HOW TO CITE RULES AND RSMO

RULES

The rules are codified in the *Code of State Regulations* in this system–

Title		Division	Chapter	Rule
3	CSR	10-	4	.115
Department	<i>Code of State Regulations</i>	Agency Division	General area regulated	Specific area regulated

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation, for example, 3 CSR 10-4.115 NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

Code and Register on the Internet

The *Code of State Regulations* and *Missouri Register* are available on the Internet.

The *Code* address is sos.mo.gov/adrules/csr/csr

The *Register* address is sos.mo.gov/adrules/moreg/moreg

These websites contain rulemakings and regulations as they appear in the *Code* and *Registers*.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

**Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 10—Air Conservation Commission
Chapter 2—Air Quality Standards and Air Pollution
Control Rules Specific to the Kansas City Metropolitan
Area**

PROPOSED RESCISSION

10 CSR 10-2.330 Control of Gasoline Reid Vapor Pressure. This rule limited the volatility of motor vehicle gasoline in the Kansas City Maintenance area. By reducing the amount of gasoline that evaporated into the atmosphere, emissions of volatile organic compounds were reduced. Since volatile organic compounds are precursors to ozone formation, ambient ozone levels were reduced. This rule intended to reduce emissions in the maintenance area as quickly as possible to reduce the risk of further ozone violations, which have prompted redesignation and/or sanctions from the U.S. Environmental Protection Agency (EPA).

PURPOSE: The purpose of this rulemaking is to rescind a state rule that is no longer necessary. The evidence supporting the need for this proposed rulemaking, per 536.016, RSMo, is a staff review of the state rule as part of a Periodic Rule Review performed in 2016, per 536.175, RSMo, that found that the rule is no longer necessary to reduce volatile organic compound emissions in the Kansas City Metropolitan Area.

AUTHORITY: section 643.050, RSMo Supp. 2012. Original rule filed Jan. 3, 1991, effective Aug. 30, 1991. Rescinded: Filed March 15, 1995, effective Nov. 30, 1995. Readopted: Filed March 17, 1997, effective Oct. 30, 1997. Amended: Filed Sept. 26, 2000, effective May 30, 2001. Amended: Filed Oct. 25, 2012, effective July 30, 2013. Rescinded: Filed Jan. 14, 2020.

PUBLIC COST: This proposed rescission will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed rescission will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE OF PUBLIC HEARING AND NOTICE TO SUBMIT COMMENTS: A public hearing on this proposed rescission will begin at 9:00 a.m., March 26, 2020. The public hearing will be held at the Harry S Truman State Office Building, 301 West High Street, Room 400, Jefferson City, Missouri. Opportunity to be heard at the hearing shall be afforded to any interested person. Interested persons, whether or not heard, may submit a statement of their views until 5:00 p.m., April 2, 2020. This section will contain the final text of the rules proposed by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order of rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the *Missouri Register*; an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted which has been changed from that contained in the notice of proposed rulemaking. The effective date of the rule shall be not less than thirty (30) days after the date of publication of the revision to the *Code of State Regulations*.

The agency is also required to make a brief summary of the general nature and extent of comments submitted in support of or opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with the rulemaking, together with a concise summary of the agency's findings with respect to the merits of any such testimony or comments which are opposed in whole or in part to the proposed rule. The ninety-(90-) day period during which an agency shall file its Order of Rulemaking for publication in the *Missouri Register* begins either: 1) after the hearing on the Proposed Rulemaking is held; or 2) at the end of the time for submission of comments to the agency. **Division 2220—State Board of Pharmacy
Chapter 2—General Rules**

ORDER OF RULEMAKING

By the authority vested in the State Board of Pharmacy under sections 338.140 and 338.143, RSMo Supp. 2019, the board adopts a rule as follows:

20 CSR 2220-2.995 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on October 15, 2019 (44 MoReg 2580-2581). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received one (1) comment letter.

COMMENT #1: The board received a comment from the National Association of Chain Drug Stores (NACDS) recommending the board amend the rule to authorize unlicensed entities within the state to apply for a pilot research project on behalf of participating pharmacies. NACDS suggested the revision would “alleviate the administrative burden” of individual applications from each participating pharmacy/licensee and allow for a more comprehensive and consistent data collection approach.

RESPONSE: The proposed rule would not prohibit a licensee/registrant from using or consulting with a third party to assist in developing, monitoring, or applying for a pilot project on behalf of the applicant pharmacy, provided all entities comply with Chapter 338, RSMo and board rules. Permit holders/licensees would also be allowed to submit a single application for multiple pharmacies/licensed entities as NACDS suggests. Further, NACDS’ proposal raises legal issues

regarding the board’s regulatory authority to address or enforce compliance requirements on unlicensed entities. No changes have been made to the rule in response to the comment, however, the board will continue to educate licensees on application options.

COMMENT #2: NACDS recommended the board amend the rule to clarify that all pharmacy types are eligible for participation by removing the term “institution” in paragraph (3)(B)3.

RESPONSE AND EXPLANATION OF CHANGE: Section (2) of the rule clarifies that all board licenses, registrants, and permit holders are eligible to apply for a pilot project. However, the board agrees applicants may misconstrue “institution” as used in the proposed rule. As a result, paragraph (3)(B)3. has been amended to address the recommendation.

COMMENT #3: NACDS recommended the board amend paragraph (3)(B)6. to eliminate the pilot project limit of eighteen (18) months and alternatively incorporate the twenty-four- (24-) month maximum project length authorized by statute.

RESPONSE: Incorporating an automatic twenty-four- (24-) month extension as NACDS suggests would conflict with statutory requirements. Specifically, section 338.143.3, RSMo, provides pilot project approval must be initially limited to eighteen (18) months. The board may only grant a six- (6-) month extension “if deemed necessary or appropriate to gather or complete research data or if deemed in the best interests of the patient.” Based on the statutory language, no changes have been made in response to the comment.

COMMENT #4: NACDS recommended the board amend the rule to define/clarify what constitutes “visual confirmation by a pharmacist,” as referenced in section 338.143, RSMo.

RESPONSE: NACDS’ recommendation would constitute a substantive change that is beyond the authorized scope of a final order of rulemaking under Chapter 536, RSMo. Additionally, the board believes an opportunity for public comment/review would be appropriate given previous stakeholder interest in this topic. No changes have been made in response to the comment, however, the board will consider NACDS’ comments during future rule discussions.
