## HOW TO CITE RULES AND RSMO

### RULES

The rules are codified in the *Code of State Regulations* in this system—

<b>Title</b>	<b>CSR</b>	<b>Division</b>	<b>Chapter</b>	<b>Rule</b>
3 Department	<i>Code of State Regulations</i>	10- Agency division	4 General area regulated	115 Specific area regulated

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation; for example, 3 CSR 10-4.115, NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the Missouri and the United States Constitutions; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) business days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the Missouri Register as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

**TITLE 20 – DEPARTMENT OF COMMERCE AND  
INSURANCE**

**Division 2220 – State Board of Pharmacy  
Chapter 2 – General Rules**

**EMERGENCY RULE**

**20 CSR 2220-2.410 Class B Hospital Pharmacy Compounding  
for Drug Shortages**

*PURPOSE: This emergency rule will allow Class B hospital pharmacies to compound medication experiencing drug shortages to treat Missouri patients.*

*EMERGENCY STATEMENT: Proposed rule 20 CSR 2220-2.410 (Class B Hospital Pharmacy Compounding for Drug Shortages) was published in the Missouri Register on April 17, 2023, (48 MoReg 740-743) for public comment. The public comment period closed on May 17, 2023; no comments were received on the rule. On May 12, 2023, the American Cancer Society announced a critical shortage of chemotherapy drugs used to treat cancer. The American Cancer Society indicated, “the shortage of certain cancer drugs has become a serious and life-threatening issue for cancer patients across the country.” As of June 1, 2023, the U.S. Food and Drug Administration’s (FDA) drug shortage list*

*contains more than a dozen core chemotherapy drugs, including, but not limited to, cisplatin and carboplatin. FDA Commissioner Dr. Robert Califf indicated “the oncology shortage is especially critical,” and the FDA announced it is considering modifying importation restrictions to meet U.S. patient demand. On June 7, 2023, the Missouri Hospital Association provided the board results of its recent survey of Missouri hospitals which demonstrated the nationwide chemotherapy drug shortage is impacting Missouri hospitals, resulting in some hospitals having to select which patients to treat. The Missouri Hospital Advisory Committee, established by section 338.165, RSMo, subsequently met on June 8, 2023, and unanimously requested the board file 20 CSR 2220-2.410 as an emergency rule to allow Class B hospital pharmacies to immediately begin compounding needed drugs in short supply when possible to meet patient care needs. The Missouri Hospital Advisory Committee includes representatives from Missouri hospitals and hospital pharmacy associations, including, St. Luke’s Hospital, the University of Missouri Hospital- Columbia, Mosaic Life Care, Mercy Hospital, and the Missouri Society of Health-System Pharmacists. Based on a review of current drug shortages and information from Missouri hospitals and Class B hospital pharmacies, the board has determined this emergency rule is needed to address critical drug shortages and to ensure adequate supply of potentially life-saving compounded medication when possible. Absent an emergency amendment, Missouri Class B hospital pharmacies may be unable to meet patient demand for needed drugs in short supply and/or patients may experience life threatening delays/interruptions in critical medication treatment, which will detrimentally impact the public safety, health and welfare of Missouri citizens. As a result, the Missouri State Board of Pharmacy finds there is an immediate danger to the public health, safety, and/or welfare and a compelling governmental interest that requires this emergency action. The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The Missouri State Board of Pharmacy believes this emergency rule is fair to all interested persons and parties under the circumstances. This emergency rule was filed June 21, 2023, becomes effective July 6, 2023, and expires January 1, 2024.*

(1) Class B hospital pharmacies may compound and provide medications that are in shortage to patients without a patient-specific prescription, provided –

(A) The pharmacy has confirmed and documented the product is not available despite due diligence;

(B) The medication is compounded for administration to patients in a hospital clinic or facility or in another hospital that is under common control, management, or ownership of the same hospital or hospital system, as defined by section 338.165, RSMo;

(C) The preparation compounded is the same dosage form and strength that is in shortage;

(D) The quantity distributed at one time does not exceed the amount needed to meet the anticipated healthcare practitioner need for seven (7) days based on the hospital’s or hospital clinic’s/facility’s usage;

(E) The pharmacy must stop compounding and distribution once the product is available;

(F) The pharmacy must label the preparation container with –

1. Pharmacy name, address, and telephone number;
2. Date of distribution;
3. Preparation name, strength, dosage form, and quantity;
4. Name of each active or therapeutic ingredient included in the preparation;

5. Preparation lot/batch number;
6. Preparation beyond-use date; and
7. Statement: "Pharmacy Compounded Preparation"

(G) The pharmacy maintains a record of the distribution that is readily available on request of the Board or the Board's authorized designee and can be retrieved by specific hospital or hospital clinic or facility, if requested;

(H) In lieu of recording an identifying prescription number or a readily retrievable unique identifier, the hospital or hospital clinic or facility name must be recorded on the compounding log;

(I) The pharmacy must comply with all applicable provisions of 20 CSR 2220-2.400. A Class H license and compliance with 20 CSR 2220-2.200 is required for any sterile preparation; and

(J) The pharmacy complies with all applicable controlled substance laws and regulations.

(2) Unless otherwise provided by law or court of competent jurisdiction, the provisions of this rule are only applicable to pharmacy services under the jurisdiction of the board and are not applicable to hospital pharmacy services under the jurisdiction of the Missouri Department of Health and Senior Services pursuant to Chapter 197, RSMo.

ATTEST:

  
JOHN R. ASHCROFT  
SECRETARY OF STATE

The text of proposed rules and changes will appear under this heading. A notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This explanation is set out in the PURPOSE section of each rule. A citation of the legal authority to make rules is also required, and appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules that are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close-of-comments date will be used as the beginning day in the ninety- (90-) day count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice, file a new notice of proposed rulemaking, and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

**TITLE 9 – DEPARTMENT OF MENTAL HEALTH**  
**Division 45 – Division of Developmental Disabilities**  
**Chapter 5 – Standards for Community-Based Services**

**PROPOSED RULE**

**9 CSR 45-5.060 Procedures to Obtain Certification**

*PURPOSE:* This rule describes procedures to obtain certification as a provider of individualized supported living (ISL), group home, shared living, employment services, day habilitation, individualized skills development, community networking, out of home respite, and intensive therapeutic residential habilitation services through the home and community-based waivers for individuals with intellectual and developmental disabilities.

(1) Under section 630.655, RSMo, the department is mandated to develop certification standards and to certify providers to operate, receive funds from the department, and be eligible for Medicaid reimbursement. However, certification in itself does not constitute an assurance or guarantee the department will fund designated services or programs.

(A) A key goal of certification is to enhance the quality of care and life for individuals with a focus on their needs, preferences, and desired outcomes.

(B) The primary function of the certification process is assessment of a provider's compliance with current standards of care and state and federal requirements. A further function is to identify and ensure corrective action is taken for deficiencies identified during the survey process to ensure health and welfare of persons served by the provider.

