My Dear Sir

A cold man has a Hacket, at the head of black troops, on the 28th inst visited a number of the farmers in Middle River Neck Balto County Md. taking off the laborers, slave and free, and in some instances surrounding the huts of the loyal free negroes at night, and carrying the males away.

This on the Coast of Africa would be called Kidnapping, and I feel sure is done without your knowledge or approbation.

It is now the height of grain and grass harvest and ~~many~~ the laborers so summarily arrested are immediately returned, great losses will be sustained by some loyal men: to say nothing of the cruelty of tearing these men away from families dependant on them for daily support.

At the request of Col Lawrence I give you the above facts, and hope you will at once issue such orders as will not only repair the evil, but prevent it in the future.

Very respectfully & truly yours

There is much personal animos-

very clear, that MacDonald
did propose to Hammond,

I have the honor to report in the case of D. F. Mac Donald referred to me on the 4th inst. for investigation and report, that I have made inquiry of such persons as I could most confide in residing at Olean, and acquainted with Mac Donald and the affiants Mr. & Mrs. Hammond

Mac Donald is said to have been a resident of Nashville at the time Andrew Johnson was appointed Military Governor of Tennessee: to have been instructed to repeat the prayer for the President in his Church service, to have offended his congregation by compliance, and for that cause to have left Nashville and come North. So much in his favor, and no more. He was a while at Dunkirk, has been about a year at Olean has offended all the decent and loyal members of his

Congregation by his Secession sentiments, and they have ceased to attend his Church - He expects to leave at the end of his engagement, about expiring, and he says he has secured a Church in New Jersey - His habits are said to be bad as to temperance, chastity, and loyalty.

His influence is insignificant - He boarded with the Hammonds, quarreled with them - Hammond was imprisoned for obtaining property by false pretences, and thinks Mac Donald instigated his arrest; is probably partly right about it - and is very much incensed against him - I conversed with the Attorney of Hammonds who is very hard on Mac Donald, and is now Dep. Pros. Gen. of the 31st Dist - I think his opinion is entitled to a good deal of consideration - He thinks but little credit can be given to the Hammonds - Thinks Mac Donald sympathizes with the Rebels, but does not believe the story about his commission, or his offer of a commission to Hammond - Hammond had told

this story at Olean, I could not find that it was credited there - I do not see that I can pursue the investigation further, unless by arrest, and search for papers -

Should nothing be elicited by such search it would only give importance to ^a fellow now quite insignificant - and being a clergyman, would give a new subject to the enemies of the Government to ring the charges on "Arbitrary power"

Head Quarters,

June 15th 1864,

I John S Hammond
residing at No. 191 West 7th St
City of New York, ^{a native of England} being duly
sworn says. I was formerly
in Serjeant Co. N. 17th Regt. Mass.
Vol. served ten months in
my regiment, and in consequence
of ill health, resigned and
on the 15th May 1862, was
honourably discharged from
the U. S. Service. Since that
date I have resided in New York
City, and Cattaraugus Co. in
this State. Sometime in the
latter part of February, or early
in March last, G. J. H.
MacDonald, of Pleasanton, Cattaraugus
Co. N. Y. ^{a clergyman of the Episcopal Church,} formerly of Nashville,
^{and who chose to leave in August 1863} made certain
unreasonable overtures to me,
while I was at Pleasanton.
He told me that he would
give me any money, which
I might require for the purpose
of taking me to Nashville,
with the view of entering the
Confederate Army, with the

rank of Captain, which rank
he offered to guarantee to
me, and would provide me
with letters of introduction
to parties in the Confederate
States, and at Nashville,
guaranteeing me such position.
The names of the parties ^{at}
Nashville. I do not remember,
nor do I remember the names
of those in the Confederate
States. He said that he
came to Olean to recruit his
health, that he did not mean
to live at the North, and
that in June or July he
would leave Olean to return
South. He said that his
war, was a mere question
of time, that the North
could not vanquish the South.
I refused to have anything
to do with his proposal.
In November 1863, Dr. J. H.
MacDonald said to me that
he had received a letter from
a lady in Nashville, Tenn.
advising him to come to

Nashville for his trunk
containing his effects, and
which was at Nashville.
The Lt told me that he must
go on to Nashville, as there
were papers in his trunk,
which if found by the
Northern officers would consider
him to one of the Northern
Spies during the war.

Among other papers in the
trunk, he said, was his
Commission in the Confederate
Army. He went to
Nashville, and returned to
Meau with his trunk, and
opened it in my presence.

It contained but little clothing,
quantity of papers, which
I did not read, and a double
barreled shot gun - St. J. H.

General

The following is a report of my investigation of the case spoken of by Mr Amos Hunt of Washington D.C. in reference to some colored people confined in Jail at Upper Marlboro, and referred through Middle Department.

George A. Moody and Wm Jones, were removed from Upper Marlboro Jail to Charles County Jail at Port Tobacco on the 4th inst; these two men, are the two white men, included in Genl Syles order of June 1st 64.

Humphrey Ware - slave of Henry Hawkins of Charles County and Henry Plater slave of S. S. Martin of same county were also removed to Charles County Jail at same time.

The charge against the above parties is attempting to run slaves off from their owners to Washington.

The following are the names and ages of the parties now in the Jail at Upper Marlboro Prince Georges County.
Dyer Shelby age 35 years, Free colored man, lives in Washington, charged with attempting to take some slaves to Washington, belonging to Henry Hawkins of Charles County

Henry Brown age 65 years belongs to Maj: John H. Lee
of Prince George County - charge - Attempting to run away.

Nancy Brent. Age 56 years, belongs to Robert Hunter of
Prince George County. charge - attempting to run away.

Mary Rebecca Cantee age 22 years belongs to Mrs.
Dr. Morgan Harris of Charles Co. charge - Attempting
to run away.

Lettie Cantee Age. 18 years, belongs to Joseph
Stark of Charles County - charge - Attempting to
run away.

Cornelia Mattox age 18 years - ^{and} infant boy
belongs to Dr. John H. Robinson of Charles County - charge -
attempting to run away.

Margery A. Diggs Age 20 yrs. ^{and} boy child 12 months

Attempting to run away.

Kate Ward Age 34 yrs. belongs to Luke Hawkins
she is the wife of R. Humphrey Ware held as a witness
against her husband.

Adeline Priscoe Age 24 yrs. belongs to John
Hunter near Piscataway - charge - Attempting to

Geo Pinkney. Age 35 yrs. Belongs to Dr. Geo S. Eversfield -
charge - Stealing horse of his Master.

The Jail is a two story building built with heavy stone walls about 20 or 24 inches in thickness, with two rooms on each floor, with heavy iron grated doors and windows well secured; and notwithstanding the strength of the place, three men are chained down to the floor evidently showing a disposition to punish them as much as possible.

All of which is respectfully submitted -

EXECUTIVE DEPARTMENT

Annapolis July 7th 1864

Major General Lee. Wallace

Comdg Middle Department

Dear Sir:

I have just received yours of 4th which reached here during my absence. - you call my attention to the absolute terms of the order from the War Department in the case of Moody, Jones & confined in Charles County Jail, as requiring you to take immediate measures for their release - It is hardly necessary for me to assure you that I entirely appreciate your position, and have no idea of ascribing to you, acting as you are under the direction of a superior Authority - any disposition to do more or less than your duty in the premises -

You request me to state more explicitly

whether you have correctly understood me as saying that I have no authority to release these men - I can not say so in unqualified terms - for the Executive has the power in all criminal cases to interfere and grant a Pardon or Nolle Prosequi - The latter as a general rule I have always refused to grant, and cannot remember at present but a single case, and that under peculiar circumstances, where I have interfered before trial in the way of a Nolle Prosequi - believing that whatever circumstances of mitigation or justifying Executive clemency may exist, they can always be more satisfactorily developed by a trial than any other means - Even in cases of Pardon, I never grant one unless I can set out on its face facts or circumstances in justification of the proceeding - You will therefore I think understand why I do not deem it expedient to exercise the Executive Prerogative in this case -

The parties as I learn from the papers, are imprisoned upon a charge of assisting slaves

to escape - an offence which whilst in one view of it, is less important than formerly, has been of late so frequently committed, that to interpose in one case would call for a similar interposition in all or give cause for just complaint - In fact neither these men themselves nor any friends on their account have yet sought at my hands any interference in their behalf - I have nevertheless - to meet as fully as I could what seemed to be your desire, that the Civil Authorities should procure their discharge - made the only suggestion that seemed to me expedient for that purpose, and I would here repeat what I believe I substantially stated in my last letter to you - that on the day I wrote to you, I wrote also to the States Attorney of Charles County advising him of the action of the War Department and of what might probably be its result - I strongly advised him so to act as to avoid all collision between the Civil and Military Authorities, and urged the expediency if it could be lawfully done, of discharging these prisoners.

I requested him therefore to examine the ^{equity of} commitment - if he found the offence ^{was} not distinctly or sufficiently stated, or the warrant ^{not} issued by a Magistrate having proper jurisdiction, to at once discharge the Prisoners; but if every thing was lawfully done, and the parties stood committed by proper authority for an offence distinctly charged, so that he could not lawfully direct their release, then to ~~fix~~ a moderate amount for their bail, and release them as soon as it was given -

I have not yet heard from the States Attorney in reply, but have ~~reason~~ ^{hope} that these prisoners will be soon released by one or other of these means - if however this will not suffice and the War Department claims the right to release them by Military force, I can only say that it will be the exercise of a power which it is useless for the State Authorities to discuss, and worse than useless of course for them to attempt to resist.

The papers you enclosed me and copies of which I have taken, I herewith return, and am Sir, very truly
 & Respectfully Yours &c

of this case, & I respectfully
call attention to his report which

The investigation shows
these Negro men to have been
in the employ of the Government
at and about Washington,
that they obtained passes from
the Provost Marshal at
Washington to proceed to
Rich. Va. 1st Exp. Brig. June 6th 1864

Prince George & Charles Counties
after their families, the papers
were regarded by these ignorant
men as indisputable authority to
go, and they employed Wooddy &
Jones with their hire to go with
them in open day, without any
effort at concealment; for their
wives & children, as well as they
honestly believe with the proper
authority of the Government.

They were arrested as
I understand by every blessing
with their hire to carry out the
insulted laws of Maryland, and
not at the instigation of owners
of these slaves or their agents.

It appears to me that the
whole thing has been done to-
gratify an unmanly spite against
these unfortunate creatures, and give
to the fair officials the little pittance
allowed by law for their arrest,
Carpenter, & Subsistence.

No charges have been prefer-
red against these men & women.
None has any person yet claimed
them as their property. & paid the
jailors fees.

The very fact of the men
being chained to the floor in a
perfectly secure prison is conclu-
sive evidence of the existence of
a cowardly, hostile, toward and
ignorant and subjugated race.
I respectfully recommend the
adoption of measures that will
effect an immediate fair deliv-
ery of these parties in both cases

Hon. Mr. Seward

Dear Sir,

I desire to
ask your aid in behalf
of several Colored men
formerly Slaves of Rebels
in Maryland who
have been for several
months in the employ ment
of the government as
teamsters, laborers, or the
Government wharves, in
unloading hay &c who
are now in Marlboro
jail Prince George Castle
arrested by County Constables
as fugitive Slaves when
they were over in that to
visit their wives and children
one teamsters wife is in

Marlboro jail for attempting to come to Washington to join her husband who drives a Mule team for the Government his name is Pompey Couter his wife's name is Mary Rebecca and his Sister Belle Couter is also in the same jail -

Nemphrey Ware and his wife Kate or "Kitty" are in Marlboro jail - put there recently -

Ware was a slave of Josias Henry Hawkins of Old - a notorious Rebel -

Ware has been for the past 6 months in the Government employment at the Hay where Alex's was ~~sent to jail~~ for his wife was kidnapped at Piscataway and put in Marlboro jail by

Alfred Kirby or some other pretended Rebel! Now is there no relief for these poor sufferers who are truly loyal people and willing to aid in putting down the Rebellion

There are several other similar cases in the same jail - whose names I do not now recall.

Yours truly

Dear Sir

I humbly
appeal to your favorable con-
sideration the following state-
ments in regard to myself
now held as a prisoner by
order of Genl. Butler.

I am at
present a citizen of Norfolk, and
had formerly been engaged
in business there. At the out-
break of the rebellion I imme-
diately joined the 13th Regt
of New York from the city of
Brooklyn, having been born &
raised there. Our Regiment came

to Norfolk, and after my service
expired I returned there to do
business, and this explains to
you why I am a resident
of that City.

On Thursday the
9th of this present month I ac-
cepted an invitation of the Capt
of the Gun Boat Point, who I
was introduced in Norfolk by
another Naval Officer named
Everhart, who also came up
to Bermuda Landing on the
same boat with me and at the
same time on recruiting service, who
I know will testify to the truth-
fulness of what I say. The Boat
arrived here on Sunday last [I
in company with the gentleman
who is confined with me Mrs
Janice Leary who came at the
same time and is furnished
for the same offence went aboard

and without any knowledge or
intention of doing wrong. I
proceeded to the camp of the
3d N.Y. Cavalry, and visited
Col. Lewis of that Regiment who
knows me well. I stayed with
him all night, next morning I
called on Capt. Ryan of the
9th N.Y. Battery - One of his Lieutenants
being a Soldier ^{& schoolmate} with me, and
consequently a particular friend.
I also went to the 139th N.Y.
Vols. Col. Roberts, where I am
well known to nearly every Officer
in the Regiment and will refer
you to Capt. Phillips, Capt. Stafford,
Capt. Haynes, Capt. ^{Smith} Haynes, +
many others, all of whom I
know will personally vouch for
my good character, by atty &c. &c.
After having visited these Officers
I went back to the landing &
go on board the same boat &

came up on, which was to
return that day, and all
this by particular invitation of
the Captain of the boat and
it can be proven by a number
of friends who knew where I
left Norfolk how I was to
come here. When I arrived at
the Dock I was arrested and
brought before General Butler
and upon my stating all
these facts to him, he sent
me under guard to the Post
and said I must go to work
on the Intrenchments & remain
there until further orders.

We have now been
at work five days on the
intrenchments, working steadily all
day in the Sun, without scarcely
numbing at our feet, but
and at night confined in a

filthy guard house with negro
and Rebel Prisoners and it is
so crowded that I have scarcely
room enough to lay down. The
consequences of this treatment, we
are both reduced in health,
and we do earnestly appeal
to your feelings of humanity
to allow us to be relieved from
further hard work at present.
I would refer you Sir to the
Sergeant of the guard over us
whether we have not behaved
well since our confinement, and
done all that was required of
us.

Please Sir be kind enough
to think favorably of this
Appeal, and if according to
Military Law, have our case laid
before the General, & solicit his
interest in our behalf.

We remain Sir your

most obedient Servant

Brown, all residents of this

never been pretended that
they were spies, or that they
had purposely violated any
of the rules of war as civil-

They have now been nearly

one year in confinement,
Recd. A. R. May 25 1864

and if it be in the power of
the government to effect, then
release, without prejudice to its
dignity, it certainly should
be done.

I think that these men
stand almost or wholly
alone as Southern civilians,

being charged with some
offence.

I notice that you have
ordered the arrest of certain
citizens of Deddenksbury.
Could you, consistently with
the policy & honor of the govern-

of our civilians? These men
are all prominent citizens
of our county; all faithful
Union men, and I trust

that you will pardon the suggestion, in view
of the general interest felt for their release,

Statement of Mr. J. A. Overton, of Hickman, Ky.

On the 14th inst a detachment of troops were sent to Hickman under command of Col. After this he returned to Columbus, and on Thursday the 18th inst. he again came down to Hickman, bringing with him a permit of which the following is a true copy:

"Head-Quarters of the District,

Mr. Mooney did not own a bale of Cotton, or a hhd.

I happened in this city a few days since. and found that two of my townsmen were under arrest. to wit James. B. Adkins. and E. P. Armstrong. I acted as Deputy Pro Marshal "under the act of the 3rd of March 1862 for calling out the National forces" in the County of Clay. last summer, which was at that time a very unpopular in my Co.

The above named Adkins was all the time ready to assist me - he has time and again stood guard. when it was thought that "Bush-whackers" were about to attack the town -

He is a druggist by profession and a useful member of society -

He has at all times distinguished the War - so far as I know been loyal - or at least has never been in rebellion against our Government; He was elected Recorder of our City in April - James M. Jones an uncompromising Union man was elected Mayor on the same ticket.

As to Mr Armstrong he has been so accused; that no one would take him to be guilty of any wrong.

He seem harmless - and from my acquaintance
with him no harm can possibly attend
our Cause by his being put on bond
or released.

I would ask that each of them
be put upon their trial - as both are
men of ~~the~~ families and business

From my acquaintance with
the men I ~~think~~ some mistake
has been made in their arrest, which
in the great multiplicity of business
in your department sometimes happens.

I would respectfully ask for them as an act of simple justice. ~~as~~ a speedy and fair trial in some open Court either civil or military. Although Artel was an entire stranger to me. Captain

A man by the name of Jacob^W Wilson now a prisoner at Saint Louis and formerly a resident of Independence is about to be tried before a Military Commission now in session.

As he is probably well known at Independence, I write you to make inquiry about him from citizens - He is arrested for Larceny, but I am of the opinion he is a Guerrilla.

He states he belonged to a band called (Red Legs) and that N. Haller Flauney (3 brothers) & Jeff Davis, belong to said band.

My opinion is that the above named parties were Guerrillas with Quarters, and are now in the

brush - I remember ^{hearings} these names while in command of Independence, but have forgotten particulars about them.

I think the Flaunerys lived near Hickman's mills. Capt John Hall will probably know something of these men.

