(E) The completed MPTLP application must be received by the coordinating board on or before June 1 of the current processing year in order to be considered on time and to have priority consideration.

(5) MPTLP Award Limits and Criteria.

(A) For the Fiscal Years 1987, 1988 and 1989, the maximum loan amount for each applicant per academic year shall be one thousand dollars (\$1,000), not to exceed five hundred dollars (\$500) per school term.

(B) The fourth and each subsequent year in which loans are made under the MPTLP, the coordinating board shall determine the maximum amount for loans to eligible applicants in each academic year.

(C) The minimum award amount for each applicant per academic year shall be five hundred dollars (\$500), not to exceed two hundred fifty dollars (\$250) per school term.

(D) The loan amount recommended by the participating institution shall not exceed the cost of education (tuition, fees, room, board, books, supplies, transportation and other reasonable expenses) less any financial aid and other resources available to the applicant or the annual loan limits.

(E) Funds under the MPTLP shall be awarded to applicants who otherwise qualify under this rule in the following order until all the funds have been expended. Class levels shall be defined by the participating institutions.

1. Renewal applicants who are obtaining a teaching certificate in an area of critical need.

2. Nonrenewal applicants classified as seniors who are obtaining a teaching certificate in an area of critical need.

3. Nonrenewal applicants classified as juniors who are obtaining a teaching certificate in an area of critical need.

4. Renewal applicants who are obtaining a teaching certificate in an area of noncritical need.

5. Nonrenewal applicants classified as seniors who are obtaining a teaching certificate in an area of noncritical need.

6. Nonrenewal applicants classified as juniors who are obtaining a teaching certificate in an area of noncritical need.

(F) If the amount of MPTLP funds available to award for loans is insufficient to award the loan amount recommended by the participating institution, for each and all of those applicants who qualify for MPTLP funds from all the participating institutions, the qualified applicants with the highest cumulative grade point average shall have priority in receiving awards within the priority groups described in subsection (5)(E).

(G) An applicant shall have advanced to the next class level in order to be eligible for a subsequent loan under the MPTLP and the applicant shall receive only one (1) award under the MPTLP for each eligible class level of enrollment at the participating institution.

(H) The annual award amount will be disbursed equally according to the number of semesters at the participating institution and awarded for each semester of enrollment.

(I) An award(s) will not be made for the periods of enrollment during the summer term(s).

(J) An applicant or borrower may change his/her participating institution choice prior to registration and may transfer between participating institutions during the academic year. The deadline for these actions is August 1 for the fall semester and January 1 for the winter or spring semester. Failure to notify the coordinating board of these actions may result in loss of the award.

(K) Award notifications and promissory notes forms will be sent to applicants by the coordinating board once the awards have been determined. Notifications of awards also will be sent to the student financial aid office at the participating institution where the applicant plans to or has enrolled.

(L) The applicant's award will be sent to the participating institution to be endorsed by the applicant in accordance with the requirements of subsection (3)(B) of this rule.

(M) Should a borrower withdraw prior to the end of the participating institution's refund period for the period of the loan, then a refund shall be calculated and made to the

coordinating board by the participating institution within forty (40) days from the day on which the borrower withdraws. The amount of the refund will be calculated by the participating institution based on the refund formula of that institution. The coordinating board may refuse to award loans to applicants who attend participating institutions which fail to make timely refunds to the coordinating board.

(N) Interest shall be calculated on the total amount borrowed at the time repayment is required to begin. The interest rate shall be calculated at ten percent (10%) simple interest with daily accrual on the total unpaid principal balance.

(O) If after making all the awards to those applicants whom the coordinating board finds qualified under these rules, there remains money in the fund, the coordinating board shall not be required to award those unexpended funds.

(6) Grace Period.

(A) A borrower shall be allowed a one (1)-time six (6)-month grace period following graduation, withdrawal, transfer to a nonparticipating institution, or reduction to less than half-time status at the participating institution before repayment must begin.

(B) The grace period begins when a borrower graduates, transfers to a nonparticipating institution or reduces his/her academic load to less than half-time enrollment as determined by the participating institution.

(C) The grace period terminates on the first day of the seventh month after the borrower graduates, withdraws, transfers to a nonparticipating institution or ceases half-time enrollment. No extensions of the grace period shall be allowed.

(D) The grace period, for all borrowers who enter into a contract with a Missouri public elementary or secondary school in an area of critical need, shall be the length of time between graduation from an approved teacher education program and the effective date of the contract in the area of critical need or six (6) months, whichever is less. For borrowers not teaching in an area of critical need or not entering teaching, the grace period for the MPTLP shall be six (6) months following graduation from an approved teacher education program.

(E) Nonattendance or enrollment in any school or participating institution for less than half-time status during the summer months does not affect the grace period.

(F) The borrower can waive any or of his/her grace period and begin repayment early. The borrower must so inform MPTLP

in writing. Once the borrower has waived the grace period, it cannot be reinstated.

(7) Repayment.

(A) Repayment shall begin at the end of the allowed grace period.

(B) The coordinating board will mail the repayment schedule to the borrower during the grace period of the MPTLP.

(C) The first payment must be made by the borrower no later than the last day of the seventh month after the borrower graduates, withdraws, transfers to an ineligible nonparticipating institution or ceases half-time enrollment.

(D) The minimum payment amount shall be thirty dollars (\$30) each month until the loan is paid in full or cancelled. The loan payment amount will vary depending on the total amount borrowed, plus accrued interest. Under no circumstances shall the minimum annual repayment be less than three hundred sixty dollars (\$360).

(E) The borrower shall repay the total amount borrowed (principal and interest) within five (5) years of the first payment date. The periods of repayment, cancellation, or both, shall not extend beyond five (5) years from the first payment date.

(F) If the borrower makes payments during the grace period, the payment shall be deducted from the principal amount owed by the borrower.

(G) Payments made by the borrower after the allowed grace period has expired shall be applied first to the accrued interest with the balance of the payment, if any, being applied to principal.

(H) The borrower may repay the whole or any part of the total award with accrued interest at any time without penalty.

(8) Delinquency and Default.

(A) A borrower shall be delinquent when one (1) scheduled payment is missed.

(B) A borrower shall be in default when three (3) consecutive scheduled payments are missed; after that, payment of principal and interest is due in full immediately.

(C) A borrower shall be notified by certified mail by the coordinating board of his/her default status within ten (10) days of when the loan is considered in default. The borrower will have thirty (30) days from the date of the certified letter to make satisfactory payment arrangements.

