**Title 5—DEPARTMENT OF ELEMENTARY AND  
SECONDARY EDUCATION  
Division 20—Division of Learning Services  
Chapter 100—Office of Quality Schools**

**ORDER OF RULEMAKING**

By the authority vested in the State Board of Education (board) under

section 161.092, RSMo 2016, and section 161.670, RSMo Supp. 2020, the board amends a rule as follows:

5 CSR 20-100.230 is amended.

A notice of proposed rulemaking containing the text of proposed amendment was published in the *Missouri Register* on July 15, 2020 (45 MoReg 1067-1068). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received comments from seven hundred and twenty (720) individuals regarding the proposed amendment.

Note: Due to the volume of comments received relating to 5 CSR 20-100.230, Virtual Instruction Program, the Missouri Department of Elementary and Secondary Education (department) is unable to publish a complete list of individuals commenting on this rule. The department maintains a copy of all individual comments which is available upon request. Requests should be made to the Custodian of Records, Department of Elementary and Secondary Education, PO Box 480, Jefferson City, MO 65102-0480.

COMMENT #1: Parents, Leslie Faraccio, Daniele Brown, and Sandra Muellersman, requested the enrollment response time be shortened. They requested the time frames of fifteen (15) days, one (1) week, and two (2) weeks.

RESPONSE AND EXPLANATION OF CHANGE: The department received numerous comments regarding the enrollment response time. The department recognizes timely enrollment decisions are in the best interest of students. The department will modify section (7) to ten (10) business days, for a response to an enrollment request.

COMMENT #2: Dr. Peter Stiepleman, Superintendent of Columbia Public Schools, requested that the time Local Education Agencies (LEAs) have to complete appeals information start once the district is notified by the department.

RESPONSE: The department declines to make a change based on this comment. Due to time frames established by section 161.670, RSMo, this change is not possible. The department will make every effort to notify the LEA immediately upon receipt of an appeal.

COMMENT #3: Dr. Jerry Hobbs, Executive Director of Missouri Education Reform Council, supports the language relating to Missouri Course Access and Virtual School Program (MOCAP) enrollment decisions that states “[i]f a student requests enrollment in a MOCAP course or fulltime virtual school, the Local Education Agency (LEA) must either approve or deny the request within thirty (30) days,” or the decision will be deemed to be approved.

RESPONSE: Please see response to comment #1. No additional changes have been made to the amendment based on this comment.

COMMENT #4: Dr. Jerry Hobbs, Executive Director of Missouri Education Reform Council, also commented that a more reasonable time frame for making an enrollment decision would be seven (7) days.

RESPONSE: Please see the response to comment #1. No additional changes have been made to the amendment based on this comment.

COMMENT #5: Dr. Jerry Hobbs, Executive Director of Missouri Education Reform Council, provided one (1) response with several general statements about MOCAP that were not responsive to the amendment to the rule.

RESPONSE: No changes have been made to the amendment based on these comments not associated with the proposed amendment.

The department will keep these comments in mind for future improvements to the MOCAP program.

**COMMENT #6:** Dr. John Jungmann, Superintendent of Springfield Public Schools, suggested language in subsection (7)(B) be changed to allow five (5) business days to respond to any appeals for MOCAP programming in order to allow for holidays, school closures, and weekends.

**RESPONSE:** Due to time frames established by section 161.670, RSMo, which requires the department to make an enrollment decision within seven (7) calendar days of receipt of the appeal, the department declines to make this change.

**COMMENT #7:** The department received six hundred and eighteen (618) form letters through an email address associated with oneclick-politics.com, stating they were from parents in support of the proposed amendment change requiring enrollment decisions within thirty (30) days.

**RESPONSE:** No changes have been made to amendment based on these comments.

**COMMENT #8:** The department received six hundred and eighteen (618) form letters through an email address associated with oneclick-politics.com stating they were from parents urgently seeking virtual education options due to COVID-19, and that the approval process for students seeking full-time virtual school enrollment should be waived immediately.

**RESPONSE:** Section 161.670, RSMo, establishes the enrollment process that must be approved by the LEA. No changes have been made to the rule based on these comments. The MOCAP office sent emails with the MOCAP phone number to all of the over six hundred (600) email addresses provided and asked if it could be of assistance. Some of the email addresses were incorrect and “bounced back”; some people emailed back and asked to be taken off “our” mailing list; and those who did respond indicated that they did not send the email and did not know what it was about. One (1) person called because he thought the email was about unemployment. He wanted to take online classes but he has a high school degree and no children. One (1) person responded that she requested MOCAP enrollment the day before and was awaiting a decision.

**COMMENT #9:** Phil Murry, Missouri NEA Board President, requested that the department add a section to the rule requiring all virtual providers operating in Missouri to provide timely data to the district regarding how each student is performing in a virtual course or full-time virtual program.

**RESPONSE:** This comment is not related to the amendment being proposed. No changes have been made to the amendment based on this comment. The department will keep this comment in mind for future improvements to the MOCAP program.

**COMMENT #10:** The department received twenty-one (21) comments from school officials requesting that subsection (7)(A) be omitted, and the enrollment decision remain solely an administrative decision, in order to allow for Individualized Education Program (IEP) and section 504 to follow the Individuals with Disabilities Education Act (IDEA) and provisions of Free and Appropriate Public Education (FAPE) for students with disabilities. Specifically, automatic decisions for students with disabilities are not allowable under IDEA or section 504, as these decisions are required to be a team process.