The following are the names of the Band as stated by the prisoner Isaac M. Wilson

Please ascertain whatever information you can in regard to any of these parties, and advise me at your earliest convenience

Sir

I am just in receipt of letter from Jonathan Frank at Jacksonville. He informs me Genl. Birney had the subject under consideration of making an arrangement to accept and giving him (Frank) some sort of an interest for attending to it.

I think an arrangement could be made which would release you from supporting many refugees aged, decrepit and thereby their labour to a profit to the Government.

Frank is well qualified to attend to the business and is reliable to the last degree. It should not be held that he could be induced by any considerations to swerve one iota from probity and justice. I think an arrangement could be made with him to manage the whole matter and pass you and Genl. Birney from a nomination.

To W. L. M. Pugh

Adjutant Genl.

I have known Ferdinand Brandis nearly two years, first in Washington City, and since he has been here (about nine months.) I became acquainted with him in Washington through Hon. Wm. S. De Zurey and others, loyal citizens. He has been a naturalized citizen of the United States about five years, and has resided in New York and Washington since his immigration to this country. He has always been active in promoting and forwarding all the interests of the Government in putting down the rebellion, and his loyalty and fidelity to the Government of the United States are established beyond doubt.

I have known Emanuel about nine months. He came here recommended to me very highly by prominent loyal men in New York, and I have no doubt at all of his perfect loyalty. He was a member of the 6th N. Y. Militia in service and was honorably discharged. I have no hesitation in vouching

for both the gentlemen named both as to their
loyalty and faithful observance of all orders &
regulations that may be prescribed.

I am informed that Capt Hemsick who

Capt. Meteff, Prov. Marshal,

In regard to the citizenship of Messrs Brandeis & Emanuel, I have to say, that I knew Mr. Brandeis in Washington City in 1862, that he was introduced to me by Mr. De Zeng President of the faculty of Geneva College, N.Y. as a naturalized citizen, a "hard worker" in the recent efforts to overthrow the Buchanan administration, and from several other who were with him and commended him to me, I can truly say (though I have not seen his naturalization papers) that I have no doubt that he is a naturalized citizen, and as to his loyalty, firm true and unconditional I would answer with my life.

As to Emanuel, I have been informed that he is a naturalized citizen and so believe, that I have known him since about January or February last, and knowing his former relations and appointments I have no doubt that he is truly loyal. He was in the service of some kind and as I understood honorably discharged, I do not recollect the precise nature of the service. I have full confidence in his entire truthfulness and loyalty to the United States, and as a man of integrity and honor.

I have the honor to inform you that I dressed Private G. J. Lambert, 56th Regiment N. Y. V. in Civilian Clothing and placed him in a position Commanding the entrance of the Cellar containing the "Lager Beer" of Mr. Grandies, soon after the onset of malitia which closed at 4 o'clock P.M. a party of men visited Mr. Grandies Store and was seen to go into the Cellar - This was also a large party of men at his place of business in the evening and from appearance they were more or less intoxicated.

I visited his place of business this morning in Company with Charles Jennings of my office for the purpose of Examining his Lager Beer and taking some to the Post Surgeon for him to test the quality. I asked Mr. Grandies to go to his Cellar that I wished to test his Lager Beer he said he would have to top a Barrel he wished me to sit down he would top a Barrel a being

some up. but I proceeded to the Cellar against his
wishes, and there found ~~and then found~~ a Panel
tapped and sitting in an arch also a Fumbler
sitting on a shelf. by it a beaten path from the
Cellar Door to the arch. was plainly visible. -

In my opinion he has attempted to see in violation
of an order from Lt Col Hall. For Marshal Genl of
to close his Lager Beer business

Dear Sir,

I am sorry to inform you that the Rebels in our County are now more active than ever, I expressed my fears of such being the case when I had the last interview with you.

About fourteen days since a band of them robbed Lewis Detmores Store of goods, took all his money & his horse, & they actually had a rope round his neck to hang him, & by some means he escaped into the bush.

Last Sunday evening they robbed Capt. Christian Lehrs Store of nearly one thousand Dollars worth of goods, also stole a horse from Mr. D. M. Morse, these men live at the Tunnel and within a very short distance of the Railroad Station, Morse is the Station Master, they threaten our town next, we are doing duty all night keeping guard to protect our property.

I was in hopes I should have heard from you before this, all the books are removed from the Railroad since I was in the City, & leaving no Provost Marshal for the County or any one

That has any authority to do anything
we are entirely at the Mercy of these
wretches.

I hope you will excuse my intruding
upon your valuable time but this is to us
a very serious affair, awaiting your reply

allow me to subscribe myself

I have the honor to forward the following named prisoners to be disposed of as in your judgement it may seem judicious

Alex. Benton was wounded and taken prisoner about the 8th February last near "Camp Finnegan" while in arms against the U.S. He was held here as a prisoner of war but took the "oath of allegiance" supposing as he states that by so doing he could leave our lines at will. His general deportment since taking the oath does not indicate that it was taken in good faith

In the case of Church and Henderson I have the honor to state that they were arrested by order of Col Jas Shan then Condy this

Post for holding communication with the Rebels
No. This has not been clearly proven, although circumstances
thoroughly indicate such to be the case. They are at
least considered dangerous characters and
ought not to be trusted.

possible reason for
sending these men
here - Mr. Clinch is
son of Genl. Clinch &
bro. in law of Genl. Anderson.
He was a prisoner here
for many months &
was released 1 yr. ago.
He is completely broken
down in constitution.
When released he took an
oath of neutrality, which
I believe he has kept.
He is an acknowledged
victim of the "State Capt.

never taken, or been

able to take an active
part in the war. He
has been living at Green
Cove Spgs. 30 m. above
Jacksonville, ever since
his release and I re-
spectfully recommend that
he be permitted to return
there, or that he be
sent over the lines -
to keep them would
only be an expense to
the govt. & no possible good.

Henderson is an
old man 60 yrs. old.
He bears a good char-
acter & I see no reason
for retaining him - I
respectfully recommend the
same in his case -

Penton seems to
be an honest & smart
Floridian - I don't believe
in the charge against him.
He is willing & desirous to
join the Fla. Cavalry

50 others who would join.

of Lt Thompson of Co. I. from Fayette

drel in north Mo & Dr Smith informs
me that Major Leonard entertains
about the same opinion. Lt Col.
Bassett. Mo. Mas. can give a
short history of him, having made
his acquaintance some time
ago while Mr. Mas. at St Joe —

I am told that he once belonged to
Quantrell's Band - if so, which
I could trust most of the Par. Par.
I could not enroll in ~~the~~ ~~the~~

while I might trust a regular
rebel from the regular army
as a private; as Chief of Scouts
I would not do it, much less
could I trust ^{any} of Quantrell's
band. As Chief of Scouts he
can as a Rebel, rob Union
men & as a Rebel murder
death contribute to him to
support their cause. I am
told by Lt Thompson that he rob'd,
went to a Union man below
& took his horse & made him give
him 50 dollars to get his horse
back. I have written to Major
Bernard, to find out particulars.

I know a man that lived near
Hagette by the name of Bledsoe who
I learn is in the secret service of the
Federal Govt. He served some time
in the Rebel Army. I have known
this man Bledsoe for fifteen years
& have carefully known him to tell
the truth in that case. He was the

Most notorious liar in Jackson
County when the war commenced.

All of his relatives & all of his
wife's are rebels & secessionists of
the worst kind & if Bledsoe is sincere
in anything, I believe it is
in being at heart a vile traitor
to his government. It is est-
ablishing to me that such men
as H. G. & Bledsoe are trusted and
confided in by the government &
if I were in command of the
Dist I would not have such
men even live in it. I
have no faith - not a particle in
such characters & such men
seek such positions to cover
their villainy. What care they
for the government? What are they
in peace? Now they are
big men. Make peace today
& what would they be. They have
an interest in strife - in trouble
they prosper & flourish. This journal

fallen upon Jackson & other Counties from

Hon.

Secretary of War.

Sir,

I have the honor to report upon Joseph Hall, Thomas Manuel, W. W. Jones and Warner Kirt, now in Old Capitol Prison.

Hall is a married man — wife and six children — carpenter by trade, and poor. He resides at the "Wilderness", Spottsylvania Co., Va., and General Warren made Hall's house his Head Quarters for four days.

The other three prisoners are old men and reside near Hall. When General Warren left the "Wilderness", he took these four men along, to prevent the rebels obtaining from them any information as to the number and movements of our army as a precautionary act, and not for any wrong-doing.

They were taken to Belle Plaine and sent here by the Provost Marshal.

They say they will take the oath of allegiance, if required; but in view of their personal safety, if permitted to return home,

they prefer not to take it.

They ask to be discharged on oath not to aid or assist, in any wise, the rebels; and if the exigency of the occasion of their arrest be past, then I can see no reason for longer detaining them.

Respectfully submitted.

Lieutenant:

Enclosed herewith
I send list of the names of persons in
the employment of the Government in my
command so far as I have been able to
ascertain. Three of those named in the
list furnished by Capt Hearsey Post Quartermaster
here, viz, Richard L. Lockran, James R. Ennis and
H. E. Merritt, have been discharged since the list
was furnished - Ennis & Merritt by my order
for disloyalty Lockran quit of his own accord
fearing a discharge. I think Mr. Dennis, a
Gov't Contractor, may have some persons
employed in my command, but I have
not been able to get their names. Nearly or
quite all of those named in the list but herewith now
employed are ^{unquestionably} loyal. If I learn that any are dis-
loyal I will have them discharged forthwith.

Very respectfully,

Appeal against the restrictions
placed upon them in not
allowing them to bring their
produce to the Norfolk Market.

2

Recd. 2d. 2. sub. of E. Va. June 10/64

To. Brig. Gen. Geo. Shepley Commander of the District
of Eastern Virginia.

The undersigned does to say that
the late restrictions in refusing us the privilege of Norfolk
Markets for supplies and sale of our produce is indeed our
our and grievous to be borne. We who are truly a loyal
people with few exceptions - all having taken the oath of allegiance
and a large majority always in favor of the National Union - we
who have paid our taxes for the last two years for the support of the
Federal Government with cheerfulness - we who have given no aid or
comfort to the enemy, we - among whom Guerrillas or rebel soldiers
dare not come - feel that we ought not to be slighted or suspicious
or punished without good cause - Surrounded by water on
three sides - without market except Norfolk - with no Mills for
grinding and Federal Blockades between us and Suffolk - would you
open Norfolk to us we are truly in a sad condition - and we
fear that some interested enemy has sown evil reports to our
prejudice. True we hear an Oyster sloop has been burned and
perhaps robbed on the south shore of the Western Branch and
its crew murdered or spirited away. But the most diligent
enquiry leads us to believe no strangers either soldiers or Guerrillas
have been on this side of the Western Branch to perpetrate the crime

and among our own citizens we trust ~~to~~ ^{to} believe none
so stupid or low as to be guilty of this crime - and ~~if~~ ^{if} possible we
would be as active to ferret out and report them as yourself
Feeling thus - allow us to suggest the greater probability ^{in the absence of all testimony} ~~of~~ the Villains
who did that act came from another neighbourhood - 1st the slip
lay near the ^{main} ~~the~~ home of the W. Branch - only 3 miles by land to Portsmouth
and convenient to Norfolk ^{as Portsmouth} for a night raid by land - When the owner
was seen publicly and by many to give the Capt Money - As it may
be the Villains were on a part of the crowd who were heard till a late
hour in the night boisterously dancing and carousing - or perhaps
all may have been suggested in the firm and went down in the morning
slip - Any of these suggestions seem more probable to us than
that any ^{from} of our peaceful and quiet neighbourhood should have been a
hand in in this matter - And we petition - may more - we implore
before you determine to cut us off from our rightful privileges to
Norfolk Market - and thus heap distress on a large number of
true and loyal citizens - that you will examine well the
ground of such procedure - We admit your right with or without
cause to reject us - But we believe and ever shall that your feeling
of harmony will ever prompt you to respect the wants of the district
when such inconsistent with the spirit of justice

Dear Sir, —

I have just this moment to my great regret heard of the arrest of James Owen — He has been for many ^{years} a tenant of mine, & I do not believe a more truthful, honest or loyal man lives. And I am confident he has been arrested & placed in confinement by the gross misrepresentation of some unprincipled fellow — I know not & can not learn the charges against him, but such is my intimate acquaintance with this poor, ignorant & timid man that I have no hesitation in pronouncing them false —

He has a wife & seven poverty stricken children — And such is my confidence in the entire innocence of the man, that I am willing to be considered responsible for his appearance at any moment you may designate & under any penalty you may affix for his non-appearance at that trial —

I entertain no doubt when the case is examined you will find the charges groundless —

S. H. G. Middle Dept. June 11/64

Head-Quarters, Middle Department, 8th Army Corps,

Baltimore, Md. June 11th. 1864,

General;

In reviewing the report of Mr J B Bond, US Consul at Paris, a copy of which was furnished this Ad Gen, by the Hon Secretary of State, I have the honor to report as follows;

The Prov Marshal therein referred to, Maj A G Constable, was dismissed from the service on account of complicity with the man Blandy, in robbing the Jew referred to, of certain sums of money in gold found upon his person when he was arrested.

After Genl Schuck, then Commanding the Dept, had investigated the case and had ordered the release of the Jew, Maj Constable Prov Marshal continued his confinement in the City Jail, using the man Blandy as his agent. No one was admitted to an interview with the Jew, but the said Blandy, who induced the Jew, in consideration of receiving his liberty, to transfer to Maj Constable through him (Blandy)

(over)

certain sums, in gold, and Drafts on England.

The Jew was then released from confinement, and allowed to go to New York, where, upon his arrival, he related the circumstances of his confinement and robbery to Mr Doaper, then Poor Marshal General for the State of New York, who immediately despatched an Agent to this city to confer with Genl Schenck.

These circumstances were brought to the attention of the Secretary of War by Genl Schenck, who ordered the arrest of Constable and Blandy, Constable was arrested, but Blandy escaped and ineffectual search was made for him.

Upon a review of the case, the Secretary of War ordered the dismissal of Maj Constable.

All the papers in this case are in the War Dept.

Pará, 23^d March, 1864.

My dear General: * * * *

We have but one professionist in Pará and to him I wish particularly to call your attention.

His name is Blandy, a dentist of Baltimore. He arrived nearly a year ago without a passport and declared himself an exile on account of his political principles. Very soon afterwards I received private but perfectly reliable information that his alleged cause of exile was not the true one, but that he had run away from Baltimore to escape a criminal charge of having conspired with and bribed a U. States official to swindle an unfortunate Jew who was imprisoned in Baltimore for having traded with the South. I have not the particulars but the summary is that the Jew being ignorant of the fact that his

To General James Nelson ~~West~~
A. J. Bennett. Rio de Janeiro

pardon had been already obtained,
was persuaded by Blandy who knew
the fact that he would never get out
unless by the use of a sum of money
to be furnished him (Blandy)

The money was furnished, the
Jew was released, and then only dis-
covered that he had paid for a freedom
which had been issued gratis. A
Jew parting with \$2,000 - \$3,000
under such circumstances is not likely
to be quiescent and the grand result
is the loss of Mr. Blandy to the U.
States - by which that country lost
a good dentist and Pará has gained
a bad man.

These with perhaps some varia-
tions are the main features of the
case.

For a long time I kept the secret
which I only knew here, because I
did not want to interfere with the
fellow's getting his living as a den-
tist. A blatant secessionist his con-
versation was disagreeable, but I will

not make a personal quarrel with
a man for the mere expression of
opinion. I soon found that he was
a shallow, but a cunning pretender
to various branches of knowledge,
arrogant and impertinent - so
I cut him altogether from the
limited acquaintance which I
had at first permitted. He became
very intimate with the English Consul
a weak young man, with an exag-
gerated self-esteem, and one of those
unfortunate men who ever mistake
opposition for hostility, and who by
his own arrogance has quarrelled
with every English resident, not one
of whom visits his house. I had
been on intimate terms with him,
but suspended my visits in conse-
quence of Blandy's intimacy - and
I saw that the latter was cultiva-
ting an influence with the view of
profiting by it. The Consul had made
known his intention to ask for leave
of absence, and asked me if I would

accept the acting consulate, which I declined. He then asked how Blandy would do, and I told him none but an Englishman or a consul of some other nation should be placed in the position. That Blandy was particularly exceptionable first on the ground declared by himself, that he was in avowed hostility to the government of his country, next because I knew that the motive of his having left the U. States was not political but grounded on considerations much more detrimental to his character. I pointed out to him that he knew nothing of the man and he left saying that the suggestions made by me were sufficient to set Mr. Blandy aside and that he should place his consulate in the hands of the Peruvian Consul.

To my surprise shortly after, Mr. Blandy was found signing my ship's papers as assistant.

I called on the Consul, asked

him if the signature was made by his authority, and as he intimated the probability that Mr. Blandy would be left in charge of his Consulate I pointed out to him how unpleasant such an appointment would be to his own countrymen, and alarming to Americans whose property was largely covered by the flag of a country whose Consulate was about to be placed in hands avowedly hostile to American Commerce.

The young man chose to take offence at remarks which were however so temperately urged as not to permit unpleasant rejoinder and after referring again to the unavowed causes of Blandy's presence in Pará, I left him.

A few days ago, the Consul being about to leave on this steamer, applied to the President for an Exequatur for Blandy. The President demurred on grounds of Blandy's avowed nationality and politics, as well as on the

ground that information had reached
him, derogatory to Mr. Blandy's
character in the U. States. To the
surprise of the President the Consul
offered proofs of Blandy's respectability,
signed among others by the
Provost Marshal in Baltimore!

