**Title 20—DEPARTMENT OF COMMERCE
AND INSURANCE
Division 2010—Missouri State Board of Accountancy
Chapter 2—General Rules**

ORDER OF RULEMAKING

By the authority vested in the Missouri State Board of Accountancy under section 326.262, RSMo 2016, the board amends a rule as follows:

20 CSR 2010-2.041 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 1, 2020 (45 MoReg 1897-1899). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received two (2) comments on the proposed amendment.

COMMENT #1: Missouri State Board of Accountancy staff commented on the amendment as the Missouri State Board of Accountancy met on December 3, 2020. At this meeting, the board was updated on the recently finalized changes to the Uniform Accountancy Act (UAA)- Model Education Requirement. This recent update included a recommendation that all Boards of Accountancy conduct transcript reviews regardless of the accreditation status of colleges/universities. This aspect of the updated UAA conflicted with the proposed amendment as the board's rule did not require the board to review transcripts when a college/university had certain, defined accreditations.

At this meeting, it was also recommended to include in this rule the language currently in 20 CSR 2010-2.061 regarding the maximum number of semester credit hours of formal, supervised internships and independent study in the areas of accounting or business.

The purpose of this language addition would be to provide clarity and ensure all educational requirements were in one (1) rule.

The board also discussed minor changes that provided clarity to the rule and corrected the name of one type of accreditation which recently had an official name change.

RESPONSE AND EXPLANATION OF CHANGE: The board voted to revise the proposed amendment to require the board conduct transcript reviews, however, the board could recognize specialized accreditation. The board agreed that the minor revisions, including clarification on the accrediting type name change, were appropriate. The board agreed the language currently in 20 CSR 2010-2.061 regarding the maximum number of internships/independent study be included in this rule.

COMMENT #2: Christopher McCullick, CPA stated that he believes that all college curriculums should have proper scrutiny to ensure students are adequately prepared. His concern is that smaller colleges with restricted budgets may experience monetary hurdles to allow for enhanced accrediting designations even though the quality of their teaching and staff may be excellent.

RESPONSE AND EXPLANATION OF CHANGE: The board voted to revise the proposed amendment to require the board conduct transcript reviews; however, the board could recognize specialized accreditation, but the accreditation type would not provide a bypass of the board review of the transcript.

20 CSR 2010-2.041 Eligibility Requirements for the CPA Examination

(2) The equivalent of a concentration in accounting shall be determined in the following manner:

(B) For candidates whose applications for initial examination are received on or after June 30, 2021, the concentration in accounting shall include a total of at least forty-eight (48) semester hours, including a minimum of twenty-four (24) semester hours of accounting and twenty-four (24) semester hours of business courses. These courses shall be taken at an accredited college or university recognized by the board.

(5) The board, or its designee, will complete a transcript review. In reviewing transcripts, the board may rely on the accreditation to assess the overall quality of the educational institutions. An applicant shall produce transcripts and any other course information as the board may request in order to determine education hours, including acceptable instructions, quality, and concentration in accounting.

(6) Quarter credit hours may be converted to semester credit hours by multiplying quarter credit hours by two-thirds ($\frac{2}{3}$). For example, thirty-six (36) quarter hours are equal to twenty-four (24) semester credit hours.

(7) The board may in its discretion allow any applicant to take the examination; however, approval to take the exam shall not create any presumption that the applicant is fit for licensure nor otherwise prohibit the board from exercising its discretion in considering an application for licensure as set forth in section 326.310, RSMo.

(8) The provisions of this rule are declared severable. If any provision of this rule is held invalid by a court of competent jurisdiction, the remaining provisions of this rule shall remain in full force and effect, unless otherwise determined by a court of competent jurisdiction to be invalid.

