Head Quarters 4<sup>th</sup> Sub. Dist. North Mo.  
Office Pros. Marshal

Colonel

I have the honor to report to you that  
on Monday May 9<sup>th</sup> 1864 I certified to the loyalty  
of S. R. Moxley, on certificate vs. Levi Shuck  
of this County, said Shuck having brought  
forward a claim against the State for an  
assessment made on him by the Military  
authorities for the support of the C. M. M. on  
active duty <sup>in 1862</sup> & since learn that Shuck was  
unquestionably a Southern Sympathizer for  
~~some time after the assessment was made~~  
That John Gay who <sup>makes certificate of Shuck's</sup> is also on the certificate  
<sup>loyalty</sup> was also a sympathizer. That S. R. Moxley  
who was formerly a loyal man has turned  
to be a Rebel or what is worse in my judgment  
a Copperhead. He opposes and denounces the  
measures adopted by the Government.

I will furnish you the evidence in support of  
these statements in a few days. I would suggest  
that in my opinion from the evidence ~~and~~ <sup>as to the</sup>  
character of this man I think his claim ought  
not to be paid. That he was put forward  
in this matter by the Rebel Sympathizers of  
~~this County~~ for the purpose of ascertaining  
whether they could not all collect claims of this  
kind

Sir.

I understand that a man by the name of Sebastian Baras has been arrested by your Patrol. That man I gave a pass to, to go to Pensacola, having some things entrusted to my charge to deliver to Mr. Moreno, and being anxious to get them to him, I got this man to take them to him.

I know Baras well, and that he would do nothing against the interests of our Government; the person who is with him, Stephen Baras, is also a faithful and trustworthy person. I trust therefore, that you will have them liberated, as they really are not to blame in this matter, they were wrong however in landing at night, which is the only fault that can be imputed to them.

I have the honor to report that on the night of the 29<sup>th</sup> Inst. I learned from them that they obtained a pass from Capt Gibson on the morning of the 28<sup>th</sup> to go to "Bark Arthur" and that Capt Gibson sent by them to the Spanish Consul several lbs. of sugar & a dozen <sup>of which</sup> the contents he did not know, also took a letter to the Consul. They went ashore under a flag of truce, got some provisions and received some letters for parties in Woolsey & Harrington from the Spanish Consul. ~~also~~ there also came from Pensacola two other boats one at 9.30 A.M. & the other at eleven 3 & 4 o'clock A.M. the Corp in charge of Patrol examined their papers and found that they had passes signed by Capt Gibson permitting them to fish & oyster about the Bay but had used the same pass to go to

Pensacola I also learn that a Mr Atha has been and  
does now pass to & from East pass. quite often carrying  
letters also bringing families to this Dist without reporting

Decision as regards  
question of title to 5  
Bales of Cotton, claimed

*[Faint, illegible handwriting]*

Head

Vicksburg Miss  
June 13<sup>th</sup> 1864

Sicut. Col. A. C. Rodgers  
Asst. Adjt. Genl.  
Sir.

In accordance with your kind permission I herewith submit a short statement to the facts in relation to the detention by order of Major General Slocum of six (6) bales of Cotton for investigation. Said Cotton being claimed by one Mr Levy (a Jew.)

I have briefly to state that Mr Levy after a thorough search for some Cotton in the Warehouses of this City, sets claim to mine, and after having the Cotton turned over in said Warehouse (Government) examined it takes marks and so on, and then seeks to set up a title to this Cotton by swearing to it as the Cotton that was stolen from him on the night of the 20<sup>th</sup> of April 1864 somewhere in Claiborne County Miss. I have not seen Mr Levy's receipt for any money paid <sup>by him</sup> for said Cotton, but Mr Levy introduces two witnesses to substantiate his story both of whom swear that the Cotton is the same that was stolen from Mr Levy the night of the 20<sup>th</sup> April 1864.

These are the only facts Mr Levy adduces to make good his claim to my Cotton.

On the other hand I have

first shown my receipt from Mr A. Bowie for twelve hundred (\$1200) Dollars for six bales of Cotton, which was paid him on the 5th of May 1864. next Mr Bowie identifies the Cotton now in the Government Warehouse as the Cotton he sold me on the above date, and also makes affidavit that this Cotton was in his yard before the 20th of April last, in order to make good his title Mr Bowie brings forward the driver of the team that hauled said Cotton from the Big Black River the time it was cropped: who swears that he hauled the Cotton to Mr Bowie before the 20th of April 1864.

The sale to Mr Bowie by a Mrs Pipes (a highly respectable Lady) is proven by the affidavit of a Doctor Jones a witness in behalf of Mr Bowie, who also swears to the Cotton as the same I bought of Mr B. and further states the Cotton was in Bowie's possession before the 20th of April 1864.

Dr Jones is a man that bears an excellent Character, who is always preferred to live under the protection of the United States Government. He is now a Refugee from Claiborne County, and is well recommended by United States Officers. His affidavit I believe to be worthy your consideration and particular notice. Mr Bowie I can also speak of as a loyal Citizen to this Government.

As to Mr Levy I have yet to see the first evidence of his good Character, and also whether he is worthy the consideration due a loyal Citizen of this Government. For a man that can

go beyond our lines into a Country wrested  
 by the enemies of our Government and bring  
 back with him into our own limits two  
 (2) men to swear to Cotton and to make good  
 his Claim is a man that I as a loyal  
 Citizen may well look upon with some dis-  
 trust believing as you well say in Order No  
 6, that the Path of Allegiance is not always a test  
 of Loyalty. in this Connection I have also to say  
 that I have spent one whole week in fruitless  
 endeavors to have some intercourse with persons  
 on the other side of Big Black River in order  
 that I might produce the person that Mr  
 Bowie purchased this Cotton of. I could not  
 do this on account of the Rebel Guerrillas  
 that are picketed all along the River to prevent  
 intercourse from this side, notwithstanding  
 this strong surveillance. Mr Levy goes to Chi-  
 brenn County (as I understand) and brings back  
 with him two men to appear or make affidavits  
 in his favor.

In concluding this brief review of  
 this case which involves the restoration or loss  
 of some Hundreds of Dollars to me, I beg leave  
 to ask that you be governed by the evidence as  
 sworn to before you, leaving evidence that is  
 unaffirmed out of your Consideration in the  
 decision of a case that so materially affects my  
 interests.

Believing you will give this matter the benefit  
 of your Consideration and best judgement,  
 I am, Colonel, with great  
 respect, Your obedt Servt  
Abraham Lincoln

quainted with Mrs A. E. Pipes of  
Clayborne county miss and know her to be  
a lady in high standing, and perfectly  
responsible for her own actions. Said Lady  
sold Mr A. Bowie six Bales cotton delivered at

In the Matter of Controversy  
Between Mr Levy and Murray  
Carter respecting the ownership of  
six Bales of Cotton, referred by  
mutual agreement to the arbitra-  
ment of Genl David Stewart and  
Col C. C. Marsh as per instru-  
ment of Submission hereto attach-  
ed and marked Exhibit A.

The undersigned to whom  
the above referred matter in  
controversy is here with submitted  
have carefully inspected and  
considered the Petition, Reply,  
the proofs, exhibits, & papers, handed  
them in the case, by Mr Rou-  
ean counsel for Levy, and by  
Mr Carter. They have also crit-  
ically inspected the six bales  
of cotton in the Gov warehouse,  
referred to in the Petition & of  
proofs.

They are of opinion and  
decide that the cotton is not the  
property of Mr Levy, and award  
it to Mr Carter, as against any  
demands of his. The following  
are briefly the reasons in sup-  
port of their judgment.

The Petition of Levy & the affidavit of C. Muger substantially agree and correspond - They make oath -

1<sup>st</sup> That the cotton was the property of Mr Levy purchased and paid for by him, in the presence of Muger -

2<sup>d</sup> That the cotton was stolen from Couch's place, secreted in a Cooper's trunk for some time - was found by Couch & Muger, and placed in the yard near Mrs. Ewells house where it remained 5 or 6 weeks, & until the night of the 20<sup>th</sup> of April last, when it was again stolen - that Muger remarked the cotton after he found it, and placed it at Mrs Ewells, lettering it, some of the bales "E. V." and some of them "W." - in different places, both on the sides and ends of the bales - that he also made black dots on the ropes of some of the bales as a private mark, for the purpose of identification - that he would have so placed the dot on all the bales but that his blacking gave out - he swears with positive certainty to his recognition of his own marking and lettering - Mr Muger explains the facts

reason for placing his own initials on his (Ley's) cotton was an apprehension, that the Confederates would destroy the cotton if they found out that he was the owner of it, because of the deadly hostility they bore him on account of his well known Union sentiments. The Petition of Ley is annexed as Exhibit B - The affidavit of Muger is C.

Amongst the papers submitted as aforesaid, is a private letter written by E. Muger on the 5th of May, to the Petitioner Ley, also annexed and marked D. - The Petition and affidavit were made in view of this suit and to support it - the latter was not - it is genuine and we have no manner of doubt is a truthfull statement of facts to his brother Muger to his friend and brother in law, Ley - and if the conclusion is correct the petition and affidavit are welfully and corruptly false, & the claim set up by Ley is unjust and an attempt by himself and Muger to swindle and defraud Carter out of his property -

In the first place it is manifest from

this letter that the cotton lost from Couches  
 and Mrs Ewells was not Levy's prop-  
 erty at all - but was mine - In  
 the first line of the letter he says - "af-  
 ter the cotton I had at Couch's was  
 stolen" &c, again on the same page -  
 "the assessors told me that my cotton was  
 stolen again" &c, and afterwards "I asked  
 him (Couch) if my cotton was gone"  
 He also says he promised "Harrison Edings  
 two bales <sup>of cotton</sup> if he could discover it &c

If this were the only internal evidence  
 of fraud & falsehood indicated by  
 this letter, it might be liberally con-  
 strued - We might fancy that the  
 claim of ownership was conveyed in the  
 letter, under the apprehension that it might  
 by accident fall into the hands of  
 Confederate officials and expose the  
 ownership of Levy - But we are constr-  
 ained to withhold any forced construc-  
 tion of the language, in favor of  
 our party - The letter flatly con-  
 tradicts the sworn statement of the  
 Petition & affidavit in respect of the  
 re-marking at Mrs Ewells -

He distinctly informs his brother in law  
 (Levy) he marked it Ed. Tinger - and

that "today" (8th of May) "there were I went out there again and marked it again with my own name E. Unger". The affidavit states that ~~we~~, marked it "u" + "E. U." and Unger swears he distinctly recognizes his own "marking and marking" - He also says near the close of the letter "I got some private marks on the cotton, some black dots on the ropes" - We have personally inspected the six bales in the warehouse - none of them have any "black dots on the ropes" - none of them "E. Unger" on the ends or sides - and none had - none of them are or ever were marked even "E. U." that we can discover

There is on some of the bales a character - ~~to~~ about which a dispute might possibly arise, but not probably - it is as little like the "u" printed in the letter as it can well be - it is thus "u" as we agree far more resembling an "it" - But it looks more as if it had been employed as a mere character rather than a ~~mark~~ <sup>any</sup> letter - one or two spots of very light blue paint, as if the bale at that spot had slightly chafed against the paint pot of a wagon, or door in passing through -

6  
Mugger swears in conclusion of his affidavit  
that he is now, and always has been, a  
loyal citizen of the United States - If  
so we cannot discover why his initials  
or name on the cotton, could furnish  
any greater protection or immunity ag-  
ainst Rebel hostilities than Mr Lipp's -  
But his letter contradicts his declaration  
and oath - He had Major Stockdale,  
and Capt Humphris, & the whole author-  
ity and influence of the Confederates &  
Garrisona chiefs in his neighborhood inter-  
ested & insisted to secure his lost cot-  
ton - Not to destroy but to save it - He  
is manifestly well recognized amongst  
them, as their friend and the enemy  
of the U.S. Gov<sup>r</sup>. We reason that this  
suit was brought in Lipp's name, and  
he claims ~~and~~ the cotton, because he  
is a resident here & has probably  
taken the oath of allegiance, whilst his  
brother in law - Mugger, resides outside  
our lines - his loyalty might not be  
above suspicion - at least to establish  
it, as he would have to, before he could  
prosecute his suit, would unconvin-  
gently complicate him with his confeder-  
ate friends & allies - We agree also -

that none of these six bales of cotton, bear  
 the appearance of having laid out upon  
 the ground in a cane brake or in a yard,  
 exposed to the weather and that in a  
 rainy season, for months, as they must  
 have done if they are the bales attempted  
 to be identified, and referred to in Mr  
 J's letter - Fullerton, of whom we  
 know nothing except what he states in  
 his own affidavit - assumes to identify  
 one bale, marked J. Wells. - He says he  
 marked a lot of four or five bales in  
 the year 1861, at Grand Gulf "J. Wells," where  
 it was stored in a warehouse in which  
 he was serving as a clerk - He says the  
 mark on this - "J. Wells" - was put there by  
 himself - that he "knows it to be the  
 same writing and the same bale" -  
 We remark nothing very distinctive in  
 either the bale itself - or the marking on  
 it - it is plainly marked and well  
 pressed - but we can scarcely con-  
 cieve that after the lapse of <sup>at least 10</sup> a man,  
 who was in the habit of "marking a  
 great deal of ~~cotton~~ cotton" could with  
 any certainty swear to such a mark on  
 a bale of cotton as this -  
 If however, Fullerton is correct, as to his  
 having marked this bale of cotton, it

was only one of a lot of bales of wells work  
 to the warehouse, and he swears only  
 to the best of his knowledge and be-  
 lief that Levy purchased wells' cotton  
 - he thinks so because Levy was then  
 purchasing cotton at that time - there  
 is no evidence that Mr Wells did not at  
 other times have other lots of cotton there  
 at the same warehouse for sale, which  
 this clerk marked the same way and  
 which Mr Wells sold to other persons  
 than Mr Levy or Mr Anger - it is well  
 known that wells had several him-  
 -dred bales of cotton - We observe  
 that the marking on this bale, said to  
 have been made three years ago (and  
 which probably was) is much more distinct  
 and better preserved than any of the  
 marks or characters before referred to  
 and which Anger swore were made  
 but three months or less since -

We regard Fullerton's evidence alto-  
 -gether undecided even as to this one  
 bale, - his attempt to identify the bale  
 itself goes too far, and weakens rather  
 than strengthens his testimony - The  
 bales are not unusually "mutilated" -  
 are in fair condition for cotton three

years old, and handled as much  
 as this has been - and bears no tra-  
 ces of having been torn or "mutila-  
 ted" or repaired with any reference  
 to concealment of former marks what-  
 soever - the "correspondence" between  
 the tagging and rope of this cotton,  
 with that which Fullerton says Wells  
 had spun in 1861, is requiring the string  
 down a little too much - The string,  
 in view of other well settled facts  
 in the case, that Mr Fullerton's evidence  
 is worth very little - It is not disputed  
 that Bowie bought his identical cotton  
 sometime in April from Mrs Pipes -  
 who resided in Carbon County, &  
 who cannot be reached by Carter,  
 as he alleges - Major Manupetty can  
 reach her, and could if he sought  
 only the facts and truth in the matter.  
 At Major Stockdale

~~C. ...~~

Humphreys & others not only <sup>to</sup> see her, but com-  
 pel her by their military authority to disclose  
 & prove where she got the cotton she sold  
 to Mr. Bowie, & could thus <sup>establish</sup> ~~prove~~ to a certainty  
 the truth or falsity of the pretensions set  
 up in this Petition - The Negro who is  
 alleged to have hauled the cotton from the  
 Big Black to Mr. Bowie's swears that he  
 hauled this identical cotton there the first  
 week in April - Mr. Mitchell, who is  
 represented as a Federal Scout, swears  
 to the identity of the cotton with six bales he  
 saw in Bowie's yard, some time between the  
 1<sup>st</sup> & 9<sup>th</sup> of April.

Mr. Apple, another Federal Scout, swears  
 that he identifies the cotton as the same  
 six bales he saw in Bowie's yard, & the  
 same which he saw loaded on a wagon  
 between 15<sup>th</sup> & 25<sup>th</sup> of April, to go to Vick-  
 burg, & that he heard Bowie say he had  
 sold it to Mr. Parker - The evidence of  
 their witness is hardly relevant & of no  
 value -

Mr. Bowie swears that he bought the six  
 bales of cotton from Mrs. Piper in the early part  
 of April - that it was delivered to him  
 between the 15<sup>th</sup> & 20<sup>th</sup> of April - & that he  
 sold & delivered the same cotton to Carter - at this

residence between the 15<sup>th</sup> & 20<sup>th</sup> April -  
there is some discrepancy in the evidence  
of these witnesses, which proceeds from their  
uncertain memory of dates - but all fix the  
delivery of the Cotton to Bowie before the  
20<sup>th</sup> on the night of which it is alleged by  
the Petitioner it was stolen from Mr Ewell -  
Mr Jones also swears that about the first  
week in April the six bales of Cotton were  
brought to Mr W. Bowie's place - that he  
bought them from Mr Piper - & sold them to  
Carter - that Bowie paid Mr Piper some  
time from 15<sup>th</sup> to 20<sup>th</sup> April for them -

The very discrepancy & disagreement  
amongst these witnesses, as to precise dates  
explodes the idea of complicity of corrupt  
agreement - <sup>we see no reason to doubt</sup> all of them are ~~honest~~  
honest in their convictions & statements  
- & we cannot in the absence of Mr  
Piper's evidence, determine from the  
proofs the exact time when the Cotton  
was delivered to Mr Bowie.

We are never the less clear on the  
main point of the case - to wit that  
this Cotton never belonged to the Petitioner  
or to the witness Under

To Major General H. W. Stacum, Commanding the

Exhibit  
D.

Your Petitioner, M. Levy who is a loyal Citizen of the United States, respectfully represents, that in the month of December 1861, he was residing in the County of Clayborne State of Mississippi, and while there became the purchaser of 17 Bales of Cotton, which were at that time marked as follows; 5 Bales were marked "J Wells"; 3 Bales "F. S. W."; 4 Bales "P. W."; 1 Bale "D. W."; 1 Bale "S. W.", but the remaining three bales, he does not remember the mark of, not having his memorandum book here with him; said Cotton was stored away on the premises of one James Couch residing in said County, but some time afterwards was stolen from said premises, carried away and concealed in a wood not far distant, where the Brother in Law and Agent of your Petitioner found it, and had it carried to the premises of one Mrs. Doobling in said County, where all of said Cotton was re-marked "E. W." E. Unger, being the name of petitioner's agent. The reason for re-marking said Cotton was in consequence of the fear said Agent had that the Cotton would be taken or destroyed by the Confederates, if they found out that it was owned by your Petitioner, against

whom they entertain feelings of deadly hostility, on account of his well known Union Sentiments.

Petitioner further states, that on the night of April 20<sup>th</sup> 1864, as he is informed, a number of persons dressed in Rebel Uniforms, stole and carried away, with teams, all of said Cotton from the premises of Messrs Noel, since which time he has never heard of since Cotton, until the 17<sup>th</sup> of the present month, when he discovered that six Bales of that identical Cotton, was stored away in one of the Government Warehouses in Pittsburg, and is claimed by one Murray Leater, a Cotton Speculator of this City.

Said Cotton was purchased by petitioner long before any regulations had been promulgated by the Government of the United States, restricting trade with States in Rebellion, and while he was residing in that locality, so that his action in the premises has been fair throughout and strictly lawful, and not in violation of any law or regulation.

He prays therefore that inasmuch as there are no civil courts here, to which he can appeal for redress, you will please interpose in his behalf, and adjudicate his case, as justice and his outraged rights demand and require. And as in duty bound

he will ever pray &c

Exhibit  
"C"

On this 26<sup>th</sup> day of May 1864 personally appeared before the undersigned, Provost Marshall for said District, E. Unger, who being first duly sworn upon his oath depose and saith: "I reside in Claiborne County, State of Mississippi. In the year 1861, I was acting as Agent for Mr M. Levy in the purchase of Cotton, in said County & State, and know from being present and with him, that he purchased Seventeen Bales of Cotton, from different planters in that locality, a true and correct memorandum of which purchase, prices &c. is herewith annexed and marked "A". Mr Levy purchased said Cotton on the dates therein represented and paid for the same in my presence; of this fact I have a personal knowledge.

Said Seventeen Bales of Cotton, having been stolen from the premises of Mr Couch a resident of said County, where it had been placed for safe keeping, was removed by said Couch & myself, after being found concealed in a cane brake, to the residence of Mrs Ewell, and not sold as represented in Mr Levy's Petition,

where it remained about five or six weeks -  
and on the night of the 25<sup>th</sup> of April 1864  
was stolen from the premises of Mrs. Enell,  
and carried away by some persons to affiant  
unknown.

When the Cotton was removed to Mrs. Enell's  
premises affiant remarked said Cotton -  
Some of the Bales were marked "E. U." & some  
were marked "U." in different places, both  
on the sides and ends of said bales. He also  
made black dots on the rope of some of the  
bales, intending this as a private mark  
for the special purpose of identification,  
in case said Cotton should be stolen  
again. Affiant says that he would have  
marked all of said bales in the same way,  
but his marking blacking gave out, and  
prevented him from completing his  
special private marking of said Cotton -  
I have at the request of Mr. Levy, examined  
particularly, six bales of Cotton now stored  
in the Government Warehouse on Crawford  
Street in the City of Dick, burg, and I  
distinctly recognize every one of those six  
Bales of Cotton, as the identical bales, so  
marked by me at the residence of Mrs.  
Enell as aforesaid, and belonging to  
Mr. Levy. I am certain beyond doubt that  
it is the same Cotton, I know my marking  
and recognize the lettering and also my

private marks on the same. Upon close examination I find that new pieces of tacking or bagging has been sewed on some of the bales, but I can recognize and identify the Cotton as the same as one referred to, by marks remaining on the balance of the bales.

I am sworn and have always been a loyal citizen of the United States.  
And further depone that

Dear Sir

After the cotton I had at Mrs Couches was stolen the first time, I found the cotton 4 miles from Mr Couches & 1/4 of a mile from Mrs Noel in the cane brake in a deep hollow when I came there Couch was there with four riggers and two wagons & Mr Couch told me to put the cotton at Mrs Noel yard about four (4) or five (5) yds from the house and marked E. Unger. To day three weeks I went out there again and marked it again with the my own name (E. Unger) ~~Two weeks after~~ last Monday Mr Johnson the assessor told me that my cotton was stolen again, next day I went out again to Mrs Noel, when I came there Mr Couch was there but he told me he was sick in the bed. I asked him if my cotton was gone and he was very much surprisid. He asked me who told me. I told him Mr Johnson, I asked Mrs Noel who stole the cotton, she told me she was afraid to go out, but she looked through the window & she saw it was

white men dressed in confederate uniforms and they had two or three wagons and took the cotton off on Wednesday night the 20<sup>th</sup> of April 1864 and I could not get anything out of them, they would not tell me any thing false. It seems to me like they were afraid to say anything or something false the matter. I went home and went to Major Stockdell and he promised me after I explained the matter to him to give me two officers to go out to Mr Couch and Mrs Noel to discover ~~who~~ who stole the cotton. But I got disappointed. Major Stockdell got orders to move somewhere, and I could not get the men. If he may return within a few days then I get the men. I have no doubt I will discover who stole the cotton. I spoke also to Capt Wm Humphries he promised me he will assist me in discovering the cotton thieves. I spoke also to Harrison Edings and promised him two bales of cotton, if he can discover the cotton which may be hid in the woods. I was also told by Isaac Gife that two weeks ago, two or three loads of cotton went across at Hankerson ferry. I got some private marks on the cotton (over)

2 Some black dots on the ropes,  
If you can discover in vicksburg  
whose wagons which brought cotton  
in to vicksburg and the names of  
the wagons who they belong to. I have  
no doubt it can very easily be discovered.  
If you cant find the cotton

On this 26<sup>th</sup> day of May 1864, personally appeared before me, J. M. Fullerton, a loyal citizen of the United States, who being duly sworn depose and say, "In the year 1861, but the precise date I do not remember, I was acting as Clerk in a mercantile house at Grand Gulf, Claiborne County Miss. and remember that a lot of cotton, some four or five bales, were brought by Mr. J. Wells, and offered for sale, the cotton was stored in a shed, and I marked said cotton, "J Wells". Mr. Levy was then at that time purchasing cotton, and to the best of my knowledge and belief, he purchased said lot of cotton, together with other cotton, which was coming in from the country.

I have examined some cotton six bales, in all now in the Government warehouse in this City, and recognize and can identify one of the bales in said lot as the cotton referred to, as being marked by me. The mark "J Wells", on the same was put there by me. I know it to be the same writing and the same bale. Of the balance of said cotton, I know nothing definitely excepting from hearsay; the bales have been mutilated considerably and new pieces

sewn on, making it difficult to recognize  
or identify the balance of said Cotton, but  
the bagging and rope on a portion of said  
lot of Cotton, correspond exactly with the  
Cotton of J Wells above referred to, and also  
with the bale that is here, marked "J Wells",  
by me in 1861. I have marked a great  
deal of Cotton, and recognize my lettering  
whenever I see it.

Recd. H. L. D. of K. W. & J. June 9<sup>th</sup> 1864

To His Excellency

A. R. Adair & J. Bailey U.S.N.  
Key West Fla

Sir; We the undersigned loyal citizens of the U. States of America, beg leave to offer to your consideration the following petition, earnestly requesting, that you will do all in your power to aid us in our present situation.

With your permission we are now residing at the Miami River, Fla, and while here we desire to do nothing in opposition to the Government of the U. States, and while thus pledging our allegiance to this Government, we trust that its generosity may be extended to us. We are here depending alone on Key West for all our supplies, and without we are permitted to get them supplies from there we shall oftentimes suffer want and privation; for the supply of these our wants & necessities we lay before your Excellency this petition.

We request that permission may be given to the Sloop Hancock to make regular trips between Key West and this place, and that she may be permitted to bring up such supplies as we actually stand in need of. We have settled here with our families and we sincerely trust that you are too generous to see us starve, or go naked, for want of food & clothing. We also beg that said sloop may have the privilege of carrying to Key West whatever articles of produce we may have for sale.

In addition to this we pray your Excellency, that the Sloop Hancock may be permitted to carry a mail between Key West & this port.

We give you our guarantee as men of honor that in this transaction we will only allow such things to be landed from the Sloop Hancock as are actually for our own use and we will use our vigilance that no opportunity be allowed for any goods or information to get up the country to the Rebels.

Hoping that you will show your willingness to assist us in our present straitened circumstances, and with continued wishes for the good & prosperity of the U. S. of America, allow us to subscribe ourselves  
Most respectfully yours.

I most respectfully recommend  
that a Safeguard issue to protect the  
persons and property of Caleb Foughtins  
and his adopted daughter Miss  
Emily R. Baker - I have known Miss  
Baker for many years she is a northern  
lady and has been confined in the  
South, since the war began, I place  
very confidence in her statement to me  
that she has always been truly loyal.  
Caleb Foughtins is an old man and  
Miss Baker informs me that he has  
entirely inactive during the war and  
in sentiment a known Union man,  
and that in consequence he has suffered  
at the hands of the rebels. Mr Foughtins  
is a northern man though for years past  
a resident of this place.

Dear Sir:

I have much  
pleasure in acknowledging  
receipt of your favor of 30<sup>th</sup> Ult<sup>o</sup>,  
in learning the steady  
improvement in your colored  
schools.

I will at once, put your  
request for school books

& materials into the  
hands of our General Agent,  
& they will be forwarded  
to you by the first opportunity.  
We shall be pleased to  
receive further accounts  
of the progress & improvement  
of your schools, that we  
may show how much is  
being done at Key West, as  
well as at other places.

With much respect,  
Yours Truly,

The school commenced about one month ago, and numbers 50 pupils. of these 15 or 16 are good readers. They are now taking writing lessons. Next week a night school will be opened for grown persons.

New books furnished, it would be an inducement for parents to send their children to school. Books are a great tax. A general supply of school books, such as the Society issues, for a school numbering 100 scholars some of which are well advanced, would be judiciously used for the benefit of the Cold Children.

Key West May 17<sup>th</sup> 1864

Dear Sir

On Friday last there was a public examination of our most successful colored school - Mr Murphy's attended by some of the principal citizens of the place. No similar examination <sup>I think</sup> was ~~to~~ ever held here before. The improvement of the scholars <sup>in their studies</sup> was very manifest but what ~~astonished us most~~ <sup>attracted the attention of the visitors</sup> was the improvement in their manners. No white children could exhibit more winning manners. Modest but not bashful, frank but not forward, exceedingly affectionate in their manner towards their teachers, these school children seemed to demonstrate the capability of the colored race of rapid mental & moral improvement.

Subscriptions have been made to incur the salary of Mr Murphy & he will continue the school.

The total number of scholars who have attended this school since January last is about 60. average attendance about 40.

To Mrs. Shaw  
10

There are several other small schools  
of which I would like to speak but I  
have not received any special reports.

The 2<sup>d</sup> colored Regiment stationed in  
this district has met with a very  
great loss in the death of the Chaplain  
the Rev. Sneider who devoted himself  
to the instruction of the men like a  
faithful missionary. Without any cant  
in his talk, without any desire to see  
his name in print this devoted Christian  
did his work with <sup>intelligence</sup> care, fidelity & energy.

Who can take his place? What  
good man of similar qualifications, will  
apply for that place?

Respectfully

Recd a G.O. and sent them May 17<sup>th</sup> 1864

To General Fiske, Commanding District  
of North-West Missouri:

The undersigned  
Citizens of Clinton County, would respectfully  
request that a military force be stationed  
in the town of Platteburg, sufficient to  
protect the Citizens of the County from the  
depredations of Bushwhackers and Robbers.

We have before declined  
to make this request, but we believe the  
time has arrived when such a force is  
absolutely necessary to our safety. Situated  
as we are, within a half days ride of the  
Missouri River, our danger is almost as  
great as that of the River Counties. There  
is at least one route by which large parties  
can travel from the Mo. river into our County  
without fear of detection. The River Counties  
being protected by a military force, makes  
our condition doubly dangerous. Last year,  
about this time, Clinton was stripped of all  
military protection and her militia sent  
into Clay; the consequence was, that the  
bushwhackers abandoned Clay, entered Clinton,  
and in a day stole and destroyed property  
enough to have supported a force, ample for

our protection, for twelve months  
 The County has now  
 seven organized Companies of Militia and  
 from them the necessary force could be detailed,  
 - a large proportion of the required force, we  
 believe, would volunteer from some of these  
 Companies -

Dear Sir

Your highly  
Esteemed and very gratifying favor of the 30<sup>th</sup> ult  
came duly to hand and its contents carefully noted.  
We are much pleased to know that we have a  
department Commander who takes some interest  
in the welfare of the truly loyal men of our country.  
We are also pleased to learn that you purpose visiting  
our country very soon, and we now myself & Gen May  
James W. Lewis take this occasion to invite yourself &  
Staff that may accompany you to make our Residence  
your head quarters whilst you may remain in  
our vicinity. We will take pleasure at all times during  
your stay to furnish you with transportation and  
accompany you in making any exploring trips you  
may wish to take. We would write you fully and give  
you our views at large on the subject of our home  
troubles but anticipating an early visit for our part  
we prefer waiting your arrival when we can talk  
the matter over more fully & understandingly. Now that  
we are convinced of their need has been a time in our  
since our troubles began when Union Men were required  
to use all their energies and to watch the points more closely  
than at this time if we expect to keep quiet in our  
Section of country and in order for us to do anything we must

know the support & cooperation of the Military  
and a decided & determined stand must be taken  
by us. The new evidences daily on all sides that the  
Reb. are becoming more bold & defiant on the near  
approach of Spring & Summer. That we have a large  
number of Rebs in our Section we have no doubt who  
only await the putting out of the leaves to commence  
their depredations. our reasons for arriving at these conclusions  
we will fully explain when we meet you. In the mean  
time we would respectfully advise you to secure as  
many Troops for this District as you can conveniently as  
we firmly believe you will want a considerable force  
to carry out your wishes fully. Very Respectfully

think from experience,  
& observation of the  
disloyal persons in this  
State, that the <sup>present</sup> orders  
concerning arms & am-  
munition are insufficient  
& inoperative. Bad  
men will evade the  
regulations. Good &  
loyal men only will  
observe them. I think  
it would be much better  
if the Commanding Genl  
would revoke all  
orders concerning sale

forbidding <sup>in orders</sup> all but  
the strictly loyal  
(thereby striking out the  
great body of bonded  
rebels & sympathizers)  
to hold arms or am-  
munition, lay severe  
punishment on all  
guilty of infraction.  
This will apply directly  
to Bushwhackers &  
the order might be  
so severe as to punish  
with immediate death  
all found lurking  
in the brush armed.

