HOW TO CITE RULES AND RSMO

RULES

The rules are codified in the *Code of State Regulations* in this system–

Title	CSR	Division	Chapter	Rule
3 Department	<i>Code of State Regulations</i>	10- Agency division	4 General area regulated	.115 Specific area regulated

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation; for example, 3 CSR 10-4.115, NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

Code and Register on the Internet

The *Code of State Regulations* and *Missouri Register* are available on the Internet.

The *Code* address is sos.mo.gov/adrules/csr/csr

The *Register* address is sos.mo.gov/adrules/moreg/moreg

These websites contain rulemakings and regulations as they appear in the *Code* and *Registers*.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) business days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES

Division 30—Division of Regulation and Licensure Chapter 82—General Licensure Requirements

EMERGENCY AMENDMENT

19 CSR 30-82.010 General Licensure Requirements. The department is amending section (3).

PURPOSE: This emergency amendment creates a temporary closure procedure for those Medicare and Medicaid federally certified facilities (skilled nursing facilities and intermediate care facilities) licensed in Missouri which experience staffing shortages from the COVID-19 vaccine mandate issued by the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services emergency regulation 42 CFR part 483 for long term care facilities and intermediate care facilities on November 4, 2021, with an effective date of November 5, 2021.

EMERGENCY STATEMENT: The United States Department of Health and Human Services, Centers for Medicare and Medicaid Services (“CMS”) issued an emergency regulation on November 4, 2021, with an effective date of November 5, 2021, which amended 42 CFR part 483. The emergency amendments made to 42 CFR part 483 affect long term care facilities in Missouri, which are federally certified by CMS as skilled nursing facilities and intermediate care facilities. These emergency amendments made to 42 CFR part 483

require, among other things, that current staff as well as any new staff who provide any care, treatment, or other services for the facility and/or its patients must receive the COVID-19 vaccine. However, there is an exemption procedure outlined in the emergency regulation. Facilities covered by this regulation are required to establish a policy ensuring all eligible staff have received the first dose of a two-dose COVID-19 vaccine or a one-dose COVID-19 vaccine prior to providing any care, treatment, or other services by December 5, 2021. All eligible staff must have received the necessary shots to be fully vaccinated – either two doses of Pfizer or Moderna or one dose of Johnson & Johnson – by January 4, 2022. The Missouri Department of Health and Senior Services anticipates most eligible staff at these long term care facilities (skilled nursing facilities and intermediate care facilities) will be required to get an approved COVID-19 vaccination as most of these eligible staff will not meet the requirements for the exemption procedure as set forth in emergency regulation 42 CFR part 483. Currently, approximately forty-four percent (44%) of staff working at Missouri long term care facilities are not fully vaccinated for COVID-19. The Missouri Department of Health and Senior Services anticipates many of the forty-four percent (44%) of unvaccinated staff working at these long term care facilities will not choose to get vaccinated, even with this vaccine mandate from CMS. Therefore, there may be some long term care facilities (skilled nursing facilities and intermediate care facilities) that will not have enough staff to care for the residents in its facilities and be in compliance with federal and state law. These facilities may be forced to temporarily close or consolidate until the staffing issues get rectified in such a manner as these facilities will be able to comply with federal and state law. Currently, the Missouri Department of Health and Senior Services does not have a procedure in its regulations which would allow for the temporary closure of skilled nursing facilities and intermediate care facilities licensed in Missouri by the Missouri Department of Health and Senior Services. This emergency amendment will allow skilled nursing facilities and intermediate care facilities to temporarily close due to staffing shortages as a result of the vaccine mandate contained in 42 CFR part 483. Temporary closures allow the skilled nursing facilities and intermediate care facilities to not have to voluntarily relinquish their license. If skilled nursing facilities or intermediate care facilities close, then they have to give up their Medicare and Medicaid provider agreement with CMS. It can take up to six (6) months to apply for and get approved to be a Medicare and Medicaid provider again. Additionally, if skilled nursing facilities and intermediate care facilities close, then these facilities must comply with all new requirements since these facilities will be considered to be new facilities and not existing facilities. This can be very expensive for facilities to meet new requirements that they did not have to meet as existing facilities. This amendment is an emergency as facilities, which anticipate additional staffing shortages, will be needing to make plans to begin discharging residents and pursuing temporary closures before the December 5, 2021 and January 4, 2022, deadlines mandated by 42 CFR part 483. As a result, the department finds a compelling governmental interest, which requires this emergency action. A proposed amendment, which covers the same material, is published in this issue of the *Missouri Register*. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri* and *United States Constitutions*. The department believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed November 10, 2021, becomes effective November 29, 2021, and expires May 27, 2022.

