**ORDER OF RULEMAKING**

By the authority vested in the Public Service Commission under sections 386.040 and 386.250, RSMo 2016, the commission withdraws a proposed rescission of a rule as follows:

**4 CSR 240-29.010** The LEC-to-LEC Network is **withdrawn**.

A notice of proposed rulemaking containing the proposed rescission was published in the *Missouri Register* on May 15, 2018 (43 MoReg 989). This proposed rescission is withdrawn.

SUMMARY OF COMMENTS: The public comment period ended July 2, 2018, and the commission held a public hearing on the proposed rescission on July 10, 2018. The commission received timely written comments from the staff of the commission, the Missouri Telecommunications Industry Association (MTIA), and from Windstream Missouri, LLC. Whitney Payne, representing the commission's staff, and Natelle Dietrich, on behalf of staff; Richard Telthorst, on behalf of MTIA; Leo Bub, representing AT&T Missouri; and Brian McCartney, representing the Missouri Small Telephone Company Group, appeared at the hearing and offered comments.

COMMENT #1: Staff explained the Enhanced Record Exchange Rules in Chapter 29, of which this rule is a part, are designed to deal with the problem of uncompensated or unidentified traffic being delivered to Missouri's local exchange carriers (LECs). Staff suggested the rule is unnecessary because wholesale matters are typically addressed in interconnection agreements, tariffs contracts, and other intercompany arrangements. Representatives of the LECs offered comments strongly disagreeing with staff's view of the importance of the rule. They explained this rule is very important in their efforts to reduce the incidence of fraudulent delivery of telecommunications traffic over the network. They urge the commission not to rescind these rules.

RESPONSE: The commission agrees the Enhanced Local Exchange Rules of Chapter 29 remain necessary. The commission will withdraw the proposed rescission of this rule.

Chapter 29—Enhanced Record Exchange Rules**

**ORDER OF RULEMAKING**

By the authority vested in the Public Service Commission under sections 386.040 and 386.250, RSMo 2016, the commission withdraws a proposed rescission of a rule as follows:

**4 CSR 240-29.090** Time Frame for the Exchange of Records, Invoices, and Payments for LEC-to-LEC Network Traffic **is withdrawn.**

A notice of proposed rulemaking containing the proposed rescission was published in the *Missouri Register* on May 15, 2018 (43 MoReg 991-992). This proposed rescission is withdrawn.

**SUMMARY OF COMMENTS:** The public comment period ended July 2, 2018, and the commission held a public hearing on the proposed rescission on July 10, 2018. The commission received timely written comments from the staff of the commission, the Missouri Telecommunications Industry Association (MTIA), and from Windstream Missouri, LLC. Whitney Payne, representing the commission's staff, and Natelle Dietrich, on behalf of staff; Richard Telthorst, on behalf of MTIA; Leo Bub, representing AT&T Missouri; and Brian McCartney, representing the Missouri Small Telephone Company Group, appeared at the hearing and offered comments.

**COMMENT #1:** Staff explained the Enhanced Record Exchange Rules in Chapter 29, of which this rule is a part, are designed to deal with the problem of uncompensated or unidentified traffic being delivered to Missouri's local exchange carriers (LECs). Staff suggested the rule is unnecessary because wholesale matters are typically addressed in interconnection agreements, tariffs contracts, and other intercompany arrangements. Representatives of the LECs offered comments strongly disagreeing with staff's view of the importance of the rule. They explained this rule is very important in their efforts to reduce the incidence of fraudulent delivery of telecommunications traffic over the network. They urge the commission not to rescind these rules.

**RESPONSE:** The commission agrees the Enhanced Local Exchange Rules of Chapter 29 remain necessary. The commission will withdraw the proposed rescission of this rule.

They explained these rules make clear the obligations of participating carriers in routing 911 calls and in maintaining and updating the E-911 data base. SUMMARY OF COMMENTS: The public comment period ended July 2, 2018, and the commission held a public hearing on the proposed rescission on July 10, 2018. The commission received timely written comments from the staff of the commission, the Missouri Telecommunications Industry Association (MTIA), and from Windstream Missouri, LLC. Whitney Payne, representing the commission's staff, and Natelle Dietrich, on behalf of staff; Richard Telthorst, on behalf of MTIA; Leo Bub, representing AT&T Missouri; and Brian McCartney, representing the Missouri Small Telephone Company Group, appeared at the hearing and offered comments.