OFFICE OF THE ASS'T PROVOST MARSHAL,

Fulton, Mo., May 2, 1864.

Lt. Col. S. L. Garrison

Prov. Marshal Dist. N. Mo.  
St. Joseph Mo.

Col.

In obedience to Genl. Ord. No. 5. Q. S.  
Head Quarters Dept. of the Mo. Office of the Prov. Marsh.  
St. I have the honor to make the following report.

Having only taken charge of my Sub District on  
April 27. last, I have not yet issued any orders, neither  
have I any transcripts to make from the record book.

I have taken statements of persons, who were lately inter-  
rupted and robbed by bushwhackers, and I have taken  
steps to arrest persons who have been harboring and feeding  
rebels. There are several bands of Guerrillas in this Sub District  
under command of Frank Ramsey, Pridell, Mallard  
Jackman and others. They have already commenced their  
work by ordering Union men to leave their homes and robbing  
them of arms, Horses &c. they are also recruiting, holding  
out large inducements to men, and an outbreak is expected  
as soon as the weather is more favorable to their operations.

I would respectfully suggest to quarter at least one company  
of men at this post, as soon as possible, as I could then be  
able, not only to arrest such characters, but also prevent much  
evil.

There is a great deal of property in this Sub District belonging

to rebels in the C. S. Army and to men who have violated their oaths and forfeited their bonds. If I would have a sufficient force here, it would induce a great many to come forward as witnesses who are now holding back for fear of the vengeance of the bushwhackers.

I have in contraband and confiscated property:  
One corral horse captured by Lieut. A. Kempinsky from the bushwhacker Captain Joe Cole who was killed by Kempinsky.  
One rifle, found on the farm of Jonathan Spires in Montgomery Co. where it had been buried together with about two pounds of powder, delivered to me by John M. Davidson a citizen of Montgomery Co. Md.

I would respectfully ask permission to keep the horse here for the use of A. Kempinsky U. S. Police Officer who is assigned to duty here, it would save a great deal of expenses to Government, as a horse is very necessary and would have to be hired, and this horse not being fit for cavalry service would bring but little, if sold at Contraband sale.

There are no prisoners here at present, neither have I any oaths and bonds on file.

I have received a letter of M. Mayfield of Columbia Boone Co., informing me, that he had obtained a permit to sell arms and ammunition, at the same time requesting me, to appoint a Lt. Pro. March. at Columbia, to issue permits to buy. Now Mayfield obtained a permit to sell arms & ammunition

I cannot say, but from what I can learn of him from reliable and good Union men, Mayfield is a sharp, unprincipled, money-making Jew, who would sell his government for thirty shillings, he has a brother here of the same stamp as himself, and the two were selling arms and ammunition all last winter to rebels with impunity.

I would respectfully ask to withdraw the permit from this man, as he can carry on an underhanded game at Columbia, where he could not be watched efficiently, and I do not think it proper to recommend the appointment of an Asst. Provost Marshal at Columbia just for the sole benefit of such a man. I would respectfully suggest to grant a permit to sell arms and ammunition to a good loyal man at this place, if one would make application, as it would be easier for me to watch him and grant permits to buy only to such persons as I would know to be of undoubted loyalty.

I have the honor to be Col.

Very Respectfully

Your obt. Servant

Of General Clinton D. Cook

We the undersigned

Township, <sup>vicinity</sup> County of Lewis State of Mo. petition  
that an order be issued by You granting  
us the privilege of holding divine service  
in the Church in our Township known as the  
Wesley Chapel. which is now monopolized  
by that portion of the Church known and  
designated as Southern Methodists. the  
Preacher who now preaches for them is Rev.  
Dr. KERRY. He claims to be a Union man  
as does all the other Rebels of this County but  
he never has been known to pray for the  
success of our Cause, or in any way to  
mention our Government. but is found at all  
times in company with those who are not  
friends of our Government. We would further  
petition and pray that some means be  
adopted whereby we can be secure in

the rights of our property, from those Lawless  
bands of Thieves and Bushwhackers who are  
centrally prowling about stealing and  
murdering Union Men. It is well known  
to you that such bands could not be  
kept together and subsisted unless they were  
harbored and fed by those Rebel Sympath-  
-izers who are now living in our midst  
enjoying the protection of our Government  
perfectly unconcerned as they have no  
fears of being molested by Bushwhackers  
(those friends they are.) This state of affairs  
would very soon break up all our Union  
Citizens and at the same time those who have  
since the beginning of this Rebellion ~~not~~  
~~only~~ been avoided enemies and have at  
all times done their utmost to destroy  
our Government will become rich and prosperous  
while we will go to ruin. There are many  
of us who have sons ~~waiting~~ who have  
been in the service for three years fighting  
for our glorious Stars and Stripes while  
this other class mentioned have their sons  
Bushwhacking, thieving and plundering and

many of them have been in the Rebel service  
 and some have returned to plunder  
 us here now. If it could consistently be  
 done we would petition that for all property  
 taken by this class of Rebels from truly loyal  
 men shall be replaced by those who are  
 known to sympathize with them. for if they  
 were to do as loyal men should do we could  
 easily rid ourselves of this class of  
 thieves. It is known that they do harbor  
 and feed them. but they claim they do it  
 by compulsion. but they never compel Union  
 men to feed them but to surrender their  
 horses and other effects which can be  
 readily carried off.

This we do most humbly petition

Several days since some papers containing the application of Mrs Welch to be protected against the operation of the civil law were submitted to me. They were simply the application, and the grounds upon which it was based, namely, the evidence that her husband was in the Federal army, and absent from her when the suit was brought to eject her from the premises, which fact she and others supposed was sufficient protection against such proceedings. Her application then was for the military authorities to give her that assistance which the civil authorities had failed to do, and which they were bound to render.

Some of the above papers have been misplaced or lost, in transmission from one bureau to another, but the above statement is sufficient for a complete understanding and determination of the matter.

I respectfully submit all the law that I have been able to find, bearing directly or remotely, upon such a case. The Statute of May 15<sup>th</sup> 1861, refers to persons, "absent, in the actual military service of the State of Missouri," to none other whatever; the act of Feb 25<sup>th</sup> 1863 is general

and refers to persons "absent in the Military Service of the United States." These Statutes provide only for a continuance until such persons, as described, respectively, shall have been discharged and returned. Strictly speaking, the latter act does not apply in a Justice Court - it not being a court of record, but the question of continuance being one in the discretion of the Justice, it might very properly be continued for the reasons stated in the law.

I respectfully submit that in Mr. Welch's and all similar cases, that there is no law civil or military authorizing the Pro. Mar. Gen<sup>l</sup>. to interfere. There is no Statute, that I have been able to find, regulating or referring in any way to the duties of the Pro. Mar. Gen<sup>l</sup>., in any case whatsoever. Following are the Statutes referred to.

St. Louis, May 13<sup>th</sup> 1864.

Sir!

I humbly beg your pardon when I allow myself to ask your kind assistance in the following case:

On N. 11<sup>th</sup> St. between Franklin Ave & Wash St. I have leased a house for the space of 4 years (April 1<sup>st</sup> 1864) <sup>(April 1<sup>st</sup> 1868)</sup> exclusively for educational purposes.

Said house is a three-story brick building containing 6 convenient classrooms. When I leased it from the owner, Chs. Hofmeister, it was occupied by several families. All of them I gave notice in due time & they consequently left the house before the 1<sup>st</sup> of April - with the exception of a soldierwoman, named Eliza Buchler, who obstinately refused & refuses yet to move out. She has three children, is making her living by selling tinware at the market & has some money at a bank & some loaned to private persons. Her husband is a member of a certain battery in Poland.

First I offered this woman a satisfactory gratification for the trouble of moving, &c - but for no purpose. Then the owner of the house procured an affidavit, sworn by several inmates of said building, proving that Mrs. Eliza Buchler keeps an unclean, filthy house & presented this paper in the Post Marshal's Office Co. of 5<sup>th</sup> & St. Charles Sts. but the officer decided: "if this woman will keep the house clean from now, she may stay."

About a week after this a second paper of similar kind was presented in the Provost Marshals office to Capt. Hayes & he declared: "You can not make this woman move, except you provide her with a room."

I followed this advice, rented a more convenient room for her, than she occupies now, paid the rent for 1 month (and fetched the receipt to said Capt. Upon this, this officer said: "That place (24 & Morgan Str.) is too far off from the Middle Market, where the woman sells her tinware."

General, allow me now to state, that I have rented the same room she had rented herself about a week before (and that this place is in the very neighborhood she has lived in for several years.

The reason why this woman did not move after she had rented said room herself is - that some men, personal enemies to Chas. Hafmaister (owner of the school building) persuaded her to stay, as she had a right to stay without paying any rent.

The facts are now these: I have leased the whole building & do not occupy the whole. I have to pay the full rent (\$ 57<sup>50</sup>/<sub>100</sub> a month) and this woman lives in the house without paying a cent; the number of my scholars (about 400) compells me to organize a 6<sup>th</sup> class - but I could not use the room I have provided for; In my former school building I had twice a week a female teacher to instruct the girls in needlework &c - but now the girls can have only one lesson - for want of room. Besides this inconvenience I have to bear the most insulting expressions from that woman; as: "The schoolteacher must leave the house, before I do it; I will punish him yet;"

I shall stay for years yet, without paying my rent, &c. &c.  
In short, the woman is boasting, is proud, because she  
enjoys protection to the extreme, while I found no assistance  
at all until now. And this, General, is the reason, why  
I take my refuge to you, & do hereby most humbly, entreat  
you to "deliver me from my evil." I beg you for my  
sake, in the name of my pupils & their parents.

In respect to my ability as teacher I allow myself  
to refer to a number of schoolbooks I published, further  
to the fact, that my private school, which I opened with  
300 scholars, 6 weeks ago counts already 400. Besides  
this I might cite quite a number of respectable citizens  
of St. Louis who at any time will give satisfactory  
proof of my ability and character.

And in respect to my loyalty I should like to  
refer to my Discharge as Homeguard (Private of Camp  
S. III Reg.) (and also to the fact that I have  
delivered to the Sanitary Commission list & names  
proportionally at least as much as any school in  
this city.

General, I have the honor to remain your most  
humble & obedient servant

I reside now in St Louis  
or rather am doing business in the  
city, was Pro. Marshal in Calloway Co.  
was appointed in Dec 62 & was on duty  
as such until July 29, 1863. While on  
duty in Calloway Co. I became acquainted  
with the character of Mrs French, and soon  
from the representations frequently made at  
my office of them & the whereabouts of the son,  
who was a member of Bartley's Co. of  
Bushwhackers; and in 63 was a mem-  
ber of Jackson's Regt. belonging to J. D.  
Pellion's company. I was taken prisoner  
by Pellion and at the time I saw  
Theo. French was with the command as a  
member. About 15<sup>th</sup> May 1863 I went  
with a scout down in neighborhood of  
Mrs French's with intent of capturing Theo-  
dore French, Miss Berry a neighbor of  
French's told me he had seen Theo. frequent-  
ly at his mother's. I went to Mrs French  
& searched the house but could not find him  
Mrs French's talk was evidently rebellious  
they are all rebels in that place -

After this scout was over, about 3 weeks  
I was taken prisoner by Pulliam's gang & they  
was in the pay, and he threatened  
that time told me tauntingly, "You didn't

Report-upon the  
Case of Jackson  
More. Citizens

Head, Ins. Cavalry Detachment  
Leonardtown Md  
— May 17<sup>th</sup> 1864

General,

By permission of the General Commanding this District, I have the honor to report the following facts for the information of your Department.

In January last, Genl. Lockwood who was then in command of the eighth Army Corps, sent two of his Detectives to this County for the purpose of ascertaining as far as possible, who were engaged in dis-loyal practices, against the U. S. Government, & particularly, to look after Mr. Jackson More, of this place, who was known to be engaged in assisting "Blockade runners," Mail carriers &c. The Genl had an Affidavit to that effect, from a Captured Blockader, which also stated that Mr. More was a General Agent for this class of men. The Detectives arrived here, January 28<sup>th</sup> & put up at More's Hotel, where they represented themselves as southerners, desiring to cross the river into Virginia, Mr. More supposing them to be sincere, told them he could arrange it for them, he said he could get a man, who would take them to Virginia for one hundred & fifty dollars. They accepted his offer & More sent for the man, (George Paul) who agreed to take them over, the money was paid to More. The next night a man (Spencer) who really wished to go to Virginia, came to More's aid asked More to send him over, he agreed to

send him over with the other two for fifty dollars, & received  
 the money. On the night of the 28<sup>th</sup> the trip was to be  
 made, when the party were about to get into the boat.  
 They were arrested by Mr. Wilhelm Probst Marshall, &  
 then ordered the arrest of Morse, he acknowledged  
 having received the money & turned it over to me.  
Paul was also arrested, at the request of Genl Lockwood  
 The whole party were sent to Baltimore, Md. <sup>Spain</sup> for trial, and  
 sentenced to one year in Fort M<sup>o</sup>. Henry. Paul was  
 released on taking the oath of Allegiance & Morse  
 was released on Parole, though he was at the time  
 holding an office under the Govt. (Member of the  
 board of Trade.)

The fact that two other wealthy men (W. S. Goff &  
 Connolly) arrested at the same time, & unconditionally  
 released without trial, adds to my suspicion that  
 the matter was not fairly dealt with. The proof against  
 Morse is of the most positive character.

I am, General,

Very Respectfully

Yours, Obedt Servant

He also stated that he was a machinist by trade and that he had worked in the Confederate States Army at Richmond. He was not in the house a great deal, and while absent his wife appeared to be much worried as though she was afraid something might have happened to him. I received to day Your kind favor of the 30<sup>th</sup> ult, and in reply will furnish the names of the Persons as far as I can learn were engaged and personally present at the driving away of the Negroes from this neighbourhood.

One man who can give the names of some more and at whose house two of the Negroes was and who had the Negroes employed informed me that he was afraid of Personal violence or the destruction of his property if he voluntarily made a statement, but that if legally called on he would under oath give the names & actions of all that he saw when the mob was at his house - I have the following names to wit George R Postu, Capt of chieftain of the 1<sup>st</sup> Regt William Coby I S Jackson  
H Hyatt Barney Gore Charles Hammy Jas W Lyon

John Early Jr. and Raphael Joliffe.

Wm Porter and James Coby were the men who took out the Negro man George out of the field of his employer Simpson Haines, and gave him fifty lashes on the bare back, then struck him with a cane and it is said shot at him with a revolver the bullet passing through his shirt sleeve, The same party drove off last Sabbath two Negro men who came down from Iowa after their wives who were living in the neighborhood (family belonging to rebels on the Missouri river.) The men had a pass signed by the Governor of Iowa, one of the men was a discharged Soldier from the U.S. Army. There is said to be some twenty five or more engaged in the matter. The Sheriff of our County although not personally engaged in the matter it can be proven was actively engaged in getting up the Company. On a plenary the same took a promise that he would be absent if any thing occurred, that the law required him to return.

I would take the liberty to suggest the appointment of some person here (if you propose to take action in the matter) to make an investigation of the whole matter, I would suggest Major E. D. Nelson of this Place as a proper person to make the investigation.

Mr. H. was formerly Provost Marshal at this Post and is a good lawyer. And a thorough loyal man. If you wish the Parties arrested there can be a posse of Ensigns detailed for that purpose -

I do not apprehend a necessity for troops to be called out in this County, I believe that some one ought to be authorized to call into a strict service the Ensigns ~~of~~ sufficiency of them for any Armaments emergency. I was informed that Brush Wheeler of the worst character was in this neighborhood for a while visiting his family - but no one had authority to order his arrest, or the arrest of those who harbored him, Excuse the length of this communication. The loyal men here believe that your <sup>wise</sup> <sup>will</sup> make an example in this case that will prevent any other treason for the future. I have the honor to be

To Major General Sherman,

We the undersigned petitioners would respectfully represent to your Honor the case of John Prater, J. M. Cook & Miller Martin, who were arrested by authority of Genl Brown & after lying in prison some two months in Warrensburg, were tried, found guilty & sent to the State prison Gratiot Street. We are satisfied that the guilty should be punished. But taking into consideration all the surrounding circumstances we verily believe the punishment of those three men already sufficient, as nobody has been damaged & it being the first illegal act of theirs, & who have heretofore been loyal & have also been in the service of their Country, & their families dependant on their services at home as farmers. These with many other considerations we pray your Clemency in their behalf.

Dear Sir,

The undersigned Grand Jurors for the County of Maries now in session, respectfully represent that the people of our County are in a state of great excitement. Caused by the murder of one of their Citizens by a party of Murderers and Robbers, who represented themselves as Union Soldiers, from Rolla, but in fact, were returned rebels from the South, and since the murder of our respected Citizen, other good and loyal Citizens have been robbed of money, horses, and property of all kinds. Part of our County is in the District Commanded by Gen Brown, and the other part by you self. Rolla is a point much more convenient to the people of Maries County, than Jefferson City

or any other point at which Troops  
are stationed, for this and other  
reasons the people of Marion would  
most respectfully ask you influence  
to have the entire County attached  
to the Rolla district. Also that  
some 25 or 40 men be stationed  
at Vienna, or some other part  
of the County, from whence  
protection can be furnished.  
And that you may caused  
arms to be furnished to the  
Citizens, to enable them to pro-  
tect themselves, which they are  
more than willing to do. You  
can soon be advised as to  
who may be trusted with arms  
and who will in good faith  
assist the Government in protecting  
its loyal Citizens, and in  
driving from Marion County  
Robbers of all kinds. They only  
ask to be armed, and peace and  
quiet shall soon be restored to  
our County. We hope you will  
give this your earliest attention as  
it is of the utmost importance  
to our County.

General Kinselman

Dear Sir

I write you a few lines to get you to send the widow Murphys sons home from Springfield that was taken by Coles. Co this state I have been told by good union men and Ladies that J. W. Murphy and Michael A. Murphy was not at Charleston on the 28 of March 1864. it is true that I differ with the widow Murphy's sons politically but no other way they are men of good moral character there father died in the hospitell at Camp Yates Springfield Ills

The widow is left  
with a large family of  
one may say almost  
helpless children their  
boy is the only dependence  
to help her. Every union  
man in this portion of  
the county would do any  
thing they can to have  
the boys released as they  
are fully satisfied that  
they are both innocent

I sympathise with  
the widow as there is  
not much coffeehead  
about her she is a very  
good union Lady

excuse my rough  
hand as you are the  
first General that I ever  
had any correspondence with

We the undersigned citizens  
and residents of this City res-  
pectfully represent to you  
the following fact.

1<sup>st</sup> That we have received  
permission from the Military  
Authorities to do business in  
this City. We have taken out  
United States Licenses and paid  
for the same. We pay whenever  
called upon towards keeping the  
poor of this City. The Military  
Authorities have been to all  
the expense of cleaning and  
and paving the streets of the  
City. They have established  
the Gas works and give us  
plenty of light. They have furnished  
us with a Steam fire engine  
and in fact they have paid  
all necessary expenses to  
keep our City Government in

2

existence. We require their protection, and now ask it.  
 The Civil Authorities are demanding of us an enormous amount <sup>of money</sup> as a License fee. We do not think it just or right that we should be required to pay this large amount of money as we believe it uncalled for and unnecessary. We therefore respectfully request that you take <sup>the</sup> action in the matter as to prevent our being compelled to pay the same to said Civil authorities. We are ready and willing to pay the same to the military or United States authorities.

Major General Dix:

Commanding Department of the East.

Sir: On Wednesday

last, when the military took possession of the  
World office, there being in the editorial room an  
overcoat, belonging to me, the pockets of which contained  
a ~~small~~, silver-mounted, four-barrelled pistol, a signet-  
stone, a map of Virginia, ~~several~~ memoranda of the  
battles of Old Wilderness and before Spottsylvania, several  
private letters and other articles of personal service. I  
think it was on Thursday morning that I called upon  
the officer in charge in the office below, and requested per-  
mission to enter and remove my property. It was refused.  
On Friday I called at the doors of the editorial room  
and asked the same permission of the soldier in charge there.  
It was again refused. I then asked the soldier (as I had  
previously asked the officer below) if my property would be  
safe and undisturbed. He replied that it would.

On Saturday, after the order came releasing the  
office from military possession, I entered the editorial room  
and found that my coat had been abstracted, with  
the pistol, memoranda, map, some of the private letters  
etc. in the pockets. The thief had left behind the keys,  
writing block, a bottle of gramine pills and some of  
the letters, which were scattered open and strewn about  
the room. For this outrage I respectfully request that

you will do your utmost to obtain me that speedy  
reparation which will best consist in the recovery of the property itself.  
Yours very truly

Sir:

In compliance with your order dated May the 25<sup>th</sup> 1864, I have the honor to make the following statement. I have diligently and carefully investigated the complaint made by Mr. J. B. Stilson, of certain property stolen from the World Office, for the portion of time during my command of said Office, and find myself fully confirmed in the belief that the said property was not stolen while I was in command, for the following reasons, viz:

First, that I was ordered by Major Bowers, 10<sup>th</sup> Regt. V. R. C. to relieve Lieut. Sawyer in command of said Office, on or about 2 O'clock P. M. the 20<sup>th</sup> inst. with a detachment of men from the Company under my command, which I accordingly did, Lieut Sawyer turning over orders and instructions which were fully complied with until the next day about 9 O'clock A. M. when I gave

up possession to the bearer of an order from Major  
General Dix ordering the same. Here I must re-  
spectfully state that after I turned over the Premises  
to the bearer of said order I immediately withdrew  
my Guard from the upper floor leaving it vacant,  
the bearer of the order remaining on the lower floor.

Some five or ten minutes elapsed, as I left  
during which time that room from which the property  
was taken, was vacant.

Secondly, I have examined my men faithfully  
and find that none, in compliance to orders, were allowed  
in the upper rooms during my command, except myself.

Very Respectfully

Your Obedt Servt

I have the honor to report that in obedience to the orders of Major General John A. Dix, - Commandy Dept. of the East, I seized and took possession of the Office of the New York World at or about 5 1/2 o'clock P. M. May 18<sup>th</sup> 1864. The Editors and Employees remained until about 10 1/2 o'clock P. M. when they all left the building. I was in the Editors outer room (the inner ones being locked) when they all left. I do not remember of having seen an overcoat hanging in the room after they left. I posted a Sentinel at the door of the forming room and gave them orders to allow no one to enter either the Editors room or the forming room. I have closely questioned my Guard separately and find that no one entered the Editors room during my tour of duty except myself and the Sergeants of the Guard who have made their affidavits

that they did not disturb any property while there, neither do they remember to have seen any citizens clothing in the room.

General.

In compliance with your instructions dated New York May 25<sup>th</sup> 1864 to make a statement in regard to the complaint of a Mr. Stillson of the World Office, I have the honor to state that, in obedience to orders from Major Gen. Dix I relieved Lt. Tuttle U.S.A. in charge of the World Office.

I found one sentinel posted at the door of the Countingroom in Beekman St.

On going upstairs I found one sentinel posted outside of the door of the Compositors room and in such position as to prevent any person entering the door of the Editorial department which is very near it.

These sentinels were instructed to allow

no person whatever to enter these premises.

The guard upstairs was particularly instructed not to enter the rooms himself nor allow any other member of the guard to enter.

Which instructions were carried out to the best of my knowledge and belief by the men of my party.

On going through the rooms upstairs with Capt. Hall and Lieut. Fithell I did not notice any clothing hanging in them.

I have carefully and faithfully examined the men of my party as to this matter and do not find that any person entered the rooms upstairs during my tour of duty.

I have the honor to be

Two hundred dollars.

Thomas Core is a carpenter in the

Genl.

I have the honor to state for your information that, on yesterday, one of my Special Agents, Mr Edward Kimball, arrested and brought to these Head Quarters a man from Schuyler Co. Mo., calling himself Hugh Pennington, as a counterfeiter of U. S. Money. The case was clear and I have turned him over to Civil Authorities.

To-day the same Agent arrested a man, calling himself Benjamin Livingston, for the same offence, at Columbus in this County whom I also turned over to Civil Authorities - equally a clear case.

Both these men say that the Head-Quarters of the issuing shop, said to be in St Louis.

The Saloon which is supposed to be the Head-Quarters of "C. Jones, W. Robin, Charley Hathaway, Jim Feezy or Vasey", and a man who is called "Bill" is on Broadway near Mound Market. There is a door which opens

on the side of the room opposite the bar, through which the man "Bill" goes for the money.

This much is stated. I presume, General, that in your position you are not much hampered by red-tape and that it is in your power and inclination to send the right men to investigate the matter.

I have doubted the propriety of writing this letter to one in your position because all your letters necessarily pass through other hands, but as promptness is deemed important I have made the venture.

I am, General,

Sir:

I have the honor to acknowledge the receipt of yours of the 5<sup>th</sup> inst. and in reply thereto will state that on March 31<sup>st</sup> 64 Mrs Dillingham and Mrs West complained to me that Mayor P. B. Plumb, of Kansas City, Mo., Provost Marshal Dist of the Border had arrested them in Kansas City Mo and took from them the sum of \$67.00 which he never returned. They also complained that parties connected with the Provost Marshal's office requested them to stay at the Union Hotel Kansas City over night, offering to pay their Hotel bill should they do so. This, they say occurred some time in the month of August 1863. By reference to the records of the office of District Provost Marshal now in my possession I find the following entries—

description	from whom	date
\$67 Fed Currency <small>rememb<sup>d</sup></small> ("Paid to destitute union refugees")	Mrs Dullughan & West	Aug 29 '80 front back

The figures were evidently \$67 - but subsequently changed and made 500. The figure 6 is yet very plain. Mrs Dullughan & West are now living near Independence Mo. For further information in this case I would respectfully refer you to H Coates, and Robert Salisbury Kansas City.

Very respectfully,

May 20th 1864

Colonel

I have the honor to report the following cases examined by the Commission this day sent before us by Capt. Major St. M. Fortes, Major, Marshal Parish of Orleans.

Street Thompson Is eighteen years of age. Was born and raised in St. Helena Parish. Was in the rebel army and served nine months. Was discharged from it about ten months ago on account of being under age. Has not been in it since. Says he was on a visit with a cousin of his, who lives about twenty miles above Baton Rouge. Was sitting in his house when a party of the 11th Wisconsin Cavalry arrested him. Says himself and cousin had been out shooting turkeys just before he was arrested and that their shot-guns were in the room unloaded. Says he saw the soldiers coming towards his house and had ample time to make his escape had he any desire to have done so. Positively denies having used the shot guns for any other purpose than that stated, and also having made any

any attempt to escape.

Respectfully recommended that he be discharged from arrest, upon his taking the oath of allegiance.

P. J. Mr. Miller. Has lived for six years near Alexandria. Has never been connected in any way with the rebel army, is physically unfit for soldiers duty, besides being over a get. Was arrested near his home on the 12<sup>th</sup> inst, by a party of Union Soldiers. Says there was a fight took place near his house that day, but strenuously denies having participated in it. Has a wife and children living at his home who were in destitute circumstances when he was brought away. Says he would rather not take the oath of allegiance as he desires to return to his home.

Respectfully recommended that he be discharged from arrest, upon his taking the oath of allegiance.

Major Dubois. Is sixteen years of age. Was arrested near his home which is fifteen miles above Fort De Russy, by a party of Union Cavalry about three weeks ago. Says, on the day he was arrested there had been a fight between some Gunboats and

and several batteries on the bank of the River  
and out of curiosity he had gone up to  
find out the cause of the firing. On his  
return he was arrested on suspicion of  
having given information to the enemy.  
Says he did not know any information  
he could give the rebels, even had he been  
disposed to do so. Seems to be a harmless,  
inoffensive boy. Wishes to return to his parents.

Respectfully recommended that he  
be discharged from arrest upon his taking  
the oath of allegiance.

I have the honor to remain  
Very Respectfully yours

District Attorneys Office  
Rensselaer County

Troy N.Y.

May 12<sup>th</sup> 1864 ~

To  
Maj Genl John A. Dix

Sir

A Complaint has been made to me by the firm of Marsh and Bates of this City to the effect that Captain John S. McCorn of the 169 N.Y. I.R. (who at the time was acting provost Marshall under Major Van Rensselaer at Albany) accompanied by a guard of soldiers in the month of April 1864 visited their office in Troy and under the pretence of acting under your orders in the premises compelled said firm of Marsh and Bates to pay him the sum of \$800 by threatening to convey them to Fort Jay in New York Harbor unless they complied with his demands. Complaints have also been made to of similar transactions in the vicinity by other persons in the

Military Service.

It is my duty as prosecuting attorney of the County upon such complaints being made to investigate into their truthfulness and present them for consideration to the Grand Jury of the County, acting under the admonitions of his Excellency Governor Seymour as expressed in his annual message to the Legislature. It is incumbent upon me as District Attorney to take care that no person within the County is imprisoned or carried off by force beyond its limits without due ~~process~~ process of legal authority and I therefore write to make the inquiry of you whether Captain Mc Corm was acting under your orders in making the demands and threats and receiving the money alleged by Mrs Beach and Potts ~~as shown above~~ to have been made by him as above stated or whether he was acting in the matter upon his own responsibility and if

~~acting under your direction~~ What  
legal process be made for the arrest  
of said Moush and Boles or  
either of them if any -

Yours very Respy

By the Steamer Gen. Meigs returning I send three prisoners Blockade Runners, arrested by Capt. Boyle. The evidence against them is contained in their own statements which accompany this report. They are evidently only accomplices, while the Chief actor is still at large but I have directed the utmost vigilance to be observed to secure his arrest if possible. His name is Alexander Sherwin or Sherban.

The names of the prisoners sent are John P. Smith, John Darius, and John McKenny. The Sloop, Maryland, mentioned in the several statements of these parties is now in possession of Capt. Boyle.

It is very important to hold these prisoners for independent of their guilt, their evidence against Sherban, if caught, would be invaluable.

I have the honor  
to report in regard to the Sermons of  
the Rev. Garrison & Rival.

Neither preached a Political Sermon  
nor dealt in any way with the affairs of  
the Country except in one <sup>or two</sup> instances Mr  
Garrison spoke of the present deplorable  
condition of affairs in this Country and  
seemed to be very much downcast in both  
preaching & praying -

He (Mr G) did not utter one word of  
prayer for our President, Army or Government  
I know of Mr Rival's being a Correspondant  
of some of the Rebel Prisons in the M<sup>d</sup>

At both Demmons they had a very fine  
audience

I have the honor to make  
the following explanation in relation  
to my report of the Rev Dr Peisab -

The substance of the correspondence  
between him and the Rebel Prisoners was  
all known to the Commandant of the Post,  
and the letters contained nothing objectionable.

