4 CSR 240-123.010 Definitions

PURPOSE: This rule defines the terms used in this chapter.

(1) The following definitions, as well as those set out in section 700.010, RSMo 2000, shall apply to this chapter:

(A) Application means an application for a seal;

(B) Approved insignia means an insignia issued by a state with which this state has entered into a reciprocity agreement under section 700.030, RSMo 2000;

(C) Approved manufacturing program means a manufacturing program approved in writing by the director as conforming to the requirements of this chapter, the code and Chapter 700, RSMo 2000 as it relates to modular units;

(I) Modular unit means a factory fabricated transportable building section designed to be used by itself or to be incorporated with other sections at a building site into single modular structures to be used for residential, commercial, educational or industrial pur-

poses. For purposes of this chapter, modular unit only means a unit(s) making up a completed modular structure. Separate modular sections are not modular units until assembled into a single modular unit. A manufactured modular unit may be moved as more than one (1) unit, but shall not consist of panels, nor individual pieces to be assembled on the permanent foundation or be more than those necessary pieces needed to complete final set up;

(J) Purchase agreement or bill of sale means a writing reflecting the terms of transfer of property between a dealer and the purchaser;

(K) Replacement seal means a seal which has been issued to replace a lost, mutilated or otherwise unserviceable seal or approved insignia;

4 CSR 240-123.020 Administration and Enforcement

PURPOSE: This rule delegates the responsibility for administering and enforcing the code, this chapter and Chapter 700, RSMo as it relates to modular units or homes.

(1) The commission's powers and responsibilities under Chapter 700, RSMo 1986, with respect to modular units, except the power to revoke, deny, refuse to renew or place on probation a registration under section 700.090, RSMo 1986, are delegated to the director.

(2) Manufacturers shall be responsible for all necessary repairs due to nonconformance of standards regardless of their selling agent.

(3) The dealer or selling agent shall assume responsibility of repairs due to nonconformance of standards if the manufacturer either

goes out of business, avoids service of process, files bankruptcy, fails to satisfy a judgment, or becomes insolvent.

(4) In the event the dealer/selling agent either goes out of business, avoids service of process, files bankruptcy, fails to satisfy a judgment, or becomes insolvent, the manufacturer shall become responsible for arranging for the setup of the modular unit in accordance with the manufacturer's installation instructions, unless the purchaser or his or her authorized agent has executed a written waiver of that service.

AUTHORITY: section 700.040, RSMo 2000. Original rule filed Aug. 16, 1979, effective Dec. 15, 1979. Amended: Filed Oct. 15, 2007, effective April 30, 2008.*

**Original authority: 700.040, RSMo 1973, amended 1976, 1978, 1982, 1984, 1989, 1993, 1995, 1999.*

4 CSR 240-123.030 Seals

PURPOSE: This rule describes the modular unit to which seals or approved insignia must be affixed and the standards and procedures which relate to the issuance of seals and the removal of seals and approved insignia.

(1) No modular unit which entered the first stage of production after July 1, 1976 shall be rented, leased or sold or offered for rent, lease or sale in this state unless a seal or approved insignia is properly affixed to it.

(2) An application for a seal shall be submitted to the director and it shall be executed on a form which shall be provided by the director. One (1) form may be used to apply for all seals required at a given time.

(3) To be complete, an application for seals to be affixed to modular units manufactured or to be manufactured under an approved manufacturing program shall be executed by the manufacturer (or the manufacturer's authorized representative if the manufacturer is a corporation) of the modular unit to which the requested seals will be affixed and shall include:

(A) An affidavit of the applicant or the applicant's authorized representative if the applicant is a corporation, certifying that each requested seal will be affixed only to modular units manufactured under an approved manufacturing program and that each modular unit to which a requested seal will be affixed will comply with the code at the time it is rented, leased, sold or offered for rent, lease or sale by the applicant. Each

new modular unit sold or placed in the state must contain the applicable seal as specified in this section; and

(B) A nonrefundable fee of one hundred ten dollars (\$110) for each seal requested.

