AGE: 5 yrs. 5 mos. 12 ds. If LESS than 1 day, ___ hrs. or ___ min.?

OCCUPATION
(a) Trade, profession, or particular kind of work: none
(b) General nature of industry, business, or establishment in which employed (or employer): _____

BIRTHPLACE (City or town, State or foreign country): St. Joseph Mo.

PARENTS

NAME OF FATHER: Morris Pitluck

BIRTHPLACE OF FATHER (City or town, State or foreign country): Russia

MAIDEN NAME OF MOTHER: Sarah Friedman

BIRTHPLACE OF MOTHER (City or town, State or foreign country): Russia

THE ABOVE IS TRUE TO THE BEST OF MY KNOWLEDGE

(Informant) Morris Pitluck

(ADDRESS) 724 So 8

Filed Aug 2, 1914. W. Harrington, REGISTRAR

MEDICAL CERTIFICATE OF DEATH

DATE OF DEATH: Aug (Month) 1 (Day), 1914 (Year)

I HEREBY CERTIFY, that I attended deceased from July 31, 1914, to Aug 1, 1914, that I last saw her alive on Aug 1, 1914, and that death occurred, on the date stated above, at 4:15 p.m.

The CAUSE OF DEATH* was as follows:

121A

Gangrenous Perforated Appendicitis

(Duration) ___ yrs. 8 mos. 5 ds.

Contributory (Secondary) ✓

(Duration) ___ yrs. ___ mos. ___ ds.

(Signed) Paul Geyer M. D.

Aug 2, 1914 (Address) St Joe Mo

*State the Disease Causing Death, or, in deaths from Violent Causes, state (1) Means of Injury; and (2) whether Accidental, Suicidal, or Homicidal.

LENGTH OF RESIDENCE (FOR HOSPITALS, INSTITUTIONS, TRANSIENTS, OR RECENT RESIDENTS)

At place of death ___ yrs. ___ mos. 3 ds. In the State 5 yrs. 5 mos. 12 ds.

Where was disease contracted if not at place of death? 724 So 8

Former or usual residence 724 So 28

PLACE OF BURIAL OR REMOVAL: Shaare Shalem

DATE OF BURIAL: Aug 2, 1914

UNDERTAKER: H. O. Sidenfaden

ADDRESS: 215 N 10

Revised United States Standard Certificate of Death

[Approved by U. S. Census and American Public Health Association]

Statement of occupation.—Precise statement of occupation is very important, so that the relative healthfulness of various pursuits can be known. The question applies to each and every person, irrespective of age. For many occupations a single word or term on the first line will be sufficient, e. g., *Farmer* or *Planter*, *Physician*, *Compositor*, *Architect*, *Locomotive engineer*, *Civil engineer*, *Stationary fireman*, etc. But in many cases, especially in industrial employments, it is necessary to know (*a*) the kind of work and also (*b*) the nature of the business or industry, and therefore an additional line is provided for the latter statement; it should be used only when needed. As examples: (*a*) *Spinner*, (*b*) *Cotton mill;* (*a*) *Salesman*, (*b*) *Grocery;* (*a*) *Foreman*, (*b*) *Automobile factory. The* material worked on may form part of the second statement. Never return "Laborer," "Foreman," "Manager," "Dealer," etc., without more precise specification, as *Day laborer*, *Farm laborer*, *Laborer—Coal mine*, etc. Women at home, who are engaged in the duties of the household only (not paid *Housekeepers* who receive a definite salary), may be entered as *Housewife*, *Housework*, or *At home*, and children, not gainfully employed, as *At school* or *At home*. Care should be taken to report specifically the occupations of persons engaged in domestic service for wages, as *Servant*, *Cook*, *Housemaid*, etc. If the occupation has been changed or given up on account of the DISEASE CAUSING DEATH, state occupation at beginning of illness. If retired from business, that fact may be indicated thus: *Farmer* (*retired, 6 yrs.*) For persons who have no occupation whatever, write *None*.

Statement of cause of death.—Name, first, the DISEASE CAUSING DEATH (the primary affection with respect to time and causation), using always the same accepted term for the same disease. Examples: *Cerebrospinal fever* (the only definite synonym is "Epidemic cerebrospinal meningitis"); *Diphtheria* (avoid use of "Croup"); *Typhoid fever* (never report "Typhoid pneumonia"); *Lobar pneumonia; Bronchopneumonia* ("Pneumonia," unqualified, is indefinite); *Tuberculosis of lungs, meninges, peritonaeum*, etc., *Carcinoma, Sarcoma*, etc., of ..... (name origin; "Cancer" is less definite; avoid use of "Tumor" for malignant neoplasms); *Measles; Whooping cough; Chronic valvular heart disease; Chronic interstitial nephritis*, etc. The contributory (secondary or intercurrent) affection need not be stated unless important. Example: *Measles* (disease causing death), *29 ds.; Bronchopneumonia* (secondary), *10 ds.* Never report mere symptoms or terminal conditions, such as "*Asthenia*," "Anaemia"(merely symptomatic),"Atrophy," "Collapse," "Coma," "Convulsions," "Debility" ("Congenital," "Senile," etc.), "Dropsy," "Exhaustion," "Heart failure," "Haemorrhage," "Inanition," "Marasmus," "Old age," "Shock," "Uraemia," "Weakness," etc., when a definite disease can be ascertained as the cause. Always qualify all diseases resulting from childbirth or miscarriage, as "PUERPERAL *septichaemia*," "PUERPERAL *peritonitis*," etc. State cause for which surgical operation was undertaken. For VIOLENT DEATHS state MEANS OF INJURY and qualify as ACCIDENTAL, SUICIDAL, or HOMICIDAL, or as *probably* such, if impossible to determine definitely. Examples: *Accidental drowning; Struck by railway train—accident; Revolver wound of head—homicide; Poisoned by carbolic acid—probably suicide.* The nature of the injury, as fracture of skull, and consequences (e. g., *sepsis*, *tetanus*) may be stated under the head of "Contributory." (Recommendations on statement of cause of death approved by Committee on Nomenclature of the American Medical Association.)