I was in the habit of making the correspondents  
of the Prisoners as they passed through  
my hands, that I might know who was  
interested -

Col. Samuel A. Graham,

Comdr. 9th Regiment - Maryland Inf.  
Colonel:

I send to you under guard, John  
Switt, John Darms and John McKeeny, charged with lock-  
picking. John Switt and John Darms were arrested by my  
order on yesterday (Saturday) afternoon. I arrested John McKeeny  
this morning about 3 o'clock in the vicinity of Allen's Fresh.  
I have closely questioned Darms, and give to you the summary of  
his statement, which was as follows, that the Sloop Maryland,  
has been lying at "Allen's Fresh" since Monday last, and only left  
there on Friday night, and sailed around to Buckolds Creek,  
having good reason to believe Darms to be lying. I handed him  
the Bible with the design of swearing him as to the truth  
of his story when he at once declined taking the oath and  
made a free confession as to the business of the Maryland and  
all who were engaged in the trip to Virginia. The goods were loaded  
on the Maryland at Newport, and sailed on Tuesday night  
out of the Rappahannock River between the hours of 8 and 9 o'clock  
and arrived in Maddox Creek Va. on the following morning.  
The goods were landed at Maddox Creek and Alexander Sherwin  
who has planned the trip carried them to Richmond Virginia.  
The Sloop Maryland, Capt. John McKeeny left Maddox Creek  
Virginia on Friday night and arrived in Buckolds Creek  
Maryland, on Saturday morning April 30<sup>th</sup> 1864 about sun-  
rise. Darms also states that Sherwin is to return in  
two weeks time, Darms received twenty dollars as his pay,  
and also says that Capt. McKeeny received forty dollars as his  
pay, Sherwin paying the money.

Statement of John D. Nevitt owner of the Sloop Maryland.

- Ques. Are you the owner of the Sloop Maryland?
- Ans. I am, the sole owner.
- Ques. Do you know Alexander Sherwin?
- Ans. I know him, but am not intimately acquainted.
- Ques. Did Alex. Sherwin at any time, propose a trip to Virginia to you?
- Ans. He did, about three weeks ago, and I told him I did not want to engage in any such business.
- Ques. Did he state for what purpose he wanted you to go to Virginia?
- Ans. He did not.
- Ques. When did you first hear of Alex. Sherwin having your boat?
- Ans. On Tuesday last, Mr. Pearson told me that a party of Abolitionists were in chase of my Sloop, and he (Pearson) told me he understood that Alex. Sherwin had my boat.
- Ques. Did you employ John McKeeney as a hand on your Sloop?
- Ans. I told him (McKeeney) to go on board of the Sloop, knock about on her, and make something until such times as I could go aboard of the Sloop and take command myself, I was sick and unable to take charge of the Sloop myself.
- Ques. Did you employ John Darius?
- Ans. No, I did not, but I told McKeeney that John Darius was as good a man as he could get.
- Ques. Do you know where the goods were obtained from, that was put on board of Sloop Maryland to go to Virginia?
- Ans. I know nothing about them.
- Ques. Where does John Darius live?
- Ans. He is stopping at Mulhorns.
- Ques. Have you at any time during the present rebellion engaged in blockade running?
- Ans. I have not.

Sir:

In a note which I had the honor to address to you on the 7th March last, I called your attention to the statements which had been made to me respecting the enlistment of two colored seamen, James Bapell, & Thomas Been, into the army of the United States. I at the same time expressed a hope that a searching investigation of the cases would be made, & that unless the statements put forward should prove to be unfounded, the two men should be at once discharged & measures be taken to bring to justice the perpetrators of the outrage of which they complained.

I learn from Her Majesty's Consul at New York, that in pursuance of instructions from the War Department, the two men were discharged from the United States Army on the 15th of last month, & delivered to Her Majesty's Consul at New York. The Consul took from them a deposition, a duplicate of which I have the honor to transmit to you herewith. I think that on reading it you will agree with me, that the matter ought not to be allowed to rest, until every effort has been made to bring the perpetrators of the outrages of which these two men were the victims to justice, and to prevent a recurrence of such acts of fraud and violence.

I beg you to be so good as to send the deposition  
back to me.

I have the honor to be, with the highest  
Consideration, Sir, your most obedient

Humble servant..

Deposition  
of James S. Bapett - and Thomas Been -

3

Personally appeared before the undersigned, Edward Mortimer Archibald, Her Britannic Majesty's Consul at the British Consulate, New York, on this 21<sup>st</sup> day of March A.D. 1864, James Solomon Bapett, of the age of 24 years, Seaman, and Thomas Been, of the age of 23 years Seaman, who being severally sworn, in the Holy Evangelists to declare the truth, testified and deposed as follows: We are both natives of the Island of Bermuda, & British Subjects. We were seamen, on board the British Brig, "Sarah R. Chapman" - Capt. Edwin Jones. On the 3<sup>rd</sup> or 4<sup>th</sup> of January last, the said brig was lying at Pier No. 5, East River, loading with flour for Bermuda. We had been working in Cargo Stairs in the day in question, but cannot remember whether it was the 3<sup>rd</sup>, or 4<sup>th</sup>, & about 7 o'clock we went up the wharf, & across the street to buy some tobacco. We went to the 2<sup>nd</sup> Street from the water, & at a corner shop where bread & cakes were sold, we found tobacco, & each of us bought 3 shillings worth - We then returned directly towards our vessel, & while on our way back, 3 white men came up to us, & one of them said "Come we want you to go with us." We thought they were joking, & I James Bapett said, we were going to our own vessel. The man who first spoke to us was in advance of the other two. These came up & also said, we must go with them. We both said we would not go. The whole three of the men drew pistols, & holding them in their hands, one of them said, we must either go with them or die.

The others used like rods, also a fourth man who had a club in his hands then joined the others. He said, "we will take them along," meaning us. They then commenced to shove & drag us along. We resisted & I, James B. Pelt, struck at one of them, when the man who had the club, struck me across the back with it. I saw a policeman standing 15, or 20 feet from us. I called out loud to him. He started to come towards us. One of the men went up to the policeman, & said something to him, which we did not hear. The policeman then stopped & we saw no more of him. The men then dragged & pushed us along, took us round a corner, & along another street, a considerable distance. As they were thus dragging us along, a well dressed gentleman looking out of a window, met them & said to them that if they would put us into his room for that night, he would take care of us, rather than see us ill-treated. The men agreed, & we were taken a short distance further, & put into a small room inside of a liquor store, or shop - & were locked up there all night. In this small room we found two other men who were drunk. The door was locked on us, & we four were kept there all night. The two men who were drunk, & whom we found in the room were white men. The next morning a man unlocked the door, & called the two white men out to get something to drink - They went out and the door was locked on us again. About a quarter of an hour afterwards, two men unlocked the door, & told us to come out. They told us they

5  
were going to put us in the army, not to be afraid; that they  
would get us a furlough, & get us clear again. I, James Bapsett,  
told them we were British Subjects, and we did not want to go  
in the army. They did not say anything more to us. Three men  
then took charge of us, & took us right along to a railway  
station. They put us into a car - a fourth man, who acted with  
the other three men, & appeared to be one of their companions,  
told us where to sit, - Neither of us had ever been in a rail-  
way car before, in our lives. The train started, & about or  
nearly half an hour afterwards stopped. We were taken  
out and put into another car - The train then started, &  
we were taken to a place which we heard them call  
Tarrytown. There we were taken out by three men, &  
taken to a room close to where the train stopped. In  
this room they took off our clothes, and put on us soldiers  
clothes. One of the men told us that when we got on the  
cars again he would give <sup>us</sup> some money. We never saw  
that man afterwards. The room to which <sup>we</sup> were taken was  
up stairs - a bare room in the 4<sup>th</sup> story. We remained  
locked up in this room all day & the following night -  
We did not get anything to eat, until about 8 o'clock at night,  
when some bread & coffee was given to us. There was so far  
as we could judge, ~~about~~ 50 more men in the same room  
with us, some colored & some white. I, James Bapsett, judged  
the room to be about 16 feet square; & at night when all who  
could do so lay down on the floor, packed like sheep, there were

6

still be standing, who could find no place to lie down. The other men confined in this room were held for enlistment. We heard some of them say they had received money, & others say they had got no money at all. There were men standing guard in the next room, & there were other guards down stairs. These appeared to be soldiers. They had muskets & bayonets. At night we were told we were to have breakfast at  $\frac{1}{2}$  past 7 next morning, & at 8 o'clock were to start for Riker's Island.

On the following morning after breakfast we were all taken down stairs to the cars, which were about 30 feet from the door of the house. Soldiers with muskets were stationed on each side of the way leading to the cars - Six soldiers on each side. The whole party was then put into the cars. Soldiers got in with us. We completely filled a car. We were brought to New York, & then marched through the streets to the South Ferry, put on board a steamer & taken to Riker's Island. At Farmington & on the way down we saw no officer to whom we could complain. We signed no papers of any kind - and took no oath - We were not asked to do so - When we got to Riker's Island we were put into a tent, we two & about nineteen others, all colored men, into one tent, with planks over us, & kept there for about 4 weeks, before being put into any company. At the end of that time, J. James Bafett,

was put into Company A. & J, Thomas Been, with Co. E.  
 of the 26<sup>th</sup> New York Volunteers. That when we first  
 arrived at Riker's Island, the names of all the party  
 were called over by an officer from a list - Our names  
 were not called, but the name Samuel Rollins  
 was called, when a man stepped out & touched me,  
 James Bapsett, & said, that is your name, answer  
 to it, & stand aside - The name, John Smith, was  
 also called from the list, when the same man touched  
 me, Thomas Been, & said, that is your name, answer  
 to it. - We had never before from the time we were  
 arrested been asked our names, & had not mentioned  
 them. When we got to Tarrytown we were carried  
~~right~~ through a lower room where there appeared to  
 be officers sitting - but we were not allowed to stop -  
 & did not know to whom to make our complaint -  
 At Riker's Island, until we were put into a company,  
 we were allowed to walk about a short distance from our  
 tent. When the company was formed about the end of  
 January, I, James Bapsett, spoke to Lieutenant Miller -  
 & told him how Been & I had been kidnapped off a British  
 vessel, & wanted to know how I could write to the British  
 Consul. He said, he would see about it - But he never did,  
 or said anything further about it. I got a colored clergy-  
 man there to write to the British Consul telling him our case -  
 This was in January. I subsequently wrote two letters to the  
 Consul myself, one in February, & one in the beginning of March -

8

The Surgeon has told me he never received the first two letters. I believe that these as well as letters which I wrote to friends in Bermuda, although posted, never went off the Island. I think the name of the officer to whom I told my case was Lieut. Miller. I am not quite sure that that was his name. On Tuesday last, I, James Bafett was brought from Pitkin's Island to General Dix's Head quarters & examined before one of his officers. The Adjutant sent word that Green could not be found, but he was in hospital all the while. Ward was sent to the Island the day after I was examined to discharge us both. We were released on Friday last -

Sir:— Agreeable to promise, I send you the number of women & children who drew rations on the Provision Return which was sent by me for your approval.

This is in addition to those you saw. Latherine. Rachel, & one child. Sidney & five children. Hattie & one child, Molly & two children. Fanny & five children. Margret. Synderella & three children. Sarah. & one child. Manda. Caroline. & two children. Barbra & one child. Vina. Sarah. Making a total of (14) fourteen women. & (21) twenty one children.

This number added to the (7) seven women & (13) thirteen children which you took the names of yesterday, makes a total of (21) twenty one women & (34) thirty four children. I took the names of the women at the time they got their rations, with the exception of (3) three who were sick. The children they gave as being the correct number. You will notice that this makes (60) ten persons more than I drew rations for, or a grand total of (55).

I asked the women in regard to work &c. they tell me that the most of them get some washing to do. A number of them are quite old & not able to do much work. I think however that the majority of the women, can work and should be made to support themselves, in part at least. The children are like those we saw yesterday, mostly small. I learned by the clerk of A. A. C. S. that the last Return was made from a list taken by Lieut. A. Carpenter.

I shall make the next Return by the list I now have,

Very Respectfully

States the brutal treatment of  
Betsy Ann Brown by  
Bennett Brown her master

---

Citizens

---

Fayette Howard County, Mo  
May 9<sup>th</sup> 1864.

St John D Campbell  
Asst Prov. Marshal  
Mexico Mo.

Sir:

Betsy Ann Brown, slave of Bennett Brown of Howard Co. Mo., came before me with a disfigured face, and the marks of a rope round her neck, stating, that she was beat in this brutal manner by her master Bennett Brown, and that she had the same marks to show all over her body, she was hardly able to walk.

The reasons she gives for the inhuman treatment inflicted on her, are:

1. She set the table, and by mistake put an unclean spoon to a plate, what did start the anger of Master Brown.
2. Master Brown asked her to get a bucket of milk, Betsy told him that Betsy Ann went for, whereof Master Brown, before ascertaining the truth, accused her of lying, saying he would kill her.

To execute his threat, Master Brown tied a rope round her neck, knocked her down, tied her hands and feet, with the help of his son George and John Tolson (colored) struck and kicked her, put his foot on her throat while George pulled on the rope, they left her senseless on the floor. When she gave signs of life again, her master came up, gave her another kick and told her to get up and go to work, but she was not able to do so for some time. At length she got up, but instead going to work, started for our camp to seek protection, as she was afraid her master would finish the work, he had begun.

Bennett Brown made also the remark, that he wished the soldiers had struck all the negroes in them.

Betsy Ann has one brother and eight cousins in the army.

Decds like this are very apt to discourage enlistment.  
I do not know of Q XI in section 20 General Order No. 5  
applies to this case or not, if it does, I wish you would take  
steps to prevent a recurrence. I do also wish to receive instructions,  
"if a woman is entitled to protection in a case like this,  
and to what extent"

Very Resp<sup>ly</sup>. Yours O<sup>bt</sup> Serv<sup>t</sup>

Rec'd of Catharine Van Hook 20<sup>th</sup> May 1844

Calhoun Mo May 20<sup>th</sup> 1864  
Brig Gen Bowen

Your letter of the 27<sup>th</sup> ult was received on the 29<sup>th</sup> but you had so far advanced your terms of communicating letters from our Company since your letter of the 20<sup>th</sup> of the same month, that I saw at once there was no possibility of harmonizing the views of the Radicals here with your ultimatum, and hoping that we might soon be furnished the protection of at least part of a Company of State Militia which might save us the necessity of again referring to this unpleasant subject, I have let the matter rest until the present moment.

But as the danger from bushwhackers increase and I see no show for protection and having already sent off part of my stock of goods and arrangements to send off more of them in a few days to keep them from falling into the hands of bushwhackers and when the Provost Marshall for the Cent. Dist (Col Swigler) accompanies a permit he gives me to sell arms and ammunition with the very sensible caution that while there is danger of bushwhackers running in and no one had better keep but little of such stores on hand? In view of all this you will pardon me if I am a little importunate.

You will allow me to recapitulate briefly what as they have occurred touching us since the 19<sup>th</sup> day of March. Prior to that date an Order had been issued by you requiring all honest reliable Men Capable of bearing arms to be

Organized into Companies. Under this Order  
Col. McFerrin could here deliver a speech  
in which he said all were required to go into  
Companies, boasted that he did not ask any  
one to volunteer that it was a compulsory  
thing. And immediately after the delivery of  
the speech he called a list of names which  
had been furnished by some conservative gen-  
tlemen, a large proportion of which names were  
men of very doubtful loyalty. We then and  
there entered our open protest against the ar-  
-ranging of such a Company, and told the  
Colonel that we went into it under protest.

We referred the matter to you and you  
told me that the Organization was intended to  
be "voluntary and on a Union basis." As  
our Organization was neither voluntary nor on  
a Union basis and wished to have it broken  
up and forwarded a list of Union members  
for a new Company together with over thirty  
petitioners asking to be transferred from  
Capt Spurr's Company to the one we wished  
to organize. On the 27<sup>th</sup> of April you wrote  
me that on receipt of a list of the rebels  
in the Company with proper assurances that  
their remaining in it would be objectionable  
to the loyal men, you would have their names  
stricken from the list. But on the 27<sup>th</sup> of the  
same month you wrote me that proof of disloy-  
-alty must be made, and knowing how difficult  
it is to prove specific acts of disloyalty even  
where every mind here believes a man to be a rebel,  
we were not disposed to undertake any such inter-  
-prise. This brings us down to our present status.

Capt Squires' Company has not drawn arms. Many of them I suppose will not be allowed to bear arms, and the Radicals who were driven into the Company under protest and refused to participate in the election of officers, will never willingly serve under the officers now with some of the men of the Company. I will say however that the Radicals here do not separate as I know Charge that the Officers are disloyal, but they are Conservative and we do not believe their sympathies are with the Radical Union Men. And we fail to see any good reason why the Radicals cannot be permitted to organize a Company especially as the Order required all honest reliable men to be organized. Are the Conservatives including Rebels and Copperheads more honest, or reliable, the friends of the Government than the Radicals?

Capt Squires' Company cannot do much in its present divided condition. The Radicals have not been permitted to organize a Company although full a hundred have asked to be permitted to do so, and no Militia has been sent for our protection. It seems that we are neither protected nor allowed to protect our selves, though in truth I do not see how a Citizen Guard Company even if we were allowed to have one, could be expected to do much towards protecting a town without pay, clothing or rations.

We have five stores here and a heavy surrounding population and I do not know of a village of the same importance any where near

us where they have not troops. Still I know  
soldiers can not be kept at every point where they  
are needed, and if you can not afford us  
protection we must do the best we can without  
it. I had a petition under way when I  
received your letter of the 27<sup>th</sup> ult. which I  
at once discontinued, finding that our wishes  
would not be regarded. I enclose you the  
petition, not as a petition now, but to show  
you the feeling of the Union men here.

This letter is long and may be in some  
sentences a little pointed but it does not  
express half the bad feeling of the radicals  
here. I would not however say more, and  
I could not in justice to the feelings of many

I have the honor to be, General

I would respectfully request that  
W. W. Greer of Lyon Co. Kansas County

arms and ammunition, to Loyal Citizens of  
said County. also that William Mathews of  
Guscumba Miller County be authorized to

The citizens of said counties represent that their distance  
from Jefferson City, prevents them from obtaining permits

deal of trouble and loss of time, and yet they must have  
some way to defend themselves or must leave their homes

Representing the situation in the above vicinity and the change likely to be made in the disposition of troops which probably would make the place of no account of them, with a few soldiers as a basis of defense we can get along very well, and we respectfully request that the place be not entirely abandoned, but a small force left to protect those who are willing to fight but unable to run in case of emergency.

Newtonia, Mo.,

May 20, 1864.

Maj. Gen. Rosecrans,

Comd'g Dep't of the Missouri:

General: - Learning by

apparently authentic rumor that in consequence of forces about being stationed at Greasy Lead Mines, Newtonia would probably be abandoned, we ask the liberty of making a statement of facts, and reasons why it appears to us the post ought not to be vacated.

Newtonia has been considered by all commanders of this District, and field commanders who have been here, as an important point, and has been held for the last two years more constantly than any point near. An excellent two-story block-house, with heavy surrounding stone wall and four bastions, (floor raised inside for cannon), ditch, good well of water, and connected with a large two-story brick once a school building, has been erected, (by Maj. Ens, & 8<sup>th</sup> M. S. M.) The

position is easily defensible against any moderate force; - the works will accommodate if necessary <sup>711</sup> 400 or 500 or more inside, and it is believed could be held by resolute men against more than five times their number.

Newtonia being situated in the prairie (from one to two miles from timber, grazing is abundant and good for any amount of stock. Water is sufficient. A steam mill situated here can manufacture 60 to 75 <sup>bls</sup> flour in 24 hours.

The post for the past two years has been a nucleus for Union refugees and a stopping point for troops. At this time are gathered at and near it many families from McDonald and Newton Counties who have abandoned their homes after losing nearly all, and this summer are colonized on the farms within a radius of 2 1/2 or 3 miles. They have just planted their crops. They have done so through promise of continued protection, and are expecting to do all the farming their limited means will allow. If the post is vacated, these people, as well as ourselves, will certainly and

necessarily be compelled to leave also. This will bring distress on many, for most have no money, and little means of any kind. The reputation of Newtonia will not allow a Union man or Union family, to remain here unprotected at present, unless there is help at hand. The events of the last four days have shown this, and how necessary the fort, with a few soldiers as a basis of defense, is to us. As they have just given evidence, most of the citizens here are more willing to fight than able to run; but they do not feel able to stand it alone, and also, feel that a wrong would be done them if they were now left so, after they have stood the brunt of devastation and relied upon the promises of government's officers so long.

We do not desire to criticize, nor to be considered as working only for selfish ends, though mostly our own personal interests lie here. Yet if a greater good to the whole country necessarily requires further sacrifices,

14 P. 290, April 18th May 1864

we could not with justice complain. 711

With force at Granby or Neosho, or both, but few troops would be needed here, and what men, would be easily subsisted and be within close call of the other points in case of need. Newtonia is 5 miles east of Granby, and 11 miles east from Neosho.

Relying upon the expressed intention of the General commanding, that all possible protection shall be given to all who need and deserve it, and believing that we will not be abandoned if the case is rightly understood, we respectfully make the foregoing representations.

Sir

Yours of the 18<sup>th</sup> March has just been handed me - The Negro Woman (Milly Lewis) I sold to Mr Boulden before the war. he was and I presume is yet a decided rebel. After Negro property began to be worthles he refused to pay for her alledging her unroundness and I am determined if I can make him pay it. To this end I have recently instituted suit in the Pettis Co Circuit Court. Should I succeed in getting the money I shall give her & child a good portion of it. provided she becomes free to enjoy it. You see I have no control of her word - I dont suppose she knowingly misrepresents the case to you but having been a slave all her life is goodly naturally ignorant, and has not understood the matter thoroughly - she truthfully speaks when she says I am an emancipationist, having

opened mind freedom. Above all,  
they desired to exercise it. and I  
am happy to hear that many of them  
are doing well in their new  
condition -

Major O. D. Greene  
Assistant Adjutant Genl;  
Dept. of the Mo

Major

I have the honor  
to transmit herewith the report of a Board of Officers  
appointed by paragraph V of Special Order No.  
143 from these Head Quarters of December 5<sup>th</sup> 1863,  
in obedience to instructions from Department Head  
Quarters of Nov. 4<sup>th</sup> 1863, contained in an endorsement,  
referring to me for investigation, and report the  
complaint of Major Wm Gentry 5<sup>th</sup> Cav. E. M. M.  
against the troops under command of Col.  
Wm New, while in pursuit of the rebel Col.  
Shelby, about the 12<sup>th</sup> of October last in taking  
and destroying private property on his farm near  
Sedalia Mo and to which Board, was also referred  
the complaint of Wm J Taylor, against the troops  
under command of Lieut. Col. Purvis, during  
the same pursuit, in taking from him four horses,  
which was referred to me from Department Head  
Quarters, and the similar complaint of  
John R Edmonston, and G. W. Dearmond,  
against troops belonging to my command, during  
said pursuit, which had been referred to me, though  
not from Department Head Quarters.

This report shows that this Board has been engaged in its investigations forty two days, <sup>and</sup> that it has taken the evidence of a number of Officers, <sup>and</sup> Soldiers who belonged to the commands referred to in the several complaints, and has visited the localities where the transactions to be investigated were committed; and taken the testimony of the complainants themselves, and their neighbors in relation to the matters complained of. The two partial reports of the Board, made before it had concluded its investigations, the first of which was forwarded to Department Head Quarters on the 13<sup>th</sup> instant, and the second of which is herewith enclosed attached to the report of evidence taken, contain its estimates of the amount of damages sustained in each case referred to it, and four cases which were not, but which came to the knowledge of the Board and were deemed by it as meritorious; that of Raugherty & Co, of Hannsberg Mo, of Clifton Wood, of Sedalia Mo., of Elijah J. Smith, of Knob, Porter Mo and Andrew J. Haggard, of Sedalia Mo, and shows that it has traced out and identified three of the mules, and one of the horses taken by said command, and has awarded compensation for the use of the three mules, which have been in the service of the Government, but that it has found it impossible to fix the responsibility of taking and appropriating the property

specified in the report, upon any particular individual or command,

I respectfully report in connection herewith, that the Quarter Masters, who were also the acting commissaries of the commands above mentioned, have accounted properly on their actions for all property taken by said commands, in the way of forage, fuel and subsistence supplies, as ascertained and reported by their Boards, and have been directed by me to issue Vouchers, to the persons from whom such property was thus taken, according to the value thereof as estimated by their Board, and to the owners of the Three Mules, which have been in the service of the Government, for the amount awarded by the Board, as compensation for their use; and that the Three Mules <sup>and</sup> one horse, above mentioned, as having been identified, have been seized by the District Sheriff Marshal, and sent under charge of an efficient and reliable Officer, to their respective owners, as adjudged by the Board.

Very Respectfully  
Your Obedt. Servant

Proceedings and Report of a Board  
of Investigation convened at Kansas City Mo. Dec 8<sup>th</sup>  
63 by S. C. No 142 Dist of the Border to examine into losses  
sustained by citizens during the Shelby Expedition

Wm Daugherty and Co. of Warrensburg Mo.  
have sustained a loss of 22 hogs averaging in weight  
about 200 lbs each valued at \$8.00 each. Taken by  
Troops under command of Genl Ewing, while camped  
at Warrensburg on the 11<sup>th</sup> of October 1863, no remuneration  
given as yet, It cannot be ascertained what particular  
Troops took said animals

Clifton Wood, of Sedalia Mo, lost one Mare  
which was shortly afterwards in the hands of M<sup>o</sup> Dowell.  
Private Co "H" 2<sup>d</sup> Cal Vols, and sold by him to James  
W. Hicks Prot. same Co., who sold her to Josiah Collins  
a citizen of Hickman Mills, who sent her to Kansas  
City for sale, where she was purchased by Lieut  
R. G. Lewis 6<sup>th</sup> Kans. Cav. Vols, and in whose possession  
she now remains. M<sup>o</sup> Dowell being absent on fur-  
tough, it cannot be ascertained how said Mare came in  
possession

Other matters referred to the Board are delayed  
for a time, for the want of proper information, it being  
a difficult matter for the Board to investigate these cases,  
as the Troops comprising the command of Genl  
Ewing at the time, are now scattered and difficult  
of access,

Cincinnati, Hamilton & Dayton Railroad Company.

Cincinnati, May 20, 1864

Genl Heintzelman,

Com<sup>d</sup> Dept. of Ohio,

Dear Sir—

I rec<sup>d</sup> to-day the enclosed letter, which I take the liberty of forwarding to you, with a few words of explanation.

You are doubtless aware that four of the most important Railroads of the West terminate at Toledo, and do their business in close proximity, or what is called the middle ground. Their improvements, with the numerous grain elevators, are immensely valuable. About 600 men, mostly Irish, are employed in the Depots and on the docks. These men have organized themselves into a League, headed by an Irish Doctor, by the name of Dowland. The first of the present week they struck for higher wages—\$2 per day, rain or shine, work or no work. They were receiving \$1.50 per day of ten hours. They have all been paid off, and other men from the country, on the lines of the several Roads, set to work in their places. There is a threat made to drive away the new men, which may lead to bloodshed and destruction of property.

The City of Toledo is at this time quite

unprotected. The Art. Guards have left, taking  
every available musket with them; and there  
is no Police Establishment, like we have in our  
City.

What the Railroad Companies, and  
the Citizens of Toledo desire, is that you give  
them to understand that in case of riotous  
which threatens the destruction of property,  
you will order from Governor's Island to  
Toledo, as arranged on some of the Soldiers  
there stationed. Should this meet your  
convenience, please notify the Mayor of  
Toledo, <sup>or the Thront Municipal</sup> that you will protect their City,  
by telegraph or letter.

Very truly Yours

Governor Pough's advice is that he has no authority over the military upon Johnson Deland and refers us to General Hentzelman the Commandr of the Department. We wish you would confer with this officer and explain fully our position and danger, and ascertain if he is willing to delegate authority to Post-Marshal Kent of this City to make a requisition for military aid in case of an emergency. The situation here looks more threatening and unsatisfactory and we should use every precaution for our protection in case violent means are resorted to by the strikers.

June 24/64: Maj. Gen. Butler & I sent an expedition up James River, <sup>in</sup> Jan'y last. Statement of Titel Pusky Mordicia David and Henry Steen formerly of Richmond Virginia and Julius Louis and Herman Sommers formerly of Camden South Carolina.

We Titel Pusky, Mordicia Davis, and Henry Steen formerly residing in the city of Richmond Virginia, and Julius Louis and Herman Sommers formerly residing in the city of Camden South Carolina having a desire and determination to get within the Federal lines, came to the conclusion to do it and for that purpose set about making all the preparations to accomplish our object, that we might escape the Confederates, so called authorities. We entrusted to F Pusky to make the arrangements by which we might escape to the United States, through him information was obtained by us, that a certain Captain named William Hanly, commanding a Schooner out of Richmond called the S. F. Dawson who informed us that he was engaged in carrying wood from the vicinity of City Point on the James River to and for the use of the Libby Prison and that he had a pass to enable him to prosecute his employment and by the aid of it and his engagements he could accomplish for us our getting into the Federal lines, with our persons, and properties, he also said he was desirous

2

of getting there himself, and as his vessel was empty, we could load her with what we chose, we concluded to load her with Tobacco manufactured, as that was the most available article we could convert the Confederate Scrip into, as we could not make any other exchange of it, at the time. We purchased Two hundred and forty two boxes of tobacco, this together with Fourteen Boxes belonging to Julius Louis, in all Two hundred and fifty six boxes, we put on board the Schooner T. F. Dawson, William Hardy Captain, at the dock opposite the Libby Prison, Richmond Va. on Friday and Saturday the 22<sup>d</sup> and 23<sup>d</sup> days of January 1864; by the advice of the Captain of the Schooner, we marked the Boxes of Tobacco for Petersburg Va. thus which he told us would tend to prevent our design of getting to the Federal lines being discovered. The fourteen boxes of Mr. Julius Louis's, was not in any way particularly marked.

On the night of Saturday January 23<sup>d</sup> 1864, we went on board the Schooner, each one of us having along with us, the residue of our personal effects, which we intended to take with us, we started from the Rockets about Eleven O'clock, the same night, and proceeded on our way down the River, until we arrived opposite Doury's Bluff, when the Captain was hailed from the shore, and ordered to send or bring his pass ashore, which he did and after it was examined

was returned to him, and we were permitted to continue our course, and at a point upon the River below, were again hailed, and the Captain's pass again demanded, which he showed, and again allowed to proceed, during the voyage of the vessel, we were in the hole hidden from view, on our arriving at Harrison bar, we ran aground, and had to remain there, until the tide floated us off on Monday morning January 25<sup>th</sup> 1864. on the vessels way further down we were again hailed, from the North bank of the River, and a demand of the Captain to turn about, as the Yankee gun boats were coming up the River, and they would capture us, we kept on our way, and they called out to us again, if you dont stop we will fire into you, to which some one on board replied fire and be damned.

In a short time after we met the Federal Army gunboat General Jessop, Lieut. Harris commanding, to the best of our knowledge this was about ninety miles from Richmond, as soon as we saw the gunboat we hailed her with joy, in prospect of our deliverance from Rebeldom, we were taken in tow by the gunboat, and shortly after Lieut. Harris came on board the Schooner, and we made known to him who we were, and our intentions, which were to place ourselves, and our properties, under the

4

protection of the United States Government, in accordance with President Lincoln's Amnesty Proclamation.

Previously to our leaving Richmond it was understood our families would follow us, as early as possible, aided with what means they had, or could avail themselves of.