Now as the P. M. was charged
with Blandy's arrest the conviction
forces itself upon me, either
that the certificates are forged or
that the P. Marshal sympathizes
with Blandy in his political prin-
ciples. In either case the subject
requires investigation. I am en-
deavoring through the President to
obtain a sight or copy of the certifi-
cates, which the latter however did
not retain.

The upshot of the whole matter
is, that the British Consul in
Para, is in the hands of an Ameri-
can (whose alleged English birth
the British Consul refused to ac-
knowledge) who declares himself

to be an exile for political principles,
but who has in fact escaped from
a criminal charge and that
all the Commerce of Americans
covered by the British flag passes
under the cognizance of a Consul
who may for aught we know be
an agent of Jef. I dont believe
any trouble will arise from this cause,
but it is unpleasant for loyal
Americans to see one of the enemies
of our country thus taken up and
favored by a British official.

Proofs I cannot give you - they
consist of private correspondence,
or I should have placed them in
the hands of the President.
Blandy's case was well known
in Baltimore and our Govt can,
if they choose send them to you,
if you want them.

I have no doubt the President
of this Province will write to the
Imperial Govt on the subject.

If I obtain copies of the certif-

icates referred to, I will send them
to you.

I find I have made a long
story of a simple matter, but I
have not time to revise or to condense.

Kind regards to Mrs. Webb and
love to the boys. There is the urgent
business of the school to be attended to
this week.

Very truly,

My dear General,

Yours,
J. P. Bond.

Horse stolen out, belonging to my Brother-in-law
Mr J. R. Larnsworth, who is now absent in
New York. The Horse was stolen by a

he had on Cavalry Uniform, and Large

was awoken by the noise, and ran out
to the stable just as the Thief put spurs
to the Horse and galloped off. The Moon
was shining bright at the time. I do not
know what camp the Soldier belonged to,
but he went in the direction of the 3rd Iowa
Cavalry Camp, which is on the Rail Road.

was purchased a few weeks since to

of one he turned over to Capt Coffin

I hope to examine Mrs Howard on Monday next and desire to know when I can have the necessary witnesses here. In your communication of the 10th May ult. you refer to a lady in New York who told a friend that the prisoner desired her to send articles to be transmitted to the Rebels: Will it be possible to procure her at:

tendency as a witness to know
what she may know. Such proof
however slight changes her crime
from the slightest to one of the most
dangerous nature

In your communication of the
23rd ult. you express an opinion
that letters might be found in the
Rebel Mail just captured implicating
her. I do not find the result of that
investigation.

In a statement she makes me
she wholly denies having left St

There is no evidence in this case of the delivery of the goods, nor any claim that they were not delivered.

The only points at issue seems to be, that of the price charged - The agreement as to price seems to relate only to the particular shipment in which Mr Gustaf was concerned, and the evidence concerning any agreement is entirely hearsay evidence

I do not know Mr Walker, and therefore if his testimony is admissible, I do not know what weight it is entitled to in forming an equitable judgment of the case - Mr Walker's testimony in the case, is very unreliable, and his own testimony under oath I could receive with a large margin, except supported by other testimony. If all the goods delivered to Wilson by Russell were from the particular shipment named, ~~of~~ considering the deficiency of evidence, the weight of which is certainly in favor of the defence, I shall not change the judgment already given. I have the honor herewith to submit to you the original papers and the affidavits & books of account in the case of Russel ag^t Wilson.

The Complaint & demand for pay was made sometime in February last to yourself and referred to my predecessor St Col Henderson. Nothing however was done by him and the case was revived several weeks ago by me on the application of Russel & referred to the Provost Marshal at St Augustine for trial. The case however involved so many delicate & difficult points that Cap^t French requested my assistance and on June 22nd while temporarily at St Augustine the case was brought before me for trial.

My written decision in the case accompanies this communication.

The extraordinary discrepancy between the actual amount which is evidently due and the amount demanded by Mr Russel gave rise to a very serious suspicion

of fraud either committed or attempted and the more the case progressed the more evident was the fraud. I would especially call your attention to the book purporting to be the daily account book kept by Mr. Russel in which he swears items were entered from time to time as goods were sold - and which bears very evident marks of having been written all at one time & by one hand with a view to make sure of the demand by exhibiting a largely increased account.

Mr. Russel has refused to abide by my decision and makes his appeal to you. I think that in the examination of the case you will be satisfied as I have been of the attempt to extort money. I have in this matter seen no evidence of dishonesty on the part of Mr. Wilson but on the contrary have marked an evident desire to do all that could justly be required of him. If I had any prejudices before I undertook the case they were in favor of Mr. Russel. The whole progress of the case from beginning to end was a series of proofs to my mind that Mr. Russel was the injuring & not the injured party.

I have been thus elaborate in my statement of this case from the fact that I see in it matters involved which are of great importance & the decision of which will constitute a precedent for similar difficulties in the

future. The great license given to settlers, the enormous percentage which they charge & receive, the systematic frauds perpetrated by them upon each other and the troops, the carelessness with which their contracts are made, leaving purposely the door open for any iniquity which may present itself - all would seem to require a more stringent rule upon this class of men everywhere throughout the army. And the sooner a dishonest settler or trader is made an example of, by summary confiscation of goods and ejection from the Department, the sooner will those who are left behind learn that honesty is the best policy.

I beg your will pardon me for having so long occupied your time.

City of St. Augustine.
County of St. Johns. ss:

Samuel Russel Jr.
being duly sworn deposes and says:
that he is well acquainted with one
Henry P. Wilson, Sutter of the 17th
Connecticut-Volunteers, now doing
provost duty at the said city, that
between the 22^d day of September
1863, and the 28th day of Novem-
ber of the same year, deponent
at the request of said Wilson, sold
and delivered to, and the said Wilson
did purchase of deponent, goods,
wares and merchandise amount-
ing in the aggregate to six thousand
two hundred and ninety dollars and
eight cents, and that the sales
thereof took place at Stone Bluff
South Carolina. That at and dur-
ing the time and times deponent
sold the said goods as aforesaid, the
said Wilson told and stated to de-
ponent repeatedly, that the said
Regiment, the 17th Connecticut Vol-
unteers, owed him (Wilson) the sum
of six thousand dollars (meaning
that various members of said Regi-
ment owed him for goods supplied by
him to them, in the sum of six thou-
sand dollars.) That he could and

would pay deponent for the merchandise so purchased "right along as fast as he sold and received the money therefor and did then and has since that time, assured deponent repeatedly that he would pay the deponent for the same and that he need have no fears about the matter. That from time to time and up to the 21st day of February 1864, the said Wilson has paid deponent in account of said goods, the sum of four thousand one hundred and twenty four dollars and eighty-two cents, including some merchandise returned to deponent by said Wilson amounting to one hundred and twenty four dollars and eighty-two cents, and that there is now and still due and owing deponent thereupon, the sum of two thousand one hundred and sixty-five dollars and twenty-six cents and interest thereon, besides interest on ^{balances of} former payments on account of said sales, reference being more particularly made to statements and papers in this matter heretofore filed with Captain Fessale Provost-Marshal of the said city of St. Augustine.

The deponent further says: that within the past four months the said Wilson has promised deponent repeatedly that he would settle with and pay deponent the balance due him on account of such sale as aforesaid, "right away". That he ^(Wilson) would pay deponent such balance, upon the day ^{the} said Regiment was paid off, and did then and there assure and tell deponent that the aforesaid Regiment owed him ^(Wilson) more than enough money to pay and satisfy deponent's debt against him, said Wilson. That deponent has been informed by reliable and veracious persons, members of the said Regiment, and also by the clerk of said Wilson, that he ^(Wilson) very lucrively and at the time the aforesaid Regiment was last paid off, ^{received} a large amount of money from the members of said Regiment in satisfaction of the whole or a part of his demands against them as aforesaid. Yet the said Wilson has not paid ^{deponent} in the whole or in part of said balance, and now owes the deponent therefor, and the same is now due.

Dependent further says: that he has been informed by reliable persons and verily believes that the said Wilson has money and is abundantly able to pay dependent the said balance, if he felt disposed so to do; but that said Wilson has no property ^{North} that can be reached by an execution at law; That dependent has called ~~late~~ on Wilson several times, ^{late} and since the reception by him of the moneys from the members of said Regiment as aforesaid, for the purpose of effecting a settlement with said Wilson and receiving the said balance. Yet dependent has been unable to obtain a discharge or any part of the money due him as aforesaid.

That the aforesaid Regiment of which said Wilson is Lieutenant, is liable to be ordered away at any time, and that dependent had been informed by officers of the said Regiment, that it is not improbable that such Regiment will be ordered away from this Post very soon; whereupon, and in consideration of the promises and all the facts and circumstances therein, dependent verily believes that he is in great danger

of losing his said debt - if payment
is not immediately enforced.

Wherefore the deponent respectfully
fully asks the interposition of
the military authorities to com-
pel an immediate payment
by the said Wilson of the debt due
deponent as aforesaid.

Subscribed and sworn

8th. day of June 1864.

Claim for money due
for goods sold & delivered

Decision of the
Provost Marshal
Dist. Florida

Subscribed G. (G. L.) July 1864

St Augustine Florida } Before The Provost-Marshal
June 22nd 1864 } of the District of Florida

In the matter of the claim of Samuel
Russell Jr Sutter for Battery "B" 1st U. S. Artillery
against Henry P. Wilson Sutter for 17th Regt
Conn. Vols. for value of goods & merchandise
sold & delivered. Referred to the Provost Marshal
of the District by the Provost Marshal General Dep.
South.

Decision

This is a claim for a balance due the
complainant of \$2165.26 for goods
sold & delivered to the defendant & in accordance
with a verbal contract alleged to have been
made in the City of New York during the month
of September last. The amount of this
claim is disputed by the defendant, who
while he acknowledges that some balance
is due states the sum at \$184.87.

The evidence rests upon the statement of the
parties, the rendered bills and receipts, and
the books of account. The contract as alleged
to have been made in New York and
in the statement of which both parties sub-
stantially agree, seems to have been one singularly
loose & undefined for business men to have
entered into indeed there was no contract
which would seem to bind either party
save merely a verbal agreement to which

There does not appear to have been any witnesses.

From Mr Russell's testimony it would appear that he furnished a certain amount of goods - shipping them on board Mr Wilson's Schooner to be transported to the Department of the South - that Mr Wilson on his arrival was to have & use those goods at a fair profit over & above the expenses of transportation & shipment. No definite percentage was stated but $12\frac{1}{2}\%$ on the first cost is now claimed for expenses and 25% is claimed as the fair profit agreed upon - over & above the percentage charged for expenses -

Mr Wilson on the other hand alleges that the agreement was that he should transport the goods to the Department and on their arrival should select & appropriate for his own use such of them as he needed at cost-price paid to Mr Russell as they were sold & the money received for them and that nothing was said then or thereafter until this present claim was set up about any further or higher charge -

Both parties agree that the goods were shipped & transported under a charter drawn in Mr Wilson's name.

There is in evidence -

1st The undated account of Mr Russell

wherein each item is set forth: and the amount due summed up. at \$3830.22 to which is added 12 1/2 per cent. expenses - \$478.87 making a total of \$4309.69.

2. A receipt of money & goods received in payment of this account. The last date being February 21st 1864. The whole amount received being - \$4124.82.

3. An affidavit of Mr Russel

4th an affidavit of Mr Walker

5. The account rendered by Mr Russel to the Provost Marshal as the original account on which this action is based

6th The book purporting to be the account book of Mr Russel kept by him against Mr Wilson -

This evidence like the testimony of the parties is exceedingly incomplete and unsatisfactory. Two or three points only are necessary to mention.

1st The last sheet of the account against Mr Wilson as made out by Mr Russel appears to have been mutilated. Some three or four lines of the lower part of the sheet & below the summing up in lead pencil appear to have been cut off. Mr Wilson swears that the paper is exactly as he received it from Mr Russel. & Mr R. acknowledges that the missing part contained only the addition of a calculation of the extra 2 1/2 per cent. which

be charged on whole amount. This being admitted the mutation upon which much stress is laid by the Complainant becomes a matter of very small consideration, and may be dismissed at once. It might as well have been done by one party as the other.

3. The affidavit or affidavits of Mr Russell upon which this action is based deserve more careful consideration. There is no statement of or reference to the agreement or contract made in New York - no reference to the fact that the goods were shipped in New York and no reference to the fact that they were shipped in a schooner belonging to Mr Wilson. Neither is there any allusion made to the 12 1/2 per cent for expenses - or the 25 per cent profit - to which Mr Russell swears in his direct testimony. These are very important omissions - too important and bearing too directly upon the vital facts of the case to be overlooked. Indeed there seems to have been a definite intention to omit all reference to the New York part of the transaction in the fact that both affidavits aver that the goods were sold from time to time at Stone & Lubet S. C. when the sworn testimony of both parties is that the bargain of sale was actually made & the goods delivered in bulk in the City of New York.

4" Mr Russel's book which he puts in evidence and claims to be his account with Mr Wilson - deserves attention - mainly because it contains so much larger an account than the one rendered to Mr Wilson in February as the whole account. Mr Russel claims that one sheet of the account as rendered to Mr Wilson has been destroyed. This is possible - but if there was another sheet which it is not alleged contained a separate & distinct account why was the amount summed up by Mr Russel in his own hand at the end of the place where it now appears & the addition of 25 per cent made there. This question is pertinent and being unanswered must leave the impression that there was no other sheet & that the summing up is in the right place.

Feeling bound as I do to give such a question as this now before me the most careful examination, discarding the conventionalities which ordinarily transmute more or less a court of justice and ~~finally~~ being determined if possible to look at all sides without prejudice. I feel it necessary to say that there are many things connected with the case which are not & cannot be put forward tangibly as evidence which have gravely affected my mind as

The evidence progressed. Not the least important of these is the evident unwillingness of the complainant to state fully & in all its bearings the whole case & his interests in it. and the very important discrepancy between his affidavit as written out & his verbal testimony before me.

Mr Wilson should be severely censured for a delay in settling the account. & for the extreme carelessness of the manner in which the contract was made. Such transactions injure not the individual alone but are calculated to make the Military Authorities exceedingly suspicious of all transactions between Sutters.

I cannot think that the 25 per cent claimed by Mr ~~Russell~~ should be allowed. Neither can I allow for the amount claimed which is charged only in the book and is not in the account rendered on February 21st.

It is therefore ordered. That Mr Henry P. Wilson Sutter 17th Com Vols pay over to Mr Samuel ~~Russell~~ Jr Sutter 1st U.S. Artillery Battery D. the sum of One Hundred & eighty ~~four~~ Dollars and Eighty seven cents. in full of this account.

On the 22 day of June A.D.

1864 Personally came Robert P Walker who
being duly sworn deposes as follows, that at
or about the month of September last, Mr W C
Gustin Sutter of York Ohio, and Mr Wilson Sutter
of the 17th Coon, had chartered a vessel in New
York and bound for Stone Inlet or Foley Island
on board of which they had their goods Mr

Rupple having on hand an amount of goods
which he wanted to get into the Department of the
South proposed to Mr Wilson that he Mr W should
ship the goods as his own and in his name on
board the said vessel and on their arrival at
Stone Inlet or Foley Island as above, that he Mr
Rupple would dispose of and sell to Mr W such
portion of said goods so shipped in his name
as he Mr W would desire at the actual cost
price in New York and adding thereto the actual
charges and expenses of shipment freight &c
This Department was at the time a partner of Mr
Gustin and derives his knowledge & information
of the transaction from Mr Gustin, from Mr Bradshaw
who was clerk to Mr Wilson and from the general
notoriety of the business matter, which was

at the time and subsequently subjected to frequent
corrosion and finally broken of

I was about ten miles above Live Oak plantation and on the Navy Reserve. I saw William Pickrin with Jacob Russ and John Browning driving thirteen head of Cattle towards the Live Oak plantation - they told me they found and drove them from within the Confederate Lines. William Pickrin I do not think was concerned in driving the Cattle - but did purchase from Jacob Russ and John Browning the aforesaid Cattle and pay for them in my presence. The Cattle were slaughtered on the Government Reserve by me, being paid for my services by William Pickrin. I have been engaged the past four days in bringing the same Beef to Woolsey, and sold it for \$4⁰⁰ to Pickrin to the Citizens of Woolsey and Warrington. William Pickrin told me that he has in his possession a permit from Admiral Farrigut and the General, to confiscate and drive Cattle belonging to Confederates within our Lines.

General

I have the honor to report to you that Martin Kerrigan, an old Employee of this Department for over two years past, owns a dwelling House a short distance from this City, between the Charlotte & Franklin Pikes, which he rented out some time ago to a certain W. Shy, stipulating in the articles of agreement, that Shy was to give W. Kerrigan possession of a certain Part of this House, whenever he desired it.

On W. Kerrigan now intending to take possession of this part of his own house for use of himself & family, having been forced to vacate some Rooms previously occupied, he finds that W. Shy has sub. let this identical portion of the house, reserved for W. Kerrigan, to a Mr

Thos. Woodruff, Employed of Capt. Dns. C. Grant
A. G. W. at this Depot, who on being notified
to vacate, refuses to do so ^{and} produces a pro-
tection from Gov. Headquarters, forbidding
all persons to ~~obtain~~ from any interference
with his possession of the Premises.

Having thus submitted the case to you
in detail, I would respectfully ask you to with-
draw the protection in favour of Mr. Thos. Wood-
ruff, as under the circumstances, it seems but
fair that Mr. Kerrigan should obtain possession
of this part of his own house

There is evidently some error, capable of being rectified however, in regard to the culprits who cut off negro's ears. Night before last (21st) I saw General Burbridge who told me that the alleged culprits also the mutilated negroes had been sent to Washington as directed by the Secy of War. But now I get your two letters of 21st inst by one of which you state that Capt Jones Provt. had sent the two ^{alleged} culprits to you (nothing said about the negroes) and informed you that Captain Fidler writes to Capt Jones that Capt F. had forwarded copies of charges to your Headquarters but that you had not gotten them.

