Registered No. _____

City _____ (NO. _____) _____ St.: _____ Ward _____

[(If death occurred in a hospital or institution, give its NAME instead of street and number)]

FULL NAME

Joe Bull

PERSONAL AND STATISTICAL PARTICULARS

MEDICAL CERTIFICATE OF DEATH

SEX: Male
COLOR OR RACE: White
SINGLE MARRIED WIDOWED OR DIVORCED: *Wedding*
(Write the word)

DATE OF DEATH: Dec 19, 1914
(Month) (Day) (Year)

DATE OF BIRTH: March 4, 1849
(Month) (Day) (Year)

I HEREBY CERTIFY, that I attended deceased from Dec 13, 1914, to Dec 19, 1914, that I last saw him alive on Dec 19, 1914, and that death occurred, on the date stated above, at 2:10 P.M.
The CAUSE OF DEATH* was as follows: Pulmonary tuberculosis

AGE: 65 yrs. 9 mos. 15 ds.
If LESS than 1 day, ___ hrs. or ___ min.?

V&A 28
(Duration) ___ yrs. ___ mos. ___ ds.

OCCUPATION: (a) Trade, profession, or particular kind of work: Mechanic
(b) General nature of industry, business, or establishment in which employed (or employer): _____

BIRTHPLACE: (City or town, State or foreign country) at Sea

Contributory (Secondary) _____ (Duration) ___ yrs. ___ mos. ___ ds.

PARENTS: NAME OF FATHER: Thos Bull

(Signed) J. A. Pringle M. D.
Dec 20, 1914 (Address) City/Capital

BIRTHPLACE OF FATHER: Scotland

MAIDEN NAME OF MOTHER: Mrs. Forster

BIRTHPLACE OF MOTHER: England

*State the Disease Causing Death, or, in deaths from Violent Causes, state (1) Means of Injury; and (2) whether Accidental, Suicidal, or Homicidal.

THE ABOVE IS TRUE TO THE BEST OF MY KNOWLEDGE (Informant) E. E. Egan

LENGTH OF RESIDENCE (FOR HOSPITALS, INSTITUTIONS, TRANSIENTS, OR RECENT RESIDENTS)

At place of death ___ yrs. ___ mos. 6 ds. In the State ___ yrs. ___ mos. ___ ds.

(ADDRESS) City/Capital

Where was disease contracted if not at place of death? _____

Former or usual residence: 704 St 7

Filed: Dec 27 1914 Max B. Starkloff REGISTRAR

PLACE OF BURIAL OR REMOVAL: St. Louis
DATE OF BURIAL: Dec 21, 1914

UNDERTAKER: G. G. Buss
ADDRESS: 1417 Madison

Revised United States Standard Certificate of Death

[Approved by U. S. Census and American Public Health
Association]

Statement of occupation.—Precise statement of occupation is very important, so that the relative healthfulness of various pursuits can be known. The question applies to each and every person, irrespective of age. For many occupations a single word or term on the first line will be sufficient, e. g., *Farmer or Planter, Physician, Compositor, Architect, Locomotive engineer, Civil engineer, Stationary fireman*, etc. But in many cases especially in industrial employments, it is necessary to know (a) the kind of work and also (b) the nature of the business or industry, and therefore an additional line is provided for the latter statement; it should be used only when needed. As examples: (a) *Spinner, (b) Cotton mill; (a) Salesman, (b) Grocery; (a) Foreman, (b) Automobile factory*. The material worked on may form part of the second statement. Never return "Laborer," "Foreman," "Manager," "Dealer," etc., without more precise specification, as *Day laborer, Farm laborer, Laborer—Coal mine*, etc. Women at home, who are engaged in the duties of the household only (not paid *Housekeepers* who receive a definite salary), may be entered as *Housewife, Housework*, or *At home*, and children, not gainfully employed, as *At school* or *At home*. Care should be taken to report specifically the occupations of persons engaged in domestic service for wages, as *Servant, Cook, Housemaid*, etc. If the occupation has been changed or given up on account of the DISEASE CAUSING DEATH, state occupation at beginning of illness. If retired from business, that fact may be indicated thus: *Farmer (retired, 6 yrs.)* For persons who have no occupation whatever, write *None*.

Statement of cause of death.—Name, first, the DISEASE CAUSING DEATH (the primary affection with respect to time and causation), using always the same accepted term for the same disease. Examples: *Cerebrospinal fever* (the only definite synonym is "Epidemic cerebrospinal meningitis"); *Diphtheria* (avoid use of "Croup"); *Typhoid fever* (never report "Typhoid pneumonia"); *Lobar pneumonia; Bronchopneumonia* ("Pneumonia," unqualified, is indefinite); *Tuberculosis of lungs, meninges, peritonaeum*, etc., *Carcinoma, Sarcoma*, etc. of (name origin; "Cancer" is less definite; avoid

use of "Tumor" for malignant neoplasms); *Measles; Whooping cough; Chronic valvular heart disease; Chronic interstitial nephritis*, etc. The contributory (secondary or intercurrent) affection need not be stated unless important. Example: *Measles* (disease causing death), *29 ds.; Bronchopneumonia* (secondary), *10 ds.* Never report mere symptoms or terminal conditions, such as "Asthenia," "Anaemia" (merely symptomatic), "Atrophy," "Collapse," "Coma," "Convulsions," "Debility" ("Congenital," "Senile," etc.), "Dropsy," "Exhaustion," "Heart failure," "Haemorrhage," "Inanition," "Marasmus," "Old age," "Shock," "Uraemia," "Weakness," etc., when a definite disease can be ascertained as the cause. Always qualify all diseases resulting from childbirth or miscarriage, as "PUERPERAL septicaemia," "PUERPERAL peritonitis," etc. State cause for which surgical operation was undertaken. For VIOLENT DEATHS state MEANS OF INJURY and qualify as ACCIDENTAL, SUICIDAL, or HOMICIDAL, or as probably such, if impossible to determine definitely. Examples: *Accidental drowning; Struck by railway train—accident; Revolver wound of head—homicide; Poisoned by carbolic acid—probably suicide*. The nature of the injury, as fracture of skull, and consequences (e. g., *sepsis, tetanus*) may be stated under the head of "Contributory." (Recommendations on statement of cause of death approved by Committee on Nomenclature of the American Medical Association.)
