HOW TO CITE RULES AND RSMO

RULES

The rules are codified in the *Code of State Regulations* in this system–

Title		Division	Chapter	Rule
3	CSR	10-	4	.115
Department	<i>Code of State Regulations</i>	Agency Division	General area regulated	Specific area regulated

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation, for example, 3 CSR 10-4.115 NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

Code and Register on the Internet

The *Code of State Regulations* and *Missouri Register* are available on the Internet.

The *Code* address is www.sos.mo.gov/adrules/csr/csr

The *Register* address is www.sos.mo.gov/adrules/moreg/moreg

These websites contain rulemakings and regulations as they appear in the *Code* and *Registers*.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

Title 7—DEPARTMENT OF TRANSPORTATION Division 10—Missouri Highways and Transportation Commission Chapter 24—Design-Build Project Contracts

PROPOSED AMENDMENT

7 CSR 10-24.050 Types of Projects in Which Design-Build Contracting May Be Used. The Missouri Highways and Transportation Commission is amending the purpose statement and section (1), and deleting sections (2) through (5).

PURPOSE: This amendment is to bring us in compliance with current federal guidance.

PURPOSE: This rule provides for the types of projects in which design-build method may be used [in determining a project "qualified" and how it applies to Intelligent Transportation System (ITS) projects].

(1) Subject to the provisions of 227.107, RSMo [Supp. 2004], the design-build contracting technique may be used for any [qualified or nonqualified] project which the commission deems to be appropriate on the basis of project delivery time, cost, construction schedule, and/or quality.

[(2) The use of the term "qualified project" does not limit the use of design-build contracting by the commission. It merely determines the Federal Highway Administration's (FHWA's) procedures for approval. The division administrator may approve the design-build method for a "qualified project" which meets the requirements of this chapter.

(3) The FHWA division administrator may also approve other design-build projects (which do not meet the "qualified projects" definition) by using Special Experimental Projects No. 14 (SEP-14), "Innovative Contracting Practices," provided the project meets the requirements of this chapter. Projects that do not meet the requirements of this chapter, (either "qualified or nonqualified" projects) must be submitted to the FHWA for conceptual approval.

(4) As a consequence of these differences in FHWA procedures, Missouri Department of Transportation (MoDOT) procedures will vary to comply with FHWA procedures.

(5) For the purpose of this chapter, a federal-aid ITS design-build project meets the criteria of a "qualified project" if:

(A) A majority of the scope of services provides ITS services (at least fifty percent (50%) of the scope of work is related to ITS services); and

(B) The estimated contract value exceeds five (5) million dollars.]

**Title 7—DEPARTMENT OF TRANSPORTATION
Division 10—Missouri Highways and Transportation
Commission
Chapter 24—Design-Build Project Contracts**

PROPOSED AMENDMENT

7 CSR 10-24.330 Discussions. The Missouri Highways and Transportation Commission is amending subsection (6)(A), and sections (8), (9), (10), and (11).

PURPOSE: This amendment removes unnecessary restrictive wording.

(6) In competitive acquisitions, the solicitation will notify proposers of the commission’s intent to use or not use discussions. The solicitation will either:

(A) Notify proposers that discussions may *[or may not]* be held depending on the quality of the proposals received (except clarifications may be used as described in 7 CSR 10-24.300). Therefore, the

proposer's initial proposal should contain the proposer's best terms from a cost or price and technical standpoint; or

(8) The commission may inform a proposer during discussion that its price is considered to be too high, or too low, and reveal the results of the analysis supporting that conclusion. At the commission's discretion, the commission may *indicate to* notify all proposers the estimated cost for the project determined at a point subsequent to the cost estimate published as part of the public notice of Request for Qualifications *[provided by section 227.107.18, RSMo]*.

(9) Final Proposal Revisions as a Result of Discussions.

(A) The commission may request or allow final proposal revisions to clarify and document understandings reached during discussions. At the conclusion of discussions, each proposer *[shall be given an opportunity to]* may submit a final proposal revision **in writing**.

