3 CSR 10-7.410 Hunting Methods

PURPOSE: This rule prescribes the methods by which wildlife may be hunted.

(1) Wildlife may be hunted and taken only in accordance with the following:

(A) Motor-Driven Air, Land, or Water Conveyances. No person shall pursue, take, attempt to take, drive, or molest wildlife from or with a motor-driven air, land, or water conveyance at any time. Except as provided in 3 CSR 10-7.431, motor boats may be used if the motor has been completely shut off and its progress therefrom has ceased;

(B) Artificial Light. No person shall throw or cast the rays of a spotlight, headlight, or other artificial light on any highway or roadway, whether public or private, or in any field, woodland, or forest for the purpose of spotting, locating, or attempting to take or hunt any game animal, except raccoons or other furbearing animals when treed with the aid of dogs, while having in possession or control, either singly or as one (1) of a group of persons, any firearm, bow, or other implement whereby game could be killed;

(C) Night Vision and Thermal Imagery Equipment. No person may possess or control night vision or thermal imagery equipment while acting singly or as one (1) of a group of persons while in possession of any firearm, bow, or other implement whereby wildlife could be killed or taken;

(D) Dogs. Dogs may be used during the prescribed open seasons to chase, pursue, or take wildlife (except beaver, deer, mink, muskrat, river otter, and turkey). All dogs used to hunt, chase, or pursue wildlife shall wear a collar while hunting that contains the full name and address, Conservation Number, or complete telephone number of the owner, except this provision does not apply to dogs used by waterfowl and game bird hunters. Furbearers, squirrels, and rabbits may not be chased, pursued, or taken with dogs during daylight hours of the November portion of the firearms deer season in Butler, Carter, Dent, Iron, Madison, Oregon, Reynolds, Ripley, Shannon, and Wayne counties;

(E) Dogs (Training). For training dogs, wildlife (except deer, turkey, mink, muskrat, river otter, and beaver) may be chased, but not captured or killed. No person, acting singly or as one (1) of a group, may possess or use a firearm while training dogs during the closed seasons, except that a pistol with blank ammunition may be used during daylight hours only. Training dogs shall include any act of allowing dogs to chase wildlife or to teach dogs to hunt wildlife;

(F) Falconry. Birds of prey of designated types may be used to pursue and take wildlife within the specified seasons and bag limits. Birds of prey may be possessed or used only by holders of a falconry permit;

(G) Firearms. Firearms may be used to take wildlife (except beaver, mink, muskrat, river otter, turtles, and fish) during the open seasons, with the following limitations: For hunting game birds (except the crow), pistols, revolvers, and rifles may not be used. Except for hunting deer, any shotgun having a capacity of more than three (3) shells must have the magazine cut off or plugged with a device incapable of removal through the loading end, so as to reduce the capacity to not more than three (3) shells in magazine and chamber combined. Fully automatic firearms are prohibited;

(H) Special Firearms Provision. During the November portion and the antlerless portion of the firearms deer season in counties open to deer hunting, other wildlife may be hunted and feral hogs may be taken only with a pistol, revolver, or rifle firing a rimfire cartridge .22 caliber or smaller or a shotgun and shot not larger than No. 4, except that waterfowl hunters, trappers, landowners on their land may use other methods as specified in subsection (1)(G) of this rule;

(I) Bows, Crossbows, and Atlatl. Bows, crossbows, and atlatl may be used to take wildlife during the prescribed hunting seasons. Arrows, bolts, and darts containing any drug, poison, chemical, or explosive are prohibited, but illuminated sights, scopes, and quickpoint sights may be used. Hand-held string releasing mechanisms are permitted with bows;

(J) Slingshot. Slingshots may be used to take wildlife (except deer and turkey) during the prescribed hunting seasons;

