The Missouri Department of Transportation (MoDOT), under the guidance of the Missouri Highways and Transportation Commission, is committed to providing the public with a safe and modern transportation system. MoDOT is responsible for maintaining 33,639 miles of highways and 10,405 bridges throughout the state. In addition to designing, building and maintaining roads and bridges, MoDOT works to improve airports, river ports, railroads, public transit systems and pedestrian and bicycle travel. The agency also administers motor carrier and highway safety programs.

## State Highways and Transportation Commission

The Missouri Highways and Transportation Commission is a six-member bipartisan board that guides the Missouri Department of Transportation and is responsible for planning, maintaining and improving the state's transportation systems.

Commission members are appointed by the governor and confirmed by the Missouri Senate. No more than three commission members may be of the same political party. State law requires six-year terms, with two members replaced every two years.

The commission appoints the Missouri Department of Transportation's director and secretary to the commission.

## Commission Secretary's Office

The Highways and Transportation Commission appoints a commission secretary to provide operational support, clerical assistance and record keeping.

## Director's Office

MoDOT's daily operations are under the direction and supervision of the director, who is appointed by the commission. The MoDOT director is assisted by a chief engineer and an assistant chief engineer, who are in charge of MoDOT's road and bridge design, construction and maintenance activities statewide and a chief financial officer, who is responsible for the financial and administrative operations. The directors of the Chief Counsel's Office, Audits and Investigations, Governmental Relations and Customer Relations also report directly to the department director.

## Chief Counsel's Office

The chief counsel is appointed by the MoDOT director with the consent of the Highways and Transportation Commission to handle legal responsibilities for the department and the commission.

## Audits and Investigations

The Audits and Investigations Division performs audits of department operations, external contracts, grant agreements and motor carrier fuel tax returns and apportioned registrations. The division also investigates fraud, waste and abuse; handles employee grievances and Equal Employment Opportunity complaints; and analyzes competitive bidding practices.

## Governmental Relations

The role of Governmental Relations is to work with federal, state and local officials, the public and department staff to advocate the department's objectives by advancing legislative initiatives designed to develop sound public policies relating to all modes of transportation.

## Customer Relations

The Customer Relations Division provides information about the commission and the department's projects, programs and services to the public, its partners and MoDOT employees. The division also works to improve MoDOT's efficiency through performance management and to implement processes, plans and programs to streamline the agency's operations.

## District Offices

To facilitate providing the state highways and transportation program, the department divides the state into seven geographical districts: northwest, northeast, Kansas City, central, St. Louis, southwest and southeast. A district engineer administers the department's work within each district.

**Northwest District** — headquarters, St. Joseph. The district consists of Andrew, Atchison, Buchanan, Caldwell, Carroll, Chariton, Clinton, Daviess, DeKalb, Gentry, Grundy, Harrison, Holt, Linn, Livingston, Mercer, Nodaway, Putnam, Sullivan and Worth counties. The counties cover a land area of about

photography; public involvement meetings; consideration of social, environmental and economic factors; detailed plan design and the development of specifications; and cost estimates for highway projects prior to advertising for bids.

The division also acquires realty rights for constructing and improving state highways and related facilities. It also disposes of real estate no longer needed for Missouri's transportation system and regulates outdoor advertising and salvage yards.

### Construction and Materials

Construction and Materials administers contracts and performs material testing to ensure that projects are of high quality and completed on time and within budget. Pavement selection and geotechnical information are provided for the design of roads and bridges. The division also performs research on products and processes to implement innovations for Missouri's transportation system.

### Transportation Planning

Transportation Planning is responsible for long-range planning, data administration, road and bridge systems analysis, and planning and programming. The division also develops and tracks the five-year Statewide Transportation Improvement Program, the department's highway and bridge construction program.

