PURPOSE: The director of the Department of Revenue is charged with the responsibility of determining that applicants for registration as motor vehicle dealers, salvage dealers and title service agents are of good moral character. This rule establishes the guidelines which will be used to determine if the applicant is eligible for registration.

(1) Except with a showing of evidence to the contrary, the following will be considered *prima facie* evidence on which the registration of a motor vehicle dealer, manufacturer, boat dealer, salvage dealer or title service agent will be denied because of lack of good moral character if the applicant:

(A) Has ever been convicted in any federal or state court of a felony relating to the acquisition or transfer of motor vehicles, trailers, motor vehicle parts or boats;

(B) Within five (5) years preceding the application, has been convicted in any federal or state court of a felony, within the last three (3) years, or has been convicted in any federal or state court of a misdemeanor relating to the acquisition of or transfer of motor vehicles, trailers, motor vehicle parts or boats; and

A determination by the director of revenue that conduct subsequent to the occurrence in question demonstrated a failure to improve character or reliability will be made only following a notice to the applicant and a subsequent hearing before the director of revenue or his/her representative.

(2) Any dealer or applicant who receives notice of denial or revocation and desires to contest the *prima facie* of the fact(s) recited

in subsection (1)(A) or (B) may request a hearing for the purpose of showing substantial rehabilitation or improvement in character sufficient to rebut the presumption created by the cited subsections. (A) Obscene—Language or symbols which represent or describe ultimate excretory functions or sexual acts in a patently offensive manner or make lewd reference to the male or female sexual organs and appeal to the prurient interests of the average person applying contemporary community standards (see *Miller v. California*, 415 U.S. 15, 93 S.Ct. 2607 (1973)). Prurient interests, as used in this definition, shall mean shameful or morbid interest in nudity, sex or excretion that goes substantially beyond customary limits or candor in description or representation of these matters (see *Haldeman v. United States*, C.A. Kan., 340 F2d 59 (10th Cir., 1965)); and

(B) Profane—Language or symbols which are irreverent or contemptuous of things regarded as sacred or that imply divine condemnation (see *Baker v. State*, 16 Ariz. App. 463, 494 P2d, 68 (1972) and *Duncan v. United States*, 48 F2d 128 (9th Cir., 1931)).

(3) No motor vehicle license plate will be issued by the Department of Revenue if the language or symbols on the plate are obscene or profane. In order to make this determination, the Department of Revenue will look to the way the average person applying contemporary community standards would view the license plate. Factors which the Department of Revenue may consider in this regard include, but are not limited to:

(A) An explanation by the registrant as to why s/he chose particular language or symbols to be on his/her personalized motor vehicle license plate;

(B) Complaints from the public regarding a license plate with the same letters, numbers or symbols as that requested or held by the registrant;

(C) Complaints from the public regarding a license plate with similar letters, numbers or symbols as that requested or held by the registrant;

(D) Dictionary definitions of the language or symbols requested by the registrant; and

(E) Information from other states regarding motor vehicle plates which have not been issued by them because they found them to be obscene or profane.

(4) The Department of Revenue shall recall any personalized motor vehicle license plate which it has already issued if it determines that a plate is obscene or profane.

12 CSR 10-23.260 Inspection of Non-USA Standard Vehicles Prior to Titling

PURPOSE: This rule sets forth the procedures for issuance of Missouri certificates of title to foreign motor vehicles not specifically manufactured for importation into this country.

(1) Some vehicles are not manufactured for importation into the United States. In order for a certificate of title to be issued, the department requires any motor vehicle imported by a registered Missouri motor vehicle dealer, or an individual, which vehicle is not manufactured for importation into the United States, to be inspected by a member of the Missouri State Highway Patrol. At the time of the inspection, the Missouri State Highway Patrol will complete a Vehicle Examination Certificate, DOR Form 551. This form indicates that the vehicle identification number has been

verified and is correct.

(2) Some motor vehicles which are purchased by Missouri residents in another country and imported into the United States are manufactured for importation into the United States and conform to all legal standards. The ownership document for these vehicles is usually a Manufacturer's Statement of Origin similar to the type issued for a motor vehicle constructed by an American manufacturer.

