PURPOSE: The purpose of this rule is to define those expenditures for which the Family Support Division will provide financial participation through reimbursement and also to provide, in certain instances, criteria or prerequisites for claiming that reimbursement.

PUBLISHER’S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency, shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. (1) Definitions.
(A) "Division" means the Family Support Division.
(B) “State agency” means the Missouri Department of Social Services.
(C) “Director” means the person serving as director of the Missouri Family Support Division.

(2) Cooperative Agreements. To qualify for federal financial participation, a city or county must have entered into a cooperative agreement with the state agency and must submit a budget for approval from the director or his/her designee. Under section 454.405, RSMo, the director shall offer cooperative agreements to city or county governing bodies or officers, including, but not necessarily limited to, circuit courts, circuit clerks, and prosecuting attorneys. Federal financial participation shall be available for costs incurred as of the first day of the calendar quarter in which a cooperative agreement or amendment is signed by all parties, provided the party claiming reimbursement files timely and proper claims. The division shall set the standards where claims that the county submits for reimbursement are deemed timely and properly filed. Cooperative agreements shall provide, at a minimum, for—
(A) The governing body of the city or county to hire additional investigative, clerical, and/or secretarial staff needed to fulfill its responsibilities assumed under the agreement or, if the city or county is a participant in a multiple-county agreement, to participate in the cost of this additional staff;
(B) The city or county, upon the prosecuting attorney’s recommendation, to hire additional assistant prosecuting attorneys needed to fulfill its responsibilities assumed under the agreement or, if the city or county is a participant in a multiple-county agreement, to participate in the cost of attorneys retained for that purpose;
(C) The city or county to furnish office space and other administrative requirements needed to fulfill its responsibilities assumed under the agreement or, if the city or county is a participant in a multiple-county agreement, to participate in the costs of office space and other administrative requirements;
(D) The division to reimburse the county at the applicable federal rate from monies received from the federal government for reasonable and necessary costs, as determined by the director or his/her designee, associated with the establishment and enforcement of support obligations by the city or county or, if applicable, the multiple-county unit; and
(E) The city or county or, if applicable, the multiple-county unit to maintain financial and performance records required by federal regulation. The city or county or multiple-county unit is required to make these records available for inspection to representatives of the state agency, the state auditor, or the United States Department of Health and Human Services.

(3) Activities for Which Federal Funds are Available. Federal funds are available at the applicable rate for reasonable and necessary costs, as determined by the director or his/her designee, for the following activities:
(A) Establishment of paternity upon referral from the division. Reimbursable activities include reasonable and necessary attempts to determine the identity of the child’s father, such as investigation; the development of evidence, including the use of genetic tests; pretrial discovery; court proceedings or other actions necessary to establish paternity under procedures established by state statutes or regulations having the effect of law; and referral of cases to other states’ child support enforcement agencies to establish paternity, when necessary;
(B) Establishment and enforcement of support obligations upon referral from the division. These activities include investigation, development of evidence, and, when appropriate, bringing court actions; determination of child support obligation amounts, including the development of information that is needed for financial assessments; establishment of medical support obligations when they will not reduce the obligor’s abilities to pay current child support; referral of cases to other states’ child support enforcement agencies to establish or modify child support obligations when necessary; enforcement of child and spousal support obligations, including those activities associated with collection and enforcement of court orders, issuance of warrants, income withholding, or other civil or criminal actions, as necessary; and investigation and prosecution of fraud related to child and spousal support;
(C) Establishment and maintenance of case records as required by federal regulations and the division;
(D) Activities related to requests for certification of collection of support delinquencies by the secretary of the treasury under 45 CFR 303.71;
(E) Reasonable and essential short-term training of court and law enforcement staff assigned on a full- or part-time basis to child support enforcement activities, provided that prior written approval is obtained from the director or his/her designee;
(F) Necessary travel expenses relating to the performance of reimbursable child support enforcement activities, if permitted under federal regulation, provided that prior approval for out-of-state travel is obtained from the director or his/her designee. The same spending limitations that the division imposes on its employees for subsistence and other expenses will apply to county and court staff claims;
(G) Expenses related to indirect costs, as provided in the Office of Management and Budget Circular A-87;
(H) Activities directly related to the successful completion of referred cases; and
(I) Activities that have received prior approval for reimbursement by the division.

