ORDER OF RULEMAKING

By the authority vested in the Department of Social Services, MO HealthNet Division, under sections 208.153, 208.201, and 660.017, RSMo 2016, section 208.152, RSMo Supp. 2018, the division amends a rule as follows:

13 CSR 70-15.160 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on February 15, 2019 (44 MoReg 685-686). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Department of Social Services, MO HealthNet Division (MHD) received two (2) comments on the proposed amendment.

COMMENT #1: Nanci Nikodym, Assistant Deputy Director, MO HealthNet Division stated that the effective date for changes to the outpatient drug reimbursement outlined in paragraph (1)(C)5. needs to be changed to April 1, 2019.

RESPONSE AND EXPLANATION OF CHANGE: The MO HealthNet Division has amended this final rule to reflect this change.

COMMENT #2: Daniel Landon, Senior Vice President of Governmental Relations, Missouri Hospital Association commented that in paragraph (1)(C)3. of 13 CSR 70-15.160, the deletion of the phrase “, included herein,” confuses what MHA understands to be MHD’s purpose for proposing the rule. The list of outpatient surgical procedures to which the fee schedule that is being incorporated by reference applies is presently codified at 13 CSR 70-15.160. MHA supports MHD’s practice of explicitly listing the procedure codes to which fee schedule reimbursement will be applied. Because the list of codes will appropriately remain a part of the regulation, MHA recommends retaining the phrase “, included herein,” in 13 CSR 70-15.160(1)(C)3 as clear reference to the cited November 30, 2018,

procedure code listing.

RESPONSE: This amendment properly incorporates the Medicaid fee schedule into this regulation. The Outpatient Surgery Fee Schedule includes the listing of the procedure codes that this regulation incorporates. If the procedure codes or the fees change in the future, MHD will amend the regulation as necessary, which will be subject to public comment under section 536.026, RSMo.

SUMMARY OF COMMENTS: The State Auditor's Office staff submitted two (2) comments. No other comments were received.

COMMENT #1: The staff of the State Auditor's Office made one (1) comment regarding Form A and Informational Form A in section (3). The comment related to changing a typographical error, specifically to change the equation on Line 21b to a minus sign rather than a plus sign. The equation will be (Line 21 - Line 21a) rather than (Line 21 + Line 21a).

RESPONSE AND EXPLANATION OF CHANGE: The forms will be amended to reflect these changes.

COMMENT #2: The staff of the State Auditor's Office made one (1) comment regarding Form C in section (2) and section (3). The comment related to removing Lines 8a and 8b and revising Line 9 to state (line 7 - Line 8) rather than (Line 7 - Line 8b). This revision is because school districts cannot provide a prior year state assessed revenue received from debt service amount to net the estimated state assessed revenue from debt service in order to come up with a new

construction amount.

RESPONSE AND EXPLANATION OF CHANGE: The forms will be amended to reflect these changes.

Debt Service Calculation for General Obligation Bonds Paid for with Property Taxes

The tax rate for debt service will be considered valid if, after making the payment(s) for which the tax was levied, the bonds remain outstanding, and the debt fund reserves do not exceed the following year's payments.

Since the property taxes are levied and collected on a calendar year basis (January - December), it is recommended that this levy be computed using calendar year data.

