3 CSR 10-6.605 Live Bait is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on April 1, 2020 (45 MoReg 457). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Conservation Commission received two (2) comments on the proposed amendment.

COMMENT #1: Mike Brooke, Norborne, expressed opposition to the proposal to restrict the use of common carp as live bait on the Missouri River. Mr. Brooke indicated that common carp are easily identified, and this change will result in a hardship for anglers.

RESPONSE: Common carp are one of the Asian carp species identified as invasive to Missouri waters (<https://nature.mdc.mo.gov/status/invasive>). The other Asian carp species include grass, bighead, silver, and black carp. These species have been introduced to Missouri waters through intended and unintended stockings, as well as bait bucket dumping. This rule would limit their use to cut bait only and help limit the spread and introduction of these invasive species. Including common and grass carp as cut bait only is consistent with current rules and public messaging regarding invasive Asian carp. Additionally, Missouri has many non-game native species that can be live bait substitutes such as bullheads, sunfish, buffalo, and drum. No changes have been made to the amendment as a result of this comment.

COMMENT #2: Justin Tuttle, Saint Clair, expressed opposition to the proposal to restrict the use of common carp as live bait.

**Title 3—DEPARTMENT OF CONSERVATION
Division 10—Conservation Commission
Chapter 8—Wildlife Code: Trapping: Seasons, Methods**

ORDER OF RULEMAKING

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission amends a rule as follows:

3 CSR 10-8.505 Trapping is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on April 1, 2020 (45 MoReg 457-458). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Conservation Commission received one (1) comment on the proposed amendment.

COMMENT #1: Bryce Bobbitt, Jefferson City, expressed opposition to a proposal that requires resident trappers to possess a Resident Commercial Live Coyote and Fox Trapping Permit to hold live furbearers. Mr. Bobbitt indicated that additional regulations are unnecessary and that the additional permit will discourage future participation.

RESPONSE: This regulation proposal is intended to preserve the ability of citizens to trap furbearers in Missouri, including the take of live coyotes and foxes, and is not intended to reduce participation in the activity. In September 2019, citizens of the state of California banned all recreational and commercial trapping of furbearers. The commission is supportive of trapping as a way for citizens to enjoy, utilize, and manage the wildlife resources of Missouri. Amendments to this regulation implement reasonable safeguards to preserve the ability of citizens to trap furbearers for recreational, commercial, and wildlife management purposes in the future. No changes have been made to the amendment as a result of this comment.

ORDER OF RULEMAKING

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission adopts a rule as follows:

3 CSR 10-10.788 Resident Commercial Live Coyote and Fox Trapping Permit is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on April 1, 2020 (45 MoReg 462-463). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Conservation Commission received one (1) comment on the proposed rule.

COMMENT #1: Bryce Bobbitt, Jefferson City, expressed opposition to the proposal to establish a permit for residents to take, hold, and

sell live coyotes, red fox, and gray fox to the holder of a valid Hound Running Area Operator and Dealer Permit. Mr. Bobbitt indicated that the additional permit is an unnecessary burden on trappers and suggested that the Department of Conservation make a reasonable effort to promote the sustained use of Missouri's natural resources given declines in the number of trappers in the state.

RESPONSE: The *Wildlife Code* currently allows the holder of a valid trapping permit to take live coyotes and foxes, hold them in confinement, and sell them to the holder of a Hound Running Area Dealer and Operator Permit during specified seasons. Under the current permit and regulatory structure, it has been problematic for conservation agents to ensure that confinement standards, animal care, documentation/record keeping, and transportation requirements for taking and holding live coyotes and foxes are being followed. This amendment, including the addition of the Resident Commercial Live Coyote and Trapping Permit, implements safeguards that are necessary to ensure all coyotes and foxes taken and held alive are cared for in humane and sanitary facilities, are properly documented, and that healthy coyote and fox populations are maintained in confinement and in the wild. No changes have been made to the rule as a result of this comment.

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission adopts a rule as follows:

3 CSR 10-10.789 Resident Commercial Live Coyote and Fox Trapping: Privileges, Seasons, Methods, Requirements is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on April 1, 2020 (45 MoReg 464-466). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Conservation Commission received four (4) comments from five (5) individuals in opposition to a proposal to establish seasons, methods, and requirements for taking, holding, possessing, and selling live coyotes, red fox, and gray fox by the holder of a Resident Commercial Live Coyote and Fox Trapping Permit.