(2) An entity or individual who has received approval to contract with the department and who has successfully enrolled with MO HealthNet as a provider may request to become a provider of certified services by completing an application form as required by the department for this purpose and submitting the application form and other documentation as specified. The completed application is sent to Department of Mental Health, Office of Licensure and Certification, PO Box 687, Jefferson City, MO 65102, fax (573) 751-9207, or emailed to [DMH-OLC@dmh.mo.gov](mailto:DMH-OLC@dmh.mo.gov).

(A) The applicant must submit a current written description of the programs and services for which it is seeking certification by the department.

(B) Certification fees are not required.

(C) The department reviews a completed application within thirty (30) calendar days of receipt to determine whether the applicant would be appropriate for certification. The department notifies the provider of its determination. A certificate is issued if –

1. The department has determined the application is complete and all necessary documents have been filed with the application; and

2. The department has determined the provider, programs, and services are compliant with state and federal laws and the corresponding rules.

(D) A site survey of the applicant will be conducted to determine compliance with standards.

(E) Certified providers need to apply for recertification at least sixty (60) calendar days prior to expiration of its existing certificate. Recertification includes a new application and required documentation.

(F) Ninety (90) calendar days after its receipt, the department considers any application for certification withdrawn if it is submitted without all the required information and

documents.

(G) An applicant can withdraw its application at any time during the certification process, unless otherwise required by law.

(3) The department conducts site surveys at a provider for the purpose of determining compliance with certification standards, program requirements, and other state and federal regulations.

(4) The department recognizes and deems as certified a provider that maintains accreditation under standards for services provided by the department from the Commission on Accreditation of Rehabilitation Facilities (CARF), The Council on Quality and Leadership (The Council), or Joint Commission on Accreditation of Healthcare Organizations (Joint Commission). The deemed provider must –

(A) Submit to the department a copy of the most recent accreditation survey report and verification of the accreditation time period and dates within thirty (30) calendar days of receipt from the accreditation agency;

(B) Notify the department when the accreditation agency makes a complaint investigation visit within seven (7) calendar days;

(C) Notify the department of any changes in accreditation status during the time period of accreditation and resurvey within seven (7) calendar days; and

(D) Ensure compliance with all certification rules and regulations pertaining to the service provided, including fire safety regulations.

(E) The Division of Developmental Disabilities may conduct a scheduled or unscheduled site survey of an accredited provider at any time to monitor ongoing compliance with the standards and requirements. If any survey finds conditions that are not in compliance with applicable standards, the division may request corrective action steps.

(5) Deemed providers are not excluded from monitoring of service delivery by other quality integrated functions within the department.

(6) The department provides advance notice and coordinates with the provider to schedule routine, planned surveys.

(A) The department notifies the applicant and the division's regional offices (ROs) regarding survey procedures and a copy of any survey instrument that may be used. Survey procedures include but are not limited to observation and inspection of service sites, interviews with provider staff, individuals being served, and other interested parties, review of provider administrative records necessary to verify compliance with requirements, review of personnel records and service documentation, and observation of program activities.

1. The review of personnel records includes eligibility for employment, documentation of training, and driver's license related to the billing of service.

(B) The applicant agrees, by act of submitting an application, to allow and assist department representatives in fully and freely conducting these survey procedures and to provide department representatives reasonable and immediate access to premises, individuals, and requested information.

(C) A provider shall cooperate with the certification process. The provider shall provide information and documentation that is accurate and complete. Actions of the provider, including but not limited to falsification or fabrication of any information used to determine compliance with requirements, may be grounds to deny issuance of or to revoke certification.

(7) Surveyor(s) will hold entrance and exit conferences with the provider to discuss survey arrangements and survey findings, respectively. If a surveyor identifies a deficiency that could result in actual jeopardy to the safety, health, or welfare of persons served, the surveyor will not leave the program until an acceptable plan of correction is presented which assures the surveyor that there is no further risk of jeopardy to persons served. The RO will be notified of the conditions that existed and the accepted plan of correction.

(8) Within thirty (30) calendar days after the exit conference, the department will provide a written survey report to the provider's chief executive officer and/or the provider contact on the provider application and the division.

(A) The report details all deficiencies identified during the survey.

(B) Upon specific request, the provider shall make the report available to the staff, individuals served, and to the public.

(9) If deficiencies are identified, the department will include in the survey report a request for the provider to submit a plan of correction.

(A) The plan must address each deficiency and specify the method of correction and the final date of correction, including identification of other individuals having the potential to be affected by the same deficient practice, how the provider will monitor its corrective action including the job title of the individual responsible for monitoring compliance on an ongoing basis, and what systemic changes have been put into place to ensure the deficient practice doesn't occur again. The provider is encouraged to work with the RO to develop a plan of correction. No final date of correction will exceed one hundred eighty (180) calendar days from the exit date of the survey.

(B) Within fifteen (15) calendar days after receiving the plan of correction, the department notifies the provider and the division of its decision to approve, deny, or require revisions of the proposed plan.

(C) The surveyor assures the plan of correction has been implemented and deficiencies corrected. The department determines if it is necessary for the surveyor to make a return visit to the provider based on the criteria of the plan of correction and will notify the division and ROs of revisit.

(D) In the event the provider has not submitted a plan of correction acceptable to the department within sixty (60) calendar days of the original date that written notice of deficiencies was presented by certified mail to the provider, it is subject to expiration of certification.

(10) The department sends copies of survey reports, notification about the status of plans of correction, and any other communication relevant to survey to the mailing address and electronic mail address on file in the provider's application and/or the provider's chief executive officer.

(11) The department may grant certification on a temporary, provisional, conditional, or regular status.

(A) Temporary status is granted to a provider if the survey process has not been completed prior to the expiration of an existing certificate and the applicant is not at fault for failure or delay in completing the survey process.

(B) Provisional status for a period not exceeding one (1) year is granted to a new provider, a provider which has undergone a change of ownership, or a currently certified provider adding a waived service based on a review which finds the program in compliance with requirements related to policy and procedure, personnel qualifications and training, and physical

plant and fire safety compliance, when applicable, sufficient to begin providing services. Provisional status is effective the date compliance is determined by the Office of Licensure and Certification (OLC) and after the contract with the provider has been executed by the RO.

1. The department shall conduct a comprehensive site survey of the provisionally certified provider and makes further determination of the provider's certification status no sooner than ninety (90) calendar days after the provider begins providing services to individuals nor later than the expiration date of the provisional certificate.

2. If the provider has begun providing services prior to the expiration of the provisional certificate but for less than ninety (90) calendar days, the OLC director may extend the provisional status for up to one hundred twenty (120) calendar days to allow time for a comprehensive survey to occur.

3. If the provider does not begin serving individuals prior to the expiration date of the provisional certificate, the provisional certificate expires and the provider is required to reapply.

