HOW TO CITE RULES AND RSMO

RULES

The rules are codified in the *Code of State Regulations* in this system–

Title	CSR	Division	Chapter	Rule
3 Department	<i>Code of State Regulations</i>	10- Agency division	4 General area regulated	.115 Specific area regulated

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation; for example, 3 CSR 10-4.115, NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

Code and Register on the Internet

The *Code of State Regulations* and *Missouri Register* are available on the Internet.

The *Code* address is sos.mo.gov/adrules/csr/csr

The *Register* address is sos.mo.gov/adrules/moreg/moreg

These websites contain rulemakings and regulations as they appear in the *Code* and *Registers*.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

ORDER OF RULEMAKING

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission amends a rule as follows:

3 CSR 10-4.117 Prohibited Species is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on October 1, 2021 (46 MoReg 1730). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Conservation Commission received comments from six (6) individuals on the proposed amendment.

COMMENT #1: The commission received comment from one (1) individual who voiced support for proposed changes to this rule; however, specific comments were in support of allowing bicycle use on conservation area service roads.

RESPONSE: The commission thanks the individual who voiced support for the regulation changes.

COMMENT #2: The commission received comments from five (5) individuals who voiced opposition for proposed changes to this rule; however, two (2) specific comments were in opposition to a minimum length limit of twenty-six inches (26") for blue and flathead catfish on Mark Twain Lake, and three (3) specific comments were in opposition to allowing bicycle use on conservation area service roads.

RESPONSE: The commission thanks those individuals who provided input and will address these comments with others received on these specific changes in the orders of rulemaking for 3 CSR 10-6.510 Channel Catfish, Blue Catfish, Flathead Catfish and 3 CSR 10-11.130 Vehicles, Bicycles, Horses, and Horseback Riding.

ORDER OF RULEMAKING

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission amends a rule as follows:

3 CSR 10-5.205 Permits Required: Exceptions is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on October 1, 2021 (46 MoReg 1730-1735). No changes have been made in the text

of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Conservation Commission received comments from two (2) individuals on the proposed amendment.

COMMENT #1: The commission received comment from one (1) individual who voiced support for proposed changes to this rule and is of the opinion the age limit should be increased to exempt all minors under the age of seventeen (17).

RESPONSE: The commission thanks the individual who voiced support for the regulation changes. The regulation amendment no longer restricts certain methods of take for fishing or trapping by individuals who are fifteen (15) years and younger. The age exemption up to the age of sixteen (16), which is when permits are required, is consistent with other state regulations, such as obtaining a driving permit or a job.

COMMENT #2: The commission received comment from one (1) individual who voiced opposition for proposed changes to this rule, and who is of the opinion it will make it easier to abuse regulations.

RESPONSE: The commission thanks the individual for their comments on the regulation changes. The regulation amendment no longer restricts certain methods of take for fishing or trapping by individuals who are fifteen (15) years and younger. Allowing these specific methods of take, for individuals who are fifteen (15) years and younger, should not promote more regulation abuse but should encourage more mentorship by individuals using these specific methods of take.

ORDER OF RULEMAKING

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission amends a rule as follows:

3 CSR 10-5.210 Permits to be Signed and Carried is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on October 1, 2021 (46 MoReg 1736). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Conservation Commission received comments from two (2) individuals on the proposed amendment.

COMMENT #1: The commission received comment from one (1) individual who voiced support for proposed changes to this rule.

RESPONSE: The commission thanks the individual who voiced support for the regulation changes.

COMMENT #2: The commission received comment from one (1) individual who voiced opposition for proposed changes to this rule, and who stated any need for signature should be removed.

RESPONSE: The commission agrees that a signature is unnecessary for permits that can be obtained online and carried in an electronic format; however, not all permits are issued or carried electronically. There are a limited number of circumstances where a signature is still

necessary to acknowledge the acceptance of special conditions or to identify the permit holder (daily hunting and fishing tags, method exemptions, and the Federal Duck Stamp as required by federal regulations).

ORDER OF RULEMAKING

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission amends a rule as follows:

3 CSR 10-6.510 Channel Catfish, Blue Catfish, Flathead Catfish is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on October 1, 2021 (46 MoReg 1736-1737). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Conservation Commission received comments from twenty-five (25) individuals on the proposed amendment.

COMMENT #1: The commission received comments from fifteen (15) individuals who voiced support for proposed changes to this rule. Two (2) of these individuals indicated preference for a slot limit.

