(1) Any applicant for licensure may, as part of the evidence of meeting the requisite educational and/or training requirements for licensure, submit evidence of military experience as a member of the military.

(2) The division shall review the evidence submitted and, if appropriate, make additional inquiry of the applicant to determine the scope and duties of the military experience to determine whether the military experience shall be counted towards the qualifications for licensure.

(3) In its review of the military experience, the division shall evaluate the content and nature of the military experience to determine whether that military experience shall count towards the education, training, or service requirements for licensure. The division shall construe liberally the military experience in determining whether it will count towards the education, training, or service requirements for licensure.

(B) Such Notice of Active Military Duty shall be filed with the division along with the request for license reinstatement no later than sixty (60) days of completion of the active duty military service.

(2) Upon filing the Notice of Active Military Duty, the division shall reinstate licensee’s license with no further requirements, retroactive to the last renewal.

(3) If, at the time of activation, licensee’s license was subject to discipline, the disciplinary period shall be stayed during the time of licensee’s active duty military service and shall be reinstated at the time the license is reinstated. However, if the conditions of the discipline require the licensee to take any action or meet any obligations, licensee shall have at least one hundred eighty (180) days after the end of his or her active military duty to take those actions or fulfill those obligations.

(4) If during the time licensee is on active military duty, the division desires to pursue any disciplinary or administrative action against any license of the licensee, the division shall stay any such action until at least sixty (60) days after the end of the active military duty.

3. The applicant has not been disciplined by a licensing or credentialing entity in another jurisdiction and is not the subject of an unresolved complaint, review procedure, or disciplinary proceeding by a licensing or credentialing entity in another jurisdiction;
