Be it resolved by the people of the state of Missouri that the Constitution be amended:

One new section is adopted to be known as Article I, Section 36 and to read as follows:

35(a) 1. Citizens over the age of twenty-one years shall have the right to engage in the production, sale, distribution, and consumption of marijuana and the manufacture of goods from hemp, subject to reasonable regulations adopted by the state government pursuant to this section.

2. The purposes of this section are:

(1) To promote the vital state interest in the regulation of the sale and distribution of marijuana in order to combat illegal underage use of marijuana, and achieve other important state policy goals such as maintaining an orderly marketplace composed of state-licensed marijuana producers, distributors, and retailers;

(2) To eliminate the problems caused by the prohibition and uncontrolled criminal manufacture, production, delivery, and possession of marijuana within this state;

(3) To prevent the production, sale, distribution, and recreational consumption of marijuana by those under twenty-one years of age, as the consumption of marijuana poses particular hazards to minors, whose brains are still in a state of development;

(4) To legalize under state law the use of marijuana by individuals who are suffering from a medical condition when their doctors advise that such use may provide a medical benefit to them;

(5) To raise tax revenue from the production and sale of marijuana, and to allocate such revenue for state and local law enforcement and firefighter pensions and retirement plans, for elementary, secondary, and higher education, for the cities and counties of this state, for substance abuse and underage drug use prevention programs, for veterans' services, and for the division for the purposes of enforcing regulations upon the sale and distribution of marijuana authorized by this section;

(6) To legalize under state law the manufacture, production, and delivery of industrial hemp, and to regulate industrial hemp under state law in a manner separate and apart from the regulation of marijuana;

(7) To legalize under state law the manufacture, production, possession, and use of marijuana by persons twenty-one years of age and older; and

(8) To legalize under state law the delivery of marijuana by persons twenty-one years of age and older to persons twenty-one years of age and older.

3. The people of the state of Missouri intend that the rules, regulations, and laws promulgated and enacted in accordance with subsection 7 of this section, together with the other provisions of existing state law, will:

(2) Prevent revenue from the sale of marijuana from going to criminal enterprises, gangs, and cartels;