(A) Any application for title to a motor vehicle imported into the United States which is accompanied by a Manufacturer's Statement of Origin need not be accompanied by a DOR Form 551. If problems are encountered at the time the application is entered into the Department of Revenue's computer, the central office will inform the applicant to contact the Missouri State Highway Patrol to request that they inspect the vehicle and complete a Vehicle Examination Certificate.

The applicant may be issued new license plates from the office's current inventory stock. Upon request, applicant will be issued validation tabs from the current inventory stock and a replacement permit and receipt. 12 CSR 10-23.310 Issuance of Special Fuel Decals

PURPOSE: This rule establishes the procedures for issuance of special fuel decals.

(1) The owners of the motor vehicles powered by liquefied petroleum (LP) gas, natural gas or electricity annually shall purchase a special fuel decal prior to January 31 and pay the annual decal fee set by law. For motor vehicles obtained and converted to run on LP gas, natural gas or electricity after January 31 of any year, the decal fee shall be reduced by one-twelfth (1/12) for each month which has elapsed since the beginning of the year. The owner of any vehicle that was titled, registered and equipped to run on LP gas, natural gas or electricity as of January 31 shall pay the full year's fee.

(A) Example A: An applicant has May plates on a vehicle equipped to run on LP gas and applies for a special fuel decal during February of the following year. The full fee is due.

(B) Example B: An applicant purchases a vehicle equipped to run on LP gas in May and titles and registers his/her vehicle in the same month. The applicant will be issued a special fuel decal and the fee would be prorated over eight (8) months.

(C) Example C: An applicant owns a vehicle which has been previously titled and registered and converts it to use LP gas in May. The applicant will be issued a special fuel decal and the fee would be prorated over eight (8) months.

(2) The special fuel decal fee paid for each motor vehicle is transferable upon either a change of ownership of the motor vehicle or if the LP gas, natural gas or electrical equipment is removed from the vehicle by the seller upon change of ownership and is subsequently installed in another vehicle acquired or owned by the seller.

(A) When the ownership of a motor vehicle is transferred to another person, the decal issued to the motor vehicle will remain with the vehicle and shall be transferred to the new owner. The new owner shall complete a new application for the special fuel decal but no fee will be charged for the decal transfer.

(B) When LP gas equipment, natural gas equipment or electrical power equipment is

removed by the owner upon sale of the vehicle and later installed on another vehicle owned or purchased by the same individual, the special fuel decal may be transferred to the newly equipped vehicle. In order to receive credit, the owner will be required to remove the special fuel decal from the vehicle from which s/he removed the LP gas, natural gas or electrical power equipment and surrender the decal. The department's fee agent and branch office employees will verify the removal of the decal and issue a replacement decal for the balance of the registration period at no fee.

(3) If a special fuel decal is lost, stolen, mutilated or destroyed, the owner shall make application for a replacement decal and pay the replacement fee established by law.

(4) If an owner of a commercial motor vehicle powered by LP gas, natural gas or electricity wishes to change the licensed gross weight/zone of the commercial motor vehicle and that change puts the vehicle into an increased special fuel decal fee category, additional decal fees shall be collected. If the change of weight/zone would require a decrease in the decal fee from what was originally paid, no credit shall be allowed.

12 CSR 10-23.320 Assessment of Motor Vehicle and Trailer License Plate Transfer Fee

PURPOSE: This rule clarifies when a license plate transfer fee shall be assessed.

(1) When ownership of a registered motor vehicle or trailer is transferred, the original owner may register another motor vehicle or trailer under the same license plate number

provided the owner pays the transfer fee set by law and also that the motor vehicle or trailer being newly registered is of either a horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) a seating capacity not in excess of the originally registered vehicle. When the newly registered vehicle is of greater horsepower, gross weight or seating capacity than the previously owned and registered vehicle, the owner shall pay the transfer fee set by law and a pro rata portion for the difference in registration fees. Occasions when the license plate transfer fee shall not be assessed are detailed as follows:

(A) When ownership of a registered motor vehicle or trailer is transferred during or immediately prior to the month of expiration of the owner's license plates, or license plates are transferred to a previously nonused vehicle, the original owner may register another motor vehicle or trailer under the same license plate number without paying a license plate transfer fee if the motor vehicle or trailer being registered is of either a horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) a seating capacity not in excess of the originally owned and registered vehicle. For example, an individual purchases a new vehicle—

