

**MISSOURI STATE BOARD OF HEALTH  
BUREAU OF VITAL STATISTICS  
CERTIFICATE OF DEATH**

24456

**1. PLACE OF DEATH**

County Buchanan  
Township \_\_\_\_\_  
City St. Joseph (No. \_\_\_\_\_)

Registration District No. 85  
Primary Registration District No. 1001  
St. Joseph's Hospital

File No. \_\_\_\_\_  
Registered No. 875  
St. \_\_\_\_\_ Ward \_\_\_\_\_

**2. FULL NAME**

John P. Wallace

(a) Residence. No. \_\_\_\_\_ St. \_\_\_\_\_ Ward \_\_\_\_\_  
(Usual place of abode)  
Length of residence in city or town where death occurred yrs. mos. 3 hrs. How long in U.S., if of foreign birth yrs. mos. ds. \_\_\_\_\_  
Agency Mo. \_\_\_\_\_  
(If nonresident give city or town and State)

**PERSONAL AND STATISTICAL PARTICULARS**

3. SEX Male 4. COLOR OR RACE White 5. SINGLE, MARRIED, WIDOWED OR DIVORCED (write the word) Married

5A. IF MARRIED, WIDOWED, OR DIVORCED HUSBAND OF (OR) WIFE OF Nancy Wallace

6. DATE OF BIRTH (MONTH, DAY AND YEAR) Dec, 21, 1879

7. AGE YEARS MONTHS DAYS If LESS than 1 day, hrs. or min.  
39 7 22

**8. OCCUPATION OF DECEASED**

(a) Trade, profession, or particular kind of work Farmer

(b) General nature of industry, business, or establishment in which employed (or employer) Running threshing

(c) Name of employer engine when injured

9. BIRTHPLACE (CITY OR TOWN) Agency, Mo.  
(STATE OR COUNTRY)

10. NAME OF FATHER J. E. Wallace

11. BIRTHPLACE OF FATHER (CITY OR TOWN) Ky.  
(STATE OR COUNTRY)

12. MAIDEN NAME OF MOTHER Mary Hill

13. BIRTHPLACE OF MOTHER (CITY OR TOWN) Ky.  
(STATE OR COUNTRY)

14. INFORMANT Mrs. Nancy Wallace  
(Address) Agency, Mo.

15. AUG 14 1919 H. D. Siduefader  
FILED REGISTRAR

**MEDICAL CERTIFICATE OF DEATH**

16. DATE OF DEATH (MONTH, DAY AND YEAR) Aug, 13, 1919

17. I HEREBY CERTIFY, That I attended deceased from Aug. 13, 1919, to Aug. 13, 1919, that I last saw him alive on Aug. 13, 1919, and that death occurred, on the date stated above, at 11.10 P.M. m.

**THE CAUSE OF DEATH\* WAS AS FOLLOWS:**

1st and 2nd degree Burns.  
Steam boiler used in threshing  
grain exploded (duration) yrs. mos. ds. \_\_\_\_\_

**CONTRIBUTORY (SECONDARY)**

18. WHERE WAS DISEASE CONTRACTED St. Joseph, Mo.

IF NOT AT PLACE OF DEATH \_\_\_\_\_

DID AN OPERATION PRECEDE DEATH? No DATE OF \_\_\_\_\_

WAS THERE AN AUTOPSY? No

WHAT TEST CONFIRMED DIAGNOSIS? Chapel

(Signed) Aug 14 1919 (Address) 126 So. 7 M. D.

\*State the DISEASE CAUSING DEATH, or in deaths from VIOLENT CAUSES, state (1) MEANS AND NATURE OF INJURY, and (2) whether ACCIDENTAL, SUICIDAL, or HOMICIDAL. (See reverse side for additional space.)

19. PLACE OF BURIAL, CREMATION, OR REMOVAL Agency, Missouri DATE OF BURIAL Aug, 15, 1919

20. UNDERTAKER H. D. Siduefader ADDRESS 215 No. 10 th'

N. B.—Every item of information should be carefully supplied. AGE should be stated EXACTLY. PHYSICIANS should state CAUSE OF DEATH in plain terms, so that it may be properly classified. Exact statement of OCCUPATION is very important.

WRITE PLAINLY, WITH UNFADING INK—THIS IS A PERMANENT RECORD

# Revised United States Standard Certificate of Death

[Approved by U. S. Census and American Public Health  
Association.]