4. If an existing provider of employment services (prevocational services, career planning, job development, and supported employment) wants to add an additional employment service to their certification, the OLC director may waive the provisional certification process and grant regular certification status to the provider for the new service if –

A. The provider submits an application for certification for the new service and the department has determined the application is complete, and all necessary documents have been filed with the application;

B. All required environmental and fire safety surveys have been completed;

C. The provider's certification survey was completed within the past twelve (12) months;

D. The provider is currently in compliance;

E. The RO agrees with waiving the provisional process for the new service; and

F. The provider has not been on conditional status during the past four (4) years.

5. If an existing provider of day habilitation services wants to add community networking or individual skill development, the OLC director may waive the provisional certification and grant regular certification status to the provider for the new service if –

A. The provider submits an application for certification for the new service and the department has determined the application is complete, and all necessary documents have been filed with the application;

B. The provider's certification survey was completed within the past twelve (12) months;

C. The provider is currently in compliance;

D. The RO agrees with waiving the provisional process for the new service; and

E. The provider has not been on conditional status during the past four (4) years.

6. If an existing provider of community networking or individual skill development wants to add community networking or individual skill development to their certification, the OLC director may waive the provisional certification and grant regular certification status to the provider for the new service if –

A. The provider submits an application for certification for the new service and the department has determined the application is complete, and all necessary documents have been filed with the application;

B. The provider's certification survey was completed within the past twelve (12) months;

C. The provider is currently in substantial compliance;

D. The RO agrees with waiving the provisional process for the new service; and

E. The provider has not been on conditional status during the past four (4) years.

(C) Following the period of provisional status, a regular certificate to provide Medicaid waiver services is awarded to a provider following a comprehensive site survey by the department that determines the provider is in compliance and meets all standards relating to quality of care and the safety, health, rights, and welfare of persons served. If deficiencies are cited during a survey, any and all deficiencies must be corrected prior to the department issuing a certificate. The effective date of the certificate is the date the agency was determined to be in compliance as a result of the comprehensive survey and is effective up to two (2) years.

(D) Conditional status is granted to a provider following a site survey by the department that determines there are pervasive and/or significant deficiencies with standards that may affect quality of care to individuals and there is a reasonable expectation the provider can achieve compliance within a stipulated time period. The department considers patterns and trends of performance identified during the site survey.

1. The period of conditional status shall not exceed one hundred eighty (180) calendar days. The department may directly monitor progress, may require the provider to submit progress reports, or both.

2. The department will conduct an additional site survey within the one hundred eighty (180) calendar day review period and make an additional determination of the provider's compliance with all standards.

3. During the period of conditional status, the department may, at its discretion, take actions per sections (17) and (19) of this rule.

4. At the expiration of conditional status, if the provider is in compliance, the department will issue a certificate with an effective date of the end of the conditional status and expiring two (2) years from the expiration date of the previous certification cycle.

(12) The department may investigate any complaint regarding the operation of a certified or deemed certified program or service. If conditions are found that are not in compliance with applicable certification standards, the department may, at its sole discretion, notify the accrediting organization of any concerns.

(13) The department may conduct a scheduled or unscheduled site survey of a provider at any time to monitor ongoing compliance with the certification standards. If any survey finds conditions that are not in compliance with applicable certification standards, the department may require corrective action steps and may change the provider's certification status consistent with procedures set out in this rule.

(14) The department certifies only the provider(s) named in the application. The provider(s) may not transfer certification without the written approval of the department.

(A) A certificate is the property of the department and is valid only as long as the provider meets standards of care and other requirements.

(B) Within seven (7) calendar days of the effective date that a certified provider has a change in accreditation status or discontinues operation, the provider shall provide written

notice to the OLC and RO of any such change.

(C) Within seven (7) calendar days of the effective date that a certified provider is sold or undergoes a change of ownership, the provider shall submit a written notice to the OLC and the RO of any such change. A change in ownership is considered to have occurred under the following circumstances:

1. A new corporation, partnership, limited partnership, limited liability company or other entity assumes ownership of the operation;

2. An individual incorporates or forms a partnership;

3. With respect to a certificate holder which is a general partnership, a change occurs in the majority interest of the partners;

4. With respect to a certificate holder which is a limited partnership, a change occurs in the majority interest of the general or limited partners;

5. With respect to a certificate holder which is a corporation, a change occurs in the persons who own, hold, or have the power to vote the majority of any class of stock issued by the corporation; and

6. A certificate holder's change of Federal Employer Identification Number (FEIN).

(D) Providers may not change the premises of a group home, day habilitation program, or onsite employment service site without prior notification to the OLC and RO and approval by DMH and the Missouri Department of Public Safety.

(E) A provider must be certified to provide a waived service prior to providing the service. Any provider that establishes a new program or type of program shall operate that program in accordance with applicable standards. A provisional review, site survey, or comprehensive site survey is conducted as determined by the department.

(15) The department may revoke or deny issuance of certification based on a determination that –

(A) The nature of the deficiencies results in substantial probability of or actual jeopardy to individuals being served;

(B) Serious or repeated incidents of abuse or neglect of individuals being served or violations of rights have occurred;

(C) Fraudulent fiscal practices have transpired or significant and repeated errors in billings to the department have occurred;

(D) Failure to participate in the certification process in good faith, including falsification or fabrication of any information used to determine compliance with requirements;

(E) The nature and extent of deficiencies results in the failure to conform to the certification standards of the program or service being offered;

(F) Compliance with standards has not been attained by a provider upon expiration of conditional certification;

(G) Failure to allow the surveyors entry into service site areas or to access individuals receiving services;

(H) Contract for service delivery has ended with the department;

(I) Any provider, or member, partner, administrator, executive director, or program director is found to have disqualifying offense under section 630.170, RSMo, unless an exception has been granted through the DMH Exceptions Committee under sections 630.656 and 630.170, RSMo; or

(J) Any provider, or member, partner, administrator, executive director, or program director of a certified agency is found to have ever acted or omitted their duty in a manner which materially and adversely affected the health, safety, welfare, or property of an individual receiving services.

(16) If a certified provider discontinues operation as evidenced

by the fact that no individual has received a certified service from the provider for the previous twelve (12) months or any time the department is unable to freely gain entry to conduct an inspection, the provider is considered no longer certified. The department notifies the provider in writing that the certificate is void.

(17) The department director, at its discretion, may –

(A) Place a monitor at a program if there is substantial probability of or actual jeopardy to the safety, health, rights, or welfare of individuals being served.

1. The cost of the monitor is charged to the provider at a rate which will recoup all reasonable expenses incurred by the department.

2. The department shall remove the monitor when a determination is made that the safety, health, rights, and welfare of individuals being served are no longer at risk.

(B) Take other action to ensure and protect the safety, health, or welfare of individuals being served.

(C) Initiate additional service delivery review through other quality integrated functions established within the department.

(18) A provider which has had certification denied or revoked may appeal in writing to the director of the department within thirty (30) calendar days following notice of the denial or revocation being presented by certified mail to the provider. The director of the department shall conduct a hearing under procedures set out in Chapter 536, RSMo, and issue findings of fact, conclusions of law, and a decision which shall be final.

