**TITLE 22 – MISSOURI CONSOLIDATED HEALTH
CARE PLAN**
Division 10 – Health Care Plan
Chapter 2 – State Membership

22 CSR 10-2.010 Definitions

PURPOSE: This rule establishes the policy of the board of trustees in regard to the definitions of the Missouri Consolidated Health Care Plan relative to state members.

(1) Accident. An unforeseen and unavoidable event resulting in an injury.

(2) Active employee. A benefit-eligible person employed by the state or agency of the state who meets the plan eligibility requirements. An eligible variable-hour employee is considered an active employee for the purposes of this chapter.

(3) Activities of daily living. Bathing, dressing, toileting, and associated personal hygiene; transferring (being moved in and out of a bed, chair, wheelchair, tub, or shower); mobility, eating (getting nourishment into the body by any means other than intravenous), and continence (voluntarily maintaining control of bowel and/or bladder function; in the event of incontinence, maintaining a reasonable level of personal hygiene).

(4) Administrative appeal. A written request submitted by or on behalf of a member involving plan-related administrative issues such as eligibility, effective dates of coverage, and plan changes.

(5) Adverse benefit determination. An adverse benefit determination means any of the following:

(A) A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit based on a determination of an individual's eligibility to participate in the plan;

(B) A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit resulting from the application of any utilization review, or a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental, investigational, or not medically necessary or appropriate; or

(C) Rescission of coverage after an individual has been covered under the plan.

(6) Allowed amount. Maximum amount on which payment is based for covered health care services. This may be called eligible expense, payment allowance, or negotiated rate. If the provider charges more than the allowed amount, the member may be balance-billed (see balance billing, section (8)).

(7) Applied behavior analysis. The design, implementation, and evaluation of environmental modifications, using behavior stimuli and consequences, to produce socially-significant improvement in human behavior, including the use of observation, measurement, and functional analysis of the relationship between environment and behavior.

(8) Balance billing. When a provider bills for the difference between the provider's charge and the allowed amount. For example, if the provider's charge is one hundred dollars (\$100) and the allowed amount is seventy dollars (\$70), the provider may bill the member for the remaining thirty dollars (\$30). A network provider may not balance bill.

(9) Benefits. Health care services covered by the plan.

(10) Board. The board of trustees of the Missouri Consolidated Health Care Plan (MCHCP).

(11) Cancellation of coverage. The ending of medical, dental, or vision coverage per a subscriber's voluntary request.

(12) Claims administrator. An organization or group responsible for processing claims and associated services for a health plan.

(13) Coinsurance. The member's share of the costs of a covered health care service, calculated as a percent (for example, twenty percent (20%)) of the allowed amount for the service. The member pays coinsurance plus any deductibles owed. For example, if the health insurance or plan's allowed amount for an office visit is one hundred dollars (\$100) and the member has met his/her deductible, the member's coinsurance payment of twenty percent (20%) would be twenty dollars (\$20). The health insurance or plan pays the rest of the allowed amount.

(14) Congenital defect. Existing or dating from birth. Acquired through development while in the uterus.

(15) Copayment. A fixed amount, for example, fifteen dollars (\$15), the member pays for a covered health care service, usually when the member receives the service. The amount can vary by the type of covered health care service.

(16) Date of service. Date medical services are received.

(17) Deductible. The amount the member owes for health care services that the health plan covers before the member's health plan begins to pay. For example, if the deductible is one thousand dollars (\$1,000), the member's plan will not pay anything until s/he meets his/her one thousand dollar (\$1,000) deductible for covered health care services subject to the deductible. The deductible may not apply to all services.

(18) Dependent. Spouse or child(ren) enrolled in the plan by a subscriber.

(19) Diabetes Self-Management Education. A program prescribed by a provider and facilitated by health care professionals with the appropriate credentials, training, and experience to educate and support members with diabetes.

An active employee may enroll him/herself and his/her spouse/child(ren) in one (1) of MCHCP's plans if s/he is an employee whose position is covered by the Missouri State Employees' Retirement System (MOSERS) or another retirement system whose members are grandfathered for coverage under the plan by law or is an eligible variable-hour employee of a

MOSERS participating department or agency. The active employee is eligible to enroll in medical, dental, or vision coverage.

2. An active employee employed by the Missouri Department of Conservation and whose position is covered by MOSERS or who is an eligible variable-hour employee may only enroll him/herself and his/her spouse/child(ren) in an MCHCP dental or vision plan.

3. An active employee employed by the Missouri Department of Transportation or Highway Patrol may only enroll him/herself and his/her spouse/child(ren) in an MCHCP dental or vision plan if s/he is an employee whose position is covered by the Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS) or is an eligible variable-hour employee.

4. If an active employee has been enrolled as a dependent of another MCHCP subscriber as allowed by these rules, and the subscriber dies before coverage as a dependent goes into effect, the active employee may elect coverage as a subscriber within thirty-one (31) days of the date of death.

5. An active employee cannot be covered as an employee and as a dependent.

(B) Retiree Coverage.

1. An employee may participate in an MCHCP plan when s/he retires if s/he receives a monthly retirement benefit from either MOSERS or from Public School Retirement System (PSRS) for state employment, or if the employee is an employee of a public higher education entity (PHEE) and the PHEE offers coverage to retirees. The employee may elect coverage for him/herself and his/her spouse/child(ren), provided the employee and his/her spouse/child(ren) have been continuously covered for health care benefits –

A. Through MCHCP since the effective date of the last open enrollment period;

B. Through MCHCP since the initial date of eligibility; or

C. Through group or individual medical coverage for the six (6) months immediately prior to retirement. Proof of prior group or individual coverage (letter from previous insurance carrier or former employer with dates of effective coverage and list of persons covered) is required.

2. An employee may enroll him/herself and his/her spouse/child(ren) in an MCHCP dental and/or vision plan when s/he retires if s/he receives a monthly retirement benefit from MOSERS and was employed by the Missouri Department of Conservation.

3. An employee may enroll him/herself and his/her spouse/child(ren) in an MCHCP dental and/or vision plan when s/he retires if s/he receives a monthly retirement benefit from MPERS.

4. If the retiree's spouse is a state active employee or retiree and enrolled in MCHCP, both spouses may transfer to coverage under the plan in which his/her spouse is enrolled or from his/her spouse's coverage to his/her coverage at any time as long as both spouses are eligible for MCHCP coverage and their coverage is continuous.

5. If a retiree who is eligible for coverage elects not to be continuously covered for him/herself and spouse/child(ren) with MCHCP from the date first eligible, or does not apply for coverage for him/herself and spouse/child(ren) within thirty-one (31) days of his/her eligibility date, the retiree and his/her spouse/child(ren) shall not thereafter be eligible for coverage unless specified elsewhere herein.

(C) Survivor Coverage.

1. At the time of a vested active employee subscriber's death, his/her survivor(s) may elect to continue coverage if the survivor(s) had MCHCP coverage at the time of the subscriber's death. The deceased subscriber's spouse/child(ren) who do not have MCHCP coverage at the time of the death may elect MCHCP coverage and become a survivor if the spouse/child(ren) had coverage through group or individual medical coverage for the six (6) months immediately prior to the subscriber's death. In that case, proof of prior group or individual coverage (letter from previous insurance carrier or former employer with dates of effective coverage and list of persons covered) is required.

2. At the time of a retiree or terminated vested subscriber's death, his/her survivor(s) may elect to continue coverage if the survivor(s) had MCHCP coverage at the time of the subscriber's death.

3. If a survivor subsequently marries and elects to add his/her new spouse to his/her coverage and the survivor dies, the new spouse's coverage ends at midnight on the last day of the month of the survivor's death (e.g., if the survivor dies November 3, new spouse's last day of coverage is November 30). Unless otherwise specified in this rule, the new spouse is not eligible to enroll for coverage at the time of the survivor's death.

4. If there are multiple survivors, once enrolled, the spouse will become the subscriber or, if there are only children, the youngest enrolled child will become the subscriber.

(D) Terminated Vested Coverage.

1. An active employee may enroll him/herself and his/her spouse/child(ren) in an MCHCP plan when his/her employment with the state terminates if s/he is vested and is eligible for a future benefit from MOSERS or PSRS as a state employee when s/he reaches retirement age. The employee must elect to continue coverage within thirty-one (31) days of the last day of the month in which his/her employment is terminated. The employee may elect or continue coverage if the terminated vested employee and his/her spouse/child(ren) had coverage –

A. Through MCHCP since the effective date of the last open enrollment period;

B. Through MCHCP since the initial date of eligibility; or

C. Through group or individual medical coverage for the six (6) months immediately prior to termination of state employment. Proof of prior group or individual coverage (letter from previous insurance carrier or former employer with dates of effective coverage and list of persons covered) is required.

2. If a terminated vested employee does not elect coverage within thirty-one (31) days of their eligibility date, or if s/he cancels or loses his/her coverage or dependent coverage, the terminated vested employee and his/her dependents cannot enroll at a later date.

Retirement System (MPERS), an enrolled terminated vested employee shall notify MCHCP of his/her retirement status to continue coverage as a retiree.

(E) Long-Term Disability Coverage.

1. An employee is eligible for long-term disability coverage if the employee is eligible for long-term disability benefits from MOSERS or PSRS and the employee may elect or continue coverage if the employee with long-term disability coverage and his/her dependents or spouse/child(ren) had coverage –

A. Through MCHCP since the effective date of the last open enrollment period;

B. Through MCHCP since the initial date of eligibility; or

C. Through group or individual medical coverage for the six (6) months immediately prior to becoming eligible for long-term disability benefits. Proof of prior group or individual coverage (letter from previous insurance carrier or former employer with dates of effective coverage and list of persons covered) is required.

2. If an enrolled, vested, long-term disability subscriber becomes ineligible for disability benefits, the long-term disability subscriber and his/her dependents will have continuous coverage as a terminated vested subscriber. If an enrolled long-term disability subscriber is not vested, and becomes ineligible for disability benefits, coverage is terminated and the subscriber and his/her dependents are offered COBRA benefits. If an enrolled long-term disability subscriber becomes ineligible for disability benefits, and returns to work, the subscriber is considered a new employee and must enroll through Statewide Employee Benefit Enrollment System (SEBES).

3. If the employee's spouse is an active state employee or retiree, s/he may transfer coverage under the plan in which his/her spouse is enrolled. If the employee wishes to be covered individually at a later date, s/he can make the change, as long as coverage is continuous. If the employee returns to work, the employee and his/her state employee spouse must be covered individually.

4. Upon receiving an annuity or retirement benefit from MOSERS or PSRS, an enrolled long-term disability employee and his/her dependents will automatically continue coverage as a retiree.

5. Upon receiving a retirement benefit from MPERS, an enrolled long-term disability employee must notify MCHCP of his/her retirement status to continue coverage as a retiree.

1. Terminated non-vested elected state officials (including members of the General Assembly and state officials holding statewide office), terminated non-vested employees of elected state officials and their dependents may continue coverage in an MCHCP plan if employment terminates because the elected state official ceases to hold elected office. The elected state official or his/her employees must elect to continue coverage for themselves and dependents within thirty-one (31) days from the last day of the month in which employment is terminated. If the elected state official or his/her employees do(es) not elect coverage for him/herself and dependents within thirty-one (31) days, cancels, or loses his/her coverage or dependent coverage, the elected state official or his/her employees and his/her dependents cannot enroll at a later date.

service once, regardless of whether the claim for the child's care is filed under multiple subscribers' coverage. If a child has coverage under two (2) subscribers, the child will have a separate deductible, copayment, and coinsurance under each subscriber. The claims administrator will process the claim and apply applicable cost-sharing using the coverage of the subscriber who files the claim first. The second claim for the same services will not be covered. If a provider files a claim simultaneously under both subscribers' coverage, the claim will be processed under the subscriber whose birthday is first in the calendar year. If both subscribers have the same birthday, the claim will be processed under the subscriber whose coverage has been in effect for the longest period of time; or

3. Changes in dependent status. If a dependent loses his/her eligibility, the subscriber must notify MCHCP within thirty-one (31) days of the loss of eligibility. This amount will not be added to the annual deductible or out-of-pocket accumulations.