COMMENT #1: Staff explained the Emergency Telephone Service Standards in Chapter 34, of which this rule is a part, establish detailed guidance for emergency 911 call routing and service related to public safety answering points in Missouri. Staff suggested the rules are unnecessary and obsolete because they do not apply to wireless carriers. Representatives of the Local Exchange Carriers that would be affected by the standards offered comments strongly disagreeing with staff's view of the importance of the rule. They explained these rules make clear the obligations of participating carriers in routing 911 calls and in maintaining and updating the E-911 data base. They concede the rules have not been updated since 1999 and suggest a working case be opened to consider updating them, but they indicate the rules still work and should not be discarded.

RESPONSE: The commission agrees the Emergency Telephone Service Standards of Chapter 34 remain necessary. The commission will withdraw the proposed rescission of this rule.

**ORDER OF RULEMAKING**

By the authority vested in the Public Service Commission under section 386.410, RSMo 2016, the commission withdraws a proposed rescission of a rule as follows:

**4 CSR 240-36.010 Definitions is withdrawn.**

A notice of proposed rulemaking containing the proposed rescission was published in the *Missouri Register* on May 15, 2018 (43 MoReg 1006). This proposed rescission is withdrawn.

SUMMARY OF COMMENTS: The public comment period ended July 2, 2018, and the commission held a public hearing on the proposed rescission on July 10, 2018. The commission received timely written comments from the staff of the commission, the Missouri Telecommunications Industry Association (MTIA), and from Windstream Missouri, LLC. COMMENT #1: Staff explained the Alternative Dispute Resolution Procedural Rules Governing Filings Made Pursuant to the Telecommunications Act of 1996 establish procedures to be used if a telecommunications carrier asks the commission to mediate or arbitrate an interconnection dispute with another carrier. Staff suggested the rules are unnecessary because they have not been used for several years. Representatives of the Local Exchange Carriers that would use the procedures established in the rules offered comments strongly disagreeing with staff's view of the importance of the rules. They explained these rules do not impose any regulatory burden on anyone. Rather, they establish procedures that would be very helpful if the commission is again asked to mediate or arbitrate an interconnection dispute. They urge the commission not to rescind the rules.

RESPONSE: The commission agrees the Alternative Dispute Resolution Procedural Rules Governing Filings Made Pursuant to the Telecommunications Act of 1996 remain necessary. The commission will withdraw the proposed rescission of this rule.

**ORDER OF RULEMAKING**

By the authority vested in the Safe Drinking Water Commission under section 640.100, RSMo 2016, the commission amends a rule as follows:

10 CSR 60-2.015 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on May 15, 2018 (43 MoReg 1047-1050). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

**SUMMARY OF COMMENTS:** A public hearing on this proposed amendment was held June 18, 2018, and the public comment period ended June 25, 2018. At the public hearing, the department's public drinking water branch staff provided testimony on the proposed amendment. The department received two (2) comments during the public comment period.

**COMMENT #1:** Mr. Paul Calamita, with the Association of Missouri Clean Water Agencies (AMCA), commented that the proposed definition of "service connection" would limit the connection to a "single point of use." He also questioned whether such a definition is appropriate because, for example, service to an apartment building master meter may not be construed as a single point of use. AMCA prefers the existing definition (service connection is a "point of use").

**RESPONSE AND EXPLANATION OF CHANGE:** The department proposed to add the word "single" to the definition of "service connection" to clarify a service line connects a water distribution main to one (1) building such as a home, apartment building, or school. However, adding the word "single," as noted by the comment, does not appear to clarify the definition as intended, therefore, the department is removing the word as suggested by AMCA. A change has been made to the rule as a result of this comment.

**COMMENT #2:** Mr. Paul Calamita, with the Association of AMCA, requested the definition of "Water Distribution Main" include the ALL CAPS insert as follows: "A pipe within the COMMUNITY WATER SYSTEM'S water distribution system that delivers finished drinking water..."

