

This section will contain the final text of the rules proposed by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order or rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the *Missouri Register*; an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted which has been changed from that contained in the notice of proposed rulemaking. The effective date of the rule shall be not less than thirty (30) days after the date of publication of the revision to the *Code of State Regulations*.

The agency is also required to make a brief summary of the general nature and extent of comments submitted in support of or opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with the rulemaking, together with a concise summary of the agency's findings with respect to the merits of any such testimony or comments which are opposed in whole or in part to the proposed rule. The ninety-(90-) day period during which an agency shall file its order of rulemaking for publication in the *Missouri Register* begins either: 1) after the hearing on the proposed rulemaking is held; or 2) at the end of the time for submission of comments to the agency. During this period, the agency shall file with the secretary of state the order of rulemaking, either putting the proposed rule into effect, with or without further changes, or withdrawing the proposed rule.

**Title 2—DEPARTMENT OF AGRICULTURE
Division 70—Plant Industries
Chapter 17—Industrial Hemp
ORDER OF RULEMAKING**

By the authority vested in the Department of Agriculture under section 195.773, RSMo Supp. 2018, the director adopts a rule as follows:

2 CSR 70-17.010 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 2, 2019 (44 MoReg 52-53). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Agriculture (MDA) received twenty (20) comments on the proposed rule.

COMMENT #1: “2 CSR 70-17.010 Definitions (3) CBD – cannabidiol Industrial hemp is grown for commercial manufacturing purposes and not for medical CBD!”

RESPONSE: Industrial hemp is defined in statute. No changes have been made to the rules as a result of this comment

COMMENT #2: “Processing and manufacturing are, and always have been legal so requiring “registration” is overstepping and egregious.”

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #3: “For rule (14) in Chapter 17, we suggest adding licensed Medical Marijuana Testing facilities to the definition of Independent testing laboratory.”

RESPONSE: No changes have been made to the rules as a result of this comment.

COMMENT #4: “We recommend the following suggestions to proposed rule 14: 1. All independent laboratories should be required to provide proof of accreditation to the ISO 17025:2005 standard, or any subsequent superseding ISO 17025 standard, or proof that the applicant is in the process of applying or is preparing to apply for ISO 17025 accreditation; 2. Laboratory Employee Qualifications; and 3. All required Standard Operating Procedures. (C) A Missouri State licensed Medical Marijuana Testing Facility: 1. A Medical Marijuana Testing Facility may accept, and test Industrial Hemp as regulated by the State of Missouri; 2. Before a Medical Marijuana Testing Facility accepts a sample of Industrial Hemp, the Medical Marijuana Testing Facility shall verify that the Person submitting the sample is registered with the Missouri Department of Agriculture; 3. Industrial hemp products for consumption are tracked through the same inventory system as Medical Marijuana products; 4. A Medical Marijuana Testing Facility shall provide the results of any testing performed on Industrial Hemp to the Person submitting the sample of Industrial Hemp and to the Missouri Department of Agriculture.”

RESPONSE AND EXPLANATION OF CHANGE: MDA has added specific testing accreditation language to the definition of “independent testing laboratory”.

COMMENT #5: “Destruction methods need to be exacting and time specific.”

RESPONSE AND EXPLANATION OF CHANGE: The definition of “destroy/destruction” has been changed. Destruction methods will be identified in a protocol established by the Missouri Department of Agriculture.

COMMENT #6: “Line 14 a 1 Word “marijuana” is not defined and is not used anywhere else in the proposed rules. Needs to be defined or omitted”

RESPONSE: Marijuana is defined in statute. No changes have been made to the rules as a result of this comment.

COMMENT #7: “What are the approved manners of incorporating crops with other materials that are rendered unusable by the MSHP?”

RESPONSE AND EXPLANATION OF CHANGE: The definition of “destroy/destruction” has been changed. Destruction methods will be identified in a protocol established by the Missouri Department of Agriculture.

COMMENT #8: “rather than advocating for the destruction of any plants deemed unsuitable, please consider being able to simply incorporate with other materials so that the farmer does not lose their capability of earning some money.”

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #9: “In the definitions clause, I would recommend a definition for “cultivation”, such as “growing and/or harvesting industrial hemp, including cuttings and/or clones.””

RESPONSE AND EXPLANATION OF CHANGE: MDA has added a definition of propagules and inserted language regarding their use.

COMMENT #10: “In the definitions under (18), I would recommend adding “limited liability company” to the entities listed.”

RESPONSE AND EXPLANATION OF CHANGE: No changes have been made to the rules as a result of this comment.

COMMENT #11: "(19) Plot of Land. I would recommend a definition as follows: "Plot of Land - means a contiguous parcel of land registered with the Department on which a registrant plans to cultivate, grow or handle industrial hemp, including the number of acres of unimproved land, location, facility and or establishment where industrial hemp will be grown or handled."

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #12: "(20) In the definition of "publicly marketable hemp product", I would recommend adding the phrase "cuttings and/or clones".

RESPONSE AND EXPLANATION OF CHANGE: MDA has added a definition of propagules and inserted language regarding their use.

COMMENT #13: "(17) Why is there an age restriction? Hemp is a legal agricultural commodity, both in Missouri and federally. This is unnecessary and should be removed."

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has removed the minimum age requirement.

COMMENT #14: "(9) Why is the destruction method determined by the Missouri State Highway Patrol and not the Missouri Department of Agriculture?"

RESPONSE AND EXPLANATION OF CHANGE: The definition of "destroy/destruction" has been changed. Destruction methods will be identified in a protocol established by the Missouri Department of Agriculture.

COMMENT #15: "(19) May want to specific contiguous more clearly. Does contiguous include a situation where there is one tax lot but an "access road" in between, or if there are multiple greenhouses on different parts of one tax lot?"

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #16: "(20) No leaf or floral materials? What type of limitation is this? Can one not sell harvested, trimmed hemp flower? What about products that contain flower and/or leaf material? Would this have to be considered a hemp extract?"

RESPONSE AND EXPLANATION OF CHANGE: MDA has added "viable" to leaf and floral materials in the definition of "publically marketable hemp products".

COMMENT #17: "(5) Delete the first word "Certified" this could be an approved variety as well and the term certified is a very specific legal term."

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has added language to allow the use of non-certified seed and propagules which are approved by the department.

COMMENT #18: "(10) Delete "including taking cuttings" once and approved variety is in cultivation the only need for an inspections is prior to harvest of the mature plant. Cuttings are also very time sensitive if done well."

RESPONSE: Comment reference is to (12). No changes have been made to the rules as a result of this comment.

COMMENT #19: "(20) Delete "living hemp plants, viable seeds, viable roots, leaf materials, or floral materials, and contains no". What is left is that products must meet the legal definition of hemp. This is more in line with guidelines of the 2018 farm bill."

RESPONSE AND EXPLANATION OF CHANGE: MDA has added "viable" to leaf and floral materials in the definition of "publically marketable hemp products".

COMMENT #20: "Letter (B) on farming experience, how much weight does that carry in the scoring? With little "professional"

farming experience is this something that can be overcome with good scoring on the other factors?"

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has replaced "farming" experience with "row crop, nursery, or greenhouse" experience.

SUMMARY OF GENERAL COMMENTS: The Department of Agriculture (MDA) received eighty-four (84) general comments on the proposed industrial hemp rules.

COMMENT #1: "The law has not addressed using certified genetics from cloned plants, (cuttings, propagules, etc...)"

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has inserted language to address the concept of clones, cuttings and propagules.

COMMENT #2: "The law should not contain a maximum number of grower and handler permits or a maximum number of acres allowed to grow industrial hemp within the state."

RESPONSE: Acre limitations are set by statute and cannot be altered by regulation. No changes have been made to the rules as a result of this comment.

COMMENT #3: "The minimum acres required should be changed to 1/4 acre and indoor growing addressed as an allowed form of agriculture."

RESPONSE: Acre limitations are set by statute and cannot be altered by regulation. No changes have been made to the rules as a result of this comment.

COMMENT #4: "define the words "grower", "handler" and "dry weight" as they are used in multiple regs"

RESPONSE: Grower and handler are defined in statute. Dry weight is consistent with federal law. No changes have been made to the rules as a result of this comment.

COMMENT #5: "does the JV or Co-op need permits for both (Handler, Grower) for each employee?"

RESPONSE: No. No changes have been made to the rules as a result of this comment.

COMMENT #6: "Does a Grower need a 'Handler Permit'? Q: Does a Handler need a 'Grower Permit'?"

RESPONSE: Grower and handler requirements are specified in the statute and regulation. No changes have been made to the rules as a result of this comment.

COMMENT #7: "model our state's industrial hemp model after Oregon't existing, successful model"

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #8: "'2 CSR 70-17.010 Definitions" could describe exactly what laboratory analyses the department may require a grower to reimburse, for instance by defining "required analyses."

RESPONSE: Laboratory analysis is required for delta-9 THC. No changes have been made to the rules as a result of this comment.

COMMENT #9: "To comment directly on this reg, under "(19) Plot of Land", if there is any cap to be put in place at all (which I am not in favor of), I would cap the total acreage at 1,000 acres per grower for any grower's first 3-year application term, and remove the cap completely for all years after that. In addition, I would not have an acreage cap state-wide or county-wide."

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #10: "Other States have a few years lead on Missouri so we need HEMP in the ground this April (The growing season)."
RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #11: "regarding (195.749- (4) (page 32)) how does greenhouse and indoor cultivation fit into this program and what provisions/rules/exceptions will be made to allow for licensing of greenhouse and indoor cultivation in regards to size (10-40 acres)? - especially dealing with size of farm (10-40 acres) and footprint size of greenhouse and indoor in relation to those standards. - as it currently reads, hb2034 does not include clarification about whether or not indoor and greenhouse cultivation will be accommodated for and what, if any, accommodations will be made in regards to size (195.749- (4) page 32) - so all greenhouse and indoor grows must be on 10-40 acre site and there's no minimum or maximum size of indoor or greenhouse sq ft for cultivation, even if they aren't using any acres for outdoor traditional cultivation?"
RESPONSE: Acre limitations are set by statute and cannot be altered by regulation. No changes have been made to the rules as a result of this comment.

COMMENT #12: "I am hoping that the rules for seed producers will allow indoor grows that are smaller than 10 acres for those of us who want to produce feminized hemp seeds."
RESPONSE: Acre limitations are set by statute and cannot be altered by regulation. No changes have been made to the rules as a result of this comment.

COMMENT #13: "Need even playing field for ALL Missouri farmers, or a cap on the licensing fees."
RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #14: "With such severe acreage limitations I would think we would keep this open to just MO farmers"
RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #15: "unable to find where the plots had to be 10 to 15 acres with 2000 acres state wide. I would like the state to consider green houses as a means to grow hemp. This would provide higher production yield in a controlled environment."
RESPONSE: Acre limitations are set by statute and cannot be altered by regulation. No changes have been made to the rules as a result of this comment.

COMMENT #16: "Allow the crop to be extracted into CBD oil as well."
RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #17: "It's not clear where an application for a nursery for hemp cuttings fits into the rules."
RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has added a definition of propagules and inserted language regarding their use.

COMMENT #18: "It's also not clear if a nursery would be required to still have a 10acre minimum plot of land, even though it would not require nearly that much land."
RESPONSE: Acre limitations are set by statute and cannot be altered by regulation. No changes have been made to the rules as a result of this comment.

COMMENT #19: "There is a concern that maturing plants under

stress can easily have above 0.3% THC. Some allowance needs provided to get the seeds matured and off prior to destruction of the rest of the plant."

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #20: "This rule does not make provision for growing Hemp CBD in a greenhouse setting, under hydroponic cultivation."
RESPONSE: Acre limitations are set by statute and cannot be altered by regulation. Greenhouse and hydroponic cultivation are not prohibited. No changes have been made to the rules as a result of this comment.

COMMENT #21: "How did you all determine the cost per acre at \$45? That seems a little high for a new market."
RESPONSE: All fees were set to recover the cost of the program. The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #22: "For the selection and registration process, a set aside for disabled veterans and Veterans with Purple Hearts should be included."
RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #23: "Need more definition and separation of what a "handler" is, a grower of seed to sell, seed to cultivate to market and grower of fiber."
RESPONSE: Handler is defined in the statute. No changes have been made to the rules as a result of this comment.

COMMENT #24: "The acreage cap limited growers to 2,000 acres for the entire state is unnecessary. I would recommend no acreage cap whatsoever."
RESPONSE: Acre limitations are set by statute and cannot be altered by regulation. No changes have been made to the rules as a result of this comment.

COMMENT #25: "This process should be sped up so that Missouri producers can receive permits by April 1st 2019."
RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #26: "Permits should be open and available to everyone who wants to introduce this crop into Missouri."
RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #27: "The reg refers to seed, how are clones addressed?"
RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has added a definition of propagules and inserted language regarding their use.

COMMENT #28: "GREENHOUSES and SMALL PLOTS should have a opportunity to grow and research specific strains and types of hemp for the purpose of discovering new and more productive and tolerant plants."
RESPONSE: Acre limitations are set by statute and cannot be altered by regulation. No changes have been made to the rules as a result of this comment.

COMMENT #29: "You have added requirement for both growers and handlers that exceed the requirements set forth in the statute."

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #30: "Q: Does the Grower also need a Handler Permit? Does the Handler also need a Grower Permit? Are all employees of a LLC. (Office staff, laborers, drivers) and Grower and/or Handler required to have also have agricultural hemp seed production permit."

RESPONSE: Grower and handler are defined by statute. Not all employees of a LLC require an agricultural hemp seed production permit. No changes have been made to the rules as a result of this comment.

COMMENT #31: "Q: What is the Certification process for a 'Certified Seed'?"

RESPONSE: No changes have been made to the rules as a result of this comment.

COMMENT #32: "Q: If the LLC. buys certified seeds to start cultivation, and the Hemp crop comes to Harvest, can the LLC. keep the seeds from the Harvest of those certified seeds planted and replant the following year or does the LLC. need to purchase certified Hemp seeds every year?"

RESPONSE: This issue is addressed in statute. No changes have been made to the rules as a result of this comment.

COMMENT #33: "Please, lift the acreage cap of 2,000"

RESPONSE: Acre limitations are set by statute and cannot be altered by regulation. No changes have been made to the rules as a result of this comment.

COMMENT #34: "Allow Growers and/or Handlers to register multiple GPS locations under one application."

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #35: "Consider raising the application fee, especially early application fees as this will provide funding for the implementation and oversight of industrial hemp in Missouri."

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #36: "Change the wordage regarding the plot of land requirement to " a plot of land that is less than two acres or more than forty acres" "

RESPONSE: Acre limitations are set by statute and cannot be altered by regulation. No changes have been made to the rules as a result of this comment.

COMMENT #37: "What is the purpose for the criminal background check? Is this a federal or state requirement? Does this remain pertinent given the 2018 Farm Bill?"

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #38: "Please remove the acreage limitations from the program."

RESPONSE: Acre limitations are set by statute and cannot be altered by regulation. No changes have been made to the rules as a result of this comment.

COMMENT #39: "The term propagator must be added. A field grower of hemp needs starter plants that have been produced from seed or eventually from vegetative reproduction. The best way to do this is in a greenhouse or growth chamber."

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs

and has added a definition of propagules and inserted language regarding their use.

COMMENT #40: "1. The plot size stipulation in the Bill is too exclusive. As currently written - acreage between 10 and 40 - far less than 1/1,000 of the farmers in Missouri will have an opportunity to grow hemp."

RESPONSE: Acre limitations are set by statute and cannot be altered by regulation. No changes have been made to the rules as a result of this comment.

COMMENT #41: "(5)(H) Will each grower applicant have to report after harvest where each variety was planted? Will this be public information? It should not be public, this could create safety issues and result in thefts of crops."

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #42: "What if folks are using clones or cuttings for propagation?"

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has added a definition of propagules and inserted language regarding their use.

COMMENT #43: "Why only certified seed? States are just starting to certify seed and this takes years. This is a burden for farmers and will create issues in starting the program"

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has added language to allow the use of non-certified seed and propagules which are approved by the department.

COMMENT #44: "(J)6. Is enrollment enough or actual certification by the Missouri Crop Improvement Association of the variety required?"

RESPONSE AND EXPLANATION OF CHANGE: Seed must be certified or enrolled in the Missouri Crop Improvement Association's certification program. References to the "heritage" program have been removed. Language has been added to allow the use of non-certified seed and propagules which are approved by the department.

COMMENT #45: "There should be no age limit to plant an agricultural commodity."

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has removed the minimum age requirement.

COMMENT #46: "My issue is with the timeline that the program is currently on.... We should at the very least consider granting out Missouri based University and Research facilities the opportunity to grow in the 2019 season ..."

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #47: "State testing of Hemp plant should be done at least 30 days in advance of harvest."

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #48: "The 2,000 acre cap should be lifted."

RESPONSE: Acre limitations are set by statute and cannot be altered by regulation. No changes have been made to the rules as a result of this comment.

COMMENT #49: "fund the program through the early application fees."

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a

result of this comment.

COMMENT #50: "We should abolish, or at least lower, license fees and legal background checks."

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #51: "Need clarification of allowing growers to use cuttings for propagation, and exactly what is deemed a certified cutting."

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has added a definition of propagules and inserted language regarding their use.

COMMENT #52: "(F) speaks of seed. As before, how are clones handled?"

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has added a definition of propagules and inserted language regarding their use.

COMMENT #53: "the cap of 2,000 acres statewide is far too minimal"

RESPONSE: Acre limitations are set by statute and cannot be altered by regulation. No changes have been made to the rules as a result of this comment.

COMMENT #54: "greenhouses for seed production and controlled grows needs to be a part of the early processing of Missouri hybrid seed and feminizing technics."

RESPONSE: Greenhouse production is not prohibited. Acre limitations are set by statute and cannot be altered by regulation. No changes have been made to the rules as a result of this comment.

COMMENT #55: "We should abolish licenses and fees and legal background checks."

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #56: "change the date of required inspection to 30 days in advance of harvest"

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #57: "This part of the bill (quoted below) is written in a way that would allow someone with between 10-40 acres plot of land, to cultivate less than 10 acres of actual cultivated hemp."

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #58: "Would like to see clarity on the definition of the 10acre minimum and the 40acre maximum within the rules. Does the acreage have to be continuous, or can it be over several unconnecting plots?"

RESPONSE: The definition of plot of land includes the word contiguous. No changes have been made to the rules as a result of this comment.

COMMENT #59: "Would all ten acres, (or whatever quantity of acres were registered) need to be under cultivation? Are there penalties for not being able to execute all of the acres?"

RESPONSE: 2 CSR 70-17.060 addresses changes to the application and the associated fees. No changes have been made to the rules as a result of this comment.

COMMENT #60: "Would a nursery for hemp cuttings be under the same land requirements, even though there is no way it would ever need 10acres?"

RESPONSE: Acre limitations are set by statute and cannot be altered by regulation. No changes have been made to the rules as a result of this comment.

COMMENT #61: "Additionally, be one of the wisest states to recognize the economic wisdom of assisting farmers whose crop has become "Hot = tested to high in THC" and instead of making them pay for law enforcement agencies to destroy their crops - they pay a fine, and work with the governing agencies to move hot product to producers who can still create something useful (i.e. textiles, plastics, building materials - non consumption industries)."

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #62: "In place of crop destruction when THC exceeds 0.3%, the State could levy fines scaled to excess THC content multiplied by acreage or harvest and market price. Small fines would be sufficient to eliminate profit incentives at moderate breeches and to more severely penalize gross breeches would be less intimidating to farmers trying to follow the law."

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #63: "If any of these rules are approved, an exact accounting of all fees collected and how used will be expected."