RESPONSE: The commission thanks the individuals who voiced support for the regulation changes. Data from the 2012-2018 Mark Twain Lake blue and flathead catfish assessment indicated reducing harvest of small catfish would be most beneficial in Mark Twain Lake. Slot length limits are designed to increase harvest of overabundant, small, slow-growing fish. A slot length limit was modeled, but it did not provide as much benefit as the twenty-six (26) inch minimum length limit proposal, which was an option chosen by anglers in an online and mail survey.

COMMENT #2: The commission received comments from five (5)

individuals who voiced general opposition to changes to this rule. RESPONSE: The commission thanks those who provided input.

COMMENT #3: The commission received comments from four (4) individuals who voiced opposition for proposed changes to this rule, and who stated the length limit should be reduced, with suggestions ranging from twenty (20) to twenty-four (24) inches.

RESPONSE: The commission thanks those who provided input. Modeling of catfish populations at various minimum length limits was conducted as well as public comment through online and mail surveys. Respondents to the surveys indicated the current proposal was a favorable option.

COMMENT #4: The commission received comment from one (1) individual who voiced opposition for proposed changes to this rule, and who voiced the opinion only one (1) catfish per day over thirty-four inches (34") should be allowed to be kept.

RESPONSE: The commission thanks those who provided input. An assessment of blue catfish and flathead catfish was conducted in Mark Twain Lake from 2012–2018 and indicates that a minimum length limit could improve the blue catfish fishery by increasing the abundance of preferred (thirty (30) inch) and memorable (thirty-five (35) inch) sized catfish by fifty-five (55) to ninety-three (93) percent with minimal reductions in yield (pounds available for harvest). In addition, public input was gathered online and through a mail survey to anglers returning tags from blue catfish caught in Mark Twain Lake. About two-thirds (2/3) of the surveyed anglers support a minimum length limit for blue and flathead catfish at Mark Twain Lake. About sixty percent (60%) of anglers that responded online and about thirty percent (30%) of anglers in the mail survey value the opportunity to catch a large catfish more than keeping catfish to eat.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on October 1, 2021 (46 MoReg 1737). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Conservation Commission received comments from four (4) individuals on the proposed amendment.

COMMENT #1: The commission received comments from three (3) individuals who voiced support for proposed changes to this rule. One (1) individual also supports banning imaging equipment.

RESPONSE: The commission thanks the individuals who voiced support for the regulation changes. These changes will promote sustainable paddlefish fisheries across the state and into the future.

COMMENT #2: The commission received comment from one (1) individual who voiced opposition to changes to this rule, and who stated the opinion the minimum length limit statewide should be thirty-four inches (34").

RESPONSE: There are some paddlefish fisheries (examples: Lake of the Ozarks, Harry S. Truman Reservoir, and Table Rock Lake) where a thirty-four inches (34") minimum length limit is appropriate and will remain in place. However, paddlefish tend not to grow as large in some rivers (examples: Black River and St. Francis River). For a statewide regulation, a thirty-two inch (32") minimum length limit is most appropriate to manage the many, diverse paddlefish fisheries that exist across the state.

ORDER OF RULEMAKING

By authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission amends a rule as follows:

3 CSR 10-7.455 is amended.

This rule establishes the turkey hunting season, limits, and provisions for hunting and is exempted by sections 536.021, RSMo, from the requirements for filing as a proposed amendment. The Department of Conservation amended 3 CSR 10-7.455 by establishing turkey hunting seasons.

3 CSR 10-7.455 Turkeys: Seasons, Methods, Limits

(1) Turkeys may be pursued, taken, killed, possessed, or transported only as permitted in this rule.

(A) Spring Season. A person possessing the prescribed turkey hunting permit may take two (2) male turkeys or turkeys with visible beards from April 18 through May 8, 2022; provided only one (1) turkey may be taken before April 25, 2022, and only one (1) turkey may be taken per day. A turkey taken during a managed hunt will count towards an individual's spring season bag limit. Turkeys may be taken only by shotgun, with shot no larger than No. 4, atlatl, crossbow, or bow; without the use of dogs, bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to 1:00 p.m. Central Daylight Time (CDT). Possession of electronic calls or shotshells loaded with shot larger than No. 4 is prohibited while hunting turkeys.