(4) Activities for Which Federal Funds Are Not Available. Federal funds are not available for the following activities:
(A) Service of process fees, court filing fees, and other court costs unless the court or law enforcement agency normally would be required to pay these costs. These costs include deposits or other filing fees, court fees, library fees, fees for making copies of documents, fees for certified copies of documents, guardian ad litem fees, and fees for appointed counsel;
(B) Compensation costs (salary and fringe benefits) for judges;

13 CSR 40-108.020 Minimum Record-
Keeping Requirements for County Reim-
bursement and Standardization of Claims

PURPOSE: The purpose of this rule is to
establish minimum record-keeping require-
ments to document reimbursement claims
received from county and city governing bod-
ies under cooperative agreement with the
Family Support Division (IV-D) and to stan-
dardize claims submissions.

(1) County government units which enter into
cooperative agreements to provide child sup-
port enforcement (IV-D) services under sec-
tion 454.405, RSMo, and federal regulations
and which submit reimbursement claims
under those agreements, will maintain
records, available for audit, for five (5) years
from the date the claims are presented to the
Family Support Division for payment. If any
litigation, claim, negotiation, audit, or other
action involving the records is started before
the end of the five- (5-) year period, the
county will keep the records until the action
is completed and all issues which arise from
it are resolved, or until the end of the regular
five- (5-) year period, whichever is later. For
documentation, the records will include at a
minimum:

(A) All receipts or vouchers for expenses
claimed under operating and overhead (direct
and indirect costs);
(B) Any employee who is compensated for
both IV-D- and non-IV-D-related activities
must maintain detailed daily time records
supporting personnel costs claimed, includ-
ing actual time and date, IV-D case name,
and case activity. In place of this require-
ment, a county may request permission from
the division to sample personnel time using a
(C) All records required by this rule must be available and adequate to verify expenditures. When documentation is not adequate, reimbursement may be denied or recovered if already paid. For the purpose of this rule, the term adequate records means that the required documents are legible, and that the information they contain can be reasonably discerned through reasonably careful examination without resort to extrinsic sources of data or special explanations not contained in the documents.

(2) Counties must submit and document claims in a manner prescribed by, and on forms provided by, the division.

### 13 CSR 40-108.030 Incentives

**PURPOSE:** This rule defines how the Family Support Division will share available federal incentive funds with counties for allowable expenses not to exceed one hundred percent (100%) of counties’ reasonable and necessary costs.

(1) Definitions.

(A) “Division” means the Family Support Division.

(B) “Director” means the director of the Family Support Division.

(C) “Formula” means the amount otherwise payable to a state as federal incentives under Section 458A of the Social Security Act.

(D) “Counties” means all counties and all cities not located within a county.

(E) “Allowable expenses” means expenses that may be claimed pursuant to 13 CSR 40-108.010.

(F) “TANF” means temporary assistance for needy families.

(G) “County incentives” means the total amount of money counties are entitled to receive from the federal incentives received by the state as set forth in Section 458A of the Social Security Act. County incentives are equal to six percent (6%) of their counties’ TANF collections plus six percent (6%) of their counties’ non-TANF collections (not to exceed the six percent (6%) of TANF collections). Level A and B counties will receive six percent (6%) of their counties’ TANF collections plus six percent (6%) of non-TANF collections (up to one hundred fifteen percent (115%) of their counties’ TANF collections). The incentives are subject to availability of federal funding and shall only be paid from federal incentive funds.