**RESPONSE:** The department disagrees with this suggested revision because the definition is intended to apply to all public water systems not just community systems. Noncommunity public water systems such as a state park may have a water distribution main that connects the source to individual service connections. This definition would be applicable to these types of systems as well as community systems and is needed to help clarify appropriate design standards. No changes have been made to the rule as a result of this comment.

**10 CSR 60-2.015 Definitions**

## (2) Definitions.

4. Secondary contaminant levels. Those contaminant levels established by the department for contaminants which may affect the taste, odor, color, staining, and scale-forming tendencies of water.

5. Secondary public water system. A public water system which obtains all its water from an approved public water system(s), consists of a water distribution system, and resells the water or is a carrier which conveys passengers in interstate commerce. **10 CSR 60-10.010 Plans and Specifications**

## (2) Plans and Specifications Required.

## (B) Owner Supervised Program.

1. A supplier of water to a community water supply that desires to conduct a supervised program for construction of water distribution systems, in lieu of submitting plans for approval, must submit to the department a written request for approval.

2. Approval of supervised programs may be granted for a period

of up to five (5) years. Supervised programs will be periodically reviewed by the department and may be revoked should the supplier of water fail to conduct the program in accordance with the approved plan.

3. Upon revocation of a supervised program, engineering plans and specifications must be submitted to the department for review and issuance of a written approval to construct.

4. A modification(s) to an approved supervised program may be made by written request to the department.

5. A supervised program shall provide the following minimum elements:

A. Sizing water mains and appurtenances with minimum four-inch (4") diameters so that a minimum pressure of twenty pounds per square inch (20 psi) is maintained under normal flow conditions. Requests for approval to install lesser diameter water mains may be granted by the department upon submission of standard design data, including a hydraulic analysis;

B. Maintenance of permanent records and drawings for review by the department, of the entire water distribution network including all appurtenances to the network, such as valves, hydrants, and cleanouts, along with plans and specifications of projects under construction;

C. Protection of water mains during construction from sources of contamination by—

(I) Maintaining at least a ten-foot (10') horizontal separation of water mains from any existing or proposed sanitary sewer, force main, or storm sewer. The distance must be measured edge-to-edge. Installation of the water main closer to a sanitary sewer is acceptable where the water main is laid in a separate trench or on an undisturbed earth shelf located on one (1) side of the sanitary sewer at an elevation so the bottom of the water main is at least eighteen inches (18") above the top of the sanitary sewer;

(II) Providing a minimum vertical distance of eighteen inches (18") between the outside of the water main and the outside of the sanitary sewer, force main, or storm sewer where water mains cross sanitary sewer mains, force mains, or storm sewers. This shall be the case where the water main is either above or below the sanitary sewer, force main, or storm sewer. At crossings, one (1) full length of water pipe must be located so both joints will be as far from the sanitary sewer, force main, or storm sewer line as possible. Special structural support for the water and sanitary sewer, force main, or storm sewer pipes may be required;

(III) Locating water mains so that they do not pass through or come in contact with any sanitary sewer manhole; and

(IV) Consulting with the department as to the precautions necessary where the conditions in parts (2)(B)5.C.(I)–(IV) cannot be met.

**Title 13—DEPARTMENT OF SOCIAL SERVICES  
Division 70—MO HealthNet Division  
Chapter 15—Hospital Program**

**ORDER OF RULEMAKING**

By the authority vested in the Department of Social Services, MO

HealthNet Division, under sections 208.153, 208.201, and 660.017, RSMo 2016, and section 208.152, RSMo Supp. 2018, the division amends a rule as follows:

13 CSR 70-15.160 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on June 1, 2018 (43 MoReg 1170-1175). Those sections with changes are reprinted here. This proposed amendment becomes effective **January 1, 2019**.

**SUMMARY OF COMMENTS:** The Missouri Department of Social Services, MO HealthNet Division (MHD) received multiple comments from four (4) interested parties on the proposed amendment.

