AGE <i>54 yrs. 2 mos. 3 ds.</i>		If LESS than 1 day, _____ hrs. or _____ min.?
OCCUPATION (a) Trade, profession, or particular kind of work <i>Teacher</i>		
(b) General nature of industry, business, or establishment in which employed (or employer)		
BIRTHPLACE (City or town, State or foreign country) <i>Clapton West Prussia</i>		
PARENTS	NAME OF FATHER <i>Frank Pinski</i>	
	BIRTHPLACE OF FATHER (City or town, State or foreign country) <i>unknown</i>	
	MAIDEN NAME OF MOTHER <i>Maria Baldan</i>	
	BIRTHPLACE OF MOTHER (City or town, State or foreign country) <i>unknown</i>	

3 MEDICAL CERTIFICATE OF DEATH

DATE OF DEATH *April 22, 1915*
(Month) (Day) (Year)

I HEREBY CERTIFY, that I attended deceased from *April 18, 1915*, to *April 22, 1915*, that I last saw her alive on *April 20, 1915*, and that death occurred, on the date stated above, at *6: a.m.*

The CAUSE OF DEATH* was as follows:
Peritonitis due to inflammation of Gall bladder and to Gall stones
(Duration) _____ yrs. _____ mos. *7* ds.

Contributory (SECONDARY) _____
(Duration) _____ yrs. _____ mos. _____ ds.
(Signed) *Andrew A. Hruske M. D.*
April 23, 1915 (Address) *1504 St. Louis St.*

*State the Disease Causing Death, or, in deaths from Violent Causes, state (1) Means of Injury; and (2) whether Accidental, Suicidal, or Homicidal.

LENGTH OF RESIDENCE (FOR HOSPITALS, INSTITUTIONS, TRANSIENTS, OR RECENT RESIDENTS)
At place of death _____ yrs. _____ mos. *2* ds. In the State _____ yrs. _____ mos. _____ ds.
Where was disease contracted if not at place of death?
Former or usual residence *1852 Hogan St*

THE ABOVE IS TRUE TO THE BEST OF MY KNOWLEDGE
(Informant) *Mother M. Petro*
(ADDRESS) *Sancta Maria in Ripa*

PLACE OF BURIAL OR REMOVAL *Sancta Maria in Ripa* DATE OF BURIAL *Apr. 24, 1915*
UNDERTAKER *Wofford & Co* ADDRESS *7811 S. P. Co*

Filed *APR 23 1915* *max C Starkloff*
REGISTRAR

Revised United States Standard Certificate of Death

[Approved by U. S. Census and American Public Health
Association]

Statement of occupation.—Precise statement of occupation is very important, so that the relative healthfulness of various pursuits can be known. The question applies to each and every person, irrespective of age. For many occupations a single word or term on the first line will be sufficient, e. g., *Farmer* or *Planter*, *Physician*, *Compositor*, *Architect*, *Locomotive engineer*, *Civil engineer*, *Stationary fireman*, etc. But in many cases, especially in industrial employments, it is necessary to know (a) the kind of work and also (b) the nature of the business or industry, and therefore an additional line is provided for the latter statement; it should be used only when needed. As examples: (a) *Spinner*, (b) *Cotton mill*; (a) *Salesman*, (b) *Grocery*; (a) *Foreman*, (b) *Automobile factory*. The material worked on may form part of the second statement. Never return "Laborer," "Foreman," "Manager," "Dealer," etc., without more precise specification, as *Day laborer*, *Farm laborer*, *Laborer—Coal mine*, etc. Women at home, who are engaged in the duties of the household only (not paid *Housekeepers* who receive a definite salary), may be entered as *Housewife*, *Housework*, or *At home*, and children, not gainfully employed, as *At school* or *At home*. Care should be taken to report specifically the occupations of persons engaged in domestic service for wages, as *Servant*, *Cook*, *Housemaid*, etc. If the occupation has been changed or given up on account of the DISEASE CAUSING DEATH, state occupation at beginning of illness. If retired from business, that fact may be indicated thus: *Farmer (retired, 6 yrs.)*. For persons who have no occupation whatever, write *None*.

Statement of cause of death.—Name, first, the DISEASE CAUSING DEATH (the primary affection with respect to time and causation), using always the same accepted term for the same disease. Examples: *Cerebrospinal fever* (the only definite synonym is "Epidemic cerebrospinal meningitis"); *Diphtheria* (avoid use of "Croup"); *Typhoid fever* (never report "Typhoid pneumonia"); *Lobar pneumonia*; *Bronchopneumonia* ("Pneumonia," unqualified, is indefinite); *Tuberculosis of lungs, meninges, peritoneum*, etc., *Carcinoma*, *Sar-*

coma, etc., of _____ (name origin; "Cancer" is less definite; avoid use of "Tumor" for malignant neoplasms); *Measles*; *Whooping cough*; *Chronic valvular heart disease*; *Chronic interstitial nephritis*, etc. The contributory (secondary or intercurrent) affection need not be stated unless important. Example: *Measles* (disease causing death), 29 ds.; *Bronchopneumonia* (secondary), 10 ds. Never report mere symptoms or terminal conditions, such as "Asthenia," "Anaemia" (merely symptomatic), "Atrophy," "Collapse," "Coma," "Convulsions," "Debility" ("Congenital," "Senile," etc.), "Dropsy," "Exhaustion," "Heart failure," "Haemorrhage," "Inanition," "Marasmus," "Old age," "Shock," "Uraemia," "Weakness," etc., when a definite disease can be ascertained as the cause. Always qualify all diseases resulting from childbirth or miscarriage, as "PUERPERAL septicaemia," "PUERPERAL peritonitis," etc. State cause for which surgical operation was undertaken. For VIOLENT DEATHS state MEANS OF INJURY and qualify as ACCIDENTAL, SUICIDAL, or HOMICIDAL, or as probably such, if impossible to determine definitely. Examples: *Accidental drowning*; *Struck by railway train—accident*; *Revolver wound of head—homicide*; *Poisoned by carbolic acid—probably suicide*. The nature of the injury, as fracture of skull, and consequences (e. g., *sepsis*, *tetanus*) may be stated under the head of "Contributory." (Recommendations on statement of cause of death approved by Committee on Nomenclature of the American Medical Association.)