(4) The director is authorized to refuse to issue a seal under any of the following circumstances:

(A) If the modular unit to which the seal is to be affixed does not comply with the code which was in effect when it entered the first stage of production;

(B) If the director has not approved the applicant's manufacturing program;

(C) If the director's approval of the applicant's manufacturing program has lapsed, expired or been withdrawn;

(D) If at the time of application the director has reason to believe that the applicant is failing to abide by Chapter 700, RSMo 2000;

(E) If the director has reason to believe that the seal will be placed on a unit which is not a complete modular unit.

(5) A seal or a written refusal to issue a seal shall be issued by the director within ten (10) working days after s/he has received a complete application. A notice of refusal shall specify the reason for refusal.

(6) Seals shall be delivered by one (1) of the following methods:

(A) By prepaid certified mail, requesting a return receipt signed by addressee only, sent to the applicant's place of business; or

(B) By delivery to an applicant in person at the office of the secretary of the commission. Upon delivery of seals by this method, the applicant shall provide to the secretary of the commission a written acknowledgement of receipt.

(7) A seal shall be affixed to the electric panel box of a completed modular unit. A seal shall be located so that person(s) shall have an unobstructed view of seal.

(8) Within thirty (30) days of the discovery that a seal issued to him/her has become lost, mutilated or otherwise unserviceable, a dealer or manufacturer shall provide written notice of such to the director.

(9) Any person to whom a seal has been issued or who owns a modular unit to which a seal or approved insignia has been affixed may apply for the replacement of such seal or approved insignia if it becomes lost, mutilated or otherwise unserviceable. Applications for replacement seals shall be made on the same forms and in the same manner as appli-

cations for seals are made under this rule. A fee of forty dollars (\$40) shall be charged for a replacement seal.

(10) Seals and approved insignia may be removed by the director from any modular unit which is found to be in violation of the code which was in effect when it entered the first stage of production. Seals issued to a person who manufactures modular units under an approved manufacturing program must be returned to the director immediately if the approval is withdrawn by the director.

(11) If the director removes a seal or approved insignia from a modular unit, s/he shall provide written notice of such action to the owner of the unit. The notice shall be mailed within five (5) working days of the removal and shall be sent by prepaid certified mail, requesting a return receipt signed by addressee only, to the last known address of the owner. The notice shall state the reason for the removal.

(12) When a seal or approved insignia is removed by the director, s/he shall place a prohibited sale notice in the location specified for the seal in section (7) of this rule. A prohibited sale notice shall state that the rental, lease or sale or the offering for rent, lease or sale of the modular unit to which the notice is attached is prohibited under section 700.015, RSMo 2000. The prohibited sale notice shall also state that further information may be obtained from the director, whose name, address and telephone number shall be listed. A copy of the prohibited sale notice shall be filed with the commission.

(13) The director may issue a seal to any registered dealer or owner who has acquired a pre-owned modular unit without a seal, if proof is submitted to the director that the unit meets the requirements of the existing code as adopted by the commission pursuant to section 700.021, RSMo. Proof may include verification that the unit meets the applicable code from an approved third party inspection agency or other entity approved by the commission. The dealer or owner must make any changes required to bring the unit into compliance with the applicable code. The director may issue a seal if all the requirements of Chapters 700 and 123, RSMo are met, required inspections are completed and the applicable seal fee is submitted.

4 CSR 240-123.040 Approval of Manufacturing Programs

PURPOSE: This rule establishes the procedure under which a manufacturing program may be approved and the circumstances under which an approval of a manufacturing program will lapse, expire or be withdrawn.