A statement of Captain Fidler in the case was received from him yesterday and sent by me to Col. E. D. You send AAS. A. G. Washington. In my letter transmitting it I stated that I was informed by Genl Burbridge that the prisoners and the negroes had been sent to Washington "to report to Asst. General" as di-

rected. - Now as I send the paper if the culprits
Negroes are sent by "you" to report to the ady fac
the directions will have been complied with.

I send you a copy of the letter of Capt Fidler which
I transmitted and if you have not yet sent the pri
soners of negroes it may be done at once. If the
negroes were not sent to you you will perceive by
Capt Fidler's letter that he has charge of them. Of
course you can obtain them & forward all together

Sir:

In response to your communication of the
18th inst, I have the honor to transmit the following statement. Viz:

Michael Mc Mann ^{and} William Burns charged with cutting
off the ears of two colored boys who were en route to Lebanon to
enlist, were arrested by Lt W. H. Boston Co B 23rd Regt I. R. C. under
my orders - his company having been sent by you to me to perform
guard duty. The negroes reached Lebanon about 2 o'clock P M
on the 23rd ult, ^{and} reported the facts to me. I immediately ordered
Lt Boston to detail a guard to arrest the men, ^{and} mounted the men
on government horses in my possession. Lt Boston took
charge of the guard, ^{and} by prompt action arrested the men.
The Lt deserves great praise for his energy ^{and} promptness.

The negro boys now sent with Lt H ^{and} recognized Mc Mann
as being the man who cut off their ears, ^{and} Burns as having
assisted in the arrest. Mc Mann acknowledged once to Lt Boston
as having cut off the ears. Burns is perhaps the only
man, except the slave, who actually knows that Mc Mann

did do the cutting. I do not think that Burns was guilty.

St. Helena Co B 23rd Regt U. R. C. and the two boys are perhaps the most important witnesses. I examined the boys when they came to Lebanon, examined the Irishman, heard the evidence of Burns, and the negroes. The confessions of Burns were heard by John Rm What. Clerk of the Board of Emolument, W. H. Smith, E. C. Ferrill, H. M. O'Bryan and J. C. Blaw saw the two men in charge of the negroes, An Irishman by the name of Kearns undoubtedly knows something concerning it, but I have, as yet, been unable to see him, we therefore cannot tell what value should be attached to him as a witness.

The negro boys I have in charge and will forward them to Louisville when you want them. They are named, James C. and Jasper Edwards,

They also represent that they were themselves released from arrest and that no charges have ever been preferred against them, and apply to have possession of their property. It would seem that, within the long time that has elapsed since their Store was seized, nothing has been found to justify charges, and a trial of the parties, that the same should be released, and unless there are reasons of which I have no knowledge, and you have, causing this delay, you

In answer to your enquiry for full particulars about the seizure and subsequent breaking open of the store of Jacob E. New & Co at this Post. I have the honor to report for the information of the Genl. Comd^y District as follows

After the arrest of Capt. J. H. Williams and others connected with him, it was discovered that he was a partner in the above house. On this discovery being made I ordered the Provost Marshal to arrest Jacob E. New & Co and to close their store - I also ordered a guard to be placed on it to prevent anything being stolen or goods removed. Some time afterwards I was informed that the windows were open and that some goods were stolen. I then ordered my Adjutants to go in person & see that the store was properly closed, the windows and door nailed & all proper precautions taken. A few days afterwards Mr New, who had been released on bond came to me & said, "he heard his store had been opened." I then visited the store with him, found it properly closed, and could discover no place where any one could enter. He pointed out to me places where he said bottles and cigars had

stood and which he said must have been stolen.

As I found the store properly fastened, I returned the keys to the Provost Marshal. The store may have been entered previous to my Adjutant having the windows nailed down, but enquiry made at the time by him from the different guards, failed to discover it.

But I finally put it into the hands of the Judge Advocate, who has produced a volume of charges as appears by its bulk. The Petition of Jacob E. Stea and

on the 27th day of April last the store
and business house of your Petitioners con-

Dollars was taken possession of by the Mil-

the said store is still closed and has re-
mained closed and the said business

to wit

And your Petitioners further show that
at various times since the said ^{store} has been

Petitioners have discovered that large
and valuable quantities of goods were
being taken and removed from said
store by parties to your Petitioners unknown

and to the certain knowledge of your Petitioners there has been already taken and removed from said Store four thousand cigars worth at least one hundred and sixty dollars and a large quantity of wine and liquors to an amount to your Petitioners unknown as they had not been permitted to enter said Store but since since the Store was closed and they only to prove and show to the Military Authorities that the stock of goods therein were strongly disappearing and the said Military Authorities although thus informed of the removal of said goods have placed no additional safeguards over them and they are daily diminishing in amount and value and the Guards over them have frequently been found lying drunk at the entrance of said Store, there is also no insurance upon the said Store or stock of goods and they are in danger of being lost by fire.

And your Petitioners further shew that they respectfully asked by Petition and otherwise of the Authorities at said Post a hearing and investigation of the cause of the said Store being closed as aforesaid but they can obtain no answer to their Petition and no hearing or

investigation -

Your Petitioners further say that they are both loyal Union men formerly citizens of Northern States and have never done any other than a lawful and legitimate business at said Military Post in strict conformity with the Trade Regulations of the Treasury Department and in full conformity with and obedience to the Military Orders at said Military Post. And on the day preceding the closing of this store had paid Twenty Dollars License for the next month's trade -

And your Petitioners further show that the closing of said store and the suspension of this business is causing them great injury and pecuniary loss and other parties more favored by the Military Authorities at said Post are now permitted to carry on the same business as that of your Petitioners obtaining their trade and profiting by their misfortune.

Your Petitioners would refer you General to Gen A. J. Smith or any other General or Military Officer properly in command of this District or Post for proof of the Loyalty and lawful conduct of your Petitioners at said Post.

Now therefore your Petitioners in view of the premises would respectfully and earnestly pray that they may be permitted again to

state possession of their said Store and Stock
of Goods and resumed business at said
Military Post upon such terms and con-
ditions as may be lawful and just -
If required your Petitioners will give Bonds
to the Amount of the value of said Goods
conditioned to abide the result of any
Investigation which may be had - and
your Petitioners will ever pray &c

I have authorized
the Steamer Atlantic to land at Hickman and take off
what cotton and tobacco remains there.

Let the place be wholly abandoned.
I enclose a statement of Mr Overton of Hickman. He is
J. J. Mooney, and what right had he to be at Hickman? Overton says
that Mooney and another cotton buyer came down on the boat with Col.

General

I have the honour to submit to you a letter yesterday received from one of the Presbyters of my Diocese

I believe the writer to be a harmless, unoffensive person, totally incapable of any dishonest or disloyal act, whatever his opinions may be.

As detailed by him, his case appears to be one of grievous wrong, taking a form of religious partisan persecution, which I am sure you would be the last man to originate or countenance.

The receipt mentioned (which I have returned to Mr Green) is signed "per order

from Gen. Geo. Wallace, Tho^s L. Paulson,
Chaplain, &c" and dated "Cherry Hill
May 28. 1864"

You must be aware, General,
how cases of individual wrong, those
inflicted by subordinates, tend to
the weakening of the interests
of the Administration in this State
at the present crisis, and with
regard my concern for those interests
as a sufficient reason, apart from
others which I might adduce, for
my taking the liberty to call your
attention to this case.

Church Hill May 30th 1864

Dear Brother

Our community has been thrown into very great excitement for the last few days by the appearance of the military among us for the purpose of executing and order of Gen. Wallis to collect money for the purpose of rebuilding the Methodist church in Double Creek.

The order as far as I can learn stands thus. Some weeks ago the church was burned, by some bad person. There are two reports in circulation by which it was done, neither of which in necessary to state here. The grand jury of this county have told investigated the case very closely, but found no bill.

On last Thursday some four or five soldiers rode up to my house and said they were encamped at Church Hill, and had nothing for their horses to eat nor could they get any thing there, and desired if I had it to let them have it. I immediately unlocked my barn and told them to help themselves, they did so and left.

The next afternoon which was Friday, the chaplain, who I am told is a Methodist preacher, and the officer, and three soldiers came riding up to my house, and informed me that they had assessed me one hundred and eighty dollars for the purpose of rebuilding the church at Double Creek. I told them I was astonished.

What had I to do with burning the church in Double Creek? that I lived ~~was~~ 9 miles off, and that I had not seen the house for 12 or 13 years.

Their reply was, it was Gen. Wallis' order and that they must have the money. I told them I could not pay it except under protest. They said the chaplain we take property, and did design

my carriage horse, but afterwards released him and took my sons riding horse, and carried him out to head quarters. In the morning I rode out to the village to see what it all meant. I soon found that about 18 men had been singled out and the most exorbitant tax imaginable had been imposed, and that the soldiers were siding in every direction to carry it out. That they had horses, mules and carriages in abundance. That they had lived some two or three thousand dollars to pay for a house that no carpenter thought worth \$250, and that scarcely one officer of our congregation had escaped who had property, and that not one single man who called himself a methodist was taxed.

Mr John Brown was taxed \$600, Mr Faithful \$200, Mr. Hall, I don't know how much; Dr Newman \$300, myself \$180. Capt Bowers, — the property was claimed by his wife, and she claiming to be a British subject, it was released. The two men who was suspected of burning the house was taxed each \$400, and \$600. one got his reduced from \$600, to \$350, while the other would not pay any thing and his property was taken away. This reduction from \$600, to \$350, seems to show very clearly that the methodist preacher after hearing all the testimony that could be obtained was satisfied that this man was not more guilty than any other prisoner who he had taxed. If he did why reduce his tax to \$350. Almost all of the property was redeemed, that which was not, was started for Salisbury Saturday afternoon.

My object in writing is to enquire of you a Christians duty under such circumstances.

Such procedure as this must make every man
and tremble as it tingles along the nerves of the
nation to its utmost extremity, for what is my
fate to day may be some other innocent man's
fate tomorrow, and so on until every honorable
man in the land will be numbered with the
transgressor. I am afraid that the persecution
which has been waged so violently against slave
holders will now be turned against Episcopali-
ans. They are rather a weak body when compar-
ed to some of the other denominations of the country.
If the Episcopal congregations in the country
are to be made the insurance offices of all the
degraded meeting houses of the methodists,
the sooner we all turn methodist the better, provid-
ed money be our object, and we have no reg-
ard for internal convictions. And so far as
this may be construed to indicate the disloy-
alty of our people and to injure their character,
I for one oppose it. The Episcopal people here,
so far as I understand them, differ from the
present administration in political matters
altogether. As it regards myself, I do, and I
differ with President Lincoln and his party,
just as honestly as he differs from me; just
as honestly as I differ from the Pope of Rome, or
just as honestly as I differ from any other religious
denomination in the country. But when I say this,
do not mean to say that I would aid or abet the south-
ern rebellion or any other rebellion, or that I would
sack or destroy a convent, or countenance in any
manner the destruction of a church. President
Lincoln and other gentlemen claim the privilege
of expressing their views upon national matters, and
why should I not do the same thing in a mild way?

I do not suppose that I leave this farm twice a month (except Sunday, and then I but seldom say one word on the war news, and yet I find I am uncounsellably surrounded by an influence that will ruin me. Not from any thing that I have done, but by bad and malicious men, who are totally unable to appreciate character or example. I was particularly earnest in pressing those officers to tell me if there was any reason why my name should be upon the tax list, and after repeatedly urging him to do so he said that a gentleman told him that I said I would not pay the government tax if there was no law to make me do it. What was his name I asked? I do not know was the answer. Does he live in this neighbourhood? No. I followed up the inquiry no farther; you are very able to draw inferences from this, and therefore I shall not do so.

I hope you will pardon me for trespassing so long upon your time, but I felt it be my duty to inform you of these facts, and to ask your advice in the matter, and I should not have felt that I had done you justice or myself either if I had not done it.

Affectionately and respectfully yours
Thomas L. Green

Personally appeared before me this 9th day of June, Samuel E. We found it, and it was identified by the son of Allen Snodgrass. When we went back & reported the the fact to Col Foste, he said that he had bought the mare from a citizen & would not give it up, but offered to give us any of the government horses there, we told him that we had rather have the mare if we could get it, that we did not want any government horses. The Col then ordered us out of the room. Further deponent saith not.

Capt.

To the Honorable Comm. I have the honor to submit the following report.

On or about the time referred to in the affidavits, a man of the name of McLaughlin was introduced to me & was found to my satisfaction as a true, - loyal citizen. He had been obliged to flee his home to escape rebel confiscation, & brought his family here. He represented himself to have been the owner of a plantation rebel, of the name of Franklin, whose residence was between the Fork Road, & mouth of the Natchez river. He stated that his former employes & other rebel neighbors had a number of slaves who wanted to enlist & would enlist, if they knew they would not be received in efforts to escape. He requested me to furnish a small squad to accompany him for the purpose of obtaining the negroes, which I did. On his return with the negroes, who were sent to the river, he brought with him on which he mounted some of the negroes two or three horses & also a small pony (jelly) that he rode himself. Among the number of the horses was a mare with foal, but none of the horses were of any particular value, - certainly for present use, - all being thin of flesh. He represented the horses to have been taken from the rebel from whom he had

Let him the negroes, & the contrary, was never
suspected until the occasion on which I rec^d an
order for this report. I subsequently gave
McLaughlin authority to warrant negroes, & informed
him he would receive \$2. for each warrant, if he would take
them to Knoxville. His horse was left to graze in the
fields about the camp, at large, except the pony which
I may write for any use unless for a small buy to
ride, he offered me for mine. I have had the
permission of her son since. McLaughlin had no
means of travelling himself, & on the next day required
if I had any objections to his having the horse with him,
I was glad to have him take her if he wanted her &
give him permission to do so, which he did.

A few days ago, two strangers called
on me & asked permission to look through my camp
for the purpose of finding a mare which they represented
to belong to some one, not themselves. I made no inquiry
at the time into the circumstances, but granted the
request as I invariably do, in such cases. By & by
they returned, claiming to have identified the filly (pony)
to which I refer, as the one they were in pursuit of.
They represented neither that she had been stolen, nor did
they say who had owned it, nor whether it was owned
by a loyal man or rebel. I was surprised that any
claim should be preferred to this pony; because I
had neither suspected the integrity, nor doubted the
good faith of McLaughlin, of whom I had then I ought to

Some on present inquired if they would not rather have one of the horses McLampkin brought in at the time he brought this one. At first they said they would prefer the filly; but on reflection said they would go & see the other, & left the room for that purpose. I was busy; - pained of every moment, & to expedite business of the business, said "go now, please" My manner was pleasant, & civil. The affirmation in the affidavits that I ordered them from the room, implying that I was short, unreasonable, or vulgar in any manner, is not an imputation that those who saw me at the time would believe. I say, it is a fabrication & utterly false. Neither did I refuse to give them the pony. I offered my reluctant to do so, perhaps, as at that time advised; but I showed if on further inquiry I had found the claim they preferred was not unjust; but I expected them to return & let me know their decision.

The men upon whom in all such cases I rely for information & advice, (Lieut. Caswell, Lieut. Reynolds, Curtis, Walker, & Lt. Col. Fry) was absent, & until the coming of the affidavits annexed, I did not know but they had taken the other horse McLampkin brought in, & had gone with it. I have the honor to be, Capt.

Very Respectfully Yours etc etc

P.S. Since making the foregoing Report,
Capt Reynolds, informs me, that Brig Gen
Leitch, requested him to let me, not to deliver
these horses, that Gen Leitch is not satisfied
that I would not be justified in refusing to
deliver them to these men.

Capt.

I have the honor to submit the following report, in relation to the case made by the statement in the accompanying affidavits -

A few days since, a yeoman man, made to me for permission to go through my Camp for the purpose of finding two horses, said to be in my hands. One horse was described as a bay; the other a roan. It was granted. After a while, the parties claiming the horses returned and they have informed the horses in the possession of Lt Col Fry - I made no inquiries of them whatever, for I knew Col Fry would understand the case quite thoroughly - but gave them a note to Col Fry, requesting him in polite terms to deliver to them the horses. They returned saying that Col Fry refused to let them have the horses - & I told them I could do nothing more than refer the matter to him exclusively - soon I rec'd a note from Col Fry which I have herewith, in which he stated that he would be emphatic in his protest against

Delivering the horses to the parties who
kind applied for them. I believe however they
did get the bay horse finally, but am
not positively certain. But the Roman horse
for some reason he would not deliver to them,
& I never saw him (Fry) afterwards.

On the 11th day of June, (the day on which
Col. Fry was captured) Col. Fry gave the horse
to Capt Walker - a scout under the immediate
command of Gen. Crawford, to ride on an expedi-
tion up the Country. I was informed that the
horse becoming lame at New Market on his way,
Capt Walker exchanged the horse he was riding temporarily
(until his return) with one Mr. D. Meek, for another -
This Roman horse is now in the possession of
Mr. D. Meek, as will appear by his Receipt
within. From Capt Rymer I learn that
the horse did belong once to a notorious rebel
but as Capt Rymer appeared to be well acquainted
with the case, & as he told me he had been
requested by Gen. Leaton to advise me to be
careful, & to deliver the horse to no other claimants
I did on his watching for its correctness deliver him
to Mr. D. Meek - I have the honor to be

The undersigned respectfully request your kind consideration which has always characterized you in the discharge of your duty, on behalf of three young men employees of the C.S.M. R.Rs viz Gas. Statement of Mrs E F Carter of
Hickman Co Tenn in regard to being
robbed at the house of Simeon Brown
on Mill creek Hickman Co Tenn

On the night of the 5th day of June sometime
after midnight (3) three men William Deason
Tom Smith & John Priest - came to the house
of Simeon Brown in Hickman Co on Mill
Creek near Pine wood Factory.