(D) If satisfactory payment arrangements have not been made within thirty (30) days from the date the default notice is mailed, then the borrower's default status will be reported to a national credit bureau.

(E) Borrower's responsibility includes maintaining a current address with the coordinating board. A notice of default returned to the coordinating board as undeliverable will be considered as no response and the borrower's default status will be reported to a national credit bureau within thirty (30) days from the mailing date of the default notice.

(9) Cancellation.

(A) A borrower may cancel twenty percent (20%) of the remaining balance including principal and interest owed for each academic year the borrower is employed in a Missouri public elementary or secondary school in the state and is teaching in a teacher certification area or a geographic area of critical need.

(B) The teacher certification area of critical need for a borrower shall be determined at the time the borrower initially receives and accepts funds under the MPTLP.

(C) The geographic area of critical need for a borrower shall be determined at the time the borrower signs a contract to teach in a Missouri public elementary or secondary school.

(D) A borrower requesting cancellation must enter into a contract with an elementary or secondary school recognized as a public school by the state board and the school official shall verify on the MPTLP Employment Status Form the borrower's employment each academic year of teaching.

(E) A borrower requesting cancellation as an elementary teacher must have a major area of emphasis in the teacher certification area of critical need and the school official must verify the borrower is teaching in the major area on the MPTLP Employment Status Form for the borrower to qualify for cancellation requirements in accordance with subsection (9)(A) of this rule.

(F) No payment is due from a borrower as long as s/he is regularly employed by a public elementary or secondary school in Missouri and is teaching in an area of critical need.

(G) Repayment of the loan and interest shall begin immediately if the borrower ceases employment with a public elementary or secondary school in Missouri or discontinues teaching in the area of critical need before or at the end of the academic year in which the borrower has begun teaching.

(H) After five (5) years of employment and teaching by the borrower in an area of critical need, the total amount borrowed, principal and interest, or the remaining balance may be fully cancelled.

(10) Deferment of Repayment.

(A) A borrower may qualify for an in-school deferment and defer payments of principal and interest if the borrower returns to pursue a full-time course of study at the graduate level as defined by the educational institution.

1. A borrower enrolled as a full-time graduate student and requesting deferment of repayment must enroll in an educational institution regionally accredited.

2. A Request for Deferment of Repayment Form must be completed by the borrower and a school official and the educational institution must verify the student's enrollment status in order to qualify for the in-school deferment.

3. The beginning date for the requested deferment is the date the borrower begins attending as a full-time graduate student. The deferment can continue for any length of time, as long as the borrower remains enrolled at an educational institution on a basis that meets the previously stated eligibility requirements.

4. A Request for Deferment of Repayment Form must be completed for each academic year the borrower is enrolled as a full-time graduate student and requests a deferment of principal and interest.

(B) A borrower may request a temporary total disability deferment for up to three (3) years if the borrower, by reason of injury or illness, cannot be expected to be able to attend a participating institution or to be gainfully employed during a reasonable period of recovery from such injury or illness not to exceed twelve (12) months.

1. A Request for Deferment of Repayment Form must be completed by the borrower and submitted to the MPTLP along with a physician's statement certifying the nature of the disability and the expected duration of the temporary total disability.

2. The borrower's grace period must be used before the temporary total disability deferment can be granted. The beginning date of this deferment is the date on the Request for Deferment of Repayment Form indicating when the disability began or the day after the end of the grace period, whichever is later.

(C) No other deferments shall be granted under the MPTLP.

(11) Forbearance.

(A) The Missouri Prospective Teacher Loan Program will consider the use of forbearance in cases where, because of temporary hardship, the borrower is willing but unable to pay in accordance with the repayment schedule. Forbearance shall not be used when a borrower is unwilling to make repay-

ments. Forbearance is often granted in situations where the borrower is, for a period of time, unable but willing to meet his/her obligation, for example, hospitalization, prolonged illness or disability.

(B) Forbearance for a borrower may consist of a reduction in the amount of scheduled payments for a specific period of time or the suspension of payments for a specific period.

(C) The MPTLP shall determine the status of forbearance and if interest payments may be postponed during forbearance for each borrower.

(12) Death, Disability and Bankruptcy.

(A) In the event a borrower becomes totally and permanently disabled, the requirements of the borrower to make any further payment of principal and interest will be cancelled immediately upon approval of the disability. Disability exists when the borrower, by reason of injury or illness, cannot be gainfully employed for a period of not less than twelve (12) months from the injury or illness. S/he must have a severe impairment which makes him/her unable to do his/her previous work or any other substantial gainful activity which exists in the national economy. The appropriate documents necessary for filing a disability claim may be obtained from the MPTLP upon request.

(B) In the event, either voluntary or involuntary, a borrower becomes subject to a proceeding under the bankruptcy laws of the United States of America, s/he immediately shall report this proceeding to the coordinating board and provide a copy of the petition.

(13) Due Diligence. The coordinating board will monitor all student loans in deferment, cancellation, repayment or default status. The coordinating board may pursue all available legal remedies to ensure full repayment of loans.

scores from national, special, or census test dates must be provided by ACT or the College Board, or by an official at the high school from which the initial recipient graduated or a financial aid officer at the approved institution in which the initial recipient is enrolled or plans to enroll based on documentation from ACT or the College Board. (H) Awards will not be made for periods of enrollment during summer terms.

Notification of initial and renewal awards also will be sent to the student financial aid office at the approved institution where the applicant plans to enroll or has enrolled.

(2) Statement of Claim.

(A) After the department has paid a loss on a defaulted loan, it shall enter a statement of claim in which it determines and sets forth the existence, nature and amount of the money due it by the defaulting borrower and

a proposed payment schedule. The department shall inform the borrower that the department intends to initiate proceedings to collect the debt through deductions from earnings. The department also shall provide a copy of section 173.115, RSMo or an explanation of the borrower's rights under that section, and a form by which the borrower may request a hearing on the statement of claim.