1. During the month of expiration of his/her license plates and wants to transfer and renew his/her license plates at the time s/he titles the new vehicle. No license plate transfer fee shall be charged to the applicant but the applicant shall be charged the full year's registration fee for the new vehicle;

2. Immediately prior to the month of expiration of his/her license plates. The applicant submits an application for title to his/her new vehicle during the month his/her license plates expire and submits an affidavit of nonuse indicating the vehicle has not been operated on the streets and highways since the date of purchase. No license plate transfer fee shall be charged to the applicant, but the applicant shall be charged the full year's registration fee for the new vehicle; and

3. After the sixteenth day of the month immediately prior to the month of expiration of his/her license plates. The applicant desires to transfer and renew his/her license plates early on the new vehicle when s/he makes application for title. No transfer fee shall be charged to the applicant but the applicant shall be charged the full year's registration fee for the new vehicle.

12 CSR 10-23.340 Imposition and Waiver of Motor Vehicle and Trailer Titling and Registration Penalties

PURPOSE: This rule clarifies the reasons for imposition and waiver of all penalties assessed by the department on motor vehicles and trailers.

(1) The department assesses penalties on three (3) types of motor vehicle and trailer titling and registration transactions. These penalties are—a delinquent registration renewal penalty, a failure to title penalty, and a failure to renew or transfer a multiyear license plate penalty. All penalties may be waived by the department under certain circumstances.

(A) Delinquent Registration Renewal Penalty. If an owner of a multiyear license

plate submits his/her application for renewal on the first day of the month following the month of expiration of the license plate, a delinquent registration renewal penalty will be assessed. If the last day of the month of expiration falls on a Saturday, Sunday, or legal state holiday, the following state working day is penalty free. If, for example, an owner has November license plates and the last day of November falls on Sunday, then Monday, December 1 would be considered penalty free for all November renewals.

1. Once a motor vehicle is registered for use on Missouri highways, it is subject to registration renewal. The motor vehicle registration is to be renewed whether or not it is actually on or off the highways for any period of time. This obligation to renew the registration continues until the owner ceases to operate the vehicle on Missouri highways, at which time s/he is required to return his/her license plates to the director of revenue within ninety (90) days. If an owner of a motor vehicle surrenders his/her license plates to an office of the Department of Revenue within the ninety-(90-) day period after ceasing to operate the motor vehicle, s/he may register that same vehicle again at a later date without being subject to a delinquent registration renewal penalty.

A. If an owner elects to renew the registration of a vehicle which s/he has ceased operating anytime during the twelve-(12-) month period following the expiration of the license plates, s/he will be issued the appropriate license plate and validation tabs and be charged the appropriate twelve-(12-) month registration fee. A delinquent registration renewal penalty will not be charged provided the owner submits the receipt documenting his/her surrender of previously issued license plates.

B. An owner's registration will be automatically cancelled after one (1) year from the date of expiration of a Missouri license plate. If an owner elects to cease operation of his/her vehicle, and the license plates on the vehicle have been expired for at least one (1) year, the owner will not be required to pay a delinquent registration renewal penalty if s/he elects to relicense the vehicle after one (1) year from the date of expiration of the license plates.

C. The owner of a motor vehicle may not surrender his/her license plates and request new license plates on the same day in order to avoid paying a delinquent registration renewal penalty.

(B) Failure to Title Penalty. If a purchaser of a motor vehicle or trailer fails to make application for a certificate of ownership within thirty (30) days after acquiring a

motor vehicle or trailer, the department assesses the title penalty set by law for each thirty-(30-) day period of delinquency, not to exceed the maximum penalty allowed. The first penalty fee shall be assessed on the 31st day of delinquency. If the 30th, 60th, 90th, 120th, 150th, 180th, 210th, 240th or the 270th day of delinquency falls on a Saturday, Sunday, or legal state holiday, the penalty fee will not be imposed on the next state working day. If, for example, an individual purchases a motor vehicle on August 1, and the 30th day of the first period of delinquency falls on Sunday, August 31, the first penalty would not be imposed on Monday, September 1 but on Tuesday, September 2.