**RESPONSE AND EXPLANATION OF CHANGE:** The department agrees to add the following to section (7), “excluding students with an Individualized Education Plan (IEP) or 504 plan.”

**COMMENT #11:** The department received sixty-two (62) comments from school superintendents stating the language of the current statute does not give the department the ability to create additional

timelines, and any attempt to insert a specific timeline would exceed the department’s authority. Additionally, if the department chooses to move forward with the rule, the language be changed to business days.

**RESPONSE:** The department has the authority through rulemaking, to clarify the statutory requirements found in section 161.670, RSMo. No changes have been made to the amendment based on these comments.

**COMMENT #12:** The department received sixty-two (62) comments from school superintendents stating the proposed language of section (7) is too vague and could lead to misunderstanding that the time frame is for both the initial staff determination and the local board of education’s decision.

**RESPONSE AND EXPLANATION OF CHANGE:** The department agrees to add the clarification of “initial” to section (7). The department agrees to add further language that indicates when the ten (10) business day period begins for enrollment decisions.

**COMMENT #13:** The department received sixty-two (62) comments from school superintendents communicating concerns about the proposed timeline and meeting the requirements of IDEA and section 504 for students with disabilities.

**RESPONSE:** Please see response to comment #10. No additional changes have been made to the amendment based on these comments.

**COMMENT #14:** The department received sixty-two (62) comments from school superintendents about subsection (7)(B), requesting that the department rescind this provision. The commenters request that the time limitation be changed to five (5) calendar days if the department moves forward.

**RESPONSE:** Due to time frames established by section 161.670, RSMo, which require the department to make an enrollment decision within seven (7) calendar days of receipt of the appeal, the department declines to make this change.

**COMMENT #15:** The department received sixty-two (62) comments from school superintendents about section (8), stating that because no requirement exists within the state statute to mandate schools to report this information, they request this section be removed. The comment requests that if the department chooses to move forward, the requested information be collected for all virtual courses and programs, not just those limited to MOCAP.

**RESPONSE:** Because the rule being amended is specific to MOCAP, no changes have been made to the amendment based on these comments.

**COMMENT #16:** The department received sixty-three (63) comments from school superintendents requesting the department require all virtual providers operating in Missouri to provide public schools timely data regarding how the student is performing to allow them to meet their statutory requirements.

**RESPONSE:** This comment is not related to the amendment being proposed. As a result, no changes have been made to the amendment based on these comments. The department will keep these comments in mind for future improvements to the MOCAP program.

**COMMENT #17:** The department received a comment from Jeff Lancial with Pearson Online and Blended Learning, supporting the amendment, and requesting the timeline be changed to five (5) days and that any denial of the request will be accompanied with a written explanation along with supporting rationale.

**RESPONSE:** Please see the response to comment #1. No additional changes have been made to the amendment based on this comment.

**COMMENT #18:** The department received six (6) comments that were not responsive to the amendment.

RESPONSE: No changes have been made to the amendment based on these comments.

COMMENT #19: The department received a comment from Rocky Valentine, Superintendent of Sparta RIII School District, expressing concern about the proposed MOCAP amendment, and that the failure to approve the proposed changes would have a negative impact on small districts.

RESPONSE: No changes have been made to the amendment based on this comment.

COMMENT #20: Melissa Randol, Executive Director of Missouri School Boards Association (MSBA), commented that proposed section (7) conflicts with state statute because the state statute clearly allows for both an initial decision, an appeal of that decision, and then gives the school board or governing body an additional thirty (30) days to make the final LEA decision.

RESPONSE: The department agrees to make a change that resolves this issue. Please see the change for clarification in comment #12. No additional changes have been made to the amendment based on this comment.

COMMENT #21: Melissa Randol, Executive Director of MSBA, commented concern about subsection (7)(B) and that the seventy-two (72) hour deadline does not factor in weekends, holidays, or situations where school offices are closed. Further, the regulation does not allow for an extension of any reason and begins when the appeal is filed with the department, not when the district is notified. MSBA recommends three (3) business days from the date the LEA is notified by the department.

RESPONSE: Due to time frames established by section 161.670, RSMo, which requires the department to make an enrollment decision within seven (7) calendar days of receipt of the appeal, the department declines to make this change.

COMMENT #22: Melissa Randol, Executive Director of MSBA, commented that the proposed regulatory change adds specific requirements for LEAs that serve as MOCAP providers but does not explicitly require the same assurances from all MOCAP providers. MSBA recommends that the regulation be amended and clarified to provide the same level for all MOCAP providers. MSBA is concerned that the differences between subsections (4)(A) and (4)(B) could be interpreted to mean that the department intended to apply different standards depending on the sponsor of the course.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees to add clarification to the purpose section of the regulation to note that the requirements are the same for both kinds of providers.

COMMENT #23: Melissa Randol, Executive Director of MSBA, provided comment on additional laws, regulations, and other standards which should be included in the review for MOCAP providers.

RESPONSE: The department appreciates this comment and intends to review the information for future improvements to the MOCAP program. No changes have been made to the amendment based on this comment.

COMMENT #24: Melissa Randol, Executive Director of MSBA, shared concern that section (5) on accessibility has been deleted. MSBA encouraged the reference of Americans with Disabilities Act (ADA) and section 504 of the Rehabilitation Act of 1973 (section 504), in addition to section 161.935, RSMo.

RESPONSE: The section on accessibility was moved. Please reference subparagraph (4)(B)3.D.

COMMENT #25: Melissa Randol, Executive Director of MSBA, commented that the regulation should be reviewed for consistency. Sometimes the term “vendor” is used and sometimes the term “courseware provider” is used, see subsection (3)(A) and section (4).