RESPONSE: No changes have been made to the rules as a result of this comment.

COMMENT #64: "In reference to 2 CSR 70-17.090, please consider the registered growers and handlers the ability to pay more upfront for early application fees rather than weighing them down with costly inspection, investigation and sampling costs including mileage charged at the federal mileage rate."

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #65: "Upon review of the laboratory testing requirements as part of CSR 70-17.100, Sampling Requirement for Industrial Hemp, we have great concern for the health of the public due to the testing being limited to delta-9 THC concentration for hemp and hemp extracts that are intended for human consumption. It is in the public's interest that the Department expands the breadth of testing requirements to include harmful contaminants and ensure that Missouri laboratories that are permitted to perform compliance testing be accredited in accordance with industry standards."

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #66: "Further, hemp should not cross state lines prior to laboratory validation that hemp is not marijuana (>0.3% delta-9 THC): a violation under federal law."

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #67: "Q: Can the grower mix two different certified seeds together and plant to whole 50 acres to cross-pollinate?"

RESPONSE: No. The requirement for variety specific sampling would prohibit mixed planting. No changes have been made to the rules as a result of this comment.

COMMENT #68: "Q: What are the protocols for sample collection? Q: What are the protocols for chain of custody of the samples collected? Q: What are the protocols for the analyzation process of the collected samples?"

RESPONSE: Protocols will be established by program personnel.

No changes have been made to the rules as a result of this comment.

COMMENT #69: “Q: Who sets the cost schedule associated with: 1. Contracting laboratory services. 2. Sample collection. 3. Delivery of samples to the independent testing laboratory 4. Laboratory analysis.”

RESPONSE: Producers will contract directly with an accredited laboratory. No changes have been made to the rules as a result of this comment.

COMMENT #70: “(5); (6)(B) Will the Department use scientific rounding and allow for up to 0.34% delta-9 THC?”

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #71: “...i.e.: If a sample analysis result comes back at (0.032%) and the manufacturers Instrument Specifications Sheet states that the device has an accuracy of ($\pm .03$), will the Dept. consider the manufacturers accuracy tolerance of ($\pm .03$) in deciding whether or not the reported analysis is less than 0.032? i.e.: Reported Result: $0.32 - 0.03 = 0.28$. This result then would then be deemed to be compliant with the 2 CSR 70-17.100 Rules.”

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #72: “Q: If there are multiple sample analysis conducted is there average standard deviation used to determine compliance with 2 CSR 70-17.100?”

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #73: “Destroyed how? Burn, plow under?”

RESPONSE AND EXPLANATION OF CHANGE: The definition of “destroy/destruction” has been changed. Destruction methods will be identified in a protocol established by the Missouri Department of Agriculture.

COMMENT #74: “Destruction of crops should be limited based on testing. An entire crop should not be penalized in the event of cross pollination from an unknown source. Grower should be able to utilize multiple tests for larger crop areas. Nature can be responsible for a higher THC count. A grower should not be punished as much of the crop can be repurposed into products for livestock if the intended use was for consumables. there is no need to destroy crops based on a THC level. Again, see other state regulations.”

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #75: “(3)(B)2. Will the Department use scientific rounding and allow for up to 0.34% delta-9 THC?”

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #76: “In addition to these comments we feel that further rules need to be promulgated to address the need for raising starts and growing hemp in a greenhouse environment.”

RESPONSE: Greenhouse production is not prohibited. Acre limitations are set by statute and cannot be altered by regulation. No changes have been made to the rules as a result of this comment.

COMMENT #77: “These farmers need to get to have licenses NOW so they can get plants or seeds in the ground in time for growing season 2019.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #78: “Additionally, will applicants receive the

point/scoring system prior to the application dissemination?”

RESPONSE: No. No changes have been made to the rules as a result of this comment.

COMMENT #79: “Lastly, will each local jurisdiction have to approve rules/zoning to grow industrial hemp (i.e., similar to medical cannabis laws)?”

RESPONSE: Local jurisdiction is not addressed. The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #80: “In Missouri, it is already legal to process and manufacture goods from industrial hemp, the only prohibition was growing. Manufactures and processors should not need to be permitted to utilize legal materials to process and manufacture.”

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #81: “Why would a “handler” or processor sell seeds to a grower? Their job is to process harvested industrial hemp.”

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #82: “The process to attain a permit to grow industrial hemp should not be a competitive process.”

RESPONSE: Acres are limited by statute. A selection process is required. No changes have been made to the rules as a result of this comment.

COMMENT #83: “Industrial hemp is now a legal commodity and should be treated as such.”

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #84: “Since the 2018 Federal Farm bill takes industrial hemp off the list of controlled substance, the caps and restrictions in the legislation passed should be lifted.”

RESPONSE: Acre limitations are set by statute and cannot be altered by regulation. No changes have been made to the rules as a result of this comment.

2 CSR 70-17.010 Definitions

(9) Destroy/destruction—rendered unusable by burning or incorporating with other materials in a manner approved by the Missouri Department of Agriculture.

(12) Harvest—the termination of the cultivation process.

(14) Independent testing laboratory—a laboratory:

(B) That is accredited as a testing laboratory to International Organization for Standardization (ISO/IEC) 17025 by a third party accrediting body such as the American Association for Laboratory Accreditation (A2LA) or Assured Calibration and Laboratory Accreditation Select Services (ACLASS). After the two (2) year period from the original effective date of this rule, the laboratory must also have the industrial hemp testing they perform on their scope of accreditation.

(17) Person—includes, but is not limited to, a natural person, sole proprietorship, partnership, limited liability corporation, limited liability partnership, company, corporation, association, government agency or governmental subdivision, business, or non-profit organization.

(18) Plot of Land—means a contiguous parcel of land registered with the department on which a registrant plans to cultivate industrial hemp.

(19) Propagule—any viable nonseed plant material used to cultivate industrial hemp, including transplants, cuttings, and/or clones.

(20) Publicly marketable hemp product—any industrial hemp product that does not include any living hemp plants, viable seeds, viable roots, viable leaf materials, or viable floral materials, and contains no material with a delta-9 THC concentration exceeding three-tenths of one percent (0.3%) on a dry weight basis.

**Title 2—DEPARTMENT OF AGRICULTURE
Division 70—Plant Industries
Chapter 17—Industrial Hemp**

ORDER OF RULEMAKING

By the authority vested in the Department of Agriculture under section 195.773, RSMo Supp. 2018, the director adopts a rule as follows:

2 CSR 70-17.020 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 2, 2019 (44 MoReg 53-56). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Agriculture (MDA) received twenty-eight (28) comments on the proposed rule.

COMMENT #1: “The law should allow for equal review of persons capable of growing or handling the hemp product and not just past general farming experience”

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has replaced “farming” experience with “row crop, nursery, or greenhouse” experience.

COMMENT #2: “(I) Will you supply more detail of what you are looking at as far as research plans? Will school association be needed?”

RESPONSE: School association is not required. No changes have been made to the rules as a result of this comment.

COMMENT #3: “More clarity on agricultural education. What counts?”

RESPONSE: Documentable agricultural education. No changes have been made to the rules as a result of this comment.

COMMENT #4: “Very difficult to do until you know if you have a license. Also, since this industry is so new you may not know exactly which variety you can actually get and how much you’ll have to plant. Perhaps better supplied when known.”

RESPONSE AND EXPLANATION OF CHANGE: MDA has removed the rules requiring variety designation in the application.

COMMENT #5: “Why only this group? Could really create a log jam is native MO seed is or wanting to be used.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #6: “Farming experience. How is a first time farmer with land, equipment, and resources supposed to break into this million dollar industry?”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #7: “Detailed map. Does this have to be a certified survey with GPS coordinates?”

RESPONSE: The map does not have to be a certified survey with GPS Coordinates. No changes have been made to the rules as a result of this comment.

COMMENT #8: “If an applicant is a newly formed LLC with members who are experienced farmers what info would be needed to satisfy (J)(1)?”

RESPONSE: Representative examples from members. No changes have been made to the rules as a result of this comment.

COMMENT #9: “How is the “score” under (9) to be determined?”

RESPONSE: With one quarter of evaluation based on each of the four factors. No changes have been made to the rules as a result of this comment.

COMMENT #10: “Though I understand the need for prior farming experience in the early stages of the pilot program, I hope the rules will later be expanded to allow those who are interested in farming and just getting started the opportunity to learn and grow. Because of this requirement, my husband and I are not currently eligible.”

RESPONSE: Acre limitations are set by statute and cannot be altered by regulation. Limited acreage necessitates selection criteria. No changes have been made to the rules as a result of this comment.

COMMENT #11: “There DOES NOT appear to be a scoring for the handler registration. Is the issuance of a handler registration compulsory if all other requirements are met?”

RESPONSE: Handler registration is not limited by acreage limitations. No changes have been made to the rules as a result of this comment.

COMMENT #12: “We should abolish license fees and legal background checks. We are growing food and fiber here not marijuana.”

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #13: “The preference for agricultural experience has merit but shouldn’t create an exemption. Better would be to state applicants that have less than three years agricultural experience are encouraged to show partnership(s) with a more experienced farmer or with a research institution.”

RESPONSE: No changes have been made to the rules as a result of this comment.

COMMENT #14: “(5) (J)(1). I would recommend adding to the evidence “horticulture and/or plant experience” in addition to farming. This would also be added to (9) (B) or as an additional subparagraph under (9) that would include applicant’s horticulture or plant experience. My further recommendation would be for (9) (B) to read as follows: “Applicant’s farming, horticulture, or plant experience.””

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has replaced “farming” experience with “row crop, nursery, or greenhouse” experience.

COMMENT #15: “The preference for agricultural experience has merit but shouldn’t create an exemption. Better would be to state applicants that have less than three years agricultural experience are encouraged to show partnership(s) with a more experienced farmer or with a research institution.”

RESPONSE: No changes have been made to the rules as a result of this comment.

COMMENT #16: “(5)(I) What will a “production, research and marketing plan” require?”

RESPONSE: The applicants written description of proposed efforts in the three listed factors. No changes have been made to the rules as a result of this comment.

COMMENT #17: "If a tie score still remains, the department will select the applicant that received the highest score on the industrial hemp production, research, and marketing plan." "I believe this process should be reversed"

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #18: "many Missouri farmers diversify their crops and rotate their crops to different fields. This leaves farmers confused about giving exact GPS coordinates and if this will complicate paperwork when changing fields."

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has removed GPS per variety requirement.

COMMENT #19: "Allow 1 license to apply to multiple gps coordinates,..."

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #20: "may be beneficial if producers working with MU Extension on research would be given a higher score on the grower registration scoring."

RESPONSE: No changes have been made to the rules as a result of this comment.

COMMENT #21: "(3) Delete ""production, cultivation,"" there is nothing in the regulations that suggests that a handler can grow anything unless they have a growers registration."

RESPONSE: No changes have been made to the rules as a result of this comment.

COMMENT #22: "(5) 1. Add ""Horticultural or"" to farming experience. The rules should not exclude the rest of the industry that serves the farming community."

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has replaced "farming" experience with "row crop, nursery, or greenhouse" experience.

COMMENT #23: "(5) 4. See redlines. [separate submittal] This would allow specifically for hemp seed that has been accepted as an approved variety for the certification program. Note: there is no heritage program."

RESPONSE AND EXPLANATION OF CHANGE: References to the "heritage" program have been removed from the rules.

COMMENT #24: "(5) Delete section. Neither of these exist and the crop improvement association does not maintain a registry under their current program."

RESPONSE AND EXPLANATION OF CHANGE: References to the "heritage" program have been removed from the rules.

COMMENT #25: "(8) Change to ""within fourteen (14) days of the receipt of each application""."

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #26: "(9) Add Horticulture experience. Delete all scoring rules."

RESPONSE: MDA concurs and has replaced "farming" experience with "row crop, nursery, or greenhouse" experience. Further, scoring rules are necessitated by acreage limits. Acre limitations are set by statute and cannot be altered by regulation, therefore no changes

have been made to the rules as a result of this comment.

COMMENT #27: "It would appear under the proposed rules that a grower and/or a handler must apply to obtain an Agricultural Hemp Seed Production Permit. Is that correct? In that case, won't all registrants have to receive the permit (i.e., please see 2 CSR 70-17.020(5)(E), which states "if applicable" regarding such application. If my interpretation is correct, wouldn't all registrants need the Agricultural Hemp Seed Production Permit so therefore insertion of such section is not relevant)?"

RESPONSE: Requirements for permittees are described in the rules. No changes have been made to the rules as a result of this comment.

COMMENT #28: "In addition, many who successfully grow industrial hemp do not have "farming" specific experience and some who do, fail with this crop."

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has replaced "farming" experience with "row crop, nursery, or greenhouse" experience.

SUMMARY OF GENERAL COMMENTS: The Department of Agriculture (MDA) received eighty-four (84) general comments on the proposed industrial hemp rules. The general comments are addressed in the order of rulemaking for 2 CSR 70-17.010.

2 CSR 70-17.020 Industrial Hemp Pilot Program Registration Application (Grower and Handler Application Requirements, Selection Process, Application Period, and Fees)

(5) Completed applications must provide the following information:

(H) An industrial hemp production, research, and marketing plan;

(I) The application for a grower registration must include submission of:

1. Any evidence of row crop, nursery, or greenhouse experience for the department's consideration, such as a copy of an IRS Schedule F federal tax form for at least one (1) of the past three (3) years, the applicant's farm serial number (FSN) issued by the United States Department of Agriculture-Farm Service Agency, or evidence of agricultural education;

2. A detailed map of the plot of land on which the applicant plans to grow industrial hemp, showing the boundaries and dimensions of the growing area in acres and the location of different varieties within the growing area;

3. Requested number of acres for production and cultivation of industrial hemp; and

4. Documentation verifying any non-certified agricultural hemp seed to be planted is enrolled in the Missouri Crop Improvement Association's certification program.

(6) Applications must be submitted along with a nonrefundable application fee of one hundred dollars (\$100) per type of registration, made payable to the Missouri Department of Agriculture. Institutions of higher education are exempt from the application fee.

(7) The department shall notify applicants by letter or email whether the application has been denied or conditionally approved. A person, cooperative, or joint venture shall not be a participant in the department's pilot program until the applicant has executed a grower registration agreement, paid all registration fees, and received from the department an issued registration.

(8) The department will select applicants for a grower registration by scoring the following factors:

(A) Application for registration;

(B) Applicant's row crop, nursery, or greenhouse experience;

(C) Detailed map of the plot of land on which industrial hemp will be cultivated; and

(D) Applicant's industrial hemp production, research, and marketing plan.

In the event there is a tie between applicants for a grower registration, the department will select the applicant that received the highest score on row crop, nursery, or greenhouse experience. If a tie score still remains, the department will select the applicant that received the highest score on the industrial hemp production, research, and marketing plan.

Division 70—Plant Industries
Chapter 17—Industrial Hemp**

ORDER OF RULEMAKING

By the authority vested in the Department of Agriculture under section 195.773, RSMo Supp. 2018, the director adopts a rule as follows:

2 CSR 70-17.030 State and Federal Criminal History Background Check (When Required, Process, and Fees) is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 2, 2019 (44 MoReg 57-58). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Agriculture (MDA) received two (2) comments on the proposed rule.

COMMENT #1: "There is no need to ask for a background check."
RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #2: "... you should let applicants know exactly how this check is to be performed..."
RESPONSE: The information will be made available on the MDA website. No changes have been made to the rules as a result of this comment.

SUMMARY OF GENERAL COMMENTS: The Department of Agriculture (MDA) received eighty-four (84) general comments on the proposed industrial hemp rules. The general comments are addressed in the order of rulemaking for 2 CSR 70-17.010.

**Title 2—DEPARTMENT OF AGRICULTURE
Division 70—Plant Industries
Chapter 17—Industrial Hemp**

ORDER OF RULEMAKING

By the authority vested in the Department of Agriculture under section 195.773, RSMo Supp. 2018, the director adopts a rule as follows:

2 CSR 70-17.040 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 2, 2019 (44 MoReg 59). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Agriculture (MDA) received thirteen (13) comments on the proposed rule.

COMMENT #1: "There could instances of getting approval for 40 acres and not being able to procure enough seed. Will farmer still be able to plant what they do get?"

RESPONSE: Yes. No changes have been made to the rules as a result of this comment.

COMMENT #2: "Most states take and test samples from different areas of growing and allow 3 tests to get to 0.3% before destroying the crop. Many states are also looking at raising the limit to 1%. I'd hope to see the Department of Ag doing what it can to help the farmers and program be successful. Needs to be clearer the parameters of this testing."

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #3: "(N) Would this exclude hemp as part of a cover crop using multiple plant varieties?"

RESPONSE: Yes. No changes have been made to the rules as a result of this comment.

COMMENT #4: "(P) Does this pertain only to travel within the state of MO?"

RESPONSE: This rule pertains to transport in Missouri. No changes have been made to the rules as a result of this comment.

COMMENT #5: "(F) also says seed must be planted on all acres. Can you ramp up to all acres permitted or must you plant all acres in the first year and each year thereafter? Is any variance permitted?"

RESPONSE: Variance requires application revision and fees addressed in 2 CSR 70-17.060. No changes have been made to the rules as a result of this comment.

COMMENT #6: "The registration process needs to be streamlined"
RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #7: "(1)(F) What does it mean that "All agricultural hemp seed must be planted on all acres"? All acres applied for must be planted? Again, requiring certified seed is going to create issues for farmers as there are only a few certified varieties at this time."

RESPONSE: Variance requires application revision and fees addressed in 2 CSR 70-17.060. MDA concurs and has added language to allow the use of non-certified seed and propagules which are approved by the department.

COMMENT #8: "Please clarify what is required for enrollment of non-certified varieties."

RESPONSE AND EXPLANATION OF CHANGE: Non-certified seed must be enrolled in the Missouri Crop Improvement Association's certification program. Language has been added to allow the use of non-certified seed and propagules which are approved by the department.

COMMENT #9: "(1)(L) Will the Department use scientific rounding and allow for up to 0.34% delta-9 THC?"

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #10: "My only comment on this reg is to note that I am heavily in favor of Section (1)(H) allowing a 3 year permit period, rather than an annual re-registration process."

RESPONSE: No changes have been made to the rules as a result of this comment.

COMMENT #11: "(1)(F)3. Change to "Non-certified agricultural hemp seed approved for eligibility" this should further address seed that has a variety approval from the variety review board."

RESPONSE AND EXPLANATION OF CHANGE: Non-certified seed must be enrolled in the Missouri Crop Improvement Association's certification program. MDA concurs and has added language to allow the use of non-certified seed and propagules which are approved by the department.

COMMENT #12: "(1)(K) change to ", during reasonable business hours, and upon 3 days notice by the Department," it is important to remember that this is covering a huge industry."

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #13: "(1)(N) add ", except cover crops" this crop will be largely grown with organic methods including no till."

RESPONSE: MDA concurs and has inserted ", except a cover crop," to 2 CSR 70-17.040 (1) (N).

SUMMARY OF GENERAL COMMENTS: The Department of Agriculture (MDA) received eighty-four (84) general comments on the proposed industrial hemp rules. The general comments are addressed in the order of rulemaking for 2 CSR 70-17.010.

2 CSR 70-17.040 Industrial Hemp Pilot Program Grower and Handler Registration Agreement

(1) The following terms, conditions, and requirements shall be included in the registration agreement and will be provided to the selected applicants for signature. Applicants shall acknowledge and agree:

(F) All acres for which the application was approved must be planted with industrial hemp. All acres must be planted with—

1. Certified agricultural hemp seed;
2. Seed retained from the registered grower's previous year's crop;
3. Seed enrolled in the Missouri Crop Improvement Association's certification seed program; or

4. Seed or propagules from industrial hemp varieties approved by the department. The list of approved varieties will be published on the department's website.