(B) The statement of claim shall set forth at least the following for each loan on which a borrower has defaulted:

1. The name, last known address and Social Security number of the borrower;

2. The name and address of the eligible lender by which the loan was made;

3. The date on which the promissory note was signed by the borrower;

4. The amount of each disbursement made;

5. A statement that the loan was guaranteed by the department pursuant to sections 173.100–173.186, RSMo;

6. A statement of facts on which is based the department's determination that the loan is in default;

A. The outstanding balance on the principal amount of the loan;

B. Any capitalized interest;

C. The interest paid to the lender/noteholder by the department not subsequently paid by the borrower;

D. Unpaid interest which has accrued since the claim was paid to the lender/noteholder;

E. Any collection charges;

F. Any other fees or charges owed by the borrower; and

G. A statement indicating that the interest on the amount represented by the principal of the loan and on any capitalized interest will continue to accrue at a particular rate and in a particular manner until the money owed to the department is paid;

9. A statement that the department will issue an order pursuant to this section to require the borrower's employer to withhold from his/her pay the amounts required to satisfy the borrower's debt to the department unless, within fifteen (15) days from the borrower's receipt of the notice or thirty (30) days from the sending of the notice if the borrower does not accept service or cannot be found at his/her last known address, the bor-

rower files a written request with the department for a hearing on a form prescribed by the board;

10. A proposed agreement to establish a schedule for the repayment of the debt and a statement that the borrower has the opportunity to enter into a written agreement with the department under terms agreeable to the department to establish a schedule for the repayment of the debt;

11. The date of the statement of claim; and

12. The signature of the commissioner of higher education or of an employee of the department designated by the commissioner.

(3) Inspection of Records. The department shall provide the borrower with an opportunity to inspect and copy records related to the defaulted loans.

(4) Appeal Process.

(A) Upon the borrower's filing of a request for a hearing in compliance with the rules of the board, the department shall provide the borrower with the opportunity to have a hearing before an impartial hearing officer appointed by the department but who is not under the control or supervision of the board or department. The procedures for the hearing shall be the same as those for contested cases under Chapter 536, RSMo. Upon the consent of the parties, the hearing may be conducted by telephone. Upon the proper and timely filing of the request for hearing, the department shall stay the commencement of collection proceedings for the debt described in the statement of claim until the department issues an order provided for in section 173.115.6., 7. or 8., RSMo.

(B) A request for a hearing must be submitted in writing on a form prescribed by the board and must be received by the board within fifteen (15) days of the borrower's receipt of the statement of claim or thirty (30) days from the sending of the notice if the borrower does not accept service or cannot be found at his/her last known address. The written request for a hearing must state any defense or reason why the debt is not past due or legally enforceable, why any amount set forth in the statement of claim is incorrect or why the terms of the repayment schedule set forth in the statement of claim should be changed. The request must include a statement of facts to support the borrower's assertions.

(C) At the earliest practicable date but not later than sixty (60) days after the filing of the request for the hearing, the hearing officer shall file with the department his/her written decision which states specifically his/her

findings in regard to those matters set forth in the department's statement of claim. The hearing officer also shall determine and include in his/her decision the terms of the repayment schedule which shall be the same as that set forth by the department in its statement of claim unless s/he finds no good cause to enter that schedule. Upon receipt of the hearing officer's decision, the department shall issue an order to pay debt which adopts the findings in the decision as to the existence, nature and amount of the debt and as to the repayment schedule.

(D) When a borrower who makes timely request for a hearing fails to appear at the time and place set for the hearing and upon a showing that the department complied with section 173.115.8., RSMo concerning the service of the notice on the borrower, the hearing officer, at the earliest practicable date but not later than sixty (60) days after the filing of the request for the hearing, shall enter his/her findings and decision in accordance with the provisions of the department's statement of claim and proposed repayment schedule unless s/he determines that no good cause exists. Upon receipt of the hearing officer's decision, the department shall issue an order to pay debt which contains as its provisions the content of the statement of claim, including the proposed repayment schedule.

(E) When a borrower properly requests a hearing under the board's rules and when the hearing officer does not issue a decision within sixty (60) days of the department's having received the request for the hearing, the department shall issue an order withdrawing the statement of claim and serve it upon the borrower with a copy of section 173.115, RSMo. After that order is entered, the department shall not use the provisions of that section in regard to the loans set forth in the statement of claim, but may use any other remedy provided by law to recover the moneys owed the department.

(F) When the delay of the hearing officer's decision beyond the sixty (60)-day period is brought about by the acts or omissions of the borrower and without the consent of the department, the hearing officer, at any time within thirty (30) days after the expiration of that period, may enter a decision setting forth how the borrower brought about the delay and setting forth his/her findings and decision in accordance with the provisions of the department's statement of claim and proposed repayment schedule unless s/he determines that no good cause exists. The department may proceed as in subsection (5)(A) of this rule upon receipt of the hearing officer's decision.

(5) Order to Pay Debt.

(A) When a borrower does not make a proper timely request for a hearing, the department may issue and serve on the borrower an order to pay debt which contains as its provisions the content of the statement of claim, including the proposed repayment schedule.

(B) Any order to pay debt and any amended order shall be served on the borrower along with a copy of the hearing officer's decision, if one was issued, and along with a statement informing the borrower of his/her right to seek judicial review. This latter statement may consist of a copy of section 173.100, RSMo, a copy of section 173.115, RSMo and a copy of sections 536.100–536.140, RSMo.

(6) Order to Withhold Earnings.

(A) Upon issuing an order to pay debt, but not less than thirty (30) days after the statement of claim was served on the borrower, the department may issue an order to withhold earnings which directs any employer of the borrower to withhold and pay over to the department money due or to become due the borrower.

(B) The order to withhold earnings shall state—

1. The name of the borrower;
2. The borrower's Social Security number;
3. The amount of the debt as determined by the order to pay debt issued by the department; and
4. Instructions regarding transmitting the payments to the department.

(C) A copy of section 173.115, RSMo shall be appended to the order.

(D) The order to withhold earnings shall be served on the employer and shall be binding on the employer two (2) weeks after the employer's receipt of the order for earnings or other income payable to the borrower on or after the receipt date.

(7) Withholding Policy.

(A) The employer shall withhold from the earnings the amount specified in the order, except that the total amount withheld shall not exceed ten percent (10%) of the borrower's earnings after deduction from those earnings of any amount required by law to be withheld. When the borrower voluntarily makes a written request that money due or to become due him/her be withheld or applied to the debt or that more than the ten percent (10%) maximum be withheld from his/her earnings, the employer shall comply with that request as if so ordered by the department.

(B) The employer shall transmit the payments as directed in the order within ten (10) calendar days of the date the earnings or other income are payable to the borrower. With each payment, the employer shall submit a statement on a form prepared by the department setting forth information about the amount of earnings and deductions used to compute the amount withheld.

(C) The order to withhold wages is a continuing order and remains in effect and is binding on the employer until further notice from the department. The department shall notify an employer upon whom the order has been directed whenever the debt has been paid-in-full, as determined by the order to pay debt, and whenever, for any other reason, the amount required to be withheld and paid over to the department under the order as to future pay periods is to be reduced or redirected.