COMMENT #1: Ken Drennon, Jefferson City, and Derek Search, Brookfield, expressed opposition to the proposed requirement to affix ear tags to each animal immediately at the time and location where they are captured, indicating that it is an undue burden and could result in injury to the animal or the trapper. Instead, they suggested that trappers be allowed to apply tags on the day of take.

RESPONSE: The *Wildlife Code* currently allows the holder of a valid trapping permit to take live coyotes and foxes, hold them in confinement, and sell them to the holder of a Hound Running Area Dealer and Operator Permit during specified seasons. The *Wildlife Code* also currently requires the marking of all foxes and coyotes with a department provided ear tag prior to their release into a permitted hound running area. Under the current regulatory structure, it has been problematic for conservation agents to ensure that confinement standards, animal care, documentation/record keeping, and transportation requirements for taking and holding live coyotes and foxes are being followed. This amendment, including changing the tagging

requirement to the time and location of capture, implements safeguards that are necessary to ensure all coyotes and foxes taken and held alive are cared for in humane and sanitary facilities, are properly documented, and that healthy coyote and fox populations are maintained in confinement and in the wild. No changes have been made to the rule as a result of this comment.

COMMENT #2: Bryce Bobbitt, Jefferson City, expressed opposition to the proposed requirement to affix ear tags to each animal upon capture, requirements for live pens (as outlined in 3 CSR 10-9.220), and the new permit requirement and stated that this regulation is burdensome to those who participate in this activity.

COMMENT #3: Dan (no last name), Purdin, expressed opposition to the proposed requirement to affix ear tags to each animal immediately at the time and location where they are captured, indicating that it is an undue burden and could result in injury to the trapper.

COMMENT #4: Missi Ferguson, Willard, expressed general opposition to the proposed amendment.

SUMMARY OF COMMENTS: The Conservation Commission received one (1) comments on the proposed amendment.

COMMENT #1: Missi Ferguson, Willard, expressed general opposition to proposed regulations to allow the take of feral swine on lands managed by the department under cooperative agreement during deer and turkey hunting seasons.

RESPONSE: In 2016, the killing of feral swine was banned on all lands owned, leased, or managed by the department to minimize disruption to feral swine elimination efforts caused by unregulated feral swine hunting. In December 2019, the killing of feral swine was banned on the Mark Twain National Forest, except for persons engaged in the lawful pursuit of deer and turkey. This regulation provides uniformity between the regulations for killing feral swine on lands managed by the department and on the Mark Twain National Forest. No changes have been made to the amendment as a result of this comment.

3 CSR 10-20.805 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on April 1, 2020 (45 MoReg 474-476). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Conservation Commission received five (5) comments from eleven (11) individuals on the proposed amendment.

COMMENT #1: Matin Brooke, Hardin, expressed opposition to a proposal to include common carp in the definition of invasive fish, which will prohibit their use as live bait. Mr. Brooke contends that common carp exist in all large bodies of water in the state, so the chances of introducing them is slight. He also indicated that there is little chance that they could be mistaken for other fish species included in the proposal.

RESPONSE: Common carp are one of the Asian carp species identified as invasive to Missouri waters (<https://nature.mdc.mo.gov/status/invasive>). The other Asian carp species include grass, bighead, silver, and black carp. These species have been introduced to Missouri waters through intended and unintended stockings, as well as bait bucket dumping. This rule would limit their use to cut bait only and help limit the spread and introduction of these invasive species. Including common and grass carp as cut bait only is consistent with current rules and public messaging regarding invasive Asian carp. Additionally, Missouri has many non-game native species that can be live bait substitutes such as bullheads, sunfish, buffalo, and drum. No changes have been made to the amendment as a result of this comment.

COMMENT #2: Ten (10) individuals submitted comments in opposition to the proposal to define handguns approved for use during the fall firearms deer season.

RESPONSE: The commission has addressed specific comments below.

COMMENT #3: Jacob Schaefer, St. Louis; Matt Frevert, Hallsville, and Darryl Suhr, Rolla, indicated support for allowing the use of AR-15 pistols to take wildlife.

RESPONSE: AR-15 pistols meeting the handgun definition may be used to take wildlife in Missouri. No changes have been made to the amendment as a result of these comments.

COMMENT #4: Bryce Bobbitt, Jefferson City, suggested additional language to clarify the rule and avoid confusion.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees that additional clarification is needed and adjusted the language in section (33) of this rulemaking.