(B) Fall Firearms Season. Fall season annually will be October 1 through October 31. A person possessing the prescribed turkey hunt-

ing permit may take two (2) turkeys of either sex during the season. Turkeys may be taken only by shotgun, with shot no larger than No. 4, atlatl, bow, or crossbow; without the use of dogs, bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to sunset in all counties except: Dunklin, McDonald, Mississippi, New Madrid, Newton, Pemiscot, and Scott. Possession of electronic calls or shotshells loaded with shot larger than No. 4 is prohibited while hunting turkeys. A person, while in the act of pursuing or hunting turkey on a fall firearms permit, shall not have both a firearm, and an atlatl, bow, or crossbow on his/her person except any person may carry concealable firearms, as defined in Chapter 571, RSMo, on or about his/her person while hunting. Firearms possessed under this exception may not be used to take wildlife while hunting with an atlatl, bow, or crossbow.

(C) Fall Archery Season. A person possessing the prescribed archer's hunting permit may take two (2) turkeys of either sex from September 15 through January 15, excluding the dates of the November portion of the firearms deer season. Turkeys may be taken only by atlatls, bows, and crossbows; without the use of dogs, bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to one-half (1/2) hour after sunset. Possession of electronic calls is prohibited while hunting turkeys. An archer, while in the act of pursuing or hunting turkey on an archer's permit, shall not have a firearm on his/her person except any person may carry concealable firearms, as defined in Chapter 571, RSMo, on or about his/her person while hunting. Firearms possessed under this exception may not be used to take wildlife while hunting with an atlatl, bow, or crossbow.

(D) Youth Spring Season. The two- (2-) day youth spring season will be from April 9 through 10, 2022. Any person possessing the prescribed turkey hunting permit and who is at least six (6) but not older than fifteen (15) years of age on the opening day of the youth spring season may take only one (1) male turkey or turkey with visible beard during the youth spring season. A turkey harvested during the youth spring season will count towards an individual's spring season bag limit; individuals hunting under the prescribed turkey hunting permit may not harvest a second bird before April 25, 2022. Turkeys may be taken only by shotgun with shot no larger than No. 4, atlatl, crossbow, or bow; without the use of dogs, bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to sunset. Possession of electronic calls or shotshells loaded with shot larger than No. 4 is prohibited while hunting turkeys.

This amendment was filed December 10, 2021, becomes effective **January 1, 2022.**

This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Conservation Commission received comments from two hundred twelve (212) individuals and two (2) organizations on the proposed amendment.

COMMENT #1: The commission received comments from one hundred five (105) individuals who voiced support for proposed changes to this rule.

RESPONSE: The commission thanks the individuals who voiced support for the regulation changes.

COMMENT #2: The commission received comments from seven (7) individuals who voiced general opposition to changes to this rule.

RESPONSE: The commission thanks those who provided input.

COMMENT #3: The commission received comments from seventy-six (76) individuals and two (2) organizations who voiced opposition for proposed changes to this rule, citing concerns of conflict between bicyclers and various other user groups including equestrians, hikers, hunters, and wildlife watchers. Many commentors voiced the opinion that trails are not wide enough to accommodate both bicyclists and those on foot or horse, and that trail conditions are not designed for bicycle traffic.

RESPONSE: Department service roads are non-public roads that provide vehicular access for employees to conduct resource management activities. They are often used as walking paths by the public. Service roads are wide enough for a truck and are not maintained as bike trails. Conditions will vary. Trail speeds on an e-bike are typically well below twenty (20) mph due to rough terrain. Non-motorized mountain bikes can travel similar speeds as electric bicycles. Trail etiquette education will be important to avoid conflicts with other users. The department will be working to inform cyclists of trail etiquette including maintaining safe speeds and yielding to pedestrians, equestrians, and other slower trail users. Some conservation areas with service roads are closed to bicycle use through this regulation to prevent user conflicts at some of the busiest conservation areas.

COMMENT #4: The commission received comments from thirty (30) individuals and one (1) organization who voiced opposition to proposed changes to this rule, citing concerns of the impact to terrain, sensitive habitats, and wildlife.

RESPONSE: Service roads are roads that already allow vehicular travel by department staff. Bike riding off of service roads or designated bike trails will not be allowed. Bicycles will not be allowed on service roads where they pass through designated natural areas to protect sensitive natural communities. A subset of conservation areas with service roads are closed to bicycle use through the regulation to protect sensitive habitats or species or to prevent high probability of user conflicts at some of the busiest conservation areas.