(N) Not to plant industrial hemp within any other crop, except a cover crop, without written permission from the department;

(R) To notify the department and law enforcement of any theft of industrial hemp. Notification must be made by phone within forty-eight (48) hours of discovery and in writing within five (5) calendar days of discovery.

Title 2—DEPARTMENT OF AGRICULTURE Division 70—Plant Industries Chapter 17—Industrial Hemp

ORDER OF RULEMAKING

By the authority vested in the Department of Agriculture under section 195.773, RSMo Supp. 2018, the director adopts a rule as follows:

2 CSR 70-17.050 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 2, 2019 (44 MoReg 59-60). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Agriculture (MDA) received five (5) comments on the proposed rule.

COMMENT #1: "regarding paragraph (1) Why would we exclude our states high school ag programs from participating in the cultivation of hemp? Our younger generation of farmers need to have the knowledge how to cultivate this extremely versatile and lucrative crop to be able to compete in a world market. Science has proved industrial hemp poses no harm to our communities so why stipulate it not be grown near our education systems?"

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has removed the 2,000 feet proximity restriction and the minimum age requirement.

COMMENT #2: ".050 (3) Registered growers and registered handlers must also obtain an agricultural hemp seed permit to sell agricultural hemp seed. Q: Are registered growers and registered handlers also required to obtain an agricultural hemp seed permit if they are not going to sell agricultural hemp seed?"

RESPONSE: Requirements for permittees are described in the rules. No changes have been made to the rules as a result of this comment.

COMMENT #3: "The 2,000 feet distance from any school, preschool, or daycare for registered growers and handlers is a lot more restrictive than those imposed on sex offenders."

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has removed the 2,000 feet proximity restriction.

COMMENT #4: "(1) Why is there a limitation for production near a school? This is not a drug, this is an agricultural commodity under both Missouri and federal law. This restriction needs to be removed."

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has removed the 2,000 feet proximity restriction.

COMMENT #5: "(1) Delete section. There is no requirement for this in the Missouri law this is an agricultural crop now."

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has removed the 2,000 feet proximity restriction.

SUMMARY OF GENERAL COMMENTS: The Department of Agriculture (MDA) received eighty-four (84) general comments on the proposed industrial hemp rules. The general comments are addressed in the order of rulemaking for 2 CSR 70-17.010.

2 CSR 70-17.050 Stipulations for Registered Growers and Handlers

(1) No application or site modification request shall include any plot of land that is not owned or rented by the applicant, registered grower, or registered handler.

(2) Registered growers and registered handlers must also obtain an agricultural hemp seed permit to sell agricultural hemp seed.

Title 2—DEPARTMENT OF AGRICULTURE Division 70—Plant Industries Chapter 17—Industrial Hemp

ORDER OF RULEMAKING

By the authority vested in the Department of Agriculture under section 195.773, RSMo Supp. 2018, the director adopts a rule as follows:

2 CSR 70-17.060 Modification of Grower and Handler Applications and Fees is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 2, 2019 (44 MoReg 60-61). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Agriculture (MDA) received two (2) comments on the proposed rule.

COMMENT #1: “So this is the process for changing your registration but is the change subject to the scoring set forth in 70-17.020? Is the modification discretionary with Ag?”

RESPONSE: Revised applications are subject to scoring. Modification requirements are found in the rule. No changes have been made to the rules as a result of this comment.

COMMENT #2: “Q: Does the registered grower need to request to change (decrease) if they couldn’t finish planning plot (permitted 50 acres but only planted 25 due to mechanical/operational/weather issues beyond their control?”

RESPONSE: Yes. No changes have been made to the rules as a result of this comment.

SUMMARY OF GENERAL COMMENTS: The Department of Agriculture (MDA) received eighty-four (84) general comments on the proposed industrial hemp rules. The general comments are addressed in the order of rulemaking for 2 CSR 70-17.010.

Title 2—DEPARTMENT OF AGRICULTURE
Division 70—Plant Industries
Chapter 17—Industrial Hemp

ORDER OF RULEMAKING

By the authority vested in the Department of Agriculture under section 195.773, RSMo Supp. 2018, the director adopts a rule as follows:

2 CSR 70-17.070 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 2, 2019 (44 MoReg 62-64). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Agriculture (MDA) received sixteen (16) comments on the proposed rule.

COMMENT #1: “Drop the \$45 per acre planted or stipulate it to planned CBD acres.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #2: “Wow, the fees seem a bit overwhelming.... With the 2018 farm bill basically making hemp a crop for U.S. farmers it really feels like a deterrent to get hemp into the farming and economic playing field.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #3: “These costs are prohibitive for an average family farm in Missouri to cultivate industrial hemp and hemp seed.”

RESPONSE: The rule reflects the authority given by the General

Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #4: “Fiber used to be a big business in Missouri but not at these fee levels.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #5: “What is an “unaccounted acre”“?”

RESPONSE: Requestable acres remaining under the statutory acreage limit. No changes have been made to the rules as a result of this comment.

COMMENT #6: “”Processing”“ is used here to describe converting leaf to, say, CBD. “”Handler”“ was used elsewhere to describe this but was also used to describe one who processes seed. Maybe you should have definitions for Processor and Handler.”

RESPONSE: Handler is defined by statute. Processing is used in statute. No changes have been made to the rules as a result of this comment.

COMMENT #7: “Missouri fees are excessive compared to other states.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #8: “Not everyone wants to do CBD oil. There is a massive industry of building products that can come out of using Hemp. This means that massive quantities of the plant are needed for fiber board, chip board, hempcrete and more. With the by products being flowers and grain that can feed livestock with no chemicals, it does not make sense to lump plant parts into categories when they can easily be interchanged for multiple purposes.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #9: “Create the ability to fund the program by making early registration fees much higher.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #10: “Q What is the process to determine the ‘appropriate costs’ for the destruction certificate fee? Q: Labor hours? Q: Per hour rate? Q Per Day Rate? Q: What department is responsible for determining the ‘the destruction certificate fee?’ Q: MO Highway Patrol Dept.? Q MO Agricultural Dept?”

RESPONSE: The destruction certification fee will be the certifier’s cost. No changes have been made to the rules as a result of this comment.

COMMENT #11: “You have made this into a tax and charge more than any other agriculture fee. What you propose is unconstitutional and a grave misstep. The fees need to be in line with the rest of the agricultural fees and this is not consistent at all. It causes an undue burden on smaller farms and organizations.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #12: “My comment on this reg is that a \$45 per acre registration fee is much too high for a brand new program.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #13: "Regarding Item (7), I would recommend that a cap on costs be placed on this section."

RESPONSE: The destruction certification fee will be the certifier's cost. No changes have been made to the rules as a result of this comment.

COMMENT #14: "(1)(A)1. Delete section. \$45 per acre is an undue burden on any agricultural crop. The market for hemp will be volatile until it stabilizes."

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #15: "(2) Delete for the same reason as (1)(A)1."

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #16: "2 CSR 70-17.070 requires annual renewal fees for grower and handler registrations. MDA should consider revising 2 CSR 70.17.070 to require an annual renewal fee for the Agricultural Hemp Seed Production Permit."

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has added provisions to require annual renewal fees for Agricultural Hemp Seed Production Permits.

SUMMARY OF GENERAL COMMENTS: The Department of Agriculture (MDA) received eighty-four (84) general comments on the proposed industrial hemp rules. The general comments are addressed in the order of rulemaking for 2 CSR 70-17.010.

2 CSR 70-17.070 Industrial Hemp Registration Fees (Renewal of Registrations) and Other Fees

(4) Agricultural hemp seed production permittees must pay an annual renewal fee of five hundred dollars (\$500).

(5) Registrations are effective on the date originally issued by the department and will expire three (3) years after the date of issuance.

(6) Applications for registration renewal must be received no more than one hundred twenty (120) days and no less than thirty (30) days prior to the expiration of the three- (3-) year registration. Registered growers and handlers shall be required to satisfy all requirements for registration as if never before registered, including completion of an acceptable state and federal criminal background check. Registered growers will be considered first for subsequent three- (3-) year registration renewals.

(7) If unaccounted acres are available for production and cultivation, the department will announce an open application period on the department's website. During this period, the department will consider new applications and registration modifications for the acreage.

(8) When destruction is required, the department will assess to the registered grower an appropriate destruction certification fee. Such fee will be commensurate with the Missouri Highway Patrol or local law enforcement agencies' costs for certifying crop destruction. Such fee shall be paid within thirty (30) days of receiving an invoice.

REVISED PRIVATE COST: The estimated cost to growers and handlers has increased from one hundred seventy-nine thousand four hundred sixteen dollars (\$179,416) to one hundred ninety-one thousand nine hundred sixteen dollars (\$191,916).

**REVISED FISCAL NOTE
PRIVATE COST**

- I. Department Title: 2 - Agriculture**
- Division Title: 70 – Plant Industries**
- Chapter Title: 17 – Industrial Hemp**

Rule Number and Title:	2 CSR 70-17.070 Industrial Hemp Registration Fees (Renewal of Registrations) and Other Fees
Type of Rulemaking:	Proposed Rule

II. SUMMARY OF FISCAL IMPACT

Estimate of the number of entities by class which would likely be affected by the adoption of the rule:	Classification by types of the business entities which would likely be affected:	Estimate in the aggregate as to the cost of compliance with the rule by the affected entities:
170	Growers and handlers	\$191,916

III. WORKSHEET

150 growers x \$500 registration fee every 3 years = \$25,000 annually.
 2000 acres x \$45 = \$90,000 annually.
 25% of growers x \$500 ag hemp seed permit = \$18,750 annually.

20 handlers x \$500 registration fee every 3 years = \$3,333
 35% of handlers x \$500 grain processing fee = \$3,500
 25% of handlers x \$500 fiber processing fee = \$2,500
 80% of handlers x \$3,000 floral processing fee = \$48,000
 25% of handlers x \$500 ag hemp seed permit every 3 years = \$833

Total annual grower and handler fees required in this rule = \$191,916.

IV. ASSUMPTIONS

Estimates for the number of growers and handlers requesting the various registrations are based on industrial hemp program participation values in Kentucky.

**Title 2—DEPARTMENT OF AGRICULTURE
Division 70—Plant Industries
Chapter 17—Industrial Hemp**

ORDER OF RULEMAKING

By the authority vested in the Department of Agriculture under section 195.773, RSMo Supp. 2018, the director adopts a rule as follows:

2 CSR 70-17.080 Site Access for Missouri Department of Agriculture (MDA) and Law Enforcement Inspection and Sampling is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 2, 2019 (44 MoReg 65). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Agriculture (MDA) received two (2) comments on the proposed rule.

COMMENT #1: “(2) Delete section. It is no longer a federal crime to grow hemp.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #2: “(3) Add “”During regular business hours, a” “registered grower and handler, whether present or not, “”and upon three days notice from the department” “ for the same reason as deleting (2).”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

SUMMARY OF GENERAL COMMENTS: The Department of Agriculture (MDA) received eighty-four (84) general comments on the proposed industrial hemp rules. The general comments are addressed in the order of rulemaking for 2 CSR 70-17.010.

**Title 2—DEPARTMENT OF AGRICULTURE
Division 70—Plant Industries
Chapter 17—Industrial Hemp**

ORDER OF RULEMAKING

By the authority vested in the Department of Agriculture under section 195.773, RSMo Supp. 2018, the director adopts a rule as follows:

2 CSR 70-17.090 Inspection of Site, Crop, and Sampling Requirements for Laboratory Analysis (Responsibilities of Registered Grower and Handler) is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 2, 2019 (44 MoReg 65-67). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Agriculture (MDA) received five (5) comments on the proposed rule.

COMMENT #1: “I feel that having the grower pay for sampling on

the product is an unnecessary expense to the grower. If there is cause for concern or suspicion of foul play than by all means.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #2: “I feel like unless there is a means of checks and balances to keep officials from just singling out a grower for the sole purpose of “”they can” “ then I feel like this power has the potential to be abused.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #3: ““2 CSR 70-17.090 Inspections” should include some deterrent to prevent department officials from sampling plants that are unlikely to have high THC or CBD levels (e.g. based on plant morphology and planting density), because an official could use excessive reimbursements for analyses to harass growers.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #4: “Please confirm this section and the applicable fees are only for compliance inspections, investigations and sampling and not for random spot checks by the Department or law enforcement.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #5: “My comments on this reg would be to place a cap on the costs under (2) and (3). Since this is a new pilot program, no one knows what the costs or demand will be. The more clarity that can be provided for all parties, the better. I would suggest a fee cap for both sections to be the greater of actual costs or \$10 per acre actually inspected or tested.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

SUMMARY OF GENERAL COMMENTS: The Department of Agriculture (MDA) received eighty-four (84) general comments on the proposed industrial hemp rules. The general comments are addressed in the order of rulemaking for 2 CSR 70-17.010.

**Title 2—DEPARTMENT OF AGRICULTURE
Division 70—Plant Industries
Chapter 17—Industrial Hemp**

ORDER OF RULEMAKING

By the authority vested in the Department of Agriculture under section 195.773, RSMo Supp. 2018, the director adopts a rule as follows:

2 CSR 70-17.100 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 2, 2019 (44 MoReg 68-69). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Agriculture (MDA) received seven (7) comments on the proposed rule.

COMMENT #1: “Upon review of the industrial hemp sampling

requirements as part of 2 CSR 70-17.100 (1), (2), (3), and (4), we have concern that the language is vague and lacks enough specificity to ensure that sampling practices are effective and representative of the lot that is being tested prior to harvested and sale. We recommend a more specific sampling protocol to be included based on the rules adopted by the State of Oregon.”

RESPONSE: Protocols will be established by program personnel. No changes have been made to the rules as a result of this comment.

COMMENT #2: “regarding paragraph (7). Other states with profitable hemp industries such as Kentucky have defined lab testing costs upfront. I think it would be prudent for the Department of Agriculture here in Missouri to do the same thing and identify lab testing costs upfront.”

RESPONSE: Producers will contract directly with an accredited laboratory. No changes have been made to the rules as a result of this comment.

COMMENT #3: “It would be more practical to have the state provide and approved list of laboratories, receive duplicate lab results that the farmer gets. A concern is avoiding having samples confiscated in transit. An issue of extreme importance the state needs to take care of.”

RESPONSE: It is not practical to have a list of approved laboratories in regulation. No changes have been made to the rules as a result of this comment.

COMMENT #4: “The requirement to destroy a crop with over 0.3% THC might be unduly harsh. The hemp plant can vary its % THC based on climate conditions, even if the genetic material was within the guidelines. A plant with over 0.3% THC can be used in the manufacture of a CBD oil that can reduce the THC level in manufacture, so it has a use. A better rule would be that crops testing over 0.3% THC should be slated for special use, such as manufacture of CBD oil with THC under the 0.3%.”

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #5: “please consider changing the 2 CSR 70-17.100 to read (2) Registered growers must collect samples in accordance with the department’s sampling protocol within thirty (30) days prior to harvest. This is a more reasonable time frame for our farmers to work with.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #6: “Also, it seems that there must be a much more economically wise way to approach crops whose THC goes above (0.3%) than charging the farmer to have to pay law enforcement agencies to destroy their valuable industrial hemp plants. Why not simply charge the farmers a fine, and give them a specific amount of time to find a handler and/or processor who can incorporate the plant into the production of a legal and useful product (i.e. textiles, alternative plastics, building materials). This approach would save our farmers and law enforcement, thus our communities, time, effort, and resources.”

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #7: “Remove the phrase “sampled and” from 100(3) because labs will not do sampling. Also remove the word “variety” from the second sentence of 100(6)(C) because separate plantings of a variety may be in compliance.”

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has removed “sampled and” from 100(3) and “variety” from the second sentence of 100(6)(C).

SUMMARY OF GENERAL COMMENTS: The Department of Agriculture (MDA) received eighty-four (84) general comments on the proposed industrial hemp rules. The general comments are addressed in the order of rulemaking for 2 CSR 70-17.010.

2 CSR 70-17.100 Sampling Requirements

(3) Each variety of industrial hemp must be analyzed by an independent testing laboratory for analysis for delta-9 THC concentration on a dry weight basis.

(6) Registered growers must maintain a copy of each certificate of analysis as part of the Industrial Hemp Plant Monitoring System for a period of three (3) years from date of analysis.

(C) Registered growers must submit to the department, within three (3) business days of receipt, each duplicate composite certificate of analysis. The department will issue to the registered grower an order for destruction for the specific industrial hemp testing out of compliance. Destruction must be completed by the registered grower within ten (10) days of receipt of the department’s order for destruction.

1. The registered grower must maintain a destruction report.

2. The registered grower must submit a copy of the destruction report to the department within three (3) days of crop destruction and the department will notify the Missouri Highway Patrol and local law enforcement of crop destruction.

Title 2—DEPARTMENT OF AGRICULTURE Division 70—Plant Industries Chapter 17—Industrial Hemp

ORDER OF RULEMAKING

By the authority vested in the Department of Agriculture under section 195.773, RSMo Supp. 2018, the director adopts a rule as follows:

2 CSR 70-17.110 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 2, 2019 (44 MoReg 70-71). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Agriculture (MDA) received seven (7) comments on the proposed rule.

COMMENT #1: “The Missouri Department of Agriculture should evaluate how these provisions operate in the event that a registered handler does not sell industrial hemp within ten (10) days of its purchase, storage, or processing. MDA may want to consider a revision to these specific provisions that would apply a ten (10) day deadline from the time of sale or distribution.”

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has added an “if sold” provision to this rule.

COMMENT #2: “Harvest report- by what medium is the amount of hemp reported? (pounds, kilo, etc)”

RESPONSE: Pounds or another measure if deemed appropriate by the producer. No changes have been made to the rules as a result of this comment.

COMMENT #3: “Weekly inventory reports is excessive. Once product is stored, there is no need to check inventory again until product is moved to another location. Most products need to dry and cure depending on the intended use of the plant. A reduced reporting time

to fit the lifecycle of the intended use would be better at monthly or as needed for processing.”

RESPONSE AND EXPLANATION OF CHANGE: MDA has removed “weekly” from the inventory requirement making inventory updates as needed.

COMMENT #4: “Please clarify that the information required for the Industrial Hemp Plant Monitoring System is to be retained by the grower/handler and to be available for inspection during regular business hours, but is only required to be submitted to the Department upon request”

RESPONSE: The regulation is clear in this regard. No changes have been made to the rules as a result of this comment.

COMMENT #5: “(3)(A)1.C.- GPS location information on variety should not be made public.”

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #6: “(3)(D)1.D.; (3)(E)1.C.(II) Location of storage should not be made public.”

RESPONSE: The rule mirrors the requirements of the statute. No changes have been made to the rules as a result of this comment.

COMMENT #7: “The department should reduce the monitoring system at minimum. Once the crop has been tested, proven legal, and harvested like any other crop it should fall under the regulations of other departments as it moves through the rest of its processing cycles. This is the approach Tennessee has taken with their program. There is no handler license. See attached redlines for some suggestions.” [separate submittal]

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

SUMMARY OF GENERAL COMMENTS: The Department of Agriculture (MDA) received eighty-four (84) general comments on the proposed industrial hemp rules. The general comments are addressed in the order of rulemaking for 2 CSR 70-17.010.