### External Civil Rights

The External Civil Rights Division is responsible for directing the department's external affirmative action, equal opportunity and nondiscrimination programs, which includes the Disadvantaged Business Enterprise Program, On-the-Job Training Program, Equal Employment Opportunity, Title VI, ADA and all other nondiscrimination or affirmative action programs related to federal-aid contracting activities. The division facilitates all DBE and OJT Supportive Services programs statewide, which includes business assistance centers and pre-apprenticeship training programs in Kansas City, Columbia and St. Louis.

### Traffic and Highway Safety

The Traffic and Highway Safety Division is responsible for working with safety partners to implement education, enforcement, engineering, emergency medical services strategies and

public policies that are proven effective in preventing deaths and injuries from motor vehicle crashes. The division also provides statewide coordination of traffic incident management activities, work zone management, traveler information programs and policy to support signing, striping, traffic signal operations, lighting and roadway access programs throughout the state. These programs provide for the safe and efficient movement of people and goods on the state highway system.

### Maintenance

Maintaining state highways and bridges is the primary function of the Maintenance Division. Responsibilities include preservation, upkeep, operation and restoration of roadways, bridges, signs, traffic control equipment and all appropriate facilities so they remain safe and usable.

### Multimodal Operations

The Multimodal Operations Division is responsible for administering a number of state and federal programs that fund and support aviation, railroads, transit, waterways and freight development.

### Aviation

The aviation section administers federal and state grant programs that help local governments in planning, maintaining and developing existing airports and establishing new facilities.

**Railroads**

The railroad section is responsible for freight rail regulation, passenger rail support, light rail safety regulation, highway/rail crossing safety, rail/highway construction issues, inspection of railroad employee facilities and railroad safety inspection and outreach.

**Transit**

The transit section assists in the financial and technical support of the state's public transit and specialized paratransit systems. This function is carried out through the administration of state and federal programs relating to general public transportation and specific programs for nonprofit agencies serving the mobility needs of senior citizens and people with disabilities.

**Waterways**

The waterways section helps port authorities develop commerce and foster local economic development. The section also promotes the use of Missouri's navigable rivers, assists in capital and administrative funding, acts as an information clearinghouse, provides technical assistance and represents port interests within industry and government.

**Motor Carrier Services**

Motor Carrier Services administers registration, fuel tax, permit and safety programs for Missouri's motor carrier companies. It collects millions of dollars in revenue to fund transportation statewide, while helping carriers remain economically successful.

**Financial Services Division**

The Financial Services Division is responsible for the department's budgeting, accounting, financial reporting and financial policy development. The division produces the department's annual comprehensive financial report, which includes the audited financial statements required by statutes. The Financial Services Division is also responsible for managing the department's state and federal funding and facilitating the efficient and accountable use of fiscal resources.

**Human Resources**

The Human Resources Division develops and administers the department's statewide personnel program. The division conducts recruiting for civil engineering positions and manages statewide efforts related to employment, work-life support, classification and pay and employee training, development and assessment. Human Resources also develops personnel policy, maintains personnel records for employees and provides support for all personnel activities within the central office location.

**Information Systems**

Information Systems provides information technology products, services and support to the department and coordinates its information technology activities. The division develops a comprehensive information technology improvement plan based on department needs and technology research and evaluations.

**Equal Opportunity and Diversity**

The Equal Opportunity and Diversity Division administers the department's workforce diversity program. This includes outreach, cultural education, cooperative education, mentoring and exit interviews. Additionally, the division coordinates the affirmative action program to comply with federal regulations and state statutes.

**General Services**

The General Services Division provides support in the management of fleet and facilities and the procurement of goods and services.

**Risk and Benefits Management**

Risk and Benefits Management oversees MoDOT's medical and life insurance plan and administers the department's insurance operations in the areas of workers' compensation, general liability and fleet vehicle liability. The division also provides collection services for property damage, works to provide a safe and healthful work environment for all MoDOT employees and administers the department's pre-employment/post-offer physical program and the drug and alcohol-testing program.