MCHCP reserves the right to request that such proof of eligibility be provided at any time upon request. If such proof is not received or is unacceptable as determined by MCHCP, coverage will terminate or never take effect. If enrolling during open enrollment, proof of eligibility must be received by November 20, or coverage will not take effect the following January 1 for those individuals whose proof of eligibility was not received. If

invalid proof of eligibility is received, the subscriber is allowed an additional ten (10) days from the initial due date to submit valid proof of eligibility.

Coverage will not begin unless the enrollment form is received within thirty-one (31) days of the birth date or ten (10) days from the date of the notice, whichever is later. The employee will be set up on direct bill unless the employee and affected dependents are transferred to the plan in which his/her spouse is enrolled.

2. If the employee does not elect to continue coverage, coverage for the employee and his/her dependents is terminated effective the last day of the month in which the employee is employed.

3. If the employee's spouse is an active employee or retiree, the employee and any dependents may transfer to the plan in which the spouse is enrolled if the transfer is elected on the Leave of Absence Enrollment form. Transfer is effective the first of the month following the date of leave. If the employee wishes to be covered individually at a later date, s/he can make the change as long as coverage is continuous. When the employee returns to work, s/he and his/her spouse must be covered individually.

4. Any employee on an approved leave of absence who was a member of MCHCP when the approved leave began, but who subsequently terminated coverage with MCHCP while on leave, may reenroll in his/her coverage in the plan at the same level (employee only or employee and dependents) upon returning to employment directly from the leave or if the employee was on leave of absence during open enrollment or while on leave of absence leave had a qualifying life event or loss of employer-sponsored coverage, the employee may change plans and add spouse/child(ren). The employee will receive a letter, enrollment form, and bill from MCHCP. If the employee chooses to continue coverage, s/he must return the enrollment form and payment (if applicable) to MCHCP within ten (10) days of the date of the letter. If the employee continued coverage in a layoff status, and is two (2) months past due on his/her premiums, coverage on the employee and his/her dependents will be terminated at the end of the month payment was received. If the employee's spouse is an active state employee or retiree, the employee may transfer coverage under the plan in which his/her spouse is enrolled. If the employee wishes to be covered individually at a later date, s/he can make the change as long as coverage is continuous. If coverage terminates and the employee is recalled to service, eligibility will be as a new employee. If the employee returns to work with an agency covered by MCHCP, eligibility will be as a new employee. An employee and his/her spouse who is also a state employee must be covered individually.

(D) Workers' Compensation.

1. Coverage will automatically be extended to any subscriber who is on a leave of absence due to an illness or injury and receiving Workers' Compensation benefits. Coverage in the plan will be with the same plan and level of coverage (employee only or employee and dependents) and the member must continue to pay the premiums that were previously deducted from his/her paycheck.

2. If the subscriber cancels coverage, coverage will end on the last day of the month in which MCHCP received the cancellation. The employee may enroll within thirty-one (31) days of returning to work.

3. If the subscriber is no longer eligible for Workers' Compensation benefits and does not return to work, then the subscriber's status is changed to leave of absence and the subscriber is direct billed the leave of absence premium.

2. If the employee is reinstated without back pay and chooses to continue coverage, s/he will be considered to have been on a leave of absence. Consequently, the employee will be responsible for making the required contribution for his/her coverage;

3. If the employee does not continue coverage, s/he will be considered a new hire and may enroll in the plan of his/her choice; or

4. If the employee fails to reinstate his/her coverage, s/he cannot enroll in an MCHCP plan until the next open enrollment period.

(10) Federal Consolidated Omnibus Budget Reconciliation Act (COBRA).

2. The human resource/payroll office of the subscriber must notify MCHCP of an employee's death, termination, or reduction of hours of employment.

3. If a COBRA member is disabled within the first sixty (60) days of COBRA coverage and the disability continues for the rest of the initial eighteen- (18-) month period of continuing coverage, the member must notify MCHCP that s/he wants to continue coverage within sixty (60) days, starting from the latest of: 1) the date on which the SSA issues the disability determination; 2) the date on which the qualifying event occurs; or 3) the date on which the member receives the COBRA general notice. The member must also notify MCHCP

within thirty-one (31) days of any final determination that the individual is no longer disabled.

(D) Election Periods.

1. When MCHCP is notified that a COBRA-qualifying event has occurred, MCHCP notifies eligible members of the right to choose continuation coverage.

2. Eligible members have sixty (60) days from the date of coverage loss or notification from MCHCP, whichever is later, to inform MCHCP that they want continuation coverage.

3. If eligible members do not choose continuation coverage within sixty (60) days of lost coverage or notification from MCHCP, coverage ends.

(E) Continuation of coverage may be cut short for any of these reasons:

1. The state of Missouri no longer provides group health coverage to any of its employees;

2. Premium for continuation coverage is not paid on time;

3. The employee or dependent becomes covered (after the date s/he elects COBRA coverage) under another group health plan that does not contain any exclusion or limitation with respect to any pre-existing condition s/he may have;

4. The employee or dependent becomes entitled to Medicare after the date s/he elects COBRA coverage; or

5. The employee or dependent extends coverage for up to twenty-nine (29) months due to disability and there has been a final determination that the individual is no longer disabled.

(11) Missouri State Law COBRA Wrap-Around Provisions.

(A) Missouri law provides that if a member loses group health insurance coverage because of a divorce, legal separation, or the death of a spouse, the member may continue coverage until age sixty-five (65) under two (2) conditions:

1. The member continues and maintains coverage under the thirty-six- (36-) month provision of COBRA; and

2. The member is at least fifty-five (55) years old when COBRA benefits end. The qualified beneficiary must apply to continue coverage through the wrap-around provisions and will have to pay the entire premium. MCHCP may charge up to an additional twenty-five percent (25%) of the applicable premium.

(B) For a member to continue coverage under this subsection, a member must either:

1. Within sixty (60) days of legal separation or the entry of a decree of dissolution of marriage or prior to the expiration of a thirty-six- (36-) month COBRA period, the legally separated or divorced spouse who seeks such coverage shall give MCHCP written notice of the qualifying event, including his/her mailing address; or

2. Within thirty (30) days of the death of an employee whose surviving spouse is eligible for continued coverage or prior to the expiration of a thirty-six- (36-) month COBRA period, the human resource/payroll representative or the surviving spouse shall give MCHCP written notice of the death and the mailing address of the surviving spouse.

(C) Within fourteen (14) days of receipt of the notice, MCHCP shall notify the legally separated, divorced, or surviving spouse that coverage may be continued. The notice shall include:

1. A form for election to continue the coverage;

2. The amount of premiums to be charged and the method and place of payment; and

3. Instructions for returning the elections form by mail within sixty (60) days after MCHCP mails the notice.

(D) Continuation of coverage terminates on the last day of the month prior to the month the subscriber turns age sixty-five (65). The right to continuation coverage shall also termi-

nate upon the earliest of any of the following:

1. The state of Missouri no longer provides group health coverage to any of its employees;

2. Premium for continuation coverage is not paid on time;

3. The date on which the legally separated, divorced, or surviving spouse becomes insured under any other group health plan;

4. The date on which the legally separated, divorced, or surviving spouse remarries and becomes insured under another group health plan; or

5. The date on which the legally separated, divorced, or surviving spouse reaches age sixty-five (65).

(12) Members who are eligible for Medicare benefits under Part A, B, or D must notify MCHCP of their eligibility and provide a copy of the member's Medicare card within thirty-one (31) days of the Medicare eligibility date. If Medicare coverage begins before turning age sixty-five (65) years, the member will receive a Medicare disability questionnaire from MCHCP. The member must return the completed questionnaire to MCHCP for the Medicare eligibility information to be submitted to the medical vendor.

(13) Members are required to disclose to the claims administrator whether or not they have other health coverage and, if so, information about the coverage. Once the information is received, claims will be reprocessed subject to all applicable rules.

(14) Communications to Members.

(A) It is the member's responsibility to ensure that MCHCP has current contact information for the member and any dependent(s).

(B) A member must notify MCHCP of a change in his/her mailing or email address as soon as possible, but no later than thirty-one (31) days after the change.

(C) It is the responsibility of all members who elect to receive plan communication through email to ensure plan emails are not blocked as spam or junk mail by the member or by the member's service provider.

(D) Failure to update a mailing or email address may result in undeliverable mail/email of important informational material, delayed or denied claims, loss of coverage, loss of continuation rights, missed opportunities relating to covered benefits, and/or liability for claims paid in error.

(15) Deadlines. Unless specifically stated otherwise, MCHCP computes deadlines by counting day one (1) as the first day after the qualifying event. If the last day falls on a weekend or state holiday, MCHCP may receive required information on the first working day after the weekend or state holiday.

22 CSR 10-2.025 Rule for Participating Higher Education Entity Entry into the Missouri Consolidated Health Care Plan

PURPOSE: This rule establishes the policy of the board of trustees in regard to the procedures for Participating Higher Education Entities joining the Missouri Consolidated Health Care Plan.

(1) Terms and Conditions for Joining. Participating Higher Education Entities (PHEE) shall be a state-sponsored institution of higher learning. The PHEE shall provide a letter to the board stating their intent to join the Missouri Consolidated Health

Care Plan (MCHCP) no later than June 1, for coverage beginning January 1 of the following year.

(2) Eligibility Requirements. Notwithstanding any provision of rule to the contrary, eligibility of PHEE employees and retirees shall be solely determined by the PHEE. The PHEE shall be responsible for complying with all laws pertaining to employee benefits as to eligibility.

(A) The PHEE shall provide to MCHCP appropriate documentation of initial and ongoing eligibility of PHEE employees. Once provided by the PHEE, the employees of the PHEE submitted shall be included in the term state employee used throughout this chapter.

(B) If the PHEE chooses to cover retirees, they shall provide to MCHCP appropriate documentation of initial and ongoing eligibility. Once provided by the PHEE, the retirees of the PHEE submitted shall be included in the term retiree used throughout this chapter.

(3) Enrollment.

(A) Initial enrollment of PHEE eligible employees and/or retirees shall take place during the plan's next open enrollment period.

(B) Ongoing enrollment shall be handled in the same manner as new employees to the state.

(4) Coverage. The MCHCP Board of Trustees shall set all benefits, plan design, rates, incentives, and contribution levels. The board shall not set different benefits, plan designs, rates, incentives, or contribution levels for a PHEE than what they choose to set for state employees.

(5) Payment. The PHEE shall be responsible for submitting payment of full premiums of their employees according to their payroll cycles and in accordance with 22 CSR 10-2.030. If at any time the PHEE falls behind in the amount of two (2) months of premiums, coverage on all PHEE employees shall be terminated due to non-payment, effective the last day of the month a full premium was received.

(6) At the end of the first year of coverage, MCHCP shall have an actuary evaluate the population being brought into the plan and compare to the current population in the state plan to determine if the population is substantial and materially different than the current population. If the population is determined to have been substantially and materially different to the plan's detriment, the actuary will determine the amount that should be charged the PHEE pursuant to section 103.079.2, RSMo.

(7) Withdrawal from Plan.

(A) Once participating, the PHEE shall remain in the state plan for a period of five (5) years.

(B) After maintaining coverage for a period of five (5) years, the PHEE may withdraw from the plan by providing official notice that the PHEE's governing board has approved the withdrawal from the MCHCP. Such notice shall be received with a minimum six- (6-) month notice prior to the end of a current plan year.

(C) All withdrawals of PHEE shall be effective January 1. No withdrawals may take place during a plan year.

(D) If a PHEE does not stay in the plan for a period of five (5) years from first entering the plan, they shall be prohibited from rejoining the plan under section 103.079.2, RSMo, without a vote from the board of trustees allowing for the PHEE to reenter

the plan.

22 CSR 10-2.030 Contributions

PURPOSE: This rule establishes the policy of the board of trustees in regard to the contributions made to the Missouri Consolidated Health Care Plan.

(1) Total premium costs for various levels are based on employment status, retiree status, eligibility for Medicare, and various classifications of dependent participation as established by the plan administrator.