2 CSR 70-17.110 Industrial Hemp Plant Monitoring System (Records, Reports, and Data Maintained for Cultivating, Sampling, Certificates of Analysis, Storing, Processing, Destruction, and Sale or Distribution of Industrial Hemp)

(3) Contents of an Industrial Hemp Plant Monitoring System include:

(E) Handling Reports—

1. Within ten (10) days of purchase, storage, disposal, or processing, the registered handler must produce:

A. Copies of industrial hemp purchasing agreements with registered growers;

B. Copies of all certificates of analysis for all industrial hemp varieties obtained from registered growers;

C. Inventory reports of each variety of industrial hemp being stored and processed, including:

(I) Date of inventory;

(II) Location of stored inventory;

(III) Total amount of industrial hemp and seed of each variety;

(IV) Total amount of unusable industrial hemp and seed of each variety; and

(V) Name, signature, and title of the employee performing inventory.

D. Disposal records for all unusable industrial hemp and seed, including the following:

(I) Date of disposal;

(II) Amount of industrial hemp disposed;

(III) Disposal or destruction method;

(IV) Location of disposal or destruction;

(V) Complete variety name; and

(VI) Name, signature, and title of employee responsible for disposal or destruction.

E. Processing records, including the following:

(I) List of products produced from industrial hemp;

(II) Address or location of processing facility;

(III) List of buyers, if sold, including:

(a) Name, address, and phone number of buyer;

(b) Products purchased;

(c) Quantity of each product purchased; and

(d) Date of distribution.

Title 2—DEPARTMENT OF AGRICULTURE Division 70—Plant Industries Chapter 17—Industrial Hemp

ORDER OF RULEMAKING

By the authority vested in the Department of Agriculture under section 195.773, RSMo Supp. 2018, the director adopts a rule as follows:

2 CSR 70-17.120 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 2, 2019 (44 MoReg 71). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Agriculture (MDA) received four (4) comments on the proposed rule.

COMMENT #1: “Revocation is generalized when it comes to Highway Patrol. I do understand the agency of enforcement, but there are way too many unrelated reasons that would be used as a revocation. Please clarify the revocation to be inclusive of infractions or regulations regarding Hemp growing exclusively.”

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has added language to limit orders from Missouri Highway Patrol and law enforcement to orders regarding industrial hemp.

COMMENT #2: “Registration fees are too complicated to follow based on how it is set up. I don;t think that someone should have a license revoked for not getting all the registration fees in order. Once a person does an application this should be the point at denial or approval based on background check. Many issues are resolved through court and there are no allowances for issues here that have been resolved yet still appear on record.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

COMMENT #3: “(1)195.749 2. Only puts a limitation on felonies. Why would one have to report a misdemeanor?”

RESPONSE AND EXPLANATION OF CHANGE: MDA concurs and has removed the referenced misdemeanor.

COMMENT #4: “(4) CHANGE TO : The Department shall schedule a registration... This is no longer an illegal crop.”

RESPONSE: The rule reflects the authority given by the General Assembly to MDA. No changes have been made to the rules as a result of this comment.

SUMMARY OF GENERAL COMMENTS: The Department of Agriculture (MDA) received eighty-four (84) general comments on

the proposed industrial hemp rules. The general comments are addressed in the order of rulemaking for 2 CSR 70-17.010.

2 CSR 70-17.120 Revocation of Registration

(1) The department may immediately revoke a registration or permit if the registered grower, registered handler, and/or signing authority pleads guilty to, pleads *nolo contendere* to, or is convicted of, any felony.

(2) The department may immediately revoke a registration or permit if the registered grower, registered handler, and/or signing authority admits or is found by the department to have:

(C) Failed to comply with any order from the department, or any order regarding industrial hemp from the Missouri Highway Patrol or any law enforcement agency; or

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT

Division 240—Public Service Commission Chapter 2—Practice and Procedure

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 386.410, RSMo 2016, the commission amends a rule as follows:

4 CSR 240-2.010 Definitions is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3762). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 16, 2019, and the commission held a public hearing on the proposed amendment on January 29, 2019. The commission received timely written comments in support of the amendment from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission. Additional written comments suggesting changes were received from Paula N. Johnson, Senior Corporate Counsel, on behalf of Union Electric Company d/b/a Ameren Missouri (“Ameren Missouri”). Written comments in support of Ameren Missouri’s comments were received from Diana C. Carter, Brydon Swearngen & England, PC, on behalf of Spire Missouri (“Spire”). The commission received comments at the hearing regarding the amendment from Jamie Myers, Commission Staff Deputy Director, on behalf of the staff of the commission (“staff”), Caleb Hall, Attorney, on behalf of the Office of the Public Counsel (“OPC”), and Jim Fischer, Fischer & Dority, PC, on behalf of Kansas City Power & Light Company and KCP&L Greater Missouri Operations Company (collectively referred to as “KCP&L/GMO”).

COMMENT #1: Staff made comments supporting the amendment of this rule indicating that this update of the rule removes nonexistent positions and properly defines staff counsel. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to consolidate, streamline, and improve the user-friendliness of the commission’s regulations.

RESPONSE: The commission believes the proposed definition adequately describes the role of staff counsel. No change was made as a result of this comment.

COMMENT #2: Ameren Missouri filed written comments and made comments at the hearing agreeing that the definition of “staff coun-

sel” needs an update. Ameren Missouri believes that too much of the definition is being removed. Ameren Missouri proposed changes to clarify how staff counsel receives direction within the agency for the purpose of adding additional transparency to the definition. Spire’s submitted written comments supporting Ameren Missouri’s written comments. KCP&L/GMO, commented at the hearing that KCP&L/GMO agreed with Ameren Missouri’s comments.

OPC commented that the proposed amendment maintains staff’s independence. OPC suggested that taking the language that staff operates independently out of the definition and placing it in a separate subsection might address Ameren Missouri’s concerns.

RESPONSE: The commission does not feel it is necessary to have a separate subsection designating that staff operates independently. No change was made as a result of this comment.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT

Division 240—Public Service Commission Chapter 2—Practice and Procedure

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 386.410, RSMo 2016, the commission amends a rule as follows:

4 CSR 240-2.070 Complaints is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3762–3763). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 16, 2019, and the commission held a public hearing on the proposed amendment on January 29, 2019. The commission received timely written comments in support of the amendment from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission. Additional written comments suggesting changes were received from Paula N. Johnson, Senior Corporate Counsel, on behalf of Union Electric Company d/b/a Ameren Missouri (“Ameren Missouri”). Written comments in support of Ameren Missouri’s comments were received from Diana C. Carter, Brydon Swearngen & England, PC, on behalf of Spire Missouri (“Spire”). The commission received comments at the hearing regarding the amendment from Jamie Myers, Commission Staff Deputy Director, on behalf of the staff of the commission (“staff”), Caleb Hall, Attorney, on behalf of the Office of the Public Counsel (“OPC”), and Jim Fischer, Fischer & Dority, PC, on behalf of Kansas City Power & Light Company and KCP&L Greater Missouri Operations Company (collectively referred to as “KCP&L/GMO”).

COMMENT #1: Staff made written comments supporting the amendment of this rule indicating that this amendment clarifies proper service and clarifies staff’s role in small complaints. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to streamline, simplify, and improve the user-friendliness of the commission’s regulations.

RESPONSE: No change was made as a result of this comment.

COMMENT #2: At the hearing Staff commented that the proposed amendment attempted to simplify the service language tying it to service acceptable under Supreme Court Rule 54.

RESPONSE: The commission feels that service which would withstand the scrutiny of a reviewing court is a necessary component of

due process. No change was made as a result of this comment.

COMMENT #3: Ameren Missouri filed written comments and made comments at the hearing regarding changes to section (8). Ameren Missouri suggests that for regulated utilities, notification through the commission's electronic filing information system, or email notification of a complaint filing would be a sufficient and more expedient form of service upon regulated utility respondents.

RESPONSE: Some regulated utilities or individuals subject to commission jurisdiction may not utilize email. So the proposed alteration of the rule is inappropriate. No change was made as a result of this comment.

COMMENT #4: Staff offered comments at the hearing regarding subsection (15)(D) which removed language stating staff shall not advocate a position in small formal complaint cases. Staff comments indicated a reluctance on its part to offer recommendations to the commission due to the existing language. Staff commented that removal of this language would allow them to make recommendations to the commission based upon staff's investigation. Staff indicated that removal of the language does not change staff's position as a neutral party. Ameren Missouri also filed written comments and made comments at the hearing regarding changes to subsection (15)(D). Ameren Missouri opposes removal of language stating that staff should not advocate a position. Ameren Missouri indicated concern that in the past staff has advocated for particular complainants. Ameren Missouri points out that if OPC does not have the resources to intervene, and staff wants to advocate a position it can follow existing procedures to change the complaint status. Ameren Missouri does not believe the existing language prevents staff from offering a recommendation to the commission. Ameren Missouri also proposed limiting staff to reporting the results of an investigation and making a recommendation. OPC commented that staff is advocating a position when it takes a position regarding whether a complaint should proceed. OPC finds the amendment fair and understandable.

RESPONSE: The commission would be greatly assisted by staff filing recommendations in small complaint cases. The commission believes that the proposed amendment accomplishes this end without compromising staff's position as a neutral party. No change was made as a result of this comment.

COMMENT #5: KCP&L/GMO, commented that KCP&L/GMO agreed with Ameren Missouri's comments. Spire Missouri submitted written comments that it concurred with Ameren Missouri's written comments.

RESPONSE: No change was made as a result of this comment.

**Title 4—DEPARTMENT OF ECONOMIC
DEVELOPMENT
Division 240—Public Service Commission
Chapter 2—Practice and Procedure**

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 386.410, RSMo 2016, the commission amends a rule as follows:

4 CSR 240-2.120 Presiding Officers is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3763). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended

January 16, 2019, and the commission held a public hearing on the proposed amendment on January 29, 2019. The commission received timely written comments in support of the amendment from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission.

COMMENT #1: Staff made comments supporting the amendment of this rule indicating that this clarification adds discovery conferences to reflect current practice. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to streamline, simplify, and improve the user-friendliness of the commission's regulations.

RESPONSE: No change was made as a result of this comment.

**Title 4—DEPARTMENT OF ECONOMIC
DEVELOPMENT
Division 240—Public Service Commission
Chapter 2—Practice and Procedure**

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 386.410, RSMo 2016, the commission adopts a rule as follows:

4 CSR 240-2.205 Variance or Waiver is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3763–3764). No changes have been made to the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 16, 2019, and the commission held a public hearing on the proposed rule on January 29, 2019. The commission received timely written comments in support of the new rule from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission.

COMMENT #1: Staff made comments supporting the new rule, staff indicated that this new rule consolidates variance and waiver. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to streamline, simplify, and improve the user-friendliness of the commission's regulations.

RESPONSE: No change was made as a result of this comment.

**Title 4—DEPARTMENT OF ECONOMIC
DEVELOPMENT
Division 240—Public Service Commission
Chapter 3—Filing and Reporting Requirements**

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 386.250, RSMo 2016, the commission amends a rule as follows:

4 CSR 240-3.010 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3764). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 16, 2019, and the commission held a public hearing on the

proposed amendment on January 29, 2019. The commission received timely written comments in support of the amendment from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission. The commission received timely written comments from Caleb Hall, Attorney, on behalf of the Office of the Public Counsel (“OPC”) proposing a simplification of the amendment.

COMMENT #1: Staff filed written comments supporting this amendment to correct an improper statutory reference. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to streamline, simplify, and improve the user-friendliness of the commission’s regulations. Staff supports the proposed rescission.

RESPONSE: No change was made in response to this comment.

COMMENT #2: OPC commented that the proposed amendment can be improved by referencing the statutory section without citing to the specific subdivision to avoid the necessity of future amendments if more definitions are added to the statute.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees that the statutory reference is sufficient without citing the specific subsection. Therefore, the commission amends section (32) by deleting a citation to section 386.020 subsection (59).

4 CSR 240-3.010 General Definitions

(32) Water utility means a water corporation as defined in section 386.020, RSMo.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT Division 240—Public Service Commission Chapter 3—Filing and Reporting Requirements

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 386.250, RSMo 2016, the commission rescinds a rule as follows:

4 CSR 240-3.015 Filing Requirements for Utility Company Applications for Waivers or Variances is rescinded.

A notice of proposed rulemaking containing the proposed rescission was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3764). No changes have been made in the proposed rescission, so it is not reprinted here. The proposed rescission becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 16, 2019, and the commission held a public hearing on the proposed rescission on January 29, 2019. The commission received timely written comments in support of the rescission from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission. The commission received no comments about the rescission at the public hearing.

COMMENT #1: Staff filed written comments that this rule is duplicative as it refers to Chapter 2 for requirements. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to streamline, simplify and improve the user-friendliness of the commission’s regulations. Staff supports the proposed rescission.

RESPONSE: No change was made in response to this comment.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT Division 240—Public Service Commission Chapter 3—Filing and Reporting Requirements

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 386.250, RSMo 2016, the commission rescinds a rule as follows:

4 CSR 240-3.020 Filing Requirements Regarding Utility Company Name Changes is rescinded.

A notice of proposed rulemaking containing the proposed rescission was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3764–3765). No changes have been made in the proposed rescission, so it is not reprinted here. The proposed rescission becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 16, 2019, and the commission held a public hearing on the proposed rescission on January 29, 2019. The commission received timely written comments in support of the rescission from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission. The commission received no comments about the rescission at the public hearing.

COMMENT #1: Staff filed written comments that this rule is duplicative as it refers to Chapter 2 and 3 for requirements. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to streamline, simplify, and improve the user-friendliness of the commission’s regulations. Staff supports the proposed rescission.

RESPONSE: No change was made in response to this comment.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT Division 240—Public Service Commission Chapter 3—Filing and Reporting Requirements

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 386.250, RSMo 2016, the commission rescinds a rule as follows:

4 CSR 240-3.025 Utility Company Tariff Filings Which Create Cases is rescinded.

A notice of proposed rulemaking containing the proposed rescission was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3765). No changes have been made in the proposed rescission, so it is not reprinted here. The proposed rescission becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 16, 2019, and the commission held a public hearing on the proposed rescission on January 29, 2019. The commission received timely written comments in support of the rescission from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission. The commission received no comments about the rescission at the public hearing.

COMMENT #1: Staff filed written comments that this rule is duplicative as it refers to Chapter 2 for tariff rules and filing requirements. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to streamline, simplify, and improve the user-friendliness of the commission's regulations. Staff supports the proposed rescission.

RESPONSE: No change was made in response to this comment.

**Title 4—DEPARTMENT OF ECONOMIC
DEVELOPMENT
Division 240—Public Service Commission
Chapter 3—Filing and Reporting Requirements**

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 386.250, RSMo 2016, the commission amends a rule as follows:

4 CSR 240-3.030 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3765-3766). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 16, 2019, and the commission held a public hearing on the proposed amendment on January 29, 2019. The commission received timely written comments in support of the amendment from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission. Additional written comments suggesting changes were received from Paula N. Johnson, Senior Corporate Counsel, on behalf of Union Electric Company d/b/a Ameren Missouri ("Ameren Missouri"). Written comments in support of Ameren Missouri's comments were received from Diana C. Carter, Brydon Swearingen & England, PC, on behalf of Spire Missouri ("Spire"). The commission received comments at the hearing regarding the amendment from Jamie Myers, Commission Staff Deputy Director, on behalf of the staff of the commission ("staff"), Caleb Hall, Attorney, on behalf of the Office of the Public Counsel ("OPC"), and Jim Fischer, Fischer & Dority, PC, on behalf of Kansas City Power & Light Company and KCP&L Greater Missouri Operations Company (collectively referred to as "KCP&L/GMO").

COMMENT #1: Staff filed written comments supporting this amendment. It updates language to be consistent with the newly promulgated staff assisted rate case rule. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to streamline, simplify, and improve the user-friendliness of the commission's regulations.

RESPONSE: The commission believes the utility size requirements in this rule should be updated to accurately reproduce the utility size requirements in the staff assisted rate case rule. The proposed amendment does that. No change was made in response to this comment.

COMMENT #2: Ameren Missouri filed written comments and made comments at the hearing regarding changes to minimum filing requirements for utilities. Ameren Missouri suggested changes to more accurately reflect current practice. Ameren Missouri offered language to propose that utilities file information for general rate increases only through the commission's electronic filing information system, and that only one (1) copy be emailed to OPC. At the hearing Ameren Missouri suggested that they would be open to compromise language that allowed for filing electronically or a hard copy, but not

fourteen (14) copies which would be burdensome. Staff stated that the requirement to file fourteen (14) copies with the commission is not necessary. Staff also noted that while not everyone files hard copies with the commission they want to preserve availability of filing a hard copy while giving the option to file electronically. Staff felt the language should be sufficiently vague to allow for either type of filing. Staff also indicated that it had talked with OPC who was not averse to receiving one (1) copy instead of two (2), either a hard copy or electronic. Staff agreed with the commission that another way of accomplishing this would be to expressly state that both filing methods would be accepted. OPC commented that the change proposed by staff sufficiently allow for electronic filing contrary to Ameren Missouri's concerns. OPC stated that Ameren's comment that only one copy be sent to OPC was a fair and reasonable change.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees that the filing requirement should be updated to more accurately reflect current practice of electronically filing documents. However, the commission recognizes that not everyone is capable of electronic filing. Accordingly, language will be added to explicitly state that electronic filing or filing a hard copy with the commission is sufficient. The commission will also reduce the number of copies to OPC from two (2) copies to one (1) copy or electronic copy.

COMMENT #5: KCP&L/GMO, commented at the hearing that KCP&L/GMO agreed with Ameren Missouri's comments. Spire Missouri submitted written comments that it concurred with Ameren Missouri's written comments.

RESPONSE: No change was made as a result of this comment.

**4 CSR 240-3.030 Minimum Filing Requirements for Utility
Company General Rate Increase Requests**

(1) This rule applies to all electric utilities; to all gas utilities with more than ten thousand (10,000) customers; to all water utilities with more than eight thousand (8,000) customers; to all sewer utilities with more than eight thousand (8,000) customers; and to all steam heating utilities with more than one hundred (100) customers.

(3) At the time a tariff(s) is filed by any company or utility subject to this rule which contains a general rate increase request, an original or electronic copy of the following information shall be filed with the secretary of the commission and one (1) copy or electronic copy shall be provided to the Office of the Public Counsel:

**Title 4—DEPARTMENT OF ECONOMIC
DEVELOPMENT
Division 240—Public Service Commission
Chapter 3—Filing and Reporting Requirements**

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under sections 386.250 and 393.140, RSMo 2016, the commission rescinds a rule as follows:

**4 CSR 240-3.145 Filing Requirements for Electric Utility Rate
Schedules is rescinded.**

A notice of proposed rulemaking containing the proposed rescission was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3766). No changes have been made in the proposed rescission, so it is not reprinted here. This proposed rescission becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 17, 2019, and the commission held a public hearing on the

proposed rule on January 28, 2019. The commission received timely written comments in support of the rescission from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission and Paula N. Johnson, Senior Corporate Counsel, on behalf of Union Electric Company d/b/a Ameren Missouri (“Ameren Missouri”). The commission received comments at the hearing in support of the rescission from Jamie Myers, Commission Staff Deputy Director, on behalf of the staff of the commission (“staff”), Ms. Johnson on behalf of Ameren Missouri, and Jim Fischer, Fischer & Dority, PC, on behalf of Kansas City Power & Light Company and KCP&L Greater Missouri Operations Company (collectively referred to as “KCP&L/GMO”).

COMMENT #1: Staff made general comments supporting the rescission of this rule and the transfer of its provisions into 4 CSR 240-20.105. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to consolidate, streamline, and improve the user-friendliness of the commission’s regulations.