(D) An employer who fails or refuses to withhold or pay the amounts as ordered under this section shall be liable to the department in an amount equal to the amount which became due the department during the relevant period and which, under the order, should have been withheld and paid over.

(E) An employer shall not discharge, refuse to hire or otherwise discipline an employee as a result of an order to withhold and pay over certain money authorized by this section.

(F) When a borrower for whom an order to withhold earnings has been issued terminates his/her employment, the employer, within ten (10) days of the termination, shall notify the department of the termination, shall provide to the department the last known address of the borrower, if known to the employer, and shall provide to the department the name and address of the borrower's new employer, if known. When the department determines the identity of the borrower's new employer, the department may issue an order to withhold to the new employer and serve it upon him/her.

(8) Service Policy.

(A) Service on the borrower or on the employer will be made pursuant to section 173.115.14., RSMo.

(B) In computing any period of time prescribed or allowed by these rules, by order issued under them, or by any applicable statute, the day of the act, event or default after which the designated period of time begins to run is not to be included. The last day of the period so computed is to be included, unless it is a Saturday, Sunday or legal holiday, in which event the period runs until the end of the next day which is neither a Saturday, Sunday nor legal holiday.

6 CSR 10-2.140 Institutional Eligibility for Student Participation

PURPOSE: This rule sets forth policies and procedures of the Coordinating Board for Higher Education regarding the certification of public and private institutions of higher education so their full-time students may qualify for participation in any state student assistance programs.

(1) Definitions.

(A) Approved institution means any institution located in the state of Missouri that meets the requirements set forth in section 173.1102(2) or (3), RSMo; that has been approved under 6 CSR 10-2.140; and that has been approved to participate in the federal student financial assistance programs created in Title IV of the Higher Education Act of 1965, as amended.

(B) Approved private institution means an educational institution as defined in section 173.1102(2), RSMo.

(C) Approved public institution means an educational institution as defined in section 173.1102(3), RSMo.

(D) CBHE means the Coordinating Board for Higher Education created by section 173.005, RSMo.

(E) Department means the Department of Higher Education created by section 173.005, RSMo.

(F) Expenses shall mean any charges the student owes to the institution that can be paid with state student assistance program funds as defined by each state student assistance program.

(G) Standard admission policies shall mean policies approved and published by the approved institution to admit students to the institution.

(H) State student assistance program shall be any financial aid program created by Missouri statute that charges the CBHE with program administration and that establishes institutional eligibility through criteria consistent with section 173.1102, RSMo, as determined by the CBHE.

(2) Policy. In establishing this rule of institutional eligibility, the CBHE is guided principally by the *Constitution of Missouri*; the provisions of section 173.1102, RSMo; and the decisions of the Missouri Supreme Court construing the laws of the state.

(3) Institutional Eligibility.

(A) Only institutions certified by the CBHE as approved public or private institutions may participate in any state student assistance program.

(B) Public and private institutions are eligible to participate in state student assistance programs only if they permit faculty members to select textbooks without influence or pressure from any source in order to be approved institutions. This requirement is in addition to requirements set forth in sections 173.1102(2) and (3), RSMo, and elsewhere in this rule. Selection of textbooks within individual departments or schools by faculty curriculum committees shall not be considered inconsistent with this requirement.

(C) To be an approved private institution, an institution must be a nonprofit educational institution operating privately under the control of an independent board and not directly controlled or administered by any public agency or political subdivision. This requirement is in addition to requirements set forth in section 173.1102(2), RSMo, and elsewhere in this rule. For the purposes of this

rule, an independent board is one that meets the following minimum criteria:

1. The governing instrument of the institution gives the governing board final decision making authority for the institution;

2. The governing board is composed of a number of members as fixed or provided for in the governing instrument of the institution, who serve for terms of definite duration;

3. Each member of the governing board is free to exercise judgment independently in the interest of the institution without being controlled by any person or authority; and

4. The members of the governing board may not be removed by any authority during their respective terms, except for cause. For purposes of this criterion, “cause” shall not include any reason based upon religious affiliation, including failure to follow the directives of any purported superior authority, religious or otherwise.

(D) No institution offering a course of study leading only to a degree in theology or divinity shall be eligible for certification as an approved institution under this rule.

(4) The CBHE shall assign institutions to appropriate institutional groups based on length of program, institutional structure, and other criteria it considers applicable to such assignment.

(5) Institutional Responsibilities.

(A) Approved institutions shall:

1. Admit students based on the institution’s standard admission policies;

2. Submit a copy of the institution’s policy on satisfactory academic progress for the records of the CBHE;

3. Establish fair and equitable refund policies covering tuition, fees, and, where applicable, room and board charges. The refund policy shall be the same policy used by the institution for refunding all federal Title IV financial aid included in the Higher Education Act of 1965;

4. Systematically organize all student records (student financial aid, registrar, business office) pertaining to students who receive state student assistance program awards to be made readily available for review upon request by the CBHE. The retention period for these records shall be the same period used by the institution to comply with federal Title IV program requirements included in the Higher Education Act of 1965; and

5. Verify each state student assistance program award recipient’s eligibility by transmitting the student’s payment request to the department by the deadline published by the department. The verification must occur not

more than ten (10) business days before the institution transmits the student's payment request to the department. Funds must be delivered not more than ten (10) business days after this verification or eligibility must be reconfirmed by the institution before delivery.

(B) Before the approved institution delivers the state student assistance program funds to an applicant, the approved institution must require the applicant to provide affirmative proof that the applicant is a United States (U.S.) citizen, permanent resident of the U.S., or lawfully present in the U.S., in accordance with the rules of the state student assistance program. Students who are U.S. citizens or permanent residents of the U.S. need only provide this proof before the first time they receive an award and shall not be required to provide it before they receive subsequent awards. Students who are not U.S. citizens or permanent residents of the U.S. must present affirmative proof annually.