(2) The Missouri Consolidated Health Care Plan (MCHCP) contribution toward the premium for active employee coverage shall be determined by the plan administrator.

(3) The MCHCP contribution toward the premium for Family Medical Leave Act (FMLA) leave of absence coverage shall be the same as for active employees.

(4) The MCHCP shall not make a contribution toward the premium for terminated vested (including terminated non-vested elected state officials and employees), leave of absence (except for FMLA leave of absence), foster parents, or Federal Consolidated Omnibus Budget Reconciliation Act (COBRA) coverage.

(5) The MCHCP contribution toward the premium for long-term disability coverage shall be equal to the amount that was contributed toward the comparable rate tier in 2002.

(6) The Missouri Consolidated Health Care Plan (MCHCP) contribution toward retiree coverage is based on either of the following:

(A) The contribution percentage is calculated by using the number of full creditable years of service at retirement as reported to MCHCP by Missouri State Employees' Retirement System (MOSERS) or Public School Retirement System (PSRS) multiplied by two and one half percent (2.5%). The resulting product shall be capped at sixty-five percent (65%), or in other words the retiree's years of service is capped at twenty-six (26) years.

1. Medicare retirees.

A. For Medicare retirees, the contribution percentage is multiplied by the retiree only Medicare Advantage Plan total premium. The resulting product is the MCHCP contribution, which shall be subtracted from the Medicare Advantage total premium. The difference is the amount of the retiree contribution toward the total premium.

B. For Medicare retirees covering Medicare-eligible dependents, MCHCP will contribute for the dependent portion of the premium the lesser of the following: the contribution percentage multiplied by the Medicare Advantage premium, or the dollar amount MCHCP contributes for the dependent portion of the PPO 1250 premium for an active employee at the rate tier the retiree has selected.

C. For Medicare retirees covering non-Medicare eligible

dependents, MCHCP will contribute for the dependent portion of the premium the lesser of the following: the contribution percentage multiplied by the difference in premium of the retiree only Medicare Advantage Plan and the premium of the dependent portion of the PPO 1250 Plan at the rate tier the retiree has selected, or the dollar amount MCHCP contributes for the dependent portion of the PPO 1250 premium for an active employee at the rate tier the retiree has selected.

2. Non-Medicare retirees.

A. For non-Medicare retirees, the contribution percentage is multiplied by the retiree only PPO 1250 Plan total premium with the tobacco-free incentive and the partnership incentive. The resulting product is the MCHCP contribution, which shall be subtracted from the total premium of the plan chosen by the retiree. The difference is the amount of the retiree contribution toward the total premium.

B. For non-Medicare retirees covering Medicare-eligible dependents, MCHCP will contribute for the dependent portion of the premium the lesser of the following: the contribution percentage multiplied by the Medicare Advantage premium, or the dollar amount MCHCP contributes for the dependent portion of the PPO 1250 premium for an active employee at the rate tier the retiree has selected.

C. For non-Medicare retirees covering non-Medicare eligible dependents, MCHCP will contribute for the dependent portion of the premium the lesser of the following: contribution percentage multiplied by the difference in premium of the retiree only PPO 1250 Plan total premium with tobacco-free incentive and partnership incentive and the premium of the PPO 1250 Plan at the rate tier the retiree has selected, or the dollar amount MCHCP contributes for the dependent portion of the PPO 1250 premium for an active employee at the rate tier the retiree has selected.

(B) For those retiring prior to July 1, 2002, the amount calculated in subsection (6)(A) is compared to the flat dollar amount that was contributed for the same rate tier in 2002. The retiree's subsidy is the greater of the amount calculated in subsection (6)(A) or the flat dollar amount that was contributed in 2002.

(7) Premium. Payroll deductions, Automated Clearing House (ACH) transactions, debit cards, credit cards, and/or direct bills are processed by MCHCP.

(A) Active Employee Whose Payroll Information is Housed in the SAM II Human Resource System.

1. Monthly medical premium payroll deductions are divided in half and taken by MCHCP at the end of the prior month and the fifteenth of the current month for the current month's coverage (example: September 30 and October 15 payroll deductions are taken for October medical premiums).

2. Monthly dental and vision premium payroll deductions are divided in half and taken by MCHCP on the fifteenth of the current month and the end of the current month for the current month's dental and vision coverage (example: October 15 and October 31 payroll deductions are taken for October dental and vision premiums).

3. If a subscriber owes premiums outside the current month, payroll deductions for all other premiums owed will be divided equally and taken from the subscriber's future payrolls as follows:

A. Fifty dollars (\$50) or less, deduction will be taken from one (1) payroll;

B. Fifty-one dollars (\$51) to one hundred dollars (\$100) will be deducted from two (2) payrolls;

C. One hundred one dollars (\$101) to two hundred dollars (\$200) will be deducted from three (3) payrolls;

D. Two hundred one dollars (\$201) to three hundred dollars (\$300) will be deducted from four (4) payrolls;

E. Three hundred one dollars (\$301) to four hundred dollars (\$400) will be deducted from five (5) payrolls;

F. Four hundred one dollars (\$401) to five hundred dollars (\$500) will be deducted from six (6) payrolls;

G. Five hundred one dollars (\$501) to six hundred dollars (\$600) will be deducted from seven (7) payrolls;

H. Six hundred one dollars (\$601) to seven hundred dollars (\$700) will be deducted from eight (8) payrolls;

I. Seven hundred one dollars (\$701) to eight hundred dollars (\$800) will be deducted from nine (9) payrolls;

J. Eight hundred one dollars (\$801) to nine hundred dollars (\$900) will be deducted from ten (10) payrolls;

K. Nine hundred one dollars (\$901) to one thousand dollars (\$1,000) will be deducted from eleven (11) payrolls; and

L. One thousand one dollars (\$1,001) and over will be deducted from twelve (12) payrolls.

4. If the active employee's check is not sufficient to cover his/her premium, the active employee will receive a monthly bill for the premium.

(B) Active Employee Whose Payroll Information is not Housed in the SAM II Human Resource System.

1. Premium payroll deductions are submitted to MCHCP monthly from the agency based on the deductions taken from the employee's payroll.

A. Medical premium payroll deduction received at the end of the month is applied to the employee's next month's coverage (example: September 30 payroll deduction is taken for the October medical premium).

B. Dental and vision premium payroll deductions received at the end of the month are applied to the current month's dental and vision coverage (example: September 30 payroll deductions are taken for September dental and vision premiums).

C. If a subscriber owes past-due premiums, payroll deductions for current premiums along with the payroll deductions for past-due premiums may be taken at the discretion of the employer.

2. If the active employee's check is not sufficient to cover his/her premium, the active employee will receive a monthly bill for the premium.

(C) Retirees and Survivors Premiums From Benefit Check.

1. Deduction amounts are received monthly from MOSERS based on the deductions taken from the benefit checks. Medical, dental, and vision deductions received at the end of the month pay for the next month's coverage (example: September 30 benefit check deduction is taken for October medical, dental, and vision premiums).

2. If a retiree or survivor is currently having deductions taken from his/her benefit check and owes past-due premiums due to a change in his/her deductions, MCHCP will contact MOSERS to determine if the benefit check is large enough to cover the past-due premiums. If the benefit check is large enough to cover the past-due premiums, deductions will be divided and taken from the retiree or survivor's next three (3) benefit checks and coverage will be continuous. If the retiree or survivor's benefit check is not large enough to cover the deductions, and the retiree or survivor has failed to make the necessary premium payments, coverage will be terminated due to nonpayment, effective the last day of the month a full premium was received.

(D) Direct Bill of Premium Owed By Subscribers Whose Premium is not Deducted from Payroll or Benefit Check.

1. Premiums are billed on the last working day of the month for the next month's coverage. Premiums are due fifteen (15) days from the last day of the month in which they are billed (example: bill mailed September 30 for October medical, dental, and vision premiums, premium due October 15).

2. A subscriber may elect to pay premiums by ACH electronic payment. In that case, the subscriber agrees that he/she will not receive a monthly bill.

A. Premiums are deducted from a subscriber's bank account on the fifth of the month to pay for the current month's coverage (example: October 5 deduction taken for October medical, dental, and vision premiums).

B. If there are insufficient funds, MCHCP will bill the subscriber for the premium owed. The due date of the premium owed shall not change due to insufficient funds.

(8) Premium Payments.

(A) By enrolling in coverage under MCHCP, an active employee agrees that MCHCP may deduct the member's contribution toward the total premium from the subscriber's paycheck. Payment for the first month's premium is made by payroll deduction. Subsequent premium payments are deducted from the active employee's paycheck. If the active employee's check is not sufficient to cover his/her premium, the active employee agrees to pay MCHCP by check, money order, ACH or cash, or by any other monetary transaction supported by MCHCP.

(B) By enrolling in coverage under MCHCP, the retiree or survivor agrees that MCHCP will automatically deduct the premium from the retiree or survivor's benefit check. The retiree or survivor may choose to receive a monthly bill in lieu of an automatic deduction. If the retiree or survivor's deduction is not sufficient to cover his/her premium or the retiree or subscriber chooses to receive a monthly bill, the retiree or survivor agrees to pay MCHCP by check, money order, ACH or cash, or by any other monetary transaction supported by MCHCP.

(C) If the subscriber fails to make the necessary premium payments, coverage terminates on the last day of the month for which full premium payment was received. The subscriber is responsible for claims submitted after the termination date.

1. If a non-Medicare subscriber fails to pay premiums by the required due date, MCHCP allows a thirty-one- (31-) day grace period from the due date. In the event that MCHCP has not received payment of premium at the end of the thirty-one- (31-) day grace period, coverage will be retroactively terminated on the last day of the month for which full premium payment was received. The subscriber will be responsible for the value of the services rendered after the retroactive termination date, including, but not limited to, the grace period.

2. If a Medicare primary subscriber fails to pay premiums by the required due date, MCHCP allows a sixty- (60-) day grace period from the due date. In the event that MCHCP has not received payment of premium at the end of the sixty- (60-) day grace period, coverage will be terminated effective the end of month in which the sixty- (60-) day grace period ends.

(9) Refunds of overpayments are limited to the amount overpaid during the twelve- (12-) month period ending at the end of the month preceding the month during which notice of overpayment is received by MCHCP.

22 CSR 10-2.045 Plan Utilization Review Policy

PURPOSE: This rule establishes the policy of the board of trustees in regard to the Plan Utilization Review Policy of the Missouri Consolidated Health Care Plan Medical Plans.

(1) Clinical Management – Certain benefits are subject to a utilization review (UR) program. The program has the following components:

(A) Preauthorization – The claims administrator must authorize some services in advance. Preauthorization is to determine if the procedure or treatment is medically necessary.

The claims administrator will determine what procedures or treatments are subject to preauthorization. Without preauthorization, any claim that requires preauthorization will be denied for payment. Members who have another primary carrier, or who are enrolled in the Medicare Advantage Plan are not subject to this provision except for those services that are not covered by the other primary carrier, but are otherwise subject to preauthorization under this rule. Preauthorizations found to have a material misrepresentation or intentional or negligent omission about the person's health condition or the cause of the condition may be rescinded.

1. A list of medical services for which preauthorization is required may be obtained at any time from the claims administrator.

2. The following pharmacy services included in the prescription drug plan for non-Medicare primary members are subject to preauthorization:

A. Second-step therapy medications that skip the first-step medication trial;

B. Specialty medications;

C. Medications that may be prescribed for several conditions, including some for which treatment is not medically necessary;

D. Medication refill requests that are before the time allowed for refill;

E. Medications that exceed drug quantity and day supply limitations; and

F. Medications with costs exceeding nine thousand nine hundred ninety-nine dollars and ninety-nine cents (\$9,999.99) at retail or the mail order pharmacy and one hundred forty-nine dollars and ninety-nine cents (\$149.99) for compound medications at retail or the mail order pharmacy.