1. **Total current year assessed valuation obtained from the county clerk or county assessor**
(Form A, Line 1 total) _____
2. **Amount required to pay debt service requirements during the next calendar year**
(i.e. Assuming the current year is year 1, use January - December year 2 payments to complete the year 1 Form C) Include the principal and interest payments due on outstanding general obligation bond issues plus anticipated fees of any transfer agent or paying agent due during the next calendar year. _____
3. **Estimated costs of collection and anticipated delinquencies (i.e. collector fees & commissions & assessment fund withholdings)**
Experience in prior years is the best guide for estimating uncollectible taxes.
It is usually 2% to 10% of Line 2 above. _____
4. **Reasonable reserve up to one year's payment**
(i.e. Assuming the current year is year 1, use January - December year 3 payments to complete the year 1 Form C) It is important that the debt service fund have sufficient reserves to prevent any default on the bonds.
Include payments for the year following the next calendar year, accounted for on Line 2. _____
5. **Total required for debt service (Line 2 + Line 3 + Line 4)** _____
6. **Anticipated balance at end of current calendar year**
Show the anticipated bank or fund balance at December 31st of this year (this will equal the current balance minus the amount of any principal or interest due before December 31st plus any estimated investment earning due before December 31st). Do not add the anticipated collections of this tax into this amount. _____
7. **Property tax revenue required for debt service (Line 5 - Line 6)**
Line 6 is subtracted from Line 5 because, the debt service fund is only allowed to have the payments required for the next calendar year (Line 2) and the reasonable reserve of the following year's payment (Line 4). Any current balance in the fund is already available to meet these requirements so it is deducted from the total revenues required for debt service purposes. _____
8. **Estimated revenue from state assessed property for debt service for the next calendar year (January - December)** - must be estimated by the school district. In most instances a good estimate would be the same amount as the state assessed revenues actually placed in the debt service fund in the prior year. _____
9. **Revenue required from locally assessed property for debt service (Line 7 - Line 8)** _____
10. **Computation of debt service tax rate (Line 9 / Line 1 x 100)**
Round a fraction to the nearest one/one hundredth of a cent. _____
11. **Less voluntary reduction by school district** _____
12. **Actual rate to be levied for debt service purposes * (Line 10 ÷ Line 11)**
Enter this rate on Line AA of the Summary Page _____

* The tax rate levied may be lower than the rate computed as long as adequate funds are available to service the debt requirements.

Debt Service Calculation for General Obligation Bonds Paid for with Property Taxes

The tax rate for debt service will be considered valid if, after making the payment(s) for which the tax was levied, the bonds remain outstanding, and the debt fund reserves do not exceed the following year's payments.

Since the property taxes are levied and collected on a calendar year basis (January - December), it is recommended that this levy be computed using calendar year data.

1. **Total current year assessed valuation** obtained from the county clerk or county assessor (Form A, Line 1 total) _____
2. **Amount required to pay debt service requirements during the next calendar year** (i.e. Assuming the current year is year 1, use January - December year 2 payments to complete the year 1 Form C) Include the principal and interest payments due on outstanding general obligation bond issues plus anticipated fees of any transfer agency or paying agent due during the next calendar year. _____
3. **Estimated costs of collection and anticipated delinquencies (i.e. collector fees and commissions and assessment fund withholdings)**
Experience in prior years is the best guide for estimating uncollectible taxes. It is 2% to 10% of Line 2 above. _____
4. **Reasonable reserve up to one year's payment**
i.e. Assuming the current year is year 1, use January - December year 3 payments to complete the year 1 Form C) It is important that the debt service fund have sufficient reserves to prevent any default on the bonds. Include payments for the year following the next calendar year, accounted for on Line 2. _____
5. **Total required for debt service (Line 2 + Line 3 + Line 4)** _____
6. **Anticipated balance at end of current calendar year**
Show the anticipated bank or fund balance at December 31st of this year (this will equal the current balance minus the amount of any principal or interest due before December 31st plus any estimated investment earnings due before December 31st). Do not add the anticipated collections of this tax into this amount. _____
7. **Property tax revenue required for debt service (Line 5 - Line 6)**
Line 6 is subtracted from Line 5 because the debt service fund is only allowed to have the payments required for the next calendar year (Line 2) and the reasonable reserve of the following year's payments (Line 4). Any current balance in the fund is already available to meet these requirements, so it is deducted from the total revenues required for debt service purposes. _____
8. **Estimated revenue from state assessed property for debt service for the next calendar year (January - December)** - must be estimated by the school district. In most instances a good estimate would be the same amount as the state assessed revenues actually placed in the debt service fund in the prior year. _____
9. **Revenue required from locally assessed property for debt service (Line 7 - Line 8)** _____
10. **Computation of debt service tax rate (Line 9 / Line 1 x 100)**
Round a fraction to the nearest one-one hundredth of a cent. _____
11. **Less voluntary reduction by political subdivision** _____
12. **Actual rate to be levied for debt service purposes * (Line 10 - Line 11)**
Enter this rate on the Summary Page, Line AA _____

* The tax rate levied may be lower than the rate computed as long as adequate funds are available to service the debt requirements.

**Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES

Chapter 20—Hospitals**

ORDER OF RULEMAKING

By the authority vested in the Department of Health and Senior Services under sections 197.005 and 197.080, RSMo Supp. 2017, and section 536.031, RSMo Supp. 2018, the department adopts a rule as follows:

19 CSR 30-20.013 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on March 15, 2019 (44 MoReg 925). The authority section is being changed, and that is reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received two (2) comments on the proposed rule, one (1) proposing a change to the text of the rule and one (1) regarding the authority section.

COMMENT #1: The Missouri Hospital Association (MHA) provided a comment applicable to each of three (3) components of the proposed rule, which address critical access hospitals, hospitals, and psychiatric hospitals. Specifically, the comment applies to the last sentence of subsections (A), (B) and (C) of the rule; MHA recommends the last sentence should read "Missouri licensed hospitals shall comply with the standards and CMS enforcement interpretations of the Medicare Conditions of Participation and surveys shall be conducted per Medicare standards pursuant to section 197.005, RSMo." MHA asserts that this change "would most accurately reflect the intent of [section 197.005, RSMo] and communicate a clear direction for both surveyors and providers moving forward."

RESPONSE: Although CMS enforcement interpretations, such as those in the State Operations Manual, may serve as guidance in applying the standards, the rule does not incorporate the enforcement interpretations. Section 536.031, RSMo would not permit later additions or amendments of the enforcement interpretations to be incorporated by reference. Because the proposed rule does not incorporate CMS's enforcement interpretations, the department does not believe that the rule should be changed to include enforcement interpretations. If, on the other hand, MHA means by "enforcement interpretations" that the department must in every case, for state-licensure purposes, abide by CMS's determinations of whether hospitals meet the Medicare Conditions of Participation, this would appear to conflict with section 197.100.1, RSMo, which gives the department the sole authority and responsibility for licensure of hospitals in this state. Under section 197.005, RSMo, in relevant part, "compliance with Medicare conditions of participation shall be deemed to constitute compliance with the standards for hospital licensure under sections 197.010 to 197.120 and regulations promulgated thereunder." The department believes that the last sentences of the rule at issue as presently written—stating that "Missouri licensed [critical access hospitals, hospitals, and psychiatric hospitals] shall strictly meet the Medicare Conditions of Participation and surveys performed for state licensure will be conducted per Medicare standards"—are in accordance with section 197.005, RSMo's intent. Therefore, the rule will not be changed as proposed.

COMMENT #2: Staff from the department commented that statutory authority for the rule in the authority section should be sections 197.005, 197.080, and 536.031, RSMo, not section 197.297, RSMo.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees that the authority section should be changed as proposed.

19 CSR 30-20.013 Incorporation of Medicare Conditions of Participation

AUTHORITY: sections 197.005 and 197.080, RSMo Supp. 2017, and section 536.031, RSMo Supp. 2018. Emergency rule filed Feb. 14, 2019, effective Feb. 24, 2019, expires Aug. 22, 2019. Original rule filed Feb. 14, 2019.

**Title 4—DEPARTMENT OF ECONOMIC
DEVELOPMENT
Division 340—Division of Energy
Chapter 2—Energy Loan Program**

IN ADDITION

Notification: Applications accepted between June 17, 2019 and September 20, 2019 for Energy Efficiency and Renewable Energy Loan Cycle.

The Missouri Department of Economic Development's (department) Division of Energy is making available approximately four (4) million dollars in loan financing for qualified energy efficiency and renewable energy projects. Energy-saving investments may include projects such as insulation, lighting systems, heating and cooling systems, combined heat and power, pumps, motors, aerators, renewable energy systems, and other measures that reduce energy use and cost. Recipients repay loans with money saved on energy costs.