(1) To have a manufacturing program considered for approval, the manufacturer who will use the program for which approval is sought shall submit the following information, documents and material to the director:

(A) The name and address of the manufacturer who will use the program;

(B) If the manufacturer who will use the program is a corporation, a copy of the corporation's articles of incorporation, bylaws and most recent annual registration filed under section 351.120, RSMo along with a copy of documents which verify that the officer who has executed the application has actual authority to have done so. As long as the original documents remain unchanged an applicant who has once submitted such copies shall not be required to resubmit them with subsequent requests for approval of a manufacturing program;

(C) The make and style of the modular units which will be produced under the manufacturing program;

(D) The earliest date on which production will begin under the manufacturing program;

(E) One (1) copy of the quality control manual under which the manufacturing program will be implemented. The manual shall at least include a description which is sufficient to demonstrate compliance with the code for every procedure relating to the manufacturing of modular units for which the code contains a requirement;

(F) Third party inspection for compliance with required codes; and

(G) One (1) copy of detailed installation instructions for the assembly of the modular components for each modular unit shall be furnished with each modular unit to the dealer/selling agent, and one (1) set shall be submitted with each model plan for approval, such instruction shall reflect detailed instructions for the assembly of the unit(s), including the fastening of dormers if applicable,

roof installation details, floor fastening, end wall fastening, king post installation, and any other on-site assembly of manufacturer supplied components.

(2) Both dealer/selling agent and manufacturer shall register with the Public Service Commission's Manufactured Housing and Modular Units Program before any sales are made by either party. A nonrefundable fee as set forth in section 700.090, RSMo, shall accompany each request for an approval or re-approval of such registration. The registration must be renewed annually.

(3) Approval of a manufacturing program shall be evidenced by the director's stamp of approval on the quality control manual and detailed plans which comprise the program. Upon approval of a manufacturing program the director shall return to the manufacturer a copy of the plan approval form for the quality control manual and any plans approved which bear the director's stamp of approval. A copy of the original of such approved quality control manual and detailed plans shall be retained at each location where the manufacturing program which they comprise is implemented.

(4) Within ten (10) working days of the submission to the director of the required registration fee and the information necessary for the director to consider a request for approval of a manufacturing program, the director shall approve or refuse to approve the request. A notice of refusal shall specify the reason for refusal.

(5) The approval of a manufacturing program shall lapse when any changes, not approved in writing by the director, are made in any procedure, part or component for which the code includes a requirement. The director shall promptly provide written approval of such changes after the director has received a written description of the changes which is sufficient to demonstrate that the changes comply with the code.

(6) Approval of a manufacturing program shall expire when the code under which such program was approved is revised or replaced. Reapproval of a manufacturing program whose approval has expired shall be obtained in the same manner that approval of a manufacturing program is originally obtained.

(7) The director shall withdraw approval of a manufacturing program if the director finds—

(A) A manufacturer is failing to abide by this chapter or Chapter 700, RSMo 2000;

(B) Seals issued under an application for seals for modular units to be produced under an approved manufacturing program have been affixed to modular units which were not manufactured under an approved manufacturing program;

(C) Seals have been affixed to modular units after the approval for the manufacturing program for the units has lapsed or expired;

(D) A manufacturer fails to comply with annual registration requirements; and

(E) A manufacturer fails to renew plans of units produced under the manufacturing program.

(8) If the director withdraws approval of a manufacturing program, the director shall provide written notice of such action to the manufacturer. The notice shall be mailed within five (5) working days of the withdrawal and shall be sent by prepaid certified mail to the last known address of the manufacturer requesting return receipt signed by addressee only. The notice shall state the reason for the withdrawal.

(9) An entity which produces modular units under an approved manufacturing program shall mail or deliver to the director, by the tenth day of each month, a report which identifies each modular unit by make, style, serial number and dealer's name and location to which seals have been affixed since the previous report and the seal number of each unit.

(10) To receive approval of a manufacturing program the manufacturer must also submit one (1) copy of detailed plans and installation diagrams for each type of modular unit which will be produced under the manufacturing program. Such detailed plans shall at least include, for every part or component for which the code contains a requirement, a description which is sufficient to demonstrate compliance with the code.