(2) Payments to be Received by Counties. Incentive payments to counties shall not exceed one hundred percent (100%) of the counties’ allowable expenses which have not been reimbursed pursuant to 13 CSR 40-108.010. If the funds received by the county do not equal one hundred percent (100%) of the counties’ non-reimbursed allowable expenses, the division may, at the sole discretion of the director, allocate additional funds up to one hundred percent (100%) of non-reimbursed allowable expenses, if federal funds are available after all other counties have received their county incentives. If the total federal funds received by the state, which have not been paid to counties, are not sufficient to cover counties’ cost that have not been reimbursed pursuant to 13 CSR 40-108.010, or that have not been covered by incentives, the counties will share the incentives on a pro rata share based on the percent of the counties’ total IV-D collections. If at any time federal incentives received by the state are insufficient to pay county incentives, then the federal incentives shall be distributed to the counties pro rata based on collections in IV-D cases. If the total federal funds received by the state exceed the amount necessary to pay all counties allowable costs after reimbursement pursuant to 13 CSR 40-108.010, and receipt of all incentives to which they are entitled, the state shall retain these incentives for use as appropriate.

(3) The division will initially use a county’s first calendar year under a cooperative agreement with the Department of Social Services for child support services as the starting base year to determine the amount of allowable expenses for each county. The base year will include expenses of the counties that are normal and usual yearly expenses for the counties’ operations. The division will exclude from the base year any one- (1-) time expenses not related to normal and usual expenses. After the first base year is established, then each year thereafter the previously approved year’s expenses will be used as the base year. If a county does not utilize all of its base year allotment for expenses, the next year’s base year expense amount may be decreased by the amount not utilized by the county in the previous year. The counties may request additional funding over the base amount from the director in writing. These requests must be received by the director on or before the first day of July. Additional requests may be submitted as needed throughout the year. Requests may be made for increases to the base year or for a one- (1-) time expense. The director may approve the request, deny the request, or approve for reimbursement pursuant to 13 CSR 40-108.010. The director has sole discretion to approve, deny, or modify any requests for funds under this regulation. The director may not approve any requests for funds if funding is unavailable. Availability of funds will be determined by the director.

(4) Incentives received by counties must be reinvested into the IV-D program.

(5) Performance Audits. Counties must pass performance audits conducted by the division pursuant to 13 CSR 40-108.010 or submit corrective action plans approved by the director to receive full allotment. Counties that fail to successfully comply with approved corrective action plans shall be subject to reductions of their allotment. These reductions will be at four percent (4%) of the previous base year’s expenses for the first failure, eight percent (8%) for the second consecutive failure, and sixteen percent (16%) for the third consecutive failure and subsequent failures; these reductions will begin upon failure to achieve corrective action plans.

### 13 CSR 40-108.040 Prosecuting Attorneys’ Performance Standards

**PURPOSE:** This rule establishes additional standards by which the performance of the office of each county prosecuting attorney will be evaluated in determining whether sanctions affecting cooperative agreements between the county and the Missouri Family...
Support Division shall be imposed.

(1) Definitions.

(A) “Prosecuting attorney” means the person elected as the prosecuting attorney for any county or the City of St. Louis, or any assistant prosecuting attorney duly appointed by a prosecuting attorney, or any person employed by the prosecuting attorney, or any person acting on behalf of the prosecuting attorney with actual or apparent authority.

(B) “Division” means the Family Support Division.

(C) “Director” means the person serving as director of the Missouri Family Support Division.

(D) “State agency” means the Missouri Department of Social Services.

(E) “Case” means a matter in which the state agency or the division has initiated or will initiate an action to collect funds arising from a child support matter, including the case record maintained under 45 CFR 302.33 and 45 CFR 303.2.

(F) “Referral” means a case sent to a prosecuting attorney on behalf of the division.

