and Information**

PURPOSE: This rule updates the department's organizational structure consistent with the department's current business practices as required by section 536.023, RSMo.

(1) History and Authority. The Highways and Transportation Department was formed when voters approved Constitutional Amendment 2 in November 1979, merging the previously separate Highways and Transportation Departments. Constitutional Amendment 3, approved by voters in 2004, changed the name of the Highways and Transportation Department to the Missouri Department of Transportation (MoDOT or department). Per Article IV, Section 29, Missouri Constitution, MoDOT is governed by the Missouri Highways and Transportation Commission (commission). The commission has authority over all state highways and transportation programs and facilities as provided by Article IV, Sections 29, 30(a), 30(b), and 30(c) of the *Missouri Constitution*. The number, qualifications, compensation, and terms of the members of the commission are fixed by law. Under Chapter 226, RSMo, the bi-partisan commission is comprised of six (6) members. Commission members are appointed by the governor, by and with the consent of the senate, for terms of six (6) years. Not more than three (3) commissioners can be members of the same political party. The director of MoDOT, as the chief executive officer, and secretary, as record keeper for the commission, are appointed by the commission under Chapter 226, RSMo. MoDOT is responsible for the location, design, construction, and maintenance of the state's highway system including accommodation for non-motorized transportation. MoDOT coordinates and cooperates with the owners and operators of transportation facilities and services, which include transit, air, rail, ports, and waterborne commerce. MoDOT works with these groups in the development and improvement of public and special transit systems, airports, rail facilities, and ports. MoDOT administers federal and state funds for various transportation programs as these funds become available. In carrying out these functions, MoDOT works closely with local governments and citizens of the state in the planning

and development of these programs, services, and facilities.
