismold	52.26
Woodson	69.68
Ayres	114.51
Chandler	8.25

Ayres' voucher should state at what time his services commenced. Chandler served forty one days from July 22d to August 31st. The amount due him is $8.25, extra duty pay being twenty five cents per day.

You will make each separate vouchers for yourself and each of your clerks.

McLaughlin's voucher for rent of Guard Room should be $18.38 and not $18.50.

For the reasons above stated I have to request that you will correct these accounts and return them to this office.

Colonel,

In the case of Geo W. Jester and William Van Brekirk, charged with stealing the Horses of Mr Koontz, and Daniel Carrol of Cooper Co. on or about the 4th of Sept. all I have been able to ascertain (after a personal interview with the parties robbed) is that on the evening of the said 4th Sept. four men belonging to Co "I," 4th Cav M S M took their Supper at Mr Koontz, and that night the Horses were gone. The horses have never been seen since and cannot be traced as ever having been in their possession.

Respectfully Submitted.

Your favor dated 31st Aug. has
This Moment been received requiering me to report
the facts relative to the Murder & Robbery mention
in my recent letter to you. The circumstances are
briefly these, on the 22d Aug (Saturday) a band of 18
Guerillas, Murdered two loyal Citizens named
W.E. Williams & Abner Underwood This was done
about Nine Miles North of this place. The
Murders took the horses & a portion of the Stolen
Sold goods of their Victims, immediately after
the News reached here Capt Dundon then in
Command here, Sent a Scout under Lieut Shinn
who repaired to Neighborhood & learned that the
information was too true, They pursued the
Party but they were too far in advance to be
overtaken Lieut Shinn Saw the Murdered Men
Capt Dundon informed me late the same
evening that the Scout returned that he had
received orders to leave here, & that mention
was made, of any troops to succeed him, This
caused considerable alarm among the Citizens
as it was believed that the Bushwhackers were

More Numerous, in This neighborhood, than they had been for some time past, hence the communication that myself & others had the honor of Making To You, — I had fully supposed that Capt Dundeen had reported all the facts within his knowledge relating to the Murder, & had I have known that he had not done so. I Certainly would have been more explicit in My letter to You, [redacted] Capt Dundeen with much promptness & zeal in endeavoring to overtake & punish the Outlaws, & I suppose that in the hurry & excitement in getting ready to leave on the short notice given him was the reason that he did not report the facts to You,

We are preparing by affidavits to acquaint You fully with all the Circumstances Connected with the affair Judge Appleby will deliver the Papers to you about Tuesday next. or so soon as we can get the witnesses who are to testify to the facts.

Respectfully

Charles Singleton being duly sworn states. I was once in the Southern Army I remained there some five months. I resigned my office & Left And returned home, this was about the 1st of May A. D. 1862. I got home the 20th day of May. I resigned at Memphis. My home is in Clay Co. Miss. Maj. Barnes was in command in my Co. at the time of my return. I was sick when I returned I reported myself to Judge Rogers Maj. Barnes gave me a Letter that I had reported, and ordered me to report again. I afterwards reported to Barnes took the Oath and gave Bond. I left the Army with no Intention of ever having any thing to do with the Army again. I supposed that I was over age & would never be called on as a Soldier again. I desired to be neutral, attend to my business & permitted to do so. In the conflict between Federal & Confederate forces I being a Southern man, of course my feelings were with the South. In case there should be a Separation I would visit Memphis to go South. Since my return from the Army I have desired to be neutral in all these things, Since my return from the Army, and since my taking the Oath & giving bond I

have been Southern Rebels; they were at my house about the first of February, by name, Joe. Hart and Vandeven. They remained there some ten or 15 minutes. They came about 2 O'clock at night and wished to remain until morning but I refused telling them I had been in the Army and was under Bond. They did not ask any questions. I live about 7 miles from Missouri City. The last time I saw Col. Hoff he was at Van Buren Arkansas, I saw Gen Rebels, last at Springfield. I have never seen any other Southern Rebels except Hart and Vandeven since my return from the Army, except two that belonged at one time to my Company, and they were on their return home, to give themselves up which I advised them to do. I have heard that there were Rebel privateers in Clay, I heard that Hoff & Roberts were there near Liberty or Missouri City. I was in Company with two men, some miles and a half from Mo. City when I met Cliff & Bird, they made the inquiries of me if I knew where the boys were, I inferred from this they were Rebels men. My reply was that I had understood they were near Liberty

At that time. They then remarked that they would like to see the boys, and enquired if there were any more of them near there. I answered & cried not tell them, for I knew nothing of their whereabouts only from rumour. They then enquired if I knew anything of a McCoy, who lived to be with Quantrill, & told them there was no such a man ever with him, in that County. I told them maybe it was McCoy they meant, they replied yes that was the man they then asked if he was on this side of the river or not, I answered I did not know whether he was or not though I had understood they he was. They then enquired the way to his house I cried not tell them, but I told them he lived somewhere in the bluffs. They then enquired the way to Mrs. Alsee, that they had been directed there by Allcorn, who told them she would give them all the information they wished. They told me a short time before making this last enquiry, that they were fleeing from the Conscription in this Co, and desired to know how the people thought of it in Clay Co. I answered & told them, that there seemed to be a good deal of dissatisfaction about the Conscription in my County. I then directed them to Mrs. Alsee. They then enquired of me if I suppose Mrs. Alsee knew any thing

about the boys. I replied I did not know whether she did or no. They then remarked they would like to see Mrs. McCoy. I told them Mrs McCoy would likely be at mine though I did not know. Cliff then spoke up and said that Mrs. McCoy was living at her mothers, I replied I supposed she was, that I had forgotten it, but I may remember that I had heard that she was staying at her mothers. During this time Bird pulled out a blank book, and had upon it a round circle with in a cross in it, and asked if I knew what that was? I told him I thought I did. Then they asked my if I had ever lived in this County. They then said they thought they had seen me here, and asked my name, Cliff asked if I was a relative of the Singletons in Andrew, I told them I was a distant relative. They then inquired again the way to Mrs. Cleaves, and I told them & they left. Bird & Cliff never claimed to be detectives, I only find out what they were, by their inquiry about "the boys." I never directed them anywhere except to Mrs. Cleaves, where they had been directed before. I suppose Cliff and Bird were men going to join Hyde, by the inquiry they made. I did not report this to any Mill. Authorities, I went to Missouri City and spoke of it there, but there was no offer

Trans fairs to it. There were men present of all parties. After taking the oath of allegiance to the Gov, I tried to be a loyal man, supposing the oath tied me to it, I think a man can be a loyal man and have sympathy with this rebellion. I would not under present circumstances be willing to assist the Government in putting down this Rebellion, I would however if we had or could have the old Constitution as it once was, but I have desired and still desire, to be neutral and have so desired since my return from the Army. I understood that in taking the oath I bore allegiance and loyalty to the Government of the United States, The oath was forced upon me, was not a voluntary act of my own, At the time I took the oath the Gov. was protecting persons who took the oath in their possession, My opinion is that a man can feel any way, and at the same time bear true faith allegiance to the Gov of the U. S. I would be called on to assist in enforcing the Conscription, provided that assistance, I would perform it willingly for in feeling I would release it.

Question, Do you believe that a man can protect support and defend the Constitution and Gov. of the U. S."

And at the same time desire the success of the Southern Army, also wish to see Missouri go into a Southern Confederacy."
Answer.

I believe if a man lives here & sticks to his oath, does violate it any way, and obeys the calls made upon him by his Government I believe him to be a Loyal man
Question

Do you believe a man can stick to his Oath, and at the same time desire the success of the Southern Army? And in case the independence of the Southern Confederacy is established, desire that Missouri go into that Confederacy.
Answer

As far as the oath is concerned I never thought that it made any material difference in a man, only binding him to Loyalty
Question.

Do you believe a man can be Loyal & desire the success of the Southern Army.
Answer.

I believe a man to be loyal when he obeys his oath and bond, and the laws of the Country. I believe a man can keep his oath and Bond and still desire the success of

Southern Army, he would at least not violate the laws of the Country he is in.

On Monday the 10th day of Aug 1863 I did not see Mr. Singleton. was not with him. I did not meet a couple of men I was not for two days. I had a conversation with Bird on the 10th of Aug. they asked me a few words to me. We asked me if I knew where he could cross the River, I told him I did not, but that probably Mrs. McCoy could. They asked me if I knew where the boys were I told them I did not know, I don't think I directed them to Mrs. McCoys I did tell them that they stayed about two & 1/2 miles from town on Sunday night, I did not tell them not to go to Jeffries. I told them I supposed McCoy could give them the information they wished. I told him I had heard that the boys had all crossed the river, for I had seen Col. Hoer and he told me that they were going to cross the River on Saturday night. I saw them myself near the place they were at. They were then not far from the Riders Races.

