(a) Trade, profession, or particular kind of work: Domestic 13
(b) General nature of industry, business, or establishment in which employed (or employer): —— 12

BIRTHPLACE (City or town, State or foreign country): Missouri.

PARENTS
- NAME OF FATHER: Daniel Williams
- BIRTHPLACE OF FATHER (City or town, State or foreign country): Mo
- MAIDEN NAME OF MOTHER: Martha Smith
- BIRTHPLACE OF MOTHER (City or town, State or foreign country): Ark.

THE ABOVE IS TRUE TO THE BEST OF MY KNOWLEDGE.

(Informant) L. M. Williams

(ADDRESS) K. C. Genl Hosp. Col. Dept.

Filed OCT 26 1914, 191___, W. S. Wheeler, REGISTRAR

MEDICAL CERTIFICATE OF DEATH

3

DATE OF DEATH: 10 (Month) — 17 (Day), 1914 (Year)

I HEREBY CERTIFY, that I attended deceased from 10-16, 1914, to 10-17, 1914, that I last saw her alive on 10-17, 1914, and that death occurred, on the date stated above, at 11.50 a m

The CAUSE OF DEATH* was as follows:

Pelvic Peritonitis.
Caused from Salpingitis.
(Duration) ___ yrs. ___ mos. ___ ds.

Contributory (SECONDARY) Septicaemia.
(Duration) ___ yrs. ___ mos. ___ ds.

(Signed) L. M. Williams, M. D.

10-18, 1914 (Address) K. C. Genl Hosp. Col Dep

*State the Disease Causing Death, or, in deaths from Violent Causes, state (1) Means of Injury; and (2) whether Accidental, Suicidal, or Homicidal.

LENGTH OF RESIDENCE (FOR HOSPITALS, INSTITUTIONS, TRANSIENTS, OR RECENT RESIDENTS)

At place of death ___ yrs. ___ mos. 1 ds. In the State 18 yrs. ___ mos. ___ ds.

Where was disease contracted if not at place of death? do not know.

Former or usual residence: 918 Campbell St

PLACE OF BURIAL OR REMOVAL: Leslie — DATE OF BURIAL: 10-26, 1914

UNDERTAKER: Pipkin & Lindsey — ADDRESS: 1211 E 18th

Revised United States Standard Certificate of Death

[Approved by U. S. Census and American Public Health Association]

Statement of occupation.—Precise statement of occupation is very important, so that the relative healthfulness of various pursuits can be known. The question applies to each and every person, irrespective of age. For many occupations a single word or term on the first line will be sufficient, e. g., *Farmer* or *Planter*, *Physician*, *Compositor*, *Architect*, *Locomotive engineer*, *Civil engineer*, *Stationary fireman*, etc. But in many cases especially in industrial employments, it is necessary to know (*a*) the kind of work and also (*b*) the nature of the business or industry, and therefore an additional line is provided for the latter statement; it should be used only when needed. As examples: (*a*) *Spinner*, (*b*) *Cotton mill;* (*a*) *Salesman*, (*b*) *Grocery;* (*a*) *Foreman*, (*b*) *Automobile factory. The* material worked on may form part of the second statement. Never return "Laborer," "Foreman," "Manager," "Dealer," etc., without more precise specification, as *Day laborer*, *Farm laborer*, *Laborer—Coal mine*, etc. Women at home, who are engaged in the duties of the household only (not paid *Housekeepers* who receive a definite salary), may be entered as *Housewife*, *Housework*, or *At home*, and children, not gainfully employed, as *At school* or *At home.* Care should be taken to report specifically the occupations of persons engaged in domestic service for wages, as *Servant*, *Cook*, *Housemaid*, etc. If the occupation has been changed or given up on account of the DISEASE CAUSING DEATH, state occupation at beginning of illness. If retired from business, that fact may be indicated thus: *Farmer* (*retired, 6 yrs.*). For persons who have no occupation whatever, write *None.*

Statement of cause of death.—Name, first, the DISEASE CAUSING DEATH (the primary affection with respect to time and causation), using always the same accepted term for the same disease. Examples: *Cerebrospinal fever* (the only definite synonym is "Epidemic cerebrospinal meningitis"); *Diphtheria* (avoid use of "Croup"); *Typhoid fever* (never report "Typhoid pneumonia"); *Lobar pneumonia; Bronchopneumonia* ("Pneumonia," unqualified, is indefinite); *Tuberculosis of lungs, meninges, peritonaeum*, etc., *Carcinoma*, *Sarcoma*, etc. of ..... (name origin; "Cancer" is less definite; avoid use of "Tumor" for malignant neoplasms); *Measles Whooping cough; Chronic valvular heart disease; Chronic interstitial nephritis*, etc. The contributory (secondary or intercurrent) affection need not be stated unless important. Example: *Measles* (disease causing death), *29 ds.; Bronchopneumonia* (secondary), *10 ds.* Never report mere symptoms or terminal conditions, such as "*Asthenia*," "Anaemia" (merely symptomatic), "Atrophy," "Collapse," "Coma," "Convulsions," "Debility" ("Congenital," "Senile," etc.), "Dropsy," "Exhaustion," "Heart failure," "Haemorrhage," "Inanition," "Marasmus," "Old age," "Shock," "Uraemia," "Weakness," etc., when a definite disease can be ascertained as the cause. Always qualify all diseases resulting from childbirth or miscarriage, as "PUERPERAL *septichaemia*," "PUERPERAL *peritonitis*," etc. State cause for which surgical operation was undertaken. For VIOLENT DEATHS state MEANS OF INJURY and qualify as ACCIDENTAL, SUICIDAL, or HOMICIDAL, or as *probably* such, if impossible to determine definitely. Examples: *Accidental drowning; Struck by railway train—accident; Revolver wound of head—homicide; Poisoned by carbolic acid—probably suicide.* The nature of the injury, as fracture of skull, and consequences (e. g., *sepsis, tetanus*) may be stated under the head of "Contributory." (Recommendations on statement of cause of death approved by Committee on Nomenclature of the American Medical Association.)