(K) Cage-Type Trap. Groundhogs, rabbits, and squirrels may be taken by cage-type trap, the opening of which may not exceed one hundred forty-four (144) square inches, during the open hunting season, at any hour, by the holder of a hunting permit. Cage-type traps shall be plainly labeled on a durable material with the user's full name and address or Conservation Number and shall be attended daily;

(L) Electronic Calls. Electronic calls may be used to pursue and take crows and furbearers, but without the aid of an artificial light or night vision equipment. Electronic calls or electronically-activated calls may not be used or possessed while hunting other species of wildlife except as specifically authorized;

(M) No person shall place or scatter grain or other food items in a manner that subjects any hunter to violation of baiting rules, as

defined by federal regulations and in 3 CSR 10-7.431 and 3 CSR 10-7.455 of this Code;

(N) Wildlife Retrieval. Any person while hunting who kills or injures any wildlife shall make a reasonable search to retrieve the wildlife and take it into his/her possession; however, this does not authorize trespass;

(O) Any properly licensed person with disabilities, as defined in this Code, may hunt and take wildlife from a stationary vehicle, provided while hunting s/he carries a physician's statement provided by the department and signed by a licensed physician which certifies the person has either a permanent or temporary disability which qualifies him/her to hunt from a stationary vehicle. Printed copies of the physician's statement form can be obtained from the Missouri Department of Conservation, PO Box 180, Jefferson City, MO 65102-0180 and online at www.missouriconservation.org. This disabled person shall provide a copy of the signed physician's statement to the department within ten (10) days of receiving the exemption;

(P) Any resident of Missouri under the age of eighteen (18) diagnosed with a terminal illness may use a firearm or approved method for the season to hunt and take one (1) deer and one (1) turkey during any portion of the fall firearms or archery seasons on privately-owned land upon receipt of a method exemption. To receive a method exemption, the person must be sponsored by and participate in a hunt organized by a nonprofit charitable organization that has within its mission to provide opportunities and experiences for terminally ill persons. For purposes of this section, "terminal illness" means an incurable or irreversible condition with a corresponding life expectancy that does not exceed twelve (12) months, which has been documented by a licensed physician. Such person must hunt in the immediate presence of a properly licensed adult hunter who is eighteen (18) years of age or older and who has in his/her possession a valid hunter education certificate card or was born before January 1, 1967. A method exemption shall be issued only once to an individual and will only be valid during the designated seasons within a twelve- (12-) month period;

(Q) Hunter Orange. During the youth, November, and antlerless portions of the firearms deer hunting season, all hunters shall wear a cap or hat and a shirt, vest, or coat having the outermost color commonly known as hunter orange which shall be plainly visible from all sides while being worn. Camouflage orange garments do not meet this requirement. This requirement shall not apply to migratory game bird hunters, to hunters using archery methods while hunting within municipal boundaries where discharge

of firearms is prohibited, to hunters on federal or state public hunting areas where deer hunting is restricted to archery methods, or to hunters in closed counties during the antlerless portion of the firearms deer hunting season;

(R) Computer-Assisted Remote Hunting. Except as otherwise permitted in this Code, wildlife may be taken only in the immediate physical presence of the taker and may not be taken by use of computer-assisted remote hunting devices; and

(S) Wildlife may not be hunted, pursued, or taken with the use of poisons or tranquilizing drugs.

3 CSR 10-7.431 Deer Hunting Seasons: General Provisions

PURPOSE: This rule establishes general provisions for hunting deer.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

(1) The current *Fall Deer & Turkey Hunting Regulations and Information* booklet is hereby incorporated in this Code by reference. This booklet is published annually in August by, and a printed copy can be obtained from, the Missouri Department of Conservation, PO Box 180, Jefferson City, MO 65102-0180 and is also available online at www.missouri-conservation.org. This rule does not incorporate any subsequent amendments or additions.

(2) Deer shall mean white-tailed deer and mule deer. Antlered deer shall mean deer with at least one (1) antler at least three inches (3") long, except as provided in 3 CSR 10-7.435. Deer may be pursued, taken, killed, possessed, or transported only as permitted in this Code.

