Any interested person may view this material at either agency's headquarters or the same will be made available at the Office of the Secretary of State at a cost not to exceed actual cost of copy reproduction. The entire text of the rule is printed here. This note refers only to the incorporated by reference material.

(1) Authority. This rule is established pursuant to the authorization granted to the Department of Social Services, Division of Medical Services to promulgate rules.

(2) Qualifications. For a clinic to qualify for participation in the Medicaid Children's Clinic (CC) program, the clinic must meet all three (3) of the following criteria:

(A) Have a documented relationship with a department of pediatrics within an accredited school of medicine;

(B) Have a documented relationship with a hospital, exclusively operated for the care and treatment of children; and

(C) Must be open from 3:00 p.m. to 11:00 p.m. or 4:00 p.m. to 12:00 midnight (at least eight (8) hours duration) five days per week, with weekend hours of at least eight (8) hours per day.

(3) General Principles.

(A) The Missouri Medical Assistance (Medicaid) program shall reimburse CC providers based on the reasonable cost of CC-covered services related to the care of Medicaid recipients (within program limitations) less any copayment or other third party liability amounts which may be due from

Medicaid recipients effective for services after February 1, 1993.

(B) Reasonable costs shall be determined by the Division of Medical Services based on desk review of the applicable cost reports and shall be subject to adjustment based on field audit. Reasonable costs shall not exceed the Medicare cost principles set forth in 42 CFR part 413.

(C) Reasonable costs shall be apportioned to the Medicaid program based on a ratio of covered charges for beneficiaries to total charges. Charges mean the regular rate for various services which are established uniformly for Medicaid recipients and other patients.

(4) Definitions.

(A) Desk review. The Division of Medical Services' review of a provider's cost report without on-site audit.

(B) Division. Unless otherwise designated, division refers to the Division of Medical Services, the division of the Department of Social Services charged with administration of Missouri's Medical Assistance (Medicaid) program.

(C) Effective date.

1. The Emergency Rule effective date shall be February 2, 1993.

(D) Facility fiscal year. A facility's twelve (12)-month fiscal reporting period.

(E) Generally accepted accounting principles (GAAP). Accounting conventions, rules and procedures necessary to describe accepted accounting practice at a particular time promulgated by the authoritative body establishing those principles.

(F) Provider or facility. A CC with a valid Medicaid participation agreement in effect after February 1, 1993, with the Department of Social Services for the purpose of providing CC services to Title XIX-eligible recipients.

(5) Administrative Actions.

(A) Annual Cost Report.

1. Each CC shall complete a Medicaid cost report for the CC's twelve (12)-month fiscal period.

2. Each CC is required to complete and submit to the division an annual cost report, including all worksheets, attachments, schedules and requests for additional information from the division. The cost report shall be submitted on forms provided by the division for that purpose.

3. All cost reports shall be completed in accordance with the requirements of this rule and the cost report instructions. Financial

reporting shall adhere to GAAP except as otherwise specifically indicated in this rule.

4. The cost report shall be submitted within three (3) calendar months after the close of the reporting period. A single extension, not to exceed thirty (30) days, may be granted upon the request of the CC and the approval of the division. The request must be received in writing by the division prior to the ninetieth day of the three (3)-calendar month period after the close of the reporting period.

5. In a change of ownership, the cost report for the closing period must be submitted within forty-five (45) calendar days of the effective date of the change of ownership, unless the change in ownership coincides with the seller's fiscal year end, in which case the cost report must be submitted within three (3) months after the close of the reporting period. No extensions in the submitting of cost reports shall be granted when a change in ownership has occurred.

6. Cost reports shall be submitted and certified by an officer or administrator of the provider. Failure to file a cost report within the prescribed period, except as expressly extended in writing by the state agency, may result in the imposition of sanctions as described in 13 CSR 70-3.030.

7. Authenticated copies of agreements and other significant documents related to the provider's operation and provision of care to Medicaid recipients must be attached to the cost report at the time of filing unless current and accurate copies have already been filed with the division. Material, which must be submitted, includes, but is not limited to, the following:

H. Leases or rental agreements, or both, related to the activities of the provider;

I. Management contracts;

J. Provider of service contracts; and

K. Working trial balance actually used to prepare cost report with line number tracing notations or similar identifications.

8. Under no circumstance will the division accept amended cost reports for final settlement determination or adjustment after the date of the division's notification of the final settlement amount.

(B) Records.

1. Maintenance and availability of records.

A. A provider must keep records in accordance with GAAP and maintain sufficient internal control and documentation to satisfy audit requirements and other requirements of this rule, including reasonable requests by the division or its authorized agent for additional information.

B. Adequate documentation for all line items on the cost report shall be maintained by a provider. Upon request, all original documentation and records must be made available for review by the division or its authorized agent at the same site at which the services were provided. 2. Adequacy of records.

A. The division may suspend reimbursement or reduce payments to the appropriate fee schedule amounts if it determines that the CC does not maintain records that provide an adequate basis to determine payments under Medicaid.