COMMENT #5: The commission received comments from fourteen (14) individuals and one (1) organization who voiced opposition to proposed changes to this rule, citing concerns regarding enforcement. Specific comments included concerns of enforcement of the classes and speed of electric bicycles.

RESPONSE: Enforcement and the difficulty in visually determining the differences between different classes of electric bicycles was key in the decision to allow all three (3) electric bicycle classes. A speed limit is also not listed; however, area users will be expected to travel

at safe speeds and to yield to other users. Instances of off-road or trail use will be enforced as conservation agents are aware of violations. The public can help by informing conservation agents or department staff of any issues. An area may be closed to bicycle use if riders abuse trails or create new trails without written permission.

COMMENT #6: The commission received comments from eight (8) individuals and one (1) organization who voiced opposition to electric bicycles. Specific concerns included the speed at which electric bicycles are capable of traveling, limiting the use of electric bicycles to Class 1 only, and unfair advantage of those using electric bicycles to travel farther into conservation areas.

RESPONSE: Trail speeds on an e-bike are typically well below twenty (20) mph due to rough terrain. Non-motorized mountain bikes can travel similar speeds as electric bicycles. The department will be working to inform cyclists of trail etiquette including maintaining safe speeds and yielding to pedestrians, equestrians, and other slower trail users. Enforcement and the difficulty in visually determining the differences between different classes of electric bicycles was key in the decision to allow all three (3) electric bicycle classes. All cyclists will be expected to travel at safe speeds and yield to other users. Allowing the public to travel farther onto their conservation areas is a key reason the department is working to allow bicycle use on conservation area service roads. Bicycles and electric bicycles may allow more people to enjoy nature (including greater access to hunting, fishing, and other opportunities) on department conservation areas.

COMMENT #7: The commission received comments from six (6) individuals who voiced opposition to proposed changes to this rule, citing concerns of degradation to trails and increased maintenance needs.

RESPONSE: Conservation area service roads will not be maintained as bike trails. They will be maintained as-is for occasional use of department vehicles for area management purposes. Multi-use bicycle trails will continue to be maintained as bicycle trails. Although often heavier than conventional mountain bikes, e-bikes have not been found to have significant differences in trail impacts.

COMMENT #8: The commission received comments from two (2) individuals who voiced opposition to proposed changes to this rule, stating bicycles should not be allowed during any portion of deer season.

RESPONSE: Some deer hunters have commented they want the opportunity to use bicycles during hunting seasons. Only around three hundred (300) conservation areas (out of 1,000+ areas) have service roads. Bicycles will not be allowed on every conservation area. For those areas with service roads, some of those areas will be closed to bicycle use through this regulation to prevent user conflicts at some of the busiest conservation areas or to protect sensitive habitats. Approximately thirty (30) other areas will be closed to bicycle use during firearms deer and spring turkey seasons. There will be options for places that allow and don't allow bicycle use during firearms deer and spring turkey seasons.

COMMENT #9: The commission received comment from one (1) individual who voiced opposition to proposed changes to this rule, stating bicycles should be allowed only on urban conservation areas.

RESPONSE: The department has received comments from people interested in riding bicycles statewide. Only around three hundred (300) conservation areas (out of 1,000+ areas) have service roads. Bicycles will not be allowed on every conservation area.

SUMMARY OF COMMENTS: The Conservation Commission received comments from three (3) individuals and two (2) organizations on the proposed amendment.

COMMENT #1: The commission received comments from three (3) individuals who voiced opposition for proposed changes to this rule, and who stated the pond at Lost Valley Fish Hatchery should remain open for all youth with no reservations required.

RESPONSE: The commission thanks the respondents for their input. The regulation proposal changes the fishing opportunity at Lost Valley to reservation only by education groups, such as school classes. This change is being made due to staffing limitations at Lost Valley Hatchery with the closure of the Visitor Center to the public.

COMMENT #2: The commission received comments from two (2) organizations who voiced opposition to closure of the Lost Valley Fish Hatchery visitor's center, citing concerns this closure will have a detrimental effect on tourism in the area.

RESPONSE: The commission thanks the respondents for their input. The closure of Lost Valley Fish Hatchery visitor's center due to staffing limitations falls outside the scope of these proposed changes.