**COMMENT #1:** Charlie Shields, President and Chief Executive Officer (CEO), with the Truman Medical Centers (TMC); Tim Wolters, Director of Reimbursement, with Citizens Memorial Hospital (CMH); Daniel Landon, Senior Vice President of Government Relations, with Missouri Hospital Association (MHA); and Shannon Sock, Executive Vice President, with Mercy, all requested that the MHD describe clearly within the regulation the basis for which procedures will be paid, all the outpatient procedures that will be paid on the outpatient Medicaid fee schedule, and objects to the lack of transparency in the development of the fee schedule, which have not been published, as well as any rate reductions; therefore, the hospitals are not able to understand the implications, project, or plan for any loss in hospital revenues.

**RESPONSE AND EXPLANATION OF CHANGE:** The MHD has amended this final rule to include all the outpatient procedure codes that will be paid on the outpatient Medicaid fee schedule. The MHD has also changed the effective date of this regulation. The changes to reimbursement for outpatient surgical procedures, telehealth originating site, and the technical component of radiology are effective January 1, 2019. The change in outpatient drug reimbursement will be effective February 1, 2019.

The MHD is aligning reimbursement with Medicare and other payors. When applicable, the MHD uses the Medicare rates to help determine the MHD rates to remain comparable to the Medicare rate. When a Medicare rate was available, the MHD utilized that rate to determine the MHD reimbursement rate; therefore, making the MHD rate comparable to the Medicare rate. When a Medicare rate was not available, the MHD would determine the rate by the highest MO HealthNet in-state reimbursement. The fiscal impact was derived from repricing historical utilization data.

**COMMENT #2:** Charlie Shields, President and CEO, with the TMC, requests that nominal charge providers as defined in 13 CSR 70-15.160(4)(D) be allowed to continue to be paid based on an interim cost-to-charge ratio as allowed in 13 CSR 70-15.160(2)(B) followed by a retrospective cost settlement process and requests that MHD exempt TMC from proposed changes to remove all outpatient surgical procedures paid on a fee schedule from the cost-to-charge calculations to be paid a reasonable amount for Medicaid services at a minimum to cover all-inclusive cost of providing those services.

**RESPONSE:** The MHD appreciates the comment, but is not considering any exemptions for individual providers.

**COMMENT #3:** Tim Wolters, Director of Reimbursement, with CMH; Daniel Landon, Senior Vice President of Government Relations, with MHA; and Shannon Sock, Executive Vice President, with Mercy, all request that the MHD specify the percentage of the Medicare fee schedule that will be used for reimbursement of the technical component of the outpatient radiology procedures.

**RESPONSE AND EXPLANATION OF CHANGE:** The MHD has amended this final rule to include the percentage of the Medicare fee schedule that will be used for reimbursement of the technical component of the outpatient radiology procedures. The MHD will reduce reimbursement rates for outpatient radiology services from one hundred twenty-five percent (125%) of the Medicare rate to ninety per-

cent (90%) of the most current Medicare allowed radiology reimbursement rate.

**COMMENT #4:** Tim Wolters, Director of Reimbursement, with CMH; Daniel Landon, Senior Vice President of Government Relations, with MHA; and Shannon Sock, Executive Vice President, with Mercy, all request that the MHD specifically request how the outpatient drugs will be reimbursed, provide how the impact of the \$53.7 million was derived, and further postulates that the proposed amendment changes reimbursement for pharmaceuticals from being made on a cost-to-charge basis to being paid on the same fee schedule as retail pharmacies; however, the fee schedule was not published with the regulation or readily available on MHD's website and as such the hospitals are not able to adequately evaluate this proposed change in payment.

**RESPONSE:** The outpatient drug reimbursement will be determined by applying the following hierarchy methodology: National Average Drug Acquisition Cost (NADAC); if there is no NADAC, Missouri Maximum Allowed Cost (MAC) price; if there is no NADAC or MAC, Wholesale Acquisition Cost (WAC), or the Usual and Customary (U&C) charge submitted by the provider if it is lower than the chosen price (NADAC, MAC, or WAC). Outpatient drug reimbursement for 340B providers will be reimbursed at WAC minus forty-nine percent (49%). Based on this methodology, hospitals should be able to evaluate the fiscal impact.

The MHD does not publish a retail pharmacy fee schedule. The NADAC is published on the CMS website available at <https://data.medicaid.gov/Drug-Pricing-and-Payment/NADAC-National-Average-Drug-Acquisition-Cost-a4y5-998d>.