There were four of them by name Col. Hoot, McCoy Caldcleaser, and another they called McCoy. They showed me their signs. I did not see Clay & Burd anything about any signs.

Mr. Singleton lives some three miles from my house, I have never heard of his keeping bush whackers or any thing of the kind. I had one conversation with him, and then he opposed bush whackers very much to me. I have never been to Mr Singletons more than once or twice since he has been at home. I have passed his house frequently and I do not know that he has ever suspicioned I feeding bush whackers. In February last, he loved one night Hard and Sandefer came to his house, to stay all night, and he told them they couldn't stay there, for he wanted nothing to do with secessionists and he told one night they went off and he has never seen them since, and he supposed he had made them

may. Mr. Singleton has always shown a kind feeling towards Union men, to a greater extent, than any one else that ever went to the Confederate Army.

We the undersigned citizens of Clay County State that we have known Cha Singleton for several years - he has been a good neighbor and a quiet peaceable citizen - and outside of his southern proclivities is an unexceptionable ~~citizen~~ man -

Politically - he states his position to be this - That he is a Union man - he prefers the old government and the union as it was - and prefers that there should be but one government - and that - the government of the Union - But in case there should be a division and two governments consented to by both parties - which he would at all times oppose - he would then - after the division was consummated - prefer to go with the Southern Government, to the North-ern - provided the Northern Government recog-nized slaves as property - and the Northern Government did not -

We believe - in fact - know him to be a quiet harmless sort of a man - and feel well satisfied that any pledge or assurance that he would give as to his quiet deportment hereafter - he would live up to strictly -

Harris ~~Jr~~ Member of My Company on Saturday Night the 4th day of April 1863 about the Hour of 11 o'clock P.M. That Joe Hart at the Head of a band of Guerillas was committing depredations in the Neighborhood of Claybrooks Mill and that He the Said Hart had robbed the residence of James Harris (Father of the Said H H Harris) and also that they had robbed Daniel Hatsell, a Son in law of Said James Harris and also a Member of My company of the E.M.M. I gathered five Men Members of Co H followed Hart and Exchanged fire with his band and captured Two Negroes from him One named Jim Brown aged about 18 the other named Neil Grayson Aged about 17, from these boys I learned that Early in the Evening of Saturday the 4th day of April about 8,0 clock From they Negroes in the band east of Main Hall House four of them went into the House and got their Supper and got their Horses fed and that one Stayed with the Said Negro boys as a guard in the barn until the four who had gone into the House returned, to the guard in the barn and then reported to the guard which information they had received From this Hall about who Had come back to get some to get them they said they had not

where there were guns and pistols. And Mentioned the Names of Squire Harris (that is James Henry) and of Daniel Gibson. And also Mentioned the fact that H H Harris had a Bay Stallion, and from there they went to the said places and took all the good guns and such other property as they saw fit. On the 8th day of April following I went with a Squad of the E Tn Vn to the House of John Hall and interrogated him about the visit of said guerillas he at first denied their visit but afterwards owned to the visit of 4 men who he said were Federal Soldiers and Members of Col Pennets Regiment of Tn. V. Inf. And that when they came in Hall and family were eating their Supper having been to Liberty that day and that the said 4 men did eat their Supper and feed their Horses as the Black boys had said,

Neil Bryson also recognized the said Hall as a person who Had been in the Breach with the said band of guerillas on Friday before and who told the said Hart that he the said Hall was going to Liberty on the next day and then the said Hart gave the said Hall several commissions to execute for him the said Hart in Liberty to wit, to buy Tobacco, some Provisions for a coat for the said Hart and he the said Hart would call at the residence of said Hall on the next night to get the Tobacco and other things which the said Hall had agreed to purchase for the said Hart in Liberty at the same time Bro Friend. I Know Nothing myself of the arrangement between Hart and Hall, except that Hall did go to Liberty on the day & Lawyer Bryson said, that he the said Hall told me that he had been to Liberty on that day

abon Stated. And I further believe that the said Hall is a dangerous man and a has been a active secesh and is still a bad and dangerous man

The said Neil Grayson led us to the House of said Hall direct and pointed out the fence corner in which they lay while Joe Hart, Louis Vanover Bennet Wood Frank —— (the surnam not known) went into the House and Supped. And Joe Hart Frank and Bennet Wood came out and Billy Coe went into the House and sat his Supper and when he came out Louis Vanover came with him And John Hall guided them a part of the way to Zac Risons who fed them and brought out blankets for them to sleep under And the next day Saturday he the said Robinson brought out Horse feed & dinner for them into the woods where they were Hiding in the brush back of said Robinsons barn, On Saturday Night they went to William Campbells and took away Jim Brown one of the Black boys which Joe Hart Had left with Campbell for safe Keeping, On Sunday Morning after the fight with Hart we went to Campbells and found Jim Brown then Campbell said there was a black boy at his house who Had came in during the night that he had never seen before but when I questioned him closely he found that the said Brown had been left at his house on Wednesday by a person not known to Him and that they Had called the night before (Tuesday night) and taken him (Brown) away with Person whom further questioned Campbell" Denied that a Stranger Joe Hart personally and sent for the said Hall Said Hall went at Campbells house & Joseph

times the year before, Neil Grayson States that
when John Hall came to the guerillas in the woods
on Friday afternoon he brought word from
Campbell to Hart to come on Saturday night
and take Jim Brown away as he the said
Campbell was fearful the federals would find
the black boy at his house and thus implicate
him, I know Zac Robinson to be a dangerous
man and a man that will join guerillas as
I know of one circumstance in which he did do
it, When Brg Co. K. was Stationed at Centerville
last November One night I took a Squad and
went on a scout into the bottoms of of Fishing
River at Zac Robinsons I sent in William
Reed and Alfred Fuller to represent
themselves as Bush whackers and to get
thing to eat and to learn to whom to go
to get across the river. I lay in a fence
corner and heard the conversation I heard
Robinson tell Reed & Fuller to go to Charles
Singleton who would guide them to Some other
person who would put them across the river
he the said Robinson gave them provisions to take
with them to eat, About 2 or 3 hours after
words I called on Robinson to know if any
person or persons had been at his house that
night. Robinson denied positively that any
person had been there that night. Robinson
was at his home under bond And when
I was questioning him he said that he was
under bond and he was determined to do
as he pleased and that he would

vs
John D. Hall

The defendant John D. Hall being duly sworn states, I am a resident of Clay Co in the State of Missouri I was arrested last Thursday evening in Clay Co, Mo. About three months ago three men came to my house. They were all armed with revolvers and were all strangers to me. They came in and demanded supper. I told them I was a hospitable man, and was not in the habit of feeding strangers. They said they were Penicks men and must have their suppers. They then enquired their way to Haynesville and left. That night from the discription of the men, they went to James Harrises and paged themselves for Col. Penicks men and called for their suppers and after they had eaten their suppers enquired for arms and a trained sorrel horse. However his son was riding his horse. They then went to Daniel Askews and enquired for arms and confederate money and then took a pony promising to return it. They then started off and soon met with the militia and had a skirmish with the militia, and the militia got the horse back again. The men had two negro boys with them, which I afterwards

learned were boys taken from the "Sam Raby" when she was attacked by guerrillas at Liberty. The negroes were re-captured. I live about a mile and a half from a place in Clay Co. called Centerville. A week ago last Sunday I heard of ~~them~~ bushwhackers being in Centerville Clay Co. I heard of them being in several places lately. Harvey McCray ~~told~~ told me the bushwhackers were in Centerville. I know Solomon P. Bigelow of Clay Co but do not know much about them. I saw Jo Hart- the guerrilla last Christmas a year ago. I never have seen him since that time and he has never been to my house at all. I voluntarily surrendered myself last ~~Sunday~~ Thursday to the Provost Marshal at Kansas City. The reason I surrendered myself was because on last Tuesday evening a man came to me in Liberty Clay Co and said ~~How~~ how do you do Mr. Todd. I told him he had the advantage of me. He said you ought to know me. I told him no. He said come out here I want a conversation with you. We walked out and he said where is them bushwhackers. I said what bushwhackers. He said don't you know. I told I knew of none but heard there were two in Cen-

travelled last Sunday. I asked him why he spoke as he did. He said Sir I have heard of you before I told him probably he knew he refused to tell his name, but said he had four negroes and was fighting to free them. This man belongs to Capt Garths Co. This alarmed me and I thought he was going to arrest me and soon the militia come to arrest me, and I started myself and them came and gave myself up.

I read your copy of agreement with Cantieny & Kepper & with Bailey.

Cantieny came back here and made one of his ranting, blackguard speeches which ends with the condemnation of every decent man in town and the whole of the Committee who were down there.