RESPONSE: The commission appreciates its staff’s dedication to improving the regulatory process at the commission and in the state of Missouri. No change was made as a result of this comment.

COMMENT #2: Ameren Missouri filed written comments and commented at the hearing in support of rescinding this rule and consolidating its provisions into 4 CSR 240-20.

RESPONSE: The commission thanks Ameren Missouri for its participation in this rulemaking process. No change was made as a result of this comment.

COMMENT #3: KCP&L/GMO, commented at the hearing that KCP&L/GMO were in agreement with Ameren Missouri’s comments.

RESPONSE: The commission thanks KCP&L/GMO for their participation in this rulemaking process. No change was made as a result of this comment.

**Title 4—DEPARTMENT OF ECONOMIC
DEVELOPMENT
Division 240—Public Service Commission
Chapter 3—Filing and Reporting Requirements**

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 386.250, RSMo 2016, the commission rescinds a rule as follows:

**4 CSR 240-3.180 Submission of Electric Utility Residential
Heat-Related Service Cold Weather Report is rescinded.**

A notice of proposed rulemaking containing the proposed rescission was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3766). No changes have been made in the proposed rescission, so it is not reprinted here. The proposed rescission becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 16, 2019, and the commission held a public hearing on the proposed rescission on January 29, 2019. The commission received timely written comments in support of the rescission from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission. The commission received no comments about the rescission at the public hearing.

COMMENT #1: Staff filed written comments that this rule is duplicative and is being consolidated into proposed amendment 4 CSR 240-13.055. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to streamline, simplify, and improve the user-friendliness of the commission’s regulations. Staff supports the proposed rescission.

RESPONSE: No change was made in response to this comment.

**Title 4—DEPARTMENT OF ECONOMIC
DEVELOPMENT
Division 240—Public Service Commission
Chapter 3—Filing and Reporting Requirements**

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under sections 386.250 and 393.292, RSMo 2016, the commission rescinds a rule as follows:

**4 CSR 240-3.185 Submission of Reports Pertaining to the
Decommissioning of Electric Utility Plants is rescinded.**

A notice of proposed rulemaking containing the proposed rescission was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3766-3767). No changes have been made in the proposed rescission so it is not reprinted here. This proposed rescission becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 17, 2019, and the commission held a public hearing on the proposed rule on January 28, 2019. The commission received timely written comments in support of the rescission from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission and Paula N. Johnson, Senior Corporate Counsel, on behalf of Union Electric Company d/b/a Ameren Missouri (“Ameren Missouri”). The commission received comments at the hearing in support of the rescission from Jamie Myers, Commission Staff Deputy Director, on behalf of the staff of the commission (“staff”), and Jim Fischer, Fischer & Dority, PC, on behalf of Kansas City Power & Light Company and KCP&L Greater Missouri Operations Company (collectively referred to as “KCP&L/GMO”).

COMMENT #1: Staff made general comments supporting the rescission of this rule and the transfer of its provisions into 4 CSR 240-20.105. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to consolidate, streamline, and improve the user-friendliness of the commission’s regulations.

RESPONSE: The commission appreciates its staff’s dedication to improving the regulatory process at the commission and in the state of Missouri. No change was made as a result of this comment.

COMMENT #2: Ameren Missouri filed written comments in support of rescinding this rule and consolidating its provisions into 4 CSR 240-20.

RESPONSE: The commission thanks Ameren Missouri for its participation in this rulemaking process. No change was made as a result of this comment.

COMMENT #3: KCP&L/GMO, commented at the hearing that KCP&L/GMO were in agreement with Ameren Missouri’s comments.

RESPONSE: The commission thanks KCP&L/GMO for their participation in this rulemaking process. No change was made as a result of this comment.

**Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT
Division 240—Public Service Commission
Chapter 13—Service and Billing Practices for Residential Customers of Electric, Gas, Sewer, and Water Utilities**

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under sections 386.250(6) and 393.140(11), RSMo 2016, the commission amends a rule as follows:

4 CSR 240-13.010 General Provisions **is amended.**

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3768–3769). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 16, 2019, and the commission held a public hearing on the proposed amendment on January 29, 2019. The commission received timely written comments in support of the amendment from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission.

COMMENT #1: Staff made comments supporting the amendment of this rule indicating that this update removes redundant language. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to streamline, simplify, and improve the user-friendliness of the commission's regulations.
RESPONSE: No change was made as a result of this comment.

**Title 4—DEPARTMENT OF ECONOMIC
DEVELOPMENT
Division 240—Public Service Commission
Chapter 13—Service and Billing Practices for Residential
Customers of Electric, Gas, Sewer, and Water Utilities**

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under sections 386.250(6) and 393.140(11), RSMo 2016, the commission amends a rule as follows:

4 CSR 240-13.015 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3769). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 16, 2019, and the commission held a public hearing on the proposed amendment on January 29, 2019. The commission received timely written comments in support of the amendment from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission. Additional written comments suggesting changes were received from Paula N. Johnson, Senior Corporate Counsel, on behalf of Union Electric Company d/b/a Ameren Missouri ("Ameren Missouri"). Written comments in support of Ameren Missouri's comments were received from Diana C. Carter, Brydon Swearngen & England, PC, on behalf of Spire Missouri ("Spire"). The commission received comments at the hearing regarding the amendment from Jamie Myers, Commission Staff Deputy Director, on behalf of the staff of the commission ("staff"), Caleb Hall, Attorney, on behalf of the Office of the Public Counsel ("OPC"), and Jim Fischer, Fischer & Dority, PC, on behalf of Kansas City Power & Light Company and KCP&L Greater Missouri Operations Company (collectively referred to as "KCP&L/GMO").

COMMENT #1: Staff filed written comments supporting this amendment indicating that the amendment adds clarity to the rule. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to streamline, simplify, and improve the user-friendliness of the commission's regulations.
RESPONSE: No change was made as a result of this comment.

COMMENT #2: Ameren Missouri filed written comments regarding changes to subsection (1)(A). Ameren Missouri stated that it did not object to the change from "applied" to "requested" service. However, Ameren Missouri and other utilities have provisions in their tariffs that dictate information required to apply for utility service and felt that additional clarification might assist customers in understanding that a mere request may not be sufficient under the definition. Ameren Missouri proposed additional language clarifying that the applicant has to have provided information required under the tariff. Staff and OPC both commented that the definition of applicant does not need clarification as it is already in chapter 4 CSR 240-13.010(4).

RESPONSE AND EXPLANATION OF CHANGE: The commission finds that the proposed use of "requested" is inconsistent with some utilities tariffs. No change was made as a result of this comment. The commission will abandon that proposed revision to the rule.

COMMENT #3: Ameren Missouri filed written comments regarding changes to subsection (1)(G). Ameren Missouri is concerned that the proposed change would prevent them from recovering unpaid bills from those who benefit from utility service. Ameren Missouri points out that the word "and" gives the impression that customers must have previously received service and accepted responsibility for payment. Ameren Missouri proposed replacing the "and" with "or." OPC commented that a literal reading of Ameren Missouri's proposed change would make almost anyone liable for payment of utility services. OPC recommended that the commission keep the amendment as proposed. Staff agreed with Ameren Missouri that there was an apparent conflict in the proposed rule. Staff suggested that the commission either not change the language, or allow staff to offer additional language. Staff, OPC, Ameren Missouri, and KCP&L/GMO all commented that they were fine retaining the original rule.

RESPONSE AND EXPLANATION OF CHANGE: The commission determines that the language in the proposed amendment both conflicts with some utilities' tariffs, and needlessly complicates an already adequate rule. The commission agrees that there is no need to significantly change the existing rule and will abandon the proposed revision to the rule.

COMMENT #4: Ameren Missouri stated that it was fine with original language of the rule, but suggested removing "residential" from the original rule subsection (1)(A), as "residential" was inadvertently added at some point during the rulemaking process.
RESPONSE AND EXPLANATION OF CHANGE: The commission agrees that "residential" should be removed from the existing rule. The word "residential" was inadvertently added, and is not necessary because chapter 13 applies only to residential customers.

COMMENT #5: Spire Missouri submitted written comments that it concurred with Ameren Missouri's written comments.
RESPONSE: No change was made as a result of this comment.

4 CSR 240-13.015 Definitions

- (1) The following definitions shall apply to this chapter:
- (A) Applicant means an individual(s) or other legal entity who has applied to receive service;
 - (G) Customer means a person or legal entity responsible for payment for service, except one (1) denoted as a guarantor;

**Title 4—DEPARTMENT OF ECONOMIC
DEVELOPMENT
Division 240—Public Service Commission
Chapter 13—Service and Billing Practices for Residential
Customers of Electric, Gas, Sewer, and Water Utilities**

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under sections 386.250(6) and 393.140(11), RSMo 2016, the commission amends a rule as follows:

4 CSR 240-13.020 Billing and Payment Standards is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3769-3770). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed

amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 16, 2019, and the commission held a public hearing on the proposed amendment on January 29, 2019. The commission received timely written comments in support of the amendment from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission.

COMMENT #1: Staff made comments supporting the amendment of this rule indicating that this update removes unnecessary language. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to streamline, simplify, and improve the user-friendliness of the commission's regulations.

RESPONSE: No change was made as a result of this comment.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT

Division 240—Public Service Commission

Chapter 13—Service and Billing Practices for Residential Customers of Electric, Gas, Sewer, and Water Utilities

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 393.140(11), RSMo 2016, the commission amends a rule as follows:

4 CSR 240-13.025 Billing Adjustments is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3770). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 16, 2019, and the commission held a public hearing on the proposed amendment on January 29, 2019. The commission received timely written comments in support of the amendment from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission.

COMMENT #1: Staff made comments supporting the amendment of this rule indicating that this update proposes language that allows the utility to exercise flexibility. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to streamline, simplify, and improve the user-friendliness of the commission's regulations.

RESPONSE: No change was made as a result of this comment.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT

Division 240—Public Service Commission

Chapter 13—Service and Billing Practices for Residential Customers of Electric, Gas, Sewer, and Water Utilities

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under sections 386.250(6) and 393.140(11), RSMo 2016, the commission amends a rule as follows:

4 CSR 240-13.030 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3770). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 16, 2019, and the commission held a public hearing on the proposed amendment on January 29, 2019. The commission received timely written comments in support of the rescission from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission. Additional written comments suggesting changes were received from Paula N. Johnson, Senior Corporate Counsel, on behalf of Union Electric Company d/b/a Ameren Missouri ("Ameren Missouri"). Written comments in support of Ameren Missouri's comments were received from Diana C. Carter, Brydon Swearngen & England, PC, on behalf of Spire Missouri ("Spire"). The commission received comments at the hearing regarding the amendment from Jamie Myers, Commission Staff Deputy Director, on behalf of the staff of the commission ("staff"), Caleb Hall, Attorney, on behalf of the Office of the Public Counsel ("OPC"), and Jim Fischer, Fischer & Dority, PC, on behalf of Kansas City Power & Light Company and KCP&L Greater Missouri Operations Company (collectively referred to as "KCP&L/GMO").

COMMENT #1: Staff filed written comments supporting this amendment to clarify the rule. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to streamline, simplify and improve the user-friendliness of the commission's regulations. Staff supports the proposed rescission.

RESPONSE: No change was made as a result of this comment.

COMMENT #2: Ameren Missouri filed written comments regarding the proposed amendment to section (3) indicating that as it reads now, to qualify under this rule the customer must have both gas and electric service. Ameren Missouri proposed that changing "and" to "or" as a clarification.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees that changing "and" to "or" would clarify who qualifies to pay installments over time. The commission will change the rule to read "gas or electric service."

COMMENT #3: Ameren Missouri commented that, as currently phrased, a deposit assessed during the months of November, December, and January are subject to installment payments. Ameren Missouri states the proposed amendment could imply that a customer assessed a deposit at any time, could pay in installments if unable to pay the installment in November, December, or January. OPC commented that from a customer standpoint it was fine with that implication.

RESPONSE: The commission believes that the proposed language is sufficiently clear to avoid confusion as which deposits are applicable. No change was made as a result of this comment.

COMMENT #4: Ameren Missouri commented that it believed additional clarity should be added to avoid confusion with the cold weather rule's provisions regarding deposits and offered language to that effect. OPC agreed that citing the cold weather rule to avoid conflict was fair. Staff commented that instead of citing a specific rule the language should say instead "Unless prohibited by this Chapter." OPC agreed that a reference to chapter 13 would also be sufficient.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees that tying the proposed changes to the cold weather rule adds clarity and avoids confusion with other provisions of this rule. The commission will start section (3) with "Unless prohibited by chapter 13."

COMMENT #5: KCP&L/GMO, commented at the hearing that KCP&L/GMO agreed with Ameren Missouri's comments. Spire Missouri submitted written comments that it concurred with Ameren Missouri's written comments.

RESPONSE: No change was made as a result of this comment.

4 CSR 240-13.030 Deposits and Guarantees of Payment

(3) Unless prohibited by Chapter 13, if the customer is unable to pay the entire deposit assessed under the provisions of subsection (2)(A) or (C) of this rule during the months of November, December, and January, the deposit for gas or electric service may be paid by installments over a six- (6-) month period.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT

Division 240—Public Service Commission

Chapter 13—Service and Billing Practices for Residential Customers of Electric, Gas, Sewer, and Water Utilities

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under sections 386.250(6) and 393.140(11), RSMo 2016, the commission amends a rule as follows:

4 CSR 240-13.050 Discontinuance of Service is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3770–3773). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 16, 2019, and the commission held a public hearing on the proposed amendment on January 29, 2019. The commission received timely written comments in support of the amendment from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission.

COMMENT #1: Staff made comments supporting the amendment of this rule indicating that this simplification removes the actual physician's certificate from the rule. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to streamline, simplify, and improve the user-friendliness of the commission's regulations.

RESPONSE: The commission agrees that a specific doctor's form is not necessary. A specific form makes the rule more difficult to use for the customers who most need it. No change was made as a result of this comment.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT

Division 240—Public Service Commission

Chapter 13—Service and Billing Practices for Residential Customers of Electric, Gas, Sewer, and Water Utilities

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under sections 386.250, 393.130, and 393.140, RSMo 2016, the commission amends a rule as follows:

4 CSR 240-13.055 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3773–3774). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 16, 2019, and the commission held a public hearing on the proposed amendment on January 29, 2019. The commission received timely written comments in support of the rescission from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission. Additional written comments suggesting changes were received from Paula N. Johnson, Senior Corporate Counsel, on behalf of Union Electric Company d/b/a Ameren Missouri ("Ameren Missouri"). Written comments in support of Ameren Missouri's comments were received from Diana C. Carter, Brydon Swearngen & England, PC, on behalf of Spire Missouri ("Spire"). The commission received comments at the hearing regarding the amendment from Jamie Myers, Commission Staff Deputy Director, on behalf of the staff of the commission ("staff"), Caleb Hall, Attorney, on behalf of the Office of the Public Counsel ("OPC"), and Jim Fischer, Fischer & Dority, PC, on behalf of Kansas City Power & Light Company and KCP&L Greater Missouri Operations Company (collectively referred to as "KCP&L/GMO").

COMMENT #1: Staff filed written comments supporting this amendment stating that the update corrects an improper rule reference and consolidates the reporting requirements from chapter 3. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to streamline, simplify, and improve the user-friendliness of the commission's regulations. Staff supports the proposed amendment.

RESPONSE: The commission believes that consolidating duplicative filing requirements simplifies the commission's rules. No change was made as a result of this comment.

COMMENT #2: Ameren Missouri filed written comments stating that it appreciated consolidating the separate but nearly identical provisions of chapter 3, into the cold weather rule. However, Ameren Missouri favors these required filings being non-case filings to decrease traceability. No explanation of traceability was offered.

RESPONSE: No change was made as a result of this comment.

COMMENT #3: Ameren Missouri commented that references to 4 CSR 240-13.055 in (15) are unnecessary and can be changed to "this regulation." Staff agreed with this change.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees that changing references to 4 CSR 240-13.055 to "this regulation" simplifies the rule. The commission will change references to 4 CSR 240-13.055 to "this regulation."

COMMENT #4: OPC commented that paragraph (15)(C)1., contains a spelling error where "serves" should be "services."

RESPONSE: OPC may be correct as to the copy of the proposed rule it was provided. However, the spelling error does not appear in the version printed in the *Missouri Register*. No change was made as a result of this comment.

COMMENT #5: KCP&L/GMO, commented at the hearing that KCP&L/GMO agreed with Ameren Missouri's comments. Spire Missouri submitted written comments that it concurred with Ameren Missouri's written comments.

RESPONSE: No change was made as a result of this comment.

4 CSR 240-13.055 Cold Weather Maintenance of Service: Provision of Residential Heat-Related Utility Service During Cold Weather

(3) Notice Requirements. From November 1 through March 31, prior to discontinuance of service due to nonpayment, the utility shall—

(C) Attempt to contact the customer at the time of the discontinuance of service in the manner specified by 4 CSR 240-13.050(9);

(15) Each utility providing heat-related utility service shall submit as a non-case related filing a report with the commission for each calendar month no later than the twentieth (20th) day of the following month. The utility shall provide a copy of each report to the Office of the Public Counsel. The utility shall report for each operational district into which the utility has divided its Missouri service territory the number of days it was permitted to discontinue service under this regulation, and the utility shall separately report on the information listed below for customers receiving energy assistance and customers who are affected by this regulation and not known to be receiving energy assistance. All information submitted shall be considered public information; however, no customer-specific information shall be reported or made public. Utilities providing both electric and gas service shall report the following information separately for their gas-only territory:

(A) How many customers were—

1. Disconnected, at the end of the period;
2. Of those disconnected, how many customers had service discontinued for nonpayment during the period; and
3. Of those discontinued during the period, how many customers were restored to service during the period;

(B) Of customers reported as disconnected at the end of the period—

1. How many had broken a cold weather rule pay agreement;
2. How many had broken a non-cold weather rule pay agreement; and
3. How many had not been on a pay agreement;

(C) Of those customers reconnected during the period—

1. How many customers received energy assistance (pledged or paid) from—

A. Low Income Home Energy Assistance Program (LIHEAP);

B. Energy Crisis Intervention Program (ECIP); and

C. Other services known to the utilities; and

2. How much energy assistance was provided by—

A. LIHEAP;

B. ECIP;

C. Other sources known to the utility; and

D. Customer;

(D) Of customers restored to service during the period—

1. How many were put on a cold weather rule pay agreement; and

2. How many were put on a non-cold weather rule pay agreement;

(E) How much was owed by those disconnected at the end of the period—

1. How much was owed by those disconnected during the period; and

2. How much was owed by those reconnected during the period;

(F) How many customers were registered under this regulation at the end of the period—

1. How many customers registered during the period; and

2. How many of such registered customers had service discontinued during the period;

(G) For how many customers during the period did the utility receive—

1. LIHEAP;

2. ECIP; and

3. Other assistance known to the utility;

(H) How much cash did the utility receive on behalf of customers during the period from—

1. LIHEAP;

2. ECIP; and

3. Others known to the utility;

(I) How many customers who requested reconnection under terms of this rule were refused service pursuant to this regulation;

(J) How many customers received energy assistance insufficient in amount to retain or restore service; and

(K) The number of customers who agreed to pay for their heat-related utility service under a payment agreement in accordance with this regulation.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT

Division 240—Public Service Commission

Chapter 13—Service and Billing Practices for Residential Customers of Electric, Gas, Sewer, and Water Utilities

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under sections 386.250(6) and 393.140(11), RSMo 2016, the commission amends a rule as follows:

4 CSR 240-13.070 Commission Complaint Procedures is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3774). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 16, 2019, and the commission held a public hearing on the proposed amendment on January 29, 2019. The commission received timely written comments in support of the amendment from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission.