**Title 3—DEPARTMENT OF CONSERVATION
Division 10—Conservation Commission
Chapter 20—Wildlife Code: Definitions**

ORDER OF RULEMAKING

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission amends a rule as follows:

3 CSR 10-20.805 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on October 1, 2021 (46 MoReg 1748-1751). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Conservation Commission received comments from six (6) individuals and Department of Conservation staff on the proposed amendment.

COMMENT #1: The commission received comments from three (3)

individuals who voiced support for proposed changes to this rule.
RESPONSE: The commission thanks the individuals who voiced support for the regulation changes.

COMMENT #2: The commission received comments from (3) individuals who voiced opposition to proposed changes to this rule, with specific comments opposed to including the definition of electric bicycles for use on conservation area service roads due to concerns of speed (including enforcement of speed), impact to the landscape, and conflict with other users and wildlife.

RESPONSE: Trail speeds on an e-bike are typically well below 20-mph due to rough terrain. Non-motorized mountain bikes can travel similar speeds as electric bicycles. The department will be working to inform cyclists of trail etiquette including maintaining safe speeds and yielding to pedestrians, equestrians, and other slower trail users. Enforcement and the difficulty in visually determining the differences between different classes of electric bicycles was key in the decision to allow all three (3) electric bicycle classes. All cyclists will be expected to travel at safe speeds and yield to other users. Service roads are roads that already allow vehicular travel by department staff. Bike riding off of service roads or designated bike trails will not be allowed. Bicycles will not be allowed on service roads where they pass through designated natural areas to protect sensitive natural communities. A subset of conservation areas with service roads are closed to bicycle use through the regulation to protect sensitive habitats or species or to prevent high probability of user conflicts at some of the busiest conservation areas.

COMMENT #3: Department of Conservation staff noted a discrepancy in the proposal verbiage opposed to what is currently published in the *Code of State Regulations*.

RESPONSE AND EXPLANATION OF CHANGE: The commission revises the text to correct this discrepancy by removing subsection (56)(G), removing the word “and” from the end of subsection (56)(F), and adding the word “and” to the end of subsection (56)(E).

Title 20—DEPARTMENT OF COMMERCE AND INSURANCE Division 4240—Public Service Commission Chapter 120—New Manufactured Homes

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 700.040, RSMo 2016, the commission amends a rule as follows:

20 CSR 4240-120.140 New Manufactured Home Manufacturer’s Inspection Fee is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on September 1, 2021 (46 MoReg 1624-1625). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended October 1, 2021, and the commission held a public hearing on the

proposed amendment on October 4, 2021. The commission received a timely written comment from the Manager of the Manufactured Housing and Modular Units of the Missouri Public Service Commission (manager). Justin Smith and Karen Bretz, representing the manager, appeared at the hearing and offered comments. In addition, Thomas Hagar and Jamie Smith, representing the Missouri Manufactured Housing Association, appeared at the hearing and offered comments.

COMMENT #1: The manager's written comment explains that the current rule requires manufactured home manufactures to pay an inspection fee of thirty dollars (\$30) for each home delivered or sold to a Missouri dealer. The proposed amendment will increase that per inspection fee to seventy-five dollars (\$75). The manager anticipates this fee increase will generate an additional fifty-four thousand seven hundred twenty dollars (\$54,720) per year to help fund the Manufactured Housing Program (program). The manager further explained that the program is primarily funded through the imposition of fees, which by law must be sufficient to cover all costs incurred in the administration of the program. The fees established in this rule have not been increased in nearly twenty (20) years, and in recent years annual fee collections have not been sufficient to cover the costs of the program. The program has operated at a deficit for fiscal years 2015 through 2020. As a result, the manager has had to draw down the balance of the Manufactured Housing Fund, which stands at two hundred twenty-eight thousand two hundred four dollars (\$228,204) as of June 30, 2021.

RESPONSE: The commission will make no change in response to this comment.

COMMENT #2: Jamie Smith, current president of the Missouri Manufactured Housing Association, and Thomas Hagar, also associated with the Missouri Manufactured Housing Association, opposed the increase in fees. Mr. Hagar questioned the need for a fee increase at this time. He believes that the industry is recovering from a period of decreased sales and that as sales increase in the coming years, the manager will collect more fee dollars, even without an increase in the fee rate. He pointed out that in the most recent fiscal year, 2021, the program was able to operate without a deficit, and he expects that trend to continue into the future. Mr. Smith, who is also general manager of Clayton Homes of Lebanon, a manufactured housing dealership, expressed particular concern about the proposal to increase the fees charged to manufactured home installers. That proposed fee increase for installers is pending in the proposed amendment of commission rule 20 CSR 4240-125.040. He explained that there is a shortage of licensed installers, and he opposes a fee increase that might make it more difficult to find people willing to undergo the training and financial cost of becoming a licensed installer.