(19) The department has authority to impose administrative sanctions.

(A) The department may suspend the certification process pending completion of an investigation when a provider that has applied for certification or the staff of that provider is under investigation for fraud, financial abuse, abuse or neglect of persons served, revocation of persons' rights without due process, or improper clinical practices. This includes but is not limited to investigations by any state authority for Medicaid audit and compliance, any state authority for child or adult abuse, neglect or financial exploitation, the Health and Human Services Office of Inspector General, or other local, state, or federal law enforcement.

(B) The department may administratively sanction a certified provider that has been found to have committed fraud, financial abuse, abuse of persons served, or improper clinical practices, or that had reason to know its staff were engaged in such practices.

(C) Administrative sanctions include but are not limited to suspension of certification, clinical utilization review requirements, clinical audit, suspension of new admissions or referrals, implementation of a corrective action plan, denial or revocation of certification, or other actions as determined by the department.

(D) The department has the authority to refuse to accept an application for certification from a provider that has had certification denied or revoked or that has been found to have committed fraud, financial abuse, or improper clinical practices, or whose staff and clinicians were engaged in improper practices.

(E) A provider which has certification denied or revoked as an administrative sanction may appeal these sanctions pursuant to section (18).

(20) A provider may request the department's exceptions committee waive a requirement for certification if the head of

the provider organization provides evidence that a waiver is in the best interests of the individuals it serves.

(A) A request for a waiver is in writing and includes justification for the request.

(B) The request is submitted to Exceptions Committee, Department of Mental Health, PO Box 687, Jefferson City, MO 65102.

(C) The exceptions committee holds meetings in accordance with Chapter 610, RSMo, and responds with a written decision within forty-five (45) calendar days of receiving a request.

(D) The exceptions committee may issue a waiver on a time-limited or other basis.

(E) If a waiver request is denied, the provider has forty-five (45) calendar days from date of denial to fully comply with the standard unless a different time period is specified by the committee.

**TITLE 13 – DEPARTMENT OF SOCIAL SERVICES

Chapter 15 – Hospital Program**

**PROPOSED AMENDMENT**

**13 CSR 70-15.110 Federal Reimbursement Allowance (FRA).** The division is amending sections (1)–(5), removing section (2), adding new section (5), and renumbering as necessary.

**PURPOSE:** This proposed amendment provides for the trend factor to be applied to the inpatient and outpatient adjusted net revenues to determine the inpatient and outpatient net revenues subject to the FRA assessment for SFY 2023. It also establishes the percentage of FRA that is taxed to Missouri hospitals for SFY 2023.

(1) Federal Reimbursement Allowance (FRA). FRA shall be assessed as described in this section.

(A) Definitions.

1. Bad debts – Amounts considered to be uncollectible from accounts and notes receivable that were created or acquired in providing services. Allowable bad debts include the costs of caring for patients who have insurance, but their insurance does not cover the particular service procedures or treatment rendered.

2. Base year cost report – Audited Medicaid cost report from the third prior calendar year. If a hospital has more than one (1) cost report with periods ending in the third prior calendar year, the cost report covering a full twelve- (12-) month period will be used. If none of the cost reports covers a full twelve (12) months, the cost report with the latest period will be used. If a hospital's base year cost report is less than or greater than a twelve- (12-) month period, the data shall be adjusted, based on the number of days reflected in the base year cost report, to a twelve- (12-) month period. Any changes to the base year cost report after the division issues a final decision on assessment will not be included in the calculations.

3. Charity care – Those charges written off by a hospital based on the hospital's policy to provide health care services free of charge or at a reduced charge because of the indigence or medical indigence of the patient.

4. Contractual allowances – Difference between established rates for covered services and the amount paid by third-party payers under contractual agreements. The Federal Reimbursement Allowance (FRA) is a cost to the hospital, regardless of how the FRA is remitted to the MO HealthNet Division, and shall not be included in contractual allowances for determining revenues. Any redistributions of MO HealthNet payments by private entities acting at the request of participating health care providers shall not be included in contractual allowances or determining revenues or cost of patient care.

5. Department – Department of Social Services.

6. Director – Director of the Department of Social Services.

7. Division – MO HealthNet Division, Department of Social Services.

8. Engaging in the business of providing inpatient health care – Accepting payment for inpatient services rendered.

9. Federal Reimbursement Allowance (FRA) – The fee assessed to hospitals for the privilege of engaging in the business of providing inpatient health care in Missouri. The FRA is an allowable cost to the hospital.

10. Fiscal period – Twelve- (12-) month reporting period determined by each hospital.

11. Gross hospital service charges – Total charges made by the hospital for inpatient and outpatient hospital services that are covered under 13 CSR 70-15.010.

12. Hospital – A place devoted primarily to the maintenance and operation of facilities for the diagnosis, treatment, or care for not fewer than twenty-four (24) hours in any week of three (3) or more nonrelated individuals suffering from illness, disease, injury, deformity, or other abnormal physical conditions; or a place devoted primarily to provide, for not fewer than twenty-four (24) hours in any week, medical or nursing care for three (3) or more nonrelated individuals. The term hospital does not include convalescent, nursing, shelter, or boarding homes as defined in Chapter 198, RSMo.

13. Hospital revenues subject to FRA assessment effective July 1, 2008 – Each hospital’s inpatient adjusted net revenues and outpatient adjusted net revenues subject to the FRA assessment will be determined as follows:

A. Obtain “Gross Total Charges” from Worksheet G-2, Line 25, Column 3 from CMS 2552-96, or Worksheet G-2, Line 28, Column 3 from CMS 2552-10, of the third prior year cost report (i.e., FRA fiscal year cost report) for the hospital. Charges shall exclude revenues for physician services. (II) “Adjusted Net Revenue” will then be multiplied by the result to yield “Net Inpatient Revenue”; and

(III) The remainder will be allocated to “Net Outpatient Revenue”; and

G. The trend indices, if greater than 0%, will be determined based on the Health Care Costs index as published in *Healthcare Cost Review* by Institute of Health Systems (IHS), or equivalent publication, regardless of any changes in the name of the publication or publisher, for each [S]state [F]fiscal [Y]year (SFY). The trend indices listed below will be applied to the apportioned inpatient adjusted net revenue and outpatient adjusted net revenue in order to inflate or trend forward the adjusted net revenues from the FRA fiscal year cost report to the current state fiscal year to determine the inpatient and outpatient adjusted net revenues subject to the FRA assessment.

[(I)] SFY 2020 =

(a) Inpatient Adjusted Net Revenues—0%

(b) Outpatient Adjusted Net Revenues—2.9%

[(II)](I) SFY 2021 =

(a) Inpatient Adjusted Net Revenues – 3.2%

(b) Outpatient Adjusted Net Revenues – 0%

[(III)](II) SFY 2022 =

(a) Inpatient Adjusted Net Revenues – 4.2%

(IV) SFY 2024 =

(a) Inpatient Adjusted Net Revenues – 0%

(B) Each hospital engaging in the business of providing inpatient health care in Missouri shall pay an FRA. The FRA shall be calculated by the Department of Social Services.