After we were taken charge of by the Gunboat, we were asked by one of her officers, if we had any monies, to which we replied, we had. A guard was placed upon the Schooner, we were then taken one at a time into her cabin, and underwent a thorough searching of our persons, and our effects consisting of American Gold Coin, United States Treasury Notes, Southern Bank Bills, Baltimore and Ohio Rail Road Bonds, North Carolina State Bonds, and Florida Rail Road Bonds, also one box of watches and Jewelry, and other small things. We asked for a receipt for the properties taken from us, but was denied it by the officer in command, and did not obtain it from any source.

Shortly after Lieut Harris came on board the Schooner again, and enquired of us, which boxes contained the best Tobacco, we showed him what we thought was the best, he then took one of the boxes, and shortly after took three more, and had two of them <sup>board</sup> taken on the Schooner, and distributed to persons on board the Gunboat, the other two boxes were carried on

5

board the Gunboat. On the same day January  
the 25<sup>th</sup> 1864. we, and the Captain, and crew of the  
Schooner, and also the Schooner, were taken to Fortress  
Monroe, we arrived at that place about Ten o'clock  
at night of the same day, and were put in confine-  
ment along with the Captain, and crew of the Schoon-  
er, and kept there from the 25<sup>th</sup> of January, until the  
first of February 1864, and then sent to Fort Norfolk  
Va.

During our confinement at Fortress Monroe, one of  
us, Julius Louis, sent a note to Captain John  
Cassell, Provost Marshal at the Fortress, with a re-  
quest that he would send him a few dollars of the  
money which had been taken from him, to enable  
him to purchase necessaries, the note was returned  
to him, endorsed by Captain Cassell, to the effect,  
that all our properties had been confiscated by the  
order of General Butler, and he could not comply  
with the request contained in the note.

We remained  
at Fort Norfolk Va. from the first of February, to the  
twenty ninth of March 1864, and were then sent to  
the Military Prison at Camp Hamilton, as also the Cap-  
tain, and crew of the Schooner, in the early part of  
April, the Captain was released, and a short time  
after, one of the crew, and the other two of the crew,

were discharged on the second day of July, we remained confined until the fourth day of July, and on that day, we were released, during the whole of our confinement, we never had an examination into our cases.

On being released, we were carried before Captain Cassell, Provost Marshal, and he asked us to sign a Parole, that we would not render aid, and assist, to the existing enemies of the United States, which Parole we signed.

He then enquired of us, if we had any money to pay our expenses away from there, we told him we had not, but had expected that our monies would be returned to us there, he said he had nothing to do with that you will have to fight it out with General Butler, Captain Cassell then turned from us, we then asked some of the employees in the office, for something to show that we had been confined in prison, and released, we could obtain nothing to show, that we had been imprisoned, or released.

James Burns and Robert Green do swear that the  
herewith statement is the whole truth and nothing but the truth  
that J. James Burns and Robert Green were put  
- on on board the Schooner "F. W. Dawson" loaded with  
tobacco in the City of Richmond Va. under the pretence  
of landing at Petersburg Va. but our real intention  
was to come into the Union lines, and place ourselves under  
the protection of the United States Government according  
to President Lincoln's Amnesty Proclamation of Decem-  
-ber last.

We left Richmond Va Saturday night the 23<sup>rd</sup> July  
64 between the hours of 10 and 11 O'clock P.M. Grounded  
Sunday Jan 24<sup>th</sup> at "Harrison Bar" James River about  
12 O'clock M. and remained until 4 O'clock A.M.,  
waiting for the tide to float us, had it not been for this  
delay we would have arrived within the Union lines  
four hours sooner. We were coming down with wind  
and tide when we met the Army Gun Boat "Gen Joseph"  
With it accompanying Fleet

We were halted by the so called Confederate Soldiers on the  
North bank of the James River, they stating that the  
Yankee boats were coming up and would capture us  
we kept on our way and gave our colors up to the —

Army Gun Boat "Gen Persuff" who took charge of the  
Schooner, Crew and passengers and towed us to Fort  
Monro when we arrived at 10 O'clock P.M. 25 Jan  
1864 and then proceeded to Fort Norfolk Va Jan 29 1864  
when we remained until the 29<sup>th</sup> March when we were trans-  
ferred to the "Military Prison Camp Hamilton Va" here  
we have remained ever since until this day July 2<sup>d</sup> 1864

The vessels Crew and Passengers were searched on board  
the vessel was found two Hundred and fifty six (256) <sup>1</sup>  
Boxes Tobacco and One Box (1) Jewelry, also One (1) dollar  
in silver upon the person of James Burns.

The passengers were Julius Lewis and Merrick Summers  
It was regularly understood that they gave each One  
Hundred Dollars (\$100) in gold for the passage through into  
the Union lines. # Franky Henry Stein and M. David  
acted as paper cargo - money was taken from all of  
them amount unknown to us.

Major Genl. Wallace.

Dear Sir.

The continued representation of the suffering and anguish Mrs Summers, Mrs Openheimer and Mrs Pinsky feel at the imprisonment of their husbands fearing they may be sent South induces me again to appeal to you in their behalf.

The Husbands of these Ladies left Richmond under the same circumstances as Capt. Henry the person you liberated some weeks since, they came with him in his vessel and before starting instructed their wives to meet them in Baltimore.

The wives with their children in their perilous Journey underwent great hardships, and expended large amounts of money to escape from the South, and I think are fully entitled to our sympathies, and I am convinced from their representations that they are loyal Citizens.

The press of more important matters, I am aware fully occupies your time but it is difficult for me to resist the importunities of these Ladies.

If these men could be ordered to Baltimore I feel satisfied that they would give you the most

positive assurance of their Loyalty.

Their names are Herman Summers  
Julius Louis & Fitel Pousky.

Respectfully returned to the A. G. C.  
with the report that some time  
in January last, I sent an expo-  
sition up the James River to  
break up blockade runners and  
smugglers and capture supplies  
from the enemy at Lower  
Bouillon about 15 miles below  
Leity Point under the command

of Gen. Graham. Among other captures was a schooner and sloop containing large quantities of tobacco and some foreigners, who claimed to be Jews in religion, and from the whole circumstances connected therewith and the surrounding facts which I thought strongly proved that they were blockade runners. Being in the enemy's country in a vessel with a pass from Richmond and going towards our lines with the evident intention of running the blockade. I therefore ordered the men to be confined at my Military Prison and the vessel to be confiscated and sold and I intend to turn over the money received therefore as prize money to the Crew of the Army Transport Brewster.

Subsequently the women got through bringing with them the money which had been left behind to carry on the business at the other end of the route.

If the Secy. of War desires that I should release the men and the money, I am quite content but otherwise I shall use it as

counter for my colored soldiers.

 arrived at the Potomac - Tuesday night Feb 23<sup>rd</sup> Mrs  
 B. and her sisters and children left Ragged Point Va.  
 at night to go to the Gunboat which they saw playing  
 up the river in the day time - We tried to draw their  
 attention in the day time but they would not or did  
 not come. On the Monday night previous we built  
 a large Camp fire to attract their attention, but  
 they did not come. It was about fifteen minutes after  
 dusk when we got to the Gun boat. We left the  
 Point just at dusk. We employed a fisherman to take  
 us in his boat. We travelled from Richmond in a waggon.  
 We stopped for nearly a week in Westmoreland County with  
 Mr Dauford and Mr Pratts, who kept boats they were to have our  
 -ried us over to Grandtown and then we were to go to a Point near  
 Chals. The men who had the boats on the river told us that we could  
 go over to Grandtown and then go to the Point marshes there  
 It was our object to meet a Gunboat or -

get to Bermuda town, Tuesday night Feb 23<sup>d</sup> get to Gunboat  
Dragon (Capt Turner) same night we were sent to flag-  
ship (Capt Hill) and stayed all night, Wednesday Feb 24<sup>th</sup>  
we were taken to Gunboat (Ella) in custody of Commodore  
Parker. He examined us. We stayed there until the afternoon  
when we were taken to Fairy Point - we were then put on  
the Gunboat Anacosta and were there a few hours.  
We were then taken to Point Lookout and placed in  
charge of Capt. Patterson with instruction to administer  
the oath of Allegiance and send us at 11 o'clock P.M.  
by the Steamboat to Baltimore. He was told that a  
Steamboat was to leave that night at 11 o'clock for Balto -  
Capt Patterson said that he would not send us off that  
night as he had orders from Gen. Butler to detain all  
refugees one week. We stayed from Wednesday until  
Friday night (Feb 27) Capt. Patterson would have  
kept us one week and then released us with our property  
as he was aware that we had so much money with us.  
We wrote to our mother from Point Lookout - My mother  
wrote back to us informing us that Mr Sumner and  
Mr. Davis were prisoners at Fort Norfolk we received  
the letter Saturday morning Feb 27<sup>th</sup>. Saturday Feb  
27<sup>th</sup> 1864 we showed the letter to Capt. Patterson. He  
told us if we would take his advice, we would go that  
same night to Fortress Monroe and then get an  
interview with the Gen (Gen Butler) We left that  
night about 9 or 10 o'clock and got on the —

Louisiana and got to Fortress Monroe on Sunday  
morning February 28<sup>th</sup> 1864 - Sunday Feb. - 28<sup>th</sup>  
arrived at Fortress Monroe - Wednesday March 2<sup>nd</sup>  
left Fortress Monroe and arrived in Baltimore, Thursday  
morning March 3<sup>rd</sup> arrived in Baltimore - Note I got  
\$30,000 in Confederate money for my property - I bought  
gold and silver with this money, paying \$4,000 Confederate  
money for 100 in gold. Note Mr Summers and Mr  
John Lewis, were as we are informed, induced to reveal  
what Confederate money they had (the Confederates, no  
- money being worthless) as they were trying to escape  
to Balto. in tobacco - that they did so and got a  
permit to ship it to Petersburg - Their intention was  
to pass Petersburg and go to Fortress Monroe, or to  
the first gunboat they would meet. The intention was  
to settle in Balto., Philadelphia or New York. The  
vessel and Mr Summers and all were taken by  
United States forces - Mr Summers and Mr Lewis  
are at Fort Norfolk. Mrs Eva Summers aged 24  
years on 30<sup>th</sup> May, 1864. I am the wife of Herman Sum-  
-mers - My maiden name was Eva Ochsheimer. I  
was born in Balto., Md. - Monday 15<sup>th</sup> Sept. - 1835 -  
in Baltimore City. Herman Summers is a native of  
Hamburg. At the time of our marriage my husband  
lived in Georgetown, D.C. In October 1855 I went with  
my husband to Georgetown D.C. to live with him,

I came North very young before the war but not since  
my father (David Oberheimer) and my mother (Betty  
Oberheimer) have lived in Baltimore some 25 years  
Mrs. Oberheimer still lives here in Balt. Mr. Oberheimer  
died 22<sup>nd</sup> February 1864. At the time the rebellion broke  
out we lived in Greenville S.C. My husband was  
driven out of Greenville because of his Union sentiments  
Between the 1<sup>st</sup> & 14<sup>th</sup> of Decr 1860 went to Charleston  
S.C. and got a lawyer to try and get his goods and  
settle up his business. The lawyer came to Greenville and  
tried to allay the trouble so as to get the people to allow  
him (Sommer) to settle up his business, but they said they  
would tar and feather him (Sommer) if he came back  
One of Sommer's Clerk packed up his goods and sent  
them to Sommer at Columbia. About two weeks after  
my husband left I received a note addressed to me  
and my family warning us to leave or abide by the  
consequences and signed "Invincible". I then left the  
next day in company with my sister Fanny and brought  
my children with me to Abbeville, and saw my hus-  
band. And then left there and came to Baltimore, and  
we arrived in Baltimore about 3<sup>rd</sup> or 4<sup>th</sup> of January 1861  
I then left Baltimore in April 1861 and went back  
to my husband who had then removed to Camden S.C.  
My two sisters Fanny and Margiah accompanied me  
from Baltimore to Camden S.C. I took my 3 children  
back with me. The reason that my husband removed

to Camden, was because he had a sister and some in-  
fluential friends there. A portion of the stock he had at  
Greenville he sold at Columbia and a portion of it he  
brought to Camden. The Clerk sold the household furniture  
at Greenville. It was an entire break up. He did not get  
anything like the value of the furniture. When I left Green-  
ville I only brought some of my own and my childrens  
clothes. At Camden they looked down upon us and with  
suspicion because we were driven away from Greenville.  
We were all the time watched at Camden by the secessionists.  
My husband gave up his business in Camden about 18  
months ago and travelled back and forth between Camden  
and Augusta. During the last 18 months my husband  
did not keep store, but bought goods at auction and  
sold them in lots. We had a kind of Office when he kept  
what goods he bought at auction. I had two houses  
and lots in the town of Camden and had also about 900  
acres of land about 3 miles from Camden in Western  
District, which I sold after my husband left. I had  
the papers prepared before my husband left and he signed  
them. I could not sell the property and give a good title  
without his signing the papers. We had all this to  
do secretly, because if it had been found out by the  
secessionists, it would have soon been discovered that  
we were about to leave, and the property would have  
been confiscated.

My husband secured a purchaser before he left - and it was understood between my husband and my self and the purchaser (Mr Ducker) that the whole transaction should be kept secret - until we all got off. Mr Lewis left as near as I can recollect - on Monday morning (Jan 18) - My husband left on Wednesday morning (Jan 20) It was about 10 A.M. when we left Richmond we hired two two-horse wagons and a carriage from Mr Daki. He (that is Mrs. Sommers and her two sisters and her five children and two other ladies with 3 children) all left Richmond together - We paid \$1800 in Confederate. They were to take us to the Potomac but only brought us as far as the Rappa hamrock. At a place called Tappahannock. We stopped at Tappahannock all night - and then took a boat and crossed the river and landed in Westmoreland County. A man named Sanders (whom we stopped all night) charged us \$5000 in Virginia State money to take us to the Potomac - He took us again to Mr Sawford within 25 mi of the Potomac. Sawford lived within a mile of a creek and his boats were frozen up - we stayed at Sawfords from one Sunday to the next - Sunday. From Sawfords we went to a Mr Pratts and were there kept two days, he making all kinds of excuses to detain us. Pratts negro man took us all to a Mr Murphy's 12 miles from Pratts. He was then told by Murphy that we were 25 miles out of the way and that we would have to go 25 miles that day

to get to Ragged Point - the place we were to start from  
Mr Muspley furnished us with two wagons and sent us  
to Ragged Point, and we waited for the boat (a small row  
boat) We then left Ragged Point and were picked up  
by the Gunboat. The boatman was sent back by Capt  
Patterson, and the wagons are at Point Lookout.  
(The boat not being large enough, the two ladies and four  
children were left at Ragged Point. We were all treated  
with great kindness by the Navy Officers and by Capt  
Patterson. We were asked by Capt. Turner what property  
we had and we frankly told him - The Commodore  
(Parker) told us that he hoped our statement was right.  
He said that he could take our money as a prize,  
but he was satisfied that we were innocent, and he returned  
us every cent of our money to us. Commodore Parker  
also said that if we had any trouble we should  
let him know, and he would claim everything, as  
he was entitled to it as a prize, if it was taken as  
such. He said he would administer the oath to us  
but that we would have to go to Pt Lookout any  
how, that being the nearest point to Baltimore, and  
that Capt Patterson could administer the oath as  
well as he (Parker) could. Capt Parker sent a message  
to Capt. Patterson and a full statement of the amount  
of property and valuables we had with us. We were  
also treated very kind by all the Officers at Point Lookout

and on the steamer to Fortnes Monroe. We arrived  
at Fortnes Monroe about 7 A.M. on Sunday.

We were then taken by a Lieutenant or Captain  
who took charge of us when we left St. Louis to  
Fortnes Monroe to the Provost Marshals Office but  
it was not open. The Lieutenant or Captain had  
to leave at 9 O'clock he consequently handed us over  
of an orderly Sergeant - Chas. A. Fiddell. He took  
us to an unrented house and then told us to re-  
main until the Provost Marshals Office ~~was~~ opened.  
We then left and came back about 10 or 11 A.M. and  
asked us if we had breakfast on the boat. He said  
"Ladies I have the refugees in charge and if you are  
willing to pay for it I will accommodate you with  
regular meals. if you can not pay we will get you  
from the Government Soldiers rations." We said we were  
willing to pay for all we got, there were more refugees  
than with us. About 2 O'clock Miss Hannah and Fanny  
went to the Provost Marshals Office. A gentleman told  
us pointing to a gentleman writing at a desk that  
that was the Captain (which we were afterwards told was  
not so.) We asked him what he intended to do with  
the refugees that were landed that morning. He said  
he did not know and that as soon as he could see  
about it he would let us know, and for us not to  
come back again until he sent for us. I begged him  
to let me have an interview with Gen. Butler and

He said he could not by any means. We then went back to the untenanted house and got our dinner. That night Mr Thidell brought in a bale of Government-blankets to cover us for beds, Evening & Q. On Monday we went all of us to the Provost-Marshal's Office and the Mrs. B. insisted they should have an interview on that day Mrs B. stated that her child was sick. The gentleman said that as soon as possible he would see the Gen. and let us know. And told us to go home - We went back and stayed until next (Tuesday) morning - On Tuesday morning Mr Thidell came and said that my brother had arrived. My brother came then and sat and talked a little while with us after breakfast, and told us of the death of our father. My brother then took us to the right Provost-Marshal's office but he was not in. We went back to the house we stayed in. Thidell came and told my brother to go out with him - My Brother stayed away a long time and Mr Thidell came back. Miss Hannah asked where her brother was, Thidell said your brother has gone to dinner. Miss H. said it was very strange as her brother came to ~~assist~~ <sup>assist</sup> us and not to go away from us. He said brother would be back in the afternoon and told Miss H. that she could not and should not leave that house until when he would call for us that afternoon, that there was a gentleman going to Paris there to take our statement. Caswell told Brother that morning that if he did not stay away from

the ladies, he (Parrell) would have him put in the guard-  
house - In the afternoon a gentleman came and con-  
-ducted us separately into one of the rooms and took  
our statements. We were examined and Cross examined as  
to our whereabouts, and from whence we came and as to  
the amount of money and what property we had.  
We had many other questions. Hannah told him she had  
\$12.00 and that it was given to her by Julius Davis  
but he did not ask her if J. D. gave her the money  
for her own use or for him to keep. This money Julius  
Davis gave her, the money for to appropriate it towards  
her expenses and purchase of clothing. After she got to  
Baltimore, as he knew she had no clothing and had sold  
her clothing in Concord and was then told she could not  
take her clothing with her. On Tuesday Mrs. Thidell would  
not permit Miss Hannah to go out and see her brother  
nor permit her brother to come and see them. Mrs.  
Dummes complained of being treated as prisoners. Thidell  
said no you are no prisoners and to show you you are  
no prisoners I am coming this afternoon to settle  
my bill with you and to take you down to the boat  
for Falto. He settled our bill and he sent his wife  
and came himself to search the trunks and did search  
them. He closed the door and told his wife to examine  
us to take off all our garments which we did, and examined  
us in a nude style. He also took possession of all of  
our money. On this Tuesday afternoon.

She got from Miss Hannah \$1200 in gold and handed it to Mr. Thidell. - She took from Mrs. Summers the amount of property and money mentioned in paper heretofore filed marked Receipt - and handed the value and the money to Thidell, Miss Hannah and Mrs. Summers then went with Mr. Thidell to the Provost-Marshal's, took \$1000 from Miss Hannah and the property mentioned in the receipt - No 2 - Together with 100 more from Mrs. Summers, when at the Provost-Marshal's Office we joined Capt. Caswell the Provost-Marshal then Thidell handed the money and Valuables and value to Caswell, Caswell asked me how many watches were there I told him we would count them and see, to which he did not object, He asked me Mrs. S. how much money there was there, I told him I did not know He (Caswell) got angry and handed the money and property to Thidell and said to Thidell, take it to your home and count it - and bring me the statement - next - day. We then left and went to the house we were staying in, and about 9 O'clock P.M. we were called into Mr. Thidell's private house to count the money, Thidell his wife the man who examined us and Miss Hannah were there to count the money, Thidell gave Mrs. S. \$100 in gold for her to pay her expenses, this \$100 not being in the receipt. Thidell kept possession of the value

Watches &c. On the next day Wednesday March 2  
Thidell brought receipts to Mrs. B. and Miss Hannah  
and conducted us to the Provost-Marshal's Office to take  
the Oath of Allegiance which they did. The papers show-  
ing that they took the oath of Allegiance are in possession  
of — When Thidell handed Mrs. B. the receipt she  
told him that the money and things were not her  
husbands but her own. We said "You heard yesterday  
what Capt. Russell told you, that we do not recognize  
a wife property in this Country. Capt. Russell told Mrs.  
B. on the day before the same. Mrs. B. told the man  
who examined her and also Russell and also Thidell  
that the money and watches were her own. Mrs. B.  
told the man who examined her that she got the money  
from the sale of her private property - Mrs. B. kept at  
Pondau a Country Store and sold Watches, Chains and  
all kinds of notions - Some of the Watches Mrs. B.  
bought herself and some were bought by her husband  
and gave to her

Sir.

I have  
the honor to report by request of  
Capt. Stettin. & Mich. Co. in regard  
to two men, claiming to be citizens  
named White, and Samuels. Lucil  
White resides near the picket line  
of 17<sup>th</sup> Mich. Co., via the former city road.  
This morning at about daylight  
I went out on the former city road  
and discovered signs of the enemy.  
Lucil White informed me that four  
men of the 4<sup>th</sup> Virginia rebel cavalry  
were reported prowling about this  
section of the country, being dismounted  
and attacking the houses of citizens.

Comd'g Pk Penn  
of Mich Cav

I invited Capt Stettin of the 5<sup>th</sup> Mich Cav  
to join me with five men.

I took five men from the  
7<sup>th</sup> Mich Cav, and with Capt Stettin  
started on the junction road.

Having advanced about 4 miles  
we came upon two men mounted  
one upon a mule the other upon  
a horse. They attempted to escape  
by running but we gave chase  
and captured them. The horse  
was disabled and left in the road.

The mule we took with us.  
There was <sup>on the mule</sup> a good government saddle  
& blanket, also another blanket, a large  
js saddle bag filled with sugar, coffee  
and biscuits. The two men, White  
and Samuels, told me there  
were six or seven rebels back  
in the bushes. We found in a  
house near by 1 Sharps carbine  
1 do. Remington & and two old rifles  
several citizens, around admitted  
the ~~fact~~ fact of the rebels being there.

The fire arms were all loaded  
and in good condition.

The captured man says  
that the soldiers (rebel) had  
stolen horses from Sand White  
and he was hunting them  
when we captured them.

Captain

I have the honor to report that the citizen prisoners forwarded to Head Quarters were captured under the following circumstances:-

About 11 O'clock this forenoon I went out with a patrol of ten men in the direction of James City. A little to the right following tracks of horses we reached within sixty rods of a house where we discovered these two men. Immediately upon seeing us they started to run, we fired upon them wounding one of their horses and capturing the rider.

The other man was captured after being fired at and running a few rods.

After taking these men prisoners we heard there were five more men in the house when these men left it, and I believe the movements of the prisoners were made to divert

our attention from them and allow them  
to escape.

In afterwards searching the house,  
we found two muskets, loaded,  
I have the honor to be

The petition of Jonathan K. Hodges respectfully represents, that on Friday last Mrs. Rebecca Hodges (his son's wife) with two little children, and Mrs. Martha Moore (his daughter) came to this City as Refugees from Petersburg, and on Saturday the following day were taken to Fort Mifflin, where they are now detained. Your petitioner has learned, that their return within your Department was a violation of your orders, and that they will probably be sent back beyond your lines. He would earnestly entreat that such a course may not be pursued in their case, that they have been forced to leave Petersburg from sheer necessity or want, and that their exile to that place would but entail upon them the sufferings they had hoped to avoid. These persons have had no active participation in the troubles brought upon the Country by the madness of others; and it is hoped, that they may be spared the sufferings due alone to the guilty. Your petitioner in no way sympathizes with the Re-

bellion, and would gladly see it sup-  
pressed. Indulging those feelings naturally  
by going out of his relationship to  
those parties, your petitioners pray  
their release and that they may  
be permitted to return to the City  
of Norfolk, and to share with him  
the little he may have.

Stating his case and soliciting  
an early investigation thereof.

alien

May 19-5-64

Living Block May 14<sup>th</sup>/64

Capt. W. L. Perkins A. S. G.

Sir. I am still in the Living Block, and no prospects of a trial, I am still fasting on anticipation from your promise, that I should have an early trial the terminus of which, I am satisfied will release me unless designing persons should do me mischief unfortunately now a days this class of individuals are numerous

My case is as follows: - - -

I am an Alien, owe allegiance but to one Government viz. Her. M. J. Since my advent in Tennessee, I have the greater portion of the time lived with J. W. D. Lips who resides sixteen miles east of the city of Memphis.

On the morning of the 20<sup>th</sup> April I in company with him was moving to Cochrans crop roads, about eighteen miles from this city, we met with Genl. Ericsons pickets, one of them asked me if I had any arms, I answered in the affirmative after disarming me, then went to Headquarters examined by Capt. - - - was allowed to pass on reaching the outside picket post, we were detained until the command passed. The following being the circumstances connected with my arrest. I was riding a good horse one man proposed a trade. I remarked I was not a trading man, besides my horse suited me. He seemed offended at my reply, in the mean time a boy or ~~man~~

Colo. rode up and asked me if my saddle was not a government  
one, upon my replying in the affirmative, he asked me if  
I was not aware that it was ~~not~~ a violation of orders for  
citizens to use them, I told him I was not, I was then  
ordered under arrest, the order being to carry me to  
Memphis which place I arrived at in Sept. I was  
then hurried off to the Irving Block where I have been  
boarding since. My pockets were searched and there effects  
taken by Federal officers, (money) amounting to two hundred  
odd dolls. and divided by swack game among the crowd.  
I was then ordered to get out of my boots, which order I  
readily obeyed. I was dismounted & my horse turned over  
to a U.S. soldier. I protested against the whole  
proceedings but in vain

In one of the waggons <sup>was</sup> a parcel ~~was~~ <sup>was</sup> it contained what  
I presumed might be called a contraband; it contained  
various small articles, all of which I claim to be mine  
My papers at the prov. M. office, show that I once was a  
Confederate soldier, while in the army a friend purchased  
those articles & have them forwarded to me, they never  
reached me however. Nor did I receive them, until  
after I was discharged from said army, I reached  
Okolona Nov/63 when & where I received the parcel  
referred to. I brought <sup>it</sup> to Coctrum & roads when I should  
several months I afterwards brought it to Germantown  
when moving back to Coctrum there it in the wagon  
but when your men found <sup>it</sup> as will be seen the  
articles have never been used.

Thus far I have tamely submitted to my fate, but  
now I ask, (may I demand a trial, The authorities of  
the city of Memphis have shamefully violated the  
regulations of the U. States. in thus putting off, and  
depriving me the privilege of a trial  
I am ready for a trial, notwithstanding I  
have been denied the privilege of consulting  
with my lawyer, or even with a friend in  
attendance to my case

Subscribed myself your  
humble petitioner

St. Augustine, Florida,

May 22<sup>o</sup>. 1864.

To Brig: General John P. Hatch,  
Commanding Department of the South,  
General,

The undersigned, loyal citizens,  
and inhabitants of the City of St. Augustine, real-  
izing fully the generous consideration extended  
to this City and its inhabitants by the Military of  
the United States, during the present insurrection,  
would most respectfully suggest the following  
for your consideration.

Early in the month of March 1862, this City  
through the influence of the loyal portion of its  
inhabitants, was voluntarily surrendered to  
the Naval and Military Authorities of the United  
States, and the Old flag hoisted by their own hands;  
they have since resided therein, as good and  
loyal Citizens; remembering, it is true, from the  
force of habit, early association and Education,  
the relationship and position once existing  
between them and the Colored people of the State,  
Yet, satisfied with the new order of things.

In view of these facts; the Character of the City,  
and <sup>that</sup> the inhabitants are composed mainly of  
women and children; and above all, in consid-  
eration of the growing tendency and inclination of  
the people to adapt themselves to the new Regime,  
now manifesting itself in various ways, -

The undersigned would earnestly and most  
earnestly respectfully request, that the 17<sup>th</sup>  
Regiment Conn. Volunteers now doing Garrison  
and Provost duty at this place, be allowed to  
remain here, (or some other white Regiment in their  
place,) - if it be not incompatible with the  
Military dispositions of the forces under your  
command.

I remain General

157<sup>th</sup> N. Y. Vols. Provost Marshal Gen'l Dep't of the South  
Colonel

I have the honor to forward  
to you per steamer "Boston" the following named prisoners  
to wit. R. L. Wall. who was arrested by me  
under a verbal order from Brig Gen'l Birney then com-  
manding the District. Mr Wall was arrested under a com-  
plaint made by Col Guy V. Henry 40<sup>th</sup> Mass Regt Vols. The  
evidence regarding him was not reduced to writing. It was con-  
sidered sufficient that his course while with the Federal  
Troops induced suspicion that he was a spy. He has  
been in my custody for some time and I have satisfied  
myself that he is not a man to be trusted. I recommend  
his remaining in custody. & that if possible he  
be sent to Philadelphia or North of it.

Jerome Wilson comes under the same category as Mr  
Wall. He is a very reasonably suspected party, in-  
temperate in his language, fiercely opposed to the Union  
and uncompromising in his opposition to the Federal

Troops here. I recommend that he be sent North  
with his family.

Dr. F. M. Weiss. I send Dr Weiss upon the express  
order of Genl Gordon. I enclose a communication addressed  
to District Headquarters by myself with Genl Gordons endorse-  
ment. My belief is that the case of Dr Weiss demands  
attention - as a matter of humanity.

S. Forbes Doygett. Is an uncompromising Secessionist.  
He refuses to take the oath on the ground openly confessed that  
he owes allegiance to the Confederate States - so called. He is a  
traitor without any of a dangerous man to have here and  
ought to be put out of harm's way. He is at present an invalid.

The same excepting the fact of illness is true of Le Clark.  
Both these men last mentioned have behaved themselves well  
on the whole - but refuse with open expressions of hostility to  
take the oath. Genl Gordon has entirely agreed with me in  
that opinion that they should be sent North - or at least  
out of this place where their presence is a continual source  
of disquiet. I recommend respectfully that they be  
sent North to be kept out of the way.

Dear Sir,

In compliance with your request I state, with pleasure, what I know of the case of Wm Clarke & of Thomas Doyett, prisoners in your possession.

Wm Clarke had never been within our lines during the occupation of Jacksonville, either of the time before this fact. But returning to Jacksonville after our evacuation last year he made himself very disagreeable to those who had taken the oath of allegiance, & who were obliged to remain - by taunting them for so doing, on various occasions.

Since our present occupation he has ~~has~~ been very defiant of the powers military, in the presence of citizens, & in every manner showing decided secession proclivities. His influence among us has been decidedly injurious to the growing Union sympathy & support of the people.

Forbes Doggett is a man of more talent than Clarke. As a lawyer by profession, it has been most intensely secession from the beginning. Why he should have come into Jacksonville I can't conceive. I believe it was not for any good purpose to our cause.

From the time of his arrival there, I have learned of his giving most favorable accounts to citizens, of the ability of the Confederates to prolong the war & obtaining a final triumph. &c, &c. He has friends north & if sent there, having recently been within the rebel lines - his statements would be likely to increase, to some extent at least, the "copperhead influence" there.

Should he be returned over the lines he would act as a witness & a spy against good citizens. So would Clarke & Williams.

Clarke has a brother in Nassau, & I have learned that his desire is to go there also. Sending him north would afford him the most favorable opportunity of doing so, & placing him in a position where he would be likely, as his brother is doing, <sup>to be</sup> ~~being~~ useful to the Confederates in hiding in blockade running.

The loyal men of Jacksonville desire

that these men be removed from their  
midst, but not by any means across  
the line to the enemy. Whether they  
are proper subjects to send north  
you are the best judge. My humble  
judgment is, that your guard house  
is for the most suitable place for  
them, for the present.