Eligible Energy-Using Sectors: Loan funds will be allocated to eligible energy-using sectors as follows:

- Public Schools (K-12): twenty-five percent (25%) of available funds;
- Public Higher Education Institutions: twenty-five percent (25%) of available funds;
- Public and Private not-for-profit Hospitals: twenty-five percent (25%) of available funds; and
- Local Governments: twenty-five percent (25%) of available funds. Local governments include a county, city, or village (which may include water treatment plants or waste water facilities), local government/public owned airport facilities (municipal, county, regional, and international); or any hospital district as defined in section 206.010, RSMo; or any sewer district as defined in section 249.010, RSMo; or any water supply districts as defined in section 247.010, RSMo; or any ambulance district as defined in section 190.010, RSMo; or any sub-district of a zoological park and museum district as defined in section 184.352, RSMo.

Application Procedures: An application for loan funds may be submitted to the department for the purpose of financing all or a portion of the cost of implementing an energy-saving project.

Each applicant may apply for a loan not to exceed five hundred thousand dollars (\$500,000). Loan applications will not be considered for less than ten thousand dollars (\$10,000) or with a payback score of less than six (6) months.

If funds remain after review and priority ranking of applications, the department will consider awarding loans in excess of five hundred thousand dollars (\$500,000).

Requests for loan financing must be made using the Division of Energy's Energy Loan Program Application Authorization Form,

Fuel Use Summary Form, and Energy Conservation Measure Summary Form. Application forms and instructions are available on the department's website: <https://energyloan.mo.gov>.

The Application Authorization Form must be signed and dated by an authorized official. An authorized official is an individual with authority to obligate an eligible applicant to the terms of loan agreement and promissory note to repay loan proceeds.

A paper or electronic copy of the signed original Application Authorization Form and required documents may be submitted to the department's address below.

Applications received after September 20, 2019 will not be considered for a loan award for this FY2020 cycle but may be held for consideration during subsequent application cycles.

The department may request additional information as needed to determine the feasibility of a project, the project's estimated annual energy savings, and financial risks of a loan transaction. Also, an energy conservation measure has the potential of affecting other areas within the facility or system. Applicants must have no outstanding actions for violations of applicable federal, state, or local laws, ordinances, and rules.

Interest Rates: Loan principal plus two and three quarters percent (2.75%) interest is to be repaid to the department in semi-annual payments not to exceed a ten- (10-) year repayment period. An administrative fee of one percent (1%) of loan principal will be added to the repayment amount.

Selection Criteria: Recipients of loan financing will be determined on a competitive basis. Applications will be ranked based on the project's payback score, which is determined by dividing the cost to implement a project by the estimated yearly energy cost savings. Projects with the lowest payback score in each sector allocation will be funded until all available funds are allocated. If all funds are not allocated in any one (1) sector after ranking payback scores, the department may allocate funds to other sectors. ****Note**** Applicants with an open Energy Loan Program loan (under construction or in repayment) may be deemed ineligible if demand exceeds offering. Loan applications will be approved or disapproved by December 19, 2019.

**Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 25—Hazardous Waste Management Commission
Chapter 7—Rules Applicable to Owners or Operators of
Hazardous Waste Facilities**

Permit Modifications List Available Online

The Missouri Department of Natural Resources invites the public to

review the list of completed hazardous waste permit modifications for the 2018 calendar year. The permit modification list for calendar year 2018, as well as lists from previous years, is available online at dnr.mo.gov/env/hwp/permits/publications.htm.

Businesses actively treating, storing (for longer than allowed by the hazardous waste generator regulations), or disposing hazardous waste in Missouri must obtain a hazardous waste permit. These permits contain operating and closure requirements, as well as necessary post-closure, corrective action, and financial assurance requirements. The department or facility can make changes to the currently effective permit, allowing the facility to change or improve its operations or respond to new or changed regulatory requirements. Additional information and examples of significant permit modifications in Missouri are highlighted in the EPA publication, *Permit Modifications Report: Safeguarding the Environment in the Face of Changing Business Needs*, available online at epa.gov/hwpermitting/permit-modifications-report-safeguarding-environment-face-changing-business-needs.