1. The FRA shall be as described beginning with section (2) and going forward.

[2. If a hospital does not have a third prior year base cost

report, inpatient and outpatient adjusted net revenues shall be estimated as follows:

A. Hospitals required to pay the FRA, except safety net hospitals, shall be divided in quartiles based on total beds;

B. The inpatient adjusted net revenue shall be summed for each quartile and divided by the total beds in the quartile to yield an average inpatient adjusted net revenue per bed. The number of beds for the hospital without the base cost report shall be multiplied by the average inpatient adjusted net revenue per bed to determine the estimated inpatient adjusted net revenue; and

C. The outpatient adjusted net revenue shall be summed for each quartile and divided by the number of facilities in the quartile to yield an average outpatient adjusted net revenue per facility which will be the estimated outpatient adjusted net revenue for the hospital without the base cost report.]

[3.]2. [Beginning January 1, 2015, if] If a hospital does not have a third prior year cost report on which to determine the hospital revenues subject to FRA assessment as set forth in paragraph (1)(A)13., inpatient and outpatient adjusted net revenues shall be based upon the projections included with its Certificate of Need (CON) application on the "Service-Specific Revenues and Expenses" form (CON projections) required in a full CON review as described in [19 CSR 60-50.300] 19 CSR 60-50.470. If the hospital did not go through a full CON review, it must submit a completed "Service-Specific Revenues and Expenses" form that has been verified by an independent auditor.

A. The hospital must provide the division with the breakdown of the inpatient and outpatient revenues that tie to the CON projections.

B. The CON projections and the breakdown of the inpatient and outpatient revenues are subject to review and validation by the division.

[C. If the facility does not provide the CON projections, the breakdown of the inpatient and outpatient revenues, or any other additional information requested by the division within thirty (30) days of the division's request, the inpatient and outpatient adjusted net revenues shall be based upon the quartile method set forth in paragraph (1)(B)2.

D. Direct Medicaid and Uninsured Add-On Payments shall be included in the estimated inpatient and outpatient adjusted net revenues.]

[E.]C. Once the facility has a third prior year cost report, the assessment shall be based on the actual inpatient and outpatient adjusted net revenues from such cost report.

4. The FRA assessment for hospitals that merge operation under one (1) Medicare and MO HealthNet provider number shall be determined as follows:

A. The previously determined FRA assessment for each hospital shall be combined under the active MO HealthNet provider number for the remainder of the state fiscal year after the division receives official notification of the merger; and

B. The FRA assessment for subsequent fiscal years shall be based on the combined data for both facilities.

5. A hospital which either voluntarily or involuntarily terminates its license and which becomes relicensed will be assessed the same inpatient and outpatient assessment as the previous hospital owner/operator if the hospital becomes relicensed during the same state fiscal year. If the hospital does not become relicensed during the same state fiscal year, the inpatient and outpatient assessment will be determined based on the applicable base year data (i.e., third prior year). If the hospital does not have the applicable base year data, the inpatient and outpatient assessment will be based on the most recent cost report data available and will include an-

nual trend factor adjustments from the year subsequent to the cost report period through the state fiscal year for which the assessments are being determined.

(C) The division shall prepare a confirmation schedule of the information from each hospital's third prior year cost report and provide each hospital with this schedule. Each hospital required to pay the FRA shall review the confirmation schedule and confirm the information is correct or provide correct information within fifteen (15) days of receiving the confirmation schedule. If the hospital fails to submit the corrected data within the fifteen- (15-) day time period, the hospital shall be barred from submitting corrected data later to have its FRA assessment or the [add-on] additional payments from 13 CSR 70-15.010, 13 CSR 70-15.015, [and] 13 CSR 70-15.220, and 13 CSR 70-15.230 adjusted.

1. The FRA will be offset against any Missouri Medicaid payment due the hospital. The FRA [A]assessments shall be allocated and deducted over the applicable period.

2. A letter will be sent to the hospital indicating the FRA balance due after offset, if any, at the end of each state fiscal quarter. The FRA balance due shall be remitted by the hospital to the MO HealthNet Division as stated in the letter.

[(D) In accordance with sections 621.055 and 208.156, RSMo, hospitals may seek a hearing before the Administrative Hearing Commission from a final decision of the director of the department or division.

(2) Beginning July 1, 2018, the FRA assessment shall be determined at the rate of five and sixty hundredths percent (5.60%) of each hospital's inpatient adjusted net revenues and outpatient adjusted net revenues as set forth in paragraph (1) (A)13. The FRA assessment rate of five and sixty hundredths percent (5.60%) will be applied individually to the hospital's inpatient adjusted net revenues and outpatient adjusted net revenues. The hospital's total FRA assessment is the sum of the assessment determined from its inpatient adjusted net revenue plus the assessment determined for its outpatient adjusted net revenue.]

[(3)](2) Beginning July 1, 2020, the FRA assessment shall be determined at a rate of five and seventy-five hundredths percent (5.75%) of each hospital's inpatient adjusted net revenues and outpatient adjusted net revenues as set forth in paragraph (1) (A)13. The FRA assessment rate will be applied individually to the hospital's inpatient adjusted net revenues and outpatient adjusted net revenues. The hospital's total FRA assessment is the sum of the assessment determined from its inpatient adjusted net revenue plus the assessment determined for its outpatient adjusted net revenue.

[(4)](3) Beginning July 1, 2021, the FRA assessment shall be determined at a rate of five and forty-eight hundredths percent (5.48%) of each hospital's inpatient adjusted net revenues and outpatient adjusted net revenues as set forth in paragraph (1) (A)13. The FRA assessment rate will be applied individually to the hospital's inpatient adjusted net revenues and outpatient adjusted net revenues. The hospital's total FRA assessment is the sum of the assessment determined from its inpatient adjusted net revenue plus the assessment determined for its outpatient adjusted net revenue.

[(5)](4) Beginning July 1, 2022, the FRA assessment shall be determined at a rate of five and four-tenths percent (5.40%) of each hospital's inpatient adjusted net revenues and outpatient adjusted net revenues as set forth in paragraph (1)(A)13. The FRA assessment rate will be applied individually to the hospital's inpatient adjusted net revenues and outpatient adjusted

net revenues. The hospital's total FRA assessment is the sum of the assessment determined from its inpatient adjusted net revenue plus the assessment determined for its outpatient adjusted net revenue.