They broke the door to the house open
and asked of Mr Brown who was there, Brown
answered no one. They then asked if
Mrs Carter was there, and Mr Brown answered
no-sir. I was in my room up stairs. Mr
Brown says that Tom Smith drew his Pistol
and said that he knew that I was at his
house that morning, and wanted to know
where I was! Mr Browns wife was frightened
and begged of them not to kill ~~the~~ her and
she would tell where I was. They said they
wanted to know and she told them that
I was up stairs. They then ordered me
down stairs, and I told them I would not
come down. they said if they came up
there they would bring me down, and I told
them that I was sick and would not come
down. While they were getting a light Mr Smith
came up stairs. The Three men ~~the~~ named

above came in to my room and asked me for the keys to my Trunk and then commenced searching for them: but did not find them at first. Tom Smith then sent for one of the men to break open the trunk with and while they were getting it - he found the keys and I opened the Trunk and took out a Pistol that Col Goulding let me have, some powder and a Dirk Knife, and several other small articles. They then broke open another Trunk and got my pocketbook, but there was no money of value in it. They also took out a fine Carvingknife, which they said would do to kill yankess with.

They then said they would take me off and kill me unless I gave up my money they said they knew I had Greenback Money. I told them I had loaned it out and if they would give me the pocket-book I would show them the notes, which they did. This seemed to satisfy them and they went off they told My Brother that I was a Union Man and if he let me live with him they would burn his house.

These three men were all that I saw but I heard James F Carter & Bluff Man go down stairs & Carter ordered them to bring me out.

These parties all live in and near ~~the~~
Vernon Hickman & Co. I think there were
others with these five

These parties and others around there have
been ~~at~~ molesting ever since the war
commenced. On one occasion James
Carter broke open my trunk and
took money out -

Statement of Mr Henry W Schulte - residing
at No 161. S. Ann St.

I presented a petition to Gen [redacted] that I might get a position as Carpenter or Boss Carpenter in the Govt. Employ and I was by him refered to Col. Bliss - his Quartermaster - I called on Col. Bliss 4 or 4 times but got no definite answer I at last spoke to a Clerk in the office named Miller - a German - I was on an occasion when Col Bliss was not in - we walked out in the Hall and talked in German - Mr Miller said "if you have some money that I can give to Col Bliss & some other officers you will get your place ~~in~~ away in eight days" I told him I had been sick and was not able to spend much money but said I would

go home and see if I could get ten (10) Dollars.
He said ten (10) Dollars would be enough.
I went home - He came to my house
at 7 o'clock the next morning - I sent
out and borrowed ten (10) Dollars which
I gave him - He said that I should get
my situation within eight days -

I called on Mr Muller about ten days after
the above when I was again put off for
4 times -

At last becoming tired & vexed
with his action my wife wrote him that
unless he (Muller) returned the money
she would report him -

I was paid the money by Mr Muller
yesterday June 1 - 1864 -

I paid Mr Muller the money about
5 or 6 (6) weeks since -

Muller said that I could not get
any position without spending some

Judge Advocate General
Sir

I am directed by the Hon. Secretary of War to forward you with this Report the accompanying affidavits and statements in the case of certain Citizens of Washington D.C. and Montgomery County Maryland,

For some months past repeated complaints have been made at this office by loyal citizens of Montgomery and adjoining Counties concerning the loss of Horses.

It was represented to me by these citizens, that small bands of Guerrillas attached to the Rebel Army were engaged in stealing their horses; I directed a thorough search and investigation to be made with the following result. It appears that three young men viz: Cary Selden; Samuel Burger and William Bryant all residents of this City, had determined to go South and join the Rebel Army, Selden, is the son of William Selden of this City, formerly United States Treasurer under President Buchanan, and afterwards United States Marshal of this District, Samuel Burger and Wm. Bryant's parents also reside in this City.

In order to ascertain the most safe and expeditious way of going South, as appears from the sworn statements of

these young men, Burger consulted a Mrs Mary Russell residing at the corner of 10th & K streets, Mrs Russell is the wife of W. F. Smithson's old Clerk and was seriously implicated with Smithson in his treasonable operations for which he Smithson is now serving out a term of imprisonment in the Albany Penitentiary, Mrs Russell advised young Burger to apply to Mr H. F. Zimmerman doing business as a furniture dealer on 7th St this City, Burger called on Zimmerman but did not find him at home, On the following Sunday Mrs Russell called at Zimmermans house, and informed him Mr Z. that the young man referred to wanted to get South, Zimmerman gave Mrs Russell a letter of introduction to Mr Alfred Ray residing in Montgomery County, this letter stated fully the object and intentions of the young men viz: to go South, Mr Z. also furnished a Map of the Country through which they the young men were to pass,

The subsequent movements of these young men, Seldore, Burger and Bryant, are fully detailed in the affidavits accompanying this Report,

A number of the horses stolen by this gang have been recovered, and fully identified by their owners from whom they were stolen;

The Capt. Bowie referred to in these statements is the same Rebel who escaped from the house of John H. Mearing of Prince George Co Md, when my detectives

were in search of him, The Waring referred to is a brother of John H. Waring, who was convicted by Military Commission and sentenced to the Albany Penitentiary during the War on the charge of harboring this same Capt Bowers.

It is a well established fact that nearly every horse or mule now used by the Guerrilla Mosby, has been stolen by small squads of his Mosby's men, assisted by Rebel citizens, It is impossible to conceive of any greater offence against our Government than has been committed by these men who are referred to in the accompanying statements.

While professing and representing themselves to be Union men thereby securing the confidence of their unsuspecting neighbors, they join with and accompany a Captain of the Rebel Army to the stables of their neighbors, and in the darkness of the night steal away and deliver to Mosby the property of Union men.

The persons charged as set forth in the affidavits forwarded with this Report, have been arrested and are now confined in the Old Capital Prison, I have respectfully to ask that they be tried as soon as possible, the witnesses can be had at any moment.

Statement of Carey Selden.

Committed by Col. T. Ingraham. June 22, 1862.

I am a native of Washington City, D.C. aged 18 years - no occupation.
I reside at No 418 New York Avenue with my Father - William Selden - formerly
Treasurer of the United States, and ^{since} Marshal of the District of Columbia, under the ad-
ministration of President Buchanan.

After leaving School - having no occupation, and the Rebellion causing many
differences of opinion and classification of associates, I selected those, generally, for my
companions, whose sympathies were with the South, and finally concluded to go South
in company with a young man named William Harvey who resides on H. Street
between 12th and 13th Streets. On the month of April, 1862, we started for Dixie,
and went as far as the Monocacy and from there to near Berlin, but failed in
crossing because of Harvey's inability to swim. We remained in that vicinity
for four days - proceeded to Conradi Ferry, via Point of Rocks, on our return home,
and were arrested by some Detectives who found nothing upon our persons, and libera-
ted us, when we returned to Washington. About the 1st of June 1862, Saml.
A. Burger and myself, made arrangements to go South, he assuring me that he could
make successful arrangements to enable us to reach there. Previous to receiving
the necessary instructions Burger and I called on William H. Bryant and informed him
of our intention to go South, and invited him to accompany us which he agreed to
do on our assuring him we would be successful - Mr Burger having previously in-
formed me that he (Burger) expected instructions from Mr. H. F. Zimmerman,
which would make our success certain. On Monday, June 6, I met Mr. Bur-
ger at his house, who stated that he had received a letter and map from Mr. Zim-
merman, and that we would start, en route, that night. We then called on
Mr. Bryant, and after giving him the facts, Burger, Bryant and myself started, as
agreed upon, to go to Mr. Alfred Ray's house in Montgomery County, Maryland, where

2
we arrived on Tuesday, I believe, between 8 and 10 o'clock ^{A.M.}, and finding Mr. Ray from home we saw Mrs. Ray and informed her of our mission. Mrs. Ray gave us but little satisfaction, and we concluded to await Mr. Ray's return. In the mean time Mr. Bryant left us and started for Washington. Berge and myself remained until Mr. Ray returned, when we informed him of our intentions of going South. He hesitated, at first, before giving us a decided answer, but as he said he had seen Mr. Zimmerman and as we conversed freely of our mission and of our determination in the matter, he (Ray) agreed to give us the necessary information. We took supper with him, and on invitation remained all night at his house. In the morning (Wednesday) we took breakfast, and Mr. Ray then directed us to Mr. Williams Horner who was one of the principal parties that would furnish us with proper instructions and assistance; and also said that a similar party had been forwarded through about a week previous. We left Mr. Ray and on arriving at Mr. Horner's house, found he was not at home, and concluded to remain until his return. We informed Mr. Horner of our intentions to go South; he treated us kindly and gave us a room in which to change our clothes. We also conversed freely with his of Mr. Horner's sons about our business, until Mr. Horner's return, which was in the evening about sundown. We now informed Mr. Horner about our business; he was apparently glad to see us; regretted that we did not come a week or so earlier, as a party, including his own sons, Frank, had then crossed the Potomac and gone South, and that we would now have to wait until another party could prepare and be in readiness to go South.

We remained at Mr. Horner's house that night and until next day at dinner time, when we dined, and left at his suggestion, as he said he had received information that a party of Union Soldiers, from Mudely Branch were coming up to scour the country, and we had better leave immediately, as they had got wind about the party who had crossed the previous week. He promised to keep us posted as to when the next party would be in readiness, and we promised to keep him advised of our whereabouts.

With that mutual understanding we left for Sandy Springs, which we reached

3.
about 5 o'clock P.M. We had no baggage with us as Mr. Burges had left his valise (or Carpet-Bag) at Mr. Horner's. We stopped at a Mr. Bugg's, and took supper and slept that night (Thursday) in a Gymnasium attached to a School-house.

In the morning we went into the Woods and remained there all day Friday and Friday night. On Saturday morning (June 11th) we went to the Cross-Roads to Mr. William M. Baker's - entered into conversation with him and found out his Politics; we informed him of our intentions and he professed his assistance to ensure our success. Burges returned to Washington on Saturday night, and I remained at Baker's, and met a number of persons, among whom was a Mr. Benjamin Duvall, who was perfectly familiar with our business; saw us in the Woods; was with Mr. Beckwith and Baker playing Cards at Baker's, and thoroughly understood our mission. I breakfasted with Baker on Sunday morning. Burges returned about 10 o'clock, and we remained about Baker's place until 12 o'clock P.M., when we were invited to dine at Mr. James Nolands, which we accepted.

At Mr. Nolands we met a man named Robinson who said there would be a man named Captain Mitchell, who would be at Baker's in a few days, and would convey us to "Ducie", all right; that he (Robinson) would furnish us a man (Beckwith) who would guide us through the neighborhood, and show us where we could obtain Horses to take with us; said he wanted Charles A. Eccleston's horse taken as he (Eccleston) was a Union man. At this time Mr. Michael Brown, Mr. Eccleston's brother-in-law, was in Mr. Nolands' house, and we were cautioned not to let him (Brown) know anything about our business, as he was for the Union.

We returned to Baker's house that (Sunday) evening, and remained near there, in the Woods, Monday until near 9 o'clock P.M. when we returned to Baker's to meet the parties as previously arranged by Robinson. Sometime in the night Robinson came in with a Beckwith (whom he had brought with him as our guide) Captain Mitchell (whom we subsequently learned was Captain Matt Borrie) and seven or eight others whose names I do not recollect, but whom I ascertained were Rebel soldiers belonging

ing to Mosby's gang, and also of the Maryland line. We talked about our plans for obtaining horses and getting them across the Potomac, nearly all night. Took Breakfast at Baker's in the morning and then returned to the Woods - Mitchell, alias ~~Baker~~ Burger and myself staying together, and at night again returning to Baker's. About 9 o'clock PM, Beckwith, Robinson and about eight or ten others met us near Baker's house and proceeded to Eccleston's place (guided by Beckwith.) but by some mal. arrangement we did not succeed in taking any horses from Eccleston's place that night, and returned to the Woods until next day when we procured six or seven horses, and started for the Penic. By agreement the party separated to meet at a designated place - Borrie, Burger and myself still keeping together. We went by the way of Horner's where we stopped and obtained refreshments for ourselves and horses. All the Horners perfectly understood our trip - knew where and how we obtained our horses, and assisted us with a full understanding of the whole matter. From ^{Horners} ~~Horners~~ we took our Horses to the Penic - each of us having one which we had previously obtained at Eccleston's. Here one of the Horners brought Burger's Carpet-Bag to him, which had been previously left at Horner's house. We visited a man named James Rabbitt, who keeps a Tavern near the Penic, who was perfectly familiar with our operations - who visited us in the Penic - bought us Whisky there - gave our horses and encouraged us in our enterprise. We were also visited in the Penic by Mr. Henry B. Warring who appeared to be familiarly acquainted with Borrie, as he invited him to his house, where Borrie went, and after his (Borrie's) return he said that he had seen Mr. Warring's daughters and had had some Whisky. Mr. Warring was perfectly acquainted with our business - saw our horses, and congratulated us on our success. We remained in the Penic about two days when Borrie left us to arrange with the balance of our party for crossing the River. During Borrie's absence we were joined by Henry Smith, another of our party who had been with Baker to capture some of his (Baker's) neighbors horses, and having been successful now joined us

with two horses in his possession. (We were soon after surprised by a party of Union Soldiers, and separated - Burge and myself being captured - taken to Mandy branch, ironed, and sent to the 'Old Capitol' Prison.

I have made the foregoing statement, voluntarily, without promise or reward, believing I have done wrong, and thinking I can partly atone for my error, by making a truthful confession of the same. For my youth and inexperience and the peculiar surroundings which influenced me to the wrong I have committed, I humbly appeal for pardon from the Authorities - pledging that my future life will be such as to show that I am worthy of future confidence and forgiveness. Also pledging myself for the future to use my earnest endeavors to expose and bring to justice all parties engaged in treasonable practices towards the United States Government.

Carey Selder

On this the Twenty eighth day of June, 1864. Personally appeared before me the aforesaid Carey Selder who subscribed and made oath to the aforesaid statement in my presence, after the same had been carefully and distinctly read to him, and I had ascertained that he fully understood its import and he had on his solemn oath declared it to be true.

Statement of Alfred Ray.

Just before the Draft in Maryland, Mr. Francis Horner came to my home and asked me to take a Deed to Washington to be recorded. I told him I could not leave home as I was too busy, but if it was not important for it to be done at once, I would take it down when I went. He replied his Father said it must be done at once as it had been kept too long already. I then told him he would have to go himself, and that evening, at the supper table, the conversation about the Draft came up, when Horner said that if he was drafted he should go away. I asked him where he would go to, he said he could go to the South, very easily, and that there were a good many others that would go also; he then said he might go to Canada. I then told him he had better stay at home with the Family, and get a substitute, or pay a Commutation, as I intended to do, if drafted; he said he might have to pay the Commutation every month, and he would not do it, and that there was a route open above him by which he could get to the South or to Canada. This is all that was then said on the subject, and I only supposed it to be talk as he was not going to do either. Shortly after that I was drafted, and saw, by the papers, that Horner was also drafted. I never saw him afterwards. I went to Washington the next day after I was drafted, to learn what I had to do, - went to see Judge Blair first, who referred me to General Fry to whom I stated that I could not leave home on account of my Family, and the great loss I would sustain in my Corps, &c.; he told me to get a substitute or pay the Commutation. I went to work to procure a proper substitute to put in my place and fortunately found one - an Alien - that day, who passed examination and was received. I then went to Mr. Zimmerman to see about a Chain I had purchased there; I did not see him nor had I seen him for even a month previous to that time. I next met Mr. Zimmerman in the Street, near his

Store - he asked me the news - I answered him nothing, only that the draft was creating some excitement in my locality - that I had been drafted, and the result would be that a good many would go away - and leave but few men behind - that there was a young man at my house who said he would go away if he was drafted, and a good many others; that there was a way up in ~~his~~ neighborhood, where they could get away. Perhaps a week after this I again saw Mr. Zimmerman, who remarked that there must be three young men at my house and to treat them kind by. I told him I knew of no way for them to go away, nor did I know anything about any route in my neighborhood. When I came home I found two youths in my yard. My wife said that there had been three - that she had persuaded them to go back, and that one of them had returned to Washington. I told these young men that they could not stay at my house; they replied that they had a letter for me, which they had opened. I never saw the letter nor do I know its purpose. I told them again that they could not stay at my house, and they left. Just before going to bed I found them asleep on my porch - roused them up and asked them why they had come back - they said that they had gone on to a store in the woods (pointing towards Mr. Brown's - my neighbors) and had found no place to stay, and would I please allow them to sleep there until the morning, when they would leave very early - at the same time enquiring at what hour the Stage left Rockville for Washington. I did not know the hour exactly, and permitted them to go in and sleep on a cot in the room. They were ready to leave early in the morning, and said they would go to the Sandy Springs, as they had acquaintances there. I then asked them why they had changed their minds from going back to Washington, so evidently, when one of them said he had struck a Negro and had to go somewhere - They asked me to please give them a letter to some of my acquaintances, or my name on a piece of paper. I told them firmly that they must go away from my house and not return to

it again. That was all the conversation that passed between us, to the best of my recollection. So help me God. I now gave them aid or counsel, verbal or written; and had I known of any way by which they or any one else, could go to the South, I would most cheerfully have informed my Government thereof.