Also, sometimes the term local education agencies (LEAs) is used and sometimes “school district and charter schools” MSBA is concerned this type of discrepancy could be used by a MOCAP provider to avoid legal compliance.

RESPONSE AND EXPLANATION OF CHANGE: The department appreciates the suggestion for consistency and will make the necessary changes to use the terms “provider” and “LEA” where appropriate for the sections provided for in the amendment.

COMMENT #26: Jeanette Cowherd, Superintendent of Park Hill School District, commented she supported the thirty- (30-) day initial approval decision and also no concern in reporting approvals or denials.

RESPONSE: Please refer to the response for comment # 1.

COMMENT #27: Jeanette Cowherd, Superintendent of Park Hill School District, stated she understood the need for the seventy-two (72) hour time limit based on the seven- (7-) day time limit for the department but said that four (4) or five (5) days would be helpful.

RESPONSE: Due to time frames established by section 161.670, RSMo, which requires the enrollment decision must be communicated from the department to the student within seven (7) days, the department declines to make this change.

COMMENT #28: Jeanette Cowherd, Superintendent of Park Hill School District, commented that the most important issue to address is timely data to schools. “Timely” is too vague and open to interpretation, she suggests a specific time frame for providers and that weekly would be appropriate.

RESPONSE: The department appreciates this comment and intends to review the information for future improvements to the MOCAP program. No changes have been made to the amendment based on this comment.

COMMENT #29: Jordan McGrain, the Executive Director of National Coalition for Public School Options, provided one (1) response with several general statements that did not suggest specific changes to the amendment.

RESPONSE: The department appreciates these comments and intends to review the information for future improvements to the MOCAP program. The department is committed to helping families and districts so that eligible Missouri students have access to MOCAP. The department encourages parents who have questions or concerns to reach out to the department. No changes have been made to the amendment based on these comments.

COMMENT #30: Jordan McGrain, the Executive Director of National Coalition for Public School Options, supports the concept that inaction by a district should be deemed as an approval but that thirty (30) days does not represent the “typical process” for course enrollment. He requests that the time frame be shortened to three (3) days with a potential extension for IEPs, and that this take effect immediately.

RESPONSE: Please see the response to comment #1. No additional changes have been made to the amendment based on this comment.

COMMENT #31: Jordan McGrain, the Executive Director of National Coalition for Public School Options, commented that the appeals process should be addressed and heard by the governing board with “some expedience” and that the parent must be afforded the right to be represented by counsel. The parent should be given equal time to present the case and witnesses and that no new reasons for denial or new evidence should be presented by the district administration at the appellate hearing.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees to clarify that in the event of an appeal to the department, the department will require the LEA provide the initial good cause justification for the denial of enrollment. The remainder of this comment

falls within the purview of the LEA.

COMMENT #32: Jordan McGrain, Executive Director of National Coalition for Public School Options, included “redline edits” to the proposed amendment and many of these edits included sections not being amended at this time.

RESPONSE: The department will take the edits to sections not being amended at this time into consideration for future improvements to the MOCAP program. To the extent Mr. McGrain’s recommended edits are already addressed in this order of rulemaking, the department will not repeat its responses.

COMMENT #33: Based on revision made to this amendment, the department noted the acronym for the term “local education agencies” – LEA – should now appear in the purpose statement rather than in section (3).

RESPONSE AND EXPLANATION OF CHANGE: The department will provide the acronym for local education agencies in the purpose statement.

COMMENT #34: During a review of the proposed amendment, the department noted that clarity about submitting appeals could be improved by changing the website listed in subsection (7)(B) from dese.mo.gov to www.mocap.mo.gov.

RESPONSE AND EXPLANATION OF CHANGE: The department will list the MOCAP website in subsection (7)(B).

### 5 CSR 20-100.230 Virtual Instruction Program

*PURPOSE: This rule establishes policies and procedures for the Missouri Department of Elementary and Secondary Education (department) to implement a public virtual school program to serve school-age students residing in the state, as authorized by section 161.670, RSMo. There are two (2) paths to become an approved MOCAP provider, through the Request for Proposal (RFP) process or in partnership with a local education agency (LEA). This rule specifically addresses requirements for LEAs, the same requirements are addressed by the RFP.*

(3) Credit. Course credit earned through MOCAP shall be recognized by all LEAs in Missouri.

(B) LEAs will accept all transfer credit earned from any MOCAP course.

(C) LEAs will ensure transcripts specify which credits were earned through MOCAP courses.

(4) Provider and Course Inclusion in the MOCAP Catalog. There are two (2) methods by which virtual providers and virtual coursework will be included in the MOCAP Catalog:

(A) Request for Proposals. If more than one (1) provider is determined to be in compliance with the provisions of section 161.670, RSMo, the requirements of this rule, to meet qualifications of the MOCAP Qualified Vendor List, to be responsive to the request for proposal issued by the department by meeting the standards for course alignment to Missouri State Learning Standards, web accessibility for students with disabilities, agreeing to all mandatory contractual terms specified within the request for proposal, agreeing to acceptable contractual terms for all negotiable contractual items within the request for proposal, and section 162.1250, RSMo, the department shall ensure that multiple content providers are allowed; and

(B) LEAs.

1. LEAs may request that the department include virtual courses offered by the school district or charter school in the MOCAP catalog.