Title 20—DEPARTMENT OF COMMERCE AND INSURANCE Division 2010—Missouri State Board of Accountancy Chapter 2—General Rules

ORDER OF RULEMAKING

By the authority vested in the Missouri State Board of Accountancy under section 326.262, RSMo 2016, the board amends a rule as follows:

20 CSR 2010-2.061 Requirements for an Initial License to Practice is amended.

A notice of proposed rulemaking containing the text of the proposed

amendment was published in the *Missouri Register* on December 1, 2020 (45 MoReg 1899-1901). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received one (1) comment letter on the proposed amendment.

COMMENT #1: Christopher McCullick, CPA stated that the “proposed 20 CSR 2010-2.061(2) rule states that those applicants who apply for licensure on or after 6/30/21 must meet this new 9-hour limitation. The primary concern with implementing this portion of the rule change in this manner is that there is no transition period or grandfathering in of licensure applicants who are currently taking the CPA exam, those who have passed the CPA exam but have not yet met their one-year experience requirement to apply for their license, or those who will apply to sit for the CPA exam prior to 6-30/21. As this is a new restriction (i.e. currently, there is NO limitation in MO on the number of internship or independent study hours that may be used to count towards one’s 150-hour requirement) and the educational requirements in MO to sit for the CPA exam have historically been the same as those needed for CPA licensure application, implementation of this restriction in this manner (without a grandfathering process or transition period) creates an unfair burden to those who have already met CPA Exam eligibility requirements under the current rules.”

RESPONSE: The board recognizes this transition may be difficult; however, the rule change is necessitated by changes in statute for education hours required to sit for the examination (326.277 RSMo) with the effective date of June 30, 2021. The effective date within this rule amendment is designed to align with the date of the statute. In addition, the Missouri Board of Accountancy strives to align their rules with the standards outlined in the Uniform Accountancy Act (UAA), which are standards set by the American Institute of CPAs (AICPA) and National Association of State Boards of Accountancy (NASBA) and are designed to provide a uniform approach to regulation of the accounting profession. These guidelines provide that the maximum allowed internship/independent study be no more than nine (9) hours. The board determined this rule amendment should not be changed in light of the statutory effective date of June 30, 2021 in section 326.277, RSMo. the UAAs cap of nine (9) hours for these programs, and prior discussions with Missouri educators and MOCPA representatives.

COMMENT #2: In addition, commenter further questions the need to limit the number of semester hours for internship/independent study. If the board believes a limit is necessary, he would recommend that the maximum allowed be changed to twelve (12) semester hours.

RESPONSE: The limit on internship/independent study programs was developed after significant discussion with Missouri educators and representatives from Missouri Association of CPAs (MOCPA). Based upon these discussions and representations, the board does not anticipate students to face a hurdle to sit for the examination or otherwise be eligible for licensure due to the cap on hours from these programs. Additionally, the board considers internship and independent study an important aspect to prepare a CPA for the profession, however, should be balanced with the importance of structured education hours which help prepare a student to succeed in the examination process and practice of the profession after graduation. Based on the input of many Missouri educators, the board anticipates little to no negative impact on students during the transition period but the board is authorized to approve applications to sit for the examination (e.g. grant a waiver) if there are exceptional or unusual circumstances under current rule 20 CSR 2010-2.041(7). No changes have been made to the amendment as a result of this comment.

COMMENT #3: Commenter noted concern that the proposed

amendment change for applicants who apply for licensure on or after June 30, 2021 must effectively complete thirty (30) hours of business courses (three (3) additional semester hours from previous rule). He noted that without a transition period or grandfather clause in the process, applicants who apply for the CPA exam prior to June 30, 2021 but apply for licensure on or after June 30, 2021, could effectively be required to return to school to complete additional business courses.

RESPONSE: The board respects and appreciates the issues brought by this commenter, however, to ensure standardization with professional standards, the board determined that it will not increase or eliminate the internship/independent study semester hour maximum allowed numbers. Adding grandfather clauses to rules tend to increase the complexity of interpretation of rules and the board prefers to avoid additional complexity in rule amendments and best practices are to avoid additional complexity in rule amendments. No changes have been made to the amendment as a result of this comment.