(C) Penalty for Failure to Renew or Transfer a Multiyear License Plate. A penalty fee will be imposed on any applicant who elects not to renew or transfer a multiyear license plate. Multiyear license plates are issued to—passenger vehicles; recreational vehicles; motorcycles; motortricycles; commercial motor vehicles registered for Local (L) and Beyond Local (BL) 6,000 to 24,000; shuttle buses; and van pool vehicles. If an applicant does not renew the multiyear license plates currently registered to his/her vehicle, but requests that new multiyear license plates be issued, a penalty fee will not be imposed provided the applicant changes license plate categories. For example, if the applicant has regular passenger license plates and requests disabled person license plates, no failure to renew or transfer penalty will be imposed.

12 CSR 10-23.345 Definition of Major Component Parts of a Motor Vehicle

PURPOSE: This rule clarifies, by written definitions and illustrations, the seven (7) major component parts commonly used in the reconstruction of a motor vehicle.

(1) The seven (7) major component parts which are commonly used to reconstruct a motor vehicle are defined solely for reconstruction purposes as follows:

(A) Front-end assembly—An integrated unit consisting of that portion of the body from the firewall forward, that is, hood, both fenders, inner skirt of fenders, radiator or core support, and grille;

(B) Front clip—All parts of the front-end assembly plus complete cowl. It may include instrumentation and steering column. It requires cutting of vehicle floor and windshield post;

(C) Cab—The passenger compartment of a common truck. It is a one- (1-) piece sheet metal construction which may or may not include glass, instrumentation, steering column, and seat;

(D) Rear clip—The complete rear sheet metal assembly formed by severing the vehicle across the floor and either through the windshield post or through the rear window post;

(E) Cowl—The sheet metal formed by severing the vehicle across the floor in the vicinity of the front seat and severing the windshield posts. It does not include parts forward of the firewall. If a cowl is included as an integrated part of a front clip, front-end assembly, or rear clip, it will not be considered a major component part for the purpose of determining the total number of the major component parts used in the reconstruction of a motor vehicle;

(F) Frame—The steel basic structure which runs the entire length of some vehicles and onto which the suspension parts are bolted to the lower side and the body is bolted to the top side. Unibody vehicles do not have this type of frame; and

(G) Body—The shell, either of a unibody or frame-type passenger vehicle, which consists of a one- (1-) piece, integrated sheet metal construction extending from the firewall back. The body includes a cowl but not a front-end assembly. It may or may not include an interior, doors, and deck lid. It does not include a frame as defined in subsection (1)(F).

(2) The major component parts which are commonly used to reconstruct a motorcycle are defined solely for reconstruction purposes as follows:

- (A) Frame; and
- (B) Transmission.

**12 CSR 10-23.350 Honorary Consular License Plates**

PURPOSE: This rule establishes procedures for the issuance of license plates to honorary consuls.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

(1) Under the authority of the Foreign Missions Act, 22 U.S.C. Section 4301, the Office of Foreign Missions of the United States Department of State issues a series of motor vehicle license plates for vehicles owned by foreign missions and their authorized representatives. These federal license plates replace and supersede the special diplomatic and consular plates formerly issued by the various states including Missouri. The law also provides for federal titling of vehicles owned by foreign missions and their authorized representatives.

(2) The federal license plates are issued to the following categories of personnel:

(A) Representatives of foreign missions (nationwide) having diplomatic status;

(B) Representatives of foreign missions (nationwide) having consular status;

(C) Representatives of foreign missions (nationwide) having official status;

(D) Official representatives of foreign missions (United Nations) whose member states maintain permanent missions at the United Nations headquarters;

(E) Official representatives of foreign missions (United Nations) assigned to the United Nations and family members;

(F) Officials of the Secretariat of the United Nations; and

(G) Official representatives to the Organization of American States.

(3) The federal license plates are easily recognizable, being painted red, white, and blue, are the standard six inches by twelve inches (6" × 12") in size, and bear the words Issued by the United States Department of State at the bottom.

(4) In accordance with the Foreign Missions Act, 22 U.S.C. Section 4301, the United States Department of State has directed that license plates issued by any state, including Missouri, to honorary consuls must contain words, symbols, and colors that are clearly distinguishable from the federal plates. Furthermore, each state has been requested to refrain from embossing the words, CONSULAR OFFICER on the license plates. This procedure should assist law enforcement agencies in determining if the license plate displayed on a motor vehicle is a federal- or state-issued license plate. Missouri may not issue license plates to any motor vehicle which is required to be registered with the federal government.