COMMENT #5: Douglas Goodwin, Fulton; John Stobbs, Chesterfield; Ben Hilsabeck, Kansas City; Aaron Sanders, Troy; Marshall Mure, Hermann; Matt Frevert, Hallsville; Darryl Suhr, Rolla, and Carl Armontrout, Hallsville, indicated the proposed definition is unnecessary, unclear, and/or burdensome and voiced support for following the same definition established by the Federal government/Bureau of Alcohol, Tobacco, Firearms and Explosives.

RESPONSE AND EXPLANATION OF CHANGE: Citizens routinely contact the department asking for clarification on whether a specific firearm may be used to hunt deer during hunting seasons when the use of a handgun is allowed. A consistent *Wildlife Code* definition eliminates the need for department staff and citizens to consult statutes, regulations, and interpretations made by other government entities to determine if a specific firearm is a legal hunting method. The commission agrees that additional clarification is needed related to the effect of pistol braces and muzzle devices on the barrel and overall length requirements and have adjusted language in sec-

tion (33) of this rulemaking. Language has also been adjusted to clarify that pistol braces are specifically authorized, and a second hand may be used for support, regardless of how a person holds the handgun when fired.

3 CSR 10-20.805 Definitions

(33) Handgun: Any firearm originally designed, made, and intended to fire a projectile (bullet) from one (1) or more barrels when held in one (1) hand, and having a short stock designed to be gripped by one (1) hand at an angle to and extending below the line of the bore(s), with a barrel less than sixteen inches (16") in length, measured from the face of the bolt or standing breech (excluding any muzzle device not permanently attached to the barrel), and an overall length less than twenty-six inches (26") as measured between the muzzle of the barrel and the rearmost portion of the firearm (excluding any pistol brace, muzzle device, or other firearm accessory not permanently attached to the firearm). The use of a pistol brace is specifically authorized, and a second hand may be used for support when firing.

The Report: The agency will prepare a report containing the results of the review which will include: whether the rule continues to be necessary; whether the rule is obsolete; whether the rule overlaps, duplicates, or conflicts with other rules; whether a less restrictive or more narrowly tailored rule is appropriate; whether the rule needs amendment or rescission; whether incorporated by reference materials are proper; and whether rules affecting small business are still relevant. The report will also contain an appendix with the nature of the comments the department has received on the rules and the agency responses to the comments.

Report Deadline: The report must be filed with the Joint Committee on Administrative Rules by **June 30, 2021**. Any rule not included in the report may become null and void. However, there is an extensive process, including multiple opportunities to correct the deficiency, in place before nullification of the rule. Such opportunities include the ability of the agency to request an extension from the Joint Committee on Administrative Rules, as well as notification to the agency and opportunity to correct the delinquency.

Questions: If you have further questions about the process, please contact Waylene Hiles, Joint Committee on Administrative Rules, 573-751-2443 or waylene.hiles@senate.mo.gov.

NOTICE OF SUSPENSION OF RULE

10 CSR 60-11.010(6)(B)-(D) Prevention of Backflow

ACTION TAKEN: This NOTICE OF SUSPENSION OF RULE 10 CSR 60-11.010(6)(B)-(D) applies to subsections (B), (C), and (D) in their entirety. 10 CSR 60-11.010(6)(B)-(D) requires customers of public water systems to have their backflow assemblies and air gaps inspected and tested annually within 30 days of the annual anniversary date established by the supplier of water. Backflow Prevention Assembly Testers in some cases are unable to test customer assemblies without having to go into customer homes or businesses. Due to social distancing requirements related to the COVID-19 pandemic, this may not be possible due to building closures or concerns from homeowners or businesses about certified testers entering their homes or businesses. This temporary suspension applies to water system customers with a backflow prevention anniversary testing date while Executive Order 20-10 is in effect, and will allow customers of public water systems to delay testing without risk of disconnection for noncompliance with this rule.

EMERGENCY STATEMENT: Pursuant to Executive Order 20-10 dated May 4, 2020 the rule is suspended effective June 1, 2020 until June 15, 2020.

The supplier of water shall establish an annual anniversary date for these inspection or test reports. If these reports are not received by the supplier of water on or before sixty (60) days following this anniversary date, the supplier of water promptly shall notify the customer, the local governmental agency (if one exists) and the department." 10 CSR 60-11.010(8)(D) requires that public water systems establish an annual date for testing or inspection of their backflow assemblies and that the public water system report to the Department those customers who fail to submit their required inspection or test within 60 days of the anniversary date established. Backflow Prevention Assembly Testers in some cases are unable to test customer assemblies without having to go into customer homes or businesses.