COMMENT #1: Staff made comments supporting the amendment of this rule indicating that this change adds clarification to the rule. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to streamline, simplify, and improve the user-friendliness of the commission's regulations.

RESPONSE: No change was made as a result of this comment.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT

Division 240—Public Service Commission

Chapter 20—Electric Utilities

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under sections 386.250 and 393.292, RSMo 2016, the commission amends a rule as follows:

4 CSR 240-20.070 Decommissioning Trust Funds is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3774-3776). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended

January 17, 2019, and the commission held a public hearing on the proposed rule on January 28, 2019. The commission received timely written comments in support of the amendment from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission and Paula N. Johnson, Senior Corporate Counsel, on behalf of Union Electric Company d/b/a Ameren Missouri (Ameren Missouri). The commission received comments at the hearing in support of the amendment from Jamie Myers, Commission Staff Deputy Director, on behalf of the staff of the commission (staff), and Jim Fischer, Fischer & Dority, PC, on behalf of Kansas City Power & Light Company and KCP&L Greater Missouri Operations Company (collectively referred to as KCP&L/GMO).

COMMENT #1: Staff made general comments supporting the amendment of this rule by transferring provisions from 4 CSR 240-3.185. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to consolidate, streamline, and improve the user-friendliness of the commission's regulations.

RESPONSE: The commission appreciates its staff's dedication to improving the regulatory process at the commission and in the state of Missouri. No change was made as a result of this comment.

COMMENT #2: Ameren Missouri filed written comments in support of amending this rule by consolidating 4 CSR 240-3.185 into it. **RESPONSE:** The commission thanks Ameren Missouri for its participation in this rulemaking process. No change was made as a result of this comment.

COMMENT #3: KCP&L/GMO, commented at the hearing that KCP&L/GMO were in agreement with Ameren Missouri's comments.

RESPONSE: The commission thanks KCP&L/GMO for their participation in this rulemaking process. No change was made as a result of this comment.

**Title 4—DEPARTMENT OF ECONOMIC
DEVELOPMENT
Division 240—Public Service Commission
Chapter 20—Electric Utilities**

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under sections 386.250 and 393.140, RSMo 2016, the commission adopts a rule as follows:

4 CSR 240-20.105 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on December 17, 2018 (43 MoReg 3776-3779). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended January 17, 2019, and the commission held a public hearing on the proposed rule on January 28, 2019. The commission received timely written comments in support of the rule from Travis J. Pringle, Legal Counsel, on behalf of the staff of the commission, Caleb Hall, Attorney, on behalf of the Office of the Public Counsel (OPC), and Paula N. Johnson, Senior Corporate Counsel, on behalf of Union Electric Company d/b/a Ameren Missouri (Ameren Missouri). Mr. Hall and Ms. Johnson also suggested changes to some rule provisions. The commission received comments at the hearing in support of the rule from Jamie Myers, Commission Staff Deputy Director, and Robin Kliethermes, Rate and Tariff Examination Manager, on

behalf of the staff of the commission (staff), Mr. Hall on behalf of OPC, Ms. Johnson on behalf of Ameren Missouri, and Jim Fischer, Fischer & Dority, PC, on behalf of Kansas City Power & Light Company and KCP&L Greater Missouri Operations Company (collectively referred to as KCP&L/GMO).

COMMENT #1: Staff gave general comments supporting the rule and the transfer of the provisions of 4 CSR 240-3.145 to this rule. Staff stated that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to consolidate, streamline, and improve the user-friendliness of the commission's regulations. Specifically, with regard to this new rule, staff stated that there were several references to the 1913 statute and to providing fourteen (14) paper copies of filed documents in 4 CSR 240-3.145 that the commission removed to clean up and simplify this rule.

RESPONSE: The commission appreciates its staff's dedication to improving the regulatory process at the commission and in the state of Missouri. No change was made as a result of these comments.

COMMENT #2: OPC commented that the word "generating" in section (1) should be changed to "generation." Staff of the commission agreed with OPC that this change should be made.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees that the verb "generating" should be changed to the noun "generation" in section (1). Therefore, the commission amends section (1) by changing that word and adds a comma after the word "furnishing" in that list.

COMMENT #3: Ameren Missouri filed written comments and commented at the hearing in support of most of this rule. Ameren Missouri stated that the proposed rule updates the regulations by removing references dating back to 1913 and consolidates the provisions of 4 CSR 240-3.145 into this rule which makes the commission's regulations as a whole more logically organized. KCP&L/GMO agreed with these comments.

RESPONSE: The commission thanks Ameren Missouri and KCP&L/GMO for their participation in this rulemaking process. No change was made as a result of this comment.

COMMENT #4: Ameren Missouri commented that sections (2) and (21) and subsection (8)(G) should be amended to remove the requirements to keep and make accessible to the general public, a paper copy of its rate schedules in each of its offices. Ameren Missouri stated that for security and practical reasons electrical corporations should no longer be required to do this, and that customers now have access to the rate schedules via the internet. Ameren Missouri further commented that a customer would not receive any trained help with understanding the rates and schedules if that person was at an office building or pay station because customer service representatives would only be available by telephone. Ms. Johnson stated that she had asked other Ameren Missouri employees, and no one could remember an occasion when a customer had asked to see the rate schedules in person. Ameren Missouri proposed new language that would require the electrical corporations to only publish their rate schedules on their websites and to provide customer service assistance by telephone. KCP&L/GMO agreed with and supported Ameren Missouri's comments.

Staff disagreed with this proposed change stating that the requirement was not a burden for the electrical corporations and there could be a customer without internet access who would want to access the paper tariff. OPC agreed with staff that the requirement should stay in the rule.

RESPONSE AND EXPLANATION OF CHANGE: The commission finds that, although this is not a large burden on the electrical corporations, they should not be required to maintain a paper copy of their rate schedules at every pay station and branch office. However, the commission finds that it is reasonable to require electrical corporations to maintain a paper copy and make it accessible to customers

who request it at the corporation's main or principal Missouri office. The commission will also adopt Ameren Missouri's suggestion that the electrical corporations keep their rate schedules on their websites and provide customer service representatives by telephone. Therefore, the commission will amend section (2) by rewriting it and delete subsections (2)(A), (2)(B), and (2)(C). The Commission makes no changes to subsection (8)(G) or section (21) as the result of this comment.

COMMENT #5: Ameren Missouri commented that section (5) and subsection (9)(C) should be amended to update the classification of service types. Ameren Missouri stated that customers will typically look for their service rates under the designations of "residential" and "non-residential." Ameren Missouri further stated that the "non-residential" category should have further categories such as small or large general service, small or large primary service, and street lighting either company-owned or customer-owned. Ameren Missouri further commented that the requirement that battery charging automatically be designated as commercial was outdated. Because of progress in battery and battery charging technologies, it may now be applicable to residential customers. Ameren Missouri provided proposed language. KCP&L/GMO agreed with Ameren Missouri's comments. At the hearing, staff agreed with Ameren Missouri that the categories should be updated, but proposed that the categories in section (5) should be made more general so that they would be applicable to all Missouri electrical corporations and not just the specific categories that Ameren Missouri has in its rate schedules. Ameren Missouri indicated agreement with staff's proposed broad rate schedule categories. Staff also agreed with Ameren Missouri's proposed change to subsection (9)(C).

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees with the service category changes proposed by staff. Therefore, the commission amends section (5) and subsection (9)(C) and deletes subsections (5)(A), (5)(B), and (5)(C).

COMMENT #6: Ameren Missouri suggested deleting the requirement to have a title page and references to the title page on the rate schedules found in sections (7), (8), and (9). Ameren Missouri made these suggestions because it believes title pages are no longer necessary when viewing the rate schedule electronically. Ameren Missouri also suggested changes to subsections (8)(D), (8)(E), (8)(F), and (8)(G) because the specific terms used there were outdated and unnecessary. Additionally, because Ameren Missouri believes that no electrical corporation will file a paper copy of its rate schedules, the term "loose leaf" can be removed from sections (8), (13), and (16) and subsection (8)(G). Finally, Ameren Missouri suggested that the words "printed" and "reissued" be changed to "published" to remove the paper connotation. KCP&L/GMO agreed with Ameren Missouri's comments. Staff stated that it believed there is still value to having a title page, especially when staff provides a paper copy to someone. Staff also believes that the title page requirements and the tariff formatting requirements in subsections (8)(D), (8)(E), and (8)(F) should stay the same so that the regulations for rate schedules will be consistent across industries and companies. Staff agrees, however, that the term "loose-leaf" should be removed. Staff disagreed with removing the "printed" and "reissued" and suggested adding "and/or published" to those phrases. Ameren Missouri agreed with staff's suggestion.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees with staff that the title page and other formatting requirements for rate schedules should not be deleted in order to maintain consistency across industries and companies within industries. The commission also agrees that the term "loose leaf" should be deleted from sections (8), (13), and (16) and subsection (8)(G). The commission will also adopt "published" in place of "printed" and "reissued" in section (13) in order to update the language for electronic filing and to remove the suggestion that a rate schedule amendment must be physically printed. Finally, the commission will delete a sen-

tence in section (16) regarding how paper copies shall be filed, because it is no longer necessary when receiving a paper copy. The commission amends sections (13) and (16) and subsection (8)(G).

COMMENT #7: Ameren Missouri commented that the reference to section (16) in section (18) was incorrect and should be a reference to section (15). Staff and KCP&L/GMO agreed.

RESPONSE AND EXPLANATION OF CHANGE: The commission will correct the section reference in section (18).

COMMENT #8: Ameren Missouri commented that the word "less" should be changed to "fewer." In section (21). Staff agreed.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees with the correction and will change "less" to "fewer" in section (21).

COMMENT #9: OPC commented that section (22) refers to municipalities being responsible for filing schedules of rates and supplements. OPC stated this language is a reprint of part of 4 CSR 240-3.145 that is being incorporated in this new rule. However, no other part of the rule refers to municipalities. Therefore, he suggests that this language be removed, or that the commission add municipalities to the remainder of the rule if that was what was intended. Staff of the commission agreed with OPC that this change should be made.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees with OPC that the reference to municipalities is in error and should be removed. Therefore, the commission will delete that reference from section (22).

COMMENT #10: Ameren Missouri commented that all electrical corporations use the commission's Electronic Filing and Information System (EFIS) rather than paper filings and, therefore, section (24) can be updated to remove references to postage and items being held by the post office. Ameren Missouri also suggested adding language regarding when a filing is not received because of a server or other electronic issue attributable to the commission or EFIS. KCP&L/GMO agreed with Ameren Missouri's comments.

Staff disagreed that Ameren Missouri's changes should be made. Staff stated that there is value to having the rule language and the methods of filing rate schedules consistent among the various industries that the commission regulates. Staff commented that even though electrical corporations usually file electronically, it is possible that the commission will receive filings via the U.S. Postal Service. Staff also commented that the proposed language regarding electronic errors was not necessary. Staff agreed with Ameren Missouri that some clean-up of the language was needed in order to remove a reference to "telegraphic notices."

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees with staff that the rule should be consistent with the methods of filing for other industries. Additionally, because these rules do not require electronic filing, a provision for receiving filings through the U.S. Postal Service should remain in the rule. Further, the commission is unaware of problems due to the absence of a rule stating when filings are deemed received if there is an electronic error attributable to the commission when a filing is made. Absent issues being present, the commission will not adopt Ameren Missouri's proposed additions to section (24). The commission will, however, update section (24) by deleting the sentence referring to "telegraphic notices."

COMMENT #11: Ameren Missouri commented that section (28) should be updated to allow for electronic filing of rate schedules and section (29) should be amended to remove the phrase "in duplicate if receipt is desired." Staff and KCP&L/GMO agreed with Ameren Missouri's proposed change.

RESPONSE AND EXPLANATION OF CHANGE: The commission finds that section (28) should be updated to allow electronic filing of rate schedules. However, because paper copies will still be

accepted, the commission will not delete the requirement to provide a duplicate if a paper receipt is desired. The commission will clarify that phrase to make it applicable only to paper receipts as electronic copies will be available in EFIS. Therefore, the commission rewrites sections (28) and (29).

4 CSR 240-20.105 Filing Requirements for Electric Utility Rate Schedules

(1) Every electrical corporation, as defined in section 386.020, RSMo, engaged in the manufacture, generation, furnishing, or transmission of electricity for light, heat, or power within Missouri is directed to have on file with this commission a schedule of all rates, rentals, and charges of whatever nature made by the electrical corporation for each kind of service it renders which are in force, together with proper supplements covering all changes in rate schedules authorized by this commission, if any.

(2) Every electrical corporation is directed to keep a paper copy of its rate schedules approved by this commission in its main or principal Missouri operating office and to make those rate schedules readily accessible to the public upon demand during regularly scheduled business hours of that office. Every electrical corporation shall also publish a currently effective rate schedule on its website and make the electronic schedule readily available to the public. The electrical corporation shall provide access in person or by telephone during regular business hours to customer service representatives who can aid customers in determining accurately the rate or charge applicable to any particular kind of electrical service.

(8) The title page or sheet of every schedule of rates shall show—

(G) On the upper left-hand corner of a schedule of fewer than three (3) pages the words, “No supplement to this tariff will be issued except for the purpose of canceling this tariff.” A schedule of three (3) or more pages shall include the words, “Only one (1) supplement to this schedule will be in effect at any one (1) time”; and

(9) The schedule shall contain in the order named—

(C) Classification of Service. Under this heading the kind of service separately grouped for Residential and Non-Residential will be set forth in the order named together with a detailed statement of the rate(s) in connection with same. A definite separation must be made between prompt payment discount and quantity discount and stating the manner in which they are computed clearly. If guarantees of any nature are required or a minimum charge made, the principles upon which they are based must be stated. In this case give the company’s charges or deposits for meters. If penalties for delayed payments are exacted, the same must be stated. State whether current is estimated or metered and, if so, how. State the company’s practice in regard to lamp renewals. If a charge is made to the consumer for installing and connecting the service wires, this should be stated. State the character of the service, whether twenty-four- (24-) hour or limited until midnight, whether the service is limited to certain hours of the day, on-peak, off-peak, optional service, auxiliary service, breakdown service, and the like. The kind of current, such as alternating or direct, together with the voltage, phase, and frequency must be given in all cases;

(13) A change in a schedule shall be known as an amendment and shall be published in a supplement to the schedule which it amends, specifying the schedule by its PSC number. The supplement shall be republished each time an amendment is made and shall always contain all the amendments to the schedule that are in force. Supplements to schedules shall be numbered consecutively as supplements to the schedules and shall not be given new or separate PSC numbers. An amendment must always be published in the supplement in its entirety as amended.

(16) All changes in and additions to schedules issued in paper must be made by reprinting the sheet upon which the change is made. Those pages or sheets shall not be given supplement numbers, but must be designated “First revised page or sheet,” “Second revised page or sheet,” and the like and must show the name of the issuing corporation and the PSC number of the schedule, the issued and effective dates, and the name, title, and address of the officer by whom issued.

(18) The provisions of section (15) of this rule as to the number of supplements to a schedule that may be in effect at any time and the volume of supplemental matter they may contain need not be observed in connection with a supplement issued under sections (14)-(18) of this rule.

(21) All changes in rates, charges, or rentals or in rules that affect the rates, charges, or rentals shall be filed with the commission at least thirty (30) days before the date upon which they are to become effective. The title page of every rate schedule or supplement and the reissue on any page or sheet must show a full thirty (30) days’ notice except as otherwise provided in this rule. The proposed change shall be accompanied by a brief summary, approximately one hundred (100) words or fewer, of the effect of the change on the company’s customers. A copy of any proposed change and summary shall also be served on the public counsel and be available for public inspection and reproduction during regular office hours at the general business office of the utility.

(22) Each electrical corporation has the duty of filing with the commission all its schedules of rates and supplements or any rule relative to them which may be announced by the commission, under penalty for failure to do so. The commission will give consistent assistance as it can in this respect, but the fact that the receipt of a rate schedule or a supplement to a rate schedule is acknowledged by the commission, or the fact that a rate schedule or supplement to a rate schedule is in the files of the commission, will not serve or operate to excuse the electrical corporation from its responsibility or liability for any violation of the law or of any ruling lawfully made which may have occurred in connection thereunder with the construction of filing of a rate schedule or supplement.

(24) Except as is otherwise provided, no schedule or supplement will be accepted for filing unless it is delivered to the commission free from all charges or claims for postage, the full thirty (30) days required by law before the date upon which the schedule or supplement is stated to be effective. No consideration will be given to or for the time during which a schedule or supplement may be held by the post office authorities because of insufficient postage. When a schedule or a supplement is issued and as to which the commission is not given the statutory notice, it is as if it had not been issued and a full statutory notice must be given of any reissue. In these cases the schedule will be returned to the sender and correction of the neglect or omission cannot be made which takes into account any time elapsing between the date upon which that schedule or supplement was received and the date of the attempted correction. For rate schedules and supplements issued on short notice under special permission of the commission, literal compliance with the requirements for notice named in any order, regulation, or permission granted by the commission will be exacted.

(28) Electrical corporations shall file any rate schedule, supplement, or other charges or regulations with the commission via the Electronic Filing and Information System (EFIS), or if filing a paper copy, to transmit or hand-deliver one (1) copy of each rate schedule, supplement, or other charges or regulations for the use of the commission. Schedules sent for filing must be addressed to Public Service Commission, PO Box 360, Jefferson City, MO 65102.

(29) All schedules filed with the commission shall be accompanied by a letter of transmittal which shall be prepared consistent with the format designated by the commission. If filing a paper copy and a paper receipt is desired, a duplicate copy should be submitted for return.

**Title 4—DEPARTMENT OF ECONOMIC
DEVELOPMENT
Division 240—Public Service Commission
Chapter 40—Gas Utilities and Gas Safety Standards**

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 386.250, RSMo 2016, the commission adopts a rule as follows:

4 CSR 240-40.085 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 2, 2019 (44 MoReg 72-73). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended February 1, 2019, and the commission held a public hearing on the proposed rule on February 6, 2019. The commission received timely written comments from the staff of the commission, the Office of the Public Counsel, and Union Electric Company d/b/a Ameren Missouri. Jamie Myers offered comments on behalf of the commission's staff; Ryan Smith, representing the Office of the Public Counsel, and Paula Johnson, representing Union Electric Company d/b/a Ameren Missouri appeared at the hearing and offered comments.

COMMENT #1: For section (2), Ameren Missouri states that title pages are not particularly relevant when reviewing rate schedules in electronic form. Likewise, Ameren Missouri believes loose-leaf and Form No. 14 references are antiquated and should be deleted. The staff of the commission believes a title page is still necessary, but agrees with Ameren Missouri that references to loose leaf and Form No. 14 are no longer needed. OPC does not oppose Ameren Missouri's request that tariffs can be available in electronic instead of paper form.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees that electronic versions of tariffs are permissible instead of paper copies. However, the commission will continue to require title pages to tariffs. Thus, the commission amends section (2) to remove the references to loose leaf and Form No. 14.

COMMENT #2: For section (3), the staff of the commission would delete the phrase "in duplicate if receipt is desired" from the rule. Staff believes this language is extraneous, and staff wishes to attempt to make the rule more consistent with proposed rule 4 CSR 240-20.105(29). No party objects to staff's requested deletion.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees, and will delete the language that its staff requested to be deleted. The commission will amend section (3) to conform to the language in a similar commission rule that regulates electric utilities, which is 4 CSR 240-20.105(29).