(5) Honorary consuls are defined as United States nationals or permanent residents who are appointed as honorary consular officers of foreign missions. The United States Department of State has notified Missouri that honorary consuls will not be permitted to register their vehicles under the federal program. However, honorary consuls are authorized under section 26.140, RSMo to use Missouri motor vehicle license plates which identify them as honorary consular officers. Accordingly, the director of revenue has established a category of specialized personalized license plates for issuance to honorary consuls patterned after the provisions of section 301.144, RSMo.

(6) Honorary consular license plates consist of white letters and numerals on a royal blue field. The configuration of these plates consist of the letter C followed by a dash and the numerals one through and including sixty-six (1-66). At the bottom of the royal blue field appear the words HON. CONSUL in the place of Show Me State.

(7) No more than one (1) set of two (2) honorary consular license plates will be issued to a qualified applicant.

(8) A qualified applicant is an honorary consular officer who—

(A) Appears on the United States Department of State, Office of Foreign Missions, Foreign Consular Duty Officer List;

(B) Has registered as an honorary consular officer with the United States Department of State and has been duly issued an exequatur or a diplomatic note by that department which remains valid;

(C) Has presented his/her credentials to the governor of Missouri;

(D) Has obtained from the Missouri secretary of state an identification card identifying

him/her as an honorary consular officer; and
(E) Is a resident of Missouri.

(9) Honorary consular license plates will only be issued to passenger motor vehicles subject to the registration fees provided in section 301.055, RSMo.

(10) Applicants for honorary consular license plates are required to comply with all Missouri laws and rules relating to the taxing, titling, registration, and safety inspection of motor vehicles.

(11) Any person desiring to obtain a set of two (2) honorary consular license plates will make application and pay a personalized plate fee of fifteen dollars (\$15) in addition to the regular registration fees for passenger vehicles as detailed in section 301.055, RSMo. Initial application for honorary consular license plates are submitted to the Department of Revenue, Motor Vehicle Bureau, PO Box 100, Jefferson City, MO 65105 and be accompanied by the personalized plate fee, any other documents required by law to obtain registration, and a copy of the honorary consular officer identification card issued by the Missouri secretary of state. Upon approval, honorary consular license plates will be issued. Subsequent annual renewals may be accomplished at any license office statewide where the renewing applicant will be issued universal registration renewal tabs.

(12) Prior to the receipt of honorary consular license plates, the applicant is to surrender all previously issued license plates which bear the words Consular Officer and pay any additional fees due. If no consular officer plates were issued, the applicant is to surrender the regular license plates which the honorary consular license plates will replace. If the honorary consular license plates are to be issued for a period of less than one (1) full year, the department will assess registration fees on a prorated basis. No refunds are to be made for any unused portion of registration fees for any license plates surrendered in exchange for honorary consular license plates.

(13) Applications for renewal of honorary consular license plates will be filed with the Department of Revenue prior to the last regular work day of January each year. All plates annually expire on January 31.

12 CSR 10-23.370 Issuance of Certificates of Title to Recreational Vehicles Manufactured by Two Separate Manufacturers

PURPOSE: This rule establishes uniform procedures to be followed in the titling of multistage, manufactured recreational vehicles, or motor homes often referred to as multistage vehicles.

(1) When recreational vehicles or recreational motor vehicle are manufactured by separate manufacturers and have separate and distinct Manufacturers' Statements of Origin (MSO) issued for the unit, the following titling procedures apply:

(A) When an application for a Missouri certificate of title to a new recreational vehicle or motor home is submitted, both the MSO issued by the vehicle's chassis or first-stage manufacturer and the MSO issued by the vehicle's final-stage manufacturer must accompany the application;

(B) The year model assigned to the recreational vehicle shall be obtained from the MSO issued by the recreational vehicle's final-stage manufacturer;

(C) The vehicle make assigned to a vehicle shall be obtained from the MSO issued by the vehicle's final-stage manufacturer. For example, first-stage manufacturer, Chrysler Cor-

poration builds a Dodge chassis which is subsequently made into a recreational vehicle or motor home by the final-stage manufacturer, Winnebago. The make of the vehicle will be Winnebago. Note, however, that the make of a Ford van converted by a custom converter to a recreational vehicle which does not meet the requirements of a motor home detailed in section (2) must remain a Ford; and

(D) The vehicle identification number (VIN) assigned to the recreational vehicle or motor home shall be the chassis identification number shown on the first-stage MSO. For example, the VIN for a completed Winnebago recreational vehicle or motor home manufactured on a Dodge chassis will be the identification number assigned by Chrysler Corporation to the Dodge chassis.