I was a good mind not to have the articles printed until I had your opinion of that speech but I could not well altogether what I wanted to do so I went and talked with Bailey & Kellogg Dreyfus & McCracken of the Committee

I was also a great mind to have the agreement published and told those members of the Com— that it was not just to give me all the benefit of the press to show his trimmings to the Secessionists while the concessions from that side were kept close but upon their urgent request that the agreement should not be

publication and strong assertions that they deprecated what he had said in his speech and promises from McCracken - whom he never said had the same influence with Gaffney of any of them - as well as the others that they would use all their influence with him to have him stop using his authority as a Magistrate for the base purpose of gratifying his animosities towards those he did not like. I concluded to honor in the "Belle" for publication

The arrest may benefit him a little by learning him he is not invincible

Bailey says he has had warrants the prayer but I think he will write to you

I am not so certain the arrests could not have been sustained as plenty of men have told me they were glad of it and even his police force did not all of them applaud his arbitrary measures. Though I hear he tried to throw the burden of the general off and on their shoulders while down there saying the difficulty was between them & the detectives

I have not heard any of the boys say anything against the Police personally and Gaffney alone is responsible for the whole bad feeling there is here

But it is over now and the business portion want it to stay so do not let it be

I am in hopes I can get down there
and see you before long but don't
know when it will be

I have the honor to report that upon investigation as ordered. I find that the charges against Mr. C.A. Montross Treasury Agent cannot be substantiated. I know R. B. Kay who made the statement to be an unmitigated Scoundrel unworthy of confidence. I once discharged him from service as Detective for being engaged in illicit intercourse with a Negro woman in the day time and also for drunkeness and general worthlessness. I think that he should be immediately ordered out of the Department

Sir

Enclosed is the roll of contrabands as near as I can make it out. The main features however are correct though the name may not be. I applied to Col: Jenkins for Rolls but did not get an answer.

You will notice that many of the men drew more clothing than what their labor will repay. That is because they were ordered to Rolling Fork soon after coming here.

If there is anything more for me to do towards selling these men to get their pay let me know.

I should like to know if you receive this, and if you have received the Statement of tools and Camp Equipage I sent you some time since.

Provost Marshall 9th District of Ky

Greensburg Kentucky

Dear Sir,

yours 24th Inst came duly to hand and in reply would say, in accordance with your request I have made the following discovery, to wit, That one Evermond E. Barnes of Sharpsburg Bath County Ky was arrested and send to Camp Chase remained a considerable time and was finally released on taking the oath of allgiance returned home and afterwards joined the Rebels and was captured with Morgans Command and is now a prisoner in Ohio, for evidence in his case I refer to Dr Wm S. Sharpe former Provost Marshall Sharpsburg Bath County Ky and Rev N. F. Caldwell of same place, probably the latter will more fully know the facts, also Leeland Hathaway of Montgomery County Ky, took the oath of allgiance, joined the Rebel Army and afterwards returned home, and took the oath the second time, and visited the State of Indiana and brought home with him from Indiana a man who joined the Rebel Army with him, and Hathaway was captured with Morgans men in the State of Ohio, the same evidence as above ad Sharpsburg and John Williams Provost Marshall ad Mt Sterling, also John Headdison who was raised in this County and

moved to Missouri some years past, Joined the Rebel Army and was captured at Springfield Mo took the oath of allegiance and came back to this County, and Joined the Rebels again and was captured with Morgans Men and is now a prisoner in ohio, I cannot refer you to any certain loyal man for this information, It was currently reported when he returned here that he had been in the Rebel army was wounded and taken prisoner at Springfield Missouri, I saw him after he returned and he was still lame from his wound and I know that he Joined the Rebels and was with a band of them that made a raid on this place, this is all the information I can give in regard to his case, There was a citizen of this County by the name of John Daugherty that took the oath of allegiance before our former Provost Marshall at this place (Mr G. S. Fleming) and since Joined the Rebel Army and has lately been captured by the Federal troops at Mt Sterling he is a desperate character once made a raid on this place and threatened to burn our Jail and distroy our Town, but was prevented by some of the Rebel citizens, I do not know where he is imprisoned, will try and find out, These are all the cases that I have learned of in the short space of time I have had, shall spare no pains in trying to ascertain of more, should be pleased to hear from you frequently, nothing more worthy of note — respectfully

General

In answer to the communication of Genl Stone just received from you sir, relative to the persons confined at Donaldsonville, I have the honor to lay the following report before you which will explain the whole matter.

The parties named therein were arrested and sent to the hospitals for treatment, & paroled for the time being, as they were not at the time of their discharge from the Hospitals in my opinion sufficiently recovered to be sent in close confinement. Strangers sent them to my person box of Confederate States, & returned they have remained until Yesterday

others finding that they had entirely recovered. Sent them this morning to the Parish Prison, were they now are with the Confederate prisoners. The three which my especial attentions are desired to observe sent direct from the Hospital to the Parish Prison, several days afterwards, making now eleven of the twelve I received from Donaldsonville, the other one is still in the Hospital.

In relation to the two men on the list Stranger & Reston - one was paroled at Vicksburg the other at Port Hudson, and have never been exchanged since their Parole.

Trusting the above explanation will receive your approval.

I am General

Sir

In answer to your note asking my authority &c for cutting wood on the lands formerly owned by Dr Booth near Fort Jackson, I say, authority was given me by Hon D. A. Flanders Supt 3rd Asst Treas Dept.

The design in giving the privilege was to secure a supply of wood for the abandoned plantations Contiguous to Fort Jackson, being worked for the benefit of the U. S. under the supervision of the Agents of the Treasury Dept

The Condition was that I was to Cut & deliver all the wood I could on said abandoned plantations & to receive therefor Five dollars per Cord. At that price You will perceive that there was no profit to be made, but being Factors for some of those plantations I desired to furnish them at the least expense, & regard my action in the premises as

That he is a refugee from South Carolina. That he left that State two years since on account of his loyalty to the Govmt of the U.S. Whose since has been in Washington & has been principally in the sale of Military Goods boots & shoes the last winter was with the army as a baker at Falmouth. I has been at Culpeper and I got a pass of Capt Beckwith on the 19th & left to Washington and return I bought and was taking with me for sale 2 doz Mens Boots. 3 Backs (Boots) & there was also in the trunks a few articles of personal property offered. The goods was stopped and taken possession of by Col Wells Pro. Mar. General Defences South of the Potomac. I did not know that I had no right to take the goods out. I knew it was improper to take them without pass but I applied to Mr Van Zant Asst Supt Mail R. Says I am employed at Orange and Alexandria Depot. I was at the Depot this morning & stopped the trunk above referred to. I asked

what the trunk contained and Mr Sitton explained Clothing
& he may have added "boots". I think he added
boots after I refused to let the trunk pass.
if not before, but am not positive as to the time
when that word was added. At all events I did
not understand him to say that he had boots for
sale but on the contrary that the boots were for
his own use.

Stated Meeting

Sept 24/63

Headquarters Provost Marshal General.
DEFENCES SOUTH OF POTOMAC
ALEXANDRIA, Va., Sept 14/63 1863.

Statement of Mrs Martha L Dunning.
Miss Mollie Coleman boarded at my house for about one week in the last of June or 1st of August. I had frequent conversations with her, in one of which she informed me that she and one Wm King had taken a rebel mail in a buggy from Alexandria Va.
That she knew the Union Officers and that all she had to do was to get a pass for herself and driver, and that she would take King for the driver and pass the outer picket in the night, with the hooves feet muffled as well as the wheels of the wagon. She stated that said King did not need a pass to go by our pickets, that he had a way of his own, that it was no trouble for her to get letters from the South, that she could get them any time.
She said that she was the wife of Capt Griffin of Stuarts (Red Cavy) and she showed me four letters signed by him, three of them being dated at Harpers Ferry. One which was received just before the Rebel raid into Maryland. She said that she had

been arrested in Washington once for showing a Rebel flag and upon suspicion of being a rebel Spy, and that she had been in the Old Capitol. She, while at my house, wanted to get a pass to go to Burkes Station, where Lieut McCandless was stationed at the time, and intended to take the man King as a driver, her intention being then to get him past the pickets in some way to the Rebel lines. Miss Coleman said to me that King had carried a Southern mail, since he had been arrested for doing so. She did not implicate Lieut McCandless in the matter in any way.