(3) Persons hunting or pursuing deer must possess a prescribed deer hunting permit. Resident landowners can qualify for no-cost

permits.

(4) Deer may be pursued or taken only from one-half (1/2) hour before sunrise until one-half (1/2) hour after sunset.

(5) Deer Hunting Methods.

(A) Archery: longbows, recurve bows, compound bows, crossbows, and atlatl.

(B) Muzzleloader: muzzleloading or cap-and-ball firearms, .40 caliber or larger, not capable of being loaded from the breech.

(C) Any legal method: archery and muzzleloader methods; atlatl; shotguns; handguns or rifles firing expanding-type centerfire ammunition; and air-powered guns, .40 caliber or larger, charged only from an external high compression power source (external hand pump, air tank, or air compressor).

(D) Prohibited, in use or possession:

1. Methods restricted by local ordinance;

2. Self-loading firearms with capacity of more than eleven (11) cartridges in magazine and chamber combined with the exception of concealable firearms, as defined in Chapter 571, RSMo. Firearms possessed under this exception may not be used to take wildlife while deer hunting;

3. Ammunition propelling more than one (1) projectile at a single discharge, such as buckshot;

4. Full hard metal case projectiles;

5. Fully automatic firearms; and

6. Electronic calls or electronically activated calls.

(6) A person may take only two (2) antlered deer during the archery and firearms deer hunting seasons combined, with no more than one (1) antlered deer taken during the firearms deer season. Only one (1) antlered deer may be taken during the archery deer season prior to the November portion of the firearms deer hunting season. Deer taken at managed deer hunts are not included in this limit.

(7) Deer may not be hunted, pursued, taken, or killed—

(A) While in a stream or other body of water;

(B) From a boat with a motor attached;

(C) With the aid of a motor-driven land conveyance or aircraft;

(D) With the aid of dogs, in use or possession;

(E) With the aid of artificial light or night vision equipment;

(F) Within any area enclosed by a fence greater than seven feet (7') in height that could contain or restrict the free range of deer. Exceptions are provided in other rules or by written authorization of the director; and

(G) With the aid of bait (grain or other feed

placed or scattered so as to constitute an attraction or enticement to deer). Scents and minerals, including salt, are not regarded as bait; however, mineral blocks with food additives are prohibited. An area is considered baited for ten (10) days following complete removal of bait. A person shall be in violation of this provision if they take or attempt to take deer by the aid of bait, where the person knows or reasonably should know the area is or has been baited. It is illegal to place bait in a way that causes others to be in violation of the baiting rule.

(8) During the firearms deer hunting season and during managed firearms deer hunts on those areas where such hunts are held, all persons hunting any game, and also adult mentors accompanying them, must wear a cap or hat and a shirt, vest, or coat of the color commonly known as hunter orange, which must be plainly visible from all sides. Camouflage orange garments do not meet this requirement. The following are exempt from this requirement:

(A) Migratory game bird hunters;

(B) Archery permittees during the alternative methods portion;

(C) All hunters in counties closed during the antlerless portion;

PURPOSE: This rule establishes the seasons, methods, and limits for hunting wild turkeys.

(1) Turkeys may be pursued, taken, killed, possessed, or transported only as permitted in this rule.

(A) Spring Season. Spring season annually will begin on the third Monday in April. A person possessing the prescribed turkey hunting permit may take turkeys according to the season length and bag limit established annually by the Conservation Commission. Turkeys may be taken only by shotgun, with shot no larger than No. 4, atlatl, crossbow, or bow; without the use of dogs, bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to 1:00 p.m. Central Daylight Time (CDT). Possession of electronic calls or shotshells loaded with shot larger than No. 4 is prohibited while hunting turkeys.