(G) “Successful completion” of an action means that a referral has been determined by the division or the prosecuting attorney to require no further action by the prosecuting attorney. In cases where judicial proceedings are determined necessary by the prosecuting attorney, a case is completed successfully if the necessary documentation has been submitted to the clerk for filing and service of process has been completed or an unsuccessful attempt to serve process has been documented by the prosecuting attorney, and the prosecuting attorney is proceeding with due diligence. If the initial attempt at service of process is unsuccessful, then the prosecuting attorney shall proceed with diligent efforts to serve process as defined in subsection (1)(M).

(H) “Adequate documentation” means written or electronically stored records, the accuracy and authenticity of which specifically are adopted by the prosecuting attorney, and from which a reasonable person, by normal and reasonable review, can determine what actions were taken by the prosecuting attorney and the outcome of those actions. Adequate documentation and adequate records shall have the same meaning. Documentation includes all case file records and all other records pertaining to referrals. For purposes of service of process, adequate documentation shall be a copy of the return of service from the process server or documentation in the case file of the contents of the return of service. No documentation shall be deemed adequate if it fails to meet the requirements of 45 CFR 303.2.

(I) “Requested action” means any act by the prosecuting attorney requested to be performed by the division including, but not limited to, the initiating of correspondence on a case, the researching of legal issues and/or investigation, the filing or preparation of legal documents or other correspondence, or the obtaining and forwarding to the division or the state agency data and information related to a referral(s). A requested action shall include all requirements of the cooperative agreement and any training or cooperation with federal or state agency auditors, as may be asked of the prosecuting attorney by the division.

(J) “A Level A county” means a county in which the prosecuting attorney has sole responsibility for the operation of the IV-D program in that county, for cases assigned by the division, and also performs specific legal functions on referrals sent to him/her by the division.

(K) “A Level B county” means a county in which the prosecuting attorney has sole responsibility for a specific portion of the IV-D program in that county, for cases assigned by the division, and also performs specific legal functions on referrals sent to him/her by the division.

(L) “A Level C county” means a county in which the division has sole responsibility for the entire operation of the IV-D program in that county and the prosecuting attorney performs specific legal functions on referrals sent to him/her by the division.

(M) “Diligent efforts” to serve process means efforts which, in the sound discretion of the prosecuting attorney, are designed reasonably, under the particular circumstances of the case, to ensure accomplishment of personal service, taking into account the potential cost of the service and the risk of personal safety of the person attempting service. The prosecuting attorney shall provide adequate documentation to explain the failure of service. In cases where previous attempts to serve process failed and adequate identifying and other information exists, the prosecuting attorney, within ninety (90) days of the last attempt at service, shall reattempt service of process in the event that there is a likelihood of successful service of process.

(2) Performance Requirements Standards for All Counties on Cases Referred by the Division.

(A) The county shall complete all necessary actions and achieve successful completion of all requested actions as defined by subsections (1)(G), (1)(I), and (1)(M) of this rule within sixty (60) calendar days after the county accepts any referral from the division. A failure to comply with the terms contained in subsections (1)(G), (1)(I), or (1)(M) shall be deemed a failure to comply with this subsection (2)(A) only.

(B) In all cases needing support order establishment, regardless of whether paternity has been established, the county shall complete action to establish support orders from the date of service of process to the time of disposition within one (1) year. The term “disposition,” as used herein, shall include an order of support or genetic exclusion of all alleged fathers referred.

(C) The time frames contained in subsection (2)(A) of this rule shall be tolled for those time periods during which the prosecuting attorney has requested information from the division that is essential to the successful completion of the requested action or time periods in which the custodian does not cooperate with the prosecuting attorney and the custodian’s cooperation is essential to the successful completion of the requested action. The prosecuting attorney (PA) shall document the date the noncooperation occurred and the reason for determination of noncooperation in the automated child support system. Tolling due to noncooperation shall terminate only upon the custodian’s affirmative action that is essential to the successful completion of the requested action. The prosecuting attorney (PA) shall document the date the affirmative action occurred and the reason for determination of cooperation in the automated child support system.