I regret very much to have to trouble and annoy you with private matters and that it may be as little trouble-some as possible I thought best to make my statement in writing:

Sometime ago I made affidavit before a Justice of the peace that there was a certain negro slave named Betty in this County, that she was a fugitive, and that she belonged to Jane Ewing guardian &c, thereupon the justice issued his warrant. I then had a certificate of loyalty for her, and from Capt Minnick - afterwards upon new proof another certificate of loyalty was granted to her (Mrs Jane Ewing who is my mother) The writ was placed in the hands of Deputy Sheriff Henry Hutsching and it seems he and his co-deputy John Miller, arrested the negro on Sunday last - It seems that prior to that arrest Lt Moore deputy provost Marshal informed Hutsching of the fact that he had given the negro protection papers or something of the

Kind, (which I knew nothing of when I made the affidavit) she being represents and since proven to him to belong to one R. R. Jefferson - Yesterday evening I am informed Mr Kentsching and Miller were arrested and are now in the grand house -

Now for my own justification once to set these deputy Sheriffs right I propose below to present you what proofs are at hand of the ownership of Betty -

I state first that Betty is legally the property of Jane Ewing as the guardian of Jane, Maria & Mary Jefferson, minor heirs of R. R. Jefferson & his wife Mrs Louisa J. Jefferson, who was formerly Mrs Louisa J. Ewing, my sister and the daughter of R. A. Ewing, and Jane Ewing -

My father R. A. Ewing made his will on 24th October 185-2, in which appeare this clause - "Also I give and devise to my three granddaughters Jane Maria and Mary Jefferson, and to their heirs forever in addition to the land I have heretofore given to their deceased mother 160 acres of land" &c -

So that will then is a codicil in these words " I have heretofore

given to my said daughter Maria two negro girls by way of advancement, and also to the mother of my said grandchildren one negro girl by way of advancement" I say that Betty is the identical girl spoken of in that will-

The following is an order of the Cole County Court at its November Term 1862-

"Robt. R. Jeffuson having removed from this State, his guardianship is hereby revoked and Elaine Ewing is hereby appointed Curator of the sep=arate property of Elaine Ewing Jeffuson Maria Randolph Jeffuson and Mary Barbour Jeffuson minor heirs of Robt R. Jeffuson and Mifsouri Elaine Jeffuson formerly Mifsouri Elaine Ewing, now deceased, and her bond this day filed with N. Clay Ewing and Wm E. Dunscomb as securities; it is hereby approved and ordered filed".

At the December term 1860 of the Cole County Court the following order ap=pears of record- "R. R. Jeffuson guar=

dium of the Separate Estates of Annie Ewing Jefferson, Maria Randolph Jefferson and Mary Barbour Jefferson minor heirs of the said R. R. Jefferson and Mifsouri C. Jefferson, formerly Mifsouri C. Ewing, now deceased, presented bond with H. Clay Ewing as security in the sum of Two thousand dollars which is approved and ordered to be filed."

I further state positively that said negro Betty I know to belong to the minor heirs above mentioned from conversations I have repeatedly had with my father R. A. Ewing and with Jefferson years ago - The words of those conversations I of course cant state, but of the fact I think I cannot be mistaken Jefferson, as natural guardian prior to Dec 1860, and as guardian appointed by the Court after that time, of course held possession and control of this negro and hired her out and collected her hire -

If Kretsching and Miller were arrested on account of this matter I of course am anxious to set them right, and of course knowing as I do the owner

ship of the negro I would like to be permitted to have possession of her.
This I am ready and willing to verify—

Very Respty
H. Clay Ewing

H. Clay Ewing whose name is subscribed to the above writing makes oath and says he believes the above statements are true—

General Jeff City Sept 5th 1863

For your information I write this Communication between myself and — Hedging Deputy Sheriff, which occured on Sunday last, with regard to the arrest of a certain Negro, Betty — Hedging did arrested said negro Last 6th inst. upon a Warrant in favor of Mrs Ewing and Brought said Negro to my office saying he had come to try the Rights of Property between Protection Papers and a certificate of loyalty I told him I didnt do business on Sunday unless it was important that I had given Protection Papers, to said Negro - Betty - at the Instance of R. R. Jefferson, and that I had also given Certificate of Loyalty to said Mrs Ewing

Said Hughey then said he would do his
duty obey orders &c that he was ordered
to arrest said negro, by Clay County who
held him responsible - I then told him
he had better be careful how he
arrested negroes that was under the
protection of the United States he
then wanted me to endorse on the
warrant that the Military. Prevented
her arrest I told him I should do
no such thing. that I did not care
any thing about Mrs Ewing but
that I had given a certificate of
Loyalty to Mrs. Jane Ewing also
Protection Papers [redacted] to the negro
as the Property of R R Stevenson
and then Gen Brown + Col
Dudley was both in Town and

he could refer the matter to them
I also told him he had better not
put the negro on Davis. When he
left, my office he said he
would take the negro & the Sheriff to
Bruno - and refer the notes matter
to him - but I have since
learned from the Sheriff that
he never referred the matter of
him at all - but put her on
inquest on his own responsibility -

1 My name is G. A. Parsons, I reside in
Jefferson City Mo, and am Clerk of the
Circuit and County Courts of Cole Co
Mo - I have been acquainted with
Robert R. Jefferson for about twenty four
2 years - I am acquainted with
Maria Randolph Jefferson Mary
Barbon Jefferson and Jane Erwin
Jefferson - They are children of Robt
R. Jefferson - I have known them
from their infancy -
3 The only property interest that I know
of Robert R. Jefferson having in Betty
was simply one of possession - My
understanding has always been, and
which was derived from the parties,
that Jefferson was not the owner of this
negro woman Betty nor of any other
slaves, or property going from R. A. Erwins
estate, but that it was given to Mrs Jef=
ferson and her children - The only con=
trol Jefferson had was during his wifes
lifetime; and since her death he has
hired out this woman collected her
hire, first as natural guardian
and afterwards as guardian by
appointment of the Court - After the
death of his wife the other slaves have

been exclusively under the control
of R. A. Erving until he died and
after his death under the control
of Mrs Jane Erving- She have
had the care and custody of Jane
Maria & Mary. her grandchildren
since the death of their mother-

4 I am perfectly well satisfied that
the minor children of R. R. Jefferson
above mentioned are the legal
owners of all slaves coming from
the estate of R. A. Erving which have
been in the possession or under the
control of R. R. Jefferson- Betty and
Bill are the only ones that I recollect the names
of--

5- I know that R. R. Jefferson was ap-
pointed guardian of the property of
his minor children, including all that
came to them by R. A. Erving's estate
and also other property coming to them
from other sources, amongst that
property is the slaves aforesaid

6 I Know that Jane Ewing was appointed Curator for these minor Children in place of R. R. Jefferson after he left here, for the purpose of looking after this property of those minors [redacted]

7 I Know that Jane Ewing as Curator of those minor children is the legal owner of all of this property and as such is entitled to the possession thereof, and ~~is entitled~~ which the negro woman Betty is a part— The legal title is in Jane Ewing as Curator, and the equitable title is in the Children—

1 My name is Green C. Berry, I reside in Cole County Missouri and am a farmer - I have been acquainted with Robert R. Jefferson for about fifteen years

2 I have known Maria Randolph, Mary Barbour, and Jane Erwing Jefferson minor children of Robert R. Jefferson for about ten years

3 I know that the negro Betty did not & does not belong to R. R. Jefferson from the fact that Jefferson told me a number of years ago that she did not, and that she and the other property coming from estate of R. A. Erwing belonged to his children - This was after the death of his wife - At one time I know a negro trader wanted to buy Betty and Jefferson said he would not sell her because he didn't think he had the right to do so, for the reason that ~~they~~ she belonged to his children -

Several years ago I wanted to buy

a negro boy from him named
Bill, the son of the woman Betty
and offered him $600 for him -
He refused to sell him and gave
me the reason I have above
stated - That he belonged to his chil=
dren -

4 I am entirely satisfied that the woman
Betty as well as other slaves and land
and property coming from estate of
R. A. Erving's ~~died~~ belong exclusively
to the children above named -
I Know that Betty & Bill her son and
a woman named Christ are three of
the negroes, the other names I don't Know

of 5 & 6 I Know nothing about of my own

I have Known them for about ten years

3 It has always been my understanding
from general report and from what
Jeffreson himself has told me that
all property land and negroes coming
to him from estate of R. A. Ewing be-
longed to his children - I am satisfied

that Betty is one of the negroes that came from Ewings Est - and that Jefferson owned her - I know - Betty & Bill were two of those that I don't remember -

4.5-6 The answer to 4 - is comprehended in the answer to No 3 - I know nothing, of my own knowledge of 5th & 6 -

7 I am well convinced that Betty does ~~belong to the~~ as one of children of Robt R. Jefferson - If Mrs Jane Ewing is their executor she is the proper person to have possession and control over her -

1 My name is N. Clay Ewing - I reside in Jefferson City - I am a Lawyer by profession - I have Known Robert R. Jefferson for more than twenty years

2 I am acquainted with Maria Randolph Jefferson Mary Barbour Jefferson and Jane Ewing Jefferson, I have Known them since they were born - They are the minor Children of R. R. Jefferson & Mississippi Jefferson formerly Ewing my sister -

3 I Know of no property interest Robert R. Jefferson has or ever had in and to negro woman Betty referred to - Betty is a woman about thirty years of age and of a copper color - He has had her in possession and under his control but never owned her

4 I Know that the minor children above mentioned are the owners of certain slaves named Betty, above described, Bill a boy about twelve or thirteen years old and Christiana a woman about 22 years old - The last woman had three children living Letty Delia and Flora, all under ten years of age

and that they derived their title to said slaves by gift from my father Robert A. Ewing.