(B) Fall Firearms Season. Fall season annually will be October 1 through October 31. A person possessing the prescribed turkey hunting permit may take two (2) turkeys of either sex during the season. Turkeys may be taken only by shotgun, with shot no larger than No. 4, atlatl, bow, or crossbow; without the use of dogs, bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to sunset in all counties except: Dunklin, McDonald, Mississippi, New Madrid, Newton, Pemiscot, and Scott. Possession of electronic calls or shotshells loaded with shot larger than No. 4 is prohibited while hunting turkeys. A person, while in the act of pursuing or hunting turkey on a fall firearms permit, shall not have both a firearm, and an atlatl, bow, or crossbow on his/her person except any person may carry concealable firearms, as defined in Chapter 571, RSMo, on or about his/her person while hunting. Firearms possessed under this exception may not be used to take wildlife while hunting with an atlatl, bow, or crossbow.

(C) Fall Archery Season. A person possessing the prescribed archer's hunting permit may take two (2) turkeys of either sex from September 15 through January 15, excluding the dates of the November portion of the firearms deer season. Turkeys may be taken only by atlatls, bows, and crossbows; without the use of dogs, bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to one-half (1/2) hour after sunset. Possession of electronic calls is prohibited while hunting turkeys. An archer, while in the act of pursuing or hunting turkey on an archer's permit, shall not have a firearm on his/her person except any person may carry concealable firearms, as defined in Chapter 571, RSMo, on or about his/her person while hunting. Firearms possessed under this exception may not be used to take wildlife while hunting with an atlatl, bow, or crossbow.

(D) Youth Spring Season. The two- (2-) day youth spring season will begin annually on the Saturday nine (9) days prior to the Monday opening of the spring season, except that when the youth season would overlap with Easter weekend the season will open on the Saturday prior to Easter weekend. Any person possessing the prescribed turkey hunting permit and who is at least six (6) but not older than fifteen (15) years of age on the opening day of the youth spring season may take only one (1) male turkey or turkey with visible beard during the youth spring season. A turkey harvested during the youth spring season will count towards an individual's spring season bag limit; individuals hunting under the prescribed turkey hunting permit may not harvest a second bird during the first week of the spring season. Turkeys may be taken only by shotgun with shot no larger than No. 4, atlatl, crossbow, or bow; without the use of dogs, bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to sunset. Possession of electronic calls or shotshells loaded with shot larger than No. 4 is prohibited while hunting turkeys.

(2) Hunters who take a turkey shall void their permit immediately by notching the month and date of harvest and shall keep the turkey separate or distinctly identifiable from turkeys taken or possessed by another. When the turkey is not personally attended and prior to reporting through the Telecheck Harvest Reporting System, the voided permit or proper label shall be attached to the turkey. Turkeys may be possessed and transported only by the taker until reported through the Telecheck Harvest Reporting System. All turkeys taken shall be accurately reported by the taker or in the taker's immediate presence through the Telecheck Harvest Reporting System by 10:00 p.m. on the day taken. The Telecheck confirmation number shall be recorded immediately on the turkey hunting permit. The head and plumage of the turkey shall remain intact until the turkey is reported through the Telecheck Harvest Reporting System. All turkeys shall be reported through the Telecheck Harvest Reporting System prior to processing or being removed from the state. After reporting through the Telecheck Harvest Reporting System, turkeys may be possessed, transported, and stored by anyone when labeled with the permit or any label that includes the full name and address of the taker, date taken, and Telecheck confirmation number.

(3) Bait shall mean grain or other feed placed or scattered so as to constitute an attraction or enticement to turkeys. An area shall be

considered baited for ten (10) days following complete removal of the bait.

(4) Resident and nonresident landowners as defined in 3 CSR 10-20.805 may obtain landowner turkey hunting permits from any permit vendor, but only after application to and approval by the department. Landowner permits may be obtained only in accordance with this rule.