Very truly & respectfully  
Your obt. Servt.

Sir

I have examined the papers relating to the Cotton and Bacon transactions of Wade, Turner, Harris, &c. and although there are some grounds existing for seizing and confiscating the property; yet I fully concur with you in the conclusion that all the difficulty has originated more in error than in any intention to do positive wrong; also, that the parties were misled by false representations of other parties. Under the circumstances I have no disposition further to prosecute the case; but as the property has not been turned over to me, and the authorities having the same in charge not being subject to my control, an order from your Headquarters will be necessary to restore the property to the proper owners, and would suggest the issuance of the same.

Very Respectfully

Personally appeared before me, W<sup>m</sup> McCracken, Proved  
Marshal of Post at Columbia, W<sup>m</sup> H. Wade &  
made the following statement under oath:

I am a resident of Florence Ala. On the  
3<sup>rd</sup> day of May, 1864. I made Thomas A. Harris,  
my Agent to ~~sell~~ ten (10) bales of Cotton, brought  
from the vicinity of Florence Ala. ~~Two~~ of said  
bales were ~~owned~~ <sup>brought to the 1<sup>st</sup> of Feb 1864</sup> by myself, & eight (8) were  
owned by other parties, whose affidavits are submitted  
with this statement. Mr Harris agreed to dispose  
of said Cotton, at Nashville, Tenn, for which I agreed  
to allow him the customary per centum, whatever that  
~~that~~ might be. Three per cent was mentioned by him, at  
the time, but I remarked that I thought the percentage  
high - finally it was agreed that we should both abide  
by whatever was customary. I delivered said ten  
(10) bales of Cotton to said Harris, at Mt Pleasant  
Tenn. & said Harris advanced me upon said  
Cotton eight hundred & sixty (860<sup>in money</sup>) dollars, & became  
responsible to E. O. Cross of Mt Pleasant for one hundred  
& thirty three (133) dollars which amounted to cash so far  
as I was concerned. With said money procured from  
said Harris I purchased from various parties in &  
around Mt Pleasant, Tenn, a lot of Bacon, Lard Flour  
& Tobacco, to supply suffering families in & around Florence  
Ala. I then set out on my return to Ala, with said  
Purchases. I was overtaken by Mr. Harris, & a Mr Parker  
about ten miles from Mt Pleasant, who informed me  
that the ten bales of Cotton delivered to him (Harris)  
had been seized by a Mr Hoyt, who purported to  
be an Agent of the Treasury Department of the U. S.  
Mr Harris demanded the Bacon, Lard Flour & Tobacco  
which was delivered up to Mr Harris, & taken back  
to Mt Pleasant in my waggons. My object in returning

immediately to Florence, was to get up evidence of my having honestly obtained the Cotton delivered to Mr Harris; said Harris having stated to me, when he overtook me upon the road that there was something wrong about the matter; & also, to obtain evidence to show that I was not trafficking with guerillas, which charge I had heard <sup>at Mt Pleasant</sup> as having been made against me; & also to bring up twelve (12) bales of Cotton belonging to my brother. On the Monday after I reached home the Federal forces occupying Florence - to wit the 7<sup>th</sup> Ill - was driven out of the town by some Rebel Cav. For eight days I was detained by the Rebels & not permitted to go out of the town of Florence. However, a detachment of the Federal forces - the 9<sup>th</sup> Ohio, & 7<sup>th</sup> Ill, returned to Florence & vicinity, & the Rebels left. After obtaining the affidavits as to the ownership of the Cotton delivered to Mr Harris, & with one (1) bale of Cotton belonging to my brother (I was afraid to bring more, for fear of the guerillas) I set out for Nashville & reached Columbia Tenn, (the 1<sup>st</sup> Federal Post on the road to Nashville) May 23<sup>rd</sup> 1864.

Provo Martial Office Columbia Tenn<sup>s</sup>

I John Gilbert, of Lawrence County Tennessee, have been in the employ of W. H. Wade, as Wagoner to haul about nine weeks past; I never knew said Wade to buy nor sell Cotton. The ten bales of Cotton Mr Wade left with Mr Harris to sell for him in Nashville, I know that Mr Wade come in possession of it honestly from his neighbors, I know that eight bales belonged to his neighbors and two bales to himself, The neighbors who sent this Cotton by Mr Wade raised it. I never heard of Mr Wade feeding Guerrillas. and my understanding is that Mr Wade have been a Union man all the time. I, as well as Mr Wade learned in Lawrenceburg, <sup>at Mt Pleasant</sup> that Mr Wade was reported as feeding guerrillas. I know that Mr Wade did not have any papers to prove his innocence and I advised him when he reached Mt Pleasant to leave this Cotton and go back to Alabama and get papers to show he was all right, and fetch up the Cotton belonging to his brother and self, which was the cause of his turning back. I have taken the oath of allegiance to the United States Government and have been always a Union man

The Parties.

W<sup>m</sup> H. Wade resident of Florence Alabama  
and Thomas A. Harris, his agent resident of Mt Pleasant, Tenn  
Defendants, against a charge of the Treasury Department of  
the U.S. for illegal trading. Ground of defense — That  
the character of the trading between said Wade & said Harris  
was ~~legitimate, legal & in no wise~~ <sup>well known to be contrary</sup> ~~contravening~~ the regulations  
of said Treasury Department. ~~Admitted~~ by the Parties  
Statement of the Facts.

On or about the — day of April 1864. W. H. Wade  
left vicinity of Florence Ala, with ten (10) bales of Cotton,  
& on reaching Mt Pleasant, Tenn, turned over said Cotton to  
Thomas A. Harris, his agent, (see paper marked E) to sell  
for him (Wade) at Nashville, Tenn. Harris was to receive  
for his work in the matter, & for an advance <sup>in money</sup> to be made to  
Wade, the Customary per Centum Commission, whatever  
that might be. (See Affidavit marked A.) Said Cotton was  
owned in part by said Wade, the remainder by "James  
Allington, & McFarson," citizens of Lauderdale County  
Ala, who had empowered said Wade to dispose of  
the same for them. (See Affidavits marked A. B. C.  
& D) The Cotton was seized by the Treasury Department.  
Harris made an advance to Wade of nine hundred &  
ninety three dollars upon the Cotton previous to seizure,  
which funds were paid out by Wade for Bacon & Lard, Flour

to various parties in various <sup>Said articles</sup> ~~places~~ <sup>places</sup> ~~at~~ Pleasant, & were  
also seized, [See Affidavit-Masked A & Harris' Statement]  
In purchasing Bacon de Wade acted in accordance with  
instructions from his principals, who desired him to buy  
such family supplies for their own family use. [See affi-  
davit B.]

### Personal Character of Witnesses

Wade's character for honesty is testified to by  
John Gilbert (Affidavit Masked F). Also the character of his  
business transactions, by various citizens of Laurens  
County, Ga. - Turner Foster Esq. - can testify as regards Wade's character.

I. Ownership of the Cotton. II. The character  
of the trading between Wade & Harris. III. Character of Wade's  
operations in regard to the Bacon de.

(I) The real ownership of the Cotton in part, by Wade  
himself; & as to the remainder by Wade as agent for  
"Turner, McLaren, & Allington," <sup>actual</sup> producers of the articles  
in question, is testified to explicitly. (II) As to the character  
of the trading between Wade & Harris, it is clearly  
that of accommodation agency, & nothing of a speculative  
character - (See paper appointing Harris agent) - ~~Cross' statement~~  
(III) As regards Wade's buying Bacon de, ~~it was a purchase~~  
~~no exchange or traffic~~ - a purchase to supply actual  
destitution - even <sup>from market</sup> in the families of the rightful  
owners of the Cotton.

Circumstantial Facts  
to refute Fraud

Wade's return in person  
with one of the Owners of the seized Cotton, & with  
more Cotton, according to previous expectation, is  
entitled to consideration, ~~but~~

The Fact that situated as the Parties were, ~~and~~ <sup>aloud out</sup> ~~away from any~~

& could be but imperfectly known.

Personally appeared before me W<sup>m</sup> McCracken Proport  
Marshal of Post- at Columbia, Tenn. Jas. A. Turner  
& made this following statement, additional to one  
made before the Probate Judge of Lauderdale County  
Alabama.

I am personally acquainted with W<sup>m</sup> H. Wade, & also  
with James McLaren & Thomas J. Allington all  
of Lauderdale County Ala, & know of my own  
knowledge that the facts set forth by Mr Wade  
in his statement, which has been read to me ~~and~~  
respecting the ownership of a certain ten (10) bales  
of Cotton, are true & correct. I also know  
that Mr Wade has been instrumental in supplying  
a number of destitute families in & around  
Florence Ala. Bacon cannot be procured in  
our country at any price unless it is brought  
from a distance. Flour also is very scarce - I  
never heard Mr Wade spoken of, at home,  
as feeding guerillas, or in any wise as aiding or  
assisting the rebel Army or of illegal trading  
in Cotton in any manner whatsoever.

Columbia Tenn. May 11<sup>th</sup> 1864

Captain

I have the honor to submit the following report of a transaction in cotton coming under my observation at this place which I considered improper, and a violation of orders. In a conversation with Robert White a citizen of Florence Ala. I learned he started from that place, between the 28<sup>th</sup> of April & 30<sup>th</sup> day of May in company with one W. H. Wade also a resident of Florence, with cotton for Nashville, that Wade started from Florence with two bales buying eight more bales of cotton on the road, - that at one point he, White saw Wade pay Greenback money for cotton - that upon their arrival at Mount Pleasant they were met by a man representing himself as some Govt Agent, authorized to buy cotton at the same time informing Wade of the arrest of one Isaac Milner, and that he, Wade would be arrested if he went any further, offering at the same time to take the cotton and pay him in bacon for it, - that Wade made this statement to White, and recommended White to sell his bale also, which he refused to do.

Upon receiving this information I started for Mt Pleasant, and found the cotton stored as reported by White. I made inquiry as to the ownership of the cotton, and was shown an article purporting to appoint one O. A. Harris the agent of Wade for the transfer and sale of this cotton in Nashville. Also learned that the Harris aforementioned had advanced

or paid between eight hundred and one thousand dollars to Wade going to Columbia a distance of eleven miles to return, for the greater part of that sum. at the same time knowing that Wade intended to take quite a large amount of Bacon Tobacco & Flour &c. purchased with the money he paid him. and with the knowledge that these articles had not been regularly permitted by a proper agent of the Treasury Department, or by any military authority. I informed Harris that the action should be held until the matter could be investigated, as to the proper ownership of the same. believing Wade to have purchased the cotton in violation of orders. - and at that time believing Harris to have acted in good faith. from his own statement of the affair, advised him to go after Wade, and to bring him back with the articles he had taken out, that he Harris might save the advance he had made in the cotton.

Previous to his starting after Wade. however I changed my mind, and gave him express directions to bring Wade back with <sup>him</sup> it that if he objected to coming, to tell him I should telegraph his arrest to Florence, & that he could avoid arrest by coming voluntarily & making a plain statement of the facts in his case. Harris promised me that he would bring him back, that he could do so, as well as not. My reasons for being express in my directions to Harris, to <sup>have</sup> Wade come back, was to prevent him, going to the parties from whom he received or purchased the cotton.

and, obtaining from them an article purporting to make him their agent for the sale of the cotton, in making the former contract void.

After starting Harris after Wade with instructions to bring him to Columbia also leaving word for Mr Cross one of the parties to the sale of the Bacon & Co report there also, whose sworn statement you have I started for Columbia with the tubs of cotton & stored the same, informing you as soon as convenient of my action, which action was approved by an order to the Post Marshal at Columbia to hold the cotton for further orders. The day following the seizure of the property, Harris returned, bringing the Bacon Tobacco & Co manifest, himself with Mr Cross coming to Columbia, but without Wade. I examined Cross privately asking him why Harris failed to bring Wade, he replied that Harris did not understand me to say that Wade must come back, that if the articles were brought back, that was all that was necessary. I then began for the first to doubt the good faith of Harris, and believed he had advised Wade to go on and procure the very papers I wished to prevent him obtaining. I then examined him (Harris) He informed me that he did not understand my directions as imperative, that he might have brought him back, had he so considered them. I asked him if he remembered my speaking about telegraphing to Florence for the arrest of Wade, if he objected to coming

back with him he answered he did re-  
 member it. The matter appeared strangely  
 inconsistent to me, and I remarked to him  
 that Wade would now be able to obtain papers  
 from persons previously owning the cotton,  
 who for aught we know may be disloyal &  
 dare not themselves bring their products to  
 market in accordance with rules and regu-  
 lations governing trade and would with-  
 out any scruples give Wade such an ar-  
 ticle as would enable him to keep the cotton.  
 Also giving him Harris to understand  
 that he may have advised Wade to do this  
 thing, which he denied, and referred me to  
 one Dr Parker who went with him after Wade  
 to prove that he had no private conversation  
 with him, that Parker was present, and  
 heard all that passed between them,  
 I saw Dr Parker, and he informs me that  
 Harris talked with Wade some fifteen min-  
 utes privately, when they first met him  
 or that Harris and Wade had a conversation  
 of that length of time that he (Dr Parker)  
 did not hear. (The domestics with Wade  
 may have heard it, I do not know them.)  
 Upon enquiry into the antecedents of this  
 man Wade, I find he has been engaged  
 in the cotton business some time, bringing  
 the article to Pulaski, Clifton, and other  
 points returning with Bacon and other  
 articles which he sells in Abbeville and vicinity.  
 On this transaction you may judge  
 what profit he was to realize from it, paying 30¢

a pound of <sup>bacon</sup> taking it to Florence and receiving 45 or 30¢ for it, as I was informed by a man directly from Florence, was the price of the article - that he had refused 50¢ a few days before he left, also informing me that a short time previous to this affair, Wade brought to Florence a lot of bacon for which he paid 15¢ and sold for 35¢, and to further prove a dishonest purpose on his part, in this transaction I am informed that he has deceived Harris, in not returning all of the bacon and tobacco to him as requested, and which he made no mention of, nor request to retain. (In examining Harris again, it would be well to call his attention to this matter, to find out whether he had received money, instead of the bacon & S, with the intention of making himself safe, in case the cotton was confiscated, a further reason for doubting the good faith of this man Harris I would state that having confidence at first in him, I allowed him to retain charge of the bacon & sugar - to hold it until the ownership in the cotton <sup>was</sup> established. He kept the articles at Mt Pleasant, & when Roddy crossed to this side of the river, he came to me, and asked permission to bring <sup>it</sup> to Columbia deeming it not safe where it was, at the same time asking permission to sell the articles if an opportunity occurred, which I distinctly told him he must not do, giving him however the privilege of bringing it to Columbia I have since learned, that he has tried to

construct the article I gave him into a per-  
 mission to sell the paper & in his charge  
 going to the local agent at Columbia for his  
 opinion upon it. I also informed him that the  
 article as he understated it, does not con-  
 vey any such permission. Taking all these  
 things into consideration, his denial of  
 understanding the express directions to  
 bring Wade back with him. I am informing  
 you, that he had no private conversation with  
 Wade when he visited him - that Dr Parker  
 heard all the conversation that passed between  
 him & Wade which is denied in Dr Parker's  
 statement to me. who says Harris talked  
 with Wade some fifteen minutes privately  
 - that he heard nothing of. I did not take  
 Parker's statement in writing but will be  
 qualified to the verbal statement he made  
 to me. He is a friend of Harris and probably  
 was not aware how his statement would af-  
 fect Harris. After promising me he would  
 not attempt to sell the paper with the article  
 until the matter was investigated and to  
 attempt this very thing the moment my back  
 was turned, I had destroyed all my confidence  
 in him, and I believe it has been a delib-  
 erate purpose with him to deceive me if  
 possible, in order to save himself.

There is one thing in his favor I would men-  
 tion - that he has no sympathy with the  
 rebellion, although once holding a commission  
 in the Confederate army - and that he has  
 had the confidence of the Union men in  
 the vicinity of Columbia, so far as this

loyalty is concerned. Also that they consider him a pretty sharp man at a trade. I further state that this transaction took place on the 30<sup>th</sup> & 31<sup>st</sup> of this month Wade starting for Florence on the 4<sup>th</sup> and as Harris reports, was to return immediately and have the matter settled. It is now nearly two weeks & he has not reported, and that I have it from a man well acquainted with Wade - his opinion that he will not return to claim this matter - this with the fact of his keeping concealed a portion of the Bacon & Tobacco when Harris requested it. (unless Harris himself preferred the money, as I previously stated) might it make it appear against him, and if he does report, should be made to tell why he did not return it all.

Pleasant Murray County Tenn., I have known  
Mr Thomas A Harris several years, he is a citizen  
of Mount Pleasant, I consider him by occupation  
a Speculator. Tuesday morning May 3<sup>d</sup> 1864, I  
saw in Mount Pleasant, a man called W. H.  
Wade purporting to have come from Florence Ala  
having with him ten bales of cotton. I understood  
he started with the intention of taking it through  
to Nashville, himself, that he received information  
of having been reported to the Military authorities  
as having given aid & comfort to Guerrillas. I do not  
know from whom he received ~~information~~ this in-  
formation. I was called upon to weigh the  
cotton - did so while doing so, he made remarked  
such and such bales came from so & so naming  
parties, and do not hold out; Wade & Harris  
both requested me to weigh the cotton, Harris star-  
ted for Columbia about eight o'clock and did not  
see the cotton ~~weighed~~ weighed. I do not know  
what Harris went to Columbia for. I saw Harris  
pay Wade on his return from Columbia between  
nine hundred & one thousand dollars. (Greenback?)  
at this same time I witnessed an article ~~pre-~~  
paring Harris the agent of Wade for the sale of  
these ten bales of cotton in Nashville, at the time  
I witnessed this article I was of the opinion  
that Mr Wade had perfect control of the cotton, do  
not know who he received this cotton from, I did  
not hear Wade say that he was acting as an  
agent for the sale of this cotton for other parties,  
~~Wade had agreed to leave the cotton,~~  
after the cotton was unloaded. I asked Wade

After the cotton was unshaded, I asked Wade  
what he was going to take back. He replied  
that he wanted to buy some Bacon. I told  
him I had some for sale. He asked me  
how much Bacon and said I could sell  
him. I told him I had about three thousand  
lbs of Bacon and said that I could sell him.  
He agreed to take it, upon weighing it there  
was twenty two hundred and fifty (2250)  
pounds. He paid me 209 for the Bacon & 25.00  
for the said pig pound. He bought Mr J. M.  
Merrison about six hundred pounds of Bacon  
and said: It was my understanding that  
he was to take this Bacon and said to  
Alvener etc. I heard him promise to let  
one of his teamsters have five hundred and  
seventy five pounds of this Bacon. I do not know  
whether this teamster had any interest in the  
cotton or not. I did not hear him say  
that any of this said or Bacon was to go  
to any parties from whom he had received  
this cotton.

well acquainted with Mr. W. H. Wade. I have

Florence on Friday last with cotton for Washville  
Wade with ten bales, I had but one. Wade  
was induced to sell or trade his ten bales  
at Mount Pleasant Tenn. receiving as I am  
informed by him Bacon in exchange for it.  
Wade bought these ten bales at different times,  
none of it his own raising. He started from his  
own house with two bales, at the estate of  
Judge <sup>W</sup> Watkins he bought or received three bales  
I saw him pay James Sumner the overseer of  
the estate Green back money what amount I do  
not know. Wade told me two days before starting  
that he would start for Washville as soon as he  
could engage a load of cotton, am certain it was  
not contracted for, from Wades own statements to  
me previous to the 25<sup>th</sup> of April. He received the  
other five bales between the estate of Judge Watkins  
and the residence of John Leith. I do not know  
what he paid for the cotton, as I was ahead of him.  
W. H. Wade has been dealing in cotton for some time

and the residence of John Leith. I do not know  
what he paid for the cotton, as I was ahead of him  
W. H. Wade has been dealing in cotton for some time  
buying and selling in his own name. I do not  
know of his ever having any authority to purchase cotton,  
granted by the Government; I should judge he had  
purchased as much as fifty bales since the  
1st of March, and may have bought a much  
greater quantity. He has delivered cotton at  
Clefton on the Tennessee River and Putaski  
River.

Thomas A Harris being duly sworn  
makes statement as follows. I am a citizen  
of Mount Pleasant Mary County State of Tennessee.  
On Tuesday morning May 30 I saw Mr  
W. H. Wade, as I understood a citizen of  
Lauderdale Co. Alabama on the square in  
the town of Mount Pleasant with three wagons  
containing ten bales of cotton. He came to me  
and said he wanted to leave his cotton with  
me in my care and to send to Nashville and  
sell for him, remarking that he started with  
the intention of taking it through Nashville  
but learned at Lawrenceburg that he was re-  
ported as having furnished Generalas with  
provisions, and did not think it safe to go  
further at this time, as he had no papers to  
show that he was all right, and wanted me  
to employ wagons to take ~~the~~ cotton through.  
I asked him if the cotton was all his  
his reply was, It belongs to myself and neigh-  
bors, I asked him if he had any written authori-  
ty from his neighbors, empowering him to sell  
their cotton, he said he had not, but would  
go back and get it, that he did not know  
that it was necessary. He asked me if I would  
advance him some money on the cotton, I buy  
some provisions, I told him that I would  
advance him seven or eight hundred dollars  
and did advance him, eight hundred and  
sixty dollars (Greenback), I had but two hundred  
and sixty dollars, and started to Columbia  
to obtain the balance, which I paid him  
taking his receipts for the same as an advance  
on the cotton, to be included in the settlement

on the sale of the cotton, I was to receive the usual Nashville price for selling.

I advanced him the money, that he might purchase some supplies which he represented were very much needed in his neighborhood. He bought of Mr Lewis Seven hundred and thirty dollars worth of Bacon Lard, Flour & Tobacco, he raising the amount himself, and presume the statement correct. I saw the amount of provisions and have them in charge at the present time. He also purchased as stated by himself four hundred and Seventeen dollars and fifty cents worth of Tobacco and Bacon I have that also in charge. This was purchased from Mr James M. Trimm as he stated to me. I do not know how much of the cotton was his own property, or claimed by him.

He told me he was not the owner of it all that some of it was his neighbors. I asked him the next day if he had advanced any money on the cotton. He replied that he had advanced some money and some meat to one he had advanced nothing. There was one man with him who said he owned two bales and that he authorized Mr Wade to sell the cotton in Nashville, and judge from that, that he was not going to Nashville.

(He said he had been in Columbia on Tuesday)  
Mr W. H. Wade started back to Laird's Bluff county Alabama with his load, and when I was instructed to follow and bring him back these instructions were not clearly understood by me, and in using my own judgement in the matter concluded it was best to allow

him to go on with the express understand-  
ing that he should return with the bal-  
ance of his cotton and his brother's cotton  
which was ten or twelve bales. that he would  
also bring papers to show that he came in  
possession of it honestly - the cotton that is  
now held for investigation. I never saw  
Mr Wade, but was previous to this transaction  
and if he had not been recommended to  
me as an honest man. by reliable men as  
I look upon them. I should not have taken  
his cotton to sell. Within the last two months  
large quantities of cotton has passed through  
Mans Pleasant, reported to be the property of  
Mr Milner. I do not know that Wade and  
Milner have any connection in business.  
I did not know until yesterday that Mr  
Milner was under arrest at Nashville.  
I do not know that Mr Truison had any-  
thing more to do in this transaction than  
the statement of Mr Wade as to the purchases  
he made from him.

I did not tell Mr Wade that Milner was  
in arrest.

I am a citizen of Maury County State of Tennessee. I was in the town of Mount Pleasant on Thursday last May 5<sup>th</sup> & there saw W. H. Wade a Citizen of Florence Ala and was informed by him that he had started from Florence with cotton for Nashville, but having received information from some source that the Federal authorities were seeking his arrest, he concluded to go no further than Mount Pleasant, and that he had appointed O. A. Harris his agent to sell the cotton in Nashville. I received the impression from what he told me, that it was his brother's cotton. I did not hear him say there were other parties represented in the ownership of the cotton.

Wade told me, Harris was to advance him eight hundred dollars (\$800), also that he had bought some Bacon, but not enough, and asked me to spare him some. I sold him upwards of six hundred lbs, receiving 20¢ per pound in Greenback for it. I also sold him two boxes of Tobacco, averaging about one hundred and twenty five lbs each, at \$1.10 per pound. I sold him at the same time upwards of fifty lbs of Sand at 20¢. I asked him what he intended to do with these articles. He told me he intended to take them to Florence to sell. I did not hear him say these articles were intended for distribution to destitute families having an interest in this cotton. I believe the articles to have been taken there for the purpose of Speculation. I understood from other parties that he had purchased Bacon of Mr C. O. Cross at the same

time - do not know the amount. was not  
informed by Mr Wade, that one of the teamsters  
accompanying him, had an interest in  
the cotton. I did not hear say his teamsters  
were to receive any of the bair.

I am a resident of Florence Ala. On Friday last. I left Florence in company with W. H. Wade (also a citizen of Florence) with cotton for Nashville. - Having myself but one bale Wade had ten bales. On our arrival at Mount Pleasant Murray County. we were met by a man who represented himself as ~~a~~ Govt agent, who informed W. H. Wade that he was liable to arrest if he went any farther with his cotton, and offered to buy it of him, trading him Bacon for it.

The trade was made, upon what terms I do not know. I saw the cotton delivered according to the direction of the purchaser. Wade told me he had got three thousand pounds of Bacon on the trade, how much more he is to receive I do not know. This happened yesterday morning (3<sup>rd</sup> day of May 1864). Wade told me the man was a Govt agent, and recommended that I should sell my bale to this man also, I refused to do so believing it to be wrong. Wade told me not to say anything about this transaction, and is confidently believe he was frightened into this disposition of his cotton.

I send two citizens as persons  
in citizens dress of whom I have very  
strong suspicions. They were arrested this  
morning about 10 o'clock by my Ticket  
Guard, when stopped by the Guard they  
stated they were going to Bladenburg to find  
employment afterwards one of them afterwards  
told the Corporal that he wished to  
get there in season to take the Cars this  
morning thereby exciting suspicion, when they were  
brought in to me I asked them where they belonged  
they stated that they belonged to Fort Tobacco  
about 20 or 25 miles from here, if I am  
not mistaken you are informed Fort Tobacco is  
some 50 miles from here, they stated they had  
walked from there in one day, my suspicions were  
so strong that I thought it proper to detain them  
and send them to the Capt. Commanding for disposal,  
their names are Orland Foster & Robert Brown so they  
say, the other is ~~Robert B. Brown~~, I don't think he knows  
what Regt he belongs to he was found straggling  
in the neighborhood intoxicated and arrested by my  
order, the Guard is larger than is needed unless the

Capt. Commanding wishes to send the  
citizens to the Troop, Marshalls, will you  
please if only the soldier is sent to give the  
Corp, and one man & pass or an order to go  
to Washington, if they are all sent send  
the whole of the Guard or as many of them  
as needed, the reason I sent no pass or  
order was I did not know what would be  
done with the Citizens pass did not know  
how many would be needed, Hoping my  
action on this premises will be approved by  
my superiors in Command

Sir:

I have the honor to report the capture of Sergt. Wm. B. Smith, Co. "A." 3<sup>d</sup> Md Infantry (Rebel) with Capt. Thomas Hill and Thomas Selviden on board the Scho. Washington, on the 3<sup>d</sup> of May, 1864, by Corp. H. H. Cooper of my Co. The following are the circumstances of the capture.

Said Scho. was discovered by the Guard on the evening of the 2<sup>d</sup> of May 1864, anchoring in an unusual place, which gave rise to suspicion. The guard started to board her, and when discovered by the above party they got under way and started across the Chesapeake Bay, but owing to a storm of wind arising both parties were compelled to return, and the Scho. Washington made Harbor in Hopkins Cove, Hoopers Straits. The guard watched them until the storm

ceased, when they immediately made for them and boarded said Scho. and upon examination found the above party and a Rebel Mail from different States directed to parties in Richmond Va. of some 50 or 60 letters and a number of Newspapers.

Upon examining the party Smith acknowledged that he was a sergt of Co. "A" 2<sup>d</sup> Md. Va. Inf and having received information of his mother's sickness at Baltimore Md, where she resided, procured a furlough and came to see her, and had taken passage on said Scho. for Va to rejoin his Co. He denied of having anything to do with the mail but upon examination of the letters found on board, in the bundle was an Envelope directed Mrs. J. Smith, with Fannie's love. Said Smith was as dressed in Citizens clothes.

The other party said they were bound for St. Mary's Co Md, and knew nothing of the Mail

Captain

I have the honor of forwarding to Brigade Head Qrs three prisoners, viz. George Cummings, John Clarence and John Charter (Colored), all under the charge of Lieut John S. Kuhn, Co F. Punnett Legion Md Vols who arrested them on the road in the vicinity of Washington City D.C. as he was returning from Washington en route to rejoin his Company at this post.

There was also a man named Bennett and a Negro named Robert Jackson, arrested in company with Cummings and Clarence, the former (Bennett) having been thoroughly examined by Lieut Hayman, Provost Marshal of Fort Tobacco, and proved to the entire satisfaction of that Officer, that he is a deserter from the Rebel Army, who wishing to take the path of Allegiance to the U.S. Government and to procure work of some description, he was therefore permitted to avail himself of the privilege, and is at work for some farmer I am told near Fort Tobacco, and on parole not to leave this (Charles) County until allowed by the proper authority so to do.

The Negro Jackson, I have examined personally, and find that he is but a Refugee from Virginia, who having once <sup>before</sup> succeeded in escaping from that State, and been employed in Washington City, had permission from the Secretary of War, and signed by Capt Rathbone A.A.S. to visit his home in Virginia for the

purpose of bringing his family to Washington, they living at that time. (Spring of 1863) within the Federal lines in the neighborhood of the Rappahannock River, but before he could accomplish his purpose, the Rebels again took possession of the place, and hearing that he was about to be seized and sent into the fortification around Richmond, he determined to make his escape, which he did, and was making his way towards Washington, there to enlist in the U.S. Army, when upon hearing his statement I released him, and gave him a pass to Washington.

The Man Cummings I have also examined, and I have my suspicions that he is not what he pretends to be and therefore forward him to higher authority to be disposed of, thinking probably he might be a Rebel deserter from Point Lookout. — Clarence I also forward, not feeling entirely satisfied with his statement, which I also forward.

The Negro, Charles, I forward with a statement made by him, and I have sent a detail out to arrest his former Employer, Mr William Coombs, whom I shall hold in custody, subject to the orders of Gen Tyler.

P.S. The negro Charter was not arrested by St. John on the road with Cummings and Clarence as I have stated. It should have been Jackson, as Charter was arrested by some of the 1st Regt Cavalry at Mr. Coombs:

of General Sherman a sailor

work when arrested and is willing

## Statement of George Cummings

My Name is George Cummings, am 22 years of Age and born in Portsmouth N. H., left home when I was 15 years of Age, being of a very quick temper I disagreed with my parents and have never seen nor heard anything of them since leaving home. I am a Farmer and have followed the Trade. I have traveled through the different cities from time to time working wherever I could get a job to do and when I procured a little money would start off on a spree and would work no more until compelled to do so for want of money. have lately been sailing on the Schooner "Mary Elizabeth" running between Baltimore Point Lookout and Alexandria, have never been further South than Alexandria was in Baltimore about five (5) weeks ago. Never joined either of the Armies, North or South, nor have any desire at present to do so. Came down from Alexandria on the Schooner "Mary Elizabeth" on last Friday or Saturday, and had a disagreement with the Captain. I told him I would leave him, when he put me into the small boat and sent three men to row me ashore, he told me that the place where he would land me was Port Tobacco, but it was on the Potomac River, and I cannot recollect of being here before. (meaning Port Tobacco) but this is not the place I was landed at. I walked along the road some distance, after I was landed from the boat, and inquired from persons if a Citizen was molested by the Soldiers if he had no pass or papers, and was told that if I was a Citizen of the United States I required none

I said I was a Citizen of the United States, and kept on my way. I intended to go to Washington Baltimore or any place going North to try and learn a trade of some kind and change my manner of living and become settled in life and save my money. I do not know the <sup>white (Benjamin Clarence)</sup> men who were arrested with me. I came across them 12 or 14 miles from here (Port Tobacco) near a place called Middletown. We traveled together towards Washington nearly I think six miles when we came across the Negro (meaning Jackson) who was arrested with us we were arrested by a Lieut and a Guard. about 9 O'clk' last night. the Officer got us a Hoe cake and treated us very kindly. I had nothing to eat but the Hoe cake since day before yesterday. We got to this place (Port Tobacco) this morning. I wish to go North to remain there. Am willing to take the Oath of Allegiance to the U.S. Government. would not wish to enlist in the Army until I was compelled to go. have not tried to procure work since I landed.