My father well remembers, was very much opposed to Mr Jefferson and my sister marrying and that was one reason he had for giving what property he gave them to her hus- & he has done the same thing in the case of another married sister & was his universal rule which I know from all of his acts-

I have repeatedly heard him say, in substance that such was the case that is that these negroes & other property had & ~~[illegible]~~ belonged to Jefferson's children- I have heard the same thing from Jefferson often- In fact there never has been any doubt about the matter-

I know that after my sisters death Jefferson took all the other negroes, or rather the other negro, back to my fathers house and left her there with his children & desired and proposed to leave there other Betty; but my mother, having a large family of negroes told him she did not want her there but for him to hire

his estate and give him the money for the support and maintenance of his children and which he did-

The latter statement I have known only from the family generally- all, so understood it, my mother will make a statement in relation to that matter

5th I have hereto for stated it as a fact within my own knowledge, for I did all the business, and I now repeat it- that Jefferson was made Guardian of his children to take charge of property coming to his children, derived from sources other than himself, by the Cole County Court, and that these slaves including Betty was a part of that property, and also that after he left him his guardianship was revoked by the County Court and Jane Ewing appointed Curator in his stead for the same purpose -

7 I know that Jane Ewing is Curator of the minors aforementioned and as such, is the legal owner and entitled to the possession of Betty, which

opinion, I presume will not be gain-
sayed by any lawyer—

When my daughter died Mr Jeffreson brought the children and negroes to me - I raised the children - he left Christ with me & wanted to leave Betty but having a large family of slaves I told him I preferred his hiring her out and letting Mr I. appropriate the money to the use of the children which he did - He frequently, asked

me if I would be willing for her
to live with at this place or that
as the case might be - She
are many incidents I could name
going to show this ownership in
the Children - I know it to be a
fact -

5-26 I have always understood he
was appointed their guardian - I
never saw the record of his ap-
pointment - I was appointed
Curator after he left to take charge
and care of the negroes -
As Curator I am entitled to
the possession of Betty -

Sir:

On the 25th of August last, Colonel W. J. Sir:

On the 25th of August last, Colonel W. T. Shaw, 14th Iowa Volunteers, and President of a Military Commission at Columbus, Ky., reported that two citizens of Kentucky, named McComb and Grant, recently seized, bound and carried away to that State from Cairo, Ills., by the connivance of Mr. Yokum "the Superintendent of Contrabands", at Cairo, whom they bribed, a contraband in the employ of the Quartermaster's Department: that McComb took the Negro bound on board of a Steamer at Cairo, in accordance with an agreement made with the officers of the Steamer. The Secretary of War directs that you arrest Yokum, and the officer of the Steamer if he can be found, and send them to this city

city for trial by a Military Commission, in charge of an officer, who will report himself to the Adjutant General upon his arrival here.

Colonel Shaw may be able to give you some information in regard to the officer of the steamer. The other parties, McComb and Grant will be sent here for trial by General A. J. Smith, Commanding at Columbus, Ky.

I am, Sir,

Very Respectfully,
Your obt. Servant

Dear Sir

Most respectfully do
I ask your permission to address
you on the subject of the Lamon
ed gentlemen of Montgomery Co
Mo. Order of Genl Merrill in
the Month of January 1863. to
the State of Indiana. Two of
three of these gentlemen who have
not been called home.
The names of these persons are as
follows, Doctor St. W. Allen
David Rowlin and B St Spencer

What charges there is against them these persons have never been appriseed nor have I been able to learn them. On Saturday last I was at Col J C Breadhead's Office, he said there was no record of these persons in his Office, and that I must go to your Ex. and advised me to address you by letter. There was a petition got up by the Loyal men of the State of Indiana to have them to return to their homes, and endorsed by the Governor of that State and he sent it on here by Mail and I called to see him if he would release these gentlemen on the Indiana recomendation but after he found that there was no record in his Office told me he had respectfully returned the Governors letters. Pushed him why he did so he said he had no power to such a way that was not in his Office, but advised me to go to you

All of these persons that were banished by General Burnside at that time, have been released and sent home without any trial. The Rebels said during the war as soones called they that were of Southe sympathy Col Ino I mean, I wish to know the charges against them. I wish to know if you will allow them to come home and will be greatly to your favour General, if you will let me know by letter as soon as can be convenient to you my

Gen J. D. Cox,

Dear Sir.

Since our agents have left for the different armies. I have received tickets intended for distribution among the soldiers. a part of which seem to be intended for your department. We are anxious that they should reach the men before the time for the election, and not knowing where our agent for your ~~Dept~~ would be reached. I have taken the liberty of sending a pkg. to your address, by this days Express, hoping that you would give the tickets the proper direction. If you know the whereabouts of Mr. Sullivan, you can forward the whole to him. Some counties sent in their tickets "in bulk," without any indication as to where they belonged.

Dear Sir.

I hope you will excuse me for the trouble I may give you, but I seem to have no other resource. We have sent our agent to Gen. Burnside's command with tickets for Ohio soldiers, but through the carelessness of some of the County Committees some tickets were not received here till after he had left. I do not know where he now is, or how to reach him with certainty, and have therefore sent a pkg. of tickets to your address by express, hoping that you may have it in your power to put them into the hands of some one about to go, who will see to their being properly sent forward. Our agent, Mr. L. M. Sullivan, is somewhere in your Department, and if the tickets could reach him, he would take charge of them. We are anxious to have the soldiers vote as fully as practicable

Encloses oath of Heaney. arrested for uttering disloyal language. Capt. St. Gen writes Capt. Allen that he has been officially informed as Pro. Marshal of St Genevieve Co. and calls attention to the circulation of treasonable correspondence in violation of Order No. 1. viz Bardstown Rebels. Also Also large numbers of returned rebels come back from the rebel army and do not report. Says that the Co. M. M. of his County are in a complete state of demoralization in consequence of being under command of rebel sympathizers.

Rec'd Sept. 29th 63.

Office of Asst. Provost Marshal for
the County of St Lawrence, Eleventh Dist. N.Y.
St Lawrence, September 23d 1863.

Capt. C.C. Allen, Provost Marshal 9th Dist. N.Y.

Captain,

I herewith, you will find oath of allegiance taken and subscribed to by Thomas Hamsay, arrested for making use of disloyal language and for disloyal characteristics. This is the last report to your Head-Quarters of duties officially discharged by me as "Asst. Prov. Marshal for the County of St Lawrence", as I am now relieved from duty by order of the Commander of the Department of the No. — I know not why I was relieved, except it be for a very strict exercise of vigilance over the traitors of this County, and from the fact of Asst. Prov. Marshals being removed, while actively engaged in overhauling rebels in other parts of the state, there really seems a fear with "the powers that be" in this state of doing too much hurt to the enemies of the United States Government.

Since the announcement of my removal, which cast a gloom upon the Countenances of all true Union men here, the traitors & Sly sympathizers have been quite jubilant, and are speaking out their sentiments quite freely, in connection with eulogistic remarks in favor of our Department Commander and Prov. Marshal Genl.

In order to show you that this removal was understood and

anticipated by the most traitorous of the Copperheads here, the Post-Master called my attention, yesterday, to the number of packages coming again to this Post-Office of Newspapers the Circulation of which is suppressed by "Genl. Order No. 1. dated Headquarters St Louis Dist. office of Prov. Marshal, St Louis Mo. May 11th, 1863." The traitors doubtless expecting, as in my removal, to obtain the free Circulation, again of their Copperhead, treasonable Newspapers. But the Postmaster here, strictly loyal, will not deliver any forbidden publication without paid order is revoked. Indeed, there has been a smuggling to this place of the "New York Freemans Journal" one of the suppressed Newspapers in No. by having the same sent to "Prairie-des-Rochers" P.O. Ills. and then carried secretly to this place and distributed, in direct violation of Paragraph I of said Genl. Order No. 1. I happened to capture, thro' the agency of our Post-Master here, a bundle of said (smuggled) papers which I send you.