(3) Licensed Facility Closures.

(A) If a licensed facility discontinues operation as evidenced by the fact that no residents are in care or at any time the department is unable to freely gain entry into the facility to conduct an inspection,

the facility shall be considered closed. The department shall notify the operator in writing requesting the voluntary surrender of the license. If the department does not receive the license within thirty (30) days, it shall be void. If the operator should choose to again license the facility, the operator shall submit a complete application. The provisions of section (1) shall apply.

(B) If any licensed skilled nursing facility or intermediate care facility is required to temporarily close for two (2) years or less from the effective date of the temporary closure due to staffing shortages as a result of a COVID-19 vaccine mandate first issued in emergency regulation by the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services (“CMS”) on November 4, 2021, effective on November 5, 2021, or any amendment changes or amendments thereafter, then the skilled nursing and intermediate care facilities shall do the following:

1. The facility operator shall submit a closure plan to the department which is in compliance with state and federal law, including 42 CFR part 483.15(c) (detailed in federal deficiency F623 in the State Operations Manual appendix PP), 42 CFR part 483.70(l) (detailed in federal deficiency F845 in the State Operations Manual appendix PP), and 42 CFR 483.70(m) (detailed in federal deficiency F846 in the State Operations Manual appendix PP). The State Operations Manual appendix PP revised November 22, 2017, which is incorporated by reference in this rule, as published by the Centers for Medicare and Medicaid Services and is available at www.cms.gov/Regulations-and-Guidance/Guidance/Manuals/downloads/som107ap_pp_guidelines_tfcf.pdf or the United States Centers for Medicare & Medicaid Services, 7500 Security Boulevard, Baltimore, Maryland 21244. This rule does not incorporate any subsequent amendments or additions. After review of the temporary closure plan, the department shall either approve or disapprove the plan;

2. Facilities with approved closure plans by the department shall ensure that all residents residing at the facility are provided discharge notices in accordance with federal and state law and the facility shall assist all residents with discharge planning in accordance with federal and state law;

3. Facilities with approved closure plans by the department shall enter into a consent agreement with the department for a probationary license. These facilities shall agree to discharge all residents by the effective date of the temporary closure and to admit no residents while the facility is temporarily closed;

4. Temporary closure of facilities shall not be allowed past two (2) years from the effective date of the temporary closure. The effective date of the temporary closure is the date the last resident left the facility;

5. Facilities shall be reopened within two (2) years of the effective date of the temporary closure. Prior to reopening, the department shall conduct a full survey/inspection and the facility may be approved by the department to reopen after this survey or inspection. Facilities shall not reopen until approved by the department;

6. Facilities shall be reopened by the facility operator which initiated the temporary closure and a change of operator may not occur during this period of temporary closure;

7. Facilities shall submit plans of corrections, applications, licensure and certification fees in accordance with state law regardless of temporary closure status;

8. Facilities approved by the department to be temporarily closed will be noted as temporarily closed on state directories. The department will communicate temporary closure status of these facilities approved for temporary closure to CMS; and

9. Facilities not approved for temporary closure by the department which have closed or those facilities which stayed closed longer than two (2) years from the effective date of the temporary closure shall be considered closed. The department shall notify the operator in writing requesting the voluntary sur-

render of the license. If the department does not receive the license within thirty (30) days, it shall be void. If the operator should choose to again license the facility, the operator shall submit a complete application. The provisions of section (1) shall apply.

ATTEST:

JOHN R. ASHCROFT
SECRETARY OF STATE

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

Title 20—DEPARTMENT OF COMMERCE AND INSURANCE

Division 500—Property and Casualty Chapter 1—Property and Casualty Insurance in General

PROPOSED AMENDMENT

20 CSR 500-1.100 Standard Fire Policies. The department is amending paragraph (2)(A)3.

PURPOSE: This amendment implements changes required as a result of section 379.150, RSMo, as amended by HB 604 (2021).

