Title 10—DEPARTMENT OF NATURAL RESOURCES Division 25—Hazardous Waste Management Commission Chapter 7—Rules Applicable to Owners/Operators of Hazardous Waste Facilities

IN ADDITION

Permit Modifications List Available Online

The Missouri Department of Natural Resources invites the public to review the list of completed hazardous waste permit modifications for the 2020 calendar year. The permit modification list for calendar year 2020, as well as lists from previous years, is available online at Completed Hazardous Waste Permit Modifications Calendar Year

2020 | Missouri Department of Natural Resources
<https://dnr.mo.gov/document-search/completed-hazardous-waste-permit-modifications-calendar-year-2020>.

Businesses actively treating, storing (for longer than allowed by the hazardous waste generator regulations), or disposing hazardous waste in Missouri obtain a hazardous waste permit. These permits contain operating and closure requirements, as well as necessary post-closure, corrective action, and financial assurance requirements. The department or facility can make changes to the currently effective permit, allowing the facility to change or improve its operations, or respond to new or changed regulatory requirements. Additional information and examples of significant permit modifications in Missouri are highlighted in the EPA publication, *Permit Modifications Report: Safeguarding the Environment in the Face of Changing Business Needs*, available online at epa.gov/hwpermitting/permit-modifications-report-safeguarding-environment-facechanging-business-needs.