I have never known or had any connection with any party or parties going South, with the exception of the conversations with Francis Hornes, already stated - and which I thought was mere passing talk, - nor do I know where he went.

I further state that the persons who were brought down with me as prisoners, several of them I have had no acquaintance with - have never visited their residences, & have never held any verbal or written conversation or communication with them on any subject.

Having given them no aid I ask my Government to show me any course for the part I have taken in this affair without any intention of doing the Government any harm. I will take an obligation to the effect that I will never aid in any manner, shape or form the enemies of the U.S., but will aid and assist in supporting the Government with all the information I may hereafter become possessed of for the good of my Country. And for the faithful performance of this obligation and its strict observance as a man of Honor and Integrity. I refer you to Judge Blain, Post-Master General and F. P. Blain - his Father, who have known me for many years, and to many other who reside in the District of Columbia.

A young man called Selden came to my house and inquired the way to Thomas Voland. I directed him. In the evening I saw him over at the Cross Roads; that is about a mile from my house a little over. He was standing by the fence Thomas Voland introduced him to me and said his name was Selden and that he was a son of Joel Selden of Washington. He said at first he was from Stammore School. He said he was going to a Quaker meeting if he could get a horse and asked me if I was going there. This Quaker meeting is held about 8 or 10 miles above me; they have what is called a yearly meeting there and a great many persons go there. This was all the conversation that passed at that time. I went down to the Tavern then kept by William Baker; when I got there I found no one there but William Baker. We played cards there, Selden came there and we played I don't think over one or two games. I don't recollect of any particular conversation while playing but afterwards Selden said he was going

2

to Virginia, that he was a friend
of William Barclay that he (Barclay)
had sent him down to Voland to
stay there till he came for him.
I asked Thomas Voland what he
thought of him (Selden) and he said
he thought he was a fool or something
of that sort and that he didn't like
the looks of him. Voland then told me
that the next time he saw Bill Barclay
he would wish his — for ~~him~~ send-
ing him down there. Thomas Voland
told me he had thought him, (Selden)
away from his house that he
would not have him there. —
Voland said at the same time time
that this boy (Selden) ~~se~~ claimed to be
an acquaintance of his brother James
and that he told him, if he knew
him he had better go and stay
there, he could not stay at his house.
The boy didn't go away then I went away
and left him there. I do not think
I saw Voland again before Monday
I saw him then in his place. Voland
said the boy Selden told him they

3
were going to steal some horses he said
Celeston had. The boy told me at the
Cross Roads when we first met him that
Barby and James Roland had made
an arrangement with Beckwith to get
some horses at Celeston. This was on Sat-
urday night, on Monday James Roland
told me they were going to make a
little raid down the road and get some
horses to send these boys into Virginia.
This James Roland said there were
some men up the country who
were going to be brought down there -
that William George Robinson was
to bring them down. They didn't
say when this was to be - he heard
and fixed in the night. On Monday
I saw the other boy - the one that is here
a prisoner with Selden I don't know
his name. I don't recollect of anything
~~was being said about it.~~ I saw the boys
the next day about 12 o'clock, lying
near my place sleeping. I never saw
any of the parties again until I
saw them here. I saw Barby on
Sunday. The first day I saw Barby
was on Sunday at the Gruber.

4 meeting - I told him I saw a
man down in my neighborhood
inquiring for him he said "who
was it?" I told him he said he knew
him very well and that he was
going to Virginia with two or
three others. Said they were going
to take Celestin's horses and go. He
did not say anything about Capt.
Anderson. I told you how I knew he
was here. There was a Democratic
Convention here and Dr. Jones told
me the Captain was there. Carby told
me that Capt. Bowie was in the
upper neighborhood. He did not say
anything much about it, but that Bowie
was going to take these trap traps.
Nobody but Carby spoke of him -
I have no acquaintance with
Robinson at any time, he was never
at my house. I have never heard of
a "run" before this one, I have heard of
men going over from this County
(Montgomery) and coming back again.
I don't know the Bloomers. I don't
know Simonson - I know of Alfred
Ray and have known him off and

5

as for ~~the~~ 10 or 15 years - the line
about 2 1/2 miles from me - I have ~~not~~
~~seen him~~ I do not think I have
seen him for 3 or 4 weeks, per-
haps longer - I don't know where
I saw him then - I had no
conversation with him then - I
never heard of Ray's help boy go - I
can't say that my folks talked
over such things - of course, we talked
of neighborhood affairs - I never heard
of Alfred Ray assisting any person
over the times in my life - He has
lately come into our neighborhood
he is a farmer - he has a son
~~who is a lawyer~~ - The only men
I heard speak of this were Banby
and James Toland - The others didn't
tell me they were going over into
Virginia - Banby didn't say anything
about Newby - I think Banby said there
were five of them going over, he didn't
say whether they were neighbors or
parties that had come over from
Virginia - He didn't tell me who
was going - I didn't like and in fact

6

told barely it was bad business and
 that it would get the whole neigh-
 borhood into trouble - I don't know
 as I ever took the oath of allegiance
 I took an oath when I voted perhaps
 that might have been it - I was
 never in the legislature - my father
 was in the legislature - I don't know
 how he voted about going with the South
 I don't know what his opinions
 were - he was opposed to the abolition
 of slavery - he blamed the Democrats
 or leaning Congress - I don't recollect
^{this} ever having said I would go with
 the State if she went out - I have
 never said so. I am not married.
 barely told me his brother had been
 home - his brother had been in Virginia
 and had gone back again - It had
 been reported for several weeks and I
 had asked him two or three times
 and he always denied it ^{but} ~~and~~ one
 day he told me he was not at home
 then but had been on this side of the
 river - I never heard before this that
 the Volants had helped folks get

Statement of Mrs. Meary Russell

My name is Mrs. Meary Russell am married my husband is a Book keeper in the Banking house of Messrs W. Holdens Co in this city, I reside at the corner of 10th ^{and 5th} ~~Street~~ ~~and 5th Avenue~~. On Saturday June 4th 1864. Mrs Wingard who has a nephew named Samuel Burger formerly in the employ of Co. Hoffman Commissary of Prisoners, came to my house and informed me that her nephew (meaning Samuel Burger) was going South. I asked Mrs Wingard how her nephew intended going, she replied he (meaning her nephew) was going down the river representing himself as a Fisherman and when he got down the river he would land on the Virginia side, I then told Mrs Wingard that I thought it very dangerous for her nephew to attempt going South that way (meaning down the Potomac) I then stated to Mrs Wingard I would try and find a better way for her nephew to get South. On Sunday June 5th I went to Mr Zimmerman's residence & asked him Zimmerman if he knew of any safe way for two young men to go South he replied, I will give the Boys a letter that will put them on the right track. On Monday evening Mr Zimmerman sent the letter as promised to my house, it being sealed I do not know its contents, this letter I immediately sent by my servant to Mrs Wingard to deliver to Saml Burger.

This statement has been made voluntarily by me no threats or intimidations or promises have been made me but not thinking I was violating any law of the Government I assisted the young man Burger as sworn to in this statement.

Samuel A. Budge

Statement of Saml. A. Berger.

Committed by Col T. Ingraham. June 23. 1864.

I am a native of Washington City, D. C. and 21 years of age - have no profession, and reside at No. 401 Twelfth Street, North.

Since the Rebellion I enlisted in the 9th New York Volunteers (Hawkins' Zouaves) and served with that Regiment for about eighteen months; was then detailed as Messenger in the Office of Col Wm. Hoffman - Commissary General of Prisoners - and on duty there for about five months, and at my own request was sent back to my Regiment. A few days after my return thereto the Regiment was consolidated into the 3rd New York Volunteers, with which I served until the expiration of my term of enlistment.

After my discharge I returned to Washington, and obtained a situation as Messenger under Col Hoffman, Commissary General of Prisoners, and remained there for about three months, when, with the approval of Col Hoffman, I turned over my position to my brother (John C. S. Berger) who is a soldier in the Veteran Reserve Corps.

About the 2nd of June, 1864, I proposed to Carey Selden to go South, assuring him that I could easily find a way to do so, to which he readily agreed - after which Selden made arrangements with another young man named Bryan to accompany us.

I called on a lady friend (whose name I decline to give) to obtain the necessary information to enable me to get South, and at her request I called on Mr.

Zimmerman (who keeps a House-furnishing store No. 7th Street) to obtain the necessary instructions. I did not see Mr. Z. and as my lady friend informed me that she had left a note at Mr. Z.'s about the matter, it was not necessary for me to call again at his store. Mr. Zimmerman sent a note

to my address and residence, enclosing a Map, with written directions, to Mr. Alfred Ray's house. Also, a note to Mr. Ray with instruction for him (Ray) to forward us as he had done the previous party, and to give us all the other necessary informa-

tion to make our mission a success. Being possessed with this communi-
cation and assistance. Carey Selders Bryan and myself started for
Montgomery County, Maryland, on Monday night, June 6, 1864, and arrived
at Mr. Ray's house about 8 O'clk ~~AM~~. Not finding Mr. Ray at home we gave
the letter we received from Mr. Zimmerman to Mrs. Ray, and explained to her our
business. Mrs. Ray requested us to remain until the return of Mr. Ray.

Bryan becoming uneasy declared he was going to return home, and started for
Washington, leaving Selders and myself who remained until the return of Mr.
Ray to his house, which was about 5 O'clk ~~AM~~ Tuesday, June 7th. We
then informed Mr. Ray of our business, and received an invitation ~~for him~~ to re-
main at his house over night, which we accepted. In our conversation
with Mr. Ray he informed us that he had just returned from Washington - that
he had seen Mr. Zimmerman, and thoroughly understood about our business from
Mr. Z. previous to seeing us, and promised us all the assistance requisite for
success - assuring us that he had forwarded a party South on the previous Mon-
day.

We remained at Mr. Ray's house that (Tuesday) night, and on
the next day (Wednesday) after Breakfasting with him, left his house, and by
his directions proceeded to the house of Mr. Horner, who lives about 7 miles
beyond Rockville, at a place known in that neighborhood, as "Middlebrook".

On arriving at Mr. Horner's house we found him absent from home, and
made known our business to Mrs. Horner, who gave us a room in which to
change our clothing, after which we waited until the arrival of Mr. Horner
about 7 O'clk PM. (Wednesday) We informed him of our business and de-
termination to go South, and informed him (Horner) that we had been referred
to him by Mr. Ray. Mr. Horner then entered into conversation with us, and
informed us that a party had been forwarded across the Potomac on the previous
Monday (June 6) and that his son Frank was one of the party.

On invitation of Mr. Horner we remained at his house that night (Wednesday)

and until about 12 o'clock on Thursday (June 9th) when Mr. Horner informed us that it was unsafe for us to remain longer at his house, as a party of Union Soldiers were expected to scour the country from Muddy-branch to his neighborhood, as the Union Soldiers had learned that the party before referred to, had successfully crossed the River on the previous Monday, and that we had better select ourselves in the vicinity of Sandy Springs, and that as soon as the party was ready he would send us word - we agreeing to keep him posted of our whereabouts. We then took dinner and left Mr. Horner's house, leaving my carpet-bag at his house, until we were summoned to be in readiness. We passed through Mechanicsville about 6 PM (Thursday, June 9) and stopped at a Mr. Briggs, who is a Union man, and took supper at his house, representing ourselves as visitors to a school in the neighborhood. About 9 PM we left Mr. Briggs' house, and went into the Gymnasium, in the rear of Stammers' School, where we slept that night. On Friday (June 10) we laid around in the woods all day and night, and on Saturday morning (June 11) we started for the Cross roads out on the 7th St. (Washington) Road, to a Mr. Baker's whom we soon found out to be a Southern sympathiser, and who professed his readiness and willingness to assist us. At this place I left Selden and started for Washington, where I arrived about 5 PM, and put up at the New York House on 7th St. I informed no one in Washington of my business - remained in Washington Saturday night, and started for Mr. Baker's at the Cross Roads on Sunday morning (June 12) and arrived there about 10 AM, where I met my friend Selden, who informed me that he had learned the names and whereabouts of several parties all of whom he represented to me as being engaged in and interested in assisting and aiding those who were desirous of assisting the South, and opposed to the Union. About 12 o'clock while conversing with Selden, a man named Thomas Nolan approached us and said that his brother (James) was waiting for us to take dinner at his house.

which invitations we accepted and proceeded to and dined at his house. There we met a man named Robinson, who, with us, talked freely about our contemplated intention of going South. Mr Robinson talked freely about obtaining Horses to take with our party, which was to be largely increased in a few days. During the evening a Mr. Brown was at Mr. Nolan, and we were cautioned about conversing with him, as he was a Union man. Another party also came to Nolan, named Eccleson, in company with a companion, and as Eccleson was known to be a Union man, we were cautioned against having any conversation with him. Robinson informed us that Eccleson had a number of good Horses, and declared that he (Robinson) would furnish us with a person who would guide our party to his place, so that we could provide ourselves with Horses. We left Nolan's house about 6 Oclk PM. on Sunday (June 12) and returned to Mr. Baker, at the Cross Roads and remained there all night. In the morning Selden and myself took Breakfast at Baker's, and at his suggestion remained in the woods all day. (Monday June 13) In the evening we returned to Baker's, took supper and retired. In the night we were aroused by Robinson, and Wm T. Beckwith, with a man who was introduced to me as Capt. Mitchell, but whom I subsequently learned was Capt. Mat Dorris. Baker was up with us, and conversed with us in relation to our contemplated arrangements, until nearly 1 Oclk AM. of Tuesday morning, when we went to sleep. After Breakfast in the morning (Tuesday) Dorris, Selden and myself returned to the woods for the day. About dark we returned to Baker's, took supper and again returned to the woods, until about 9 Oclk. PM, when Robinson, Beckwith and about eight others met us there near by Baker's house, when, in accordance with previous agreement we proceeded to Eccleson's place, guided by Mr. Beckwith. When we arrived near Eccleson's we found it to be too late to take his horses, ^{that night} and remained in the pen, near his house ~~that night~~ until 4 Oclk PM. the
 - next day.

During the day Baker and Robinson had left our party, but the others remained with us. We procured provisions from Baker's house, and also succeeded in getting a number of Eccleson's horses (I believe about seven) and left that evening, on horseback, for another location. Borrie, Selden and myself separating from the party, about three o'clock in the morning, proceeded to Mr. Horner's, where I had left my Carpet-bag. Here we obtained food for our horses, (having informed Horner how we had obtained our horses) and from whom they were taken.) We remained in the pines all that and the succeeding day (Friday) having a supply of provisions for ourselves and horses obtained from Mr. Horner. Here we left Horner for the pines, about a mile distant, where a young man named Henry Smith (Son of Bayard Smith formerly of Washington) who was originally of our party, but who had gone after certain horses, with Baker, which belonged to a neighbor of Baker's, and having been successful in procuring two horses, had called at Mr. Horner's, who had directed him (Smith) to our whereabouts. Borrie, Selden and myself called ^{at} different times at a man named James Rabbitt, and obtained refreshments. Rabbitt was perfectly familiar with our mission, which he aided with that understanding. We remained in the pines until next day, preparing to cross the River. Borrie left us to meet the balance of our party - to have all things in readiness - and during his absence Selden and myself were captured, taken to Muddy branch - there ironed, conveyed to Washington and committed to the Old Capitol Prison.

I have made the foregoing statement, voluntarily - without promise or reward, but knowing the great error I have committed, and being truly sorry thereof, I throw myself on the Mercy of the Hon: Secretary of War. Having in this statement fully exposed a set of men living under the Government of the United States, I hope thereby (as I believe the information to be valuable) in some way to atone for the error I have committed, and bring to punishment

ment these men who are traitors and aiders of Rebels, while professing to be loyal citizens, and upon which I pray for my discharge, pledging myself to expose other parties, whom I have reason to believe, are now and have been engaged in the same disloyal practices.

My name is W^m M. Bryant I live at No 303 G St. bet 13th & 14th I have applied several times for employment under Government, and various other positions. and not being able to get any thing to do. I thought I would try and get down south. I started to go south about six weeks ago. and was arrested and brought back, and confined in the "Central Guard House" several days, and was released by Col Taylor. since then I tried to get a situation but was unsuccessful. so I thought if another opportunity presented itself, I would try to go south once more.

On the evening of the fourth of this month, Young Selden came to see me at my house. and told me he was going south. he had with him a Young Man by the name of Berger. I did not know Berger before that evening.

Young Selden I have known ever since he was five years of age. They said they were going south, and wanted me to go with them. I asked them what route they were going to take, they said the route was all laid out, and showed me a drawing. I then asked them when they were going to start. they said they were going to leave the City Monday night (the sixth of June) I consented.

to go. We started Monday night. The plan was to go to Mr Ray's house, about twelve miles from the city. We reached there about 11 o'clock the next day (Tuesday 7th) Mr Ray was not at home. I saw Mrs Ray - and asked her if she knew of any route to take that would enable us to get down south. She said she did not, that she had heard of parties going, but had no idea which route they took. I saw then there was no chance of getting down south. And I told the boys that they had better give it up, and return home with me. They said no, that they were going to keep on. So I took the Rockville stage and came back home with the intention of never trying it again, and am willing to take the oath if the Authorities request me to do so.

June I was at Hicks Grocery. I heard some
one say there was about to be a press in town
I stepped out and looked in the direction of Peets
store and saw Frank Mumford and Thomas
J. Roland standing close together. Mumford
drew what I supposed to be a revolver. Roland
then drew his revolver and presented it to
Mumford's breast. I could hear their voices
but could not distinguish their words they
stood there a short time. Mumford started
towards the post office. Roland went in a
contrary direction. M. G. Antle.