COMMENT #3: For section (4), Union Electric Company d/b/a Ameren Missouri states that its headquarters are only accessible by approved badge access or by monitored escort. It is impractical to have security personnel, who are not tasked with or trained in customer relations, to provide access to hard copies of these schedules

at their stations. Further, it is not practical to have an Ameren Missouri customer experience employee stationed at the entrance with security to field such inquiries. Ameren Missouri suggests that customers may call the company's customer experience representatives to request a copy of any proposed changes be provided via email or with a hard copy printout, as they prefer. As such, Ameren Missouri requests the commission delete the portion of this section that would require hard copies of tariffs to be constantly available. Instead, Ameren Missouri would agree to make tariffs available upon customers' requests. Neither the staff of the commission nor OPC objects to this change.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees, and will delete the language that Union Electric Company d/b/a Ameren Missouri requested to be deleted. The commission notes that no party has commented on the provision of 4 CSR 240-40.085(1), which the commission will not amend, that requires gas utilities to keep open for public inspection schedules showing all its rates and charges.

COMMENT #4: For section (6), Union Electric Company d/b/a Ameren Missouri states that this regulation anticipates the filing of schedules and supplements via mail rather than through the commission Electronic Filing Information System ("EFIS"). Ameren Missouri believes that all electrical corporations subject to the filing requirements of 4 CSR 240-20.105 currently use EFIS rather than paper filing. However, if this assumption is inaccurate, the company has no objection to retaining language that anticipates hard copy filing; Ameren Missouri simply wants to be clear that electronic-only filing is also acceptable. The staff of the commission prefers that the rule contemplate electronic, mailed, and in-person filing. Staff would delete a sentence that states no consideration will be given to telegraphic notices.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees with its staff, and will delete the language its staff requested to be deleted.

4 CSR 240-40.085 Filing Requirements for Gas Utility Rate Schedules

(2) Rate schedules shall be published on the gas corporation's website. All sheets, except the title page sheet, must show in the marginal space at the top of the page the name of the gas corporation issuing, the PSC number of schedule, and the number of the page. In the marginal space at the bottom of sheet should be shown the date of issue, the effective date, and the name, title, and address of the officer by whom the schedule is issued. All schedules shall bear a number with the prefix PSC Mo. _____. Schedules shall be numbered in consecutive order beginning with number 1 for each gas corporation. If a schedule or part of a schedule is cancelled, a new schedule or part thereof (sheet(s) if loose-leaf) will refer to the schedule canceled by its PSC number; thus: PSC Mo. No. ___ canceling PSC Mo. No. ___

(3) All schedules filed with the commission shall be accompanied by a letter of transmittal which shall be prepared consistent with the format designated by the commission. If filing a paper copy and a paper receipt is desired, a duplicate copy should be submitted for return.

(4) All proposed changes in rates, charges, or rentals or in rules that affects rates, charges, or rentals filed with the commission shall be accompanied by a brief summary, approximately one hundred (100) words or less of the effect of the change on the company's customers. A copy of any proposed change and summary shall also be served on the public counsel and be available for public inspection and reproduction during regular office hours at the general business office of the utility.

(6) Except as is otherwise provided, no schedule or supplement will

be accepted for filing unless it is delivered to the commission via the Electronic Filing and Information System (EFIS), or if filing a paper copy, by transmitting or hand-delivering one (1) copy of each rate schedule, supplement, or other charges or regulations to the commission. Schedules sent for filing must be addressed to: Public Service Commission, PO Box 360, Jefferson City, MO 65102 and be free from all charges or claims for postage, the full thirty (30) days required by law before the date upon which the schedule or supplement is stated to be effective. No consideration will be given to or for the time during which a schedule or supplement may be held by the post office authorities because of insufficient postage. When a schedule or a supplement is issued and as to which the commission is not given the statutory notice, it is as if it had not been issued and a full statutory notice must be given of any reissuance. In those cases the schedule will be returned to the sender and correction of the neglect or omission cannot be made which takes into account any time elapsing between the date upon which the schedule or supplement was received and the date of the attempted correction. For rate schedules and supplements issued on short notice under special permission of the commission, literal compliance with the requirements for notice named in any order, rule, or permission granted by the commission will be exacted.

**Title 4—DEPARTMENT OF ECONOMIC
DEVELOPMENT
Division 240—Public Service Commission
Chapter 40—Gas Utilities and Gas Safety Standards**

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 386.250, RSMo 2016, the commission adopts a rule as follows:

4 CSR 240-40.090 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 2, 2019 (44 MoReg 73-74). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended February 1, 2019, and the commission held a public hearing on the proposed rule on February 6, 2019. The commission received timely written comments from the staff of the commission, the Office of the Public Counsel, and Union Electric Company d/b/a Ameren Missouri. Jamie Myers offered comments on behalf of the commission's staff; Ryan Smith, representing the Office of the Public Counsel, and Paula Johnson, representing Union Electric Company d/b/a Ameren Missouri appeared at the hearing and offered comments.

COMMENT #1: Office of Public Counsel states that due to the dates of 1994-1996 listed therein, all of 4 CSR 240-40.090(1)(B)1.A. is now irrelevant and should be deleted. Such a deletion would also cure the issue of 4 CSR 240-3.175, the timeframe for electrical corporations to file depreciation studies, likely being inadvertently left in this proposed rule. OPC further states that 4 CSR 240-40.090(1)(B)2. and 3. contain three- (3-) year and five- (5-) year language that is duplicative, confusing and inconsistent. The current proposed rule would mean that gas utilities need not file a depreciation study if it has filed one in the past five (5) years, regardless of whether three (3) years have passed since the utility last filed a rate case. OPC would revise the rule to have gas utilities file depreciation studies more often, and would eliminate extraneous language. Staff and Ameren Missouri do not object to OPC's request.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees with Office of Public Counsel, and will delete 4 CSR 240-20.090(1)(B)1. The commission will further modify 4 CSR 240-20.090(1)(B) to require gas utilities to file depreciation studies more often.

4 CSR 240-40.090 Submission Requirements for Gas Utility Depreciation Studies

(1) Each gas utility subject to the commission's jurisdiction shall submit a depreciation study, database, and property unit catalog to the manager of the commission's engineering analysis unit and to the Office of the Public Counsel, as required by the terms of subsection (1)(B).

(B) A gas utility shall submit its depreciation study, database, and property unit catalog on the following occasions:

1. Upon the date five (5) years from the last time the commission's staff received a depreciation study, database, and property unit catalog from the utility; and

2. Upon submission of a general rate increase request. However, a gas utility need not submit a depreciation study, database, or property unit catalog to the extent that the commission's staff received these items from the utility during the three (3) years prior to the utility's filing for a general rate increase request.

**Title 8—DEPARTMENT OF LABOR AND
INDUSTRIAL RELATIONS
Division 30—Division of Labor Standards
Chapter 3—Prevailing Wage Law Rules**

ORDER OF RULEMAKING

By the authority vested in the Division of Labor Standards under section 290.240.2, RSMo Supp. 2018, the division amends a rule as follows:

8 CSR 30-3.010 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 2, 2019 (44 MoReg 81-82). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The division received nine (9) comments on the proposed amendment.

COMMENT #1: Thomas C. Smith, EdCounsel School Attorneys, LLC stated that some portions of 8 CSR 30-3.010(1) are obsolete. Specifically, that the requirement to obtain an annual wage order when a public works contract is "contemplated" is no longer required by section 290.250 which requires such an order to be obtained before the project is advertised for bids or before construction is started.

RESPONSE AND EXPLANATION OF CHANGE: The annual wage order is available on the department website and may be easily downloaded. However, the department accepts the requested change and the rule has been amended accordingly.

COMMENT #2: Don Greenwell, President, The Builders' Association and on behalf of the Kansas City Chapter of the Associated General Contractors of America; Robert A. Looman, Executive Director, Mechanical Contractors Association of Kansas City; Leonard P. Toenjes, CAE President, Associated General Contractors of Missouri and Bob Jacobi, Executive Director, Labor-Management Council of Greater Kansas City propose that new language should be added to 8 CSR 30-3.010(4) setting forth a formula

for computing the public works contracting minimum wage. They propose that the department double the wage data received for the 3rd quarter of the previous year to substitute in place of the 4th quarter data that may not be fully submitted to the Department of Economic Development (DED) by the time the initial wage order is released. RESPONSE: Section 290.257.2 and .3 require the Department of Labor and Industrial Relations (DOLIR) to “annually calculate the public works contracting minimum wage” and release its initial determination at the same time as the initial determination for the annual wage order (by March 10). The department must make both calculations based on data from the prior calendar year. The department will release a final annual wage order no later than July 1, 2019. The department believes that using all 4th quarter data from the previous calendar year filed by the statutory deadline of January 31 (section 288.090.1, RSMo) to calculate the initial public works contracting minimum wage order, complies with the statute. Furthermore, the calculations of the of the public works contracting minimum wage made by the department are limited to a statutory formula solely using the statistical information provided by the Missouri Economic Research and Information Center within DED. Therefore, no changes will be made.

COMMENT #3: Douglas R. Martin, Executive Vice President, St. Louis Chapter National Electrical Contractors Association, Inc.; Don Greenwell, President, The Builders’ Association and on behalf of the Kansas City Chapter of the Associated General Contractors of America; Robert A. Looman, Executive Director, Mechanical Contractors Association of Kansas City; Leonard P. Toenjes, CAE President, Associated General Contractors of Missouri, and Chris J. Davis, Government Affairs Director, SITE Improvement Association stated their disagreement with the requirement in 8 CSR 30-3.010(4) that hours be submitted typed (not handwritten) on a paper form provided by the department or in an electronic format on the portal on the DLS website.

RESPONSE: Section 290.257.1(1) RSMo states that “the department shall accept and consider information submitted in either paper or electronic format regarding local wage rates for construction projects that occurred during the year preceding the annual wage order to be issued,…” The proposed regulation provides for those submitting hours to use either paper or electronic reporting. Therefore, no change will be made.

COMMENT #4: Don Greenwell, President, The Builders’ Association and on behalf of the Kansas City Chapter of the Associated General Contractors of America; Robert A. Looman, Executive Director, Mechanical Contractors Association of Kansas City; Leonard P. Toenjes, CAE President, Associated General Contractors of Missouri suggest greater clarity on the nature of the electronic reporting allowed by the department.

RESPONSE AND EXPLANATION OF CHANGE: The department accepts the requested change. The relevant portion of 8 CSR 30-3.010(4) has been amended to add the phrase “through the Division’s online wage survey system” following the phrase “in an electronic format”.

COMMENT #5: Don Greenwell, President, The Builders’ Association and on behalf of the Kansas City Chapter of the Associated General Contractors of America; Robert A. Looman, Executive Director, Mechanical Contractors Association of Kansas City; Leonard P. Toenjes, CAE President, Associated General Contractors of Missouri, and Bob Jacobi, Executive Director, Labor-Management Council of Greater Kansas City propose that new language should be added to 8 CSR 30-3.010 to offer guidance on computing the fringe and overtime benefits for employees.

RESPONSE: The department believes the statute is sufficiently clear on the payment of fringe and overtime benefits. Also, additional guidance is provided on the department website. Therefore, no change will be made.

COMMENT #6: Chris J. Davis, Government Affairs Director, SITE Improvement Association stated disagreement with the requirement in 8 CSR 30-3.010(4)(A) that only hours submitted by a contractor would be counted and further suggested that hours submitted prior to the August 28, 2018 effective date of the new law (as set forth in HB 1728) should also be counted in the calculation of the 2019 wage order.

RESPONSE: DOLIR will accept data involving local wage rates from all parties but only reportable hours submitted by contractors or subcontractors will be used in the formula to determine the annual wage order. Section 290.257.5 defines “reportable hours” as only those hours reported by a contractor. Section 290.257.1(2) further states that “the prevailing wage rate for each occupational title shall be equal to the weighted average wage for that occupational title.” “Reportable hours” is a defined term and a key part of the formula for arriving at the “weighted average wage”. In computing the final wage order, the department will only count “reportable hours” submitted in conformity with the statute. Therefore, no change will be made.

COMMENT #7: Douglas R. Martin, Executive Vice President, St. Louis Chapter National Electrical Contractors Association, Inc.; Michael Amash, Partner with Blake & Uhlig Law Firm on behalf of the Minority Contractors Association of Greater Kansas City; Don Greenwell, President, The Builders’ Association and on behalf of the Kansas City Chapter of the Associated General Contractors of America; Robert A. Looman, Executive Director, Mechanical Contractors Association of Kansas City; Bob Jacobi, Executive Director, Labor-Management Council of Greater Kansas City; Leonard P. Toenjes, CAE President, Associated General Contractors of Missouri, and Chris J. Davis, Government Affairs Director, SITE Improvement Association stated their belief that DLS should count hours worked on the construction of public works where the engineer’s estimate or the bid accepted by the public body for the total project cost is in the amount of seventy-five thousand dollars (\$75,000) or less (see 8 CSR 30-3.010(4)(B)).

RESPONSE AND EXPLANATION OF CHANGE: A hearing request was received from the Joint Committee on Administrative Rules regarding 8 CSR 30-3.010(4)(B) of the proposed rule. The department amends the proposed rule by removing 8 CSR 30-3.010(4)(B) as originally filed.

COMMENT #8: Don Greenwell, President, The Builders’ Association and on behalf of the Kansas City Chapter of the Associated General Contractors of America; Robert A. Looman, Executive Director, Mechanical Contractors Association of Kansas City; Leonard P. Toenjes, CAE President, Associated General Contractors of Missouri request greater clarity on the occupational classification and type of worker data recorded in payroll records.

RESPONSE AND EXPLANATION OF CHANGE: The department accepts the requested change. The relevant portion of 8 CSR 30-3.010(7) has been amended.

COMMENT #9: Don Greenwell, President, The Builders’ Association and on behalf of the Kansas City Chapter of the Associated General Contractors of America; Robert A. Looman, Executive Director, Mechanical Contractors Association of Kansas City; Leonard P. Toenjes, CAE President, Associated General Contractors of Missouri request that the department accept electronic reports of violations of payroll records requirements.

RESPONSE AND EXPLANATION OF CHANGE: The department accepts the requested change. The relevant portion of 8 CSR 30-3.010(8) has been amended.

8 CSR 30-3.010 Applicable Wage Rates for Public Works Projects

(1) All public bodies of Missouri, before advertising for bids or undertaking construction work, must obtain from the department an

annual wage order which sets forth the applicable hourly rate of wages (the prevailing wage or the public works contracting minimum wage as provided in section 290.257) in the locality. The rates so determined shall be incorporated in the contract specifications and made a part of those specifications, except that construction contracts of the State Highway and Transportation Commission need not list specific wage rates to apply, but may refer to the wage rates contained in the appropriate General Wage Orders issued by the department, as applicable.

(4) The annual wage order issued by the department contains the current applicable wage rates in the locality at the time the annual wage order is issued. Hours worked during the calendar year are used to set the prevailing wage rates in the annual wage order issued in March of the following year. The department will consider hours submitted for use in its initial determination of the prevailing wage rates to be included in a particular year's wage order only if those hours are received from a contractor, by either paper submission on a form provided by the department or in electronic format, no later than January 31 of that year. Handwritten submissions will not be accepted. For purposes of submitting reportable hours, the term "contractor" shall include a "subcontractor." The department will not include the following hours in the calculation of the annual wage order:

- (A) Hours not readily identifiable as being submitted by a contractor;
- (B) Hours worked by federally-registered apprentices or entry-level workers;
- (C) Hours worked on residential construction projects.

(7) Each month the successful bid contractors shall submit certified copies of their current payrolls to the contracting public body. The public body, upon receipt of the payrolls on a project, shall keep the payrolls on file for a period of one (1) year from the date of submission of the final payrolls by the contractor. Payroll records shall set out accurately and completely, for each individual, the following information which shall be specifically recorded by occupational title classification and type of worker (journeyman, entry-level worker, or federally-registered apprentice): name and address of each worker, rate of pay, daily and weekly number of hours worked, deduction made, and actual wages paid. The payroll records shall be available at all times for inspection by authorized representatives of the Department of Labor and Industrial Relations.

(8) The public body shall make examinations of the payrolls and other records of each contractor or subcontractor as may be necessary to assure compliance with the provisions of the law. In connection with those examinations, particular attention should be given to the correctness of classifications and any disproportionate employment of any workers. The examinations shall be of a frequency that may be necessary to assure conformity with the provisions of the law. An examination shall be made after the project has been substantially completed but prior to the acceptance of the affidavit as required by section 290.290, RSMo. If any violation of sections 290.210-290.580, RSMo, is discovered by the inspecting public body, it is their duty under section 290.250, RSMo, to withhold and retain from payments to the contractor all sums and amounts due and owing as a result of any violation. Any violation shall be immediately reported to the Division of Labor Standards at PO Box 449, Jefferson City, MO 65102 or by telephone or electronically.

Title 8—DEPARTMENT OF LABOR AND INDUSTRIAL RELATIONS
Division 30—Division of Labor Standards
Chapter 3—Prevailing Wage Law Rules

ORDER OF RULEMAKING

By the authority vested in the Division of Labor Standards under sec-

tion 290.240, RSMo Supp. 2018, the division amends a rule as follows:

8 CSR 30-3.030 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 2, 2019 (44 MoReg 82-83). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The division received four (4) comments on the proposed amendment.

COMMENT #1: Don Greenwell, President, The Builders' Association and on behalf of the Kansas City Chapter of the Associated General Contractors of America; Robert A. Looman, Executive Director, Mechanical Contractors Association of Kansas City; Leonard P. Toenjes, CAE President, Associated General Contractors of Missouri, and Bob Jacobi, Executive Director, Labor-Management Council of Greater Kansas City state that the purpose statement should be revised to more closely match the statutory language.

RESPONSE AND EXPLANATION OF CHANGE: The department accepts the requested change. The purpose statement has been amended.

COMMENT #2: Michael Amash, Partner with Blake & Uhlig Law Firm on behalf of the Minority Contractors Association of Greater Kansas City; Bob Jacobi, Executive Director, Labor-Management Council of Greater Kansas City; Don Greenwell, President, The Builders' Association and on behalf of the Kansas City Chapter of the Associated General Contractors of America; Robert A. Looman, Executive Director, Mechanical Contractors Association of Kansas City; Leonard P. Toenjes, CAE President, Associated General Contractors of Missouri, and Bob Jacobi, Executive Director, Labor-Management Council of Greater Kansas City stated their belief that DLS should create requirements to participate in an on-the-job training program as an entry-level worker. Some comments suggested that the rule should require employers to submit written program guidelines to the department and post such guidelines at each workplace identifying terms such as occupational title, length of program, and program completion requirements.

RESPONSE: Statute is silent as to any specific requirement for on-the-job training programs involving entry-level workers (federally-registered apprenticeship program are regulated under federal authority). Details of any entry-level worker program may be negotiated by individual contractors and employees. Additionally, trade associations may create voluntary guidelines for the benefit of contractors and entry-level workers. Such voluntary guidelines are more flexible and more easily tailored to changing conditions than regulations promulgated by government agencies. Therefore, no change will be made.

COMMENT #3: Don Greenwell, President, The Builders' Association and on behalf of the Kansas City Chapter of the Associated General Contractors of America; Robert A. Looman, Executive Director, Mechanical Contractors Association of Kansas City; Leonard P. Toenjes, CAE President, Associated General Contractors of Missouri, and Bob Jacobi, Executive Director, Labor-Management Council of Greater Kansas City propose that the definition of "Entry-level workers" in 8 CSR 30-3.030(2)(B) be amended to clarify that it refers to a worker who is participating in a job training program provided by the contractor.