I certify on honor that this Statement was made before the following Officers as Witnesses.

General.

I have the honor to submit  
the report of Lieut C. J. Hammit Comma-  
nd of Prisoners, giving the names of all ci-  
vil & military arrests made, with disposition  
of them ~

The names of the parties arrested  
yesterday in connection with the seizure  
made are withheld from the Prison Roll a  
short while & until such time as Lieut Smith  
Comdg Detachment Corps. gets things in shape ~

They are Frank S. Smith, Powell Harri-  
son & Robt Alexander, for the present I will  
also keep it from the newspapers. this to facili-  
tate the working of another job now on hand.

Marshal McPhair has shown some anxiety  
to ascertain the names of the parties arres-

in this matter. I earnestly request that he be not enlightened on the point. He has also requested that the Irons be removed from "Mr. H. Rogers" who he says is a nephew of his.

I Hip & J. H. Steinman were this day arrested on charge of disloyalty & confined in military jail.

J. H. Washington arrested May 16<sup>th</sup> on similar charge as above was examined & discharged on taking the oath of allegiance.

I not deeming the evidence sufficient to punish him more severely, he having served 12 day imprisonment in military jail & Fort McHenry.

Respectfully

Yours most Obedt Servant

I have the honor to most respectfully make the following representation.

I have been ~~admitted~~ Quarters for a long time past for the 13<sup>th</sup> New York Heavy Artillery. On or about the 22<sup>nd</sup> of April I was tried and convicted by the Provost Court of this City for an offence for which the Court sentenced me to pay a fine of two thousand dollars, and to leave the Department within thirty days. I paid said fine. The regiment of which I was latter is owing me about two thousand dollars. It was the intention of the Court that I should have ample time to collect said money. When I was limited to thirty days it was believed by the Court that the troops

would be paid inside that limit,  
but as they have not been paid, and  
as I have complied with all the re-  
quirements of the Court so far, and as  
I made application to Maj Genl  
Butler a few days since, which ap-  
plication was accompanied by ~~an~~  
a petition signed by all the leading  
merchants in this City in my behalf;  
And as I have not heard the result  
of said petition (owing no doubt to his  
enormous duties of a more important  
character), I therefore respectfully  
request that you grant me permis-  
sion to remain until such time as  
said regiment is paid; or if you can-  
not do this, until such time as I  
learn the result of my application  
to the Commanding General,

I have the honor to most respectfully represent to you the following facts.

I am Quicer of the 4<sup>th</sup> Regiment RI Volunteers. On or about the 23<sup>rd</sup> of April I was tried by the Provost Court of this City which was convicted of an offence for which the Court sentenced me to pay a fine of two thousand dollars, and to leave the Department within thirty days. As I was doing quite an extensive business, and as the troops to which I was Quicer were owing me about twenty five hundred dollars, which money I cannot obtain until they are paid, and as it was the intention of the Court that I should remain until I could collect this money (although the

2  
Court limited me to thirty days, believing  
at that time that the troops would be  
paid inside of that limit) but as the  
troops have not been paid it has there-  
fore been impossible for me to close  
my business, although I have made  
every effort to do so: And as Major Hag-  
gerty, the Provost Judge, whom I have  
endeavored to see for the last two or  
three days has been absent from here,  
and having been informed that he has  
gone to the front, and Major General  
Butler's duties at this time being of  
such a character as to prevent him  
from giving this matter his attention  
soon enough to avail me anything, as  
the time for my stay expires tomorrow,  
I therefore respectfully request per-  
mission to remain until in the De-  
partment until the Regiment is paid  
in order that I may receive my just  
dues, or at least until such time as  
the Major General Commanding will have  
an opportunity to give me a hearing.  
I have paid the two thousand dollars  
in compliance with the sentence of the  
Court.

I also respectfully call your

attention to the annexed Communica-  
 tions - two of them written by Colonel  
 Buffum. Commanding the Regiment  
 of which I am Captain, one directed to  
 Major General Baile, and the other  
 to Major Haggerty. And the other to

Hiwassee is a very small valley on the South Fork of the Trinity River, containing altogether not more than 100 acres of farming lands. It is distant from Camp Douglas about 35 miles, from Fort Benton about 45 miles, & from Heavenville about 45 miles. The population varies from 4 to 10 white men, some of whom have negroes and half breed children.

I am credibly informed that the Southern Confederacy has some strong friends there. Mr. Allen, who brought these petitions to this place told me that a man named Sidney Edger had lived there some last fall until recently. This man Edger is a deserter from the 2<sup>d</sup> Inf. Co. I have not heretofore recommended that a force be stationed at Hiwassee, though it is a good place to a post from. I have had frequent scouts sent to that vicinity. In the last month Capt. Captain

Herewith you receive orders to take the field with your company against hostile Indians on the Upper Trinity and its branches. It is believed that "Burns Ranch" or the immediate vicinity thereof will for the present be a good point for you to operate from, however you are to be governed by circumstances and change your camp when necessary to the main business in hand, that of punishing the enemy, keeping the Commanding Officer of this post advised of your movements. You will be supplied from this post and will here send your sick, wounded and prisoners.

Enclosed find copy of Dist Orders No 2 which is for your guidance.

Field Returns and Reports of scouting parties will be sent by you to District Headquarters thro' the Officer Commandy Fort Gaston

Having confidence in your judgment, zeal and knowledge of the district assigned you as well as knowing the material of your command, the Lieut Col Commandy expects and will feel a pride in your success.

Very Respectfully

Your Obedt Servant

I am directed by the  
Lieut Col commanding to say that he approves of your action  
with the Indians at the South Fork of Trinity river. Under  
the circumstances nothing better could have been done.

The Indians sent in say they are  
satisfied to live in the valley, and have received permis-  
sion from the Lieut Col. to return for their families and  
"Handsome Billy". You will allow them an opportunity  
to accomplish this object, after which you will watch  
and punish all found in your neighborhood.

Captain

I am directed by the  
Lieut Col Commandy this Post to say that Frank his family and  
father, Okokayan and perhaps some other Indians have  
declined to come in, and are some where in your neigh-  
-borhood. Mr Thomas informed the Col yesterday that they  
were not far from his house. It is very desirable that  
they be killed. It is hoped that you will make that  
portion of the country too hot for Indians.

"Big Jim" says that he had some  
fifteen Big Flat Indians here last winter, also some  
from Hay Fork but they have all gone home since. It  
is thought that a sufficient force is at your disposal  
to pursue and chastise these Indians, if however you find  
an opportunity where more troops can work to an ad-  
-vantage, inform these Headquarters of the fact.

For your guidance is enclosed a  
copy of a Circular from Dist Headquarters relating to field returns

Captain.

Your letter of the 28<sup>th</sup> ult has been read with pleasure, you will pursue the same course until no Indians are to be found in that region. Particular attention is to be given that not an Indian of those connected in this valley be allowed there - kill the last one until they find it prudent to obey orders.

One Indian went up to day with Mr Thomas with directions from here and their Indian friends to make one more effort to bring them in. No more will be allowed to go except on official business direct with your camp. The petitions of Mr Allen will be sent to the District Commander for his consideration, in the mean time get after these Indians. Hiampum is but 15 miles from Burnt Ranch, can you not have scouts out in that neighborhood? You are expected to have attend to Lower South Fork, 7 or 8 in parties are sufficient as most of the Indians are seeking for peace and coming in. The balance should be made very uneasy. "Frank, Clolyan" and those with them are the most important. If a better spot is known to operate from, than your present position, you will report the same at once

I am just in receipt of information that a certain Italian named Pietro Biscuglia has induced one of our sailors named Picciotto Luigi to desert his vessel and has taken him to Boston in order to enlist him and most probably to swindle him out of his bounty as he has done in other cases.

I have written to Washington on the subject, but would ask of you at the same time, General, to do what you can in the case in order that we may be able in time to have him back.

The said Pietro Biscuglia is a slight built man with black curly hair and speaks tolerably well the English language, while the sailor answers the following description

In answer to your application, in regard to your wives, held as hostages by Gen. Wild for the treatment of his colored soldier, Samuel Jones of the 8<sup>th</sup> U. S. Colored; Upon a full examination I have determined; —

First — That, as no difference was made between Jordan and Daniel Bright, on account of color, (one being hanged in retaliation for the other by the Rebel authorities) the case presupposed by Gen. Wild, when the hostages

were taken in the persons of these women, that some different treatment would be meted out to his soldier, because of his color, not having risen, the order given by him for execution of the women in retaliation, will be revoked. —

Second — I will return the women to North West Landing, with a copy of this note as direction to the Officer there, that, upon your placing yourselves in his hands in their stead, to be treated as prisoners of War, (unless some outrage not justified by civilized warfare is perpetrated by the men of your command) the two women, Mrs Wm J. Hander and Mrs Rector Hucks, will be delivered to their friends.

I take leave to assure you that nothing

5  
has been done to them, to any insult or  
injure them, except the detention; as I have  
no doubt they will inform you, when you see them.

I am compelled to require your presence  
and detention instead of your wives, on account  
of further threatened retaliation, made by  
the men of your Regiment, upon the soldiers  
who may be unfortunate enough to fall  
into their hands; and in order that the trans-  
-action may assure you and your people;—

First, — That we will carry on this  
War upon the rules of civilized warfare,  
if permitted so to do, by the Rebel Authorities.

Second, — That we will not permit  
outrages upon our men, without swift,  
severe, and stem retaliation.

It is for your friends therefore to

make the choice.

Daniel Bright, who was executed by Genl. Hild, was a deserter from the 62<sup>d</sup> Georgia; was wrongfully enlisted in the 66<sup>th</sup> North Carolina, was engaged, not in warfare, but in pillage and murder, - as a Guerrilla, was duly tried by Court Martial, sentenced, and hanged; - and the execution of Private Jordan, in retaliation for that act, will be made the subject of other and different measures, from any that relate to yourselves and your treatment.

I have the honor to be

Very respectfully Yours

Dear Sir

I enclose  
you the account due for goods sold by  
A. L. Grabfetter to Signum Marshing  
Feb 10. 1863 amounting to \$324.30 the  
bill was found on the person of Grabfetter  
who was arrested and sent <sup>to</sup> March 1863  
By order of the Sec of War, and who stated  
that the goods he had purchased to take out  
he sold to Marshing who had not yet  
paid him for them, the bill enclose is for  
the same amount.

I directed Mr. Horner by verbal  
instructions from Judge Turner to call on  
Marshing and give him notice not to pay  
the money only on my order, which verbal  
notice Mr. Horner delivered.

I called on  
him some time after, and he offered to pay  
me the bill twenty per cent off which I  
declined. I again called on him when  
he promised to call at my office and  
pay the bill, previous to this he told me

over.

he had been sued by Grabfetter  
in one of the New York Courts, that Grabfetter  
had returned from the South and was living  
in New York,

As Marshing did not call <sup>on</sup> me in  
accordance with promise, I directed Mr.  
Horner when in New York to call on him at  
his place of business No 11, Chambers St  
uptairs, which he did, when he made  
the same statement about being sued to  
which induced Mr. Horner to make enquiries  
in the different Courts in New York, but could  
find no evidence of such suit being  
instituted

I am aware that Judge Turner  
or myself should have given him a written  
notice but having notified him through one  
of my men I deemed it all that was  
necessary

If practicable he should be com-  
pelled to pay the claim,

B B Waddell Petition

Maj. Genl. C. C. Washburne

Genl.

Capt. A. R. Eddy a S. M. and  
Rentals officer referred to me the petition of B B  
Waddell, addressed to you. I beg leave to make the follow-  
ing report. It is true that about the 1<sup>st</sup> of Sept,  
1862, the Government of the United States, through  
its Agents, did seize and still holds all the Real  
Estate in the City of Memphis belonging to  
John Overton, an absent Rebel. A man that is  
well known here, who is also known to be a man  
of great wealth, and whose almost unbounded gener-  
osity to the Confederate cause in the distribution  
of thousands of dollars, to aid in the unholy strug-  
gle for Southern Independence, is also a well  
known and established fact, beyond cavil or doubt.  
Hence there is nothing wrong in seizing the property  
of said Overton, and still holding it as the prop-  
erty of an absent Rebel and making the most out  
of it we can for the benefit of the United States.  
I think it also true, that this man Waddell has  
been the Agent for Overton for many years, and  
like his great Prototype according to his abilities  
equally zealous in his efforts in aiding the Confederate  
cause. "A short Chapter of this man might not be  
uninteresting." If his history be true, and I shall  
make investigation in what I am about to state

2  
That this man Waddell being a Resident of  
Memphis and in daily proximity with the rebellion  
sought every opportunity to fawn the Elements of Rebellion,  
and ultimately to Cap the Climax of his devotion, ac-  
tually entered the Service of President Davis, and  
was appointed on the Staff of that wily Rebel,  
General Beauregard, and was serving as such at the  
battle of Shiloh. But doubtless a convenient dist-  
ance from bullets. It was here he witnessed the  
Surrender of General Prentiss without the shedding  
of a solitary tear and soon after or before that  
eventful period he was bearer of important Despatches  
to General Bishop General Polk commanding at  
Memphis, to Generals Price and McCullough, a  
short time previous to the Battle of Wilsons Creek  
Missouri, where the lamented General Lyon fell.  
What other important services he has rendered the so-  
called Confederate States, has not been made public.  
But sufficient is known to class him with Overtun  
among the Enemies of the Government of the United  
States, a little over a year ago. Like many others he  
got upon the fence and discovered that the grass was  
a little the highest on the Yankee side, he begged  
leave to return to Memphis, and has been whining  
most pitifully ever since about the confiscated prop-  
erty of John Overtun, and strange to tell this same  
man with all <sup>his</sup> sins upon his head, so ingratiated  
himself into the confidence of Major General Harbitt.

that on the 15<sup>th</sup> day of August 1863 an order was  
 issued from Head Quarters Commanding the Depot  
 Quartermaster & Rental Agent, to transfer the future  
 collections of Rents of the property of John Croston,  
 to W. B. Waddell, to collect, the same as a Govern-  
 ment Agent, under the supervision of the Quarters-  
 ter, said Order was an endorsement on a Bond  
 approved by the Major General and executed by  
 the said Waddell, and two Sureties for the faithful  
 performance of the trust, and the conditions therein  
 expressed. The conditions of the Bond required, Mr.  
 Waddell to collect the Rents and pay over the same  
 monthly in advance to the Rental Agent, Pay the legal  
 Taxes, Make all needful repairs and to pay a  
 debt of about two thousand dollars to Jones & Jagg,  
 and also a debt of between Three and four thousand  
 dollars to Messrs. Perkins & Co of Cincinnati, Ohio.  
 Mr. Waddell's appointment as Agent commenced on  
 the 15<sup>th</sup> of August 1863, and during his administrat-  
 ion of about five months. It will be seen that the  
 Sum of nineteen thousand three hundred and forty  
 one dollars & fifty eight cents have been received by him  
 for Rents and for disbursements, for repairs on prop-  
 erty the Sum of \$3265.39 cents, for Taxes the Sum  
 of \$7040.59 cents, and payment of debts to Jones &  
 Jagg, the Sum of \$1985.00. And the amount of  
 Cash paid into this Office the Sum of \$7050.00,  
 all of which disbursements make an equal balance,

cf  
with the amount of cents reported. It will be seen  
that the amount of disbursements for repairs seems  
large in so short a time. I find on examination of  
the Reports that the sum of \$31,957.74 cents was  
expended on one horse alone. Minister D. B. Brain states  
and out of that sum \$3,495.74 cents was negotia-  
ted by Mr Waddell in a manner wholly unauthorized  
by any Government Agent and which I believe was  
one of the many causes of his dismissal. Mr Waddell's  
Statement is that to pay this debt for repairs or  
improvements he leased to the party an unimproved  
lot belonging to Overton for the term of five years  
for the above sum. This is an act of usurpation not  
given to any Government Agent. And it is extremely  
doubtful whether the Major General himself is clothed  
with any such power. It will be observed that  
there are but two debts mentioned in the Bond, one  
to Jones & Jagg, the other to Masy Rankin & Co,  
the Cincinnati Firm. Mr Waddell states in his  
Report before his discharge and made the exhibit  
that he had paid the debt of \$19,850.00 due  
to Jones & Jagg and that he had written several  
times to Masy Rankin & Co. but could get no  
answer, since that time however, an Attorney at Law  
from Nashville accompanied with Mr Waddell  
came to this Office early in March last and presented  
a promissory Note for the benefit of Masy Rankin  
& Co for the sum of \$25,312.00 cents for interest

5  
and interest. which after some hesitation was ordered  
to be paid by General Harbutt, which was paid  
agreeable to his order out of the funds of this  
office, and the proper receipt taken on the 15<sup>th</sup>  
of March 1864. Mr Waddell now makes appu-  
lication most probably dividing the expenses  
with the Real Attorney for a further sum of  
\$19.15 or 52 cents, and as he says in behalf  
of sundry suffering creditors, without naming of  
them. We know nothing of the claims of any  
creditors except Massey Rankin & Co. Hence this  
pathetic appeal in behalf of suffering mechanics  
in the City of Cincinnati is mere surplusage in  
the absence of proof to sustain the accuracy of  
any such facts. And if they were shown would  
amount to nothing and is no more than the  
mere effusion of an attorneys brain when a  
glittering fee awaits him. The only question to  
be decided is ought the prayer of the petition  
or B B Waddell be granted and the Govern-  
ment pay over to the proper attorney the sum of  
\$19.15, 52 cents agreeable to the conditions in  
the Bond. I think the Government ought not  
pay over another dollar for the following reasons.  
Agreeable to the Bond dated August 14<sup>th</sup> 1862,  
the said Waddell entered into covenants with the  
U. S. Government through the Agency of Maj. General  
Harbutt he was bound by the terms of the contract,

to perform all the conditions in said Bonds and agreeable to the interpretation put upon his appointment, as Agent, by General Harburt, he came upon the same footing as the other Agents or Clerks, in the Rentals Office, and acted with no more authority, and beyond the Rules prescribed for their duties he could not go. Now it is certain that in the Barter of a five year Lease upon an unimproved lot belonging to Overton to pay the debt for repairs or any thing else was a violation of the original contract, and a sufficient reason to render the Bond null and void, and release the Government from all obligations, and beside all this Mr Waddell's official position as Agent ceased on the 20<sup>th</sup> day of January 1864, the day on which he was dismissed or relieved from duty by Order of General Harburt, hence any covenants that the Government may have entered into with him previous to that time ceased, and hence, the Government, has no right to pay the claim now demanded. And in my judgment committed a wrong in paying the claim on the 15<sup>th</sup> of March last, against this firm. A few words more and I close this report, already too long. Mr Waddell's Statement of the increase of Rents during his administration to be upwards of Twelve thousand five hundred dollars, is not correct, by nearly four thousand dollars being an over-

of figures in his petition. The reason for this increase is owing to the great influx of Strangers and business men coming to the City and the increased demands for houses. Hence the rise of rents, and not the Superior financial policy of this man Waddell over the Agents in this office.

Memphis Tenn. May 11<sup>th</sup> 1864

General,

About the 1<sup>st</sup> September 1862 under orders from Maj Gen<sup>l</sup> Sherman then commanding at Memphis the Post-Quartermaster took possession of the estate of John Overton at Memphis, and rented the houses belonging to said estate, to tenants, in the name of the U. S. Government.

About the 1<sup>st</sup> Sept<sup>r</sup> 1863 the Rental Office books kept by said Quarter-Master, showed that the monthly receipts from said estate amounted to  $\$1410 \frac{12}{100}$  Fourteen hundred, ten +  $\frac{12}{100}$  dollars per month.

As I had for many years before been managing ~~the~~ said estate, and being well acquainted with it in detail, Maj Gen<sup>l</sup> S. A. Sturiburt thought it proper to turn the management of said Estate over to me, requiring me however to pay to the Quarter-Master  $\$1410 \frac{12}{100}$  per month that being the amount reported monthly by the Q. M. as his receipts from said Estate and directing me to apply any excess I might be able to get from said Estate, over + above  $\$1410 \frac{12}{100}$  to the payment of taxes, costs of necessary repairs, and debt due to Jones + Jagg of Memphis, a debt due to Macy Rankin & Co of Cincinnati and such other debts as the commanding Gen<sup>l</sup> might from time to time order to be paid for the faithful performance of which I executed a bond to the U. S. Government reciting the above conditions.

Under said arrangement the rents from said ~~estate~~ were largely increased, indeed nearly tripled, showing an excess of  $\$12,580 \frac{98}{100}$  in five months time, which excess was expended in accordance with said bond but leaving the debt due to Macy Rankin & Co unpaid.

During Gen<sup>l</sup> Sturiburt's absence from Memphis, on his expedition to Jackson + Meridian I was ordered by Capt

A. R. Eddy A. G. M. to cease collecting the revenue from said Estate which order I obeyed, and said D. M. has been collecting the revenue since that time.

After Genl. Hurlburt returned from said expedition about the 15<sup>th</sup> of Mch last Hon. Storace Harrison as attorney for the owners or holders of a part of the debt due to Macy Rankin & Co amounting to about \$2500, presented it for payment to me, but as I had expended all that had been collected by me, he applied to Maj Genl. Hurlburt, who ordered Capt Eddy A. G. M. to pay said sum, out of rents rec<sup>d</sup> by him since he had taken the business out of my hands. -

Now the balance of said debt due to Macy Rankin & Co  
 + due Jan'y 10<sup>th</sup> 1862 is 1680. 28  
 + due to May 10<sup>th</sup> 1864 235. 24  
\$1915. 52

Said claim is in the hands of Woodward Esq for collection, and there should be now in the hands of Capt Eddy between \$7000. & \$8000. of Revenue collected from said Estate for the months of April & May (not to mention the amts collected for February & Mch) out of which revenue said debt was ordered to be paid by Maj Genl. S. A. Hurlburt.

In behalf of said Creditors, who are mechanics in the City of Cincinnati, O. & who earned their money by hard work in 1861. I would respectfully ask that their debt be ordered to be paid out of said revenue now in the hands of Capt A. R. Eddy A. G. M. of the Post of Memphis or in other words that the arrangement made with Genl. Hurlburt be complied with.

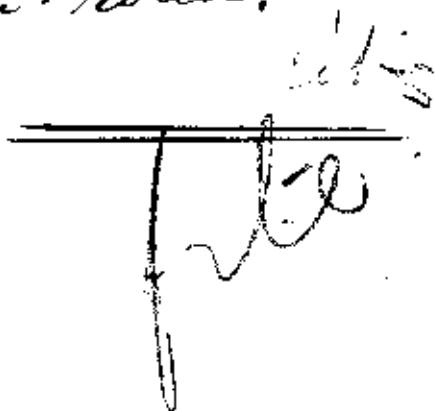

I have the honor General to be

Capt-

In compliance with instructions from  
You as Cavalry Div 16<sup>th</sup> A. C. I have made an investigation  
of the depredations committed on the premises of Doct  
Wheaton & Mr Becket residents of Memphis. by the  
Cavalry Pickets on the Horn Lake road on the 23<sup>rd</sup> inst  
with the following results: I found that some  
one broke Two or Three Boards off of the Fence around  
the premises of Doct. Wheaton. they were replaced  
in the morning by the Infantry Pickets no other  
damage done.

Several palings were pulled off of the Fence  
of Mr Becket by reason of the Horses being fastened to  
them. they were not burned or destroyed, nor were  
the Horses turned loose in to any Potato field. one or  
Two hills of Potatoes were trodden on by the Horses  
getting through the Fence. but the owner of the

Property, & the Officer in command of the Engin-  
try Picket, said that the crop was not injured in  
the least. All parties testify that the Cavalry  
Picket that night occupied the same ground & had  
their Horses placed in the same position as has  
always been the custom. The Fence was repaired  
the next day and the Picket instructed to provide  
other accommodations for their Horses.

There being no perceptible damage and none  
claimed by either Doct. Wheaton or Mr Becker, I  
have not assessed any.

rank of Captain in the rebel army and was  
in active service in the same at "Belmont" &  
"Shiloh" and elsewhere, and now comes  
and claims foreign protection as a British  
Subject.

W. J. Cowan having served as a private  
in Co "A" 1<sup>st</sup> Tennessee Infantry, also  
claims British protection. It is our  
opinion that these two men have no claims  
to foreign protection that the Federal Go-  
vernment is bound to respect, and it is in  
bad taste for men to waive their claims  
to foreign protection when the Confederate  
government demands their services and after

having served in that army and done all the  
injury in their power to the Federal Government  
now to come up and claim exemption on the  
ground of being aliens

Their service in the rebel army was  
voluntary and therefore amounts to a forfeiture  
of their claims to foreign protection at least as  
far as their claims on the Federal Government  
is concerned

Sir,

I transmit herewith, papers marked 1, 2, & 3 - the two latter being copies of committals of Messrs Scofield, Savage, and Raymond, and, pursuant to the order from Department Headquarters, have the honor to report that as I had but one room in which to confine these individuals I placed them together, and at once made known the fact to the Major General Commanding. I have just seen Mr. Savage, and asked if he would like to move to a room in which he would be allowed the exercise and privileges granted to all the prisoners except those in his present quarters. He informed me that he does not wish to change.

As to his declining health, - referred to in his father's communication, - I must say that it is quite new to me, as I have no doubt it also is to Savage himself. He appears quite fat and hearty. The other prisoners have only escaped the solitary confinement, required in the order of committal, from

the fact that I have no place to put them,  
a short time since I permitted two prisoners to  
change from the room in question to another  
not similarly restricted, and the same day one  
of them - Mr. Palmer - sought & obtained permission  
to return to his old quarters.

I am, Sir, very respectfully

The papers containing charge & evidence in this case came to be found. Consequently there is nothing but hit man affidavits. States he was a soldier in the regular Army for 5 yrs - was 1 year in Col. Volt - was discharged for disability - then went and kept a saloon on the 8<sup>th</sup> of March '64 a soldier came in wanted to sell a revolver - he refused to buy the soldier then offered money for it - says soldier said he had it - who loaned him \$5.00 - that he was over about an hour when an Officer took it - soldier got no liquor in his house that morning - had previously got beer - he has never caught anything of soldier in the neighborhood since.

There being no evidence against the witness recommended

My name is John Peters. I live in St Louis. I was keeping a Saloon when arrested. A soldier came to my house about 9 o'clock on the morning of the 8<sup>th</sup> or 9<sup>th</sup> of March 1864. Statement of  
Nelson Atherton;

The prisoner Nelson Atherton being duly sworn deposes and says I live in Colorado. I was formerly a private of Co. A. 2<sup>nd</sup> Colorado Cavalry. I was discharged Decem. 24. 63 for Disability, at Benton Barracks.

After my discharge John Peters (another discharged soldier) and myself bought out the saloon S. W. cor. Grand Av. and Saulsbury Sts.

On or about Feby 4. 63 a soldier came into the saloon and asked for a Pint of Whisky, saying that it was to make Bitters for a man who had the Ague - I refused him at first but he insisted so strongly that I gave it to him.

My Partner, Peters was there at the same time, that is around the place. I did <sup>not</sup> make a practice of selling Liquor to soldiers. I have frequently shut up my house to keep them out.

Colonel.

James M. Patrick and Dennis Carroll, citizens of Cooper Co. Mo., were sentenced "to be shot to death" by a Military Commission convened at Booneville Mo., June 7<sup>th</sup> 1863, and the sentences are confirmed by the President in General Orders No. 382, from the War Dept., series of 1863.

In the press of business through the fall and winter, these cases were overlooked. It is now desired that these men be found, whether in custody or not, without delay, that the proper orders may be issued for execution of their sentences.

Your endorsement of April 27<sup>th</sup> ult. on my letter of same date, was duly received, but it is thought proper to again call your attention the above facts.

Statement of

Police - in reference to Miss  
Ketty Carey - No 289. N. Cutawlt.

Ever since the commencement  
of the War - Miss Ketty Carey has been  
a Public Rebel - from April 1861. to  
the time the Govt took possession of  
Baltimore she behaved in a most  
unbecoming manner - Standing  
on the steps of her fathers house  
she would taunt our troops as  
they passed - by displaying a rebel  
flag about 4 feet long which  
she held in her hands, at the  
same time dressed - thus - a  
skirt with white ground. & 2 broad  
red stripes - waist - blue with  
7 stars on the breast - thus she  
appeared on the steps of her fathers  
house and on the streets -

After Miss Ketty Carey went out  
I searched Mr Careys house -  
by order of Genl. Dix then in command  
and found a great many letters  
from Miss Carey written in Richmond

2 also some letters from Commodore  
Hollins - these letters were given  
to Geo. C. Dodge. then Post

On one occasion when a Regt.  
was passing she was told by  
one of the Regt. to "take with Libel

she was very often saluted with  
vulgar remarks which La

Statement of H. P. Johnson in regard to obtaining money from Mrs Wilson M Carey and daughter residing on Cutaw St near Biddle St for the purpose of assisting me - as she supposed - to go South -

While a Prisoner of War and confined at Elmira N.Y. I heard of Mrs Wilson M Carey & her daughter as being friends to Rebels. I wrote to Mrs Wilson M Carey for clothing - never heard anything from this little while at Elmira.

After I was released I called on Mrs Wilson M Carey and asked her if she remembered getting a letter from me while I was at Elmira - she said she did & that she had sent clothing to me - which I had never received. I told her that I had escaped from there and wanted some money to go south.

this was on Saturday night. the  
12<sup>th</sup> November 1864. In reply to  
my request for money she said she  
had to be very cautious. I told  
her that I was all right and that  
I could give her the names of all  
the officers in my Regiment.  
(1<sup>st</sup> Md Cav. Regt.) I gave her the names  
as she wished to know them. She  
then told me she had no money  
but that she would call her daughter  
in. She then asked her daughter  
if she had any money. She  
said yes. She (the daughter) then  
gave her mother 15<sup>¢</sup> which Mrs Carey  
handed me.

Mrs Carey then told me that (her  
husband) Mr Carey had gone down  
town. that she was sorry he was  
not at home as he would give  
any thing in the world to see me.  
Mrs Carey & her daughter then shook  
hands with me & the daughter said  
she wished me a safe journey

good bye and left. Mrs Carey's

Dear Dick

I want thee to see Col. Hodges at once  
 say that we are under the impression that the  
 celebrated Miss Betty Carey who lives on  
 Eutaw St. 3 or 4 doors from Biddle (this  
 way) is in town just from Richmond.  
 She is the female that created two or  
 three messes on the Square when the  
 troops passed her house. and if she  
 could be sent South now or made  
 to take the Oath of allegiance it  
 would settle her at once.

### The Rebel Sisters Carey.

The correspondent of the New York World, writing from Richmond, shows up two ladies who made themselves a very unenviable reputation while here, and which seems to have improved with age.