(C) When the approved institution receives the state student assistance program funds for the awards made by the CBHE, the approved institution must:

1. Deliver the state student assistance program funds to the award recipient in the amount determined by the CBHE using the institution's standard award delivery procedures. The applicant's award will be sent to the approved institution to be delivered to the student's account. The institution shall retain the portion of the state student assistance award that the applicant owes to that institution for expenses, and promptly give the applicant any remaining funds;

2. Return the applicant's award to the CBHE within thirty (30) days of learning the applicant is no longer eligible to receive an award, if this is determined prior to the delivery of funds to the applicant;

3. Be responsible for the repayment of any funds sent to it by the CBHE within thirty (30) days of learning any of the following:

- A. The institution delivered funds to an ineligible applicant if the award was based on erroneous, improper, or misleading information provided by the institution to the CBHE; or

- B. The institution delivered the funds to a person other than the one to whom the CBHE has directed the funds be delivered; or

- C. The award amount for an eligible student exceeded the maximum amount for which the student was eligible; and

4. Determine and calculate the amount of refunds to the CBHE based on the institution's refund formula for applicants who withdraw. The funds must be returned to the CBHE within thirty (30) days of the determination a withdrawal has occurred.

(D) The CBHE may refuse to make state student assistance awards to applicants who attend institutions that fail to make timely refunds to the CBHE as provided above.

(6) Procedures.

(A) All institutions currently holding an approved institution status shall retain said status for a period of three (3) years from the effective date of this rule, unless that status is terminated in accordance with 6 CSR 10-2.140(3) or 6 CSR 10-2.140(6)(C).

(B) Any institution not designated an approved institution on the effective date of this rule shall make application to the CBHE to be certified as an approved institution and shall sign participation agreements for all state student assistance programs in which the institution will participate in order for students attending the institution to be eligible to receive state student assistance awards. Applications for approved institution status shall be made on forms provided therefore by the CBHE. Upon certification of an institution as an approved institution by the CBHE, the status of an approved institution shall continue for a period of no more than three (3) years from the date of certification unless earlier terminated for changes in operation specified in 6 CSR 10-2.140(3) or 6 CSR 10-2.140(6)(C).

(C) During a period in which an institution is certified as an approved institution, if a substantial change occurs in the institution's governing structure; in the institution's hiring policies pertaining to administration, faculty, and staff; in the institution's admissions policies; in the institution's textbook selection procedures; in the level of programs or degrees offered by the institution; in the institution's qualification for accreditation by the Higher Learning Commission or other United States Department of Education-recognized accrediting agency; in the institution's record of compliance with lawfully promulgated CBHE policies and procedures; or in any other matter affecting the criteria set forth in sections 173.1102(2) or (3), RSMo, the CBHE may consider whether to terminate the institution's approved status because of such change. Institutions shall notify the CBHE in writing within thirty (30) days after any such change occurs. Before the CBHE makes a decision regarding the status of an approved institution, the CBHE may, at its own discretion, hold one (1) or more public hearing(s) under the procedures set forth in subsection (6)(G) of this rule.

(D) If any institution's approved institution status is terminated before the expiration of the three- (3-) year term, the institution may thereafter apply to the CBHE for recertifica-

tion on forms provided by the CBHE.

(H) If funds are not available to make awards to all applicants who would otherwise meet the requirements to be initial recipients, the department will make awards first according to priority based on the students with the lowest EFCs and then on the earliest complete and accurate applications received by the department.

(I) Award notifications will be sent to the eligible applicants by the department once the applications have been approved. Notification of award eligibility will also be sent to the student financial aid office at the approved institution where the student plans to enroll or has enrolled.

(J) An applicant who has been denied a Kids' Chance award for lack of satisfactory academic progress or failure to maintain the grade point average requirement in paragraphs (5)(C)1.-2. of this rule may not receive another Kids' Chance award until the enrollment period after the applicable standard has once again been met.

(K) Kids' Chance awards will be made for use during the academic year, but no funds for Kids' Chance awards will be granted for

use for summer school.

(L) No Kids' Chance award will be made retroactive to a previous academic year. A Kids' Chance award will be made retroactive to a previous semester only upon the sole discretion of the department.

(M) Kids' Chance awards will be issued only after certification of at least half-time attendance of the student by the institution. For students enrolled as part of a consortium agreement, the student must be considered to be enrolled at least half-time at the home institution to be certified.

(N) The applicant's award will be sent to the approved institution to be delivered to the student's account. The institution shall retain the portion of the award that the student owes for expenses and promptly give the applicant any remaining funds.

(O) An applicant's failure to provide an accurate and complete application or any additional information by any deadline may result in loss of the Kids' Chance award.

(P) The CBHE may withhold payment of any Kids' Chance award after initiating an inquiry into the initial or continued eligibility of a student or into the approved status of an institution.

(Q) A student may transfer the Kids' Chance award from one (1) approved institution in Missouri to another without losing eligibility for assistance, but the CBHE shall make any necessary adjustments in the amount of the award.

(6) Information Sharing Policy. All information on an individual's Kids' Chance application will be shared with the financial aid office of the institution to which the individual has applied or that the individual is attending to permit verification of data submitted. C. The student is enrolled as a full-time student in an eligible program, except as provided in subsection (1)(J) of this rule; and

The student must achieve a minimum CGPA of two and one-half (2.5) on a four-point (4.0) scale, or the equivalent on another scale. The calculation of CGPA shall be based on the participating institution's policies as applied to other students in similar circumstances;

3. For students that receive a positive net disbursement in a given term, maintain eligibility by meeting the following course completion standards. A course is considered complete if the student earns a standard grade for the course, including a failing grade but excluding a grade at withdrawal prior to completion:

A. Complete a minimum of twelve (12) semester credit hours in the fall or spring semester, six (6) credit hours in the summer term, or the equivalent, for students enrolled full-time in a credit hour program. 2. The student failed to meet the grade point average requirement as a result of a documented medical reason.

(4) Award Policy.

(A) A+ tuition reimbursement for institutions with credit-hour programs shall occur each semester within one (1) award year.

(B) A+ tuition reimbursement for institutions with clock-hour programs shall be made in installments determined by the department annually.

(C) Student eligibility for the A+ Scholarship expires at the earliest of the following, except a student who is eligible at the beginning of a term may receive A+ tuition reimbursement for the full term in which the expiration criterion is met:

1. Forty-eight (48) months after high school graduation as documented on the high school transcript;
2. Receipt of an associate's degree; or
3. Completion of one hundred five percent (105%) of the hours required for the eligible program in which the student is currently enrolled.

A. For a student seeking a first certificate or degree, calculation of the one hundred five percent (105%) shall include:

(I) All known hours completed at any participating A+ institution, including those earned as part of coursework designated as remedial or developmental or included in an ineligible program; and

(II) All hours accepted in transfer by an A+ participating institution from an institution that is ineligible for A+ participation.