Thus you will see that there never was more necessity than now for an Asst. Provost Marshal in this County. Rebels returned for months in the Co. — have never reported to take the oath or to secure pardon for their allegiance, while others are returning daily; Bands of armed murderous bushwhackers are depredating not more than 20 miles from here, and on Saturday night last a certain Felix Vincent, from this Co. belonging to a guerrilla band, came to within two miles of this place with impunity. The Militia — in this County being in Command of disloyal or Copperhead officers, are left in a perfect state of disorganization, and thus inefficient

Union men are therefore left perfectly insecure, and are apprehending violence on account of my removal and the consequent removal of the small force which was recently sent here under my orders. — My only regret is, therefore, in acting from office, to see the fair & loyal people of this County left entirely at the mercy of traitors. My official Connection with your office, and with you especially, to whom I had to make my direct regulations & reports, has been of the most agreeable nature, and shall ever be cherished in patriotic remembrance.

Meantime, I am as ever Captain,

Respectfully your Obt. Servant

Capt. C. C. Allen
Provost Marshal St Louis District Mo,
Captain,

Since my last Semi-Monthly report, the case of Gideon Chadwell & family, charged with Secretly Corresponding with Rebels, as the same was referred to you with Copies of the intercepted letters, being referred back to this office with instruction to act, I accordingly administered on the 7th Sept. 1863. the oath of allegiance to Mrs. Lucinda Chadwell, to Miss Martha A. Chadwell & to Miss Amanda Chadwell, which they each swore & subscribed to voluntarily, & triplicate Copy of each oath duly transmitted to your headquarters - On the 8th day of Sept. 1863. Gideon Chadwell appeared and sworn & subscribed to the required oath of allegiance, and entered into Bond in the sum of $1000. to the United States, with two approved sureties, a triplicate copy of said oath also having been deposited in your office to be filed - and said Bond delivered to Capt. Isaac Gray, Qual. Offr. Contraband & Confiscated property, Pro. Mar. Genl's Department, as per instr. of 9th Sept. 1863. Agreeable to written demand made, based upon disloyal demonstrations, and secret Combination against the U.S. Government, and the appearance of a fair Bushwacking on the borders of this County, a Proclamation by Brig. Genl. Wm. K. Strong, as per "Special Orders No. 68. Headquarters St Louis Distr. Sept. 11th 1863." and on the 15th inst. 1st Lieut Gibson reported to me for duty with a

detachment of 20 men Co. F. 11th Mo. Cav. Vols, I have granted them, and immediately put said force on duty as Provost Guard for this County. The Commander of the Guard assisted on 14th & 15th inst. by my orders, the following persons, whom I send you as prisoners, to be tried for the charges accompanying this report, - Viz,

Joseph C. O'Neal, having returned from the rebel army in November 1861, and never surrendered to the U.S. military authorities, & having on the 5th Sept. 1863, hurrahed for Jeff. Davis & uttered other disloyal language as per affidavit &c.

John D. Owens for hurrahing for Jeff. Davis &c. as per affidavit,

Owen Perry arrested 15th inst. for harboring rebels and other acts of disloyalty as per evidence &c.

Hamilton Counts, harboring, assisting & holding secret intercourse with rebels, and not informing U.S. Military authorities &c, as per evidence accompanying Charges vs Hamilton.

Hamilton, also find duplicate Copy of oath of allegiance administered to Wm M. Mitchel, citizen, of disloyal character,

Lieut. Gibson and 7th Cavalry force of 20 men, now subject to my order, by Brig. Gen. Strong, have been performing about 8 efficient duty. I intend to make proper use of this force while stationed here, & intend to weed out Uncle Sam's territory within my district. It would be well if ten men more of the same Command were sent here, as the present small force has been pretty well tasked in duty. I am, Captain, Respectfully

Sir

I have the honor to make following report Concerning Capture of two supposed Confederate Spies. who gave their names as follows, (1st) James McGregory Co. C. 2nd Miss Regt. (2nd) Patrick Means Co. B. 1st Georgia Regt. Whilst stopping at Leach's landing St Marys, County I had reason to suspect James McGregory as a spy for he intimated to me that he had a friend further up the shore for the purpose of gaining information Concerning the departure of Balls, I then proceeded to Benedict St Marys County and found Patrick Means. I then arrested both parties they made all the resistance that they could but by the assistance of bystanders I succeeded in placing them on board Steamer Mary Washington a boat running from Balls to the Patuxent river, I then proceeded

to Millstone Landing Md. When the Asst
Pro. Mr. from Leonardtown came on board
the Mary Washington with two prisoners in charge
when the two prisoners Mr. Gregory & Means plotted
in my hearing, a plan to throw the Asst Pro. Mr.
from Leonardtown overboard at Fort Mc Henry.
Mr. Gregory also made an attempt to escape out
of the window but was interupted, They also were
singing while on board steamer Confederate songs
such as, Bonny blue flag, Beauregards quick step,
& also they said that Abe Lincoln President
of the United States was a d—d nigger son
of a b—ch, and that all the Federal officers
were d—d thieves, and if ever they, Mr. Gregory
& Means would at their first opportunity impart
to the C.S. officials all the information they could
in regard to making a successful raid into
Md. The reason I got this information from
them so easily was, I represented myself as a
rebel which they believed

Thinks that Genl Lane, Montgomery, and Lincoln were all a set of thieves. Did not believe in the emancipation of Negroes, or any part of the present Government. At this time he suspected we were officers, and took the back track, but was soon overhauled. Said his business in Vienna was to get the signature of Capt Stone to the declaration now on our persons. First stated that said paper was wrote the 1861. but afterwards said it was wrote two days ago in Rolla by one Judge Wadelle of Springfield. Thought we were Bushwhackers, and wanted to join our gang and Rob the Stage Tomorrow (Saturday) night about sixty miles from this section: Told us he was on secret business, and gave us some secret sign, which he says he got from Judge Pinney. Carrying the idea that his present journey was on said Secret duty. First said his horse was Judge Pinneys, but afterwards told the right owner. one "Fallen.. Knew where there was four twenty or thirty Head of Horses, we could get near Viena, and he would go with us and point them out. Knew where there was a band of Bushwhackers at the Head of Piney and could go to them. Says Judge Pinney told them one or two ago, that he (Pinney) was a southern man, and if the south did not gain their independence, they did not want any thing. Made arrangements with us as to what part of plunder he should have in the sing. Was to meet us at nine Oclock the same evening to start for the country

"said there would be hell near Vanevoille inside of twenty days by the Bushwhackers. Intended to take his tools (as a Doctor) out of town with him same evening. Wanted extra share in the plunder as he was a Doctor. Named the following names as men he knew to be Southern & the back bone. Was no mistake about it. Had secret meetings.

Provost Marshall of New Orleans,
Captain,

Two men calling themselves Joe Sangrenette and E. Landry were taken here yesterday under suspicious circumstances, having, as they said, come from the vicinity of College Point, and being desirous of returning there, after remaining in the neighborhood of the camp, about one hour. I placed them in the guard house and sent in one of my men, dressed as a citizen, to obtain what information he could from them. A shot being accidentally fired near the camp, one of them said to the other in French, Good, good, there come the confederates. The other immediately replied, Hush, I know this man, he is a soldier. The man whom I sent in, Corporal Myers by name, finding he could learn nothing more, then left them. I consider the circumstances of the case sufficient to uphold me in sending them to you for further investigation.

I deem it my duty to inform you that one James M. Potts, who was released on his oath and who brought hither with him a Bond for $1000 (One Thousand) asked me on his return to this County if I would accept John Wesley Griffin as security, this I declined as the property of said Griffin is so much encumbered as to vitiate any such surety. I told him very politely, that if he would fill the Bond with One really responsible Name I would be willing to place Griffin second on the Bond This man Potts promised do do by 26th Inst. in this he failed. I have just learned that Potts has absconded, probably to the State of Illinois, but to what part of said state I am at the present time uninformed.

I learn that Reuben and George Madison of St. Genevieve County, released under similar circumstances, have also left for they same state, they having relations there. I last evening sent a Sergeant and squad of men after Mrs Kirkey & Garber. The Sergeant report they overtook the women seventeen miles from here. They had no contraband goods except what the permits were for viz one bushel Salt and 10 lbs nails. All other articles they claimed were for themselves and they had a small bill of goods for a Mrs Estes. The Sergeant says they denied having bought any goods or articles for Mrs Archer or Judge Hunter, and they had bills in their own names and in name of Mrs Estes for the goods they had, and he could find nothing to indicate that any of the articles were for others, and therefore he returned

Statement of Patrick Wall:

The witness Patrick Wall, of lawful age, being duly sworn, deposes and says — I live at the Gov't Corall on Mr. Rannells' place about 8 miles from St. Louis — I work there —

I know — Speight and David French —

Speight has been employed at the Corall, skinning mules —

"French" was also employed as a night watch. — he told me that Speight had offered him $50 for each mule he would take from the Corall and deliver to him — that he "Speight" had Brands to fix them & a wagon to take them away —

I know that one mule was found upon Speights premises, but could not swear that it was a Gov't. mule or had been taken from the Corall. Speights reputation for honesty is bad — I never had any difficulty with Speight.