(B) The commission will establish a common cut-off date only for receipt of final proposal revisions. *[Requests for final proposal revisions shall advise proposers that the final proposal revisions shall be in writing and of the intent to make award without obtaining further revisions.]*

(10) The commission may further narrow the competitive range if a proposer originally in the competitive range is no longer considered to be among the most highly rated proposers being considered for award. That proposer may be eliminated from the competitive range whether or not all material aspects of the proposal have been discussed, or whether or not the proposer has been afforded an opportunity to submit a proposal revision. The [C]commission will provide a proposer excluded from the competitive range with a written determination and notice that proposal revisions will not be considered.

(11) The commission may determine a need to hold more than one (1) round of discussions with proposers, but only at the conclusion of discussions will the proposers be requested to submit a final proposal revision, also called best and final offer (BAFO). Thus, regardless of the length or number of discussions, there will be only one (1) request for a final revised proposal (i.e., only one (1) BAFO) **with the intent to make award without obtaining further revisions**.

AUTHORITY: sections 226.020, [RSMo 2000 and] 226.030, and 227.107, RSMo [Supp. 2004] 2016. Original rule filed Aug. 15, 2005, effective Feb. 28, 2006. Amended: Filed Dec. 5, 2017.

PROPOSED AMENDMENT

20 CSR 2150-7.135 Physician Assistant Supervision Agreements. The board is amending section (1), deleting sections (3)–(7), and

renumbering as necessary.

PURPOSE: This amendment alleviates the burden on supervising physicians and physician assistants.

(1) As used in this rule, unless specifically provided otherwise, the term—

A physician meeting these requirements, but not so designated, may serve as a supervising physician, upon signing a physician assistant supervision agreement for times not to exceed fifteen (15) days, when the supervising physician is unavailable if so specified in the physician assistant supervision agreement. For the sole purpose of physician assistants practicing in federal facilities, the supervising physician must be licensed in the state of Missouri or lawfully practicing pursuant to federal law;

This sixty-six percent (66%) on-site supervision must be provided each calendar quarter.

(5) The on-site supervision required in 20 CSR 2150-7.135(4) shall not apply when a physician assistant is making follow-up patient examinations in hospitals, patient homes, nursing homes and correctional facilities without a supervising physician's presence.

(6) A physician assistant shall be limited to practicing at locations where the supervising physician as designated pursuant to 20 CSR 2150-7.100(4) or otherwise in the physician assistant supervision agreement, is no further than thirty (30) miles by road, using the most direct route available, or in any other fashion so distanced as to create an impediment to effective intervention, supervision of patient care or adequate review of services, unless the supervising physician-physician assistant team receives a waiver pursuant to 20 CSR 2150-7.136. Physician assistants whose teams receive such waivers must practice no farther than fifty (50) miles by road, using the most direct route available from the supervising physician.

(7) No physician may be designated to serve as supervising physician for more than three (3) full-time equivalent licensed physician assistants. This limitation shall not apply to physician assistant supervision agreements of hospital employees providing in-patient care services in hospitals as defined in Chapter 197, RSMo.]

[(8)](3) Upon entering into a physician assistant supervision agreement, the supervising physician shall be familiar with the level of skill, training and the competence of the licensed physician assistant

[(10)](5) The physician assistant supervision agreement between a supervising physician and a licensed physician assistant shall—

(A) Include consultation, transportation and referral procedures for patients needing emergency care or care beyond the scope of practice of the licensed physician assistant if the licensed physician assistant practices in a setting where a supervising physician is not continuously present;

(B) Include the method and frequency of review of the licensed physician assistant's practice activities;

(C) Be reviewed at least annually and revised as the supervising physician and licensed physician assistant deem necessary;

(D) Be maintained by the supervising physician and licensed physician assistant for a minimum of eight (8) years after the termination of the agreement;

(E) Be signed and dated by the supervising physician, alternate supervising physician(s), and licensed physician assistant prior to its implementation; and

(F) Contain the mechanisms for input for serious or significant changes to a patient.