B. For a student seeking a first certificate or degree, calculation of the one hundred five percent (105%) shall not include:

(I) Postsecondary hours earned for work performed before high school graduation. Such hours shall include, but not be limited to, those earned through dual credit, dual enrollment, technical education articulation, Advanced Placement, or international baccalaureate programs; and

(II) Hours earned at a postsecondary institution that is ineligible for A+ participation that are not accepted in transfer by an A+ participating institution.

C. For a student who has received a

postsecondary certificate and enrolls in an eligible program leading to a related, higher-level certificate or degree, calculation of the one hundred five percent (105%) shall include:

(I) All hours that are applied toward the related, higher-level program; and

(II) All known hours completed after receipt of the most recent certificate at any participating A+ institution, including those earned as part of coursework designated as remedial or developmental or included in an ineligible program; and

(III) All hours completed after receipt of the most recent credential that are accepted in transfer from an institution that is ineligible for A+ participation.

D. For a student who has received a postsecondary certificate and enrolls in a program leading to a related, higher-level certificate or degree, calculation of the one hundred five percent (105%) shall not include:

(I) Postsecondary hours earned for work performed before high school graduation. Such hours shall include, but not be limited to, those earned through dual credit, dual enrollment, technical education articulation, Advanced Placement, or international baccalaureate programs; and

(II) All hours that are not applied toward the related, higher-level program; and

(III) All hours completed at an institution that is ineligible for A+ participation after receipt of the most recent certificate that are not accepted in transfer by an A+ participating institution.

(D) If an initial recipient is unable to enroll or a renewal recipient ceases attendance for the purpose of providing active duty service in any branch of the armed forces of the United States, the eligibility of the student under paragraph (4)(C)1. of this rule that remains will be deferred for the period of the service as documented on the student's DD214 form. The student must return to full-time status, or qualify for an exception to the full-time status requirement, within twelve (12) months of the end of military service and provide verification to the department that the military service was satisfactorily completed to retain eligibility. Calculation of the twelve (12) months will begin on the first of the month following the student's discharge from service. The recipient's eligibility under paragraph (4)(C)1. of this rule that remains will be calculated from the first day of the month following the student's return to full-time status or other qualifying enrollment.

(E) For a student concurrently seeking more than one (1) certificate or degree in more than one (1) eligible program, reimbursement will be made to, and the calculation of the one hundred five percent (105%)

eligibility limit will be made by, the institution providing the highest outcome, unless the student provides written notification specifying otherwise to all institutions in which the student is enrolled.

(F) Reimbursement will be as specified for the following categories of coursework required for an eligible program:

1. Completed coursework for which a grade is assigned under the institution's standard grading policy, including remedial coursework and coursework assigned a grade of Incomplete, and that is required by the institution for the completion of a certificate or degree will be reimbursed;

2. Coursework from which the student officially or unofficially withdrew will be reimbursed, provided the withdrawal results in failure to meet the requirements defined in paragraph (3)(A)14. or (3)(B)3. of this rule;

3. Coursework for which a standard grade was not assigned, including, but not limited to, the following is not eligible for reimbursement:

A. Coursework from which the student officially or unofficially withdrew, provided the student continues to meet the requirements defined in paragraph (3)(A)14. or (3)(B)3. of this rule; or

B. Coursework from which the student was terminated;

4. Institutions can use any of the following options to adjust a student's award amount to exclude coursework that is not eligible for reimbursement:

A. Deduct the amount reimbursed for such coursework from subsequent reimbursement requests;

B. Omit such coursework from the current reimbursement request; or

C. Return the amount reimbursed for such coursework in accordance with subsection 6 CSR 10-2.140(5)(C);

5. Repeat coursework will not be reimbursed; and

6. Coursework in an eligible program that is part of a higher level certificate or a degree that is taken after receipt of a certificate will be reimbursed provided that the certificate or degree is in a field related to the original certificate received.

(G) For a student that fully establishes eligibility by meeting the criteria established for that student's graduating high school class in accordance with subparagraph (3)(A)8.B. of this rule, reimbursement may be made for the term in which the student meets the criteria provided the student has established such eligibility prior to the institution's submission of the reimbursement request to the department.

(H) The amount of the A+ tuition reimbursement must be calculated based on the remaining costs of actual tuition and fees after any federal sources of funding have been applied and any deductions have been made for reimbursement of coursework for which a standard grade was not assigned, including coursework from which the student officially or unofficially withdrew or was terminated.

(I) The amount of an A+ tuition reimbursement must be reduced by the amount of any federal sources of funding received by, or on behalf of, an initial or renewal recipient and, when applicable, any adjustments required in paragraph (4)(F)3. of this rule.

(J) The amount of the A+ tuition reimbursement is subject to legislative appropriation.

(K) If the appropriated funds exceed the amount necessary to fund tuition and fees, up to fifty percent (50%) of book costs may be reimbursed.

(L) If insufficient funds are available to pay all eligible students the full amount of tuition and fees calculated in subsection (4)(H) of this rule, the department may take any of the following measures to address the shortfall in order to ensure the A+ tuition reimbursement does not exceed the appropriation:

1. Reduce the number of hours eligible for reimbursement; or

2. If projections indicate that the measure cited above is inadequate to address the funding shortfall, the department shall, as soon as may practicably be accomplished, make available for public comment a plan containing at least two (2) options to ensure that total A+ tuition reimbursements do not exceed the appropriation. Such plan shall be distributed to all participating institutions and the department shall accept public comments on the plan for no less than thirty (30) days before publication in a CBHE board book. No plan for accommodating the additional shortfall shall be approved before it has been on the agenda of a regularly scheduled CBHE meeting and an opportunity for public comment at the CBHE meeting has been provided.

(M) The hourly tuition rate used to calculate the A+ tuition reimbursement shall not exceed the published standard per credit hour tuition rate charged by State Technical College of Missouri.

1. Institutions with high need programs that have tuition charges above this limit may apply to the department for a waiver of this requirement on a program-by-program basis.

2. The federal credit hour to clock hour conversion calculation will be applied to institutions with clock hour programs.

(N) Financial aid must be applied to tuition

and general fees in the following order:

1. First, all available federal sources of funding; and

2. Second, A+ tuition reimbursement.

(O) Award amounts may be increased or decreased at the department's discretion based on availability of funds for distribution during the award year.

(P) A student who has been denied A+ tuition reimbursement for lack of satisfactory academic progress may not receive another A+ tuition reimbursement until the enrollment period after the applicable standard has once again been met.

