20 CSR 4240-125.070 Installation Decals

PURPOSE: This rule establishes installation decal requirements and fees for manufactured home installers.

(A) An installation decal issued by the manufactured housing and modular units program shall be a permanent stick-on decal to be attached to the exterior of the home and shall also include a sign-off portion of the decal, which must be attached next to the data plate inside the home with the initials and license number of each installer involved with the initial setup and installation of the home.

(B) The primary installer who is responsible for the initial setup and installation of the manufactured home which includes site preparation and foundation and any portion of the blocking, leveling, or roof installation is responsible for affixing the installation decal and the sign-off portion of the decal to the manufactured home upon completion of blocking, leveling, or roof installation.

(C) A decal shall be affixed to the manufactured home in a permanent manner in a visible location within two feet (2') of the Housing and Urban Development (HUD) label.

(D) Decals may be purchased by licensed installers by submitting an application to the

manufactured housing and modular units program, in duplicate together with the appropriate amount of fee; receive a decal; and file the application with the commission as required by the

purposes of the program. The fee shall be fifty dollars ($50) per report for each report that is filed sixty (60) days after the due date. The fee shall be paid and submitted to the manufactured housing and modular units program within ten (10) days after notification by the manager.

(I) The manager may deny any request for decals when—

(A) An inspection reveals that a manufactured home or tie-down installation is not installed according to the manufacturer's installation manual or setup standards and no corrective action, or insufficient corrective action is taken by the installer as required by this program;

(B) An installer's license has expired, or has been suspended or revoked, or there is evidence of failure to comply with the requirements described in the program;

(C) The applicant has failed to file the monthly installation decal report.

(3) Monthly Installation Decal Report

(A) A licensed installer who has purchased installation decals directly from the manufactured housing and modular units program shall submit a monthly report with the manufactured housing and modular units program no later than the tenth of the month following the month when the decals were placed.

(B) The report shall be filed on the Installation Decal Report Form provided by the manufactured housing and modular units program. The forms may be obtained from the Missouri Public Service Commission, PO Box 360, Jefferson City, MO 65102 or online at www.psc.mo.gov.

(C) A report shall be filed for each month or part of the month for which the installer is licensed. If no decals are placed or installed in a given month, the installer shall file the usual form no later than the tenth of the following month.

(D) The licensed installer or a representative of the licensed installer shall sign the report.

(E) The licensed installer shall maintain a copy of this report for his/her records.

(F) The manager may reject all monthly reports that are incomplete and require the installer to submit corrected reports.

(G) The manager, in consultation with the commission staff director, after attempting to contact the entity involved and documenting consideration of potential mitigating factors, including, but not limited to, the number of similar non-compliance issues, circumstances beyond the installer’s control, and the installer’s responsiveness to commission requirements, may assess a late submission fee of fifty dollars ($50) per report for each report that is filed sixty (60) days after the due date. The manager will track fees assessed or waived under this provision, along with any documented consideration of mitigating factors, and compile a quarterly report summarizing such information for review by the commission.

(H) The commission may suspend the installer’s license for any report not submitted within sixty (60) days of the due date.

(I) Failure to submit a completed monthly report within ninety (90) days of the due date or failure to pay any required fees could result in revocation of the installer’s license.

20 CSR 4240-125.090 Dispute Resolution

PURPOSE: To establish, pursuant to section 700.689, RSMo, a manufactured housing dispute resolution program to promote the timely resolution of disputes among manufacturers, dealers, and installers of manufactured homes.
(1) After completion of an initial inspection of a manufactured home, a dispute resolution process may be initiated in order to resolve disputes between the manufacturer, the dealer, and the installer of the home. This process may be initiated at the request of the manager, or upon a manufacturer, dealer, or installer having submitted to the manager a written request within fourteen (14) days after receipt of the manager’s initial inspection report.

(2) All dispute resolutions shall be conducted at the site of the manufactured home, unless determined by the manager to be unreasonable or impracticable to do so. Upon the decision to initiate the dispute resolution process or upon receipt of a written request to do so, the manager shall notify in writing all parties of the time and place of the dispute resolution. In attempting to schedule the dispute resolution, the manager shall make a good faith effort to consider the input of the parties. The homeowner shall have the right to attend the dispute resolution, to provide input at the request of the manager, and to be informed of the outcome.

(3) The manufacturer, dealer, and installer shall be required to attend the dispute resolution at the time and place determined by the manager. Any party who fails to attend the dispute resolution shall be deemed to have waived its right to provide input in the process.

(4) Each inspection item in dispute shall be discussed at the dispute resolution. All parties shall be given the opportunity to present their position in respect to disputed items. The parties shall also discuss with the manager a timeline for completion of any disputed items and work to reach an agreement thereon.

(5) Within ten (10) days of the dispute resolution, the manager shall send to the parties a final inspection report that identifies which party has been determined by the manager to be responsible for repairing the items originally in dispute. This inspection report shall also include a date by which the required repairs shall be completed.

(6) Reasonable extensions to the required completion dates may be granted by the manager under circumstances including, but not limited to, impracticability due to weather or the ability of a party to obtain engineering or permit approvals.

(7) If the repairs are not completed by the original or duly-extended deadline, the manager, after consultation with the commission staff director, may file a formal complaint with the commission.

(8) In any case where a deficiency is determined by the manager to be an imminent safety hazard or to constitute a serious structural defect, the manager may file a request asking the commission for an immediate hearing of the dispute.
