(G) As used in this rule, the term “facility manager” means the individual designated by the director of the Division of Facilities Management to manage a facility.

(H) As used in this rule, the term “grounds” means the land lying between a public building and the property line of the land on which the building is situated.

(I) As used in this rule, the term “quasi-public governmental body” means any person, corporation or partnership organized or authorized to do business in Missouri under the provisions of Chapter 352, 353, or 355, RSMo, or an unincorporated association which either:

2. Commercial activities, including soliciting the sale of any goods or services and any other activities undertaken for the primary purpose of obtaining a financial return for the benefit of an individual or organization, whether organized for profit or not; except that this paragraph shall not prohibit vendors from soliciting state employees for the purpose of effecting sales of the vendors’ products or services, if the products or services are offered to the state, or if they are offered to employees through a state-sponsored program;

3. Solicitation of any kind, including the solicitation of contributions, gifts or donations, the solicitation of signatures on petitions, and the solicitation of support for any political candidate or cause, except as otherwise specifically authorized in this rule;

Usage of the conference rooms and meeting rooms in other public buildings, other than those inside the office suite of an agency, shall be restricted to entities and instrumentalities of the state, federal and local governments and to quasi-public governmental bodies, as defined in section (1) of this rule, and shall require the permission of the facility manager.

2. Application for permission. Applications for permission to use conference rooms and meeting rooms shall include the following information, if required by the facility manager:

A. The full name, mailing address and telephone number of the person or organization sponsoring the proposed activity and of an individual who agrees to accept responsibility for supervising the proposed activity;

B. The purpose of the activity or meeting;

C. A description of the proposed activity and an estimate of the number of persons who will participate in the proposed activity;

E. Whether food or beverage will be consumed or permitted at the activity, and if so, a description of the food and beverage, and the methods used to serve it and to ensure cleanliness; and

F. A description of the equipment and services that will be required, such as chairs, podiums, microphones, easels and audiovisual equipment.

3. Grant of permission. The facility manager shall respond to all requests for permission to use a conference room or meeting room as promptly as possible. The facility manager shall grant permissions, on a first-come, first-served basis to those persons or organizations who comply with the requirements of this rule, except that state agencies may be given preference over other applicants. If permission is denied for any reason, the facility manager shall issue to the applicant a written denial, including an explanation of the reason for the denial.

4. Conditions for grants of permission to use conference rooms and meeting rooms. The grants of permission to use conference rooms and meeting rooms are subject to the following conditions:

A. The facility manager may impose such conditions concerning the service of food and drink as are reasonably necessary to ensure the cleanliness of the facility and good sanitation practices.

B. Services normally provided at the building for which the permit is issued shall be provided to the permittee without charge. However the facility manager may impose reasonable charges for the cost of any food or drink, utilities, supporting physical arrangements, security or other personnel, or equipment over and above the services normally provided at the building during the time of the activity. The facility manager may waive such costs for government entities or if it is not practicable to identify the amount of the additional costs or if the amount is insignificant. The facility manager may require a deposit in the amount of the estimated additional costs before issuing a permit.

C. Permittees shall conduct their activity in strict compliance with this rule, the statements contained in their application for permit, and any restrictions on the activity which are imposed by the facility manager and are listed on the permit.

5. The facility manager may disapprove any application and may cancel an issued permit, even after the applicant has begun using the facility, and may remove the applicant from the facility if the application is false or incomplete or if the applicant fails to comply with the conditions specified in the permit or with the provisions of this rule.

6. The facility manager shall also have the authority to: reserve conference rooms and meeting rooms for official government business on specified days; preempt an approved use of a conference room or meeting room to allow for official government business; and set conference rooms and meeting rooms aside for maintenance, construction or repair on specified days.

(D) Parking Lots.

1. Use on business days. Between the hours of 6:00 a.m. and 7:00 p.m. on every business day, the parking lots which are part of the other public buildings and grounds occupied by state agencies, shall be reserved for the use of the employees and clients of the occupying agencies and for visitors conducting business with the occupying agencies. Public use of the parking lots shall not be permitted on such days.

2. Use at other times.

A. At all other times, these parking lots shall be made available to the employees, clients and visitors of the occupying agency, for the conduct of state business, unless contractual obligations of the state prohibit such use.

B. Any other persons who wish to use a parking lot on a nonbusiness day must submit a written request for permission to do so. Permits may only be issued to: applicants who hold a parade permit issued by the local governmental authority and who wish to use the parking lot as a staging area; state or local governmental and quasi-governmental entities for their use in programs to promote public health and safety, such as driver training, bicycle safety, fire safety and the like; or others for the purposes and objectives described in subsection (2)(A). Commercial activities and solicitation shall not be permitted in the parking lots at any time. (3) Public Use of Other Public Buildings and Grounds Not Occupied by State Agencies. The use to be made of other public buildings

and grounds or portions thereof which are occupied by individuals or organizations other than the state of Missouri, under a lease or sublease from the state of Missouri or otherwise, shall be determined solely by the occupant of the facility, but shall be subject to any restrictions imposed by the lease or sublease or by any laws.

2. Issuance of permits. Permits shall be issued by the facility manager, on a first-come, first-served basis to those persons or organizations who comply with the requirements of this rule.

3. Conditions.

A. The facility manager may impose reasonable limits on the duration of the activity and the space allocated to it, and may furnish materials, supplies and equipment needed for the activity, if such are available, but may limit the amount furnished so that government property may remain accessible to other members of the general public. All permits issued shall require the permittee to comply with the conditions described in subsection (4)(A) hereof.

B. The facility manager may also impose such other conditions as are reasonably necessary to prevent damage to state government property, prevent disruption of the conduct of state business, provide for the safety and security of the public, provide adequate sanitation facilities, and protect the health and safety of those attending or participating in the activity covered by the permit.

In addition, the facility manager may disapprove applications submitted by those who have repeatedly failed to comply with the terms and conditions of permits previously issued to them.