(2) For the purpose of this rule, a recreational motor vehicle shall be defined as any motor vehicle designed, constructed, or substantially modified so that it may be used and is used for the purposes of temporary housing quarters, including therein sleeping and eating facilities which are either permanently attached to the motor vehicle or attached to a unit which is securely attached to the motor vehicle. The vehicle must contain permanently installed independent life support systems which meet the American National Standards Institute/National Fire Protection Association (ANSI/NFPA) 501C Standard and provide at least four (4) of the following facilities: cooking, refrigeration or ice box, self-contained toilet, heating or air conditioning, or both, a portable water supply system including a faucet and sink, separate one hundred ten to one hundred twenty-five (110–125)-volt electrical power supply or a liquefied petroleum (LP) gas supply or both. The basic types are specified as follows:

(A) Type A. A raw chassis upon which is built a driver's compartment and an entire body which provides temporary living quarters as previously defined;

(B) Type B. A completed van-type vehicle which has been altered to provide temporary living quarters as defined previously; and

(C) Type C. An incomplete vehicle upon which is permanently attached a body designed to provide temporary living quarters as previously defined.

12 CSR 10-23.385 Verification of the Vehicle Identification Number and Odometer Reading of Motor Vehicles Previously Titled in Another State

PURPOSE: This rule provides alternatives to the requirement for Missouri residents who are serving on active duty in the military and stationed outside Missouri; or residents who are located outside Missouri for an extended period of time; or residents who purchase nonoperable vehicles titled in another state to submit a Missouri motor vehicle inspection approval certificate with an application for Missouri title.

(1) A Missouri motor vehicle inspection approval certificate (see 11 CSR 50-2.120) from an official inspection station authorized by the Missouri State Highway Patrol which verifies the manufacturer's vehicle identification number and the vehicle's odometer reading shall accompany every application for a Missouri certificate of title to a motor vehicle which was previously titled in a state other than Missouri. The following alternatives to this requirement shall be available:

(A) A Missouri resident, on active duty in the military and stationed out-of-state, who purchases a vehicle previously titled in another state and is unable to transport it to Missouri for an inspection may submit a document signed by a commissioned officer of one

of the United States Armed Forces verifying the manufacturer’s identification number and odometer reading of the vehicle at the time application for title is made.

1. Example: John Doe (a Missouri resident who is a sergeant in the Army) purchases a motor vehicle in South Carolina. The South Carolina title is assigned to John Doe. Although Sgt. Doe will be stationed in South Carolina for two (2) years, he wants to title and register his motor vehicle in Missouri, his official domicile. Sgt. Doe cannot readily transport the vehicle to an official Missouri inspection station for an inspection because the vehicle is located outside Missouri; therefore, Sgt. Doe may submit a signed document in the form described in subsection (1)(A) of this rule with his application for title;

(B) A Missouri resident, located outside Missouri for an extended period of time due to employment, schooling, or others who purchases a vehicle previously titled in another state and is unable to transport it to Missouri for an inspection may present a notarized affidavit stating why the vehicle cannot be inspected in Missouri along with a notice of an inspection performed by an authorized inspection station or law enforcement officer in the state where the resident is located. The inspection shall verify the manufacturer’s identification number and odometer reading of the vehicle.

1. Example: John Doe (a Missouri resident who is employed in Washington for two (2) years) purchases a motor vehicle in Washington. The Washington title is assigned to John Doe. Although Mr. Doe is employed in Washington for two (2) years, he wants to title and register his motor vehicle in Missouri, his official domicile. Mr. Doe cannot readily transport the vehicle to an official Missouri inspection station for an inspection because the vehicle is outside Missouri; therefore with his title application, Mr. Doe may submit a notarized affidavit stating why the vehicle cannot be inspected in Missouri and a notice of inspection which verifies the manufacturer’s identification number of the vehicle and its odometer reading. The inspection shall be performed by either an authorized inspection station or law enforcement officer in Washington; or

(C) A Missouri resident purchases a vehicle previously titled in another state. The motor vehicle is not operational and is towed to the owner’s legal address in Missouri. The resident may submit a document signed by an authorized Missouri law enforcement officer who has verified the manufacturer’s identification number and odometer reading of the vehicle.