RESPONSE: The commission is mindful of the concerns expressed by representatives of the Missouri Manufactured Housing Association. However, the commission believes that the manager has established that there is a need for the additional revenue that will be collected through the proposed increase in fees. The commission will proceed with the proposed amendment to increase this fee.

Title 20—DEPARTMENT OF COMMERCE AND INSURANCE

Division 4240—Public Service Commission Chapter 123—Modular Units

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 700.040, RSMo 2016, the commission amends a rule as follows:

20 CSR 4240-123.030 Seals is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on September 1, 2021 (46 MoReg 1626-1627). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended October 1, 2021, and the commission held a public hearing on the proposed amendment on October 4, 2021. The commission received a timely written comment from the Manager of the Manufactured Housing and Modular Units of the Missouri Public Service Commission (manager). Justin Smith and Karen Bretz, representing the manager, appeared at the hearing and offered comments. In addition, Thomas Hagar and Jamie Smith, representing the Missouri Manufactured Housing Association, appeared at the hearing and offered comments.

COMMENT #1: The manager's written comment explains that the current rule requires the manufacturer of a manufactured home to purchase a seal to be affixed to the manufactured home and to pay a fee of one hundred ten dollars (\$110) for each seal. The proposed amendment will increase that per seal fee to two hundred twenty dollars (\$220). The manager anticipates this fee increase will generate an additional sixty-seven thousand six hundred fifty dollars (\$67,650) per year to help fund the Manufactured Housing Program (program). The manager further explained that the program is primarily funded through the imposition of fees, which by law must be sufficient to cover all costs incurred in the administration of the program. The fees established in this rule have not been increased in nearly twenty (20) years, and in recent years annual fee collections have not been sufficient to cover the costs of the program. The program has operated at a deficit for fiscal years 2015 through 2020. As a result, the manager has had to draw down the balance of the Manufactured Housing Fund, which stands at two hundred twenty-eight thousand two hundred four dollars (\$228,204) as of June 30, 2021.

RESPONSE: The commission will make no change in response to this comment.

The commission will proceed with the proposed amendment to increase this fee.

Chapter 123—Modular Units**

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 700.040, RSMo 2016, the commission amends a rule as follows:

**20 CSR 4240-123.040 Approval of Manufacturing Programs
is amended.**

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on September 1, 2021 (46 MoReg 1628-1629). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended October 1, 2021, and the commission held a public hearing on the proposed amendment on October 4, 2021. The commission received a timely written comment from the Manager of the Manufactured Housing and Modular Units of the Missouri Public Service Commission (manager). Justin Smith and Karen Bretz, representing the manager, appeared at the hearing and offered comments. In addition, Thomas Hagar and Jamie Smith, representing the Missouri Manufactured Housing Association, appeared at the hearing and offered comments.

COMMENT #1: The manager's written comment explains that the current rule requires the manufacturer of a manufactured home to obtain approval of modular unit plans in production, and to renew that approval annually. To do so, the manufacturer must pay a fee of seventy-five dollars (\$75) for each such modular unit plan. The proposed amendment will increase that per plan fee to one hundred fifty dollars (\$150). The manager anticipates this fee increase will generate an additional twenty-four thousand dollars (\$24,000) per year to help fund the Manufactured Housing Program (program). The manager further explained that the program is primarily funded through the imposition of fees, which by law must be sufficient to cover all costs incurred in the administration of the program. The fees established in this rule have not been increased in nearly twenty (20) years, and in recent years annual fee collections have not been sufficient to cover the costs of the program. Chapter 125—Manufactured Home Installers**

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 700.692, RSMo 2016, the commission withdraws a proposed amendment as follows:

**20 CSR 4240-125.040 Manufactured Home Installer License
is withdrawn.**

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on September 1, 2021 (46 MoReg 1630-1631). This proposed amendment is withdrawn.