3. Preauthorization timeframes.

A. A benefit determination for non-urgent preauthorization requests will be made within thirty-six (36) hours, which will include one (1) business day of the receipt of the request. If the information necessary to make a benefit determination is not received, the claims administrator will notify the member and provider of any necessary extension. The provider will be given forty-five (45) calendar days from receipt of the extension notice to respond with additional information. Once the information is received or the forty-five (45) days have elapsed, a determination will be made within thirty-six (36) hours which will include one (1) business day.

B. A benefit determination for urgent preauthorization requests will be made as soon as possible based on the clinical situation, but in no case later than one (1) business day of the receipt of all necessary information;

(B) Concurrent Review – The claims administrator will monitor the medical necessity of an inpatient admission to certify the necessity of the continued stay in the hospital. Members who have another primary carrier, including Medicare, are not subject to this provision;

(C) Retrospective Review – Reviews to determine coverage after services have been provided to a member. The retrospective review is not limited to an evaluation of medical necessity, reimbursement levels, accuracy and adequacy of documentation or coding, or settling of payment. The claim administrator shall have the authority to correct payment errors when identified under retrospective review;

(D) Pre-determination – Determination of coverage by the claims administrator prior to services being provided. A provider may voluntarily request a pre-determination. A pre-determination informs the provider of whether, and under which circumstances, a procedure or service is generally a covered

benefit under the plan. A pre-determination that a procedure or service may be covered under the plan does not guarantee payment; and

(E) Case Management – A voluntary process to assess, coordinate, and evaluate options and services of members with catastrophic and complex illnesses. A case manager will help members understand what to expect during the course of treatment, help establish collaborative goals, complete assessments to determine needs, interface with providers, and negotiate care. Members are identified for case management through claim information, length of hospital stay, or by referral. The case manager will dismiss the member from case management once the case manager determines that objectives have been met.

22 CSR 10-2.046 PPO 750 Plan Benefit Provisions and Covered Charges

PURPOSE: This rule establishes the policy of the board of trustees in regard to the PPO 750 Benefit Provisions and Covered Charges for members of the Missouri Consolidated Health Care Plan.

(1) Deductible – per calendar year for network: per individual, seven hundred fifty dollars (\$750); family, one thousand five hundred dollars (\$1,500) and for non-network: per individual, one thousand five hundred dollars (\$1,500); family, three thousand dollars (\$3,000).

(A) Network and non-network deductibles are separate. Expenses cannot be shared or transferred between network and non-network benefits.

(B) Claims will not be paid until the applicable deductible is met.

(C) Services that do not apply to the deductible and for which applicable costs will continue to be charged include, but are not limited to: copayments, charges above the usual, customary, and reasonable (UCR) limit; the amount the member pays due to noncompliance; non-covered services and charges above the maximum allowed.

(D) The family deductible is an embedded deductible with two (2) parts: an individual deductible and an overall family deductible. Each family member must meet his/her own individual deductible amount until the overall family deductible amount is reached. Once a family member meets his/her own individual deductible, the plan will start to pay claims for that individual and any additional out-of-pocket expenses incurred by that individual will not be used to meet the family deductible amount. Once the overall family deductible is met, the plan will start to pay claims for the entire family even if some family members have not met his/her own individual deductible.

(2) Coinsurance – Coinsurance amounts apply to covered services after deductible has been met. Coinsurance is no longer applicable for the remainder of the calendar year once the out-of-pocket maximum is reached.

(A) Network claims are paid at eighty percent (80%) until the out-of-pocket maximum is met.

(B) Non-network claims are paid at sixty percent (60%) until the out-of-pocket maximum is met.

(3) Out-of-pocket maximum – per calendar year for network: per individual, two thousand two hundred fifty dollars (\$2,250); family, four thousand five hundred dollars (\$4,500) and for non-network: per individual, four thousand five hundred dollars (\$4,500); family, nine thousand dollars (\$9,000).

(A) Network and non-network out-of-pocket maximums are separate. Expenses cannot be shared or transferred between network and non-network benefits.

(B) Services that do not apply to the out-of-pocket maximum and for which applicable costs will continue to be charged include, but are not limited to: charges above the usual, customary, and reasonable (UCR) limit; the amount the member pays due to noncompliance; non-covered services and charges above the maximum allowed.

(C) The family out-of-pocket maximum is an embedded out-of-pocket maximum with two (2) parts: an individual out-of-pocket maximum and an overall family out-of-pocket maximum. Each family member must meet his/her own individual out-of-pocket maximum amount until the overall family out-of-pocket maximum amount is reached. Once a family member meets his/her own individual out-of-pocket maximum, the plan will start to pay claims at one hundred percent (100%) for that individual. Once the overall family out-of-pocket maximum is met, the plan will start to pay claims at one hundred percent (100%) for the entire family even if some family members had not met his/her own individual out-of-pocket maximum.

(4) The following services will be paid as a network benefit when provided by a non-network provider:

(A) Emergency services and urgent care;

(B) Covered services that are not available through a network provider within one hundred (100) miles of the member's home. The member must contact the claims administrator before the date of service in order to have a closer non-network provider's claims approved as a network benefit. Such approval

is for three (3) months. After three (3) months, the member must contact the claims administrator to reassess network availability;

(C) Covered services when such services are provided in a network hospital or ambulatory surgical center and are an adjunct to a service being performed by a network provider. Examples of such adjunct services include, but are not limited to, anesthesiology, assistant surgeon, pathology, or radiology.

(5) The following services are not subject to deductible, coinsurance, or copayment requirements and will be paid at one hundred percent (100%) when provided by a network provider:

(A) Preventive care;

(B) Nutrition counseling;

(C) A newborn's initial hospitalization until discharge or transfer to another facility if the mother is a Missouri Consolidated Health Care Plan (MCHCP) member at the time of birth;

(D) Four (4) Diabetes Self-Management Education visits;

(E) Sterilization procedure for men;

(F) Virtual visits offered through the vendor's telehealth tool;

(G) Diagnostic breast examinations, supplemental breast examinations as defined in section 376.1183, RSMo, and low-dose mammography screenings; and

(H) Diagnostic colorectal screenings.

(6) Influenza vaccinations provided by a non-network provider will be reimbursed up to twenty-five dollars (\$25) once the member submits a receipt and a reimbursement form to the claims administrator.

(7) Married, active employees who are MCHCP subscribers and have enrolled children may meet only one (1) family deductible and out-of-pocket maximum. Both spouses must enroll in the same medical plan option through the same carrier, and each must provide the other spouse's Social Security number (SSN) and report the other spouse as eligible for coverage when newly hired and during the open enrollment process. In the medical plan vendor and pharmacy benefit manager system, the spouse with children enrolled will be considered the subscriber and the spouse that does not have children enrolled will be considered a dependent. If both spouses have children enrolled the spouse with the higher Social Security number (SSN) will be considered the subscriber. Failure to report an active employee spouse when newly hired and/or during open enrollment will result in a separate deductible and out-of-pocket maximum for both active employees.

(8) Each subscriber will have access to payment information of the family unit only when authorization is granted by the adult covered dependent(s).

(9) Expenses toward the deductible and out-of-pocket maximum will be transferred if the member changes non-Medicare medical plans during the plan year or continues enrollment under another subscriber's non-Medicare medical plan within the same plan year.

(10) Copayments.

(A) Emergency room – two hundred fifty dollars (\$250) network and non-network. Deductible and coinsurance requirements apply to emergency room services in addition to the copayment. If a member is admitted to the hospital or the claims administrator considers the claim to be for a true emergency, the copayment is waived.

(B) Inpatient hospitalization – two hundred dollars (\$200)

per admission for network and non-network. Deductible and coinsurance requirements apply to inpatient hospitalization services in addition to the copayment.

(11) Non-network plan payment – non-network medical claims are processed following the claim administrator's practice for non-network facility claims. Members may be held liable for the amount of the fee above the allowed amount.

(12) Any claim must be initially submitted within twelve (12) months following the date of service, unless otherwise specified in the network provider contract. The plan reserves the right to deny claims not timely filed. A provider initiated correction to the originally filed claim must be submitted within the time frame agreed in the provider contract, but not to exceed three hundred sixty-five (365) days from adjudication of the originally filed claim. Any claims reprocessed as primary based on action taken by Medicare or Medicaid must be initiated within three (3) years of the claim being incurred.

(13) For a member who is an inpatient on the last calendar day of a plan year and remains an inpatient into the next plan year, the prior plan year's applicable copayment, deductible, and/or coinsurance amounts will apply to the in-hospital facility and related ancillary charges until the member is discharged.

(14) Services performed in a country other than the United States may be covered if the service is included in 22 CSR 10-2.055. Emergency and urgent care services are covered as a network benefit. All other non-emergency services are covered as determined by the claims administrator. If the service is provided by a non-network provider, the member may be required to provide payment to the provider and then file a claim for reimbursement subject to timely filing limits.

(15) Medicare.

(A) If a Medicare primary member chooses a provider who has opted out of Medicare, the member will be responsible for paying the portion Medicare would have paid if the service was performed by a Medicare provider. An estimate of Medicare Part A and/or Part B benefits shall be made and used for coordination or reduction purposes in calculating benefits. Benefits will be calculated on a claim-submitted basis so that if, for a given claim, Medicare reimbursement would be for more than the benefits provided by this plan without Medicare, the balance will not be considered when calculating subsequent claims for this plan's deductible and out-of-pocket maximum expenses.

22 CSR 10-2.053 Health Savings Account Plan Benefit Provisions and Covered Charges

PURPOSE: This rule establishes the policy of the board of trustees in regard to the Health Savings Account (HSA) Plan, benefit provisions, and covered charges of the Missouri Consolidated Health Care Plan.

(1) Deductible – per calendar year for network: per individual, one thousand six hundred fifty dollars (\$1,650); family, three thousand three hundred dollars (\$3,300) and for non-network: per individual, three thousand three hundred dollars (\$3,300); family, six thousand six hundred dollars (\$6,600).

(A) Network and non-network deductibles are separate. Expenses cannot be shared or transferred between network and non-network benefits.

(B) Claims will not be paid until the applicable deductible is met.

(C) Services that do not apply to the deductible and for which applicable costs will continue to be charged include, but are not limited to: copayments, charges above the usual, customary, and reasonable (UCR) limit; the amount the member pays due to noncompliance; non-covered services and charges

above the maximum allowed.

(D) The family deductible applies when two (2) or more family members are covered. The family deductible must be met before claim payment begins for any covered family member. Once the family deductible is met, the plan will start to pay claims for the entire family even if some family members have not met his/her own individual deductible.

(E) Medical and pharmacy expenses are combined to apply toward the network or non-network deductible amount, as appropriate.

(2) Coinsurance – Coinsurance amounts apply to covered services after deductible has been met. Coinsurance is no longer applicable for the remainder of the calendar year once the out-of-pocket maximum is reached.

(A) Network claims are paid at eighty percent (80%) until the out-of-pocket maximum is met.

(B) Non-network claims are paid at sixty percent (60%) until the out-of-pocket maximum is met.

(3) Out-of-pocket maximum.

(A) The family out-of-pocket maximum applies when two (2) or more family members are covered. The family out-of-pocket maximum must be met before the plan begins to pay one hundred percent (100%) of all covered charges for any covered family member. Out-of-pocket maximums are per calendar year, as follows:

1. Network out-of-pocket maximum for individual – four thousand nine hundred fifty dollars (\$4,950);

2. Network out-of-pocket maximum for family – nine thousand nine hundred dollars (\$9,900). Any individual family member need only incur a maximum of eight thousand seven hundred dollars (\$8,700) before the plan begins paying one hundred percent (100%) of covered charges for that individual;

3. Non-network out-of-pocket maximum for individual – nine thousand nine hundred dollars (\$9,900); and

4. Non-network out-of-pocket maximum for family – nineteen thousand eight hundred dollars (\$19,800).

(B) Network and non-network out-of-pocket maximums are separate. Expenses cannot be shared or transferred between network and non-network benefits.

(C) Services that do not apply to the out-of-pocket maximum and for which applicable costs will continue to be charged include, but not limited to: charges above the usual, customary, and reasonable (UCR) limit; the amount the member pays due to noncompliance; and charges above the maximum allowed.

(D) Medical and pharmacy expenses are combined to apply toward the network or non-network out-of-pocket maximum, as appropriate.