In the spring of 1863, when the changes and threatenings to convulse society in Richmond were at their height, two daring female adventurers, the sisters Constance and Harriet Carey of Baltimore, suddenly descended into the rebel arena, joining its forms in the most reckless style, and trampling all its staid traditions under their pretty feet. These two sisters were the storming petrels of the rebellion. Bold, dashing, and remarkably beautiful, Hotty, the youngest, was also the most conspicuous. Leaving Baltimore, and emerging through our lines as a scout, she took the Rebel capital by a coup de main. The odor of quinine and old laces hung about her petticoats. Her persecutions and escapes made her an interesting martyr. Her own and her sister's genius for notoriety was made manifest at once.

The organization of the "starvation club" was their first achievement. This club met weekly at different houses; saying nothing, but revealing much. Tableaux were the sisters Carey's forte. Tableaux, horrible things before taboed in Richmond, became popular under their magical reign. An assumption of short dresses, an enchanting display of lithe ankles, a revelation of shoulders which Virginia's fairest daughters need not have blushed to show, signaled the triumph of the immodest.

Of course the dence became to pay at last. Richmond, revolting in its propriety, cast the sisters forth. Exiled, they still lived. Their lives became romances. They retained a certain courtly they did not cease to be talked of; but their eyes, their taboos, and their rule were over. Last January Hotty Carey was wedded to General Forrest. Two weeks afterwards he was killed before Petersburg. Constance Carey still abides in Richmond.

Mrs McHenry also said the Passes allowed them to go to Washington - which they did and stopped at the house of General Barnard - the Generals wife being a friend of Mrs Peggams. where she hoped her mother & sister would be able to get the proper papers which would protect them so they would be able to remain in Baltimore unmolested.

Dear ~~Friend~~ (Strike this out as I hate to write with a title and  
would have no privilege to drop it.) I am a letter recently received from  
Home I pleased for the first time - Feb 8<sup>th</sup> - that  
you had answered my lengthy epistle from Green-  
wich Bridge forwarded you by Lewis Padden.  
It is needless to say that it has never to this  
day come to land. Almost as needless is it  
for me to dilate upon my own grief, recreation  
unwounded mind, (to speak of no deeper feelings)  
that its non-arrival caused. I indeed, having re-  
ceived a message from your mother in a letter from  
Franklin, wrote her a note alluding to the circum-  
stances, & stating that at length I had  
discovered your name, the only way I could, from the  
adorable Betty, to the uncorrupt Abe, as I found  
that my assessments were unavailable.

Your mother advises me to send letters to your  
care as your letters (confound such ink) seem to get there  
whole men and singularly unfortunate in reaching  
their destination. They have received but two letters  
from me since August - Sept 17<sup>th</sup> & Oct 29<sup>th</sup>. I have  
been reported killed at the battle of the Allegheny  
& altho' my family do not believe that, according  
to their letter of 13<sup>th</sup> Jan'y, they are nevertheless  
uneasy about me.

I do not feel inclined to trouble you with  
my letters, as I imagine you have much on hand,  
but if you would be so kind to mention me occasionally  
my mother & myself would feel much obliged to you.

Since writing you I have marched some 280 miles  
near Harrisburg, Strasburg, Fadd & Romney,  
and now returned to Winchester, where I daily  
expect orders to march towards Harper's Ferry.  
Danks is now marching upon that point & a  
battle will probably take place within a week.  
So seems the case apparently, but our division  
has so great a distrust of a regular battle being  
fought, owing to having marched 600 miles to fight  
~~the~~ and ~~needed~~ meeting it, that few will be convinced  
of the fact until the booming of guns forces  
~~the~~ fact upon their minds. Our Company  
has, however, been singularly fortunate as we  
have had the only two encounters that have  
taken place - at Crouch's & Fadd. Gen. Loring  
complimented us most highly, the fact is he knew  
all of our boys by name. An acquaintance of yours  
Capt. Henry Matthews is his aid. I imagine, if you are  
when on Valley Mountain last summer, when I was  
Supt. of the Engineer Detachment under Major  
Williams & Capt. Matthews, imagine, I say, Capt.  
H. asking me if I was acquainted with the  
Happy Camp of Baltimore. I should rather say I was.  
You have been a bond of union between us  
ever since.

After this battle I expect to be in Richmond  
on the lookout for a command in the Regular Army.  
Lalor says he will give me the strongest pos-  
sible recommendations & Col. Gilham & Major Shep-  
ard are most kind. I am also sure of Loring.

I recently received a letter from J. Alden Weston  
concerning his assistance & advising me to come on.  
I have no idea of entering the ranks again,  
nor taking any volunteer comm<sup>d</sup> under that  
of Captain, unless in the Hayland Line. I have  
seen so many officers so utterly disqualified  
for their posts that I think something is due  
to myself besides the services due to my country,  
his reason which is the whole foundation of  
my determination. I have mentioned only to you  
saying you to attribute it either to self-respect  
or vanity; but of this I am sure that from the  
ranks of our company I can pick out men who  
are competent to instruct half the officers of the  
United States Army in their own profession.

For personal distinction I have only had  
the one of Sept. 1861 which I wrote you.  
If however, I am unsuccessful I shall probably  
sail for England.

Please write me again, if it is not too great a bur-  
den altho' I have your image too deeply engrained  
upon my heart to need a faint recembrance of  
you. Still I would be most delighted to have a  
photograph of you. I do not ask a carte de visite  
for a particular reason, but I ardently desire a  
rust photograph like that you gave Hallie Grand  
long, long years since.

I have often reproached myself for not stealing it  
as I do not consider the 3<sup>d</sup> Commandment applicable  
to such an emergency.

Yours forever

I am very sleep-t - 2<sup>nd</sup> May 1832  
Dear Aunt - Yours L

I was glad to have your letter  
yesterday - it was pleasant, and  
a useful testimony, to a change in  
the state of your mind. Do you know,  
I feared you had fallen into a  
desperate attack of vapours? Certainly  
you have causes for "dread and anxious  
waiting" - but I always thought your  
character, of that quality, that conquers  
and conquers very difficultly. Truly  
Long, I discover you more completely  
the true woman wife and acknowledge  
you less the Heroine? I hope you don't  
take this as a merely empty sentiment,  
it had a clear meaning and truth -  
The "Honiton" has satisfied me - the  
Honorable little Cornia! shall more  
than satisfy her. most exaggerated  
Admirers the next time - It was a  
fortunate accident for her fame that  
the long and wearisome fight the morning  
had had wearing out her officers & men,  
and as exhausting her coat - rendered  
it prudent for her to draw off. Had  
she been fresh and fully supplied, how  
completely would she have annihilated

the Swedish-garlic Cheese-broth! "Fort  
Darling" has sent her howling back  
with her followers at her heels, how-  
ling and wofully defeated, spite the  
the well concerted official Reports  
of &c. &c. Now, how the tide begins to  
set in the right direction. The efforts of  
intervention take bold and defined shapes.  
"Cotton wants, Cash we need;" Cotton  
in King England begins to think  
so - vide: the many articles appearing  
in English Print. Did you read the  
reprint from the "London Herald" Lord  
Dunlop's organ - in "Yesterday's News  
sheet"? - Tobacco is recommending  
Cotton's Principle; and France  
is about to say she can't do without  
it. Does the world treat with contempt  
and disdain of Louis Napoleon? It  
is not of the stuff to be carelessly  
treated - the potency of his voice will  
raise the blockade - the energy of  
his imperial hand will obliterate the  
sternest and sincerest Black Repub-  
lican objections and indignation -  
as the mighty surges of the ocean  
obliterate the miserable writing on  
the sand! For Europe's sake it must  
come to this sooner or later - but for  
the sake of the South, I have no

Conviction that it is necessary. I believe she can fight her battles for herself - surely against great odds and disadvantages - but win the day, successfully in the end. Oh! the shame that shall cover the history of a people, with the power of strength - ~~numbers~~ <sup>appointments</sup> great numbers - complete numbers and establishment in the code of organized nations - for withering swept with an irresistible hand its enemy before it. If this were -

Friday May 23<sup>rd</sup> = I was obliged to stop right before last - and all day yesterday, today, was unable to finish writing.

The enclosed ring is a monument of Travis life, and Confederate ingenuity - the device being in compliment to one Com. Hollins C.S.A., and his "Raven Turtle" - which W. sent it to be forwarded to you. I have a perfectly plain ring, which like the "Turtle" was cut by the 1<sup>st</sup> Lieut: of the "Jeff Davis"

Pirate's crew - and is made out of a  
button from his Coat. He is an author-  
<sup>admirer</sup> siatic of the Captain? and no  
doubt will be proud to hear that one  
of his button-Ramming, is in your  
possession. He endeavours to pass  
his intemperate, and inactive life, by  
<sup>acquiring</sup> these fanciful Carvings, that serve  
to honour a bare Man - and to  
mutilate his own Coat.

Don't you think things begin to  
look better? I don't know if it  
is my unbounded faith in one side  
or my unbounded contempt for the  
other - that keeps me in a state  
of comparative security of mind.

I had a long and friendly letter  
from M. de Villalba last week -  
He does not doubt the ultimate  
success of our people - it is the  
general belief in Europe - and I

really do believe it is the belief  
here. The strength that appeared  
only when the gun boats could  
 carry it, is now poiled. I don't  
 think it possesses vigor or  
heart, in a fair field - it is an  
aggressive animal, with iron  
 sides, & etc. Mr Lincoln is about  
 to issue a Proclamation, calling  
 for 50,000 more Yankees, to  
 be immolated on the Shrine  
 of Liberty (!) - targets for  
 the semi-barbarians <sup>in</sup> the  
 Service of the Confederacy, and  
 martyrs for a Cause, made  
 glorious, and holy in the Past,  
 and transmitted to the present  
Administration by our Forefathers -  
 not caring for its object and

crusade, "Go down to the Black-  
-more." This is written more  
in sorrow than anger, and is  
sincere. I hope it is not reproach-  
-able - but I think with Greeley  
in his assertion, that it is a  
war against slavery, and every  
Christian ought to be, candidly  
opposed with a dark eye - it  
wouldn't convince the South beyond  
its present convictions - but it would  
be a thing the handsome and frank  
part by the other actions of the  
North.

How do the girls get on? I wish  
they would sometimes write me -  
I send love to you & them.  
Mrs Hemdon is here - or was three  
days ago she did us the kindness to  
call - but we were out - she looks  
commodious & much handsomer  
than ever before. I saw Ellen in  
New York - and found her as sincere  
about our Southernness - she feels her  
situation keenly - but fortunately  
loves her husband, at once the cause

I send you the Harper today through  
if you please, that it is the poets who  
voiced in commendation of Butler's  
venomous rascality. You will see that  
a northern man or woman has quoted  
a poetic (B) key in which to strike  
an anthem of praise <sup>to</sup> this scoundrel.  
"The ballad of the Crested City" is a  
disgrace, emanating even, from that  
people, who use their Periodicals  
to caricature ~~the~~ their dishonors -  
and license their Artists to ridicule  
their humiliations. - Recall the  
artistic efforts during the Mason &  
Slidell - national back down - the

of the "Mansfield" - "the Jeff

he have exquisite weather now.  
These days are very suggestive to  
my mind - Last year how bright &  
unbroken was our little family - how  
changed now! Oh! Aunty what a change!  
It never leaves me - its terms will I  
restly believe. I am raising a  
rose and climatis for "Greenmount"  
I shall come shortly to plant them - a  
feeble effort - Oh! such a feeble effort -  
to express a single thought about  
her. May God give me the means one  
of these days, <sup>to</sup> raise such a memorial  
as my mind & heart dictates.

There is talk of foregoing all the dangers  
at the War here to take the path - My  
promises now difficulties for Pa - but  
with God's help he will see and  
we come them - oh how & when even  
they ~~will~~ <sup>will</sup> ~~themselves~~ - Yellow fever

Saturday Night

Dear Aunt Lou

Before I go  
to sleep I shall write you  
a dozen words or so - partly  
by way of inquiry, & partly  
to advise you that we are  
alive & happy. Sunday is  
such a propitious day for  
us usually, that I long  
for good news tomorrow.  
Are you all well? It has

hear many days since I  
heard from you that I began  
to fear that Maria is sick -  
we hear from Uncle J. of his  
arrival - a sad return home  
is it for him! Every thing so  
changed - all of us full of trouble  
and anxiety - and so oppressed  
by the new sensation of loss  
in business.

It is very warm here - and  
very sickly - almost every  
family on the street has  
left - and the Summer is  
progressing in all manner  
of illness - The Potomac water  
is no longer to be used for  
drinking eating &c &c. This

is the understanding of the Sanitary  
Commission, of whom, I have  
had the start in this decision  
since the battle of Bull's Bluff  
which floated its ghastly  
wrecked down the river as  
far as 'Mount Vernon' - The  
circumstances gave me a  
disgust for fish, crabs, &c. -

Have you heard ~~from~~ from  
your friend lately? I have  
much hope that you will  
see all you wish to see before  
many weeks. Every way I  
turn, things look clear, and  
promising. There is a rumor  
(a serious one / tonight) of Genl.  
McClellens death. Considering  
all things present & coming,

could he do better? Perhaps  
he would cheat defeat — and  
the rabid abolitionists, who  
verily, have, I believe, as often  
as he is concerned — the gift of  
prophecy.

Even England & France  
are touched by Butler's brutal  
and infamous "order" —  
Harper's weekly, & the weakly  
Harpers that play upon the  
mutilated strings of this  
Government — are the only  
adversers of that "order" — even  
the "Tribune" was too decent  
to like it. Nay, Butler himself  
don't like it now. I should not wonder  
if he liked it less, before long, if he  
has the time to think it over.

Mr. Van's tongue is good  
to jabs — Hope to see them longer  
long — God right. —

nine months, died suddenly, being sick  
but one day, of congestion of the brain, two  
months after Laura's sorrowful end. ~~His~~  
~~death was but a few days~~. Mary's husband,  
a young lawyer of nice, is in the Confederate  
Service - as are the two Griffith boys. The  
family is entirely Washington & the  
Southern. Mrs Griffith is completely broken.  
I hear just this moment that Fremont has  
been surrounded and captured. It is believed.

My Dear Aunt - Love from all.  
Dale Godnight.

I can't recall the  
fact of having answered you last. Have  
I done so? News of momentous char-  
acters within the last week, has crowded  
a good deal out of my mind, that I  
don't remember: your letter, I expect,  
among other things. Genl. McClellan's  
palpable defeat, has been stuff  
for much conjecture, and thought; -  
while Genl. Bank's rout, is yet  
new enough, to be full of thinking  
matter. What a blow Jackson struck  
there! He's one of the leaves of action  
it inflames the mind to think on.  
The People can boast many of  
that Caliber - the war has developed  
the genuine quality of hero down

South" - Men, that have <sup>not</sup> one little drop  
of blood in their veins. Wingard is  
the sort to set the blood tingling, with  
a courage that is the synonym  
of his vengeance. He's a gallant  
fellow - and has "done the State some  
service." Men of his quality don't  
grow from northern stock - the blood's  
too cold - and the courage too shaky.  
A forte purus purus defluit aqua  
seca:-

I'm glad the ring was acceptable - it  
struck me, as a suggestive compliment  
to "the Capt.": - Men imprisoned, don't  
often endeavor to trumpet the fame of  
other men, enjoying all the luxury of  
freedom and success. The superlati-  
ve character of the hero in question,  
explains why his name, is a magnet,  
and an incentive to carving, even  
in the monotonous round of life at Fort  
Warren."

Did you see Mrs. Joan Low & Co. in

their way to the South? I hear they had quite an oration at their Hotel. They certainly have not had an oration of it these last two tiresome months on Capitol Hill. What monsters they must have proved themselves, to merit such rigor (regardless of their all protecting sees) at the hands of the Govt. Mrs Green how is undoubtedly an unconquerable Rebel - villain, the scene at the Provost Marshall's office there, some four weeks ago - an Inquisitorial endeavor, to break down a woman's resolution after many months imprisonment - <sup>had failed</sup> - I hear it reported thus -

"Did you not upon several occasions use, such & such, language - horrible in the last degree, to the Comtee, that has always protected you and your family?"  
"I am proud to answer - yes."

"And" asked Genl. Wadsworth, with all the glorious spread-eagle style of eloquence, and patriotism, to

much in vogue - Did you not  
"upon more than one occasion, offer  
"to the glorious star-spangled Banner  
"insults and indignities?"

"I did - and if you will do me  
"the favor to bring me before me, I  
"will spit upon, and trample it  
"in your sight - Sir!" *vc: in the same strain.*

Such an unconditionally last,  
and desperate spirit, was outside  
of the pale of pardon and further  
questioning - Her 3 therefore, intame-  
-able, was returned to the Prison -  
uncontested, and unsatisfying!

I can't say she performed a ladylike  
part - I abhor a display in any  
woman, that lifts her out of a sphere  
of complete refinement of nature,

and Clara, her with the Canailles  
and <sup>the</sup> despicable woman of the North,  
zeleped strong minded, &c; - but I  
acknowledge her resoluteness, and  
sincerity - and in respecting them,  
I only wish she might find some  
less ungracious manner of  
leaving her tyrants.

What Genl. Butler's Proclamation  
Touching the woman of New O:?

I say, let it be placed in letters

of Garrison, on Black Hags, in the  
Southern armies - to be a monitor  
and angel of vengeance - demanding  
ten thousand thousands of ignoble,  
wretches northern lives, to pay tribute,  
and sacrifice upon the outraged altar  
of Southern gentle womanhood! ~~It~~  
~~of~~ the Blackest - incidents of this  
war - the most astounding and unpar-  
-alleled testimony, of the degraded  
and unmanly impulses of the northern  
hand of power, and will go down  
side by side ~~in~~ history, with the  
infamies that made by this same  
man, when his fingers were upon the  
neck of Maryland - that he could  
have "an agent in every household  
" of the state - to enforce obedience  
" in abstractions - and death."

Tell you Aunt Sam - if every man  
and woman of the South felt as I  
do touching these two men to be  
wiped-out - compromised - or forgiven -

insults - This cowardly drunkard  
<sup>would be</sup> better treated after the manner of  
that dog (another dog, I should have  
written) Mr. W. B. C. - was to talk  
about - 'Leaving limb from limb' - is an  
old fashioned fashion of death - but it is the  
least I can think of, in my present  
sleepy and distracted state of mind - as  
worthy, this parody upon manhood -  
this vile and evil dispenser of  
strychnine, and odious slanders  
and insults, against pure women!

How aptly is he pictured by Gratiot  
when speaking to the Jew -

"The curried spirit

"Govern'd by wolf, who hang'd for human daughters

"Even from the gallows did his fell soul fleet,

"And, whilst they lay 'st in thy unhallow'd dam,

"Infused itself in them; for they desire's

"Are wolfish - bloody - starved, and ravenous!"

Mr. Lincoln is again the unhappy  
subject of slanders - To think people

shoes have per with the majesty that  
governs the great Country - whispering  
about among the rabble, that this  
"first lady in the land," hired an  
emerald child of the ~~most~~ elegant  
"picantory" in the world - and for the  
most unprovoking neglect of some  
minor duty, fell upon her three  
days ago, and so severely and completely  
whipped and tore the hair of "Bridget's"  
that she lies now ill under the hands  
of the Physician. Long John has  
told me many amusing stories of  
Mrs L's spirit - in which stories,  
Honest & Old Abe, generally came off  
"second best" - indeed, I think, with  
his wife. Several Sumner & Co, he  
usually does enact the "under dog"  
in the fight. This last Moroccan  
maneuver, shows Mrs L. vigorously  
up, in the part of home keeper - &  
mistress. It is alleged that inhuman  
Heesters at the South punish their

slaves ~~with~~ is proven that the lady  
of the President, assuming the rights  
of an overseer, cherishes her white  
slaves, with rare and complete  
success. It is a worthy text for  
Northern exhortation. I hope Beecher  
& C. will note it.

I forgot in my last to tell you  
how much your kind offer to me  
& I satisfied me. I shall be glad  
to be with you when I come if I  
have tried to get away for several weeks  
but ma will not go with me, and  
wants to leave her - she is getting so  
much better in mind & body that I  
don't wish her to pull in to the old  
state. I wish she would go up - it  
would do her great good - but she seems  
to shrink from the idea of going away  
from home. Mrs. Henry nee Emily  
Parrot, is staying in Georgetown. She called  
a few days since leaving a note for us  
begging us to come and see her. I went this  
morning, and found her much changed.  
Her self & family have had much affliction  
in the last year - you know Dr. Henry  
died separated from her - Laura and  
her husband were burnt to death on a  
Mississippi steamer the day after their  
wedding - and little Henry, a wife of

Well my dearest Papa I  
suppose you think that all  
your prophecies are being  
fulfilled and we shall be  
crushed out soon enough it  
looks mighty equally I must  
confess but still it is not  
done yet and none of us despair  
or for a moment think of  
giving up our contrivance the  
late reverses have done us  
good in stirring us up from  
the stupid torpor into which  
we had sunk. The boys are  
well & is in Richmond filling  
up his company he was not  
with it when they were over-  
bowed by numbers at  
Canterville and some of them

taken prisoners I do not  
think Billy's or Bob's were  
in it. Tom C. is talking of  
going to offer his services  
but I think he is too old and  
vain-glorious to stammer this  
expedient but ~~perhaps~~ he will  
go as he seems bent on it.

The children are all well  
except Polly who has had a  
slight attack of dyspepsia  
but I gave her some of Beekley's  
powders and she is better.  
I own child I fear she is always  
to be a martyr to dyspepsia.

They are all very well at Fitzhill  
and at the Hill except poor  
Aunt Fidelity who has had  
a very bad cold she is in  
great distress I have not seen  
her the roads being so  
bad had been a special  
to venture over them.

I suppose you have heard that  
Percy Randolph was taken

at Round Bay Island he has since  
been pardoned and is at home  
and is like a caged bear he is  
in such a fret that what would

you and one good long talk  
every day the separation seems  
to be more intolerable and  
now we are ~~surrounded~~  
on all sides I am afraid you  
feel so unhappy about us  
but keep up your spirits  
God is great and will give us  
the victory I have no fears it  
only makes me shudder to think  
of the blood and misery that is  
before us. Tell you what we  
shall suffer with hunger for  
we have got any this winter  
the weather has been too mild  
for us to have a course of

June 27<sup>th</sup> 1862. Balt<sup>o</sup>.

I have been much disappointed at not having heard recently from you, as there was a rumour in town yesterday that letters had been received. I feel so anxious, as I know not what news we may hear next. This morning I went to your sister's, and while there a Dr. Crafton a released prisoner came in to see Jane. I went down & inquired of him about the surrender of New Orleans. He said: "they heard just before the surrender that Sears was to have had command of the station," ~~was~~ that so? for if it were, I can't understand how things were there. Do you remember, all that I said about their ordering you to New Orleans - it looks like they had made a compromise of you. The Dr. said also, that the work on the Ships built at M. C. was never hurried at all - but just went on as at other Navy Yards in time of peace I don't understand, how that could have been, unless the Contractors, were bought, w<sup>o</sup> delay. Indeed the whole affair of the surrender is beyond the comprehension, of wiser heads than mine. I suppose it now will be cleared until this dreadful, hated war is over. Oh! how we all rejoiced over Jackson

attack. Fronts of Banks - & J E B - Stewarts of  
fare on the Pamunkey - But my blood boils  
when I hear of Butler's career in New Orleans  
when I sit down to think over all matters, I  
almost despair, see no prospect of an end to  
this hated, wretched war. As long as the South  
has poor men, left to fight, they can go on -  
Their rich men & upper-tendons, will fight &  
as soon as they are called into action, perhaps  
they may stop. I was rejoiced to hear Gen Meagher  
of the Irish Brigade, had been killed. It served him  
right. I wonder why if he wanted fight, he did  
not return to Ireland & fight there for his oppres-  
sed countryman - I think the everlasting Pan  
kee Nation, will soon have quite enough of the  
almighty nigger. In Chester Co. Pa. & Harrisburg  
the Farmers are discharging all their farm-  
hands (white) & taking in their stead, runaway  
Negroes, whom they compel to receive 12 1/2 cents  
a day for their work!! - So I am thinking the  
reaction, is not far off. God grant it may come  
speedily, & bring upon these people the punish-  
ment they deserve. There never was on the  
face of the earth, a people so utterly void  
of every & all sense of honor, as these Gen  
Kers. They live as wolds as 'steals -

I was so glad to hear (by Lewis letter) that the boys were with you & have many, many anxious moments about you all. I wonder, if we all, shall ever meet again. Joe is in New York. He arrived there a few days ago (the 24<sup>th</sup>) - As soon as Jane Margaret goes up to Sudbrook (Sully's) I shall have possession of this house & Joe, can stay with me. Mary & Josie, say, they are coming up for a day, but I hope they will remain longer. It will be pleasant to have them, but it will only make me feel the more bitterly & intensely, the absence of those so dear to me. I feel wretched about Joe. He has lost I fear everything & I am so much afraid of consequences. = but God can keep us all from harm. & I can only put my trust in him for all I hope & pray = I need =

There is no news in Baltimore, the prisoners who were here & went south have all returned. I hope to see Capt Robinson, & hear something about you. They must have felt very badly at having to return to Fort Delaware. - Col Hanson has gone, I intend, calling on Mrs Hanson this afternoon, perhaps she could be able to tell me some news of my own precious darling =

I wonder if you have received any letters from  
me recently. Did you receive, one by Mrs H—  
I sent one by her. I heard she had arrived  
safely. Miss Maffit was with her - I sent you  
your Leghorn hat. did you receive that? The  
box it was in went by "special permit." So of course  
it could not have been lost, I presume. Betty &  
Jennie C— received their trunks, which their  
mother sent them recently, by Flag of Peace.  
Sometimes, I think I must just start off  
I walk to you. I cannot endure this separa-  
tion much longer. If the war is not soon  
over, I must strain every nerve to join you,  
& if I once get to you. I guess, I will never  
voluntarily let you leave me again—  
School has broken up for the summer—  
Maria has not been well. I had to send for  
John Mac— to see her. she is better, just  
one of her old attacks of disordered stomach  
headache &c— Louise is perfectly well - &  
quite fat & stout. She will be quite a large  
woman & is quite pretty. She is a great  
favorite with Wilson. Jane M. & all her  
schoolmates. I hope she may be a  
christian in word & in deed - Robert  
& Jane. are well.

28<sup>th</sup>. A rainy Sunday, I did not go to church, but Jane Margaret did, & when she came back it was to say, with shouting & rejoicing that Mr. Clellan, had been defeated. Oh! that it may be true. My heart filled with gratitude to God, and I felt like throwing myself on my knees to return thanks for it, if it be true. I hope it is, but we have more news on Sunday than any other day. Robert told me. He told me, M & L, hurra'd, & clapped their hands, but thankful as I felt, I was afraid it might not be true. Even if the Federals are defeated before Richmond, will it bring peace? I fear not. As long as the North can get men, & money, so long will they fight. I have lost all expectation of Intervention. I believe, the Foreign Powers, would be delighted to see the entire Country destroyed irrevocably. As to old Palmerston's blarney, all that is to humbug the opposition party & people of England into believing he intends to do something. Well. I suppose peace will eventually ensue, whether we shall care to see it, is altogether another question.

Yesterday afternoon, Mrs C. J. Swent told me Capt  
Robertson had returned from Richmond on Friday  
Genl Wool advised him to confine himself to  
the Hotel (Barnum's) - as a close espionage  
is kept over all the Confederate prisoners -  
by the Union people & reports constantly sent  
on to Washington. I believe Wool is above list-  
ing to take hears. That rumor, is due to Rob-  
ertson's Genls & their staff. I was too sorry to hear  
Robertson, did not see you. It was so strange  
he did not find out you were with the Camp  
until the morning he left, I can't understand  
that he did not tell the girls he had seen  
me. When I described your appearance he  
said he thought he must have seen you one  
day, on the porch. I should so like to hear di-  
rect from you. There is a young man named  
Baldwin in Baltimore, a great deal with  
Sam Steute, who says he was constantly with  
you all last winter, but, he has never been  
to see me. I met him, once, when he knew  
who I was, but, I did not know him. He nev-  
er mentioned your name. It seems so strange  
that people go to see Jane to tell her all a  
bout Sears, & no one comes to tell me of you  
even those who have been with you.

I suppose Hetty & Jennie received the things  
sent by their Mother & their Cousin Geo.  
I presume rec<sup>d</sup> his "hot" soap - & said "How  
are you off for soap in Dixie?" Jane S.  
would have taken some more, tooth brushes  
& tooth powder, to her Uncle, but, she was sent  
back by Dix. Mrs Lyard, was at Capt R  
room yesterday & told me she had seen  
you at "Mrs Huger's" That a very gay gentle  
man came in one evening - & laughed & stee  
ed with Mrs Genl Huger. When he left she  
was told it was you, but, she never mention  
ed that she saw you until I inquired. -  
I was delighted to hear you were in good spi  
rits. I am more than glad to hear you are  
living in the house with Hetty & Jennie -  
It is a fair division Jane S. has your chil  
dren, & she feels so happy that, hers - have  
such a respectable old gentleman for a  
protector, as their Cousin "Geo." She has  
been very kind, & done more for M & L. than  
I liked to receive for although I pay as  
much as I can afford, I do not pay full  
price for their board & tuition. She has  
made no extra charges for French & Maria  
has instruction in Music free of charge to me

she might have made \$20. a quarter, by it.  
I hope she will be rewarded for it. But I have  
not known anything to please her so much  
as the knowledge that you were there to act  
as a protector to the girls in case they needed  
one. I see by the papers that Tallmale is to  
be tried by Court Martial for destroying  
the Mexicans. Capt Robertson, said he  
had the greatest hunt for you. Went to the Spots  
wood House, American, & some other Hotel,  
inquired of sundry persons, but never could  
hear a word until the very day he left, he  
met Mallory, who gave him the information  
& he sent a package to you, just before he  
left. He would like to know, if you rec<sup>d</sup>  
it, I don't understand why there is this dif-  
ficulty about prisoners. All these poor fel-  
lows, are to go back to Fort Delaware to-  
morrow afternoon, & it does seem strange  
that the two governments, can't agree up  
on terms, when both are anxious to exchange.  
It seems very hard to make these men  
suffer & die for a mere form or matter  
of etiquette. The Capt. went off towards  
Mexico in good spirits & hope, but he is  
not so now. They & their friends here feel

they are being sacrificed to a mere matter  
of pride, there are nearly 1200 prisoners at  
Fort Delaware, & I should think it would  
become unhealthy, to be sure the Northern  
prisoners are worse off, for them, in Southern  
prisons, & a Southern climate. If this is true  
about Mr. Clellan, you all, will have more  
prisoners, I hear "in these diggings," that the  
brother of Jefferson R —, who occupies a  
high position is blamed, for it. I fear that  
after all "Men are but men", no matter  
where they are. I am losing hope in some cases  
than one. More than a year has passed since  
we parted, & all, looks dark and dreary. — I  
see no speedy hope of our reunion. It was sug-  
gested to me, to go to Washington, & remain until  
Jackson arrived when I would be <sup>within</sup> the  
Confederate lines, but, that would be a haz-  
ardous adventure, I think "Joe" — will make  
an effort to join you.