The MAC is published on the MHD website available at <https://dss.mo.gov/mhd/cs/pharmacy/pages/mac.htm>. The WAC is available from the hospital's wholesaler or distributor.

To determine the fiscal impact, the MHD selected one (1) month of outpatient drug claims converting the Healthcare Common Procedure Coding System (HCPCS) J-codes units/quantities to National Drug Code (NDC) units/quantities, then repriced the claims using the reimbursement methodology explained above, and analyzed the savings from that month.

**COMMENT #5:** Shannon Sock, Executive Vice President, with Mercy, discussed that these proposed rate reductions follow a three percent (3%) decrease to the professional Medicaid fee schedule effective July 1, 2017, and a 30% decrease in lab fee schedule effective January 1, 2018; these payment reductions endanger the Medicaid program and access to health care as providers are forced to evaluate services provided and the related cost.

**RESPONSE:** The MHD is aligning reimbursement with Medicare and other payors. The MHD will evaluate laboratory rates annually to ensure its appropriateness for the Missouri Medicaid program so that they are consistent with access standards.

The MHD continually monitors for access and has an infrastructure established to monitor for access. The participant data is closely monitored to assess the number of participants in each category of assistance. The MHD continually monitors the provider enrollment data to demonstrate the number of providers available in each county.

**COMMENT #6:** Tim Wolters, Director of Reimbursement, with CMH, and Daniel Landon, Senior Vice President of Government Relations, with MHA, requests that MHD consider the impact of these cuts on Medicaid Managed Care payments to hospitals and to more precisely describe the proposed cuts under consideration because Managed care payments are tied to the MHD rates, any reduction in those rates will result in corresponding reduction in Medicaid Managed Care payments to hospitals, when the MHD cuts fee-for-service (FFS) outpatient reimbursement, hospital reimbursement by Managed Care plans will decrease automatically, resulting in increased costs to the industry.

**RESPONSE:** The Managed Care Organizations are not required to follow the FFS reimbursement structure or levels for these services

and have flexibility in contracting. The MHD works with an independent actuary to assist with review of financial data and cost reviews. The MHD reviews programs across the national landscape and locally with payers and determines policies and rate setting based on several factors.

COMMENT #7: Tim Wolters, Director of Reimbursement, with CMH, requests that if revenues are to be cut, the MHD must reduce the provider tax proportionately.

RESPONSE: The MHD did prorate adjustments for the Federal Reimbursement Allowance (FRA) portion of outpatient reimbursement changes for purposes of setting the SFY 19 FRA tax rate. The MHD will take this into consideration for future years as well.

COMMENT #8: Tim Wolters, Director of Reimbursement, with CMH, requests that the MHD evaluate the impact of access to hospital care on rural residents before imposing any further Medicaid cuts, and should exempt rural hospitals from such cuts, referencing the four rural hospitals that have closed in the last four (4) years, a number of hospitals are incurring significant operating losses, and are in danger of closing.

RESPONSE: The MHD appreciates the comment but is not considering any exemptions for individual providers. The MHD continually monitors for access and has an infrastructure established to monitor for access. The participant data is closely monitored to assess the number of participants in each category of assistance. The MHD continually monitors the provider enrollment data to demonstrate the number of providers available in each county.

### 13 CSR 70-15.160 Prospective Outpatient Hospital Services Reimbursement Methodology

(1) Prospective Outpatient Hospital Services Reimbursement Percentage for Hospitals Located Within Missouri.

(B) Outpatient cost-to-charge ratios will be as determined in the desk review of the base year cost reports. If adjustments are not made during the desk review, adjustments will be made to remove the cost and charges for services reimbursed on a fee schedule when calculating the cost-to-charge ratios used to determine the outpatient percentage rate.

1. Costs and charges for laboratory and radiology services reimbursed on a fee schedule shall be excluded when calculating the outpatient cost-to-charge ratios used to determine outpatient percentage rates.

