

This section will contain the final text of the rules proposed by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order of rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the *Missouri Register*; an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted which has been changed from that contained in the notice of proposed rulemaking. The effective date of the rule shall be not less than thirty (30) days after the date of publication of the revision to the *Code of State Regulations*.

The agency is also required to make a brief summary of the general nature and extent of comments submitted in support of or opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with the rulemaking, together with a concise summary of the agency's findings with respect to the merits of any such testimony or comments which are opposed in whole or in part to the proposed rule. The ninety-(90-) day period during which an agency shall file its Order of Rulemaking for publication in the *Missouri Register* begins either: 1) after the hearing on the Proposed Rulemaking is held; or 2) at the end of the time for submission of comments to the agency. During this period, the agency shall file with the secretary of state the order of rulemaking, either putting the proposed rule into effect, with or without further changes, or withdrawing the proposed rule.

**Title 3—DEPARTMENT OF CONSERVATION
Division 10—Conservation Commission
Chapter 9—Wildlife Code: Confined Wildlife: Privileges,
Permits, Standards**

ORDER OF RULEMAKING

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission amends a rule as follows:

3 CSR 10-9.353 Privileges of Class I and Class II Wildlife Breeders is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on May 15, 2020 (45 MoReg 721). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Conservation Commission received four (4) comments from five (5) individuals on the proposal to allow the issuance of new permits for existing Class I and Class II wildlife breeder facilities for white-tailed deer, white-tailed deer hybrids, mule deer, or mule deer hybrids within twenty-five (25) miles of the location of a department confirmed Chronic Wasting Disease-positive animal during the five (5) year period following a confirmed positive.

COMMENT #1: Jeffery Keller, Martinsville, expressed general support for the changes.

RESPONSE: The commission appreciated Mr. Keller's support for the regulation change.

COMMENT #2: David Eckelkamp, New Haven, expressed opposition to the proposed changes and voiced concern that breeding facilities increase the spread of chronic wasting disease when they ship animals around the country.

RESPONSE: The commission is also concerned about limiting the spread of chronic wasting disease (CWD) and has enacted regulations related to the possession, movement, and testing of cervids from the wild and confined cervids to monitor disease prevalence and minimize the spread of CWD in Missouri. No changes have been made to the amendment as a result of these comments.

COMMENT #3: Andrew Acord, St. Louis, and Caleb Welch, Bolivar, expressed opposition to the proposed changes and voiced concern that animals held in these facilities contribute to the spread of chronic wasting disease to the local deer herd.

RESPONSE: The commission is also concerned about limiting the spread of chronic wasting disease (CWD) and has enacted regulations related to the possession, movement, and testing of cervids from the wild and confined cervids to monitor disease prevalence and minimize the spread of CWD in Missouri. No changes have been made to the amendment as a result of these comments.

COMMENT #4: Mitch Payne, Lake St. Louis, expressed opposition to the proposal and called for the removal of all wildlife breeders of deer from the state of Missouri.

RESPONSE: The commission is responsible for the control, conservation, and management of the wildlife resources of Missouri and has enacted regulations to protect the health and wellbeing of both deer in the wild and deer held in confinement by wildlife breeders. No changes have been made to the amendment as a result of these comments.

**Title 3—DEPARTMENT OF CONSERVATION
Division 10—Conservation Commission
Chapter 9—Wildlife Code: Confined Wildlife: Privileges,
Permits, Standards**

ORDER OF RULEMAKING

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission amends a rule as follows:

3 CSR 10-9.565 Licensed Hunting Preserve: Privileges is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on May 15, 2020 (45 MoReg 721-723). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Conservation Commission received three (3) comments from four (4) individuals on a proposal to allow the issuance of new permits for existing big game hunting preserves within twenty-five (25) miles of the location of a department confirmed Chronic Wasting Disease-positive animal during the five (5) year period following a confirmed positive. The proposal also corrects the name of a National Wildlife Refuge, standardizes the names of three (3) conservation areas, and alphabetizes those areas.

COMMENT #1: Jeffery Keller, Martinsville, expressed general support for the changes.

RESPONSE: The commission appreciated Mr. Keller's support for the regulation change.

COMMENT #2: Mitch Payne, Lake St. Louis, expressed opposition to the proposal and called for the removal of all wildlife breeders of deer from the state of Missouri.

RESPONSE: The commission is responsible for the control, conservation and management of the wildlife resources of Missouri and has enacted regulations to protect the health and wellbeing of both deer in the wild and deer held in confinement by wildlife breeders. No changes have been made to this amendment as a result of these comments.

COMMENT #3: Floella Trought, Otley, and Sue Badzek, AR, expressed general opposition for the changes; however, specific comments pertained to any future recommendations to establish a bear hunting season in Missouri.

RESPONSE: The opinions of these individuals have been addressed separately. No changes have been made to this amendment as a result of these comments.

Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES

Division 10—Office of the Director

Chapter 4—Coordinated Health Care Services

ORDER OF RULEMAKING

By the authority vested in the Missouri Department of Health and Senior Services under section 191.411.1, RSMo 2016, the department amends a rule as follows:

19 CSR 10-4.020 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on May 1, 2020 (45 MoReg 592-593). The section with changes is reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Health and Senior Services received four (4) letters with a total of eight (8) comments.