2. Requests must be made by January 1 for inclusion in the fall catalog and July 1 for inclusion in the spring catalog.

3. The LEA is deemed to be an approved provider; however, before courses are included in the MOCAP catalog, the LEA must

demonstrate that they meet the requirements of sections 161.670 and 162.1250, RSMo, including, but not limited to:

A. Pricing and billing structures meet the requirements of section 161.670, RSMo;

B. Student information is secure and the LEA’s designee signs the department’s attestation that they have measures in place to prevent data breaches and that data breaches are reported pursuant to sections 162.1475 and 407.1500, RSMo;

C. Courses are taught by teachers appropriately certified by the department as required by section 161.670, RSMo;

D. Courses meet the requirements of section 162.1250, RSMo;

E. Courses meet the standards of section 161.935, RSMo, to assure compliance with federal accessibility laws; and

F. Courses are aligned to Missouri State Learning Standards.

4. If a LEA offers virtual courses or a full-time virtual program that is purchased from another vendor, the LEA is the approved provider. The approved provider’s responsibilities include, but are not limited to, coordination of enrollment, billing, progress and completion reporting, educator assignment reporting, and dispute resolution.

(7) MOCAP Enrollment Decisions. If a student, excluding students with an Individualized Education Plan (IEP) or a 504 plan, requests enrollment in a MOCAP course or full-time virtual school, the LEA must either approve or deny the initial request within ten (10) business days, defined as any non-holiday weekday in which the administrative offices operate normal business hours. The ten (10) business day period will begin when the LEA receives the request. A failure to render and communicate the initial decision within ten (10) business days will be deemed to be an enrollment approval.

(A) MOCAP enrollment decisions for students with disabilities must be made by the student’s IEP or 504 team.

(B) Appeals to the department of enrollment in MOCAP courses can be made through the department’s website: www.mocap.mo.gov. If a student or parent (appellant) files an appeal to the department of an enrollment decision, the department will notify the appellant and the LEA of receipt of the appeal. The appellant, when filing the appeal, must submit any and all material previously submitted to the governing board of the LEA whose decision is being appealed along with the final decision of the governing board. The school district or charter school will have seventy-two (72) hours from the filing of the appeal to submit the full record, including evidence given by the LEA used to make the governing board’s decision. The LEA must provide the initial good cause justification for the enrollment decision. If necessary, the department may ask for clarification of the materials presented.

**Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES**  
**Division 30—Division of Regulation and Licensure**  
**Chapter 35—Hospices**

**ORDER OF RULEMAKING**

By the authority vested in the Missouri Department of Health and Senior Services under section 197.270, RSMo 2016, the department amends a rule as follows:

**19 CSR 30-35.010** Hospice Program Operations is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on August 17, 2020 (45 MoReg 1257-1259). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Health and Senior Services received seven (7) letters/emails with eleven (11) comments on the proposed amendment.

COMMENT #1: Helen Cassidy, Carol Emmerich, Mandy Lawrence, Jane Moore and David Wiley comment that they are supportive of the proposed change to allow emergent visits to be made within ninety (90) minutes from the time the need is identified. The commenters state that nurses respond immediately twenty-four (24) hours a day. However, large coverage areas, including more rural areas, make it difficult to always meet the time requirement. This rule change provides hospice providers with greater flexibility to meet these challenges.

RESPONSE: No changes have been made to the amendment as a result of this comment.

COMMENT #2: Jorgen Schlemeier is supportive of the physician assistant to be considered the patient's attending physician. Mr. Schlemeier finds the department's proposed amendment accurately implements the change made to the federal law on this issue.

RESPONSE: No changes have been made to the amendment as a result of this comment.

COMMENT #3: Helen Cassidy, Mandy Lawrence, Jane Moore,

Michael Stoker and David Wiley, are supportive of the rule change made to allow the nurse practitioner and the physician assistant to act as the hospice attending physician. The commenters find the change made by the department to be in line with the federal regulations and the federal hospice conditions of participation. The commenters believe that allowing nurse practitioners and physician assistants to serve as hospice attending physicians will assist the communities which struggle with physician shortages.

RESPONSE: No changes have been made to the amendment as a result of this comment.

**Title 20—DEPARTMENT OF COMMERCE AND INSURANCE**  
**Division 400—Life, Annuities and Health**  
**Chapter 5—Advertising and Material Disclosures**

**ORDER OF RULEMAKING**

By the authority vested in the director of the Missouri Department of Commerce and Insurance under section 374.045.1(2), RSMo 2016, and section 376.756, RSMo Supp. 2020, the director amends a rule as follows:

20 CSR 400-5.600 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on July 15, 2020 (45 MoReg 1068-1070). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The director received one (1) letter dated March 9, 2020, containing three (3) comments on the proposed amendment from Tamara W. Kopp, Executive Director of the Missouri Life & Health Insurance Guaranty Association ("Association"). A public hearing on this proposed amendment was held on August 14, 2020, and the public comment period ended on August 14, 2020. Tamara W. Kopp attended the public hearing and requested that her written comments contained within her letter dated March 9, 2020, be included in the record for the hearing. Tamara W. Kopp made three (3) additional comments at the public hearing.

COMMENT #1: Ms. Kopp requested that the definition for "Health Benefit Plan" contained in Appendix One be changed to include summary language rather than referring to a statutory reference. Ms. Kopp believes a summary is more helpful to consumers who may not be familiar with how to search Missouri's statutory sections. Additionally, Ms. Kopp indicated that the summary language is consistent with the NAIC Guideline.

RESPONSE: The department reviewed and carefully considered Ms. Kopp's comment. The department does not want to create a conflict between the definition of "Health Benefit Plan" as provided in section 376.717.7 of the Missouri Life and Health Insurance Guaranty Association Act and the description provided in Appendix One. Therefore, no change has been made to this proposed amendment based on this comment.