2. Costs and charges for outpatient surgical procedures reimbursed on a fee schedule shall be excluded when calculating the outpatient cost-to-charge ratios used to determine outpatient percentage rates. Adjustments shall be made by the division starting with the calculation of the outpatient percentage rate for the SFY after the surgical procedures are moved to a fee schedule:

A. Exception. A hospital may request a revised calculation of the outpatient percentage rate prior to the adjustment made by the division in paragraph (1)(B)2. of this regulation. The hospital must provide the charges and cost-to-charge ratios by cost center for both Medicaid and Total (i.e., all payor types). The hospital must provide a breakdown of the amounts reimbursed on a fee schedule using a template developed by the division and available upon request. The template must be submitted to the division by April 1 of the current SFY for which the revised calculation of the outpatient percentage rate is requested. The hospital may be notified in writing of the revised outpatient percentage rate within sixty (60) days of receipt of the hospital's written request or within sixty (60) days of receipt of any additional documentation or clarification which may be required. If an adjustment is not otherwise limited or prohibited, the effective date of the change in the hospital's outpatient percentage rate shall be the first day of the month following the date of the division's final determination.

3. Costs and charges for the telehealth originating site fee reimbursed on a fee schedule shall be excluded when calculating the out-

patient cost-to-charge ratios used to determine outpatient percentage rates starting with the calculation of the outpatient percentage rate for the SFY after the telehealth originating site fee is moved to a fee schedule.

4. Costs and charges for outpatient drugs reimbursed in accordance with the methodology described in 13 CSR 70-20.070 shall be excluded when calculating the outpatient cost-to-charge ratios used to determine outpatient percentage rates beginning February 1, 2019.

(C) Outpatient Hospital Services Reimbursement Limited by Rule.

1. Certain clinical diagnostic laboratory procedures will be reimbursed from a Medicaid fee schedule which shall not exceed a national fee limitation.

2. The technical component of outpatient radiology procedures will be reimbursed from a Medicaid fee schedule. The list of procedure codes and the Medicaid fee schedule rate for the technical component of outpatient radiology procedures will be published on the MO HealthNet website at [www.dss.mo.gov/mhd](http://www.dss.mo.gov/mhd).

A. Effective for dates of service beginning October 1, 2011 through December 31, 2018, the Medicaid fee schedule amounts will be based on one hundred twenty-five percent (125%) of the Medicare Physician fee schedule rate using Missouri Locality 01.

B. Effective for dates of service beginning January 1, 2019, the Medicaid fee schedule amounts will be based on ninety percent (90%) of the Medicare Physician fee schedule rate using Missouri Locality 01.

3. Effective for dates of service beginning January 1, 2019, outpatient surgical procedures, included herein, will be paid at the outpatient Medicaid fee schedule amount. The list of outpatient surgical procedure codes which will be reimbursed according to the Medicaid fee schedule will be published on the MO HealthNet website at [www.dss.mo.gov/mhd](http://www.dss.mo.gov/mhd) and in the MO HealthNet provider manuals, which are incorporated by reference and made a part of this rule as published by the Department of Social Services, MO HealthNet Division, 615 Howerton Court, Jefferson City, MO 65109, at its website at [www.dss.mo.gov/mhd](http://www.dss.mo.gov/mhd), January 1, 2019. This rule does not incorporate any subsequent amendments or additions.

4. Effective for dates of service beginning January 1, 2019 telehealth originating site fee will be paid at the lesser of the billed amount or the outpatient fee schedule amount.

5. Effective for service dates beginning February 1, 2019, outpatient drugs will be reimbursed in accordance with the methodology described in 13 CSR 70-20.070.

6. Services of hospital-based physicians and certified registered nurse anesthetists shall be billed on a CMS-1500 professional claim form and reimbursed from a Medicaid fee schedule or the billed charge, if less. The CMS-1500 professional claim form is incorporated by reference and made a part of this rule as published by the Department of Social Services, MO HealthNet Division, 615 Howerton Court, Jefferson City, MO 65109, at its website at [www.dss.mo.gov/mhd](http://www.dss.mo.gov/mhd), November 30, 2018. This rule does not incorporate any subsequent amendments or additions.

7. Outpatient hospital services provided for those recipients having available Medicare benefits shall be reimbursed by Medicaid to the extent of the deductible and coinsurance as imposed under Title XVIII.

