N. B.—Every item of information should be carefully supplied. AGE should be stated EXACTLY. PHYSICIANS should state CAUSE OF DEATH in plain terms, so that it may be properly classified. Exact statement of OCCUPATION is very important.

The first part of the report deals with the general situation in the country. It is noted that the economy is still in a state of depression, and that the government is facing a serious financial crisis. The report also mentions that the government is planning to introduce a new tax system, which is expected to increase the national revenue.

In the second part, the report discusses the progress of the government's policies. It is noted that the government has succeeded in reducing the inflation rate, and that the economy is beginning to show signs of recovery. However, it is also pointed out that the government has not yet succeeded in reducing the unemployment rate, and that the social situation remains difficult.

The third part of the report deals with the international situation. It is noted that the country is still facing a difficult international environment, and that the government is trying to improve its relations with other countries. The report also mentions that the country is participating in various international organizations, and that it is working to improve its international standing.

Finally, the report concludes with some recommendations for the government. It is suggested that the government should continue to implement its policies, and that it should also take steps to improve the social situation. It is also recommended that the government should continue to work on improving its international relations, and that it should strive to achieve a more stable and prosperous future for the country.