**(5) Beginning July 1, 2023, the FRA assessment shall be determined at a rate of four and eight-tenths percent (4.80%) of each hospital's inpatient adjusted net revenues and outpatient adjusted net revenues as set forth in paragraph (1)(A)13. The FRA assessment rate will be applied individually to the hospital's inpatient adjusted net revenues and outpatient adjusted net revenues. **ORDER OF RULEMAKING**

By the authority vested in the State Board of Education (board) under sections 161.092 and 161.099, RSMo 2016, and section 161.097, RSMo Supp. 2022, the board amends a rule as follows:

5 CSR 20-400.440 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on March 15, 2023 (48 MoReg 574). Those sections with changes are reprinted here. Changes have been made to the text of the proposed revisions of the *Missouri Standards for the Preparation of Educators* (MoSPE), incorporated by reference in subsection (1)(B), so those changes are explained below. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received one hundred three (103) comments.

COMMENT #1: The department received one (1) comment to the MoSPE from an individual at the Center for Collaborative Solutions for Kids, Practice, and Policy about how educator preparation programs (EPPs) will be held accountable for meeting the standards.

RESPONSE AND EXPLANATION OF CHANGE: The department has added a “Compliance” section to MoSPE to read –

All EPPs are expected to meet the standards defined in this document. DESE reserves the right to request documentation of compliance at any time, but these particular events will require such documentation:

- Application for initial approval to offer educator preparation. This applies only to a new EPP, not an established EPP seeking to offer preparation in a new area;
- Designation of one (1) or more of an EPP’s programs as “provisionally accredited” by the board; and
- A formal complaint is lodged by a current candidate or graduate regarding her/his preparation.

Evidence of a lack of compliance will be submitted, along with APR data, for the State Board of Education’s consideration regarding ongoing accreditation.

COMMENT #2: The department received one (1) comment to the MoSPE from an individual at the University of Missouri-St. Louis about how a building administrator should be allowed to function as the site supervisor during student teaching in certain circumstances.

RESPONSE: The language in the current MoSPE refers only to traditional student teaching, a situation in which, by definition, there is a cooperating teacher. The increased instances of candidates serving as the teacher of record instead of having a traditional student teaching experience will require a discussion among stakeholders before that issue can be adequately addressed in MoSPE. In the meantime, EPP personnel should employ their professional judgment to protect the interests of candidates. No changes have been made to the MoSPE as a result of this comment.

COMMENT #3: The department received five (5) comments to the MoSPE from five (5) individuals at Missouri Baptist University that the on-site supervisor for building-level administrator candidates should be currently employed as a building-level administrator.

RESPONSE AND EXPLANATION OF CHANGE: The department has changed Standard II, item D.4. of the MoSPE to read – “The Site Supervisor for Principal, Special Education Administration, or Career Education Director Candidates should be currently employed as a building-level administrator.”

COMMENT #4: The department received one (1) comment to the MoSPE from an individual at the Center for Collaborative Solutions for Kids, Practice, and Policy that the requirements for alignment with standards and continuous improvement are positive.

RESPONSE: This comment supports the alignment with standards and continuous improvement documented in Standards I and III. No changes have been made to the MoSPE as a result of this comment.

COMMENT #5: The department received five (5) comments to the MoSPE from individuals at Ozarks Technical Community College, University of Missouri, Jefferson College, and Missouri Southern State University about how the document does not explicitly indicate that all entities preparing educators

for Missouri certification are accountable for meeting these standards.

RESPONSE AND EXPLANATION OF CHANGE: The introductory paragraph of the MoSPE has been moved to the new “Overview” section and has been changed to read –

Pursuant to 5 CSR 20-400.440, this document details the specific responsibilities of all entities granted the authority to recommend candidates for educator certification in the state of Missouri or who are seeking the authority to do the same. In the context of this document, the terms “Educator Preparation Program” and “EPP” are used to refer to such entities.

COMMENT #6: The department received two (2) comments to the MoSPE from an individual at the Center for Collaborative Solutions for Kids, Practice, and Policy and an individual from the University of Missouri about how EPPs should have a clear plan for assessing their programs, and this should be made clearer in the MoSPE.

RESPONSE AND EXPLANATION OF CHANGE: Language related to assessment was integrated throughout Standards I and III of the MoSPE. To clarify the expectation, some language was removed from Standard I, and this requirement was added to Standard III, item B.:

EPPs must have an assessment plan that enables them to document candidate knowledge, skills, and dispositions, both individually and by program. Data must be able to be disaggregated by race, ethnicity, gender, and other characteristics deemed integral to the EPP’s ability to identify strengths and weaknesses in its programs and to ensure equitable access to education professions for all Missourians.

COMMENT #7: The department received sixteen (16) comments to the MoSPE from individuals at Lincoln University, University of Missouri-St. Louis, Kansas City Teacher Residency, the Center for Collaborative Solutions for Kids, Practice, and Policy, and Northwest Missouri State University expressing concern that the department has chosen to remove Standard 4 and its focus on recruiting and retaining candidates representing the same diversity of backgrounds as Missouri’s PK-12 student body and, then, preparing those candidates to meet the needs of all children, regardless of the personal, social, regional, or other characteristics that might influence learning.

RESPONSE AND EXPLANATION OF CHANGE: The department is committed to supporting the preparation of educators who share a variety of traits, backgrounds, and experiences of Missouri’s children. In addition, the department seeks to ensure that those educators are prepared to meet the unique needs of all of the children with whom they work. To these ends, MoSPE includes the following:

- Standard I requires that all programs be aligned with state-approved standards, and each of those includes explicit competencies related to being responsive to students’ unique needs.
- Standard III requires documentation of EPP plans to recruit and retain educators from groups that have been historically underrepresented among Missouri educators.

The department has added the following requirement to Standard III, item B.: “EPPs must have an assessment plan that enables them to document candidate knowledge, skills, and dispositions, both individually and by program. Data must be able to be disaggregated by race, ethnicity, gender, and other characteristics deemed integral to the EPP’s ability to identify strengths and weaknesses in its programs and to ensure equitable access to education professions for all Missourians.”

COMMENT #8: The department received one (1) comment to the MoSPE from an individual at Missouri Southern State University about eliminating elements that EPPs will not be required to document.

RESPONSE: A new section entitled "Compliance" was added as noted in Comment #1 to indicate when EPPs might be required to share documentation that they are meeting these standards. No further changes have been made to the MoSPE as a result of this comment.

COMMENT #9: The department received two (2) comments to the MoSPE from individuals at Kansas City Teacher Residency and Missouri Southern State University expressing concern that the use of the verb "ensure" is too strong in some instances.

RESPONSE AND EXPLANATION OF CHANGE: The word "ensure" was replaced in some places in Standard I to reflect instances in which that type of guarantee may not be possible for an EPP and wording was changed in other places to indicate objectives that are reasonable to "ensure."

COMMENT #10: The department received one (1) comment to the MoSPE from an individual at University of Missouri that the requirements for the number of assessments during the culminating clinical experience are too restrictive.

RESPONSE AND EXPLANATION OF CHANGE: Specific requirements regarding the mandated number of assessments in Standard II, items B., C., and D. were removed. In Standard II, item A., the following was added: "All candidates must receive written formative feedback during the field experience. The specific schedule should be informed by the candidate's needs."