1. Example: John Doe purchases a

motor vehicle in Oklahoma. The Oklahoma title is assigned to John Doe. Since the motor vehicle is not operational, Mr. Doe has the vehicle towed to his legal address in Missouri. He wants to title his vehicle but cannot readily transport it to an official inspection station for an inspection. Mr. Doe may submit with his application for title a document signed by an authorized Missouri law enforcement officer who has verified the manufacturer’s identification number and odometer reading of the nonoperable vehicle. The inspecting officer’s report must clearly state that the vehicle is not operational.

12 CSR 10-23.400 Transfer of License Plates

PURPOSE: This rule clarifies when a motor vehicle or trailer owner may transfer license plates to a newly acquired motor vehicle or trailer and operate the vehicle for thirty days.

(1) Whenever a motor vehicle or trailer owner purchases a replacement motor vehicle or trailer from an individual or a dealership, the owner of a motor vehicle or trailer may operate the newly acquired motor vehicle or trailer with the transferred license plates for no more than thirty (30) days from the date of purchase, until making proper application for title and transfer of license plates with an office of the Department of Revenue.

(2) The license plates may only be transferred if the vehicle acquired is of the same vehicle category as the vehicle being replaced. Example: A passenger vehicle must be replaced by another passenger vehicle in order to attach passenger license plates. The vehicle owner may not use commercial vehicle (truck) license plates on a newly acquired passenger vehicle.

12 CSR 10-23.405 Emblem-Use Authorization Statement and Format for Collegiate License Plates

PURPOSE: This rule clarifies the process to be used by colleges and universities in order to have personalized collegiate license plates available.

(1) Any community college or four- (4-) year public or private institution of higher education, or a foundation or organization representing the college or institution, located in Missouri authorizing the use of its official emblem to be affixed to a license plate annually will issue an emblem-use authorization statement. The statement will be in a format agreed upon by the director of the Department of Revenue and which includes the name of the community college or four- (4-) year public or private institution, the applicant’s name and address, the amount of contribution paid, and the date of payment.

(2) One (1) emblem-use authorization statement needs to be issued for each collegiate license plate application.

(3) Any community college or four- (4-) year public or private institution of higher education which desires to have license plates issued which display its emblem, logo, or seal must submit two-hundred (200) applications before the Department of Revenue will authorize the manufacture of license plates displaying its emblem, logo, or seal.

(4) Any community college or four- (4-) year public or private institution of higher education desiring to have collegiate license plates issued should submit a preliminary design of the emblem, logo, or seal which it desires to be displayed upon the license plates as well as school colors that need to be included. This design will be formatted in accordance with

the design of the plate as prescribed in section (5) of this rule. The department will submit the design to the vendor for the material to manufacture the plates. The vendor will prepare the finished artwork for the emblem, logo or seal and submit it to the Department of Revenue and the appropriate institution for approval. Upon approval, the department will authorize the manufacture of the plates.

(5) The left-hand portion of the plate will bear a reproduction of the college emblem, seal, or logo in an area not to exceed two and one-half inches by three inches (2 1/2" × 3"). 12 CSR 10-23.420 Secure Power of Attorney Requirements

PURPOSE: This rule establishes the procedures for using a secure power of attorney in conjunction with a certificate of title as provided for in federal and state law.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporat-

ed by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

(1) Section 407.536(8), RSMo and the Motor Vehicle Information and Cost Savings Act allow the transferor of a motor vehicle to execute a secure power of attorney (POA) when the certificate of ownership is held by a lienholder or for the purpose of assigning a duplicate title in order to comply with federal and state odometer disclosure requirements. The Secure Power of Attorney form, which has been incorporated by reference, published by the Missouri Department of Revenue, PO Box 100, Jefferson City, MO 65105-0100, contains a revision date of November 2005. The Secure Power of Attorney form does not include any amendments or additions to the November 2005 document.