8. Reimbursement of Medicare/Medicaid crossover claims (crossover claims) for Medicare Part B and Medicare Advantage/Part C outpatient hospital services, except for public hospitals operated by the Department of Mental Health (DMH), shall be determined as follows:

A. Crossover claims for Medicare Part B outpatient hospital services in which Medicare was the primary payer and the MO HealthNet Division (MHD) is the payer of last resort for cost-sharing (i.e., coinsurance, copay, and/or deductibles) must meet the following criteria to be eligible for MHD reimbursement:

(I) The crossover claim must be related to Medicare Part B outpatient hospital services that were provided to MO HealthNet participants also having Medicare Part B coverage; and

(II) The crossover claim must contain approved outpatient

hospital services which MHD is billed for cost-sharing; and

(III) The Other Payer paid amount field on the claim must contain the actual amount paid by Medicare. The MO HealthNet provider is responsible for accurate and valid reporting of crossover claims submitted to MHD for payment regardless of how the claim is submitted. Providers submitting crossover claims for Medicare Part B outpatient hospital services to MHD must be able to provide documentation that supports the information on the claim upon request. The documentation must match the information on the Medicare Part B plan's remittance advice. Any amounts paid by MHD that are determined to be based on inaccurate data will be subject to recoupment;

B. Crossover claims for Medicare Advantage/Part C (Medicare Advantage) outpatient hospital services in which a Medicare Advantage plan was the primary payer and MHD is the payer of last resort for cost-sharing (i.e., coinsurance, copay, and/or deductibles) must meet the following criteria to be eligible for MHD reimbursement:

(I) The crossover claim must be related to Medicare Advantage outpatient hospital services that were provided to MO HealthNet participants who also are either a Qualified Medicare Beneficiary (QMB Only) or Qualified Medicare Beneficiary Plus (QMB Plus); and

(II) The crossover claim must be submitted as a Medicare UB-04 Part C Professional Crossover claim through the MHD online billing system; and

(III) The crossover claim must contain approved outpatient hospital services which MHD is billed for cost-sharing; and

(IV) The Other Payer paid amount field on the claim must contain the actual amount paid by the Medicare Advantage plan. The MO HealthNet provider is responsible for accurate and valid reporting of crossover claims submitted to MHD for payment. Providers submitting crossover claims for Medicare Advantage outpatient hospital services to MHD must be able to provide documentation that supports the information on the claim upon request. The documentation must match the information on the Medicare Advantage plan's remittance advice. Any amounts paid by MHD that are determined to be based on inaccurate data will be subject to recoupment;

C. MHD reimbursement for approved outpatient hospital services. MHD will reimburse seventy-five percent (75%) of the allowable cost-sharing amount; and

D. MHD will continue to reimburse one hundred percent (100%) of the allowable cost-sharing amounts for outpatient services provided by public hospitals operated by DMH as set forth above in paragraph (1)(C)4.

**IV. ASSUMPTIONS**

The annual estimated fiscal impact was based on a hospital-by-hospital analysis of the reimbursement for Outpatient Surgical Procedures, Outpatient Radiology, Outpatient Drugs and the Originating Site Fee. This fiscal impact includes the impact to in-state and out-of-state hospitals.

MHD based the new radiology rate/percentage on research completed on several other states' Medicaid radiology rates. Other states paid between 70% and 100% of Medicare. No other state paid above 100% of the current Medicare rate.

MHD, through running reports on out-of-state hospital outpatient surgical procedures, determined the outpatient surgeries that are reimbursed at the highest cost to Missouri Medicaid. From this list of out-of-state outpatient hospital surgical procedures, MHD reviewed Medicare's surgery rates for the same procedures and implemented the current Medicare rate to most of the surgeries identified in this regulation. Since Medicare does not pay for outpatient bariatric services which was identified by MHD as one of the highest surgical claims submitted for reimbursement by out-of-state hospitals. MHD ran another report that showed all bariatric claims submitted and paid to in-state Missouri hospitals. The highest paid reimbursement to an in-state hospital was used as the rate contained in this regulation.