Newtonia, Mo.,

To Brig. Gen. J. P. Searborn,

Com'g Dist. S. W. Mo.:

General - As per-

sons directly interested in the operation of your recent General Order, No. 45, we ask leave to present to you a statement of facts. In the town of Newtonia there are two trading houses, Grabill & Ratchey, and S. W. Wolcott, each conducting a small business - much smaller than a year ago, owing to scarcity of money and diminished population. In all the seven counties named in your order, these are the only trading houses, so far as we are aware, outside the towns of Madsen, Carthage, Greenfield and Stockton. Consequently we are the only ones whose business will be stopped. Yet this post has during the war been more constantly and more strongly garrisoned than any other in the counties named, and is now probably, considering its defences, the strongest post within them, and is little liable to be attacked as

any. Of the little loyal population left in the county, probably more is gathered near Newtonia than any other place in it. It is safe to say there is not a Union man west of Neosho, and it is likely that three-fourths of the whole population now lives east of Neosho. We write chiefly in our own personal interest, and do not pretend otherwise; yet many others will be affected by the removal of our goods. Many live chiefly from "hand to mouth" and will with difficulty obtain their few supplies from a greater distance than now. It is true, families of rebels obtain supplies, and now and then perhaps the rebels themselves. Yet we doubt not we can show they obtain as far as this post as any other. They will obtain them, as they have, at Neosho, and Mt. Vernon, and Springfield; we know that persons from this country and below have ^{and do get} gotten just such supplies. And they get here, from both the latter places; and the only whole barrel

of salt going into the neighborhood, that we know of, was bought at Springfield. Contraband goods have always been sold according to regulations, more or less; salt, rarely more than 25 lbs to a family. Ammunition has never been kept by G. + R. except about 2000 percussion caps 18 months ago, and but little by Mrs. Wolcott, and none now. We never have supplied in undue quantities goods that rebels would be likely to get, and have never had the desire to do so. These things we think we can show you satisfactorily, if necessary; and reports (and we have heard such) that may have come to you, notwithstanding. We refer you to Capt. C. P. McAfee, coming this post last fall, for evidence in part.

If we prejudice the public service by selling goods here, or if advantage is gained by our removal, we cheerfully acquiesce. Of course; we obey notwithstanding; asking, however, your attention respectfully

To what we here state.

The regular occupations of all of us have been changed by the war. Capt. Ritchey (of G. & R.) has been in the service eighteen months without pay; Mr. Grubbill and Mr. Wolcott (postmaster) have had their former occupations destroyed. This, however, matters nothing, and has no bearing on the matter in hand. For character, refer to any officer who has been stationed in Newtonia.

It is proper to state, perhaps, that this day, and since the date of your order, goods have been taken to Granby lead mines, 5 miles west of here, and 7 east of Newso.

Respectfully submitted.

Grubbill & Ritchey.

Gen. Striborn,

Dear Sir, We take the liberty of dropping you these lines for the purpose of ascertaining whether there be any chance for more protection to our County than we now have.

Capt. Rohrer and his company of fifty men are as effective a little company as any in the State, but are utterly too weak to contend against the Rebel force now prowling our County,

Last Sunday they made a very bold demonstration against Stockton, and would no doubt have captured the place had not the Scout returned in time to defend it. While threatening the town they had outsiders stealing horses plundering houses and also captured an old man Couner & Jan & took them off a mile or so from home & murdered them.

A large number of good farmers have been driven from their farms and our County, ^{will soon be} vacated unless speedy relief is afforded.

Please answer favorably if possible at the earliest opportunity to Capt. J. H. Rohrer at Stockton and we will ever play & c,

Sir: The publication of General Order No 45 from your Head Quarters dated the 20th inst, adds greatly to the difficulties and embarrassments of this community, which contains a farming interest, and a population as Loyal, and at the same time as active as can be found in the Southwest

The supplies that all to some extent need; by the operation of the Order, will to great extent be denied the citizens, or only obtained by increased expense and hazard, as it is but too clearly indicated that the order contemplates that the Troops are alone to be stationed at the points where such supplies are to be held, and as this section has been from the outset of the Rebellion ~~been~~ ~~steadfastly~~ ~~true~~ to the Union, it has in the same proportion incurred the unrelenting hate of the Rebels, which was manifested by their penetrating within the lines of Our Post on the 14th inst - as their burning and sack-
ing this place, and the killing and wounding of every citizen within these reach

If to the dispiriting influences, which have heretofore might set upon the undersigned, this Order is to be persistently enforced, they can see no security but in the abandonment of their homes, consequent flight to some place of safety; and which if the exigency of the times demand they are willing to accept. But if on examination of the condition of affairs - which are indeed - the belief remains still to be understood by you - the Order can be revoked or modified, we shall feel that our situation are not without hope, and with this suggestion made with a full comprehension of all the dangers that surround us, we shall await with much anxiety your final decision, and beg you to believe us in all sincerity your devoted friends and servants -

Dear Sir

Sir the prisoners, Mr Wetherburn
Hamm and Mr, Davis, who will
be brought before you for trial
from this neighborhood are peaceable
quiet Citizens and two of them
belonging to Loucas; Company of
Infantry at Meyersville, They were
assaulted at their home at a
late hour of the night by a
mob composed of veteran
Soldiers and Citizens, They came
and demanded their arms and
on their refusing to give them
up they by threats of burning
the house down and their heads
were induced to open the doors
and let them in, and then
surrounded up their arms after
which they ^{were} Cuffed and taken
considerably and then taken off
to Cameron as prisoners, They
also broke Mr Wetherburns gun to
pieces, This mob was composed
of about ten or fifteen men.

The poor petitioners would
ask your honor to send down
a squad of men to Cameron
to the arrest this mob and
they can get any assistance
they need.

Dear Mr Bennett, I am This will introduce
to you Joseph L Pryor, a most worthy and
griest young man whose name and his family,
I have known from youth. His Father
has been all the time, and is now, a
decided and outspoken Union man, like
myself, called Radical. He has two
sons who have been arrested and are
now in Jail here, arrested by the Provost
Marshal for complicity in killing a Negro
man. The facts about the whole case I don't
know, and whilst I do not desire to
screen any one from punishment, I most
feel it due to Mr Pryor, the Father of the
Young men, to say that he is a man of
good character who has attempted to
raise his children well, and that he
is no loyal and unflinching in his sup-
port of the Govt as any man in the State.
The bearer, J L Pryor, will tell you about
the circumstances connected with the
killing of the Negro - when the case comes
up for adjudication please bear in mind
the good standing of the two young Pryors;
who, unfortunately, are found in this trouble.
I hope to hear from you often and well

act with you in our future contests,
and may God give victory to our
Army, and to the party who stand
up for the Union without "ifs and buts".

By the request of
my friend, Mr Fayer, I address you,
I can state in his behalf & Family
that they are earnest and upright
men, and have been good law
abiding citizens. During the Rebellion
the outrage they are accused of
I know nothing, But I do not
believe men of their standing, would
be guilty of such a crime.
We have quite an exciting time
here at this time, several
Union men have been killed, at
their homes, I do not think
there is many Guerrillas, But
they make a great fuss

Dear Sir This will be handed
you by Mr Joseph Poyor who visits your
city for the purpose of conferring with
you in relation to two of his Brothers
who have been imprisoned in the County
Jail under the charge that they were engaged
in selling a negro man belonging to Mr. Alpha
In these the circumstances of the case are these
as far as I have been able to gather them
This negro man has a wife at old man Poyors
he came to town and reported to the
Provoost Marshall that she had been mistreated
by Mr Poyor and asked the Provoost to
send out and bring him in but he refused
to do so The negro then went out himself and
demanded that Mr Poyor give him up his wife
which she refused to do whereupon she says
he abused and threatened her but committed
no violence he came out to town and on the street
he commenced abusing old man Poyor this
I saw with my own eyes he was told by some
of the Citizens that unless he left the street
would arrest him he immediately left and
went home was afterwards put to hauling wood
from his Masters Farm in the Missouri
Bottom to Basters landing and on his
way back with the empty wagon was
shot that some young men were arrested I suppose
from the fact that they were the sons of old man
Poyor as I understand there is no evidence
against them I have never seen that these young
men vicious but was always looked up in

as practicable Citizens Old Man Poyor
has always been a humane Master
and during the rebellion has always been
an instructing Union Man and has
always been looked as rather Radical in
his time than otherwise I have given
a plain unvarnished statement of what
I have heard and seen Mr Poyor desires
to have these Cases turned over to the Civil
authorities and should it meet your views
of the Case ~~after~~ having heard what Mr
Poyor has to say ~~you~~ have known him
from his boyhood up and always
looked upon him as a Trustful Man
should be glad you would have
them disposed of as he deserves

Sir:

We the undersigned would most respectfully request that your order, by which two citizens of this town, Edwin Turner and John Hall, were arrested and banished from the Dist. be revoked so far as it applies to the former. The facts in the case of young Turner, leading to his arrest are briefly as follows: on the evening in question he was left at the Virginia Hotel, with directions from his father H. Turner Esq. proprietor of said Hotel, to attend and wait upon the guests until sent for, as he was the only male member remaining in the absence of Mr. Turner. Not appearing among the Citizens Guard at the first call, a guard was sent for him, and he accompanied them and was on duty all that night, and each subsequent night when called on. He is a young man of temperance, most unexceptionable character, and undoubted loyalty. Having served in the Enrolled Missouri Militia when not of the required age, from the time of its organization until it was disbanded by the formation of the Provisional Regiments, and has not failed to respond to every subsequent call, for the defence of the town. The most that can be said against him is that he claimed to belong to the old organization, and was exempt from the Citizens Guard. Nevertheless he was on duty as above stated.

In reference to the ownership
of the building formerly
occupied by the United States
at Fort Gaston

James Garma Esq
of 22nd. 1892.

Recd Fort Gaston June 27th 1864

Sancti 24 June 1864

Colonel

Mr Codrington of Meata informs me Mr J. Cullberg makes some claim to the building erected on Government land at Fort Gaston and recently occupied as a store and has requested me to present for consideration a statement of the proofs of Codrington's ownership of the premises.

There have been adverse claims to the building by Cullberg & by Codrington's but these have been long since settled and it was with some surprise that I heard that Mr Cullberg now claims to have any interest in it.

On the 27th May 1862 G. H. Saggart who was then the undisputed owner & occupant and I believe Suttler at the fort being largely indebted to Codrington's executed a transfer to them of his property including the building and on the 23rd June 1862 executed a more formal Bill of Sale in which the building is described as being situated "on the Military Reservation called Fort Gaston". To this Bill of Sale Mr now Lieut Wm L. Reed is the subscribing witness. Under the transfer possession of the premises & other property was delivered by Saggart to Mr Flower agent appointed by Codrington's to take delivery. Before however any removal of the stock or other moveable property sold could be made and on the same night I believe that the delivery was made Mr Saggart who had been charged with or suspected of some military, or

political offence was arrested and the property sold taken charge of by the Military Authorities, Mr Flowers as agent being in possession. Subsequently Mr Tuggart was discharged from custody, his property surrendered and such of it as was capable of manual delivery delivered to Codrington Ho who accepted for the same 25 June 1862. on the inventory taken by Lieut Schindler signed by Capt John S Inge C.O. Fort Fort.

The building was on the 26 June 1862 leased by Codrington Ho to H. H. Olney the then Surveyor at the fort, the same Lieut Schindler being the Subalterning witness to the lease, and Olney thus partner continued in possession of the building as Codrington Ho's tenants until after the Sheriff's sale which will be referred to.

This is Codrington Ho's title as it ~~originally stood~~.

Mr Tuggart was also at the same time in debt to J. Leullberg. Mr Le. brought suit, issued an attachment and the Sheriff reached Fort Gordon soon after ^{the property} it had been taken possession of by Military Authority:

The officer in possession would not allow the Sheriff to execute his writ: afterwards Gen. Wright interposed the Sheriff was permitted to proceed with his process and to sell the building three days being allowed to the purchaser to remove it or the materials of it, from the Reservation. At the sale Mr Leullberg became the purchaser, Henry T Flowers, Codrington Ho's agent being in possession.

There was certainly at that time a conflict of rights to property to be determined and depending on this question, whether before attachment levied there had been a delivery by Tuggart to Hoodington Co sufficient to defeat the operation of the attachment.

Cullberg having thus purchased at Sheriff's sale sold the building or the materials in it to Olney & Flowers who were at the time in possession. Thus able, ceased to have any interest in the building. His right thereto whatever it was, was transferred to O & F and they became the claimants of the building adverse to Hoodington Co, with the legal question perhaps more obscure by reason of their relation to it as Tenants.

No legal proceedings were commenced by either party and they soon became unnecessary, for after some threatenings and belligerent preparations, the whole controversy was amicably settled by Hoodington Co buying from Olney & Flowers the rights and property in the building they had previously purchased from Cullberg.

The Bill of Sale from O & F. to Hoodington Co is dated July 23rd 1863 and by it they sell to Hoodington Co "all our right, title and interest in and to certain building materials in the houses or sections on the government reservation at Fort Gordon Hooper's Alley, Cal, heretofore known as the property of Geo W. Tuggart and now known as the Suttler's Store and purchased by me as materials from J. Cullberg.

It does appear to me that if there can be any propositions clear of all doubt or uncertainty they are

1st That Mr J. Cullberg has no interest whatever

4

in the building or materials &

2 That notwithstanding, however defective their original claim may have been, by uniting in themselves the only other claim antipathetic, are the bones

Board of Investigation
Hubbard J. M. President

Received of P. O. Box 10074
June 27 1864

Brig. Gen. Thos. Ewing-

Sir: The Board convened by Special Order, No. 142, dated Headquarters, District of the Border, Kansas City, Mo. Dec. 5th, 1863, to investigate certain complaints set forth therein, have ~~the honor to submit~~ herewith a partial report of their investigations.

In the case of John R. Edmumston, the Board find in accordance with the evidence adduced, that Mr. Edmumston's loss in the matter complained of, is as follows:

One hundred and sixty-two bushels corn at 20 cts =	\$ 32.40
Nine hogs weighing one hundred pounds each, worth three and one half cents per pound =	\$ 31.50
Total Loss.	\$ 63.90

In the case of Maj. William Gentry, 5th Prov. Regt C. M. M., the Board find in accordance with the evidence presented, that Major Gentry's loss in the matter complained of is as follows:

Five hundred and fifty rails at five cents each =	\$ 27.50
Eight hundred 75 pounds beef at 3 1/2 cents =	\$ 28.00
Four hundred and fifty five bushels corn at 30 cts =	\$ 136.50
Two hundred pounds of pork, at four cents =	\$ 8.00
Total.	\$ 200.00

The evidence adduced before the Board shows that of the animals lost by Maj. Gentry, three mules and one horse were taken off by some ne-

(over)

groes who left his place and accompanied the command of Col. Weed. Two of the mules subsequently passed into the possession of soldiers, and on the return of the command, were turned over to the Quartermaster at Independence, Mo. by order of Capt. Kees, Assistant Provost Marshal at that place. These mules are borne on the Quartermaster's return as government property, and have been branded "U. S." They are now in the possession of Capt. Charles S. Hills, 10th Kan. Vol., Asst. Provost Marshal at Kansas City, Mo. The evidence also shows that the other mule whilst still in the possession of one of the Negroes gave out on the march and was abandoned.

The Board have failed to find any definite trace of the horses, though they are satisfied that they were taken by some one connected with the command.

The evidence adduced in the case Mr. John R. Edmundson developed the fact that the commands of Brig. Gen. Crozier and Col. Weed while at Knoblocton, Mo. consumed forage to the value of \$20.00 the property of Elijah J. Smith, a loyal citizen of that place, for which no settlement was made.

Although Mr. Smith has presented no formal complaint, the Board believe his case to be a meritorious one, and would recommend payment in the amount stated above.

The Board also ascertained from the evidence in the case of Maj. Gentry that Mr. Andrew Haggard of Sodalita, Mo. sustained at the hands of the soldiers belonging to the aforesaid command a loss of one horse, one beef or atum, six hogs and a small amount of forage. They recommend that he be paid the sum of thirty three dollars and twenty-five cents, (\$33.25) the estimated value of the articles consumed. No trace of his horse has been found.

The Board find it impossible from the best evidence they have been able to procure, to fix the responsibility of taking and appropriating the property specified above upon any particular individual or command. In the step of the march, it was the practice of all of the companies to supply themselves promptly with forage and meat at every halt. Doubtless the amount taken in most cases would exceed the regular allowance, but the exigencies of the service rendered any more regular and guarded method of supply impracticable.

The two mules identified as the property of Maj. Gentry and the one belonging to Mr. William S. Taylor of Clinton, have been in the service of the United States for about three months; and the Board award the sum of twenty-five dollars (\$25.00) each as compensation for their use, and recommend that they be sent immediately in charge of an escort to their owners.

(Over)

4

The Board have been unable to find any definite trace of the horses lost by Mr. Wm. S. Taylor of Clinton and Mr. Ely Diamond of Warrensburg, and they desire to delay, for a short time, their final report in these cases, in order to avail themselves of some additional evidence which they have been unable to procure.

Very respectfully submitted.

Report of a Board of Investigation convened by S. O. No 142 Dec 5th, 63, at Kansas City Mo. of which Supt J. M. Hubbard was President.