(Q) A student who has been denied A+ tuition reimbursement for failing to meet the requirements defined in paragraph (3)(A)14. or (3)(B)3. of this rule may not receive another A+ tuition reimbursement until the enrollment period after the student successfully completes the remaining number of credit or clock hours required for the term in which the student lost eligibility.

(R) No A+ tuition reimbursement will be made retroactive to a previous award year. An A+ tuition reimbursement will be made retroactive to a previous semester or payment period only upon the sole discretion of the department.

(S) A+ tuition reimbursement will be made only after institutional certification of the student's eligibility and the amount of the A+ tuition reimbursement.

(T) The applicant's award will be sent to the approved institution to be delivered to the student's account. The institution shall retain the portion of the award that the student owes for expenses and promptly give the applicant any remaining funds.

(U) An eligible student's failure to provide required information by the established deadlines may result in loss of the A+ Scholarship for the period covered by the deadline.

(V) The CBHE has the discretion to withhold payments of any A+ tuition reimbursements after initiating an inquiry into the eligibility or continued eligibility of a student or into the participation status of an institution.

(W) An eligible student may transfer the A+ Scholarship from one (1) participating institution to another without losing eligibility for assistance, but the department shall make any necessary adjustments in the amount of the award.

(5) Information Sharing Policy. All information on an individual's A+ Scholarship application will be shared with the financial aid office of the institution to which the individual has applied, or is attending, to permit verification of data submitted. Information may be shared with federal financial aid

offices, if necessary, to verify data furnished by state or federal governments as provided for in the Privacy Act of 1974, 5 U.S.C. sections 552, 552a.

Provided, however, that an otherwise eligible student having a disability as defined by Title II of the Americans with Disabilities Act (42 U.S.C. 12101–12213) who, because of the student's disability, is unable to satisfy the statutory minimum requirements of full-time status under Title IV student aid programs shall be considered by the approved institution to be a full-time student and shall be considered to be making satisfactory academic progress, as defined in subsection (1)(P) of this rule, while carrying a minimum of six (6) credit hours or their equivalent at the approved institution.

(S) Total and permanent disability shall mean disability resulting from an injury or illness that renders a recipient unable to be engaged in gainful employment or attend an educational institution for a period of at least twelve (12) months from the date of such injury or illness and that is expected to continue for a long or indefinite period of time or to result in death.

(2) Responsibilities of Institutions of Postsecondary Education.

(A) Only institutions who have entered into a participation agreement with the department may receive disbursements under the Minority Teaching Scholarship program.

(B) Participating institutions shall meet the following requirements:

1. Meet the requirements set forth in subsection 161.415.3, RSMo, and 6 CSR 10-2.140 Institutional Eligibility for Student Participation;

2. Provide non-state matching funds of one thousand dollars (\$1,000) per scholarship recipient to match one (1) dollar for every two (2) state dollars on terms no more restrictive than those established by the department with regard to the state award and notify the department of the maximum number of awards the institution will match;

3. Report annually to the department the number of scholarship recipients that will be matched. The department shall annually prescribe the time and method for filing this report;

4. Obtain the recipient's notarized signature on the promissory note and return the promissory note to the department prior to disbursement of any state scholarship funds; and

(C) Institutions should report to the department the name of any enrolled recipient who ceases study leading to teacher certification within thirty (30) days of making this determination.

(3) Basic Eligibility Policy.

(A) Meet the requirements in section 173.1110, RSMo.

(C) Initial recipients must have a high school rank at or above the seventy-fifth percentile at the time of graduation or as calculated at the end of the student's sixth semester.

(4) Application and Evaluation Policy.

(A) The department shall annually prescribe the time and method for filing applications for financial assistance under the Minority Teaching Scholarship program. It shall make announcement of its action in these respects.

(B) Students shall apply annually for financial assistance under the Minority Teaching Scholarship program by completing and submitting the application prescribed by the department and by completing and submitting the federal need-based aid application form prescribed by the United States Department of Education.

(C) At the time of application, applicants must—

1. Indicate their first, second, and third school choices;

2. Commit to complete a teacher education program designed to qualify the applicant for a Missouri teaching certificate within five (5) years from the date of first receiving funds under the Minority Teaching Scholarship program; and

3. Teach on a full-time basis for a period of five (5) years in a Missouri public elementary or secondary school after receiving a teaching certificate if the applicant is an undergraduate student. Graduate students must commit to teach math or science on a full-time basis for a period of five (5) years in a Missouri public elementary or secondary school after receiving a teaching certificate.

(D) The department will evaluate each student's application for a minority teaching award and rank selected recipients based on

the following criteria:

1. Participation in school or community activities;
2. Demonstrated leadership abilities;
3. Demonstrated academic success, including high school grade point average, high school class rank, and standardized test score; and

4. Financial need, as established by the student's EFC as calculated by the Free Application for Federal Student Aid, if appropriations are not sufficient to fund all selected recipients, except the department may consider appeals to establish financial need using the EFC as calculated by the predictor tool for federal Title IV student financial aid eligibility approved by the USDE, commonly known as the FAFSA4caster, in exceptional circumstances.

(E) Selected recipients will be matched in rank order with their first institutional choice until all openings at an institution are filled. If all openings are filled at the selected recipient's first institutional choice, the selected recipient will be matched at the second or third choice, respectively.

(F) Applicants will be notified of their eligibility status once recipients have been selected and awards have been determined. Notification of eligibility will also be sent to the student financial aid office at the approved institution where the student plans to enroll or has enrolled.

(5) Award Policy.

(A) Minority teaching awards shall be allotted for one (1) academic year.

(B) A renewal recipient may continue to receive a minority teaching award for a maximum of three (3) additional years, for a total of four (4) years, so long as the applicant meets the following criteria. Awards received as an undergraduate student are included in the four- (4-) year total for graduate students.

2. Otherwise meets the criteria of the Minority Teaching Scholarship program.

(C) Initial and renewal recipients who meet the eligibility requirements set forth in section 161.415, RSMo, and this rule shall be eligible for a minority teaching award of three thousand dollars (\$3,000) per academic year, comprised of a two thousand dollar (\$2,000)-state award that will convert to a loan if the recipient fails to meet the program's obligations, and a one thousand dollar (\$1,000)-institutional award.

(D) A recipient who has been denied a minority teaching award for lack of satisfactory academic progress may not receive another minority teaching award until the

enrollment period after the applicable standard has once again been met.

(E) Minority teaching awards will be made for use during the normal academic year, but no funds for minority teaching awards will be granted for use for summer school.

(F) No minority teaching awards will be made retroactive to a previous academic year. A minority teaching award will be made retroactive to a previous semester only upon the sole discretion of the department.