B. The suspension or reduction continues until the CC demonstrates to the division's satisfaction that it does, and will continue to, maintain adequate records.

(C) Audits.

1. Any cost report submitted may be subject to field audit by the division or its authorized agent.

2. A provider shall have available at the field audit location one (1) or more knowledgeable persons authorized by the provider and capable of explaining the provider's accounting and control system and cost report preparation, including all attachments and allocations.

3. If a provider maintains any records or documentation at a location which is not the same as the site where services were provided, the provider shall transfer the records to the same facility at which the services were provided, or the provider must reimburse the division or its authorized agent for reasonable travel costs necessary to perform any part of the field audit in any off-site location, if the location is acceptable to the division.

(D) Change in Provider Status. The next payment due the provider after the division has received the notification of the termination of participation in the Medicaid program or change of ownership may be held by the division until the cost report is filed. Upon receipt of a cost report prepared in accordance with this rule, the payments that were withheld will be released.

(Q) Costs of services performed in a satellite clinic, which does not have a valid Medicaid participation agreement with the Department of Social Services for the purpose of providing CC services to Title XIX-eligible recipients.

(7) Interim Payments. Effective for services provided after February 1, 1993, CC services, unless otherwise limited by regulation, shall be reimbursed on an interim basis by Medicaid at ninety-five percent (95%) of usual and customary charges as billed by the provider for covered CC services. Interim payments shall be reduced by copayments and other third party liabilities.

(8) Reconciliation.

(A) The state agency shall perform an annual desk review of the Medicaid cost reports for each CC's fiscal year and shall make indicated adjustments of additional payment or recoupment, in order that the CC's net reimbursement shall be in amounts representing one hundred percent (100%) of reasonable costs.

1. Underpayments. If the total reimbursement due the CC exceeds the interim payments made for the reporting period, the division makes a lump-sum payment to the CC to bring total interim payments into agreement with total reimbursement due the CC; and

2. Overpayments. If the total interim payments made to a CC for the reporting period exceed the total reimbursement due the CC for the period, the division arranges with the CC for repayment through a lump sum refund or, if that poses a hardship for the CC, through offset against subsequent interim payments or a combination of offset and refund.

(C) The annual desk review will be subject to adjustment based on the results of a field audit which may be conducted by the division or its contracted agents.

(9) Sanctions.

(A) The division may impose sanctions against a provider in accordance with 13 CSR 70-3.030 Sanctions for False or Fraudulent Claims for Title XIX Services or any other sanction authorized by state or federal law or regulation.

(B) Overpayments due the Medicaid program from a provider shall be recovered by the division in accordance with 13 CSR 70-3.030.

(10) Appeals. In accordance with sections 208.156 and 621.055, RSMo, providers may seek hearing before the Administrative Hearing Commission of final decisions of the director, Department of Social Services or the Division of Medical Services.

(11) Payment Assurance.

(A) The state will pay each CC, which furnishes the services in accordance with the requirements of the state plan, the amount determined for services furnished by the CC according to the standards and methods set forth in the regulations implementing the CC Reimbursement Program.

(B) CC services provided for those recipients having available Medicare benefits shall be reimbursed by Medicaid to the extent of the coinsurance and deductible as imposed under Title XVIII.

(C) Where third-party payment is involved, Medicaid will be the payor of last resort.

(D) Regardless of changes of ownership, management, control, leasehold interests by whatever form for any CC previously certified for participation in the Medicaid program, the division will continue to make all the Title XIX payments directly to the entity with the CC's current provider number and hold the entity with the current provider number responsible for all Medicaid liabilities.

(12) Payment in Full. Participation in the Medicaid program shall be limited to providers who accept as payment in full, for covered services rendered to Medicaid recipients, the amount paid in accordance with these rules and applicable copayments.

WORKSHEETS

WORKSHEET 1 - RECLASSIFICATION AND ADJUSTMENT OF TRIAL BALANCE OF EXPENSES

General Instructions

This worksheet provides for recording the trial balance of expense accounts from the MFHC's accounting books and records. The worksheet also provides for any necessary reclassification and adjustments to these accounts.

Not all of the listed cost centers will apply to each MFHC. For example, a MFHC might not employ radiology technicians and would not, in that case, complete line 10. The worksheet also provides blank lines for clinic costs and cost centers in addition to those listed in the form. If the worksheet does not provide sufficient space, enter aggregate amounts on Worksheet 1 under "other," where appropriate, and furnish a supporting schedule to list items included in the aggregate amounts.

Columns 1 through 3 - TRIAL BALANCES OF DIRECT EXPENSES

The expenses listed in these columns must be in accordance with the MFHC's accounting books and records.

Enter on the appropriate lines in columns 1 through 3 the total expenses incurred during the reporting period. The expenses must be detailed between compensation (column 1), and other than compensation and related costs (column 2). For example, payroll taxes, employee benefits, and workers' compensation