[(11)](6) It is the responsibility of the supervising physician to determine and document the completion of a one (1)-month period of time during which the licensed physician assistant shall practice with a supervising physician continuously present before practicing in a setting where a supervising physician is not continuously present. A one (1)-month period shall consist of a minimum of one hundred (100) hours in a consecutive thirty (30)-day period.

[(12)](7) It is the responsibility of the supervising physician and licensed physician assistant to jointly review and document the work, records, and practice activities of the licensed physician assistant at least once every two (2) weeks. The supervising physician must review a minimum of ten percent (10%) of the physician assistant's patients' records every two (2) weeks and have documentation supporting the review. For nursing home practice, such review shall occur at least once a month. The documentation of this review shall be available to the Board of Registration for the Healing Arts for review upon request.

[(13)](8) If any provisions of these rules are deemed by the appropriate federal or state authority to be inconsistent with guidelines for federally funded clinics, individual provisions of these rules shall be considered severable and supervising physicians and licensed physician assistants practicing in such clinics shall follow the provisions of such federal guidelines in these instances. ORDER OF RULEMAKING

By the authority vested in the Missouri Department of Health and Senior Services under sections 192.006, 192.2000, and 198.079, RSMo 2016, the department amends a rule as follows:

**19 CSR 30-81.030 Evaluation and Assessment Measures for Title
XIX Recipients and Applicants in Long-Term Care Facilities
is amended.**

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on August 15, 2017 (42 MoReg 1197–1201). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Health and Senior Services received six (6) comments from the Missouri Alliance for Home Care (MAHC) and Pyramid Group.

COMMENT #1: The MAHC and Pyramid Group both commented on the potential risk and impact to current Home and Community Based Services (HCBS) participants with a current Level of Care (LOC) of twenty-one (21) if they are no longer able to receive HCBS. Potential impacts included a decline in health condition and the risk of entering a skilled nursing facility.

RESPONSE: No changes have been made to the rule as a result of this comment.

COMMENT #2: The MAHC and Pyramid Group commented that the estimated fiscal impact was flawed. Loss of HCBS could lead to increased hospitalizations or entry into skilled nursing facilities both at a higher cost to the state.

RESPONSE: Data is not available to provide a fiscal note that is more specific. No changes have been made to the rule as a result of this comment.

COMMENT #3: The MAHC commented that a transition plan and health and welfare protections were not included in this amendment. The comment stated this was in violation of 42 CFR 441.302(a).

RESPONSE: 42 CFR 441.302(a) is a requirement related to information that must be submitted to the Centers for Medicare and Medicaid Services when amending 1915c waivers. No changes have been made to the rule as a result of this comment.

COMMENT #4: The MAHC commented that the regulation amendment is arbitrary and violates due process.

RESPONSE: Existing regulations provide for an administrative hearing process for HCBS participants affected by the LOC change. No changes have been made to the rule as a result of this comment.

COMMENTS #5: The MAHC commented that the LOC point change does not change the HCBS participant's already established need for services.

RESPONSE: Level of care eligibility for HCBS is a point in time assessment per federal guidelines. States are given the authority through the Centers for Medicare and Medicaid Services to develop LOC parameters and assessment tools and to adjust those as needed. No changes have been made to the rule as a result of this comment.

COMMENT #6: The MAHC commented that the amendment is a violation of the Americans with Disabilities Act (ADA). They stated that individuals may be at risk to enter a more restrictive setting and that public entities are required to provide community-based services for persons with disabilities who would otherwise be entitled to institutional services.

RESPONSE: The department does not agree. An individual not qualifying for Medicaid HCBS would also not qualify for Medicaid Skilled Nursing Facility Placement. No changes have been made to the rule as a result of this comment.

This section may contain notice of hearings, correction notices, public information notices, rule action notices, statements of actual costs, and other items required to be published in the *Missouri Register* by law.