(A) Resident and nonresident landowners may apply for approval to obtain landowner turkey hunting permits on a form provided by the department. This application shall include the applicant's name, date of birth, domicile address, phone number, conservation identification number, e-mail, property acreage, landowner type, type of corporate ownership (if applicable), and parcel identification for the qualifying property. All applicants must submit an individual application. A new application for approval to obtain landowner turkey hunting permits must be submitted at least once every three (3) years or at any time when there is a change to any information required on the current application. Approval of applications received less than (60) sixty days prior to any turkey hunting season cannot be guaranteed. In addition to the application required by this rule, submission of proof of eligibility to receive landowner permits may also be required by the department at any time. Failure to submit satisfactory proof of eligibility at the request of the department shall be sufficient cause for denial of an application or withdrawal of approval to obtain landowner turkey hunting permits.

(B) Approved resident landowners may obtain the following permits at no-cost: one (1) Resident Spring Turkey Hunting Permit, one (1) Resident Landowner Archer's Hunting Permit, and one (1) Resident Fall Turkey Hunting Permit.

(C) Approved nonresident landowners may obtain the following permits at a reduced cost: one (1) Nonresident Landowner Spring Turkey Hunting Permit, one (1) Nonresident Landowner Archer's Hunting Permit, and one (1) Nonresident Landowner Fall Turkey Hunting Permit.

(D) All landowner turkey hunting permits are valid only on qualifying property. Regardless of department approval to obtain or purchase landowner permits, all landowner turkey hunting permits are valid only if the holder is a resident or nonresident landowner as defined in 3 CSR 10-20.805 at the time the permit is used.

(E) All landowners who take turkey on landowner permits may also purchase and fill other turkey hunting permits but must abide by seasons, limits, and restrictions.

(F) All landowners taking turkeys on a landowner turkey hunting permit shall report the turkeys through the Telecheck Harvest

Reporting System as required in this rule.

(5) Any person who kills or injures any wild turkey shall make a reasonable effort to retrieve the turkey and include it in his/her season limit.

(6) Turkeys (or parts thereof) reported in accordance with established procedures, when labeled with the full name and address of the taker, the date taken, and the Telecheck confirmation number of the turkey, may be possessed, transported, and stored by anyone.

(7) Feral hogs may be taken in any number during the spring firearms turkey season and youth spring season only by the holder of a valid unused turkey hunting permit and only by methods and times prescribed for taking turkeys. During the fall firearms turkey season, feral hogs may be taken only by the holder of a valid, unused turkey hunting permit or a small game hunting permit and only by methods prescribed in Chapter 7 for taking wildlife and without the use of bait. Other restrictions may apply on public lands. Resident landowners as defined in this Code may take feral hogs on their own property at any time, by any method, and without permit.

All applicants must submit an individual application. A new application to establish eligibility for approval to apply for a landowner elk hunting permit, must be submitted at least once every three (3) years or at any time when there is a change to any information required on the current application. Approval of applications received less than (60) sixty days prior to any elk hunt application period cannot be guaranteed. In addition to the application required by this rule, submission of proof of eligibility to receive landowner permits may also be required by the department at any time. Failure to submit satisfactory proof of eligibility at the request of the department shall be sufficient cause for denial of an application or withdrawal of approval to obtain landowner elk hunting permits. Approved landowner applications as defined in 3 CSR 10-7.434 or 3 CSR 10-7.455 for obtaining no-cost landowner deer or turkey permits may satisfy this requirement.

(C) Approved resident landowners are limited to one (1) landowner application per year.

1. Qualifying acreage must be within the resident landowner elk hunting zone.

2. There is no cost for approved landowners to apply.

3. If drawn, approved landowners may obtain the permit at a cost of fifty dollars (\$50).

(2) All landowner elk hunting permits are valid only on qualifying property and are nontransferable.

(3) All landowners who receive a Resident Landowner Antlered Elk Hunting Permit are not eligible to receive a Resident Antlered Elk Hunting Permit in the same year. A landowner may take only one (1) antlered elk annually.
