
EMERGENCY RULE

TITLE 19 – DEPARTMENT OF HEALTH AND SENIOR SERVICES

Division 60 – Missouri Health Facilities Review Committee

Chapter 50 – Certificate of Need Program

EMERGENCY AMENDMENT

19 CSR 60-50.410 Letter of Intent Package. The committee is amending subsection (2)(D).

PURPOSE: The committee and department are amending this rule to remove the requirement of evidence that architectural plans have been submitted to the Department's Engineering Consultation Unit for non-applicability projects that are not in a long-term care facility.

EMERGENCY STATEMENT: This emergency amendment removes the requirement of evidence that architectural plans have been submitted to the Department's Engineering Consulting Unit (ECU) for non-applicability projects that are not in a long-term care facility. The Fiscal Year 2027 budget reduces funding for the Department's Division of Regulation and Licensure. As a result, the Department is reducing activities that are not statutorily required, including the review and approval of plans for certain types of healthcare facilities. The Department's existing rules, which carry the force of law, currently mandate the ECU functions being eliminated. This creates an irresolvable legal conflict for both the Department and its stakeholders operating under these rules because the review and approval process will no longer be conducted. This conflict becomes operative July 1, 2026 – a date certain. The standard rulemaking process under section 536.021, RSMo cannot be completed before that date, leaving every healthcare facility with an active or planned construction project without a coherent, lawful regulatory framework. This emergency amendment satisfies both bases for emergency rulemaking under section 536.025, RSMo. First, leaving the existing rules intact after July 1, 2026 creates regulatory uncertainty for facilities, architects, engineers, and contractors operating under those rules – directly implicating public health and safety for facilities serving vulnerable patient populations. Second, there is a compelling governmental interest in maintaining a consistent regulatory framework that does not violate the Department's own binding rules. This amendment does not alter substantive healthcare facility obligations; it conforms the Department's procedural role to its operational capacity. As a result, the department finds a compelling governmental interest, which requires this emergency action. A proposed amendment, which covers the same material, will be published in the September 1, 2026, issue of the **Missouri Register**. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the **Missouri** and **United States Constitutions**. The department believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed July 23, 2026, becomes effective August 6, 2026, and expires February 1, 2027.

(2) If a non-applicability review is sought, the applicant shall submit the following additional information:

(A) Proposed Expenditures (Form MO 580-2375), included herein;

(B) Information which details all methods and assumptions used to estimate project costs. Documentation of costs may be requested;

(C) Schematic drawings and evidence of site control, with appropriate documentation;

(D) Evidence of submission of architectural plans to the [Division of Regulation and Licensure Engineering Consultation Unit,] Department of Health and Senior Services, for long-term care projects [and other facilities]; and

(E) In addition to the above information, for exceptions or exemptions, documentation of other provisions in compliance with the Certificate of Need (CON) statute, as described in sections (7) through (8) below of this rule.

AUTHORITY: section 197.320, RSMo 2016. Emergency rule filed Aug. 29, 1997, effective Sept. 8, 1997, expired March 6, 1998. Original rule filed Aug. 29, 1997, effective March 30, 1998. For intervening history, please consult the **Code of State Regulations**. Emergency amendment filed July 23, 2026, effective Aug. 6, 2026, expires Feb. 1, 2027. An emergency and proposed amendment will be published in the September 1, 2026 issue of the **Missouri Register**.

PUBLIC COST: This emergency amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the time the emergency amendment is effective.

PRIVATE COST: This emergency amendment will not cost private entities more than five hundred dollars (\$500) in the time the emergency amendment is effective.