(D) If a support order needs to be established in a case and an order is established in accordance with Missouri Supreme Court Rule 88.01 during the audit period, the county will be considered to have taken appropriate action in that case for audit purposes regardless of whether the requirements of subsection (A) of this section have been met.

(E) If the requested action is an enforcement action and an action is taken, in addition to a federal and state income tax refund offset, which results in a collection during the audit period, the county will be considered to have taken appropriate action in the case for audit purposes regardless of whether the requirements of subsection (A) of this section have been met.

(F) In all petitions filed with the court for the establishment of child support orders, the prosecuting attorney shall request an order for medical support.

(G) If a prosecuting attorney determines that no appropriate legal remedy is available on a case, and documents in the automated support system the reason for return or rejection, that case shall be dropped from the
audit sample of a compliance review conducted based on the requirements of 13 CSR 30-2.010(2).

(H) The prosecuting attorney shall notify the division of the conclusion of all requested actions by documenting the conclusion in the automated child support system and sending to the division any supporting documentation that provides information regarding the disposition of the referral within twenty (20) calendar days of the supporting documentation being received by the PA.

(3) Performance Standards for Level A and Level B Counties for Cases in Their Own Caseload. The prosecuting attorney shall—

(A) Make applications for child support enforcement services readily accessible to the public;

(B) Maintain records of all persons applying for IV-D services. The records shall include documentation that applications are being provided to the applicants in conformance with 45 CFR 303.2(a)(2);

(C) For all cases referred to the division or applying for services, the prosecuting attorney shall attempt to locate all noncustodial parents or alleged fathers, the location of noncustodial parents’ or alleged fathers’ employers, or other sources of income and/or assets when location is necessary to take necessary action. The location attempts shall be in full compliance with 45 CFR 303.3(b)(1)-(3);

(D) In all cases where previous attempts to locate noncustodial parents or alleged fathers, employers, or sources of income and/or assets have failed, but adequate identifying or other information exists to meet requirements for submittal for location, the prosecuting attorney shall comply fully with all requirements of 45 CFR 303.3(b)(5) and (6);

(E) The prosecuting attorney shall refer all appropriate cases to the IV-D agency of any other state in full compliance with the requirements of 45 CFR 303.7;

(F) The prosecuting attorney, within ninety (90) calendar days of locating the noncustodial parent or alleged father, regardless of whether paternity has been established, shall establish an order for support, or complete service of process necessary to begin proceedings to establish an order for support, or complete service of process necessary to begin proceedings to establish a court order, and if necessary, paternity, or document unsuccessful attempts to serve process in accordance with subsection (1)(M) of this rule. In all cases needing support order establishment, regardless of whether paternity has been established—

1. The prosecuting attorney shall complete action to establish support orders based on the date of service of process to the time of disposition within the following time frames:
   A. Seventy-five percent (75%) in six (6) months; and
   B. Ninety percent (90%) in twelve (12) months;

2. In cases where the prosecuting attorney uses long-arm jurisdiction and disposition occurs within twelve (12) months of service of process on the noncustodial parent or alleged father, the case may be counted as a success within the six-(6-) month tier of the time frame regardless of when disposition occurs in the twelve-(12-) month period following service of process;

3. In all cases in which the court or administrative authority dismisses a petition for a support order without prejudice, the prosecuting attorney, at the time of the dismissal, shall examine the reasons for dismissal and determine when it would be appropriate to seek an order in the future; and

4. In all cases in which the prosecuting attorney is seeking to establish a support obligation, the prosecuting attorney shall apply the child support guidelines set forth in Supreme Court Rule 88.01. The prosecuting attorney shall notify the division of any deviation from the guidelines by documenting the deviation in the automated child support system;

(G) For all cases assigned to the prosecuting attorney in which paternity has not been established, the prosecuting attorney shall—

1. File for paternity establishment, or complete service of process to establish paternity or document unsuccessful attempts to serve process in accordance with subsection (1)(M) of this rule, within no more than ninety (90) calendar days of locating the alleged father;