(2) If the dealer sells the vehicle before the title is received as provided in section 301.894, RSMo, the dealer and purchaser may complete the secure POA to authorize the dealer to sign on behalf of the purchaser and make the odometer disclosure on the second title assignment so the purchaser is not required to return to the dealership once the title issues to acknowledge the disclosure. In this case, upon receipt of the title, the dealer must:

(A) Inspect the title to ensure the mileage on the title is consistent with what was recorded on the POA;

(B) Complete the first and second title assignments; and

(C) Complete the secure POA certifying that the mileage the dealer disclosed on the title document is consistent with the mileage provided to the dealer in the POA.

(3) The secure power of attorney form and corresponding certificate of ownership shall accompany the purchaser's application for title.

(4) Secure power of attorney forms and copies of corresponding titles received by a dealer in a particular month shall be submitted with the sales report completed for the month. If the dealer sales report is filed electronically, the POA forms and the title copies must be filed with the Department of Revenue by the fifteenth day of the month following the month in which the sale occurred.

The dealer shall ensure that the original and all other copies of the secure power of attorney form and certificate of title are completed in full and are legible. The dealer shall retain a photocopy of the secure power of attorney form and the front and back of the corresponding certificate of ownership as a part of the dealership's records for a period of five (5) years.

(5) A Missouri motor vehicle dealer may buy and sell a motor vehicle out-of-state when a secure power of attorney form accompanies the title. When an out-of-state secure power of attorney form is involved, the Missouri dealer shall obtain the appropriate copy of the secure power of attorney form and the certificate of title, but shall not be required to submit copies of those documents with the dealer's sales report.

(6) A motor vehicle dealer listed as the purchaser on the secure power of attorney form may elect to title the vehicle in the dealership's name by submitting the original secure power of attorney form and the original ownership document with the dealer's application for title.

12 CSR 10-23.424 Leasing Company Registration

PURPOSE: This rule sets forth the requirements for obtaining a permit to operate as a motor vehicle, trailer, boat, or outboard motor leasing company.

(1) Any person, company, or corporation engaged in the business of renting or leasing motor vehicles, trailers, boats, or outboard motors either may elect to pay sales tax on the purchase price or elect to collect and remit sales tax on the gross receipts from the rental or lease of the motor vehicles, trailers, boats, or outboard motors. Any person, company, or corporation electing to collect and remit sales tax on the gross receipts from rental or lease shall apply to the director of revenue for a permit to operate as a leasing company.

(2) To apply for registration as a leasing company, the applicant shall submit a completed application on a biennial basis as prescribed by the director. A copy of the applicant's Missouri sales tax license shall accompany the initial application. The applicant also shall be properly registered with the Office of the Missouri Secretary of State and shall furnish proof of that registration upon request.

(3) The director may stagger expiration dates to equalize workload. Leasing companies with expired registrations will not be entitled to the sales tax option provided by section 144.070, RSMo, and will pay all state and local sales tax on the purchase price of any units acquired while the registration is expired.

(4) Motor vehicles, trailers, boats, and outboard motors purchased by a registered leasing company shall be titled in the name of the leasing company as registered with the director. The leasing company shall record its leasing permit number assigned by the director on all applications for title in order to be exempt from sales tax at the time of titling.

(5) Any transfer of a motor vehicle, trailer, boat, or outboard motor to another division from one (1) division of a corporation which authorizes a division to register as a motor vehicle leasing company is a sale at retail as defined in section 144.010, RSMo.

(6) The director will deny application for, or recall any permit to operate as a leasing company, if the applicant—

(A) Has fraudulently completed the application for registration;

(B) No longer holds a valid Missouri sales tax license; or

(C) Is no longer properly registered with the Office of the Missouri Secretary of State.

(7) A leasing company registered with the director pursuant to section 144.070, RSMo, which ceases to operate as a leasing company in accordance with the law, the rules established by the director, or both, shall notify the director accordingly and, within ten (10) days of cessation of operation, return the permit to operate as a leasing company to the director.

PURPOSE: This rule clarifies the requirements for and the issuance of registration by the Department of Revenue in certain situations for motor vehicles or trailers when an individual has established residency in Missouri and the out-of-state lienholder refuses to release the title.

(B) A copy of the front and back of the out-of-state title issued in the owner's name;

(C) A written statement from the lienholder refusing to release the title;

(D) All documents and fees required to obtain Missouri license plates; and

(E) A fee equal to the title fee required pursuant to section 301.190, RSMo.
