

This man was trimming limbs for a neighbor  
tree - He stood on a limb to saw - after limb  
when it broke - He fell on his head & feet  
about 15 ft to ground This dangled him  
over causing a fracture of 1, 2 & 4 ribs on  
both sides of his upper thorax.

Fracturing 10th thoracic vertebra also dislocation  
of vertebrae sufficient to require Special  
Care - This was all confirmed by X-ray.  
He lived 12 hours

R. Applebury M.D.