(4) The following services will be paid as a network benefit when provided by a non-network provider:

(A) Emergency services and urgent care;

(B) Covered services that are not available through a network provider within one hundred (100) miles of the member's home. The member must contact the claims administrator before the date of service in order to have a closer non-network provider's claims approved as a network benefit. Such approval is for three (3) months. After three (3) months, the member must contact the claims administrator to reassess network availability;

(C) Covered services when such services are provided in a network hospital or ambulatory surgical center and are an adjunct to a service being performed by a network provider. Examples of such adjunct services include, but are not limited

- to, anesthesiology, assistant surgeon, pathology, or radiology.
- (5) Preventive care is not subject to deductible or coinsurance requirements and will be paid at one hundred percent (100%) when provided by a network provider.
- (6) Influenza vaccinations provided by a non-network provider will be reimbursed up to twenty-five dollars (\$25) once the member submits a receipt and a reimbursement form to the claims administrator.
- (7) Nutrition counseling is paid at one hundred percent (100%) when provided by a network provider after deductible is met.
- (8) Four (4) Diabetes Self-Management Education visits received through a network provider are covered at one hundred percent (100%) after deductible is met.
- (9) Sterilization procedure for men is paid at one hundred percent (100%) when provided by a network provider after deductible is met.
- (10) Virtual visits offered through the vendor's telehealth tool are covered at one hundred percent (100%) after deductible is met unless Internal Revenue Service (IRS) guidance permits it to be paid at one hundred percent (100%) prior to deductible being met.
- (11) Diagnostic breast examinations, supplemental breast examinations as defined in section 376.1183, RSMo, and low-dose mammography screenings are covered at one hundred percent (100%) after deductible is met.
- (12) Diagnostic colorectal screenings are covered at one hundred percent (100%) after deductible is met.
- (13) Newborn's claims will be subject to deductible and coinsurance.
- (14) Married, active employees who are MCHCP subscribers and have enrolled children may meet only one (1) family deductible and out-of-pocket maximum. Both spouses must enroll in the same medical plan option through the same carrier, and each must provide the other spouse's Social Security number (SSN) and report the other spouse as eligible for coverage when newly hired and during the open enrollment process. In the medical plan vendor and pharmacy benefit manager system, the spouse with children enrolled will be considered the subscriber and the spouse that does not have children enrolled will be considered a dependent. If both spouses have children enrolled the spouse with the higher Social Security number (SSN) will be considered the subscriber. Failure to report an active employee spouse when newly hired and/or during open enrollment will result in a separate deductible and out-of-pocket maximum for both active employees.
- (15) Each subscriber will have access to payment information of the family unit only when authorization is granted by the adult covered dependent(s).
- (16) Expenses toward the deductible and out-of-pocket maximum will be transferred if the member changes non-Medicare medical plans or continues enrollment under another subscriber's non-Medicare medical plan within the same plan year.
- (17) Non-network plan payment – non-network medical claims are processed following the claims administrator's practice for non-network facility claims. Members may be held liable for the amount of the fee above the allowed amount.
- (18) Any claim must be initially submitted within twelve (12) months following the date of service, unless otherwise specified in the network provider contract. The plan reserves the right to deny claims not timely filed. A provider initiated correction to the originally filed claim must be submitted within the time frame agreed in the provider contract, but not to exceed three hundred sixty-five (365) days from adjudication of the originally filed claim. Any claims reprocessed as primary based on action taken by Medicare or Medicaid must be initiated within three (3) years of the claim being incurred.
- (19) For a member who is an inpatient on the last calendar day of a plan year and remains an inpatient into the next plan year, the prior plan year's applicable deductible and/or coinsurance amounts will apply to the in-hospital facility and related ancillary charges until the member is discharged.
- (20) Services performed in a country other than the United States may be covered if the service is included in 22 CSR 10-2.055. Emergency and urgent care services are covered as a network benefit. All other non-emergency services are covered as determined by the claims administrator. If the service is provided by a non-network provider, the member may be required to provide payment to the provider and then file a claim for reimbursement subject to timely filing limits.
- (21) An active employee subscriber does not qualify for the HSA Plan if s/he is claimed as a dependent on another person's tax return or, except for the plans listed in section (23) of this rule, is covered under or enrolled in any other health plan that is not a high deductible health plan, including but not limited to the following types of insurance plans or programs:
- (A) Medicare (unless Medicare is secondary coverage to MCHCP);
 - (B) TRICARE;
 - (C) A health care flexible spending account (FSA), with the exception of participation in the premium-only, limited-purpose health FSA, and dependent care section;
 - (D) Health reimbursement account (HRA); or
 - (E) If the member has received medical benefits from the Department of Veterans Affairs (VA) at any time during the previous three (3) months, unless the medical benefits received consist solely of disregarded coverage or preventive care.
- (22) If an active employee subscriber and/or his/her dependent(s) is enrolled in the HSA Plan and becomes ineligible for the HSA Plan during the plan year, the subscriber and/or his/her dependent(s) will be enrolled in the PPO 1250 Plan. The subscriber may enroll in a different non-HSA Plan within thirty-one (31) days of notice from MCHCP.
- (23) A subscriber may qualify for this plan even if s/he is covered by any of the following:
- (A) Drug discount card;
 - (B) Accident insurance;
 - (C) Disability insurance;
 - (D) Dental insurance;
 - (E) Vision insurance; or
 - (F) Long-term care insurance.

(24) Health Savings Account (HSA) Contributions.

(A) To receive contributions from MCHCP, the subscriber must be an active employee and HSA eligible as defined in the Internal Revenue Service Publication 969 on the date the contribution is made and open an HSA with the bank designated by MCHCP.

1. Subscribers who enroll in the HSA Plan during open enrollment who have a balance in a health care FSA on January 1 of the new plan year cannot receive an HSA contribution from MCHCP until after the health care FSA grace period ends March 15.

(B) A new employee or subscriber electing coverage due to a life event or loss of employer-sponsored coverage with an effective date after the MCHCP contribution will receive an applicable prorated contribution. Unless a subscriber is eligible for a special enrollment period, a subscriber will not be able to voluntarily change his/her plan selection.

(C) A subscriber who moves from subscriber-only coverage to another coverage level with an effective date after the MCHCP contribution will receive an applicable prorated contribution based on the increased level of coverage.

(D) If a subscriber moves from another coverage level to subscriber-only coverage, cancels all coverage, or MCHCP terminates coverage and has received an HSA contribution, MCHCP will not request a re-payment of the contribution.

(E) If both spouses are state employees covered by MCHCP and they both enroll in an HSA Plan, they must each have a separate HSA. The maximum contribution MCHCP will make for the family is one thousand dollars (\$1,000) regardless of the number of HSAs or the number of children covered under the HSA Plan for either parent. MCHCP will consider married state employees as one (1) family and will not make two (2) family contributions to both spouses or one (1) family contribution and one (1) individual contribution. MCHCP will make a maximum five hundred dollar (\$500) contribution to each spouse to total a maximum of one thousand dollars (\$1,000).

(F) The MCHCP contributions will be deposited into the subscriber's HSA as follows:

1. The January deposit will be made on the third Monday of the month, or the first working day after the third Monday if the third Monday is a holiday;
2. The April deposit will be made on the first Monday in April; and
3. Other deposits will be made on the third Monday of the month in which coverage is effective, or the first working day after the third Monday of the month coverage is effective if the third Monday is a state holiday.

Deposit	Subscriber only	All other coverage levels
January	\$500	\$1,000
April (delayed contribution due to health care FSA grace period)	\$500	\$1,000
All others	A proration of \$500	A proration of \$1,000

(G) If a subscriber receives a deposit they are not entitled to, MCHCP reserves the right to recoup the deposit.

22 CSR 10-2.070 Coordination of Benefits

PURPOSE: This rule establishes the policy of the board of trustees in regard to the coordination of benefits (COB) in the Missouri Consolidated Health Care Plan.

(1) If a member is also covered under any other plan (as defined here) and is entitled to benefits or other services for which benefits are also payable under Missouri Consolidated Health Care Plan (MCHCP), the benefits under MCHCP will be adjusted as shown in this rule.

(A) This coordination of benefits (COB) provision applies to MCHCP when a member has health care coverage under more than one (1) plan.

(B) If this COB provision applies, the order of benefit determination rules should be looked at first. Those rules determine whether the benefits of MCHCP are determined before or after those of another plan. The benefits of MCHCP –

1. Shall not be reduced when, under the order of benefit determination rules, MCHCP determines its benefits before

another plan; but

2. May be reduced when, under the order of benefits determination rules, another plan determines its benefits first.

(2) Definitions. The following words and terms, when used in this rule, shall have the following meanings unless the context clearly indicates otherwise:

(A) Allowable expenses.

1. Allowable expense means the necessary, reasonable, and customary item of expense for health care when the item of expense is covered at least in part under any of the plans involved, except where a statute requires a different definition.

2. Notwithstanding this definition, items of expense under coverage, such as dental care, vision care, prescription drug, or hearing-aid programs, may be excluded from the definition of allowable expense. A plan which provides benefits only for any of these items of expense may limit its definition of allowable expenses to like items of expense.

3. When a plan provides benefits in the form of service, the reasonable cash value of each service will be considered as both an allowable expense and a benefit paid.

4. The difference between the cost of a private hospital room and the cost of a semi-private hospital room is not considered an allowable expense under this definition unless the patient's stay in a private hospital room is medically necessary in terms of generally accepted medical practice.

5. When COB is restricted in its use to specific coverage in a contract (for example, major medical or dental), the definition of allowable expense must include the corresponding expenses or services to which COB applies.

6. When benefits are reduced under a primary plan because a covered person does not comply with the plan provisions, the amount of this reduction will not be considered an allowable expense. Examples of these provisions are those related to second surgical opinions, precertification of admissions or services, and preferred provider arrangements.

A. Only benefit reductions based upon provisions similar in purpose to those described previously and which are contained in the primary plan may be excluded from allowable expenses.

B. This provision shall not be used to refuse to pay benefits because a health maintenance organization (HMO) member has elected to have health care services provided by a non-HMO provider and the HMO, pursuant to its contract, is not obligated to pay for providing those services;

(B) Claim. A request for benefits of a plan to be provided or paid is a claim. The benefit claimed may be in the form of –

1. Services (including supplies);
2. Payment for all or a portion of the expenses incurred;
3. A combination of paragraphs (2)(B)1. and 2.; or
4. An indemnification;

(C) Claim determination period means a calendar year. However, it does not include any part of a year during which a person has no coverage under this plan or any part of a year before the date this COB provision or similar provision takes effect;

(D) Coordination of benefits. This is a provision establishing an order in which plans pay their claims;

(E) Plan includes –

1. Group insurance and group subscriber contracts;
2. Uninsured arrangements of group or group-type coverage;
3. Group or group-type coverage through HMOs and other prepayment, group practice, and individual practice plans;
4. Group-type contracts. Group-type contracts are

contracts which are not available to the general public and can be obtained and maintained only because of membership in or connection with a particular organization or group. Group-type contracts answering this description may be included in the definition of plan, at the option of the insurer or the service provider and the contract client, whether or not uninsured arrangements or individual contract forms are used and regardless of how the group-type coverage is designed (for example, franchise or blanket). Individually underwritten and issued guaranteed renewable policies would not be considered group-type even though purchased through payroll deduction at a premium savings to the insured since the insured would have the right to maintain or renew the policy independently of continued employment with the employer. Note: The purpose and intent of this provision is to identify certain plans of coverage which may utilize other than a group contract but are administered on a basis more characteristic of group insurance. These group-type contracts are distinguished by two (2) factors – 1) they are not available to the general public, but may be obtained only through membership in, or connection with, the particular organization or group through which they are marketed (for example, through an employer payroll withholding system) and 2) they can be obtained only through that affiliation (for example, the contracts might provide that they cannot be renewed if the insured leaves the particular employer or organization, in which case they would meet the group-type definition). On the other hand, if these contracts are guaranteed renewable allowing the insured the right to renewal regardless of continued employment or affiliation with the organization, they would not be considered group-type;

5. Group or group-type hospital indemnity benefits which exceed one hundred dollars (\$100) per day;

6. The medical benefits coverage in group, group-type, and individual automobile no-fault type contracts but, as to traditional automobile fault contracts, only the medical benefits written on a group or group-type basis may be included; and

7. Medicare or other governmental benefits. That part of the definition of plan may be limited to the hospital, medical, and surgical benefits of the governmental program;

(F) Plan shall not include –

1. Individual or family insurance contracts;
2. Individual or family subscriber contracts;
3. Individual or family coverage under other prepayment, group practice, and individual practice plans;
4. Group or group-type hospital indemnity benefits of one hundred dollars (\$100) per day or less;
5. School accident-type coverages. These contracts cover grammar, high school, and college students for accidents only, including athletic injuries, either on a twenty-four- (24-) hour basis or on a to-and-from-school basis; and

6. A state plan under Medicaid and shall not include a law or plan when its benefits are in excess of those of any private insurance plan or other non-governmental plan; and

(G) Primary plan/secondary plan. The order of benefit determination rules state whether MCHCP is a primary plan or secondary plan as to another plan covering this person. When MCHCP is a primary plan, its benefits are determined before those of the other plan and without considering the other plan's benefits. When MCHCP is a secondary plan, its benefits are determined after those of the other plan and may be reduced because of the other plan's benefits. When there are more than two (2) plans covering the person, MCHCP may be a primary plan as to one (1) or more other plans and may be

a secondary plan as to a different plan(s).