I saw them all, ~~my~~ sister A — S — yes  
terday Jane appears to be a up. better than  
I expected but the shock of Jennys death  
was very great to her & the disappointment  
she met with at Old Point frustrating

desire to join her husband was a severe  
trial to her. They all felt it very much. Since  
the estrangement of the McTs - The rest  
of them seemed doubly united. Mary Jane  
is devoted to Mrs H - as well as to Jane &  
is a great comfort to them. William's widow  
has died & left five little girls - on the old  
lady's hands. She has put them in charge of  
a respectable woman & I think they all will  
do their duty by them. They are all illegiti-  
mate but the youngest. It is cross-eyed &  
has a hump on its neck. I suppose is very  
delicate. Mrs C - is so much disappoint-  
ed, at not having yet received the long  
letters ~~sent by them~~ from the girls. I fear  
they are among the missing. I can't explain  
how, as it might implicate a "widow lady".  
who had them in charge. She says it was  
because the correspondence was so volumi-  
nous, she could not put it away, as  
she did others. I was more than disappoint-  
ed at not hearing from you. for I did cer-  
tainly think you were of sufficient  
note for your whereabouts to be known.  
If you had only spoken to Mrs Jegerd

It seemed so strange for Mrs. Hager  
not to have introduced you to her own  
sister. She a resident of the same city  
with me. When she told me you were  
in such good spirits - laughing & talking  
I felt really envious to think she could  
have heard & seen you, who did not  
care a snap. - while I would give my  
right hand to be with you once again.  
But you catch me, letting you slip  
off so easily again. - If we ever meet again  
I guess, you don't get off as easily as you  
have done hitherto. I have ~~arranged~~ on  
my mantel-piece, all in a row, Com<sup>e</sup>  
Hollins, Jefferson Davis, Genl. Beauregard,  
Bragg & Sidney Johnson, Your face is quite  
common, in all the Book-store windows.  
Did you recognise yourself, in company  
with the Grandees, in a photograph I  
sent in a trunk of H - s. It was dropped  
on by me, for your amusement. I was spend  
ing an evening at Lambert G - s. & his  
youngest daughter took that out of  
her album and insisted upon my  
taking it. So I sent it too you - a compli  
ment from a very pretty sweet little girl.

Where are you this Sunday afternoon  
at 6 O'Clock. — I am in my own room  
alone, the rain is falling, & I thinking of  
you & wishing, you could only be with me.  
How much we shall have to say to each  
other when we meet, when we can tell each  
other, all, we have felt & thought & suffered  
during our long & painful separation. You  
will have so much to tell, & I so  
much to tell, & then that little episode at  
Roome, to re-enact "I will all be too happy."  
Do you see or hear much of Sears. I wish you  
could ~~write to me~~ more fully about the boys.  
I was very sorry to hear Wiley C — was  
not doing well. It would grieve Harriet  
so much if she knew it, but, I shall not  
be the one to tell her.

I have not rec<sup>d</sup> the hundred dollars from  
C. n. ~~the~~ ~~treasure~~ he will wait to  
hear you have paid Margaret Carter  
that sum, July 3<sup>d</sup>. Hurrah for the  
news to-day — We are all excite-  
ments to day, as we have reports that  
McClellan's & Reynolds' divisions have been  
captured & that, McClellan has been  
surrounded by Lee. —

Thursday July 9<sup>o</sup> While we were at dinner  
a bundle of letters were left at the house, among  
them your precious one of June 28<sup>th</sup>. Oh my  
dearest, how thankful I am to our kind  
heavenly Father, that he has protected  
~~the~~ the boy, through all the dangers  
& vicissitudes through which you have been  
since we parted last. But your letter has  
been the greatest comfort to me, the love &  
affection you express, are very soothing to my  
heart, & Oh! if this last news, only, brings peace  
how more than happy I shall be. Joe, arrived  
on Tuesday, he is thoroughly "South," very warm  
more so, than I ever saw him on any subject  
in my life. But, I can't understand why you  
should have difficulty, in, obtaining a  
situation for Fred, it is unaccountable  
to me. Indeed a great deal I hear is, Is it  
possible, you have to pay your own travel-  
ing expenses, & all that, I can't comprehend  
I know we all could live there, I don't  
know, but, if we only have peace after  
this, we will give all the glory to "Him"  
who has been our shield & our  
right arm of defence I am afraid, all

things do not work well; This morning  
Genl Gorman & Meade, were brought ap  
wounded. Meade died soon after his  
arrival. I think he is the person, who was  
at our house "Main top" — He who pleased  
Metcalfe on the scientific corps. I could  
but feel sorry for him, altho' an enemy  
Jane Margant, was so glad to know you  
were with her daughters. She seemed to  
think they were so secure with you for  
an escort & protector. I shall try and  
get a permit to go to you. perhaps they  
will grant one, after this last defeat  
is settled, but Fort published a card  
saying "No passes would be granted  
to any but Navy or Army men — Now if Mr  
Clellan is defeated, what will be the  
result. — shall we have peace; or will old  
Lincoln succeed in raising 300,000 more  
men as he has proposed to do. I can only  
exclaim, how long, Lord; how long. Is it not  
enough? This morning I went down street  
& heard the news. I had been to see Jones  
who has laid up, with a lame leg. he  
sprained his knee, dis lame. After I

left his room, at Mrs Graham's - I went  
down street & hurried back to tell him the  
news. he was very much rejoiced - when the  
news, it cheered him exceedingly -  
He is coming here, next Monday to be with  
me. but, I feel worried, I thought your  
"prize money" amounted to at least \$10,000  
Indeed you wrote me so. Is it true what  
Sam & I - said, that the Lawyers, had  
brought you in debt, I can't understand  
such things. If the Southern Govt are  
not just, they can't succeed -

We are all well, but just having heard  
of an opportunity I must stop -

Jane M - Wilson, Syd & Sally are  
well. M & L - are also well. Clara  
has just come in from a visit to  
Nellie "Curns" daughter - Lizzie  
is still going to the Dentist every day,  
saying her teeth straitened, she has  
a tedious time of it -

I have just listened to Netty C.'s letter &  
so you are buying candy - at \$1. a pound  
So I see you are at the old game. This  
morning, I, Clara & L - went down street  
& I thought I could not afford a glass  
of soda water at, 6 to a glass - So was  
the world, but, if all we hear is true  
we shall soon know how long we are  
likely to be separated, U.S. stocks, fell  
6 1/2 per cent. today so that looks as if the  
scale were falling from some people's eyes

Jane M - was so delighted to get the letter from Nettie &  
one from Johnny - very cheerfully written. How did the  
Leghorn hat. fit out this crisis. As hats are scarce  
it must have been quite apropos - I wish I had  
each one I have missed my chance of sending this  
being too late. I was glad when you still went to  
church. War & its horrors ought to humble us. but  
I think it makes us only more violent & wicked.  
I have not heard a word from Jane about the  
\$20. but perhaps she has not rec<sup>d</sup> the letter  
from Sears relating to it. Her letter, announcing  
Johnny's death, came by Flag of Peace - I believe  
did you receive the "carte of the Southern Gent's"  
I sent one to you. that you might see yourself in high  
company. - I wish you could see yourself in any  
company - I received a long letter from Josie & day -  
spelt very uneasy about them. It is so unhealthy in  
Washington. They cannot drink the hydrant water  
at all. It is from the Potomac, & the remains of -  
Ruler Run. Balis Bluff - etc - have rendered the  
water unfit for use. We have not eaten fish nor  
crabs this summer, we don't love Garbanos well  
enough to eat them in another form - I am very  
anxious for Mary & Josie to come up here. I believe  
they will all die, if they stay there. I shall not tell  
Joe you said not to come South. He can do as he  
thinks best. He has come home more cheerful than  
I expected to see him - looking very well excepting  
that he is lame, from a sprained knee. He has  
been so good a brother to me, that what I have he  
shall share to the last cent. He shared with me  
when I had one in the world but him, who would  
have given me a dollar, & I should be worse than un-  
grateful were I to neglect him.  
I saw Leggie & Carrie B. - also Mr Jim, a few days  
ago. Bessie had just returned from school. She  
gone to New Castle. I also saw Hamie Durnin - looks  
ing sweetly. Purviance is here. he has sunk into  
insignificance since the Roanoke affair. - Genl Stone  
man, arrived here lately, almost naked had  
to be fitted out, at Mrs Walleis. before he could  
go to see his wife, Jane M - is going to Sally's  
this week. She is expecting her sister Sally  
B - & - for the week when they will all go  
up. You gave me no answer about the  
money for Sept 1. - Good bye for the present.  
may God keep you & bless you amen  
Mrs L.

Your letter, announcing  
poor Jennings' death - came to hand,  
the day I wrote you touching the  
same melancholy matter. I hope  
Cousin Jane's mind is in a calmer  
frame - the blow must have been  
very complete, for he was her darling  
and to love him so, was writhed  
for her indeed.

The City - today, as usual on a Sunday,  
is full of rumors. The alarming illness  
of Genl. McClellan, and <sup>the</sup> visiting of the  
Churches for hospitals create con-  
cessions that speedily ripen into rumors.  
The fact is undoubtedly, "Grace Church"  
was taken yesterday among others - &  
today, was filled with wounded soldiers

It is whispered among the Secessionists generally, that they were brought up the River this morning.

Com. Watson (Secur.) is here, having just returned from Chili. He called to see us the day after his arrival - and inquired most affectionately for you.

He hopes to see you soon - expressing the desire, that is always in my own heart, that you will "come down soon." He saw Sam Strett when he was in South America - and says he has a "finesse of hair." He speaks very highly of Sam's deportment and Character. He was distressed then of Sam Strett. He always had him in high estimation. He asks me to give his best wishes & love to you. He is one of the unfortunates in this national difficulty - I fear he has slipped on the wrong side of the fence - and will find it out too late. He is the Sam - one of the "back Stopp"

It is whispered among the Secessionists here, that they were brought up the River this morning.

Com. Watson (James) is here having just returned from Chili. He called to see us the day after his arrival - and inquired about affectionately for you.

He hopes to see you soon - expressing the desire, that is always in every one's heart, that you will "come down soon." He saw Sam Strett when he was in South America - and says he has a likeness of him. He speaks very highly of Sam's deportment and Character. He was distressed to hear of dear Strett. He always had him in high estimation. He asks me to give his best wishes & love to you. He is one of the unfortunates in this national difficulty - I fear he has slipped on the wrong side of the fence - and will find it out too late. He is the Sam - one of the "South Strett"

It is a very interesting and important question - I believe it is a question of the highest importance.

When I entered the Service, &c. &c. This  
escape on the path is righteous  
ground on which to prevail -  
When the mind is fixed upon getting  
well enough alone. The Pay has always  
come in regularly - the Service has had  
an unwavering character of sanctified  
and repose - and an occasional  
trip to sea, has all the quality and  
gusto of a yacht excursion of pleasure.  
This is an experience of too placid  
and charming a nature, to yield (for  
some hints, not like "the Captains")  
to the laborious and dangerous game  
of "dying or dying" for a good Cause.  
They'd rather be the ill's they have,  
than fly to others that they know not of -  
Indeed, not so patriotic. I don't  
apply this particularly, understand,  
to Mr W - He's not so culpable  
as some of them - not hearing the beets  
nor the audacity to speak of treason -  
rebellion &c - He knows better - and

builds his reasons upon the Sincer-  
ness of his oath - He looks very well  
indeed - having the air of a habit  
and wearing his hair on retroverts - a la  
Marie Antoinette.

Do you ever hear from Mrs. Geo. C. - ?  
I hope your next naval Station <sup>and Capacity</sup> may  
be an official effort as successful  
and having in its friendly character, as  
complete and sincere a consequence, as  
that which attaches itself to your life  
at Sacketts - the good will to your friends,  
freely given there, was not a grudging  
expression of hyperborean affectionate  
appreciation - they mean it - & will  
never forget it.

Why do you "hate Magdalen"? Because  
she is wretched, and outraged, and  
shamed, and ethereal - and passionate  
- and unadorned - untamable? Don't  
hate her yet awhile - so far, I'm inclined  
to be afraid of her - <sup>she appears</sup> a Comet that has,  
by reason of her nature, to run her course  
in haste, brightness and fire. She  
is very miserable. I dare say Collins  
would be judicious and true enough to  
nature, to make any woman under  
similar circumstances, who should

happened to be the medium between the extreme characters of the  
sisters, banished, - patch  
herself down along after  
the manner of the  
'unfortunate' in the  
bridge of sighs - and  
something equally

unfortunate and  
wicked. The  
story is the only  
good Harper's  
works has upon  
it. I'll give  
it a try, when  
Collins does. Love  
to the girls and you,  
from all.

Dear Mother, announcing  
your daughter's death. As we stand  
the singularly you making the  
same relationship with. When  
Cousin Francis died it is a shame  
for me - the blow must have been  
very complete, for it was the striking  
and to lose him so, was most likely  
in his mind.

My dear Mother, I can see you do not  
is full of sorrow. The remaining letters  
of Grandmother, and saying of the  
children for habits create. My  
-visions that speak of my own with sorrow.  
The first is undoubtedly "Grace Child"

I don't believe a woman's mind  
~~can~~ <sup>concerns</sup> the proprieties,  
and estimate the consequences  
of such a battle - we know  
one thing - men are killed, and  
we are victorious; we remember  
the last, and thank God. News  
comes in hourly - It warps  
the healthy frame of government,  
and sends the official people  
about with a dismal distress.

Of course, we rejoice - Why not?  
Wolves and Hyenas would not  
yell and howl, with a wilder  
and more unmanly cry, when

they present despondents - let

shall read it tomorrow. If you  
read "Fantine", I think you  
will like it -

I was as patriotic as I could

who had it as a wounded prisoner,  
at "Cliff burning". It is the first  
specimen of patriotic paper for  
the people that I have seen -  
a band playing Yankee Doodle,  
and a body of soldiers yelling  
the "Red, White & Blue" - made me  
spoil the paper. The words are  
not worth anything - but they

My dear Son,

I received your letter some days ago, and have thought to answer it every day since, ~~but delayed doing so~~ and now I am glad I did, for I expect I have heard from H and The Boys since you did, Josie and Mollie received several letters from Richmond yesterday, and one of them, says, ~~Holland~~ his sons are here, they had been on ~~an~~ secret expedition, and had brought in 39 prisoners, of course they alluded to the St. Nicholas affair, thinking we had not heard it here, he says. F and G. were acting sentry's at the Department door, while the prisoners were being turned over to the Navy Dept. think of F and G, keeping guard how funny they must feel, I never heard people speak in higher spirits, or more hopefully, very different from the other party here, they have to resort to all kinds of deceit, to keep the news from being known, on Sunday last, the whole was in a commotion, and during the day, four Regiments (4000 men) left in a hurry, but no one could hear why they were sent off so fast, until it came out, that Patterson was afraid of

being surrounded, and they had better send him  
more troops, but the truth would leak out, when  
they had to account for the death of two that were  
brought on to be buried, then they said they had had  
a skirmish, and lost two men and two or three woun-  
ded, but there was no end to the Confederates. They killed  
according to their account, yesterday Mr W. met a  
gentleman from Martinsburg (a Union man) who  
said he saw the Confederates pass his door with ~~forty~~  
forty prisoners, so you see how they suppress every  
thing that goes against them, every body that dare  
rejoice in H. achievement, ask me if I have seen  
a bag of Coffee, I tell them as soon as I get it,  
I will give a Coffee drinking, the load of Ice,  
sold for 8000 \$. I have just finished reading your  
letter of the 8<sup>th</sup> and think you right to go to the county  
though I am sorry to have you further off, Josie  
is visiting to her uncle H. now, as she has an op-  
portunity to send to Richmond, she will tell him you  
are well, Mr W. is also going to drop him a line or  
two, poor fellow, I do so wish he could go there too,  
I notice what you say about the condition of the  
Soldiers in Bal<sup>t</sup> we can match them here, I  
heard the other day, that the Omnibuses were so  
lively, that one is in danger of being run away  
with something else besides the horses, since having  
it, I cannot bring myself to ride in them. I cannot  
understand how people can rent their nicely fur-

nicked houses, to such filthy creatures, some of  
the nicest houses here, are filled with them, I think  
it will cost more to clean them, than they will make on  
the rent. The ~~Confederates~~ <sup>Confederates</sup> that are taken prisoners in Bull's  
are more lucky than those here, for they are at least  
in a clean place at Fort M<sup>o</sup> Henry, but here they are  
put in the common Jail, which has been notorious for  
its filth and discomfort for years. I wrote you word,  
~~that~~ there were five or six encampments to be seen from  
our windows, on the Virginia shore. Mr W. has just  
come in, and says the Federal troops are going to ad-  
vance towards Richmond to day, if the Confederate for-  
ces, can only get in between them and the Potomac,  
many and many a man has crossed it for the last  
time. No body knows, what dissatisfaction there is  
among the Federal troops, the other evening, there  
was the greatest to doo about here among the three  
or four regiments stationed in their immediate neighbour-  
hood, getting ready to go somewhere, it looked right solemn  
just at dusk, but we could not learn where they were  
going, until next day, when it turned out, they were  
sent over to Arlington to quell a meeting among the  
Garribaldi Guard, they arrested some six or seven hun-  
dred, and now have them imprisoned in the basement  
of the Treasury, you may notice a member of Congress  
who is having rather a rough time in Congress just now,  
by the name of Vallandigham, he is a sort of cousin of  
Mr W. he married a sister of McMillan. As I went

to market this morning, I saw a company of Washington  
Volunteers, ready, as I thought, to start on a march, but  
when I asked where they were bound, they told me, they  
were going to the Armory to deliver up their arms, as  
their three months time was out, and they would not  
enlist again, and that will be the case with many more.

Josie and Mollie were invited one day last week, to a kind  
of picnic, there were eight Ladies, and eight gentlemen,  
three or four of the gentlemen belonged to the English Legation  
and a Cap<sup>t</sup>. Johnson the Queens messenger, and it is curious  
to hear how they sympathize with the South. They went  
at 3 o'clock, and returned about ten, had dancing, and  
splendid refreshments, the next day, Mollie met  
with Cap<sup>t</sup>. Johnson, who introduced her to Russell  
the London Correspondent, and she was very much pleased  
with him, but she will tell you all about it, when  
she writes. Mr W. is suffering with pain in his face, he  
has just made some currant shrub, and it made  
us think of Sackets. Miss Betsy Watson sent Mollie a lot of  
currants, enough for a nice mess of jelly. You say Maria is not  
looking well, I dont expect she looks worse than Mollie,  
who is as thin as can be. I would have been too glad, if  
you could have come down for a day, I thought of it several  
times, but hated to ask you, these hard times, I hope when  
you are able to go South, that we will be able to go too.  
Mollie wants to send off some letters, so I will stop,  
all join in love to you and the children

Yours Aff. Mary.

Dear Aunt -

See by this morning's  
"check" that Jimmy Scott died on the 5<sup>th</sup>  
at Petersburg. I cannot say I was  
shocked - but I am sorry and pity  
poor Cousin Jane more than I can  
explain. Was he killed? Is he another  
victim of our Gloriosa or did his  
fatal disease carry him - like dear  
Sterrett out of this life? It is now ten  
months since he died; - today eight  
months since our dear mother died - and on  
the 5<sup>th</sup>, will be 6 months, since I must  
died. Truly our family has suffered - How  
far beyond this shall <sup>death</sup> go with us?  
It must be a cruel grief for Cousin  
Jane - she loved him so dearly. May

a merciful God pity and comfort her.  
Has she that faith in His wisdom and  
unbounded mercy, which is the only  
basis upon which to found consolation?  
Without that faith - where can we find  
refuge from utter despair of mind under  
the almost annihilating blow of death  
of the beloved? "Why art thou cast down  
Oh, my soul? and why are thou disquieted  
within me? Hope thou in God" How  
unutterably beautiful is that appeal and  
reclamation - how satisfying, of our  
belief in God's goodness. I wish she  
may see His mercy in this blow - and  
also, receive His comforting spirit of  
consolation.

Your letter reached me yesterday.  
That just come in from the Provost  
Mar. Office - whence I had gone to  
obtain a "pass" to visit the wounded  
Prisoners at "Cliffburne". I was not  
successful - although others have  
been so. I presume it was because

some other little things I know would be  
acceptable. I heard thro' Dr. Sanison of  
the Baptist Church, that they are in  
need of every thing - most of all the  
kind and encouraging words of friends.  
I have heavy words to give words out  
of a heart, nobody knows, how full of  
friendliness and good will. The words  
unfortunately, can only reach them, filtered  
thro' a stupid, languid Physician - It  
is a process unsatisfactory in the extreme  
sense - therefore, I shall not go out to  
"Cliffburne" under the bond, (upon  
reaching the door of the Hospital) - 2,

reasonable reputation belonging to our  
family. = Three young Confederates

in charge four - two of my cartes de visite

The rumor touching the capture of  
the "Monitor" - suits me. I'll do to  
hang up in the Capitol as a Yankee  
curiosity. Fremont has got his  
quietus. Let us wait in patient ex-  
-pectation of what is sure to come.

may hear the voice of the Confederacy

The ancient lights expire;  
I wave a torch, that floats the lessening gloom,  
With ever lasting fire!

Crown'd with my constellated stars I stand

And from the future, with a victor's hand  
I claim empire for the Free!

My dear Fanny,

You so positively informed me that you never intended writing to me again. That I have taken you at your word. And not given you an opportunity to answer my letter. For three weeks there has been no communication of any kind between us. It seems a wretched long time. And it such an unnatural state of affairs that I can stand it no longer - I wish to your arms! Spiritually I embrace you! Do you not feel my lips upon your cheek! Hugged my darling! I can not live without you! You are my light - my life! But fearing you may think my present state of isolation has kept me

of my season. I will leave the  
Mossie style, and become more  
practical. In two weeks after  
my return I had a visit from  
the old, and rough Dr. Slaughter  
whoed a blue pill, and a  
dose of pine syrup. The pill  
suits me, I throw in the air.  
The pine syrup I never touched. I  
sequently got well somewhat quicker  
than I should otherwise have  
done. Fred. Ken certainly has not  
been very bilious since ~~you~~ I  
got back, but I have not found  
it altogether glowing. During the  
winter to see the other living  
to the cloud I got a glimpse of  
the blue sky far above. Jimmy  
is growing very brack and attracts  
the, and every day becomes clearer  
to me she is the sweetest little  
tatter I ever heard. I spent a

Stay on the same terms with Mrs Madison  
last week. These were very affect-  
ionate requests on your part. You were  
with each other. I was terrified about  
on Tennessee. I was very cheerfully  
amused about it. I imagine  
I had our delight and surprise when  
he arrived - safe and the rest quite  
well. We had a great deal of made of  
myself. He had me to give you  
my amount of sweet messages from  
him - and to the rest. If you had  
any other of them, I wish you would  
be his return. I had him from  
South Carolina. I had thought of ex-  
actly to be at the first time and  
I was the first of course. I was  
chained. He seems to be well  
and on your part. At least  
I should judge by some his letters  
which are full of nonsense. By  
the way what had become of the

Admiral Bunker had the intention  
of attacking the British fleet  
at the mouth of the Chesapeake  
Bay in 1781. He was ordered  
to sail from the Delaware River  
on September 26th. The British  
fleet, under the command of  
Admiral Mifflin, was positioned  
at the mouth of the Chesapeake  
Bay. The British fleet consisted  
of 18 ships of the line and  
12 frigates. The American fleet  
consisted of 17 ships of the line  
and 12 frigates. The British  
fleet was superior to the American  
fleet in terms of firepower and  
maneuverability. The British  
fleet was able to engage the  
American fleet in a series of  
battles. The American fleet was  
defeated in the Battle of the  
Clouds on September 26th. The  
British fleet then sailed into  
the Chesapeake Bay on September  
26th. The British fleet was  
able to land troops on the  
Virginia Peninsula. The British  
army, under the command of  
General Cornwallis, was able to  
move inland and reach Yorktown  
on October 19th. The British  
army was surrounded by the  
American army and the French  
fleet. The British army was  
forced to surrender on October  
26th. The British fleet was  
destroyed on October 26th. The  
British fleet was the last  
fleet to be destroyed in the  
American Revolutionary War.

Dear Mink.

It seems impossible for me to get a chance to write  
to you, but as this is Sunday morning & it has been raining continuously  
all night & growth not over even now - rendering the roads unacceptably  
involved in mud, the depth whereof no man knoweth - I scarcely think any  
sane individual will venture out to transact business - so you'll endeavour  
to accomplish something in the semblance of a letter. It has been a long  
long while since I have written a letter of any length - not since I left this  
lock here I attempted what I call an "epistle". I am ashamed of myself  
heartily for it, for now I am prevented from communication with friends - ~~which~~  
for I have so much to do, that I can't spare the time it w<sup>d</sup> take me to write  
even a decent note - but if I had cultivated the art of writing, as I should  
have done - you would be favored often with light communications from yours  
truly in his sudden moments - for when I feel sad I can always write gaily - but  
now business occupies me so closely that I have few moments to think -

Time will when time hangs heavily on my hands, but time rolls his ceaseless  
course - and has swept that time to an untimely grave. But oh for the good  
old times gone by - when we taught in dear Baltimore - and had so much time  
to our selves in the evenings - How appreciate the time I've fool away there -  
What would I give for an opportunity to visit those lovely angels for which  
Baltimore takes the palm - those angels whose society I shun not when it was  
so easy to enjoy it - How would I now be charmed out of sense if I could but

hear Miss Alice sing those songs - or listen to her charming conversation - I would give  
the world for a flirtation with Miss Belle - and if I could but get a sight of Miss Betsey B.  
well - I don't say what might occur - I should certainly go wild -

Long will those gay times linger in the memory - those hours of comparatively elegant  
leisure - those castle-building days, which "old time" has stored away on Memory's shelves  
to mellow with age.

But oh let me unfold my bursting bosoms grief - tis  
vain to endeavour to conceal it with apparent levity - it hath gnawed my heart through  
for these sickening days of pain, ~~that~~ still corrodes my soul with unabated intensity.

A rumor - may the kind gods grant it but rumor - a rumor bearing semblance  
of truth - hath reached these ears - but let me not broach the subject so rudely -

Oh Memory waft me on thy gilded pinions back to that loved spot illumined by the  
beaming light of those <sup>radiant</sup> eyes - whose long tender glance still thrills my heart -  
in my soul & will <sup>linger there</sup> till time is no more - Once more let me ~~those~~ <sup>revisit</sup> once more those  
fresh <sup>fair</sup> ~~dear~~ <sup>Memories</sup> ~~times~~ with roseate hues - those evening walks with <sup>for company</sup> ~~naught~~ but happy thought  
unchecked in their wild wandering by the frowns of anxiety

It is believed that this Chap  
died soon after writing the  
above. At any Rate he can't  
be found. How are you "gilded  
pinnions" & "roseate hues".

Major Genl. S. Wallace

General.

The Sheriff of this County has just waited upon me with a letter received by him from Col. Bowman the Chief Mustering Officer of Colored troops in Baltimore, which undertakes to peremptorily order the Sheriff to open the County Jail and deliver to the recruiting officer certain ~~slaves~~ negroes therein confined, on penalty of immediate arrest and escort to Baltimore, "under guard of negro troops" in case of refusal.

I enclose a copy of the letter and also a copy of a commitment in one case, and of the Docket Entries &c in another, pending in the Court of this County, relating to the cases of two of the prisoners thus demanded by

Col. Bowman, from which you will perceive that they are held by the Sheriff to answer for Criminal offences one of them under indictment already found. The third prisoner referred to in the letter, and who as I understand from the Sheriff was placed in his custody a few days since by his owner until he could have the opportunity of enlisting him, has been taken out by his owner and is now enlisted in the Service.

I forbear to comment on the tone of Col Bowman's letter, and the menace made against an officer of the State for refusing to disregard his sworn duty, but I make this simple representation to you of the facts of the case in the confident belief that you will take immediate measures to prevent any where within this Military Department so gross an outrage as Col Bowman apparently contemplates.

No. 24 Holliday St. Balt<sup>o</sup>. Md.

Lt. Col. Lawrence  
A. A. G.

Sir: I have the honor to acknowledge the receipt of a letter referred to me by the Commanding General from His Excellency Governor Bradford referring to the matter of Sheriff M. Cullough, and invoking the General's interposition to prevent me from perpetrating what His Excellency characterizes as an "outrage".

The position of Chief M & R. Officer Colored Troops is difficult to fill, disagreeable and distasteful, I occupy it much against my inclinations. The Secretary of War expects me to recruit very able men. I can not. I can't do it without hurting somebody. But in this case I encountered opposition <sup>which</sup> I <sup>was</sup> at least expected. I was told by Citizens of Anne Arundel County, that some slaves, whom fit for Military duty wholly useless to their Masters. They proposed to put them in Jail on some pretext so as to be seen by a recruiting Officer. I sent Capt Reed and Squad there for the purpose stated, but the Jailor was advised; he refused to allow Capt Reed to take one who had been put there by the Owner for the purpose and who had placed an Order in Capt Reed's hands authorizing

time to take time, and it was not until after the O'Connell was  
taken in person that he was able to get the Regis.

One other Regis was put there for a like purpose. Five  
Others were reported as being there for criminal offences, and all  
these desired to Enlist, but the Jailor refused. All appeal  
was taken to Mr. McCullough, the Sheriff who also refused.  
He did not put it on the ground that the men were there  
charged with crime, but on the ground that he should  
not recognize Military Orders.

Besides this it is currently reported  
and believed by Union Men, that the Sheriff is a strong  
rebel sympathizer, and that his Hotel is a favorite resort  
for all such, as a dump for the business of rebel arms.

Whether all this or any of it is  
true or otherwise, it was the information upon which my action  
was based. If the facts stated are true a regret event  
would be no outrage, but on the contrary might have a  
healthy influence.

But His Excellency wholly misapprehended  
me if he supposes I should have done any thing of the kind  
without <sup>full</sup> investigation, and an Order for the purpose from the  
General of Department. I have the highest regards for His  
Excellency and much desire his good opinion, and will at  
all times give due consideration to any suggestions of his

touching this branch of the public Service,

Mr. McCullough has called upon me

EXECUTIVE DEPARTMENT

Annapolis May 26<sup>th</sup> 1864

Col. S. M. Bowman

Chf. Mustering Recruiting Officer

Col<sup>d</sup> Troops, &c

Sir

I have this morning received a letter from G. B. Johnston Esq. of Allegany County writing on behalf of his client Mr. George P. Pier of that County and complaining that after his slave Joseph J. Harris was enlisted as such, he was afterwards returned as a free colored volunteer, entitled to the State Bounty provided for free men, and of which, as <sup>the sum of</sup> ~~the sum of~~ \$190 was afterwards paid by the Commissioners of Allegany County to you under the power of attorney of said Harris. He was enlisted as I am informed about the last of February 1864 as the slave of Mr. Pier by Lieut. Ira B. Quimby who gave to the owner a certificate of enlistment

descriptive list &c. which were filed with the U.S. Board of Claims, sitting in Baltimore, who duly passed upon the claim of Mr. Hicar and allowed it. -

Under such circumstances, it is difficult to understand how this man could be returned as a free Colored Volunteer, but I find his name as such upon the Rolls returned here, in confirmation of Mr. Thornton's statements. - No names three other owners whose Slaves he says were similarly enlisted and who have been returned as free Volunteers. The case certainly serves to illustrate the necessity for the precaution which the County Commissioners have been requested to exercise, and to which I alluded in replying to your communication on that subject some weeks since. - But I call it at this time more particularly to your attention for the purpose of advising you that Joseph J. Harris is not entitled to bounty as a free Colored Volunteer, and to request that you will not pay over to him any part of such bounty which you may have received as his agent or attorney.

In this connection I would take occasion to call your attention also to a declaration which as I am today informed was made within a day or two past by an officer engaged in recruiting Colored Volunteers in this County, and of many to similar effect which have reached me from other parts of the State - The declaration was that these Colored Volunteers now enlisting in this County would not be credited to the County, but to the City of Baltimore, and this in consequence of delay imputed to the County Commissioners in not paying as promptly as it was thought they should, the bounty to persons returned as free Colored Volunteers - I beg leave to inquire whether this recruiting officer spoke by your authority or if you have given any instructions to that effect.

Yours Respectfully  
A. B. Hatfield
