Emergency Rules

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 25—Hazardous Waste Management Commission
Chapter 12—Hazardous Waste Fees and Taxes

EMERGENCY AMENDMENT

10 CSR 25-12.010 Fees and Taxes. The commission proposes to amend section (1) of the rule by removing a reference to subsection (G), and rescinding subsection (G) in its entirety.

PURPOSE: This amendment removes a new subsection of this rule that would have established a temporary fee structure. The amendment was disapproved by the Missouri General Assembly and there is no statutory authority for this amended rule language.

EMERGENCY STATEMENT: The statutory authority on which the amendments to this rule were adopted allows the General Assembly to disapprove the Order of Rulemaking within sixty (60) days of the next legislative session. To exercise this authority, on March 6, 2020, the General Assembly, through Senate Concurrent Resolution 38, which disapproved the Order of Rulemaking and directed the Missouri Hazardous Waste Management Commission to continue to use the hazardous waste generator registration fee rates currently in effect, rather than the increased rates scheduled to go into effect on January 1, 2021. In order to ensure that the Order of Rulemaking does not go into effect on March 30, to be implemented effective January 1, 2022, this emergency amendment to remove the language added in the Order of Rulemaking is necessary. Without this emergency amendment, the rule previously adopted would go into effect on March 30, and would be in direct conflict with the legislative authority on which the rule was adopted. This emergency amendment was filed March 12, 2020, becomes effective March 27, 2020, and expires September 22, 2020.

(1) Hazardous Waste Fees Applicable to Generators of Hazardous Waste. The fees in this section apply notwithstanding any conflicting language in any other rule regarding the amount of any of the fees listed in this section.

(E) Registration Fee. A generator subject to registration in accordance with 10 CSR 25-5.262 shall pay the following registration fees:

1. A registration fee not to exceed one thousand one hundred and fifty dollars ($1150) for a generator registering as a Large Quantity Generator;
2. A registration fee not to exceed three hundred and sixty dollars ($360) for a generator registering as a Small Quantity Generator; and
3. A registration fee not to exceed one hundred seventy-five dollars ($175) for a generator registering as a Conditionally Exempt Small Quantity Generator.

D. All new generator registration and registration renewal fees accruing on or after January 1, 2021, will revert back to the amounts established in 10 CSR 25-12.010(1)(E)1.A. through (1)(E)1.C. All new generator registration and registration renewal fees accruing during calendar years 2021 and 2022 will be assessed by the department at the following rates:

A. A registration fee not to exceed one thousand one hundred and fifty dollars ($1150) for a generator registering as a Large Quantity Generator;
B. A registration fee not to exceed three hundred and sixty dollars ($360) for a generator registering as a Small Quantity Generator; and
C. A registration fee not to exceed one hundred seventy-five dollars ($175) for a generator registering as a Conditionally Exempt Small Quantity Generator.

2. Registration renewal fees for owners of multiple hazardous waste generator ID numbers.

A. For individuals or companies that own multiple sites for which they obtain hazardous waste ID numbers, the fees established in this section will only be assessed on—
1. The first 5 Large Quantity Generator ID numbers; and
2. The first 10 Small Quantity Generator ID numbers; and
3. The first 15 Conditionally Exempt Small Quantity Generator ID numbers.

B. The remainder of the hazardous waste generator ID numbers will be assessed the regular registration renewal fee established in 10 CSR 25-12.010(1)(E)1.A. through (1)(E)1.C.

C. Generators are responsible for providing documentation required to verify common ownership of the multiple hazardous waste ID numbers and also for providing a list of all of their ID numbers and indicate which ID numbers are to be assessed the temporary rates established in this section, as well as which ID numbers will be assessed at the rates established in 10 CSR 25-12.010(1)(E)1.A. through (1)(E)1.C.

3. Registration renewal fees for owners of multiple underground storage tank (UST) sites.

A. For individuals or companies that own a single site where an underground storage tank is removed in a calendar year, the hazardous waste generator registration fee for the site will be assessed at the appropriate amount under the temporary fee structure established above in section 10 CSR 25-12.010(1)(E)1.A. through (1)(E)1.C.
25-12.010(1)(G)1.

B. For individuals or companies that own two or more sites where underground storage tanks were removed in the same calendar year, the hazardous waste generator registration fee for all remaining tank removals within the same calendar year will be assessed the regular registration renewal fee established in 10 CSR 25-12.010(1)(E)1.A. through (1)(E)1.C.

C. Tank owners claiming this discount are responsible for providing documentation required to verify common ownership of the multiple underground storage tank sites and also for providing a list of all of their ID numbers that describes which ID number is to be assessed under the temporary fee structure and which ID number(s) are to be assessed under the regular registration renewal fee.

4. All new generator registrations and reactivations of ID numbers accruing during calendar years 2021 and 2022 shall pay the full amount established in the temporary fee structure.

PUBLIC COST: This emergency amendment will cost state agencies or political subdivisions and other public entities less than five hundred dollars ($500) in the aggregate in the time the emergency is in effect.

PRIVATE COST: This emergency amendment will cost private entities less than five hundred dollars ($500) in the aggregate in the time the emergency is in effect.
The Secretary of State shall publish all executive orders beginning January 1, 2003, pursuant to section 536.035.2, RSMo.

ATTEST:

JOHN R. ASHCROFT
SECRETARY OF STATE
Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word “Authority.” Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the Missouri Register is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the Missouri Register. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the Missouri Register.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:
Boldface text indicates new matter. Bracketed text indicates matter being deleted.
