

MISSOURI STATE BOARD OF HEALTH
BUREAU OF VITAL STATISTICS
CERTIFICATE OF DEATH

1 PLACE OF DEATH

County Buchanan

Township _____

or

Village _____

or

City St. Joseph

Registration District No. 831

File No. 13893

Primary Registration District No. 1001

Registered No. 489

(No. 17748010 St. _____ Ward)

[If death occurred in a hospital or institution, give its NAME instead of street and number.]

2 FULL NAME Anna E. James

PERSONAL AND STATISTICAL PARTICULARS

3 SEX

Female

4 COLOR OR RACE

White

5 ☒ MARRIED

☒ WIDOWED

☒ SINGLE

(Write the word)

Married

6 DATE OF BIRTH

Dec 18 1887
(Month) (Day) (Year)

7 AGE

44 3 28
yrs. mos. ds.

If LESS than
1 day, hrs.
or min.?

8 OCCUPATION

(a) Trade, profession, or particular kind of work

House wife

(b) General nature of industry business or establishment in which employed (or employer)

at home

9 BIRTHPLACE

(City or town, State or foreign country)

Missouri

10 NAME OF FATHER

Jack Holman

11 BIRTHPLACE OF FATHER

(City or town, State or foreign country)

Ky.

12 MAIDEN NAME OF MOTHER

Mary Right

13 BIRTHPLACE OF MOTHER

(City or town, State or foreign country)

Ky.

14 THE ABOVE IS TRUE TO THE BEST OF MY KNOWLEDGE

Registrar

MEDICAL CERTIFICATE OF DEATH

16 DATE OF DEATH

Apr 17 1917
(Month) (Day) (Year)

17 I HEREBY CERTIFY, that I attended deceased from

Jan 23 1916 to Apr 16 1917
that I last saw him alive on Apr 16 1917

and that death occurred, on the date stated above, at 135A

The CAUSE OF DEATH* was as follows:

Chronic Interstitial Nephritis

CONTRIBUTORY (Secondary)

Chronic Cystitis

(Signed)

W. H. McNeil M. D.
Apr 19 1917 (Address) 1708 Francis

*State the Disease Causing Death, or, in deaths from Violent Causes, state (1) Means of Injury; and (2) whether Accidental, Suicidal or Homicidal.

18 LENGTH OF RESIDENCE (For Hospitals, Institutions, Transients, or Recent Residents)

At place of death, yrs. mos. ds. In the State, yrs. mos. ds.

Where was disease contracted if not at place of death?

Former or usual residence

19 PLACE OF BURIAL OR REMOVAL

DATE OF BURIAL

Mt. Mora Cem Apr 19 1917

20 UNDERTAKER

ADDRESS

Fleeman - M. McNeil 1708 Francis

Revised United States Standard Certificate of Death

[Approved by U. S. Census and American Public Health
Association.]

Statement of occupation.—Precise statement of occupation is very important, so that the relative healthfulness of various pursuits can be known. The question applies to each and every person, irrespective of age. For many occupations a single word or term on the first line will be sufficient, e. g., *Farmer* or *Planter*, *Physician*, *Compositor*, *Architect*, *Locomotive engineer*, *Civil engineer*, *Stationary fireman*, etc. But in many cases, especially in industrial employments, it is necessary to know (a) the kind of work and also (b) the nature of the business or industry, and therefore an additional line is provided for the latter statement; it should be used only when needed. As examples: (a) *Spinner*, (b) *Cotton mill*; (a) *Salesman*, (b) *Grocery*; (a) *Foreman*, (b) *Automobile factory*. The material worked on may form part of the second statement. Never return "Laborer," "Foreman," "Manager," "Dealer," etc., without more precise specification, as *Day laborer*, *Farm laborer*, *Laborer—Coal mine*, etc. Women at home, who are engaged in the duties of the household only (not paid *Housekeepers* who receive a definite salary), may be entered as *Housewife*, *Housework*, or *At home*, and children, not gainfully employed, as *At school* or *At home*. Care should be taken to report specifically the occupations of persons engaged in domestic service for wages, as *Servant*, *Cook*, *Housemaid*, etc. If the occupation has been changed or given up on account of the DISEASE CAUSING DEATH, state occupation at beginning of illness. If retired from business, that fact may be indicated thus: *Farmer (retired, 6 yrs.)*. For persons who have no occupation whatever, write *None*.

Statement of cause of death.—Name, first, the DISEASE CAUSING DEATH (the primary affection with respect to time and causation), using always the same accepted term for the same disease. Examples: *Cerebrospinal fever* (the only definite synonym is "Epidemic cerebrospinal meningitis"); *Diphtheria* (avoid use of "Croup"); *Typhoid fever* (never report

"Typhoid pneumonia"); *Lobar pneumonia*; *Broncho-pneumonia* ("Pneumonia," unqualified, is indefinite); *Tuberculosis of lungs*, *meninges*, *peritonæum*, etc., *Carcinoma*, *Sarcoma*, etc., of (name origin; "Cancer" is less definite; avoid use of "Tumor" for malignant neoplasms); *Measles*; *Whooping cough*; *Chronic valvular heart disease*; *Chronic interstitial nephritis*, etc. The contributory (secondary or intercurrent) affection need not be stated unless important. Example: *Measles* (disease causing death), 29 ds.; *Bronchopneumonia* (secondary), 10 ds. Never report mere symptoms or terminal conditions, such as "Asthenia," "Anaemia" (merely symptomatic), "Atrophy," "Collapse," "Coma," "Convulsions," "Debility" ("Congenital," "Senile," etc.), "Dropsy," "Exhaustion," "Heart failure," "Haemorrhage," "Inanition," "Marasmus," "Old age," "Shock," "Uraemia," "Weakness," etc., when a definite disease can be ascertained as the cause. Always qualify all diseases resulting from childbirth or miscarriage, as "PUERPERAL septicaemia," "PUERPERAL peritonitis," etc. State cause for which surgical operation was undertaken. For VIOLENT DEATHS state MEANS OF INJURY and qualify as ACCIDENTAL, SUICIDAL, OR HOMICIDAL, or as *probably* such, if impossible to determine definitely. Examples: *Accidental drowning*; *Struck by railway train—accident*; *Revolver wound of head—homicide*; *Poisoned by carbolic acid—probably suicide*. The nature of the injury, as fracture of skull, and consequences (e. g., *sepsis*, *tetanus*) may be stated under the head of "Contributory." (Recommendations on statement of cause of death approved by Committee on Nomenclature of the American Medical Association.)