RESPONSE AND EXPLANATION OF CHANGE: The department accepts the requested change. The definition in 8 CSR 30-3.030(2)(B) has been amended to include the phrase "but is participating in an on-the-job training program provided by the contractor

for whom they perform work on a public construction project.”

COMMENT #4: Don Greenwell, President, The Builders’ Association and on behalf of the Kansas City Chapter of the Associated General Contractors of America; Robert A. Looman, Executive Director, Mechanical Contractors Association of Kansas City; Leonard P. Toenjes, CAE President, Associated General Contractors of Missouri, and Bob Jacobi, Executive Director, Labor-Management Council of Greater Kansas City state that the reference to the word “trainee” in 8 CSR 30-3.030(3) should be removed as it no longer appears in statute.

RESPONSE AND EXPLANATION OF CHANGE: The department accepts the requested change. The word “trainee” in 8 CSR 30-3.030(3) has been removed.

8 CSR 30-3.030 Apprentices and Entry-Level Workers

PURPOSE: This rule sets forth the requirements for the payment of wages to apprentices and entry-level workers employed on public works subject to the Prevailing Wage Law.

(2) As set forth in section 290.235, “on-the-job training workers” are defined as follows:

(B) “Entry-level workers”—Any worker who is not a journeyman and who is not otherwise enrolled in a federally-registered apprenticeship program but is participating in an on-the-job training program provided by the contractor for whom they perform work on a public construction project.

(3) Workers employed on federal-aid highway construction projects may be paid at an apprentice rate of pay if enrolled in an apprenticeship or skill training program which has been certified by the Secretary of the United States Department of Transportation pursuant to 23 U.S.C. 113. In the event the Secretary of Transportation withdraws approval of a program, the contractor will no longer be permitted to pay workers less than the applicable predetermined rate for the work performed until an acceptable program is approved.

Title 8—DEPARTMENT OF LABOR AND INDUSTRIAL RELATIONS Division 30—Division of Labor Standards Chapter 3—Prevailing Wage Law Rules

ORDER OF RULEMAKING

By the authority vested in the Division of Labor Standards under section 290.240, RSMo Supp. 2018, the division amends a rule as follows:

8 CSR 30-3.040 Classifications of Construction Work is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 2, 2019 (44 MoReg 83). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: No comments were received.

Title 8—DEPARTMENT OF LABOR AND INDUSTRIAL RELATIONS Division 30—Division of Labor Standards Chapter 3—Prevailing Wage Law Rules

ORDER OF RULEMAKING

By the authority vested in the Division of Labor Standards under sec-

tion 290.240, RSMo Supp. 2018, the division amends a rule as follows:

8 CSR 30-3.050 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 2, 2019 (44 MoReg 83). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The division received one (1) comment on the proposed amendment.

COMMENT #1: Thomas C. Smith, EdCounsel School Attorneys, LLC stated that some portions of 8 CSR 30-3.050(I) are obsolete. Specifically, that the regulation requires prevailing wage rates to be posted for some projects that are not otherwise subject to the prevailing wage.

RESPONSE AND EXPLANATION OF CHANGE: The department accepts the requested change. The rule has been revised to exclude the requirement to post rates on projects “for which the engineer’s estimate or the bid accepted by the public body for the total project cost is less than seventy-five thousand dollars”.

8 CSR 30-3.050 Posting of Prevailing Wage Rates

(1) Contractors and subcontractors engaged in public works projects shall post the applicable hourly rate of wages (the prevailing wage or the public works contracting minimum wage as provided in section 290.257, excluding rates on projects for which the engineer’s estimate or the bid accepted by the public body for the total project cost is less than seventy-five thousand dollars (\$75,000)) in a dry, accessible place within the field office at the site of the building or construction job. On public works projects for which no field office is needed or established, such as road construction, sewer lines, pipelines, and the like, a contractor/subcontractor may post the applicable hourly rates of wages at the contractor/subcontractor’s local office or batch plant, so long as the contractor/subcontractor provides a copy of the prevailing hourly wage rates to any worker upon request. Applicable hourly wage rates must be posted and maintained in a clearly legible condition for the duration of the public works project as provided by law.

Title 8—DEPARTMENT OF LABOR AND INDUSTRIAL RELATIONS Division 30—Division of Labor Standards Chapter 3—Prevailing Wage Law Rules

ORDER OF RULEMAKING

By the authority vested in the Division of Labor Standards under section 290.240.2, RSMo Supp. 2018, the division amends a rule as follows:

8 CSR 30-3.060 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 2, 2019 (44 MoReg 83-97). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The division received two (2) comments on the proposed amendment.

COMMENT #1: Don Greenwell, President, The Builders’ Association and on behalf of the Kansas City Chapter of the Associated General

Contractors of America; Robert A. Looman, Executive Director, Mechanical Contractors Association of Kansas City, and Leonard P. Toenjes, CAE President, Associated General Contractors of Missouri stated that the word “recognized” (as used in 8 CSR 30-3.060(3) to identify occupational titles under which hours may be reported) is not defined in statute.

RESPONSE AND EXPLANATION OF CHANGE: The department accepts the requested change. The word “recognized” as used in 8 CSR 30-3.060(3) has been removed. The relevant portion now reads “...Hours of work reported by a contractor or subcontractor to the department shall not be used to establish the prevailing hourly rate of wages if the party submitting the hours of work fails to identify the work under one of the [recognized] occupational titles **included in section 290.257** [recognized by this rule].”

COMMENT #2: Don Greenwell, President, The Builders’ Association and on behalf of the Kansas City Chapter of the Associated General Contractors of America; Robert A. Looman, Executive Director, Mechanical Contractors Association of Kansas City; Leonard P. Toenjes, CAE President, Associated General Contractors of Missouri; Michael Amash, Partner with Blake & Uhlig Law Firm on behalf of the Minority Contractors Association of Greater Kansas City, and Bob Jacobi, Executive Director, Labor-Management Council of Greater Kansas City state that there should be a mechanism for the department to make modifications to the list of occupational titles. Some remarked that current titles such as “truck control service driver” in 8 CSR 30-3.060(7)(T) should be changed to “traffic control service driver.”

RESPONSE: Section 290.257.6(1) RSMo states that the “different types of occupational titles to which sections 290.210 to 290.340 apply *shall be limited to, and shall include, all of the following*. . .” (emphasis added). Therefore, the department has no statutory authority to create, alter, or remove occupational titles listed in statute.

8 CSR 30-3.060 Occupational Titles of Work Descriptions

(3) Interested parties who wish to submit wage information to be used in establishing the prevailing hourly rate of wages for a particular class or type of work are required to identify the work according to the applicable occupational title of work description set forth in this rule. Hours of work reported by a contractor or subcontractor to the department shall not be used to establish the prevailing hourly rate of wages if the party submitting the hours of work fails to identify the work under one of the occupational titles included in section 290.257.

Title 16—RETIREMENT SYSTEMS Division 10—The Public School Retirement System of Missouri Chapter 3—Funds of Retirement System

ORDER OF RULEMAKING

By the authority vested in the board of trustees under section 169.020, RSMo 2016, the board of trustees hereby amends a rule of The Public School Retirement System of Missouri as follows:

16 CSR 10-3.020 Management of Funds is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on February 15, 2019 (44 MoReg 686). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

20 CSR 100-8.005 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 15, 2019 (44 MoReg 283-284). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended February 15, 2019 and a public hearing on the proposed amendment was held February 27, 2019. Timely written comments were received from the Missouri Insurance Coalition. At the hearing, no comments were received.

COMMENT: Brandon Koch, on behalf of Missouri Insurance Coalition, commented that the proposed deletion to the current language contained in 20 CSR 100-8.005(2)(D) is unwarranted and may, as currently drafted, permit the examination of materials that go beyond the warrant. Mr. Koch suggests that the introductory sentence contained in the rule (“*The scope of the warrant shall be reasonably limited by the cause supporting the issuance of the warrant*”) should remain. This standard needs to remain as it does not appear to be affirmatively stated anywhere else in the rule. Limiting the scope of the warrant to the cause supporting its issuance is fair and affirmatively maintaining this standard would alleviate concerns expressed by our members.

RESPONSE AND EXPLANATION OF CHANGE: In late 2017,

Director Chlora Lindley-Myers convened a working group including department staff and ten members of the insurance industry to review Division 100, Chapters 7 and 8 in their entirety to address many concerns the industry had raised regarding the market conduct process. Through several meetings, all of the rules contained in Chapters 7 and 8 were discussed at great length and representatives from both the department and the insurance industry collaborated closely to arrive at the proposed amendments filed with the secretary of state's office. The working group recommended a substantial revision to 20 CSR 100-8.005(2)(D), based upon the industry's concerns regarding examinations exceeding the scope of an examination warrant. The modifications agreed upon by the working group clarified that the warrant shall be reasonably limited to line of business, the specific business practices and the time period to be examined, and clarified that an expanded or modified warrant should be sought if supported by additional cause. The requirement that a warrant be based on cause, is already required in subsection (2)(B) for desk examinations and in subsection (2)(C) for on-site examinations, with the specific categories of cause specified in (2)(B)(1) A. through D. for desk examinations and in (2)(C)A. through C. for on-site examinations. The division notes the specificity that has been added to the proposed language is both more specific than the current language and goes well beyond the standards in the current rule in terms of providing insurers with additional due process in the examination process. The revised language reflects the intent of the industry representatives of the working group for both additional specificity and regulatory restraint. The division believes the proposed language should substantively remain as proposed to reflect the comments previously received from the insurance industry and its work with the industry working group. However, in response to this comment, the division has added a reference to "cause" back into subsection (2)(D) for clarification purposes.

20 CSR 100-8.005 Examination Warrants

(2) A market conduct examination will be conducted only upon the issuance of an examination warrant by the director or with the written consent of the insurer or company. In furtherance of the purposes of section 374.185, RSMo, and to provide uniform standards designed to avoid arbitrary or capricious use of discretion in issuing examination warrants for market conduct examinations, the director will apply the following standards in evaluating factual support for a market conduct examination warrant:

(D) An examination warrant shall be based on cause and will be reasonably limited in scope to the specific line(s) of business, the specific business practice(s), and the time period to be examined, as identified in the examination warrant. If additional cause is discovered, which leads the examiner to believe additional lines of business, additional business practices, or additional time periods need to be examined, or if the examiner believes a different method of examination needs to be employed, a request to modify or expand the previously issued examination warrant or for a new examination warrant will be made to the director who may issue a new or modified warrant. The identification of additional laws violated does not necessitate a request to modify or expand a previously issued warrant; and

20 CSR 100-8.020 Sampling and Error Rates is rescinded.

A notice of proposed rulemaking containing the proposed rescission was published in the *Missouri Register* on January 15, 2019 (44 MoReg 288-289). No changes have been made in the proposed rescission, so it is not reprinted here. This proposed rescission becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended February 15, 2019 and a public hearing on the proposed rescission was held February 27, 2019. Timely written comments were received from the Missouri Insurance Coalition. At the hearing, no comments were received.

COMMENT: Brandon Koch, on behalf of the Missouri Insurance Coalition, opposes the proposed rescission of 20 CSR 100-8.020, the provision dealing with sampling and error rates. Mr. Koch commented that while the reason for the proposed rescission is that the rule is outdated and unnecessary and otherwise duplicative of provisions contained in other statutes and rules, many of our members expressed concerns that the standards governing the detection of frequency to indicate a business practice under the Unfair Claims Settlement Practices Act or conducting business fraudulently, not in good faith or in a manner constituting misrepresentations or false advertising, needs to be set forth in rule to ensure that insurance companies have access to these standards. Terms such as “claims error rate”, “rating error rate”, and “quotation error rate” and their applicable standards are not found in other regulations or statutes. While these standards and guidelines may be found in the NAIC handbooks possessed by the regulator, not all of our members have immediate access to the NAIC handbooks. Mr. Koch commented that the deletion of this rule causes more harm than the good intended by its rescission.

RESPONSE: The director appreciates this comment; however, many of the definitions contained in this rule are duplicative with definitions contained in other rules including 20 CSR 100-1.010. Other provisions in the rule are duplicative of language contained in the Market Regulation Handbook published by the National Association of Insurance Commissioners (NAIC), which is referenced in §374.205 and 20 CSR 100-7.002. A copy of the handbook is publicly available from the NAIC and is, therefore, accessible to insurance companies. Therefore, no changes have been made to the rule in response to this comment.

**Title 20—DEPARTMENT OF INSURANCE,
FINANCIAL INSTITUTIONS AND PROFESSIONAL
REGISTRATION
Division 200—Insurance Solvency and Company
Regulation
Chapter 18—Warranties and Service
Contracts**

ORDER OF RULEMAKING

By the authority vested in the Director of the Department of Insurance, Financial Institutions and Professional Registration under sections 374.045 and 385.318, RSMo 2016, the director amends a rule as follows:

20 CSR 200-18.120 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on February 15, 2019 (44 MoReg 698-700). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received one (1) comment for the proposed amendment.

COMMENT #1: Secretary of state staff commented that paragraphs (2)(A)1.-3. lacked a definition for the acronym “RRG.” The acronym should be introduced after the first occurrence of “risk retention group” found in subsection (2)(A).

RESPONSE AND EXPLANATION OF CHANGE: The department agrees with the change and will be providing the acronym in subsection (2)(A).

20 CSR 200-18.120 Faithful Performance of a Service Contract Provider’s Obligations (Non-Motor Vehicle)

(2) The following applies to reimbursement insurance policies used to assure the faithful performance of a provider’s obligations to its contract holders as set forth in section 385.302.4(3), RSMo:

(A) Any such policy is acceptable only if it is issued by an insurance company authorized, registered, or otherwise permitted to transact liability insurance in this state, or a surplus lines insurer authorized pursuant to the laws of this state and which insurer meets the surplus requirements of section 385.302.4(4), RSMo. As used in this paragraph, the term “insurance company authorized to transact insurance in this state” includes a financially responsible risk retention group (RRG) meeting the following requirements:

- 1. Such RRG is registered in good standing with the director pursuant to sections 375.1080–375.1105, RSMo;
- 2. Such RRG is not in a hazardous financial condition; and
- 3. Such RRG is authorized to transact liability insurance in this state.

**Title 20—DEPARTMENT OF INSURANCE,

SUMMARY OF COMMENTS: No comments were received.

**Title 20—DEPARTMENT OF INSURANCE,
FINANCIAL INSTITUTIONS AND PROFESSIONAL
REGISTRATION**

**Division 2110—Missouri Dental Board
Chapter 2—General Rules**

ORDER OF RULEMAKING

By the authority vested in the Missouri Dental Board under section 332.031, RSMo 2016, the board amends a rule as follows:

20 CSR 2110-2.001 Definitions is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on February 15, 2019 (44 MoReg 701-702). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received multiple comments from fifty-six (56) interested parties regarding the proposed amendment.

COMMENT #1: Daniel Kessler, DDS, on behalf of the Missouri Dental Association (MDA), reported that the MDA is opposed to the proposed amendment due to a concern that the change will allow backdating in patient records of authorizations for treatment under general supervision and create situations where patients could be treated by a dental hygienist without being examined by a dentist for

more than twelve (12) months.

RESPONSE: The Missouri Dental Board appreciates the comment, however, the board disagrees with the MDA's concerns. The requirement that the authorization for treatment under general supervision is valid for a period of no more than twelve (12) months is still included in the rule and stated very clearly. Even if a dentist gives authorization for treatment under general supervision, the dentist is still required to make a note of that authorization in the patient's record. The proposed change simply allows treatment to be rendered before that written notation in the patient record is made. This will be particularly important when care is being provided using telehealth technology since many times the patient's record will be located in the location where the patient is receiving care and not where the dentist is. In these situations, entering information after the care is provided, or backdating that information is the only practical way for that information to be documented. No changes were made to the amendment based upon this comment.

COMMENT #2: Marwan Assaf, DMD; Ryan Rader, DMD; Nick Pfannestiel, DDS; Colin Malaker, DDS; Romana Muller, RDH; Ashley Chadwick, RDH; Angela Fuller, RDH; and Lori Crawford, RDH, on behalf of the Missouri Dental Hygienists Association; Susan Bear, RDH; Madeline Conlin, dental hygiene student; Elizabeth Houle, dental hygiene student; Diann Bomkamp, RDH; Rachael Newberry, dental hygiene student; Ellen Wentz, RDH; Ann Vering, RDH; Sally Cook, RDH; Kaylee Laughlin, dental hygiene student; Jacqueline Nance, RDH; Hien Luong, RDH; Shelley Deckard, RDH; Amanda Swaney, RDH; Kammi Grosse, RDH; Reagan Soumokol, dental hygiene student; Jennifer Kopp, RDH; Donna Goble, RDH; Jami Westrich, RDH; Naomi Prather, dental hygiene student; Emily Biswell, dental hygiene student; Crystal Baker, RDH; Hunter Summers, dental hygiene student; Megan Simpson, dental hygiene student; Calvin Smith, dental hygiene student; Kayla Robinson, dental hygiene student; Jessica Finder, dental hygiene student; Ashley Mckenna, dental hygiene student; Mikala LeGrand, dental hygiene student; Erin LaFaver, dental hygiene student; Sabrina Witwer, dental hygiene student; Courtney Sotello, dental hygiene student; Lauren Dunham, dental hygiene student; Amy Guarino, RDH; Emily Morgan, RDH; Linda Hoffmann, RDH; Katie Schroeder, RDH; Stephanie Groff, RDH; Bonnie Branson, RDH; Amy Richardson, RDH; Rebecca Solari, RDH; Emily Kyle, RDH; DeAnn Walsh, RDH; Melissa Bush, RDH; Jane Lavender, RDH; Betty Stiampel, RDH; Tammey Romer, RDH; Renee Fiquet-Freeman, RDH; and Debra Adams, RDH, commented that they are in support of the amendment. The commenters stated that the amendment would help provide access to needed dental care for Missourians by increasing opportunities for patients to be treated. Some added that including verbal authorization for treatment under general supervision would be particularly important in situations where telehealth is being utilized to deliver needed care.

RESPONSE: The board appreciates the comments. The board agrees with the commenters expressing the importance and significance of this amendment as it relates to enabling Missourians to access needed oral healthcare. No changes were made to the amendment based upon these comments.

Claims against the Company will be barred unless a proceeding to enforce the claim is commenced within two years after the publication of this notice.

Rule Changes Since Update to Code of State Regulations

This cumulative table gives you the latest status of rules. It contains citations of rulemakings adopted or proposed after deadline for the monthly Update Service to the *Code of State Regulations*, citations are to volume and page number in the *Missouri Register*, except for material in this issue. The first number in the table cite refers to the volume number or the publication year—43 (2018) and 44 (2019). MoReg refers to *Missouri Register* and the numbers refer to a specific *Register* page, R indicates a rescission, W indicates a withdrawal, S indicates a statement of actual cost, T indicates an order terminating a rule, N.A. indicates not applicable, RAN indicates a rule action notice, RUC indicates a rule under consideration, and F indicates future effective date.

MISSOURI STATE RULEMAKING MANUAL

JOHN R. ASHCROFT
SECRETARY OF STATE

The *Missouri State Rulemaking Manual* is available exclusively online at www.sos.mo.gov/adrules/manual/manual for state agencies to assist in preparing all types of rulemakings.

For information about rule drafting classes call (573) 751-4015.

Rulemaking Classes

Are you new to rulemaking or in need of a refresher course to assist you in filing rules or understanding the rulemaking process?

The Administrative Rules Division offers group and individual classes for rule drafting and preparation of rule packets. Please call Amanda at (573) 522-2593 or email amanda.mckay@sos.mo.gov to schedule a class.