SUMMARY OF COMMENTS: The public comment period ended October 1, 2021, and the commission held a public hearing on the proposed amendment on October 4, 2021. The commission received a timely written comment from the Manager of the Manufactured Housing and Modular Units of the Missouri Public Service Commission (manager). Justin Smith and Karen Bretz, representing the manager, appeared at the hearing and offered comments. In addition, Thomas Hagar and Jamie Smith, representing the Missouri Manufactured Housing Association, appeared at the hearing and offered comments.

COMMENT #1: The manager's written comment explains that the current rule requires an applicant for a license as a manufactured home installer to pay a fee of one hundred fifty dollars (\$150). The proposed amendment will increase that fee to two hundred twenty-five dollars (\$225). The manager anticipates this fee increase will generate an additional five thousand four hundred dollars (\$5,400) per year to help fund the Manufactured Housing Program (program). The manager further explained that the program is primarily funded through the imposition of fees, which by law must be sufficient to cover all costs incurred in the administration of the program. The fees established in this rule have not been increased in nearly twenty (20) years, and in recent years annual fee collections have not been sufficient to cover the costs of the program. Mr. Hagar questioned the need for a fee increase at this time. He believes that the industry is recovering from a period of decreased sales and that as sales increase in the coming years, the

manager will collect more fee dollars, even without an increase in the fee rate. He pointed out that in the most recent fiscal year, 2021, the program was able to operate without a deficit, and he expects that trend to continue into the future. He explained that there is a shortage of licensed installers, and he opposes a fee increase that might make it more difficult to find people willing to undergo the training and financial cost of becoming a licensed installer.

RESPONSE: Following the public comment hearing, the manager filed a recommendation advising the commission to withdraw the proposed amendment, thereby leaving the installers fee at one hundred fifty dollars (\$150). The commission agrees with the manager that given the described shortage of licensed installers, it would be inappropriate to raise this fee at this time. This proposed amendment will be withdrawn.

Chapter 125—Manufactured Home Installers**

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 700.692, RSMo 2016, the commission rescinds a rule as follows:

20 CSR 4240-125.050 Limited Use Installer License is rescinded.

A notice of proposed rulemaking containing the proposed rescission was published in the *Missouri Register* on September 1, 2021 (46 MoReg 1632). Justin Smith and Karen Bretz, representing the manager, appeared at the hearing and offered comments. In addition, Thomas Hagar and Jamie Smith, representing the Missouri Manufactured Housing Association, appeared at the hearing and offered comments.

COMMENT #1: Karen Bretz, representing the manager explained that this rule should be rescinded because no one has applied for such limited use installer license in some time. Justin Smith explained that everyone who is trying to become a licensed installer simply applies for the full license rather than applying for a limited use license. For that reason the manager believes the rule is unnecessary.

RESPONSE: The commission will make no change in response to this comment.

COMMENT #2: Jamie Smith, current president of the Missouri Manufactured Housing Association, who is also general manager of Clayton Homes of Lebanon, a manufactured housing dealership, expressed concern that there is a shortage of licensed installers and opposes a fee increase that might make it more difficult to find people willing to undergo the training and financial cost of becoming a

IN ADDITION**

Pursuant to section 376.1224, RSMo, regarding the maximum prescribed insurance benefit for the coverage of applied behavior analysis for the treatment of autism, the Director of the Department of Commerce and Insurance is required to calculate the new maximum each year to adjust for inflation.

Using Consumer Price Index (CPI) for All Urban Consumers (US City Average), as required by section 376.1224, RSMo, the new maximum required benefit was established by the following calculations:

Index Based on 1984 Dollars
CPI for 2019: 255.657
CPI for 2020: 258.811

New ABA Mandated Maximum Benefit = 2021 Limit × (2020 Annual Index/2019 Annual Index)

$\$46,684 \times (258.811/255.657) = \$47,260$

**Title 20—DEPARTMENT OF COMMERCE AND INSURANCE
IN ADDITION**

Section 538.210.8, RSMo, requires the Missouri Department of Commerce and Insurance to annually adjust the cap on non-economic damages in medical malpractice cases at a constant rate of 1.7 percent. The caps for 2021 are calculated below.

The new limit was established by the following calculation:

Cap for non-catastrophic injuries in 2020: \$435,176
Cap for catastrophic injuries in 2020: \$761,558

New caps for 2021:

Non-catastrophic injuries: $(\$435,176 \times 1.017) = \$442,574$
Catastrophic injuries: $(\$761,558 \times 1.017) = \$774,504$