(2) Mandated Changes to Standard Fire Policy.

(A) These provisions shall apply to all fire insurance policies issued or renewed pursuant to sections 375.001–375.008, 379.160, and 379.810–379.880, RSMo, after August 7, 1964[:].

1. That portion of the 1943 Standard Fire Insurance Policy for New York which gives “the insured five (5) days’ written notice of cancellation” on line 62 of the policy form shall be given no effect where contained within a policy designated as the “Standard Fire Insurance Policy for Missouri” insuring property located in this state, except as stated in paragraph (2)(A)2. of this regulation.

2. The language in the 1943 Standard Fire Insurance Policy for New York contained in lines 60–67 shall be superseded with the following language printed anywhere on this policy or amendatory

endorsement: “This policy may be canceled, not renewed, reduced in amount or adversely modified at any time by the company by giving to the insured thirty (30) days’ written notice of such action with or without tender of the excess of paid premium above the *pro rata* premium for the expired time, which excess, if not tendered, shall be refunded on demand. Only ten (10) days notice is required where such action is based upon non-payment of premium or evidence of incendiarism by the insured.”

3. The language in lines 141–147 of the 1943 Standard Fire Insurance Policy for New York relating to “company’s options” shall be superseded by [the following or equivalent language: “Upon partial destruction or damage to insured property, this company shall pay the insured a sum of money equal to the damage done or repair the same to the extent of such damage, not exceeding the amount written in the policy, so that said property shall be in as good condition as before the fire, at the option of the insured, pursuant to section 379.150, RSMo (1986).”] the language quoted in section 379.150, RSMo, or by other language that provides coverage for a partial loss caused by fire in a policy form determined and approved by the director to be at least as favorable to the insured as the standard fire insurance policy for Missouri.

4. The language in lines 123–140 of the 1943 Standard Fire Insurance Policy of New York relating to “appraisal” shall be superseded by the following or equivalent language: “In case the insured and this company shall fail to agree as to the actual cash value or the amount of loss, then, on the written demand of either, each shall select a competent and disinterested appraiser and notify the other of the appraiser selected within twenty (20) days of such demand. The appraisers shall first select a competent and disinterested umpire; and failing for fifteen (15) days to agree upon such umpire, then, on request of the insured or this company, such umpire shall be selected by a judge of a court of record in the state and county (or city if the city is not within a county) in which the property covered is located. The appraisers shall then appraise the loss, stating separately actual cash value and loss to each item; and, failing to agree, shall submit their differences, only, to the umpire. The umpire shall make the award within thirty (30) days after the umpire receives the appraisers’ submissions of their differences. An award in writing, so itemized, of any two (2) when filed with this company shall determine the amount of actual cash value and loss. Each appraiser shall be paid by the party selecting such appraiser and the expenses of appraisal and umpire shall be paid by the parties equally.”

Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES

Division 20—Division of Community and Public Health Chapter 1—Food Protection

ORDER OF RULEMAKING

By the authority vested in the Missouri Department of Health and Senior Services under sections 192.006 and 196.872, RSMo 2016, the department amends a rule as follows:

19 CSR 20-1.030 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on July 15, 2021 (46 MoReg 1302-1306). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Health and Senior Services received two (2) staff comments.

COMMENT #1: On August 15, 2021, department staff clarified that the initial licensing fee should align with the statutory provisions of section 196.866, RSMo, rather than a flat fee of ten dollars (\$10.00) since the department does not have the authority to distinguish an initial licensing fee compared to a renewal fee for the purposes of this regulation.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees with the staff comment. As a result, the text in the relevant portion of the rule has been changed to "A nonrefundable licensing fee as specified in section 196.866, RSMo;"

COMMENT #2: On October 7, 2021, department staff stated that the rule reference to the application form needed to be more specific

to prevent issues with future interpretation.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees with the staff comment. As a result, the two (2) references to the form in the rule have been bolstered to ensure that the exact version of the form is the only acceptable one to use for the initial application and renewal processes.