John R. Edmonston, sustained a loss of one hundred and sixty two bushels of corn, at 20 cts per bushel, in value \$32.40 Three hogs weighing one hundred lbs each. $3\frac{1}{2}$ cts per lb \$31.50. Making a total due him of \$63.90

Major Wm. Gentry 5th Prov. C. M. M. sustained a loss of five hundred and fifty rails at 5 cts each. \$27.50. Eight hundred pounds of Beef at $3\frac{1}{2}$ cts each \$28.00. Four hundred and fifty five bushels of corn at 30 cts. \$136.50. Two hundred pounds of pork at 4 cts. \$8.00 - Making the total amount due him \$200.00

Of the animals taken from Major Gentry, three mules, and one horse, were taken by some negroes who left him, and accompanied Col Weer, two of the mules were in the possession of soldiers afterwards, and were turned over to the Quarter Master at Independence, Mo. by order of Capt Rees. They are branded as U. S. property, and are now in the possession of Capt Cha. S. Mills Capt Prov Marshal, at Kansas City, Mo. The other mule was abandoned on the march. The Board has discovered no definite trace of the horses

Elijah J. Smith of Knob. Master suffered a loss of forage to the amount of \$25.00. Mr Smith has presented no formal complaint but his case is meritorious

Mr Andrew Haggard of Sedalia Mo sustained a loss of one horse, one beef creature, six hogs and a small amount of forage \$33.25 etc is the value of the articles consumed. There exists no trace of his horse

The two mules of Major Gentry, and the one belonging to Wm S. Taylor of Clinton Mo, have been in the U.S. Service, and the Board recommends that \$25.00 each be paid for their use, and that they be sent under escort to their owners. The Board has been unable to find any definite trace of the horses lost by W. S. Taylor, and Ely Dearmon, and delay their final Report until they have procured further evidence

Submit final Report of
their proceedings. They have been unable to ascertain
any material evidence, relative to the horses taken ex-
cept in one instance. They are convinced that the
horses lost by Major Gentry, and W^m S. Taylor,
were taken by some one belonging to or accompanying
the command of Col New, and those of Ely Diamond
by Genl Croings command. Capt H. L. Wheat
Co "E" 11th Mo^{ols} reports that there were in the pos-
session of his men, at the close of the expedition sever-
al captured and contraband horses, but he cannot
say whence they were taken, nor identify them.

Those that were not turned over to the Quarter Master
he retained in his company as U. S. Horses

Sir:

June 15, 1864

I ordered the arrest yesterday of A. J. Troyles and G. M. Courtnier, of Bedford Co. Tenn., living in the vicinity of Duck River Bridge on S. C. R. R., - suspected of being concerned in the shooting of a Picket of the 51st Wis. Iols., at Duck River Bridge, on the night of June 3^d 1864. I examined them this morning, and elicited the following facts:

A. J. Troyles examined - says he lives 1 mile South of Duck River Bridge - has taken the oath of Allegiance to the U. S. - says he was conscripted in the Fall of 1864, into Newman's (Rebel) Battalion - was on duty at Shelbyville & Winchester. At the time of Pragg's retreat from Manassasboro, he obtained a furlough & returned home, and says he has remained there ever since. On the night the Picket was shot, Troyles states that himself & family went to bed between sundown and dark, and that none of his family were up during the night, but the Pickets say there was a light in his house immediately after the shot was fired - (say 11 P. M.)

G. M. Courtnier examined - claims to be a farmer - was arrested early in the Fall 1862 - charged with burning R. R. bridge, over Duck River, and at that time took the oath of Allegiance to U. S., but while under guard, broke away and was shot by the guard, and severely wounded. After his recovery, he volunteered in a Rebel Company, formed in his neighborhood, but states he was exempted by the conscript Agent (Rebel)

Courtner denied, in the commencement of the examination, that he had been in the Rebel Army, but afterwards admitted the fact of his having volunteered in a Rebel Company, with his certificate of having taken the oath of allegiance to U.S. in his pocket. One double-barreled shot gun was found in Courtner's possession, in the morning after the Picket was shot, one barrel of which had evidently been recently discharged. A U.S. Springfield Musket was also found in house of said Courtner's father, living inside guard line at Duck River.

The citizens in the neighborhood of Duck River Station, state that Foxes and Courtner are both unmitigated Rebels, and dangerous, bad men.

I ordered the prisoners back to the Stockade, to await orders

On this the twenty seventh day of June 1864, personally appeared before me Sarah Jane Priest, a girl of 16 years of age, living about a mile from these Sta. Qrs. in a common log farm house, with her mother, sister and two brothers, not of age and made the following statements to me under oath, to wit:

That about noon this day a colored man calling himself Milton Washington in company with another colored man calling himself Sandy Alexander went to her house to ask for soap, they went from there to a branch of water about a hundred yard from the house asking the deponent Sarah Jane Priest, to show them the way, father deponent went along to show them where the water was, and when they reached the ranch they both seized deponent, one at the throat and the other one closed his hands over her mouth, deponent managed to cry for help when her sister Anty, Missy Priest ran to the rescue upon which the two colored men, who had already raised the cloths of deponent with intent to ravish her let go deponent and ran away.

Both colored men are employed as teamsters in the Ordnance supply train Dept. of the Cumberland

Reuben Clark (Col.),
States:

That Shelby Clark
of Andrain Co. Mo. did during
61st and 62nd compel him to carry
arms, ammunition &c to the rebels
in camp in Callaway Co Mond
finally in April 62 sent said
Reuben Clark to Nevada Terr.
for fear of Reuben's informing on
him to the Fed. authorities.
R. has now returned with a
letter from Gov. Jas. W. Wye
of Nevada Terr. stating that
R. Clark is a man of good re-
putation and character, entitled
to the confidence of the people, hop-
ing that all Officers, Military
and civil will aid him.

Reuben Clark has now received
free papers & desires same & protect-
ion in getting his family to the
R. R. in Andrain Co that he
may take them to Nevada Terr.
with him. Has from said to

several hundred Dollars in gold
which he made in Nevada,
enough to clothe and feed himself
and family and pay their way to
Reuben's intelligent and any
assistance that could be given
him by the Gov. of Mexico
in protecting him with his
family from Shelby Clark
to R. R. would give a worthy
old man his family and
deprive a rebel of their labor.
Shelby Clark should be arrested
to answer the charge made
against him of arming and
abetting the rebels in arms,
by furnishing arms and am-
munition to them through
his Reuben.

Statement of Reuben Stark (col'd) Auditor in Co.
Mo. -

My age is 46 years - I formerly belonged
to Shelby Stark, who now lives 10 miles from
Mexico Mo. - I lived with Shelby Stark from
my birth until April 28th 1862, at which time
I was sent to Nevada Territory by my master.

During the troubles of the rebellion in
01 and 62 until April, when I left, I was sent
by my master to the rebel army twice with
powder and shot, & two guns - I was arrested by
the federal forces twice, 1st time at Mexico and
released again, the 2nd time I was arrested in
Callaway Co. and soon released again. The
neighborhood was all rebel, and they feared from
my being arrested, that next time I would be
compelled to tell all about them and their acts,
and the result was that my master gave me
an outfit of clothing and told me to go to
California, which I did and started in April
1862 - I arrived in Nevada Prof. Carson City
in Nov 62. and have remained there until
March 22nd 1864 when I left to come home
and arrived here on Monday 25th May - and
went up to the country to my old home to
get my family and returned with them to
Nevada Territory - but on arriving in Audrain
Co. I found it impossible to do or say

anything and feared losing my life as they
think I will tell now all about their action
suspending fire with powder and shot to the
enemy - I have money enough to get back
to California with my family, without needing
any assistance from anyone: if I can be
protected in getting my family away
from Anderson Co. - Shelby Clark is a rebel
in his words and in his actions - When I was
with him - (Clark) the neighbors would
bring Powder Gunz and shot and leads to
Clark's and he would send me with them
to the rebel camp - there were three camps
in that Co. of Callaway - my master loaned
them two horses, but they returned them
again - I think this was late in '61 - I told
the man that killed "Pharpi" and a dutiful
man stopped with my master and would
get meals with him - Cobb is a rebel
Bushwhacker and is uncle of my master.
In Nevada Territory, I worked some for
Gov. Myer, who gave me the enclosed
letter of introduction - marked "A" - I am
loyal to the government and always was.
Have never had free papers, think I am
entitled to them and would like to have them.
My master made me go to Nevada Terr.
for fear of my informing on him to the

federal Authorities. I was compelled to
take ammunition to the rebels or get killed,
but was not a rebel at all and would have
left the Country but my family would
be abused & feared. I should like permission
to go to Audrain Co and see my family,
they live 10 miles from Rail Road and if
protected in getting them there, it is all
I desire. I have from 5 to 700 \$ in gold
which I made in Nevada and this will
clothe my family and take us all through
nicely and I will then have some left to
commence on for future subsistence. A
negro man has no chance in Callaway
or at all among the rebels, they would kill
me in a minute if they knew I was in the
neighborhood for my family. I hope I can
have the protection of the Military at
Mexico in getting my family to Depot
and willing to pay the expenses, for they
are living with a rebel who abuses them
and I want them with me that they may
enjoy freedom.

I owned the Colored by Rubber
Lid or seven years previous to his starting
to California. He went to California
with my consent, on the condition
that he was to pay me \$500.00 his
assess value in the said year, &
if he remained four years he was
to pay me \$700.00. I never have
for any such wharves or furnaces
than ammunition nor arms with
my consent. About the time of the
first Bonville fight two Rebels came
to my house, one of the men was
a man who I had been once acquainted
before this deceptly - he knocked at
the door & spoke - knocking his
voice. I asked who he was, he
gave me his name as John. Cotton
I told him to come in - I rose
up - he entered the room &
grabbed the gun - & said that
I had come after these years &
by god he was going to have them
I then tried to get hold of the
poble barl shot gun which was
loaded with buck shot - I thought
if I could get hold of it I
could save both of my guns
but he said by god I could not get
it, he had his hand on it & I
should not have it.

On the day of Butcher's fight or soon
after - two bushwhackers came to my
house around well & ordered my wife to
cook dinner for fifty men - I being
absent at the time they ordered dinner
my wife told them that she would
not cook it - they told her if
she did not they would take two
of the best horses on the place
about the time they were starting
to the stable to hunt - the horses
I came home & asked what
was up one of the bushwhackers
told me around and asked if I
was Mr Clark - I said I was
he then went in to the yard &
spoke to Capt. Powell & said here
is Mr Clark the land lord - he
extended his hand which I
refused. he told me he wanted
dinner cooked for fifty men - that
my wife had refused to do it
I stated to him that I was no
cook - he then swore that he
would have dinner for fifty
men, & then passed on toward
the house - he turned to a
nigger boy 14 years old & asked
him if we had any meat - he said
yes - he then ordered him to go
to the smoke house & throw
it down - the boy was almost

to death obeyed. he then threw down
2 horns 1 shoulder & 1 side
he then called on me for a sack
all the sacks I had were hanging
out in plain view. in a few steps
of the meat-horn. seeing
they were determined to have all
they wanted I called on the
myself. I then out all old
sacks which were used as a saddle
blanket. They made the black
by put the meat in it & carry
it to the yard gate. he then
called on me for flour. which
I had not. he wanted to know
if I had any more I said yes
he told me to get it for him
I then consulted with my wife if
it would be better to open the
door as he would know it any
how. I then opened the closet
door & he helped himself to a
half bushel. after he got the
meat he ordered me to come out
to the gate. it worked when a
man ~~then~~ said as I was a damn
white man from what he could
see. he would make me take
that provision to camp. I told
him I would not do it. he asked
if my black boy could take it
I told him not with my consent
he asked if there was a horse

up. The boy told him no. about-
this time a man that was in
the lot - made his appearance
The man then put his hands on
his no. & said god damn you
what - did you tell me that - by fear
of man him get the man &
take the provision to camp - which
was about 3 or 8 miles off. - at
the boy told me after was over
He told me if I left - home in
twenty four hours he would
come back and kill me and burn
my house. I did not put them
as soon as I could. I started to
my in the same evening to come
across a square of them & they
asked me when I was going to
I told me if I did not go back home
they would blow my house out.

known to you personally and most probably
even by reputation & consequently feel a
an degree of diffidence in presenting
any statement having for its object any
influence upon your official course touch-
ing the charges against any person.

But having been repeatedly requested by
letters from the wives of two citizens of the
Teren whom I resided for at least thirty
years & possess my own sense of propriety &
good taste & yield to their natural
anxiety for the fate of their husbands.

I have known James S. Adams
from his childhood intimately - his father
Judge Adams (now deceased) being one
of my most intimate friends. I have
known E. P. Armstrong twelve years
having resided in the same house
with them until last Sept when I re-
moved to this city. As to the charges against
them I know nothing of their conduct

Since last September I know nothing
My sole object is to state that from
my knowledge of these men I have no
doubt they would strictly conform to
any undertaking on their part with
the Govt within our Bond or simple
parole to the limits of the State of Calif.

I have learned with great regret and
more regret than surprise that the author-
ities in this Dept. have well grounded
cause for believing that a secret and
disloyal organization is forming & perfecting
its organization in this State - of this of
course occupying no political position
would not be likely to know anything
nor do I. but of course I would not
ask the Dept to relax anything of their
vigilance or rigor in detecting it
and punishing its members.

in reply to your Telegram rec^d
to day, I have the honor to report that
Genl Grants Order N^o 5 dated Feb 12th has
and is being violated, Persons with permits
from "every Comd Officers" have been and
are at the front swindling the people
and the Gov^t. I have reason to believe
that some are paying for Cotton with Gold
Obtaining the most prominent Cotton
Trader is one Temple Black whose
permits should be revoked and he
be prohibited from coming south of
the Ohio under penalty of imprisonment
during the war. C W Hobart the US Army
Agent I have every reason to believe is disloyal

I have him in arrest and suspended
him from his office until he has been
tried which will be next week
he has been I think in collusion with
Temple Clark. Altho' I shall not be able
to prove it, he has given authority to
Clark to gather Cotton said to be allowed
(in a number of instances not the case)
allowing him Clark $\frac{2}{3}$ Clark again
sub lets it for about $\frac{1}{3}$ when $\frac{1}{2}$ is,
considered a fair compensation for ginning
& Baling Cotton.

I have also had in arrest one Sterling
Cotton Buyer, just tried and pronounced
sentence of Mil Com that he pay \$10,000
and be ordered out of the line and exalt,
if he returns if imprisoned during the
war I hope I shall be sustained for
this was a most flagrant act of stealing
the Govt out of 44 Bales Cotton, permitted
by Hobart ~~with~~ who had the Cotton in
charge having been seized by Mil authority,

and turned over to him. There are
many others who should be attended to
but it is hard to watch both ends of
the line there seems to be no trouble of
getting Cotton into Nashville and disposing
of it or getting what they want out
in short there is so much dishonesty
that I do not see how a stop can be put
at

Sir,

Mrs N. A. Vaughn, Maggie
Vaughn, Loui Vaughn, and James Vaughn, were
to day reported to me, by order of Maj Gen Sherman
to be kept here, "under Military Surveillance during
the continuance of the present war." I have the honor
to report that I have taken their parole to remain with-
in the city limits until further orders, and in the
mean time report to me, in person, every day, -
there being no Military Provost Marshal here
I have taken charge of these persons, and under-
taken to execute the orders of General Sherman. It is
proper that I should say that I have a "District
embracing territory more than one hundred square
miles, with only one Deputy and four Special Agents
as a detective or police force, and it is impos-
sible that the surveillance maintained over these
parties should be very rigid. Mrs. Vaughn says,

She has not means to procure for herself and family
Quarters and Subsistence, and requests them of me.
either in kind or by commutation, I have no
authority to furnish them. If it is intended that
these persons be kept in such manner as to
prevent their return to the South or departure from
hence, at the expense of the Government, I
would respectfully suggest that they be required
to report to the Provost Marshal of the Post of
Louisville (which embraces this place) or Cincinnati
where there is sufficient police force to watch them
and authority to give them quarters and sub-
sistence.

Sir,

Messrs. Bordenstein & Loch of this place had before the Cotton Commission a claim for 183 bales of cotton, which it is understood was favorably considered by the Commission, and the award sent for your approval; as many of the papers have been returned some time and the cotton delivered to the owners, and as they do not hear from theirs they feel anxious to know if anything is irregular or wrong in their case, that they cannot get the orders as others similarly situated have done. If you can conveniently please let me know what is the matter, their case is a strong one and it appears to be a mistake or

Colonel,

General Fisk directed me to protect Hopkins - who killed Phillips in Clark Co - from mob violence; and suggested that I should bring him here. He is now in the custody of the Sheriff of Van Buren Co; - this State; - who desires giving him up to me, except upon a requisition from the Governor of Mo. - If he (Hopkins) should be sent back to Clark County, in the present excited condition of the public mind there I doubt my ability to prevent his being hung by a mob.

I am most Respectfully

Colonel:

There is a man named Phillips of Clarke County now held in jail at Keosauqua, Van Buren County, Iowa, awaiting requisition from this State for the murder of a man named Hopkins also of Clarke County, and unless soon re-claimed may be released.

I respectfully suggest that you secure one or two affidavits in regard to the matter, which may serve as a basis for the Governor to issue his requisition.

Col.

I have the honor to respectfully return herewith the enclosed Communication with the information that Hopkins and Phillips were formerly both residents of Clark County Mo. where they had a serious difficulty over Conservatism and Radicalism. Phillips also considered his neighbor a rebel had threatened to kill him - Hopkins in consequence of the trial removed to Farmington Iowa. Subsequently while on a visit to Missouri he had a collision with Phillips in which Phillips was killed. Hopkins immediately went home to Farmington Iowa and delivered himself up to the Civil authorities. I was informed that a requisition had been made on the Gov of Iowa for Hopkins and that the Citizens of Clark County were fearful that should he be brought into the County he would be taken and killed by a mob - the Veteran Soldiers in that locality having expressed themselves as determined to hang him at sight - Hopkins friend

appealed to me for protection against
the threatened violence - hence my
order to W.P.M. Board at Keokuk -
I am Sir

Very Respectfully