(3) Order of Benefit Determination Rules.

(A) General. When there is a basis for a claim under MCHCP and another plan, MCHCP is a secondary plan which has its benefits determined after those of the other plan, unless –

1. The other plan's rules and MCHCP's rules require MCHCP to be primary; or

2. The other plan's rules conflict with MCHCP's rules, then the plan that has been in effect the longest is primary.

(B) Rules. MCHCP determines its order of benefits as follows:

1. Non-dependent/dependent:

A. The plan which covers the member as an employee or subscriber is primary; and

B. The plan which covers the member as dependent is secondary;

2. Active/layoff. The plan that covers the member or dependent through the member's active employment is primary to a plan that covers the member or dependent through the member's status as a laid off employee;

3. Retiree. The plan that covers the member or dependent through the member's active employment is primary to a plan that covers the member or dependent through the member's status as a retiree;

4. Medicare.

A. If a member is an active employee and has Medicare, MCHCP is the primary plan for the active employee and his/her dependents. Medicare is the secondary plan except for members with end stage renal disease (ESRD) as defined in subparagraph (3)(B)4.D.

B. If a member is a retiree and has Medicare, Medicare is the primary plan for the retiree and his/her Medicare-eligible dependents. MCHCP is the secondary plan.

C. If a terminated vested employee with Medicare maintains coverage through one (1) of the MCHCP plans, Medicare is the primary plan and MCHCP is secondary.

D. If a member or his/her dependents are eligible for Medicare solely because of ESRD, the member's MCHCP plan is primary to Medicare during the first thirty (30) months of Medicare eligibility for home peritoneal dialysis or home hemodialysis and thirty-three (33) months for in-center dialysis. After the thirty (30) or thirty-three (33) months, Medicare becomes primary, and claims are submitted first to Medicare, then to MCHCP for secondary coverage. The member is responsible for notifying MCHCP of his/her Medicare status.

E. If a member is on long-term disability through the Missouri State Employees' Retirement System or the Public School Retirement System and is eligible for Medicare, Medicare is the primary plan and MCHCP plan is secondary;

5. Dependent child/parents not separated or divorced. When MCHCP and another plan cover the same child as a dependent of different parents –

A. The benefits of the plan of the parent whose birthday falls earlier in a year are determined before those of the plan of the parent whose birthday falls later in that year; but

B. If both parents have the same birthday, the benefits of the plan which covered one (1) parent longer are determined before those of the plans which covered the other parent for a shorter period of time;

6. Dependent child/separated, divorced, or never married. If two (2) or more plans cover a person as a dependent child of divorced, separated, or never married parents, benefits for the child are determined in this order –

A. First, the plan of the parent with custody of the child;

B. Then, the plan of the spouse of the parent with the

custody of the child;

C. Then, the plan of the parent not having custody of the child; and

D. Finally, the plan of the spouse of the parent not having custody of the child. However, if the specific terms of a court decree state that one (1) of the parents is responsible for the health care expense of the child and the entity obligated to pay or provide the benefits of the plan of that parent or spouse of the other parent has actual knowledge of those terms, the benefits of that plan are determined first. The plan of the other parent shall be the secondary plan. This paragraph does not apply with respect to any claim determination period or plan year during which any benefits are actually paid or provided before the entity has that actual knowledge;

7. Joint custody. If the specific terms of a court decree state that the parents shall share joint custody, without stating that one (1) of the parents is responsible for the health care expenses of the child, the plans covering the child shall follow the order of benefit determination rules outlined in paragraph (3)(B)5.;

8. Dependent child/parents both parents covered by MCHCP. If both parents are covered by MCHCP and both parents cover the child as a dependent, MCHCP will not coordinate benefits with itself;

9. When an adult dependent is covered by both spouse and parent, the benefits of the plan which covered a person longer are determined before those of the plan which covered that person for the shorter term; and

10. Longer/shorter length of coverage. If none of the previous rules determines the order of benefits, the benefits of the plan which covered a person longer are determined before those of the plan which covered that person for the shorter term.

(4) Effect on the Benefits of MCHCP. This section applies when, in accordance with section (3), Order of Benefit Determination Rules, MCHCP is a secondary plan as to one (1) or more other plans.

(A) In the event that MCHCP is a secondary plan as to one (1) or more other plans, the benefits of MCHCP's PPO plans and Health Savings Account Plan may be reduced under this section so as not to duplicate the benefits of the other plan. The other plan's payment is subtracted from what MCHCP or its claims administrator would have paid in absence of this COB provision using the following criteria. If there is any balance, MCHCP or its claims administrator will pay the difference not to exceed what it would have paid in absence of this COB provision.

1. In the case where Medicare is primary for physician and outpatient facility claims, Medicare's allowed amount is used as MCHCP's allowed amount to determine what MCHCP would have paid in absence of this COB provision.

2. In the case where Medicare is primary for inpatient facility claims, the amount the facility billed is used as MCHCP's allowed amount to determine what MCHCP would have paid in absence of this COB provision. Medicare's actual paid amount is combined with the provider's Medicare contractual write-off to determine what MCHCP considers the Medicare paid amount. Effective April 1, 2013, Medicare's allowed amount will be used as MCHCP's allowed amount for inpatient facility claims to determine what MCHCP would have paid in absence of this COB provision and the Medicare paid amount will no longer be combined with the provider's Medicare contractual write-off.

(5) Right to Receive and Release Needed Information. Certain facts are needed to apply these COB provisions. MCHCP or its claims administrator has the right to decide which facts it needs. MCHCP or its claims administrator may get needed facts from or give them to any other organization or person. MCHCP or its claims administrator need not tell, or get the consent of, any person to do this. Each person claiming benefits under MCHCP must give MCHCP or its claims administrator any facts it needs to pay the claim.

(6) A payment made under another plan may include an amount which should have been paid under MCHCP. If it does, MCHCP or its claims administrator may pay that amount to the organization which made the payment. That amount will then be treated as though it were a benefit paid under MCHCP. MCHCP or its claims administrator will not have to pay that amount again. The term payment made includes providing benefits in the form of services, in which case payment made means reasonable cash value of the benefits provided in the form of services.

(7) If the amount of the payments made by MCHCP or its claims administrator is more than it should have paid under this COB provision, MCHCP or its claims administrator may recover the excess from one (1) or more of –

(A) The person it has paid or for whom it has paid;

(B) Insurance companies; or

(C) Other organizations. The amount of the payments made includes the reasonable cash value of any benefits provided in the form of services.

(8) MCHCP shall, with respect to COB and recoupment of costs, exercise all rights and remedies as permitted by law.

22 CSR 10-2.075 Review and Appeals Procedure

PURPOSE: This rule establishes the policy of the board of trustees in regard to review and appeals procedures for participation in, and coverage of services under, the Missouri Consolidated Health Care Plan.

(1) Claims Submissions and Initial Benefit Determinations PPO 750 Plan, PPO 1250 Plan, and Health Savings Account (HSA) Plan members.

(A) Members shall use the claims and administration procedures established by the vendor administering the particular service for which coverage, authorization, or payment is sought.

(B) Medical and pharmacy service claims are divided into three (3) types: pre-service, post-service, and concurrent claims.

1. Pre-service claims are requests for approval that the plan or vendor requires a member to obtain before getting medical care or filling a prescription, such as prior authorization or a decision whether a treatment, procedure, or medication is medically necessary.

A. Pre-service claims must be decided within a reasonable period of time appropriate to the medical circumstances, but no later than twenty (20) business days from the date the vendor receives the claim. The vendor may extend the time period up to an additional thirty (30) days if, for reasons beyond the vendor's control, the decision cannot be made within the first twenty (20) days. The vendor must notify the member prior to the expiration of the first twenty- (20-) day period, explain the reason for the delay, and request any additional information. If more information is requested, the member has at least forty-five (45) days to provide the information to the vendor. The vendor then must decide the claim no later than thirty (30) days after the additional information is supplied or after the period of time allowed to supply it ends, whichever is first.

B. Urgent care claims are a special type of pre-service claim that require a quicker decision because waiting the standard time could seriously jeopardize the member's life, health, or ability to regain maximum function. A request for an urgent care claim may be submitted verbally or in writing and will be decided within seventy-two (72) hours. Written confirmation of the decision will be sent by the vendor within three (3) business days.

2. Post-service claims are all other claims for services including claims after medical or pharmacy services have been provided, such as requests for reimbursement or payment of the costs for the services provided.

A. Post-service claims must be decided within a reasonable period of time, but not later than twenty (20) business days after the vendor receives the claim. If, because of reasons beyond the vendor's control, more time is needed to review the claim, the vendor may extend the time period up to an additional thirty (30) days. The vendor must notify the member prior to the expiration of the first twenty- (20-) day period, explain the reason for the delay, and request any additional information. If more information is requested, the member has at least forty-five (45) days to provide the information to the vendor. The vendor then must decide the claim no later than thirty (30) days after the additional information is supplied or after the period of time allowed to supply it ends, whichever is first.

3. Concurrent claims are claims related to an ongoing course of previously approved treatment. If the plan or vendor has approved an ongoing course of treatment to be provided over a period of time or number of treatments, any reduction

or termination of the course of treatment will be treated as a benefit denial. The plan or vendor will notify a member in writing prior to reducing or ending a previously approved course of treatment in sufficient time to allow the member or the member's provider to appeal and obtain a determination before the benefit is reduced or terminated.

(C) Claims incurred should be furnished to the vendor by the provider or the member as soon as reasonably possible. Claims filed more than one (1) year after charges are incurred will not be honored. All claims are reviewed and/or investigated by the vendor before they are paid.

(D) If a member, or a provider, or authorized representative on behalf of a member submits a request for coverage or a claim for services that is denied in whole or in part, the member will receive an initial denial notice within the time frames described in this rule that will include the following information:

1. The reasons for the denial;
2. Reference to the plan provision, regulation, statute, clinical criteria, or guideline on which the denial was based, with information as to how the member can obtain a copy of the provision, regulation, statute, clinical criteria, or guideline free of charge;
3. A description of any documentation or information that is necessary for the member to provide if documentation or information is missing and an explanation as to why the documentation or information is needed, if applicable; and
4. Information as to steps the member can take to submit an appeal of the denial.

(2) General Appeal Provisions.

(A) All individuals seeking review or appeal of a decision of the plan, plan administrator, claims administrator, or any vendor shall follow the procedures applicable to the type of decision appealed as set forth in this rule.

(B) All appeals must be submitted in writing to the appropriate reviewer as established in this rule by the member, the individual seeking review, or his/her authorized representative.