To calculate the drug reimbursement change, outpatient reimbursement amounts were repriced to current pharmacy reimbursement methodology and under the assumption of WAC – 25% for 340b pricing. Hospital drug claim reports were ran for one month and repriced. The repriced amounts were annualized to arrive at the fiscal impact. MO HealthNet will change the pharmacy ingredient pricing regulation which is referred to in this regulation. Due to a large volume of pharmacy claims, a portion of the data was pulled to estimate the aggregate and individual fiscal impact. In addition, outpatient pharmacies report units differently than retail pharmacies. In order to develop the estimated fiscal impact, staff manually adjusted claim units to mirror retail pharmacy claims.

The changes in outpatient surgical procedures, radiology and drug reimbursement were considered when calculating the payments to hospitals associated with FRA funding for SFY 2019. Total estimated FRA payments were reduced by the state share of the reduction in radiology and drug reimbursement in determining the FRA tax rate. No adjustments were made for outpatient surgical procedures due to minimal impact to in-state providers.

MHD conducted an analysis to determine impact this regulation may have on capitation payments for managed care organizations. This regulation will not result in an increase or decrease to capitation payments for managed care plans.

Divide by 12 to determine monthly amount	12
Monthly Amount	(\$1,962)
Multiply by 6 months for SFY 2019	6
SFY 2019 Estimated Impact	(\$11,772)

**Impact for SFY 2020 forward**

Estimated Annual Total Impact for Originating Site Fee	(\$23,546)
Estimated Annual Total Impact for Private Hospitals - From above	(\$22,121,497)
Estimated Annual Total Impact for Out-of-State Hospitals - From above	(\$22,736,394)
Estimated Annual Total Impact	(\$44,881,437)

**IV. ASSUMPTIONS**

The annual estimated fiscal impact was based on a hospital-by-hospital analysis of the reimbursement for Outpatient Surgical Procedures, Outpatient Radiology, Outpatient Drugs and the Originating Site Fee. This fiscal impact includes the impact to in-state and out-of-state hospitals.

MHD based the new radiology rate/percentage on research completed on several other states' Medicaid radiology rates. Other states paid between 70% and 100% of Medicare. No other state paid above 100% of the current Medicare rate.

MHD, through running reports on out-of-state hospital outpatient surgical procedures, determined the outpatient surgeries that are reimbursed at the highest cost to Missouri Medicaid. From this list of out-of-state outpatient hospital surgical procedures, MHD reviewed Medicare's surgery rates for the same procedures and implemented the current

Medicare rate to most of the surgeries identified in this regulation. Since Medicare does not pay for outpatient bariatric services which was identified by MHD as one of the highest surgical claims submitted for reimbursement by out-of-state hospitals. MHD ran another report that showed all bariatric claims submitted and paid to in-state Missouri hospitals. The highest paid reimbursement to an in-state hospital was used as the rate contained in this regulation.

To calculate the drug reimbursement change, outpatient reimbursement amounts were repriced to current pharmacy reimbursement methodology and under the assumption of WAC – 25% for 340b pricing. Hospital drug claim reports were ran for one month and repriced. The repriced amounts were annualized to arrive at the fiscal impact. MO HealthNet will change the pharmacy ingredient pricing regulation which is referred to in this regulation. Due to a large volume of pharmacy claims, a portion of the data was pulled to estimate the aggregate and individual fiscal impact. In addition, outpatient pharmacies report units differently than retail pharmacies. In order to develop the estimated fiscal impact, staff manually adjusted claim units to mirror retail pharmacy claims.

The changes in outpatient surgical procedures, radiology and drug reimbursement were considered when calculating the payments to hospitals associated with FRA funding for SFY 2019. Total estimated FRA payments were reduced by the state share of the reduction in radiology and drug reimbursement in determining the FRA tax rate. No adjustments were made for outpatient surgical procedures due to minimal impact to in-state providers. Because of various factors outside of the control of MHD, MHD is unable to reasonably estimate the fiscal impact this regulation may have on voluntary FRA pooling arrangements.

MHD conducted an analysis to determine impact this regulation may have on capitation payments for managed care organizations. This regulation will not result in an increase or decrease to capitation payments for managed care plans. Because of the confidential and proprietary nature of hospital contracts with managed care plans, MHD is unable to reasonably estimate the fiscal impact this regulation may have on hospital managed care reimbursement or participation.