COMMENT #11: The department received three (3) comments to the MoSPE from individuals at University of Missouri-St. Louis and Missouri Southern State University and a third individual expressing concern that the requirements for supervisor contact with candidates and site supervisors are too prescriptive.

RESPONSE AND EXPLANATION OF CHANGE: Specific requirements regarding supervisor contact in Standard II, items B., C., and D., were removed. In Standard II, item A., the following was added: "Both Site and University Supervisors should meet regularly with the candidate and maintain consistent communication between themselves. The specific schedule should be informed by the candidate's needs."

COMMENT #12: The department received three (3) comments to the MoSPE from an individual at the University of Missouri and from two individuals at the Center for Collaborative Solutions for Kids, Practice, and Policy about the literacy competencies in the appendices regarding literacy requirements about which there is some contention in the field.

RESPONSE: The department recognizes that there remain points of disagreement between literacy experts. In order to work toward as much consensus as possible, the department took the following steps. The new literacy competencies were developed by the department's Early Literacy Fellows, eight (8) literacy experts from PK-12 and higher education drawn from across the state. The competencies were then vetted by the department's Early Literacy Council, a group of educators and administrators from throughout Missouri who are overseeing efforts to strengthen literacy instruction in educator preparation. The competencies were then shared with EPP personnel via various methods over several months, and feedback was requested. No changes have been made to the MoSPE as a result of these comments.

COMMENT #13: The department received three (3) comments from three (3) individuals at Missouri Southern State University stating that the MoSPE need not include any requirements beyond those included in the Annual Performance Report (APR) process.

RESPONSE: The department's authority to oversee EPPs is not limited to the APR. While the APR process collects information on a regular basis, additional information may be collected at other times. Examples of such instances are listed in the newly added "Compliance" section as noted in Comment #1. No further changes have been made to the MoSPE as a result of these comments.

COMMENT #14: The department received one (1) comment to the MoSPE from an individual at Missouri Southern State University that language concerning encouragement to consider national accreditation is superfluous.

RESPONSE AND EXPLANATION OF CHANGE: In Standard III, item C., the encouragement for EPPs to consider national accreditation from the MoSPE was removed.

COMMENT #15: The department received twelve (12) comments to the MoSPE from individuals at Ozark Technical Community College, Northwest Missouri State University, University of Missouri, Missouri Baptist University, and University of Missouri-St. Louis stating that the requirement that student teaching be completed in a single district is too restrictive and does not acknowledge the constraints existing in rural areas.

RESPONSE AND EXPLANATION OF CHANGE: The department has deleted this requirement from Standard II, item B.3.e., of the MoSPE. This guideline was largely irrelevant since candidates in most certification areas complete a single field experience of twelve (12) weeks or more.

COMMENT #16: The department received three (3) comments to the MoSPE from three (3) individuals at the University of Missouri suggesting that EPPs should be provided greater latitude to make use of virtual field experience opportunities.

RESPONSE: By a large margin, the majority of teaching positions in Missouri remain in-person. The department develops guidelines that prepare candidates for the positions in which they are most likely to find themselves post-graduation. Allowing some of the student teaching experience to take place in a virtual environment, however, is an acknowledgment that the contexts in which teaching occurs today are becoming increasingly varied. No changes have been made to the MoSPE as a result of these comments.

COMMENT #17: The department received four (4) comments on the MoSPE from individuals at the University of Missouri, Northwest Missouri State University, and the Ozarks Technical Community College expressing curiosity about why detailed competencies were only added, in a limited fashion, to a few certification areas.

RESPONSE: The referenced revisions were only intended to ensure that expectations of Educator Preparation Programs in Missouri are in compliance with the literacy requirements of section 161.097, RSMo. As such, changes were limited to literacy instruction in the certification areas explicitly noted in the legislation. Review and revision of additional certification areas in the future would be appropriate and may lead to the addition of more detailed competencies to the MoSPE. No changes have been made to the MoSPE as a result of these comments.

COMMENT #18: The department received one (1) comment from an individual at Northwest Missouri State University stating that the hyperlink to the Building Leader Standards is

incorrect in the MoSPE.

RESPONSE AND EXPLANATION OF CHANGE: Because links and webpages change frequently, the links were removed from the MoSPE. The department will work to ensure that its website and other informational materials are accurate.

COMMENT #19: The department received five (5) comments to the MoSPE from one (1) individual at Ozarks Technical Community College and four (4) individuals at the University of Missouri supporting the importance of the recruitment plan requirement.

RESPONSE: These comments validate the inclusion of a recruitment plan requirement in MoSPE. No changes have been made to the MoSPE as a result of these comments.

COMMENT #20: The department received two (2) comments to the MoSPE from individuals at the University of Missouri and the Center for Collaborative Solutions for Kids, Practice, and Policy expressing concern that the emphasis on retention was removed in the proposed standards.

RESPONSE AND EXPLANATION OF CHANGE: The recruitment plan in Standard III, item A., of the MoSPE was changed to the recruitment and retention plan. Retention of candidates is just as important as recruitment to addressing the teacher shortage.

COMMENT #21: The department received one (1) comment from an individual at the University of Missouri expressing concern that the requirement for student teaching to take place in a “single continuous placement” in the MoSPE does not appear to allow for unexpected circumstances (e.g., health emergencies, family crisis).

RESPONSE: The expectation is that, when at all possible, the student teaching experience will have the continuity of an authentic teaching experience. However, EPPs have the authority to make judgments regarding this requirement in exceptional circumstances. No changes have been made to the MoSPE as a result of this comment.

COMMENT #22: The department received fifteen (15) comments to the MoSPE from individuals at Missouri Baptist University, the University of Missouri, and the Center for Collaborative Solutions for Kids, Practice, and Policy about the requirement that site supervisors have a minimum number of years of experience. These comments suggested that EPPs and local education agencies (LEAs) need to have the flexibility to use professional judgment.

RESPONSE AND EXPLANATION OF CHANGE: The department removed specific references to years of experience in Standard II, items B., C., and D., and the following language was added to Standard II, item A.6., of the MoSPE:

Supervisors at both the field experience site and at the university shall be selected with the best interests of the candidate in mind. Experience and certification should be taken into account, but other qualities may be considered also. While EPPs are required to ensure that both Site Supervisors (including Cooperating Teachers) and University Supervisors have the experience and expertise to provide excellent mentoring to candidates, the ultimate judgment regarding those qualifications is left to EPPs and LEAs.

COMMENT #23: The department received five (5) comments to the MoSPE from individuals at Northwest Missouri State University indicating concern that the current wording suggests that a site supervisor for a superintendent candidate may be limited to having a specialist’s degree.

RESPONSE AND EXPLANATION OF CHANGE: The department

changed the wording of Standard II, item D.5., of the MoSPE to read – “The Site Supervisor for Superintendent Candidates must, at a minimum, have a specialist’s degree.”

COMMENT #24: The department received three (3) comments to the MoSPE from individuals at the University of Missouri-St. Louis and Lincoln University expressing concern that the revised Standard I name is not as descriptive as the previous name.