2. Establish paternity or exclude the alleged father as a result of genetic tests and/or legal process within the time frames set out in paragraphs (3)(F)1. and 2. of this rule; and

3. Meet the requirements set forth in paragraphs (3)(G)1. and 2. of this rule for all alleged fathers, in any case where an alleged father is excluded, but more than one (1) alleged father has been identified;

(H) For all cases assigned to the prosecuting attorney in which a child support order has been established, the prosecuting attorney shall maintain and use an effective system to—

1. Monitor compliance with the support obligation;
2. The county shall cooperate with compliance reviews conducted by the division pursuant to the requirements of 13 CSR 40-108.040(2), which will occur no more frequently than semi-annually. Upon completion of the compliance review, the division shall submit a draft compliance review results summary to the county. The county shall have the right to submit written rebuttals of this review to the manager of the division compliance review section within thirty (30) days of receiving the review results. The division shall then have sixty (60) days in which to submit, in writing, the division’s rebuttal decisions for review de novo by the division’s deputy director. After review de novo, the final decision of the division shall be issued within sixty (60) days. The county may request in writing an extension of the timeframes contained herein. The division will notify the county if an extension of the division’s timeframes are necessary;

3. The division will otherwise retain authority to conduct special audits and take appropriate action based on the special audit. The division will also retain the authority to discuss with the prosecuting attorney the actions taken in all cases that have been referred to the county and take other action as set forth in the cooperative agreement between the state agency and the prosecuting attorney; and

4. The county shall achieve substantial compliance with the performance requirements set forth in this regulation concerning actions taken on referred cases and meeting time requirements in so doing. Substantial compliance means that the county has achieved the same case quality standards for those activities for which it is responsible, as are required by the division of its child support offices set forth by federal statutes, federal regulations, and federal IV-D policy.

(5) Sanctions by the Division.

(A) Upon determining that a prosecuting attorney has not complied with the requirements of this rule or is not complying with the requirements of this rule, the division may send notice that it has determined one (1) of the following conditions to exist:

1. That the prosecuting attorney is in significant noncompliance with this rule and that the cooperative agreement with the county of the prosecuting attorney will be cancelled. A notice of substantial noncompliance shall set forth, in addition to the information required for a notice of significant noncompliance, a description of the findings, facts, and circumstances giving rise to the notice of substantial noncompliance and shall specify a date certain upon which the cooperative agreement will no longer be of any force and effect. The division may issue a notice of substantial noncompliance to a prosecuting attorney only when—1) there is no corrective action plan in effect for the office of the prosecuting attorney to which the notice is issued, 2) a review or audit of the prosecuting attorney’s child support enforcement procedures and/or records has been conducted and issued as a final report, and 3) a notice of significant noncompliance has been previously issued to the prosecuting attorney and has not been successfully completed, or a notice of significant noncompliance has been issued and no corrective action plan has been approved by the division within ninety (90) calendar days from the date of the division’s notice of significant noncompliance.

(B) By issuing or failing to issue any notice of noncompliance, the division does not alter, waive, or otherwise substitute this rule for any of the division’s rights or benefits agreed to in the cooperative agreement by the county of the prosecuting attorney.

(6) Waivers for Counties. The director may waive any requirement of this rule for any county if all of the following conditions have been met by that county prior to the waiver being granted:

(A) The prosecuting attorney has requested a waiver in writing, whenever possible, identifying the specific cases to which the waiver will apply;

(B) The prosecuting attorney has assured the director in writing that the waiver will not permit or cause a failure to achieve successful completion of a case; and

(C) The waiver does not violate any state or federal law or rule.

(7) All timeliness requirements of this rule that are calculated from the date the division sends a document, notice, or request, except those requirements found in paragraphs (4)(A)1.–4., upon request of the prosecuting attorney, shall be calculated from the date the prosecuting attorney actually received the notice, document, or request. This request shall be granted if the prosecuting attorney has a reasonably accurate and reliable procedure to verify the actual date of receipt.