COMMENT #2: Ms. Kopp requested that the director modify the language in Appendix One regarding benefits provided by a long-term care (LTC) rider to a life insurance policy or annuity contract to mirror the language used in the NAIC Guideline. The NAIC Guideline uses the term "shall" where the proposed amendment uses the term "will". The NAIC Guideline uses the term "base" where the proposed amendment uses the term "basic."

RESPONSE AND EXPLANATION OF CHANGE: The department reviewed Ms. Kopp's comment. Identical language can be found in section 376.717.7 of the Missouri Life and Health Insurance

Guaranty Association Act. The statute uses the terms “shall” and “basic.” The language in the amendment should be consistent with identical language in a Missouri statute as opposed to the NAIC Guideline. The provision will be changed to replace the term “will” with “shall.” No other change to this proposed amendment will be made based on this comment.

COMMENT #3: Ms. Kopp requested that the director include the Association’s and the department’s email addresses in the contact information section of Appendix One.

RESPONSE: The department reviewed and carefully considered Ms. Kopp’s comment. The Association’s email address is included in the proposed amendment. Section 376.756.2(1) requires the director to include the name and address of the Life and Health Insurance Guaranty Association and Department of Commerce and Insurance. The statute does not require an email address be provided. The proposed amendment includes the name and address of the Department of Commerce and Insurance. Therefore, no change has been made to this proposed amendment based on this comment.

COMMENT #4: Ms. Kopp provided an overview of the Association. Ms. Kopp commented that the amendment directly affects the Association in that the notice provides information to policyholders regarding the benefits that might be available to those policyholders in the event that their insurance company becomes insolvent. Ms. Kopp further commented that the notice provides levels of coverage and provides the contact information for the Association.

RESPONSE: The director appreciates this comment. No changes have been made to the amendment as a result of this comment.

COMMENT #5: Ms. Kopp commented that the Association frequently receives phone calls inquiring about coverage provided by the Association. The Association also receives phone calls from individuals who want information about their specific policy. The individuals contact the Association because they have received the notice that is shown in Appendix One with their insurance policy, which includes contact information for the Association. Ms. Kopp suggests to the director that it would be helpful to consumers and policyholders if insurance companies were also required to include contact information for the insurance company with the policy.

RESPONSE: The director has considered this comment, but no changes have been made to the proposed amendment in response. Section 376.756.2 does not require contact information of an insurance company to be included on the notice shown in Appendix One.

COMMENT #6: Ms. Kopp indicated that the Association supports the adoption of the proposed amendment.

RESPONSE: The director appreciates this comment and concurs with the support of the proposed amendment. No changes have been made to the amendment as a result of this comment.

**APPENDIX ONE  
NOTICE OF PROTECTION PROVIDED BY  
MISSOURI LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION**

This notice provides a *brief summary* of the Missouri Life and Health Insurance Guaranty Association (“the Association”) and the protection it provides for policyholders. This safety net was created under Missouri law, which determines who and what is covered and the amounts of coverage.

The Association was established to provide protection in the unlikely event that your life, annuity, or health insurance company becomes financially unable to meet its obligations and is taken over by its insurance department. If this should happen, the Association will typically arrange to continue coverage and pay claims, in accordance with Missouri law, with funding from assessments paid by other insurance companies. (For purposes of this notice, the terms “insurance company” and “insurer” include health maintenance organizations (HMOs).)

The basic protections provided by the Association are as follows:

- Life Insurance
  - \$300,000 in death benefits, but not more than \$100,000 in net cash surrender and net cash withdrawal values
- Health Insurance
  - \$500,000 for health benefit plans
  - \$300,000 in disability insurance benefits
  - \$300,000 in long-term care insurance benefits
  - \$100,000 in other types of health insurance benefits
- Annuities
  - \$250,000 in the present value of annuity benefits, including net cash surrender and net cash withdrawal values

The maximum amount of protection for each individual, regardless of the number of policies or contracts, is as follows:

- \$300,000 in aggregate for all types of coverage listed above, with the exception of health benefit plans
- \$500,000 in aggregate for health benefit plans
- \$5,000,000 to one policy owner of multiple nongroup policies of life insurance, whether the policy owner is an individual, firm, corporation, or other person, and whether the persons insured are officers, managers, employees, or other persons

“Health benefit plan” is defined in section 376.718, RSMo.

*Note: Certain policies and contracts may not be covered or fully covered.* For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or a variable annuity contract. There are also various residency requirements and other limitations under Missouri law.

Benefits provided by a long-term care (LTC) rider to a life insurance policy or annuity contract shall be considered the same type of benefits as the basic life insurance policy or annuity contract to which it relates.

To learn more about the above protections, as well as protections relating to group contracts or retirement plans, please visit the Association’s website at [www.mo-iga.org](http://www.mo-iga.org), or contact:

**Division 4240—Public Service Commission**  
**Chapter 3—Filing and Reporting Requirements**

**ORDER OF RULEMAKING**

By the authority vested in the Public Service Commission under sections 386.250 and 393.140, RSMo 2016, the commission withdraws a proposed rescission as follows:

**20 CSR 4240-3.155** Requirements for Electric Utility Cogeneration Tariff Filings **is withdrawn.**

A notice of proposed rulemaking containing the proposed rescission was published in the *Missouri Register* on July 1, 2020 (45 MoReg 1005-1006). This proposed rescission is withdrawn.

