HOW TO CITE RULES AND RSMO

RULES

The rules are codified in the *Code of State Regulations* in this system–

Title		Division	Chapter	Rule
3	CSR	10-	4	.115
Department	<i>Code of State Regulations</i>	Agency Division	General area regulated	Specific area regulated

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation, for example, 3 CSR 10-4.115 NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

Code and Register on the Internet

The *Code of State Regulations* and *Missouri Register* are available on the Internet.

The *Code* address is sos.mo.gov/adrules/csr/csr

The *Register* address is sos.mo.gov/adrules/moreg/moreg

These websites contain rulemakings and regulations as they appear in the *Code* and *Registers*.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) business days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

Title 20—DEPARTMENT OF COMMERCE AND INSURANCE

Division 2220—State Board of Pharmacy Chapter 6—Pharmaceutical Care Standards

EMERGENCY AMENDMENT

20 CSR 2220-6.040 Administration by Medical Prescription Order. The board is amending sections (2), (6), and (7) and adding new section (9).

PURPOSE: This emergency rule would allow pharmacy technicians to administer vaccines as authorized by the U.S. Department of Health and Human Services during the COVID-19 pandemic.

EMERGENCY STATEMENT: On January 31, 2020, the U.S. Department of Health and Human Services (HHS) declared a public health emergency in response to the nationwide COVID-19 pandemic. The Governor of Missouri declared a similar State of Emergency on March 13, 2020, finding that COVID-19 poses a serious health risk for Missouri residents. In response to the COVID-19 pandemic, HHS issued an emergency Declaration under the federal Public Readiness and Emergency Preparedness Act (PREP Act) on October 20, 2020, to authorize qualified pharmacy technicians acting under the supervision of a pharmacist to administer FDA-authorized or FDA-licensed COVID-19 vaccines to persons ages three (3) or older, and to administer FDA-authorized or FDA-licensed ACIP-recommended vaccines to persons ages three (3) through eighteen (18) according to

ACIP's standard immunization schedule. HHS' Declaration indicates "key components of the [federal COVID-19] response are rapidly expanding COVID-19 testing across America, expanding access to childhood vaccinations to help address a decrease in childhood vaccination rates due to the COVID-19 pandemic, and expanding access to COVID-19 vaccines when they become available." Simultaneously, Missouri pharmacies have reported a significant increase in non-COVID related vaccine demand and have requested authorization to utilize pharmacy technicians to help meet immunization needs. Licensees indicated additional immunization capacity will be especially needed once mass vaccination efforts begin for COVID-19 vaccine and during the 2020-2021 influenza season. In line with HHS' Declaration and licensee requests, the proposed emergency amendment would allow pharmacy technicians to administer medication and HHS authorized vaccines pursuant to a medical prescription order, provided the pharmacy technician is under supervision of a Missouri-licensed pharmacist qualified to administer medication. Absent an emergency amendment, Missouri pharmacies would be prohibited from delegating medication administration to pharmacy technicians under the rule, which will detrimentally impact the public safety, health and welfare of Missouri citizens. As a result, the Missouri State Board of Pharmacy finds there is an immediate danger to the public health, safety, and/or welfare and a compelling governmental interest that requires this emergency action. A proposed amendment, which covers this same material, will be published in this issue of the *Missouri Register*. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri* and *United States Constitutions*. The Missouri State Board of Pharmacy believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed November 25, 2020, becomes effective December 11, 2020, and expires June 8, 2021.

(2) Except as otherwise provided by law, a pharmacist may not delegate medication administration to another person, except to an intern pharmacist or qualified pharmacy technician who has met the qualifications under subsections (3)(B)–(E) and is working under the direct supervision of a pharmacist who has met the qualifications to administer drugs pursuant to a medical prescription order.

(A) For purposes of this rule, a "qualified pharmacy technician" is defined as a currently registered Missouri pharmacy technician who:

1. Holds an active pharmacy technician certification issued by a certification entity accredited by the National Commission for Certifying Agencies,
2. Has an initial and, if applicable, annual documented assessment of competency in medication administration; and
3. Has assisted in the practice of pharmacy as a registered pharmacy technician in the state of Missouri for a minimum of one (1) year.

(B) Proof of an intern's or qualified pharmacy technician's compliance with subsections (3)(B)–(E) must be maintained by both the supervising pharmacist and the intern pharmacist/qualified pharmacy technician for a minimum of two (2) years.

(6) Record Keeping.

(A) Pharmacists administering or supervising administration of medication pursuant to this rule shall ensure the following records are manually or electronically maintained separate from the prescription files of a pharmacy for each administration:

1. The name, address, and date of birth of the patient;
2. The date, route, and anatomic site of the administration;
3. The medication name and dose. For vaccines and biologics, the manufacturer, expiration date, and lot number must also be documented and recorded;

4. For vaccines, the name and address of the patient's primary health care provider, as identified by the patient or an indication that a primary health care provider was not provided;

5. The identity of the administering pharmacist, or if applicable, the administering intern pharmacist or **qualified pharmacy technician** and his/her supervising pharmacist; and

6. If applicable, the nature of an adverse reaction and who was notified.

(7) Notification Requirements. Pharmacists administering or supervising administration of medication under this rule, shall ensure:

[(A) The patient's primary health care provider, if provided by the patient, is notified of the following within fourteen (14) days of administering a vaccine:

- 1. The identity of the patient;*
- 2. The vaccine administered;*
- 3. The route of administration;*
- 4. The anatomic site of the administration;*
- 5. The dose administered; and*
- 6. The date of administration;]*

(A) For vaccines, a pharmacist shall inform the patient that the administration of the vaccine will be entered into the ShowMeVax system, as administered by the Department of Health and Senior Services. The patient shall attest to the inclusion of such information in the system by signing a form provided by the pharmacist. Entry into ShowMeVax must occur within fourteen (14) days. If the patient indicates that he or she does not want such information entered into the ShowMeVax system, the pharmacist must provide a written report within fourteen (14) days of administration of a vaccine to the patient's primary health care provider, if provided by the patient, containing:

- 1. The identity of the patient;**
- 2. The identity of the vaccine or vaccines administered;**
- 3. The route of administration;**
- 4. The anatomic site of the administration;**
- 5. The dose administered; and**
- 6. The date of administration;**

(B) The prescriber is notified within twenty-four (24) hours after learning of an adverse event or reaction experienced by a patient following administration. Notification is mandatory and cannot be waived. Vaccine adverse events or reactions must also be reported to the Vaccine Adverse Event Reporting System (VAERS) or its successor, within thirty (30) days; and

(9) A qualified pharmacy technician administering medication pursuant to this rule must be supervised by a Missouri-licensed pharmacist who is authorized to administer medication pursuant to this rule and who is physically present at the location when the medication is administered.

ATTEST:

JOHN R. ASHCROFT
SECRETARY OF STATE

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbolology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]
