Permit Modifications List Available Online

The Missouri Department of Natural Resources invites the public to review the list of completed hazardous waste permit modifications for the 2019 calendar year. The permit modification list for calendar year 2019, as well as lists from previous years, is available online at dnr.mo.gov/env/hwp/permits/publications.htm.

Businesses actively treating, storing (for longer than allowed by the hazardous waste generator regulations), or disposing hazardous waste in Missouri obtain a hazardous waste permit. These permits contain operating and closure requirements, as well as necessary

post-closure, corrective action, and financial assurance requirements. The department or facility can make changes to the currently effective permit, allowing the facility to change or improve its operations, or respond to new or changed regulatory requirements. Additional information and examples of significant permit modifications in Missouri are highlighted in the EPA publication, *Permit Modifications Report: Safeguarding the Environment in the Face of Changing Business Needs*, available online at epa.gov/hwpermitting/permit-modifications-report-safeguarding-environment-face-changing-business-needs.