**SUMMARY OF COMMENTS:** The public comment period ended July 31, 2020, and the commission held a public hearing on the proposed rescission on August 11, 2020. The commission received timely written comments from Karen Bretz, Senior Counsel, on behalf of the staff of the commission, Caleb Hall, Senior Counsel, on behalf of The Office of the Public Counsel, Patricia Sharkey, Policy Director, on behalf of Midwest Cogeneration Association, Mary Shields, Executive Director, on behalf of Missouri Solar Energy Association Roger W. Steiner, Attorney, on behalf of Evergy Missouri Metro and Evergy Missouri West, Paula N. Johnson, Senior Corporate Counsel, on behalf of Union Electric Company d/b/a Ameren Missouri, Diana C. Carter, Attorney, on behalf of Liberty Utilities, and Tim Opitz, Attorney, on behalf of Renew Missouri. The commission received comments at the hearing from Karen Bretz, Senior Counsel, on behalf of the staff of the commission, Claire Eubanks, Engineer Manager, on behalf of the staff of the commission, Caleb Hall, Senior Counsel, on behalf of the Office of the Public Counsel, Jim Fischer, Fischer & Dority, PC, on behalf of Evergy Missouri Metro and Evergy Missouri West, Paula N. Johnson, Senior Corporate Counsel, on behalf of Ameren Missouri. The comments regarding this rescission and the proposed amendment of the commission's cogeneration rule raised concerns about this proposed rescission, as portions of this rule were included in the proposed cogeneration amendment, which the commission is withdrawing.

**RESPONSE:** After reviewing the comments, the commission concludes that since the proposed cogeneration rescission is being withdrawn, it is not appropriate to proceed with this rescission. The commission will withdraw this rescission.

### **Division 4240—Public Service Commission Chapter 20—Electric Utilities**

#### **ORDER OF RULEMAKING**

By the authority vested in the Public Service Commission under sections 386.250 and 393.140, RSMo 2016, the commission withdraws a proposed amendment as follows:

**20 CSR 4240-20.060** Cogeneration and Small Power Production is **withdrawn**.

A notice of proposed rulemaking containing the proposed amendment was published in the *Missouri Register* on July 1, 2020 (45 MoReg 1006-1014). This proposed amendment is withdrawn.

**SUMMARY OF COMMENTS:** The public comment period ended July 31, 2020, and the commission held a public hearing on the proposed amendment on August 11, 2020. The commission received timely written comments from Karen Bretz, Senior Counsel, on behalf of the staff of the commission, Caleb Hall, Senior Counsel, on behalf of The Office of the Public Counsel, Patricia Sharkey, Policy Director, on behalf of Midwest Cogeneration Association, Mary Shields, Executive Director, on behalf of Missouri Solar Energy Association Roger W. the staff of the commission, Claire Eubanks, Engineer Manager, on behalf of the staff of the commission, Caleb Hall, Senior Counsel, on behalf of the Office of the Public Counsel, Jim Fischer, Fischer & Dority, PC, on behalf of Evergy Missouri Metro and Evergy Missouri West, Paula N. Johnson, Senior Corporate Counsel, on behalf of Ameren Missouri. The comments raised serious questions and concerns about proceeding with the proposed amendment at this time.

**RESPONSE:** After reviewing the comments, the commission concludes that this is not the appropriate time to amend this rule. The commission will withdraw this amendment.

## **Title 20—DEPARTMENT OF COMMERCE AND INSURANCE**

### **Division 4240—Public Service Commission Chapter 20—Electric Utilities**

#### **ORDER OF RULEMAKING**

By the authority vested in the Public Service Commission under sections 386.250 and 393.140, RSMo 2016, the commission amends a rule as follows:

20 CSR 4240-20.065 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on July 1, 2020 (45 MoReg 1015-1017). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

**SUMMARY OF COMMENTS:** The public comment period ended July 31, 2020, and the commission held a public hearing on the proposed amendment on August 11, 2020. The commission received timely written comments from Karen Bretz, Senior Counsel, on behalf of the staff of the commission (staff), Caleb Hall, Senior Counsel, on behalf of The Office of the Public Counsel (OPC), Patricia Sharkey, Policy Director, on behalf of Midwest Cogeneration Association, Mary Shields, Executive Director, on behalf of Missouri Solar Energy Association, Roger W. Steiner, Attorney, on behalf of Evergy Missouri Metro and Evergy Missouri West (Evergy Missouri), Paula N. Johnson, Senior Corporate Counsel, on behalf of Union Electric Company d/b/a Ameren Missouri, Diana C. Carter, Attorney, on behalf of Liberty Utilities, and Tim Opitz, Attorney, on behalf of Renew Missouri. The commission received comments at the hearing regarding the amendment from Karen Bretz, Senior Counsel, on behalf of staff, Claire Eubanks, Engineer Manager, on behalf of staff, Caleb Hall, Senior Counsel, on behalf of OPC, Jim Fischer, Fischer & Dority, PC, on behalf of Evergy Missouri, and Paula N. Johnson, Senior Corporate Counsel, on behalf of Ameren Missouri.

**COMMENT #1:** Staff commented that this rulemaking was undertaken in response to Executive Order 17-03 and is being proposed in order to streamline, and eliminate redundant regulations. Staff supports the proposed amendment.

**RESPONSE:** No change was made as a result of this comment.

**COMMENT #2:** Staff commented supporting proceeding with this amendment given the Federal Energy Regulatory Commission's Order 872, updating the Public Utility Regulatory Policies Act (PURPA). Staff states that PURPA does not address net metering, so there is no reason why the proposed net metering amendments should not proceed. Ameren Missouri also commented that the net metering amendment should proceed.