(C) Unless specifically provided otherwise in this rule, all appeals to the plan, plan administrator, claims administrator, or applicable vendor must be made, initiated in writing, within one hundred eighty (180) days of issuance of the denial or notice which gave rise to the appeal.

(3) Appeal Process for Medical and Pharmacy Determinations for PPO 750 Plan, PPO 1250 Plan, and Health Savings Account (HSA) Plan Members.

(A) Definitions. Notwithstanding any other rule in this chapter to the contrary, for purposes of a member's right to appeal any adverse benefit determination made by the plan, the plan administrator, a claims administrator, or a medical or pharmacy benefit vendor, relating to the provision of health care benefits, other than those provided in connection with the plan's dental or vision benefit offering, the following definitions apply:

1. Adverse benefit determination. An adverse benefit determination means any of the following:

A. A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit, including any denial, reduction, termination, or failure to provide or make payment that is based on a determination of an individual's eligibility to participate in the plan;

B. A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit resulting from the application of any utilization review, as well

as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not medically necessary or appropriate; or

C. Any rescission of coverage after an individual has been covered under the plan;

2. Appeal (or internal appeal). An appeal or internal appeal means review by the plan, the plan administrator, a claims administrator, or a medical or pharmacy benefit vendor of an adverse benefit determination;

3. Claimant. Claimant means an individual who makes a claim under this subsection. For purposes of this subsection, references to claimant include a claimant's authorized representative;

4. External review. The United States Department of Health and Human Services (HHS) conducts external reviews for adverse benefit determinations regarding medical and pharmacy benefits administered by Anthem and Express Scripts, Inc. that involve medical judgment (including, but not limited to, those based on medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit; or a determination that a treatment is experimental or investigational) and a rescission of coverage (regardless of whether or not the rescission has any effect on any particular benefit at that time);

5. Final internal adverse benefit determination. A final internal adverse benefit determination means an adverse benefit determination that has been upheld by the plan, the plan administrator, a claims administrator, or a medical or pharmacy benefit vendor at the completion of the internal appeals process under this subsection, or an adverse benefit determination with respect to which the internal appeals process has been deemed exhausted by application of applicable state or federal law;

6. Final external review decision. A final external review decision means a determination rendered under the external review process at the conclusion of an external review; and

7. Rescission. A rescission means a termination or discontinuance of medical or pharmacy coverage that has retroactive effect except that a termination or discontinuance of coverage is not a rescission if –

A. The termination or discontinuance of coverage has only a prospective effect; or

B. The termination or discontinuance of coverage is effective retroactively to the extent it is attributable to a failure to timely pay required premiums or contributions towards the cost of coverage.

(B) Internal Appeals.

1. Eligibility, termination for failure to pay, or rescission. Adverse benefit determinations denying or terminating an individual's coverage under the plan based on a determination of the individual's eligibility to participate in the plan or the failure to pay premiums, or any rescission of coverage based on fraud or intentional misrepresentation of a member or authorized representative of a member are appealable exclusively to the Missouri Consolidated Health Care Plan (MCHCP) Board of Trustees (board).

A. The internal review process for appeals relating to eligibility, termination for failure to pay, or rescission shall consist of one (1) level of review by the board.

B. Adverse benefit determination appeals to the board must identify the eligibility, termination, or rescission decision being appealed and the reason the claimant believes the MCHCP staff decision should be overturned. The member should include with his/her appeal any information or documentation to support his/her appeal request.

C. The appeal will be reviewed by the board in a meeting closed pursuant to section 610.021, RSMo, and the appeal will be responded to in writing to the claimant within sixty (60) days from the date the board received the written appeal.

D. Determinations made by the board constitute final internal adverse benefit determinations and are not eligible for external review except as specifically provided in 22 CSR 10-2.075(4)(A)4.

2. Medical and pharmacy services. Members may request internal review of any adverse benefit determination relating to urgent care, pre-service claims, and post-service claims made by the plan's medical and pharmacy vendors.

A. Appeals of adverse benefit determinations shall be submitted in writing to the vendor that issued the original determination giving rise to the appeal at the applicable address set forth in this rule.

B. The internal review process for adverse benefit determinations relating to medical services consists of two (2) levels of internal review provided by the medical vendor that issued the adverse benefit determination.

(I) First level appeals must identify the decision being appealed and the reason the member believes the original claim decision should be overturned. The member should include with his/her appeal any additional information or documentation to support the reason the original claim decision should be overturned.

(II) First level appeals will be reviewed by the vendor by someone who was not involved in the original decision and will consult with a qualified medical professional if a medical judgment is involved. First level medical appeals will be decided within twenty (20) business days from the date the vendor received the first level appeal request.

(a) If, because of reasons beyond the vendor's control, more time is needed to review the appeal, the vendor may extend the time period up to an additional thirty (30) days. The vendor must notify the member prior to the expiration of the first twenty- (20-) day period, explain the reason for the delay, and request any additional information. If more information is requested, the member has at least forty-five (45) days to provide the information to the vendor. The vendor then must decide the claim no later than thirty (30) days after the additional information is supplied or after the period of time allowed to supply it ends, whichever is first. Written confirmation of the decision will be sent by the vendor within fifteen (15) business days.

(III) An expedited appeal of an adverse benefit determination may be requested when a decision is related to a pre-service claim for urgent care. Expedited appeals will be reviewed by the vendor by someone who was not involved in the original decision and will consult with a qualified medical professional if a medical judgment is involved. Expedited appeals will be responded to within seventy-two (72) hours after receiving a request for an expedited review with written confirmation of the decision to the member within three (3) business days of providing notification of the determination.

(IV) Second level appeals must be submitted in writing within sixty (60) days of the date of the first level appeal decision letter that upholds the original adverse benefit determination. Second level appeals should include any additional information or documentation to support the reason the member believes the first level appeal decision should be overturned. Second level appeals will be reviewed by the vendor by someone who was not involved in the original decision or first level appeal and will include consultation with a qualified medical professional if a medical judgment is

involved. Second level medical appeals will be decided within twenty (20) days from the date the vendor received the second level appeal request.

(a) If, because of reasons beyond the vendor's control, more time is needed to review the appeal, the vendor may extend the time period up to an additional thirty (30) days. The vendor must notify the member prior to the expiration of the first twenty- (20-) day period, explain the reason for the delay, and request any additional information. If more information is requested, the member has at least forty-five (45) days to provide the information to the vendor. The vendor then must decide the claim no later than thirty (30) days after the additional information is supplied or after the period of time allowed to supply it ends, whichever is first. Written confirmation of the decision will be sent by the vendor within fifteen (15) business days.

C. The internal review process for adverse benefit determinations relating to pharmacy and the Pharmacy Lock-In Program consists of one (1) level of internal review provided by the pharmacy vendor.

(I) Pharmacy appeals. Pharmacy appeals and Pharmacy Lock-In Program appeals must identify the matter being appealed and should include the member's (and dependent's, if applicable) name, the date the member attempted to fill the prescription, the prescribing physician's name, the drug name and quantity, the cost of the prescription, if applicable, and any applicable reason(s) relevant to the appeal including the reason(s) the member believes the claim should be paid, the reason(s) the member believes s/he should not be included in the Pharmacy Lock-In Program, and any other written documentation to support the member's belief that the original decision should be overturned.

(II) All pharmacy appeals must be submitted in writing to –

(IV) Pharmacy appeals will be reviewed by someone who was not involved in the original decision and the reviewer

will consult with a qualified medical professional if a medical judgment is involved. Pharmacy appeals will be responded to in writing to the member within sixty (60) days for post-service claims and thirty (30) days for pre-service claims from the date the vendor received the appeal request.

(V) The Pharmacy Benefit Manager will respond to Pharmacy Lock-In Program appeals in writing to the member within thirty (30) days from the date the Pharmacy Benefit Manager received the appeal request.

D. Members may seek external review only after they have exhausted all applicable levels of internal review or received a final internal adverse benefit determination.

(I) A claimant or authorized representative may file a written request for an external review within four (4) months after the date of receipt of a final internal adverse benefit determination.

(II) The claimant can submit an external review request in writing to –

MAXIMUS Federal Services

(III) The claimant may call the toll-free number (888) 866-6205 with any questions or concerns during the external review process and can submit additional written comments to the external reviewer at the mailing address above.

(IV) The external review decision will be made as expeditiously as possible and within forty-five (45) days after receipt of the request for the external review.

(V) A claimant may make a written or oral request for an expedited external review if the adverse benefit determination involves a medical condition of the claimant for which the time frame for completion of a standard external review would seriously jeopardize the life or health of the claimant; or would jeopardize the claimant's ability to regain maximum function; or if the final internal adverse benefit determination involves an admission, availability of care, continued stay, or health care item or service for which the claimant received services, but has not been discharged from a facility.

3. For all internal appeals of adverse benefit determinations, the plan or the vendor reviewing the appeal will provide the member, free of charge, with any new or additional evidence or rationale considered, relied upon, or generated by the plan or the vendor in connection with reviewing the claim or the appeal and will give the member an opportunity to respond to such new evidence or rationale before issuing a final internal adverse determination.

(4) Except as otherwise expressly provided in this rule, appeals of adverse determinations made by MCHCP may be appealed to the board by sending or uploading the written appeal to one (1) of the following:

Attn: Appeal
Board of Trustees
Missouri Consolidated Health Care Plan
PO Box 104355
Jefferson City, MO 65110
or by fax to (866) 346-8785
or online at www.mchcp.org

(5) In reviewing appeals, notwithstanding any other rule, the board and/or staff may grant any appeals when there is credible evidence to support approval under the following guidelines. Decisions concerning eligibility for Medicare primary members may not be able to be granted pursuant to these guidelines if the decision is contrary to the rules controlling eligibility for Medicare Advantage plan as put forth by Centers for Medicare & Medicaid. Valid proof of eligibility must be included with the appeal if the enrollment request includes addition of dependent(s). Payment in full for all past and current premiums due for enrollment requests must be included with the appeal if it cannot be collected through payroll deduction:

(A) If a subscriber currently has coverage under the plan, MCHCP may approve the subscriber's request to enroll his/her newborn or the newborn of an enrolled dependent retroactively to the date of birth if the appeal is received within three (3) months of the child's birth date;

(B) MCHCP may approve a subscriber's appeal and not hold the subscriber responsible when there is credible evidence that there has been an error or miscommunication through the subscriber's payroll/personnel office, MCHCP, or MCHCP vendor that was no fault of the subscriber;

(C) MCHCP may approve an appeal to change the type of medical or vision plan that the subscriber elected or defaulted to during the annual open enrollment period if the request is made within thirty-one (31) calendar days of the beginning of the new plan year, except that no changes will be considered for Health Savings Account (HSA) Plan elections after the first MCHCP Health Savings Account contribution has been transmitted for deposit to the subscriber's account. This guideline may not be used to elect or cancel coverage or to enroll or cancel dependents. If a subscriber has his/her premium collected pre-tax by qualified payroll deduction through a cafeteria plan, changes may be approved if the reason given is allowed by the Missouri State Employees' Cafeteria Plan;

(D) MCHCP may allow one (1) reinstatement for termination due to non-payment per lifetime of account. MCHCP may allow one (1) additional reinstatement if the subscriber submits an automatic withdrawal authorization or authorizes in writing that payment shall be deducted from their MOSERS retirement benefit;

(E) MCHCP may approve a subscriber's appeal to terminate dental and/or vision coverage if the appeal is received within thirty-one (31) calendar days of the beginning of the new plan year and if no claims have been made or paid during the new plan year. If a subscriber has his/her premium collected pre-tax by qualified payroll deduction through a cafeteria plan, termination may be approved if the reason given is allowed by the Missouri State Employees' Cafeteria Plan;

(F) MCHCP may approve an appeal regarding late receipt of proof-of-eligibility documentation if the subscriber can provide substantiating evidence that it took an unreasonable amount of time for the government agency creating the documentation to provide subscriber with requested documentation;

(G) MCHCP may approve an appeal to change a subscriber's medical plan coverage level prospectively, if the appeal is received within the first thirty (30) days of the start of coverage, except that no changes will be considered for HSA Plan selections after the first MCHCP Health Savings Account contributions has been transmitted for deposit to the subscriber's account. If a subscriber has his/her premium collected pre-tax by qualified payroll deduction through a cafeteria plan, changes may be approved if the reason given is allowed by the Missouri State Employees' Cafeteria Plan;

(H) MCHCP may approve a subscriber's appeal to enroll after

a deadline due to late notice of loss of coverage from subscriber's previous carrier if the appeal is within sixty (60) days of the date of late notice;

(I) MCHCP may approve appeals, other than those relating to non-payment, if subscriber is able to provide substantiating evidence that requisite information was sent during eligibility period;

(J) MCHCP may approve an appeal regarding plan changes retrospectively for subscribers who are new employees within thirty (30) days of election of coverage if no claims have been filed with the previous carrier, except that no changes will be considered for HSA Plan elections after the first MCHCP Health Savings Account contribution has been transmitted for deposit to the subscriber's account. If a subscriber has his/her premium collected pre-tax by qualified payroll deduction through a cafeteria plan, changes may be approved if the reason given is allowed by the Missouri State Employees' Cafeteria Plan; and

(K) Once every five (5) years per account, MCHCP may approve an appeal where a subscriber missed a deadline. MCHCP may only approve an appeal under this guideline if the appeal is received within sixty (60) days of the missed deadline. This guideline may not be used to approve an appeal of a voluntary cancellation or an appeal of a deadline that is statutorily mandated.