(11) All subsequent modular unit plans and installation diagrams including foundation plans, if applicable, for each additional type of modular unit (or model) to be manufactured must also be submitted to the director for approval. Modular unit plan approvals shall be renewed annually on all models still in production. Each submittal shall comply with the following requirements:

(A) A nonrefundable fee of seventy-five dollars (\$75) shall accompany each request for approval of a modular unit plan;

(B) Each modular unit plan must be identifiable by model name or number or a combination of both;

(C) Approval of a new set of detailed plans is required for any change in the systems of an existing modular unit plan, such as electric, plumbing, gas, or change in the manner of construction to ensure the unit remains in compliance with the code. Request for approval shall be accompanied by the applicable fee. Examples of such changes include but are not limited to: adding or deleting a bathroom, utility room, living room or other structural changes in the roof or other exterior design of the unit.

(D) Approval of simple modular unit plan revisions that do not include changes in systems or the manner of construction that do not take the unit out of compliance with the code and do not include the examples in subsection (11)(C) require approval by the director, but do not require payment of a fee. Examples of such changes include but are not limited to: addition or deletion of an entry way closet, installation of fake dormers, movement of an approved stairwell, reversal of a previously approved floor plan, or movement of a nonload bearing interior wall.

4 CSR 240-123.065 Modular Unit Dealer/Selling Agent Setup Responsibilities

PURPOSE: This rule sets forth the extent to which modular unit dealers are responsible for proper initial setup of modular units.

(1) A dealer who sells a modular unit shall arrange for the proper initial setup of the modular unit unless the dealer obtains from the purchaser or the purchaser’s authorized agent a written waiver of that service as described in section 700.100.3(6), RSMo.

(2) As used in this rule, “proper initial setup” means installation and setup of the modular unit in accordance with the installation manual provided by the manufacturer of the modular unit and in complete compliance with the code and with all of the provisions regarding setup in sections 700.010 to 700.115, RSMo.

(3) If a dealer, unless the dealer obtains the waiver of initial setup referred to in section (1) above, fails to arrange for the proper initial setup of a modular unit, the commission may discipline the dealer’s registration by suspending it, revoking it, or placing it on probation, pursuant to the provisions of section 700.100, RSMo.

(4) The commission shall not so discipline the dealer’s registration unless the director of the commission’s manufactured housing and modular units program finds, incident to an inspection, setup deficiencies and initiates action to discipline the registration within five (5) years after the date of sale.

(5) For dealers selling residential one (1) and two (2) family modular units built pursuant to the International Residential Code (IRC) to consumers: effective the first day of the month following the effective date of this amendment, the director will have a period of one (1) year from the date the unit is installed to conduct the initial inspection of the home setup.

(A) After the one (1) year period has passed and within two (2) years of the delivery date of the home to the consumer, the director may conduct an initial inspection of the home for setup and code violations upon the receipt of a formal written complaint by the consumer.

(B) Dealers shall submit to the commission a property locator indicating the destination of the residential modular unit(s) within forty-eight (48) hours of the date the unit leaves the dealer’s location or the manufacturer’s location if the unit is shipped direct to the consumer. For multi-section residential modular units the forty-eight (48) hours begins when the first section leaves the dealer’s or manufacturer’s location. The dealer shall use the property locator form provided by the commission.

(C) The commission may assess a fifty dollar (\$50) per home inspection fee to dealers who fail to submit the property locator by the due date.

(6) The dealer shall legibly print the date of sale on the bill of sale that it provides to the purchaser pursuant to section 700.056, RSMo, and shall maintain a copy of the bill of sale in its files at the location where it sold the modular unit to the purchaser, if possible; otherwise at its principal office.

(7) Every dealer of a modular unit shall provide to the purchaser at the time of sale a purchase agreement/bill of sale containing at least the following:

(A) The purchaser name and address;

(B) Make of the unit;

(C) Serial number;

(D) Date of sale;

(1) Each entity registered as a modular unit dealer must file a monthly sales report with the commission within ten (10) days of the end of each month.