**RESPONSE:** No change was made as a result of this comment.

COMMENT #3: Renew Missouri attached The Corporate Clean Energy Procurement Index 2020, to its written comments for the commission's information. It ranks the states based on the ease companies can procure renewable energy. While the attachment was primarily offered in support of Renew Missouri's cogeneration positions, it also contained information regarding net metering in other states.

RESPONSE: No change was made as a result of this comment.

COMMENT #4: Renew Missouri commented, in response to a question by commissioner Holsman, that in regard to net metering Missouri is average as compared to other states.

RESPONSE: No change was made as a result of this comment.

COMMENT #5: Ameren Missouri, Evergy, Liberty Utilities, and OPC commented regarding errors in the numbering of several sections within the amendment. The proposed amendments to 20 CSR 4240-20.065(1) have subsection (D) follow subsection (B). Subsection 20 CSR 4240-20.065(1)(G) regarding the definition of operational should be updated to the subsection (F) to for sequential order. A section number was skipped resulting in sections (4)-(8) being numbered incorrectly. Paragraph 20 CSR 4240-20.065(9)(A)2., contains two (2) subsections labeled A.

RESPONSE: Errors were corrected in the proposed amendment filed in the *Missouri Register*. No change was made as a result of this comment.

COMMENT #6: OPC commented that the proposed amendment 20 CSR 4240-20.065(1)(B) definition of avoided fuel cost refers to 20 CSR 4240-20.060, which does not contain avoided fuel costs. The amendment is unclear as to whether avoided fuel costs and avoided costs are the same.

The commission's staff proposed that 20 CSR 4240-20.065(1)(B) be modified to read "Avoided fuel cost means the incremental costs to the electric utility of electric energy, but for the purchase from the customer-generator, the utility would generate itself or purchase from another source. Avoided fuel cost is used to calculate the electric utility's standard rate for purchase from systems less than one hundred (100) kilowatts pursuant to 20 CSR 4240-20.060. The information used to calculate this rate is provided to the commission biennially and maintained for public inspection."

RESPONSE AND EXPLANATION OF CHANGE: The commission will amend the rule to incorporate its staff's proposed language.

COMMENT #7: Ameren Missouri, Evergy, and Liberty Utilities commented that the proposed amendment deletes the definition of "customer generator" from 20 CSR 4240-20.065(1)(C). The definition mirrors the definition in section 386.890, RSMo. Subsection 20 CSR 4240-20.065(1)(A) incorporates definitions contained in 20 CSR 4240-20.100, which contains a definition of customer generator that differs from the statutory definition. Ameren Missouri, Evergy, and Liberty Utilities recommend using the statutory definition.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees that to avoid contradictory definitions the rule should be revised to retain the statutory definition.

COMMENT #8: Ameren Missouri, Evergy Missouri, and Liberty Utilities commented that the current rule at 20 CSR 4240-20.065(4)(A) provides that customer-generators can waive the liability insurance minimum policy requirements "for good cause shown." They are unclear how this provision would be implemented and believe that differing interpretations of what constitutes good cause could lead to complaints to the commission. Ameren Missouri, Evergy, and Liberty Utilities recommend that the "good cause" language be removed from the rule.

RESPONSE: This provision is in the current rule and no one indicated that it has caused any problems in the past. Further since the deletion of the provision was not included in the proposed amendment,

no other stakeholder has had notice of the proposed change, nor have they had an opportunity to comment regarding the provision. No change was made as a result of this comment.

COMMENT #9: Ameren Missouri, Evergy Missouri, and Liberty Utilities commented recommending that the dates be removed from the standards in 20 CSR 4240-20.065(5)(A). They say the standards are currently going through revisions and UL issues revisions periodically. Ameren Missouri, Evergy, and Liberty Utilities recommend adding "as revised from time to time" instead of specific dates.

Staff proposed to identify the standard by date as otherwise the rule implies the most recent version is applicable. Steps have not been taken to adopt the most recent IEEE 1547 revision. Staff does not oppose a change if amendment of the cogeneration rule 20 CSR 4240-20.060 requiring commission approval of technical specifications and staff's proposed language in 20 CSR 4240-20.065(7)(A) is adopted.

RESPONSE: The commission is withdrawing the proposed amendment of 20 CSR 4240-20.060 and wishes to keep the dates identifying the standards version. No change was made as a result of this comment.

COMMENT #10: Ameren Missouri, Evergy Missouri, and Liberty Utilities commented that a subsection (G) needs to be added to 20 CSR 4240-20.065(5) with a provision that allows a utility to require a customer generator to test its generating capacity for the applicable regional transmission organization requirements. Ameren Missouri, Evergy Missouri, and Liberty Utilities assert that this is necessary to meet new regional transmission organization accreditation requirements.

RESPONSE: The proposed new section was not included in the proposed amendment so no other stakeholder has had notice of the proposed change, nor have they had an opportunity to comment regarding the proposed change. No change was made as a result of this comment.

COMMENT #11: Regarding section (6), the commission notes that because it is withdrawing the proposed amendment of 20 CSR 4240-20.060, the proposed amendment's reference to 20 CSR 4240-20.060(4)(A)1. is now incorrect. It also is no longer necessary to have a tariff case for the net metering rate without the cogeneration rate filing.

RESPONSE AND EXPLANATION OF CHANGE: The commission will revert to the original language of this section and update the rule citation to the current Title 20 citation.