COMMENT #1: Ian D. Wagreich, Chair of the International Medical Graduate Taskforce Liaison Committee for the International Medical Graduate Taskforce, and Steve Zweig, MD, MSPH, Hugh E. and Sarah D. Stephenson Dean & Professor of Family and Community Medicine for the University of Missouri, expressed concern that the department was unclear if primary care physicians received priority over all other applicants.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees with this comment and added a sentence to clarify this concern.

COMMENT #2: Ian D. Wagreich and Steve Zweig, MD, MSPH also expressed concern that the department was unclear if the proposed Congressional District allotment applied only to primary care physicians or included specialists as well.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees with this comment and added a sentence to clarify this concern.

COMMENT #3: Bradley A. Sandler, Partner for Stinson LLP, Mark T. Steele, M.D., Executive Medical Director for University Health Physicians, and Steve Zweig, MD, MSPH, requested that the pro-

posed amendment be changed to permit the department to allocate waivers for specialists and subspecialists to tier one safety net providers after Primary Care Physician waivers are allocated and before remaining waivers are allocated by Congressional District.

RESPONSE: The department recognizes the desire that tier one safety net status should be factored into the decision making process, but feels that such a change would be premature without assessing if the proposed Congressional District approach relieves distribution concerns. No changes were made as a result of this comment.

COMMENT #4: Bradley A. Sandler, Mark T. Steele, and Steve Zweig, MD, MSPH also requested that the proposed amendment be changed to permit the department to use a wider range of factors other than HPSA for specialist evaluation.

RESPONSE: The department understands the desire for additional factors to be considered when evaluating applications, but does not find it necessary to add additional layers to the evaluation process at this time. No changes were made as a result of this comment.

COMMENT #5: Bradley A. Sandler, Mark T. Steele, Ian D. Wagreich, and Steve Zweig, MD, MSPH also requested that the proposed amendment be changed to require physicians to certify that they are not eligible for Delta Regional Authority or Health and Human Services waivers.

RESPONSE: The department appreciates the concerns that an applicant should be required to certify ineligibility for other federal programs such as the Delta Regional Authority or Health and Human Services waivers, but does not think it would be fair to force applicants to pay an application fee when the Missouri J-1 Visa application does not have an application fee. No changes were made as a result of this comment.

COMMENT #6: Steve Zweig, MD, MSPH requested that applications must state the reason why a particular HPSA score should apply.

RESPONSE: The department understands the desire that HPSA score clarification be included in the application to make the evaluation process easier for an applicant to understand as well as provide the department with more discretion, but the department has not experienced issues with HPSA scores needing to be clarified because the applicant's employer always has a HPSA score that does not need further clarification. No changes were made as a result of this comment.

COMMENT #7: Ian D. Wagreich requested that the proposed amendment be changed to have inherent flexibility in the event that more than thirty (30) waivers are able to be selected in the future.

RESPONSE: The department appreciates the comment that the current proposed amendment should be changed to have more inherent flexibility about the number of waivers allowed, but the department would be able to amend this rule at a later date in the event that more than thirty (30) waivers were able to be selected. No changes were made as a result of this comment.

COMMENT #8: Ian D. Wagreich also requested that the proposed amendment be changed to permit physicians to request a National Interest Waiver public support letter simultaneously with the J-1 waiver filing.

RESPONSE: While the department is not opposed to examining and amending its regulation regarding National Interest Waiver public support letters, such an amendment would require a rulemaking procedure separate and independent of this rulemaking. As a result, the department will not be addressing this concern at this time. No changes were made as a result of this comment.

19 CSR 10-4.020 J-1 Visa Waiver Program

(4) The department's J-1 Visa Waiver Program will give priority to those physicians in one (1) of the following primary care specialties:

Family Medicine, General Pediatrics, General Obstetrics and Gynecology, General Internal Medicine, or General Psychiatry. Primary Care Physician applications that meet all applicable requirements will always receive an available selection regardless of the location or HPSA score of the application. If the department receives more than thirty (30) completed application packages between October 1 and October 31, application packages will be prioritized in the following order:

(B) HPSA score of the health care facility employing the physician. Higher HPSA scores will be prioritized before lower HPSA scores.

1. In the event that up to six (6) Primary Care Physician applications are received, each Congressional district will be allotted three (3) J-1 Visa Waiver recommendations for specialists. Primary Care Physician applications will not impact other recommendations. If a Congressional district fails to fill its allotted recommendations, those recommendations in excess will be returned to the remaining pool of available recommendations. If a Congressional district has more than three (3) applications, the applications will be recommended based on HPSA score.

2. In the event that seven (7) or more, but no more than fourteen (14), Primary Care Physician applications are received, each Congressional district will be allotted two (2) J-1 Visa Waiver recommendations for specialists. Primary Care Physician applications will not impact other recommendations. If a Congressional district fails to fill its allotted recommendations, those recommendations in excess will be returned to the remaining pool of available recommendations. If a Congressional district has more than two (2) applications, the applications will be recommended based on HPSA score.

3. In the event that fifteen (15) or more, but no more than twenty-two (22), Primary Care Physician applications are received, each Congressional district will be allotted one (1) J-1 Visa Waiver recommendation for a specialist. Primary Care Physician applications will not impact other recommendations. If a Congressional district fails to fill its allotted recommendations, those recommendations in excess will be returned back to the remaining pool of available recommendations. If a Congressional district has more than one (1) application, the application will be recommended based on HPSA score.

4. In the event that more than twenty-two (22) primary care physician applications are received, all remaining applications will be recommended based on the highest HPSA score of the specialist(s).

5. In the event that more than thirty (30) Primary Care Physician applications are received, all applications will be recommended based on the highest HPSA score.