Statement of Richard Fennaly

The witness Richard Fennaly of lawful age, being duly sworn, deposes and says — I work at the Govt. Corrall on Mr. Rannelle's place about 8 miles from St. Louis ——

I know "Spaight and French" — Spaight was employed at the Corall in skinning mules.

I was and am employed at the Corrall as night watch.

After "Spaight" had ceased to be employed at the Corrall, he proposed to me to steal Govt. mules from the Corrall and that he would give me $50 per head for all such.

I reported the matter to the Foreman the next morning.

I cannot remember the time when the proposition was made to me. Several mules have been missed from the Corrall since I have been there.

Sept. 16. 63.

Statement of Michael Lynch.—

The witness Michael Lynch, of lawful age, being duly sworn deposes and says.—

I live at the Govt. Canall on Camille place about 8 miles from St. Louis, and the receiver of Taxes.—

I have known "John Speight and David French" about 3 months.

Both have been employed at the Canall named.

On or about the 1st Sept. inst. a Mule was missed from the Canall, under the direction of the Asst. Supt. of the Canall a search was instituted; the Brush was Examined as also the fences— nearing "Jno. Speights" house the Superintendent proposed searching his "Speights" stable; it was done and the missing Mule found there.

Speights general reputation for honesty is bad.

I am positive that the Mule found in the stable had been taken out of the Canall.

Statement of

David French

Sept 15. 1863.

Statement of David French.

The Prisoner David French, of lawful age, being duly sworn, deposes and says:—

I live in Clinton Co. Ills.—I am a laborer.

On March 10th 1863 I was engaged by Mr. Worden who had charge of a Government Corrall on the plaw of Mr. Ramalls about 8 miles from St. Louis—I was employed as a night Watchman. I remained there until about Sept. 3d—

I left of my own accord and came into the City—I got into no business.

During the time that I worked at the Corrall, I became acquainted with John Spaith, a German—Spaith was for a time employed at the same Corrall.

Spaith lived about ¾ of a mile from the Corrall—I understood that Spaith was discharged.

After his discharge, I went on one occasion to Spaith's house after some Shirts when Spaith told me that he wanted me to get him some Government Rules—that is, steal them—

he was to pay me $60. a piece for them. I got for him in all, 5 mules — I would take the mules to Spaith's house and deliver them to him or put them in the stable.

The last mule I took him was a mare Colored, about 3 years old; I took the mule to Spaith's and put it in the Stable at night.

Spaith was not at home at that time — I went there the next morning and told Spaith's [redacted]-in-law that I had brought the mule when he said that he would turn it into the pasture.

The mules were Government Property — Spaith knew it as also did his family — it was a family matter — they all knew that I was to steal the mules and sell them to Spaith —

Spaith paid me $130 — The last mule I took there was recovered —

I do not know what Spaith did with the mules.

I never took him but 5 mules.

Court of Q. B. Dec. 9.

Statement of Patrick Ford.

The witness Patrick Ford of lawful age, being duly sworn, deposes and says — I live at the Govt Corrall about 8 miles from St. Louis — I work there —

I know ——— Speight — he lives close to that Corrall — Speight has been employed in the Corrall in skinning dead animals — the Contract which he had with the Govt. was given to another party —

After losing his Contract "Speight" said to me that as I had a good chance to take Govt. mules being on the night watch, that he, "Speight," would give me $50. for every mule I would so take and deliver to him.

Speight's reputation for honesty is bad. I am a loyal man, I have been in the Volunteer service. was under "Mulligan" at Lexington.

I have never had any difficulty with "Speight" — about the only conversation we had was when he made the proposition named —

The proposition named was

made voluntarily by Speight.

I never took any Rules – I did not Report the matter because I was told that nothing could be done with Speight for simply talking.

I do not know that any parties furnished Speight with Rules but by hearsay.

Statement of Neil Colgan:-

The witness Neil Colgan, of lawful age, being duly sworn, deposes and says:- I live about 8 miles from the City of St. Louis at "Rannels" pasture - I am assistant superintendent of the Govt. Corrall there

On the night of the 2nd of September last, previous to going to bed I went into the stable where the Govt. Employés kept their Horses & fed them -

I saw there a Mare Colored Mule in the morning following the Mule was gone - I made inquiries of the man in charge of the night watch, "Patrick Wall", as to whether he knew of any of his men having taken the Mule out of the stable - he said not - I then told him to come with me as I supposed that the Mule had been stolen.

Myself, "Wall" and "Michael Lynch" went and Examined the pasture fence to see whether it had been taken down or broken down during the night - we saw nothing to indicate that the Mule had broken the fence and escaped.

I then made a proposition to search the Brush and during that

Ranch it occurred to me to go into the stable of "John Straight" (who had had a Contract at the Corall to skin Dead Animals) who lived about 1/4 of a mile below the Corall.

We found in "Straights" stable the mule in question. I am positive that the mule was the same taken from the Government stable the night previous.

The mule belonged to the U.S. Govt.

One "David French" who had been employed in the Corall as a night watchman confessed, in my presence that he had taken the mule and had placed it in Straights stable — he also confessed that he had feloniously taken 11 other mules from the Corall, all of which were Govt. property.

French asserted that Straight had been his accomplice in all these transactions — that Straight disposed of the stock, and paid him French, $5 for every mule so delivered.

At the time of discovering the stolen Colored mule in Straights stable, Straight was absent — his family told me that he had gone to

Springfield Ind. but when Straight returned he said that he had been to Springfield Illinois.

Straight's general reputation is that of a Rogue.

I arrested Straight by order of the Superintendent of the Cemetery C. A. Riggs.

Statement of Joseph Hart.—

The witness, Joseph Hart, of lawful age, being duly sworn deposes and says:—I live in No. 106 Novard St. St. Louis—I have been a U. S. detective Policeman——.

I know Frederick Norman and have known him about 8 years—he is a Farmer, he lives about 11 1/4 miles from this City—

I first knew him in Allen's Bottom, I was then working for a man named "Cook"—I did not know anything against his character for Honesty at that time—Some 4 or 5 years after I renewed my acquaintance with "Norman"—he then lived where he now lives on "Aspen Avenue" St. Louis Co.—I saw him in town, Cor. Novard & Broadway. he had come from Market—I asked him where he had been, he said in Kansas and Nebraska—told me where he lived and asked me to come and see him.

I was at that time selling wood. Some two months after this I went to see "Norman"

I first became aware of the character of "Norman's" business from the

fact that he, "Hamann" asked me if I did not have some Counterfeit money. This was not asked directly, it was in a round about way —

I frequently saw "Hamann" after this, he was a Braggart, he would boast of making money — he afterward Enlisted, I think that he deserted — do not know what Regiment he belonged to —

Saw "Normann" next at Biddle Market, visited him afterward —

The first time "Hamann" mentioned the matter of Horses to me was at the "3 Bells House" on Franklin Avenue — I was there in Company with "Gus, Conning" — I was then Employed as a Detective in the Office of the Int. Rev. Genl.

I had been trading in Confederate Notes some time previous; "Hamann" said to me that if I wanted to make money ~~money~~ in the "Horse" business I had better come & see him —

Byron N. Robb and myself went to see "Hamann"; I introduced "Robb" as my partner in the Horse Trading business.

"Robb" did the talking, he showed "Hamann" $3 or 400 in good money —

"Robb" told "Homann" that he had plenty more at home and that all he wanted was to get his Horses at a fair price —

"Robb" and "Homann" either $5 or $10. in "Counterfeit bills" on some Eastern Bank — Robb told him that the Bills were not properly Colored — "Homann" remarked that he could fix it.

Some two or three weeks after this I went, by order of Capt. Tallon, to see "Homann" at his house, to arrest him on "Homann" and the man whom I arrested at "Homann's" house — think the man's name is "Miller", he is now in Detroit St. Prison

"Homann" and "Miller" went into a Theatre and brought out a Horse that had been Condemned — and which they sold to me — I was promised a U.S. horse but was cheated, it was so dark that I could not see —

I brought "Miller" in town with me, promising to buy him beer — when I got to "Wessels" stable Cor. Green St. I arrested "Miller"

I afterward went to see "Homann" and made him believe that "Miller" had got drunk, gone to a house of ill-fame to —

"Homann" remarked, never mind him, he is a deserter & good for nothing —

"Homann" then offered to introduce me to a man he called "Big Fritz" on the Belle Fontaine road, that I could make more money with him, that Miller was of "no account" —

Saw "Fritz" — was introduced by "Homann" — Fritz was unwell, told me to call again.