(6) Medicare Appeals.

(A) Appeals rights and procedures for Medicare primary pharmacy services are provided as regulated by the Centers for Medicare and Medicaid Services. Members may contact the Pharmacy Employer Group Waiver Plan vendor, Express Scripts, for additional information on appeal rights and procedures.

(B) Appeals rights and procedures for benefits covered by the Medicare Advantage Plan are provided as regulated by the Centers for Medicare and Medicaid Services. Members may contact the Medicare Advantage Plan for additional rights and procedures.

(C) Administrative Appeals as specified in subsection (3)(B) of this rule shall follow the procedures set forth in that subsection.

22 CSR 10-2.110 General Foster Parent Membership Provisions

PURPOSE: This rule establishes the policy of the board of trustees in regard to the general membership provisions for foster parents covered under the Missouri Consolidated Health Care Plan.

(1) Terms and Conditions. This rule provides the terms and conditions for membership in the Missouri Consolidated Health Care Plan (MCHCP). A foster parent and his/her dependents are required to provide complete, true, and accurate information to MCHCP in connection with enrollment, change, or cancellation processes, whether by online, written, or verbal communication. MCHCP may rely on, but reserves the right to audit, any information provided by the foster parent and seek recovery and/or pursue legal action to the extent the foster parent has provided incomplete, false, or inaccurate information.

(2) Eligibility Requirements.

(A) Foster Parent Coverage. The Department of Social Services shall provide appropriate documentation to MCHCP of initial and ongoing eligibility of a foster parent who qualifies for the purchase of MCHCP coverage. Documentation of eligibility for the purchase of MCHCP coverage shall be required prior to enrollment. A foster parent may enroll his/her spouse/child(ren) as long as the foster parent is also enrolled. In order to be eligible, a foster parent shall not have access to other health insurance coverage through an employer or spouse's employer.

(B) Dependent Coverage. Eligible dependents include:

- 1. Spouse. If both spouses are eligible foster parents, each spouse must enroll separately;
2. Children.

A. Children may be covered through the end of the month in which they turn twenty-six (26) years old if they meet one (1) of the following criteria:

- (I) Natural child of subscriber or spouse;
(II) Legally-adopted child of subscriber or spouse;
(III) Child legally placed for adoption of subscriber or spouse;

(IV) Stepchild of subscriber. Such child will continue to be considered a dependent after the stepchild relationship ends due to the death of the child's natural parent and subscriber's spouse;

(V) Foster child of subscriber or spouse. Such child will continue to be considered a dependent after the foster child relationship ends by operation of law when the child ages out if the foster child relationship between the subscriber or spouse and the child was in effect the day before the child ages out;

(VI) Grandchild for whom the subscriber or spouse has legal guardianship or legal custody;

(VII) A child for whom the subscriber or spouse is the court-ordered legal guardian under a guardianship of a minor. Such child will continue to be considered a dependent after the guardianship ends by operation of law when the child becomes eighteen (18) years old if the guardianship of a minor relationship between the subscriber or spouse and the child was in effect the day before the child became eighteen (18) years old;

(VIII) Child of a dependent as long as the parent is a dependent on the newborn's date of birth. The dependent and the child of the dependent must remain continuously covered on the plan for the child of the dependent to remain eligible;

(IX) Child of a dependent when paternity by the dependent is established after birth as long as the parent is a dependent on the date the child's paternity was established.

The dependent and the child of the dependent must remain continuously covered on the plan for the child of the dependent to remain eligible; or

(X) Child for whom the subscriber or spouse is required to provide coverage under a Qualified Medical Child Support Order (QMCSO).

B. A child who is twenty-six (26) years old or older and is permanently disabled in accordance with subsection (5)(C) may be covered only if such child was disabled the day before the child turned twenty-six (26) years old and has remained continuously disabled.

C. A child may only be covered by one (1) parent if his/her parents are married to each other and are both covered under an MCHCP medical plan.

D. A child may have dual coverage if the child's parents are divorced or have never married, and both have coverage under an MCHCP medical plan. MCHCP will only pay for a service once, regardless of whether the claim for the child's care is filed under multiple subscribers' coverage. If a child has coverage under two (2) subscribers, the child will have a separate deductible, copayment, and coinsurance under each subscriber. The claims administrator will process the claim and apply applicable cost-sharing using the coverage of the subscriber who files the claim first. The second claim for the same services will not be covered. If a provider files a claim simultaneously under both subscribers' coverage, the claim will be processed under the subscriber whose birthday is first in the calendar year. If both subscribers have the same birthday, the claim will be processed under the subscriber whose coverage has been in effect for the longest period of time; or

3. Changes in dependent status. If a dependent loses his/her eligibility, the subscriber must notify MCHCP within thirty-one (31) days of the loss of eligibility. Coverage will end on the last day of the month that the completed form is received by MCHCP or the last day of the month MCHCP otherwise receives credible evidence of loss of eligibility under the plan.

(3) Enrollment Procedures.

(A) An eligible foster parent must enroll for coverage within thirty-one (31) days from the date of the letter notifying the foster parent of his/her eligibility to enroll. If enrolling spouse/child(ren), proof of eligibility must be submitted as defined in section (5).

B. If an eligible foster parent is enrolled in dental and/or vision coverage and does not complete open enrollment to cancel coverage or change the current level of coverage during the open enrollment period, the foster parent and his/her dependents will be enrolled at the same level of coverage in the same plan(s), effective the first day of the next calendar year; or

A subscriber must include his/her MCHCPid or Social Security number on the documentation. If proof of eligibility is not received, MCHCP will send a letter requesting it from the subscriber. Except for open enrollment, documentation must be received within thirty-one (31) days of the date MCHCP

7. If the Social Security Administration determines a COBRA member is disabled within the first sixty (60) days of coverage and the disability continues during the rest of the initial eighteen (18) month period of continuation of coverage, the member may continue coverage for up to an additional eleven (11) months.

8. If the eligible member has Medicare prior to becoming eligible for COBRA coverage, the member is entitled to coverage under both.

(C) Required Notifications.

2. The Department of Social Services Children's Division will notify MCHCP when a foster parent is no longer eligible.

3. If a COBRA participant is disabled within the first sixty

The affected individual must also notify MCHCP within thirty-one (31) days of any final determination that the individual is no longer disabled.

(D) Election Periods.

1. When MCHCP is notified that a COBRA-qualifying event has occurred, MCHCP notifies eligible members of the right to choose continuation coverage.

2. Eligible members have sixty (60) days from the date of coverage loss or notification from MCHCP, whichever is later, to inform MCHCP that they want continuation coverage.

3. If eligible members do not choose continuation coverage within sixty (60) days of lost coverage or notification from MCHCP, coverage ends.

(E) Continuation of coverage may be cut short for any of these reasons:

2. Premium for continuation coverage is not paid on time;

4. The covered foster parent or dependent becomes entitled to Medicare after the date s/he elects COBRA coverage; or

5. The covered foster parent or dependent extends coverage for up to twenty-nine (29) months due to disability and there has been a final determination that the individual is no longer disabled.

(9) Missouri State Law COBRA Wrap-Around Provisions.

1. The member continues and maintains coverage under the thirty-six- (36-) month provision of COBRA; and

2. The member is at least fifty-five (55) years old when COBRA benefits end. The qualified beneficiary must apply to continue coverage through the wrap-around provisions and will have to pay the entire premium. MCHCP may charge up to an additional twenty-five percent (25%) of the applicable premium.

(B) For a member to continue coverage under this subsection, a member must either –

1. Within sixty (60) days of legal separation or the entry of a decree of dissolution of marriage or prior to the expiration of a thirty-six- (36-) month COBRA period, the legally-separated or divorced spouse who seeks such coverage shall give MCHCP written notice of the qualifying event, including his/her mailing address; or

2. Within thirty (30) days of the death of a foster parent whose surviving spouse is eligible for continued coverage or prior to the expiration of a thirty-six- (36-) month COBRA period, the human resource/payroll representative or the surviving spouse shall give MCHCP written notice of the death and the mailing address of the surviving spouse.

(C) Within fourteen (14) days of receipt of the notice, MCHCP

shall notify the legally-separated, divorced, or surviving spouse that coverage may be continued. The notice shall include:

1. A form for election to continue the coverage;

2. The amount of premiums to be charged and the method and place of payment; and

3. Instructions for returning the elections form by mail within sixty (60) days after MCHCP mails the notice.

(D) Continuation of coverage terminates on the last day of the month prior to the month the subscriber turns age sixty-five (65). The right to continuation coverage shall also terminate upon the earliest of any of the following:

1. The state of Missouri no longer provides group health coverage to foster parents;

2. Premium for continuation coverage is not paid on time;

3. The date on which the legally-separated, divorced, or surviving spouse becomes insured under any other group health plan;

(10) Medicare.

(A) Members who are eligible for Medicare benefits under Part A, B, or D must notify MCHCP of their eligibility and provide a copy of the member's Medicare card within thirty-one (31) days of the Medicare eligibility date. If Medicare coverage begins before turning age sixty-five (65), the member will receive a Medicare disability questionnaire. The member must return the completed questionnaire to MCHCP for the Medicare eligibility to be submitted to the medical vendor.

(B) If a member enrolls in a Medicare Part D plan in addition to coverage under this plan, Medicare Part D becomes the member's primary plan. Such member's benefit must be adjusted in order for the plan to avoid liability for filing claims under the subsidy reimbursement portion of Medicare Part D. This plan will pay primary with appropriate copayments or coinsurance when the member is within the Medicare Part D coverage gap.

(11) Communications to Members.

(A) It is the foster parent's responsibility to ensure that MCHCP has current contact information for the member and any dependent(s).

(B) A foster parent must notify MCHCP of a change in his/her mailing or email address as soon as possible, but no later than thirty-one (31) days after the change.

(C) It is the responsibility of all foster parents who elect to receive plan communication through email to ensure plan emails are not blocked as spam or junk mail by the member or by the member's service provider.

(D) Failure to update a mailing or email address may result in undeliverable mail/email of important informational material, delayed or denied claims, loss of coverage, loss of continuation rights, missed opportunities relating to covered benefits, and/or liability for claims paid in error.

(12) Deadlines. Unless specifically stated otherwise, MCHCP computes deadlines by counting day one (1) as the first day after the qualifying event. If the last day falls on a weekend or state holiday, MCHCP may receive required information on the first working day after the weekend or state holiday.

(13) Premiums. Notwithstanding any other rule to the contrary,

foster parents are responsible for paying the entire actuarial determined rate of total premium with no employer or MCHCP contribution.

(14) Members are required to disclose to the claims administrator whether they have other health coverage and, if so, information about the coverage. Once the information is received, claims will be reprocessed subject to all applicable rules.