COMMENT #12: Ameren Missouri, Evergy Missouri, and Liberty Utilities commented that they have concerns regarding the removal of a template interconnection agreement from 20 CSR 4240-20.065(7). The amendment proposes to remove the agreement from the rule, placing it on the commission's website and then incorporating it by reference into the rule. Ameren Missouri is specifically concerned with the removal of the template to the commission's website because it has existing variances from the rule and is unsure what would happen to those variances, or what variances would be allowable in the future. Ameren Missouri, Evergy Missouri, and Liberty Utilities question how the website agreement will be developed, and how disputes will be resolved.

Staff commented in response that this removal is a simplification, which would not require variances for minor wording changes. Staff also states that removing forms from the rule complies with Executive Order 17-03.

RESPONSE: The commission is concerned that removing the template application from the rule will make it less accessible to the public. Even if the template application were removed from the rule and incorporated by reference, wording changes could not be made without following the required rulemaking procedures, but the temptation to make "minor" changes without following those procedures would

exist. The commission will not remove the template application from the rule nor the language indicating that the application is included in the rule.

COMMENT #13: Staff commented proposing that if the standard version dates are removed from 20 CSR 4240-20.065(5)(A), that 20 CSR 4240-20.065(7)(A) be modified to read that “Each customer-generator and electric utility shall enter into an interconnection agreement, which includes technical and performance standards and interconnection testing requirements developed per 20 CSR 4240-20.060(4)(D). The interconnection agreement will be substantially the same as the interconnection application located on the commission’s website and incorporated by reference.”

RESPONSE: The standard version dates are not being removed from the rule. Therefore, the commission will not make a change to incorporate staff’s proposed language. No changes were made as a result of this comment.

COMMENT #14: Ameren Missouri, Evergy Missouri, and Liberty Utilities commented with concerns that 20 CSR 4240-20.065(7)(A)1. requires “a signature page for the customer and solar installer to indicate acknowledgement of the entire interconnection application.” Since electronic signatures are prevalent and installers often operate as agents for the customer they propose that both physical and electronic signatures be allowed, or that if a physical page is unavailable a letter be sent to the customer confirming terms of the agreement.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees that either a physical or electronic signature would satisfy the signature requirement and will add language that electronic signatures are permissible.

COMMENT #15: OPC commented that 20 CSR 4240-20.065(8)(C) requires electric utilities to verify compliance with the proposed “20 CSR 4240-20.060(11)(C)1, but not 20.060(11)(C)2. OPC recommends that the commission instead use 20.060(11)(C).”

Staff responded to OPC’s comments recommending that 20 CSR 4240-20.065(8)(C) be amended to read “Verify compliance with 20 CSR 4240-20.060(11)(C) for customer-generator systems; and”

RESPONSE AND EXPLANATION OF CHANGE: The commission is withdrawing the proposed amendment of 20 CSR 4240-20.060. Therefore, the commission will remove 20 CSR 4240-20.065(8)(C).

COMMENT #16: OPC comments that the proposed subsection 20 CSR 4240-20.065(8)(D), which details the commission’s duties to upload annual net metering reports to the commission’s website is inconsistent with the other subsections requiring utility action. OPC recommends that the commission redraft the subsection (8)(D) to be its own section, or otherwise separate it from the requirements imposed on electric utilities.

Staff responded to OPC’s comments and recommended that 20 CSR 4240-20.065(8)(D) be renumbered to be 20 CSR 4240-20.065(9).

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees with OPC and will adopt staff’s proposed revision.

## 20 CSR 4240-20.065 Net Metering

### (1) Definitions.

(B) Avoided fuel cost means the incremental costs to the electric utility of electric energy, but for the purchase from the customer-generator, the utility would generate itself or purchase from another source. Avoided fuel cost is used to calculate the electric utility’s standard rate for purchase from systems less than one hundred (100) kilowatts pursuant to 20 CSR 4240-20.060. The information used to calculate this rate is provided to the commission biennially and maintained for public inspection.

(C) Customer-generator means the owner or operator of a qualified electric energy generation unit that meets all of the following criteria:

1. Is powered by a renewable energy resource;
2. Is an electrical generating system with a capacity of not more than one hundred kilowatts (100 kW);
3. Is located on premises that are owned, operated, leased, or otherwise controlled by the customer-generator;
4. Is interconnected and operates in parallel phase and synchronization with an electric utility and has been approved for interconnection by said electric utility;
5. Is intended primarily to offset part or all of the customer-generator’s own electrical energy requirements;
6. Meets all applicable safety, performance, interconnection, and reliability standards established by the National Electrical Code, the National Electrical Safety Code, the Institute of Electrical and Electronics Engineers, Underwriters Laboratories, the Federal Energy Regulatory Commission, and any local governing authorities; and
7. Contains a mechanism that automatically disables the unit and interrupts the flow of electricity onto the electric utility’s electrical lines whenever the flow of electricity to the customer-generator is interrupted.

(D) Distribution system means facilities for the distribution of electric energy to the ultimate consumer thereof.

(E) Electric utility means every electrical corporation as defined in section 386.020(15), RSMo, subject to commission regulation pursuant to Chapter 393, RSMo.

(F) Operational means all of the major components of the on-site system have been purchased and installed on the customer-generator’s premises and the production of rated net electrical generation has been measured by the electric utility. If a customer has satisfied all of the System Completion Requirements by June 30 of indicated years, but the electric utility is not able to complete all of the company’s steps needed to establish an Operational Date on or before June 30, the rebate rate will be determined as though the Operational Date was June 30.