Robb and myself went to see "Homann" again — Capt. Fallon & the whole Police force were along, some distance behind — Robb and myself went to the 6 mile house — we saw there "Big Fritz" and the "Old man Cedricks" together with the wife of "Fritz".

Fritz and the "old man" went out to get a "Mule" and the woman made a fire and put into it two Brands — a "W." and an "S" she had also a Brand — letter "C", Robb told her that it was not necessary to put that (the "C") on, as we had a better one —

Fritz and the "Old man" brought in the "Mule", he was not Brainded — I am sure of this — I did not want to see

the branding and went away when I saw him about 10 minutes after he was branded on W. S—

Robb then gave "Fritz" the $50 which he was to pay — I asked them to help me drive the mules out of the Gate, they did so & when Capt. Tallen and the rest coming up we arrested the two.

Robb and Coming went back after and they told me that they found 4 Brands, a "W.S" and two "C's"—

"Hamann," "Fritz" and the "Old man Deidrick" are now in Prison.

I think that the mules belonged to a Citizen — Mrs. Fritz Deidrick acted as though she was accustomed to the branding business — she said that she knew what to do—

In obedience to your order of 29th ultimo I have investigated the matter of Jas Stout's complicity in the murder of "Woolford" - Charges & Specifications accompany this report - There can be no doubt of the guilt of Stout - I learn that he was tried before a Military Commission at this Post and ably defended by Capt (now Col) J. W. Hunter but was pronounced guilty and sentenced to death - Stout's friends have Capt Hunter receipt for attys fees - Three Hundred dollars ($300*) - I will catch the rascal if he can be found in my District and forward him for further trial and punishment -

Respectfully returned with the information that I have no doubt as to the guilt of "McClurg & "Stout" I have written down the statement of three of the "gang" who murdered "Woolford" & they all agree that Stout was one of the principal men in the affair. The statement of one of the party is now on file in the Provost Marshal Office at Pilot Knob. These men were tried by a Military Commission & Sentenced to death but McClurg afterward made his Escape & can hear of him occasionally in the West end of this County. I suppose you are aware that we tried to bring this thing before the Grand Jury at one time but some parties some what interested in the matter were on the Jury & we could do nothing then. It would be difficult to get a Jury in this County without having some of the "gang" on it. & there is no use of trying in a Civil Court in this Co. to punish a rebel —

As Regards "Parks" I have forgotten the Witnesses name but young "Wilson" son of the Murdered man lives in Reynolds Co. & the Evidence can be had from him —

One thing I do know that is "Parks" is a bad man & should be hung. there is no Civil Officers in Reynolds Co. where the Murder was Committed Consequently he could not be tried by Civil Court.

Respectfully

In relation to the
order holding certain
citizens as hostages.

Recd. (D. C. M.) Sept. 24/63

Saline County Mo: Sept. 17, 1863

Gen Brown

Dear Sir we acknowledge that we feel Thankful to you for giving the order that Wm A. Lacey M. Ransom Joseph Corwin Geo Rider A. Cruitzon Thos Rogers E. Phipps, John Rider & Geo Casebolt are held as hostages or vouchers for our lives and property. Now we have heard they have wrote to Major Gen Schofield and to Lieu Gov Hall to have that order rescinded or have you to revoke said order.

We presume you are well acquainted with the fact that those men held as hostages are rabid Secesh or Rebels. And we believe that it is in their power to keep the Bushwhackers off of us and they are in no danger if we are not molested or Murdered by their party.

Why are they so anxious to get relieved of said order we believe it is because they want us put out of the way, and then they could drive the most of the other Union men of our neighbourhood into their own measures.

And they may profess to you to be Loyal men, but of that we believed you are well informed if not we can satisfy you on that Subject if you desire it. Now Gen. we want no man murdered all we want is protection from the Traitorous authority which we have supported from the first to the last and ever will support the Government and Laws which you have been brought up under. And now we would humbly ask you to not revoke said order and we will ever pray.

PS The reason why Mr Ainsley does not Sign this petition is that he is in Miami and not present. He is there for protection; just as we even while we write these lines we are on the watch for Bushwhackers and this will be mailed at Brunswick as we believe there is less danger of it being intercepted when mailed there.

I have the honor to report the following facts concerning the petition of Thomas Scott.

The cotton mentioned in his affidavit was seized by Col Graham, and has been held by him - the Parties were brought before me and admitted that the cotton was from Mississippi -

The Petitioner, Mr. Phillips, Attorney, reports to me that Scott had offered them the money, and I told them to take it & bring it to me, which they did.

The men were released without any punishment - the decision in regard to the cotton was made by Col Graham Special Agt of Treasury Dept. I do not know officially what decision he has made, but suppose he has held it as "Mississippi Cotton."

Herewith I have the honor to forward to you the following named prisoners:

1. Mrs. Williams
2. Miss. Mills } sisters
3. Mrs. Mills (their mother)
4. Eldridge Hutchinson
5. Thomas W. Harding
6. John T. Wells

The following statement is also respectfully submitted.

1st Five men of this command having been captured, with a team, while after wood, in the vicinity of this post, by five guerillas, yesterday, they were taken to the house of the women named. There a consultation being held at which the women urged the detention of the prisoners,

it was decided to release them. Upon the report of these men, returning to camp, a detachment under an officer of this staff, Lieut McPherson A.D.C., was sent to this house about five miles from Centreville, on the Braddock road to day, and finding unquestionable evidence of the place being a rendezvous for guerillas, the women were all arrested and the house burned to the ground by direction of Genl King. These women have repeatedly been reported as aiding and harboring the highway robbers that infest this region; they are notorious characters and upon this offence being brought home to them by the clearest proof, they are sent in to be disposed of as they deserve.

2. The man Hutchinson, who has taken the oath here once, is constantly riding about the country, tells conflicting stories, has numerous friends in Mosby's gang; and is reported by our best informers as a man not to be trusted, and dangerous to remain in this country. He lives about 2 miles from the Mills.

3. Harding tells contradictory stories, some of them proved to be false, was a gray

military cap which he concealed when he was brought into camp, and, being above Aldie but being found with Hutchinson on the Braddock road about five miles from Centreville, he is regarded a suspicious and slippery character.

4. Wells, who will take the oath as often as it can be administered, was taken up among others as being in the vicinity of the fight when another team was taken by Greenhalgh, on the Bull run road. He was formerly active in aiding the rebel cause. It is believed that he should be sent thro' the lines.

Other prisoners will probably be sent in from day to day, thus bring men who should not be suffered to remain in this region.

I have the honor both

We the undersigned Citizens of Cecil County do testify declare and say and is Ready to be qualified before any tribunal that we were present and in company with Benjamin F Shuyter & Joshua F Biddle now prisoner by Military authority and a certain John Royd who has Brought Charges against them

we do without prejudice & Partiality testify that the charges preferred against Benjamin F Shuyter one of the prisoners are false and malicious that he used no treasonable language whatsoever but on the Contrary used every effort to quiet the said John Royd who appeared to us to be very vicious and quarrelsome on the occasion and we furthermore believe that the said John Royd is an unprincipled englishman & deserves punishment for perjury in the case of B. F Shuyter and we believe he came to the premises on previous occasion with malicious intentions towards the parties now arraigned before you

We furthermore state that Joshua F Biddle used Say Buncah for Jeff Davis was very Drunk at the time never saw him so before has been in his Company frequently during the rebellion has not heard him make use of any treasonable language before or since thinks he would not have done so then if he not been insulted and provoked by John Royd

My dear Col.

Messrs Benjamin F. Slaughter and Joshua Biddle of this County, were recently arrested and taken to Balto to appear before you for some political offence, the precise character of which is unknown to me. Their friends say that they can establish by satisfactory proof that they are innocent of the charges alledged against them, and only ask for a hearing in their behalf.

I have therefore to respectfully request that as soon as convenient you will have their case disposed of in such manner as you may deem right and proper — Of course, I have nothing to suggest to you to effect your decision upon their case, because I am satisfied that your views of

justice in the premises will alone control your action. I only ask in behalf of the accused that they may have a fair and speedy hearing, they are large farmers, and their interests must suffer very much to long as they may be kept from their friends.

Very truly
Your friend & Servant

Dear Sir

The bearer of this Mr Benjamin F Slaytor has I am told been arrested by the Deputy Provost Marshall upon the charge of harboring for Jeff Davis. Mr Slaytor is a very worthy man, he was during the whole existence of the Whig Party one of its most energetic supporters, and is not in any way a man dangerous to his country, since the breaking out of this rebellion I have seen Mr Slaytor frequently and have conversed with him and heard others converse with him for hours and I never heard him use a single disloyal expression. With regard to this specific charge I know nothing, but I feel myself justified in asking you to deal leniently with Mr Slaytor who if he has erred at all did so I am convinced when under some unusual excitement

Yours very truly