RESPONSE: The descriptor, immediately under the title, includes the specific details (content and pedagogical knowledge, skills, and dispositions) previously included in the title. No changes have been made to the MoSPE as a result of these comments.

COMMENT #25: The department received one (1) comment from an individual at Northwest Missouri State University with a query as to plans for future revisions to the Missouri Teacher Standards, as such revisions may affect how stakeholders view MoSPE.

RESPONSE: There are no plans, at this time, to review and possibly revise the Missouri Teacher Standards. No changes have been made to the MoSPE as a result of this comment.

COMMENT #26: Based on its review, the department recommends a change to the revision date of the updated MoSPE to reflect the changes made in response to public comment.

RESPONSE AND EXPLANATION OF CHANGE: The MoSPE and subsection (1)(B) were updated to show a revision date of May 2023.

COMMENT #27: The department submitted one (1) comment to the MoSPE expressing concern that, based on conversations with EPPs and LEAs, the mandate for specific requirements for Early Level Field Experiences for teacher candidates is unnecessary.

RESPONSE AND EXPLANATION OF CHANGE: The department removed specific requirements for Early Level Field Experiences in Standard II, item B.1.a-c.

COMMENT #28: The department submitted one (1) comment indicating concern that the expectations listed in Standard I of the MoSPE failed to explicitly identify the areas of candidate expected expertise.

RESPONSE AND EXPLANATION OF CHANGE: The department revised Standard I to explicitly name content knowledge, pedagogical knowledge, application of both types of knowledge, and dispositions.

COMMENT #29: The department submitted one (1) comment to the MoSPE suggesting that requirements surrounding the training of supervisors on mandated performance assessments would be better placed in one (1) overarching place for all field experiences instead of in specific teacher, leader, and counselor sections.

RESPONSE AND EXPLANATION OF CHANGE: The department removed such requirements from Standard II, items B., C., and D., and added item A.9.

COMMENT #30: The department submitted one (1) comment to the MoSPE suggesting that, with the removal of the other sub-requirements under Standard II, item B.1., it would make sense to move the reference to the minimum number of hours to within the text of item B.1.

RESPONSE AND EXPLANATION OF CHANGE: The requirement for the minimum number of hours for teacher candidates’ Early Level Field Experience was moved into the text of Standard II, item B.1.

COMMENT #31: The department submitted one (1) comment noting that the 480-hour requirement included in Standard II, item B.3.a., was not clearly in alignment with the 12-week requirement for a teacher candidate's culminating field experience documented in 5 CSR 20-400.510 and other rules.

RESPONSE AND EXPLANATION OF CHANGE: The department added a parenthetical note indicating that the hour requirement in MoSPE is in alignment with the week requirement in 5 CSR 20-400.510 and other rules using this formula: 40 hours/week X 12 weeks = 480 hours.

By the authority vested in the Director of the Department of Commerce and Insurance under section 374.045, RSMo 2016, the director amends a rule as follows:

20 CSR 500-1.100 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on March 1, 2023 (48 MoReg 522-523). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Director of the Department of Commerce and Insurance received two (2) letters of comment.

COMMENT# 1: Matt Barton on behalf of the Missouri Association of Insurance Agents sent a letter of comment in support of the rule amendment. The comment notes that “the proposed amendment will alleviate confusion that some consumers experience upon receipt of notice of cancellation of coverage from the Missouri Property Insurance Placement Facility (‘Fair Plan’).” The comment also states: “Including information relating to the insurance producer, including name, address and contact information will provide insurance consumers’ whose coverage is being canceled or non-renewed a starting place for securing replacement coverage. Absent such information, it is entirely possible that an insurance consumer lacks knowledge of the most obvious place to turn to secure replacement coverage, that being the insurance producer.”

RESPONSE: The department agrees with the comment submitted by the Missouri Association of Insurance Agents. No changes have been made as a result of this comment.

COMMENT# 2: Brandon Koch on behalf of the Missouri Insurance Coalition sent a comment opposing the rule amendment on the ground that the cost to individual insurers to undertake system programming to comply with the obligations under the rule amendment will far exceed five hundred dollars (\$500).

RESPONSE AND EXPLANATION OF CHANGE: To ensure that the cost to individual insurers will not exceed five hundred dollars (\$500), the department has made the following changes to the rule amendment:

A one (1) year delayed effective date has been added to subsection (3)(A). The rule amendment will apply to notices of cancellation, non-renewal, reduction in amount or adverse modifications issued on or after July 1, 2024. This will allow individual insurers to add producer contact information during already planned IT systems maintenance windows. Eliminating the requirement that insurer contact information be added to cancellation and non-renewal notices.

The department notes that the producer contact information required to be added to cancellation and non-renewal notices is information already contained in the systems of individual insurers. No new information needs to be inputted into these systems in order to comply with the rule amendment. In addition, individual insurers are required to update the

contact information in their systems for the Missouri Property Insurance Placement Facility (‘Fair Plan’) whose address has changed. The producer contact information can be added at the same time as the Fair Plan address is corrected, further reducing any systems programming costs.

COMMENT# 3: Brandon Koch on behalf of the Missouri Insurance Coalition sent a comment opposing the rule amendment on the ground that in many instances insurance policies are sold by way of electronic direct sales so that the insured does not have a dedicated producer or agent.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees that not all insurance sales include a dedicated producer or agent. The rule amendment has been modified to add the words “if any” following “producer name,” so that individual insurers will not be required to include any specific producer information in cancellation and non-renewal notices if the sale of the insurance policy was made without the assistance of a producer or agent. To address circumstances in which no dedicated producer or agent exists, the phrase “or any insurance producer” has been added to paragraph (3)(A)1. and the language “You may also contact any insurance producer” has been added to Exhibit A. In such circumstances, no producer or agent contact information need be included in the cancellation or non-renewal notice.

COMMENT# 4: Brandon Koch on behalf of the Missouri Insurance Coalition sent a comment opposing the rule amendment on the ground that the rule amendment is not necessary to carry out the purposes of Chapter 375, RSMo or Chapter 379, RSMo.

RESPONSE AND EXPLANATION OF CHANGES: The rule amendment effectuates sections 375.003 and 375.004, RSMo 2016 and section 379.118, RSMo Supp. 2022. These statutory citations have been added to the authority section of the rule amendment. These statutes require insurers to provide notification to policyholders who are canceled or non-renewed so that they have an opportunity to timely obtain replacement coverage. All three statutes require the cancellation or non-renewal notice to reference the availability of coverage under the Fair Plan. In order to obtain coverage with the Fair Plan, an insurance consumer needs to contact an insurance producer. Contacting a producer is also a way of obtaining other replacement coverage. Therefore, the rule amendment effectuates sections 375.003 and 375.004, RSMo 2016, and section 379.118, RSMo Supp. 2022, by providing insurance consumers with producer contact information through which they can obtain Fair Plan coverage or other replacement coverage.