(G) Minority teaching awards will only be made after certification of full-time attendance of the student by the institution and receipt of the signed and notarized promissory note by the department. For a student eligible as part of a consortium agreement, the student must be considered to be enrolled full-time for purposes of federal student aid.

(H) Only one-half (1/2) of the annual minority teaching award will be issued in a semester of that award year.

(I) The applicant's award will be sent to the approved institution to be delivered to the student's account. The institution shall retain the portion of the award that the student owes for expenses and promptly give the applicant any remaining funds.

(J) An applicant's failure to provide required information by the established deadlines may result in loss of the minority teaching award.

(K) The CBHE has the discretion to withhold payments of any minority teaching awards after initiating an inquiry into the eligibility of a recipient or into the approved status of an institution.

(L) A student may transfer from one (1) approved institution to another without losing eligibility for assistance under the Minority Teaching Scholarship program, as long as the institution to which the student is transferring is able to match the student's state award. The student must notify the department immediately of the transfer.

(6) Scholarship Forgiveness and Deferment Policy.

(A) For each year, up to five (5) years, the recipient teaches in a Missouri public elementary or secondary school, one-fifth (1/5) of the amount of the state scholarship received shall be applied against the total amount of the state scholarship and shall not be subject to repayment.

(B) The employer shall annually provide certification to the department the recipient holds a qualifying teaching position.

(C) Recipients shall defer repayment if their qualified employment is interrupted for one (1) of the following reasons:

1. Enrollment in full-time graduate study as certified at least annually by the

institution in which the recipient is enrolled;

2. Request and receipt of medical leave as certified by the recipient's employer for a medical need certified by the recipient's physician;

3. Service in any branch of the armed forces of the United States;

4. Teaching in areas defined as critical need by the State Board of Education; or

5. A temporary total disability resulting from an injury or illness that renders the recipient unable to teach in any subject area for which the recipient is certified. The recipient's physician must certify the nature of the disability, the date the disability began, and the expected duration of the recovery period, not to exceed twelve (12) months.

(D) The deferment of repayment shall begin on the date the recipient ceases to teach. The recipient must notify the department at the beginning and end of the interruption in employment and provide any requested supporting documentation. The recipient must also return to a qualified teaching position following the interruption.

(E) Recipients must promptly report to the department any change of mailing address.

(7) Repayment Policy.

(A) Recipients must notify the department within thirty (30) days of a change in enrollment status or employment that would trigger repayment.

(B) Recipients must promptly report to the department any change of mailing address.

(C) The scholarship shall convert to a loan and the recipient shall repay the scholarship funds received from the state with interest at a rate of nine and one-half percent (9.5%) charged on the unpaid balance of the amount received if the recipient—

1. Ceases study leading to teacher certification for any reason including, but not limited to, the following. Interest shall accrue from the date the recipient ceased study leading to teacher certification until the outstanding balance of principal and interest has been paid in full.

- A. Change of career goal as evidenced by the nature of the postsecondary courses selected;

- B. Withdrawal from approved postsecondary institutions;

- C. Dismissal, suspension, or expulsion from a participating postsecondary institution for any reason; or

- D. Less than full-time enrollment in a program leading to certification to teach in a Missouri public elementary or secondary school, except less than full-time enrollment during summer terms shall not trigger repayment;

2. Fails to receive a teaching certificate within six (6) months of graduation from an approved institution. Interest shall accrue from the date of graduation until the outstanding balance of principal and interest has been paid in full;

3. Fails to be hired for or accept a full-time teaching position in a Missouri public elementary or secondary school within ten (10) months of receiving certification to teach in such a school. Interest shall accrue from the date teacher certification was issued until the outstanding balance of principal and interest has been paid in full; or

4. Fails to teach in a Missouri public elementary or secondary school on a full-time basis for a period of five (5) consecutive years after receipt of a degree, except as provided in subsection (6)(C) of this rule. Interest shall accrue from the date the recipient ceases to teach until the outstanding balance of principal and interest has been paid in full.

(D) The department shall mail a repayment schedule to the recipient.

1. The repayment schedule shall be based on a ten- (10-) year repayment plan.

2. The payment amount will vary depending on the total amount received plus accrued interest. Under no circumstances shall the minimum monthly payment be less than fifty dollars (\$50) or the minimum annual payment be less than six hundred dollars (\$600).

3. The recipient shall make the first payment no later than the last day of the month in which the repayment schedule is dated.

(E) Payments shall be applied first to accrued interest with any remaining amount applied to principal.

(F) Recipients shall not be subject to penalty for early repayment.

(G) Recipients may defer principal and interest payments for a period approved by the department for the following reasons:

1. Enrollment in full-time study as certified at least annually by the institution in which the recipient is enrolled. The deferment shall be initiated on the date the recipient begins full-time enrollment;

2. Medical need as certified by the recipient's physician;

3. Service in any branch of the armed forces of the United States; or

4. A temporary total disability. The recipient's physician must certify the nature of the disability, the date the disability began, and the expected duration of the recovery period.

(H) The recipients must notify the department at the beginning and end of the deferment period and submit to the department

any requested supporting documentation.

(I) Interest will not accrue during a deferment period.

(J) Payments made during a deferment period will be applied first to any interest accrued prior to the deferment period and then to principal.

(K) A recipient's account will be in a default status when the recipient has failed to make three (3) consecutive, scheduled payments.

1. Upon default, principal and interest are due in full within one (1) year of default.

2. The department will notify the recipient of the default status by certified mail sent to the recipient's last known mailing address.

3. The recipient shall have thirty (30) days from the date of the certified notice to make satisfactory repayment arrangements.

(L) A recipient may remove the account from default status by making three (3) consecutive, on-time payments that are at least the minimum amount provided on the repayment schedule.

(M) All loans in repayment, deferment, or default status will be monitored. All available legal remedies may be pursued to ensure full repayment of loans.

(N) In the event a recipient becomes totally and permanently disabled as certified by a physician, the requirements of the recipient to make any further payment of principal and interest will be cancelled immediately upon approval of the request for cancellation. The recipient must apply to the department for loan cancellation and provide any requested supporting documentation.

(8) Information Sharing Policy. All information on an individual's minority teaching application will be shared with the financial aid office of the institution to which the individual has applied, or is attending, to permit verification of data submitted. Information may be shared with federal financial aid offices if necessary to verify data furnished by the state or federal governments as provided for in the Privacy Act of 1974, 5 U.S.C. sections 552, 552a.