**Statement of Occupation.**—Precise statement of occupation is very important, so that the relative healthfulness of various pursuits can be known. The question applies to each and every person, irrespective of age. For many occupations a single word or term on the first line will be sufficient, e. g., *Farmer* or *Planter*, *Physician*, *Compositor*, *Architect*, *Locomotive engineer*, *Civil engineer*, *Stationary fireman*, etc. But in many cases, especially in industrial employments, it is necessary to know (a) the kind of work and also (b) the nature of the business or industry, and therefore an additional line is provided for the latter statement; it should be used only when needed. As examples: (a) *Spinner*, (b) *Cotton mill*; (a) *Salesman*, (b) *Grocery*; (a) *Foreman*, (b) *Automobile factory*. The material worked on may form part of the second statement. Never return "Laborer," "Foreman," "Manager," "Dealer," etc., without more precise specification, as *Day laborer*, *Farm laborer*, *Laborer—Coal mine*, etc. Women at home, who are engaged in the duties of the household only (not paid *Housekeepers* who receive a definite salary), may be entered as *Housewife*, *Housework* or *At home*, and children, not gainfully employed, as *At school* or *At home*. Care should be taken to report specifically the occupations of persons engaged in domestic service for wages, as *Servant*, *Cook*, *Housemaid*, etc. If the occupation has been changed or given up on account of the DISEASE CAUSING DEATH, state occupation at beginning of illness. If retired from business, that fact may be indicated thus: *Farmer (retired, 6 yrs.)* For persons who have no occupation whatever, write *None*.

**Statement of cause of Death.**—Name, first, the DISEASE CAUSING DEATH (the primary affection with respect to time and causation,) using always the same accepted term for the same disease. Examples: *Cerebrospinal fever* (the only definite synonym is "Epidemic cerebrospinal meningitis"); *Diphtheria* (avoid use of "Croup"); *Typhoid fever* (never report

"Typhoid pneumonia"); *Lobar pneumonia*; *Bronchopneumonia* ("Pneumonia," unqualified, is indefinite); *Tuberculosis of lungs, meninges, peritoneum*, etc., *Carcinoma, Sarcoma*, etc., of . . . . . (name origin; "Cancer" is less definite; avoid use of "Tumor" for malignant neoplasms); *Measles*; *Whooping cough*; *Chronic valvular heart disease*; *Chronic interstitial nephritis*, etc. The contributory (secondary or intercurrent) affection need not be stated unless important. Example: *Measles* (disease causing death), *29 ds.*; *Bronchopneumonia* (secondary), *10 ds.* Never report mere symptoms or terminal conditions, such as "Asthenia," "Anemia" (merely symptomatic), "Atrophy," "Collapse," "Coma," "Convulsions," "Debility" ("Congenital," "Senile," etc.) "Dropsy," "Exhaustion," "Heart failure," "Hemorrhage," "Inanition," "Marasmus," "Old age," "Shock," "Uremia," "Weakness," etc., when a definite disease can be ascertained as the cause. Always qualify all diseases resulting from childbirth or miscarriage, as "PUERPERAL septicemia," "PUERPERAL peritonitis," etc. State cause for which surgical operation was undertaken. For VIOLENT DEATHS state MEANS OF INJURY and qualify as ACCIDENTAL, SUICIDAL, or HOMICIDAL, or as probably such, if impossible to determine definitely. Examples: *Accidental drowning*; *struck by railway train—accident*; *Revolver wound of head—homicide*; *Poisoned by carbolic acid—probably suicide*. The nature of the injury, as fracture of skull, and consequences (e. g., *sepsis, tetanus*) may be stated under the head of "Contributory." (Recommendations on statement of cause of death approved by Committee on Nomenclature of the American Medical Association.)

**NOTE.**—Individual offices may add to above list of undesirable terms and refuse to accept certificates containing them. Thus the form in use in New York City states: "Certificates will be returned for additional information which give any of the following diseases, without explanation, as the sole cause of death: Abortion, cellulitis, childbirth, convulsions, hemorrhage, gangrene, gastritis, erysipelas, meningitis, miscarriage, necrosis, peritonitis, phlebitis, pyemia, septicemia, tetanus." But general adoption of the minimum list suggested will work vast improvement, and its scope can be extended at a later date.
