(3) Application packages will be accepted between October 1 and November 30 of the current year. Each application package received by the department will be reviewed for completeness. Complete applications are those which include all required documentation, as listed in subsections (2)(A)-(H). Complete applications will be forwarded for approval by the director or his/her designee in the priority as outlined in sections (4)-(6). Upon approval, the department will send the request to the appropriate federal authorities.

(4) The department's J-1 Visa Waiver Program will give priority to those physicians in one (1) of the following specialties: Family Practice, General Practice, General Pediatrics, Obstetrics/Gynecology, or Psychiatry. (A) Physicians trained in other specialties may be considered for recommendation for a J-1 Visa Waiver based on the following criteria:

1. Vacant slots must be available; and

2. The specialty physician's application must comply with all other requirements of the J-1 Visa Program.

(B) The number of specialty recommendations in any given program year will be determined by the number of available slots after all application packages for primary care physicians as outlined in section (4) are reviewed. If more application packages are received for specialists than the department has slots available, priority will be determined by Primary Care HPSA score of the location of the health care facility employing the physician. (i.e. higher Primary Care HPSA scores will be assigned higher priority.)

(6) If the department recommends less than thirty (30) physicians for J-1 Visa Waivers for application packages received between October 1 and November 30 of the current year, application packages will continue to be accepted, reviewed for completeness, and recommended in the order of the date they are received for any specialty until all available slots are filled.

(A) In the event that there are fewer remaining waivers than applicants, and with all of those applicants having equal status in priority, remaining waiver(s) will be recommended by lottery.

(7) It is the responsibility of the physician and the employer to meet Missouri's licensing and credentialing requirements as delineated by the Missouri Board of Healing Arts.

(8) A physician who is practicing under a J-1 visa in another state who wishes to practice in a HPSA in Missouri and obtain a J-1 Visa Waiver may do so only under the following conditions:

(A) The physician must complete the J-1 Visa Waiver Application process in Missouri and obtain a Missouri medical license prior to commencing practice;

(C) All other J-1 Visa Waiver requirements remain in effect.

(9) A physician with a J-1 Visa Waiver who is practicing in Missouri and who wishes to transfer to another HPSA in Missouri may do so under the following conditions:

The physician retains sole responsibility for notifying the employer of the intent to transfer and payment of any financial penalty caused by a breach of contract, as determined by the original employer.

(10) The department is not responsible for exceptions to or interpretations of these policies which have occurred without the written approval of the director of the department or his/her designee.

(11) The department is not responsible for any practice arrangements or contractual obligations entered into by the physician prior to approval of a J-1 Visa Waiver request.
