Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (I). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation; for example, 3 CSR 10-4.115, NOT Rule 10-4.115.

R ules appearing under this heading are filed under the authority granted by section 536.025, RSMo. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the Missouri and the United States Constitutions; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

R ules filed as emergency rules may be effective not less than ten (10) business days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the Missouri Register as soon as practicable.

A ll emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

TITLE 12 – DEPARTMENT OF REVENUE
Division 10 – Director of Revenue
Chapter 2 – Income Tax

EMERGENCY RULE

12 CSR 10-2.436 SALT Parity Act Implementation

PURPOSE: This rule explains how a partnership or an S corporation may elect to become an affected business entity under section 143.436, RSMo, the timing of affected business entity tax return filing, how to designate an affected business entity representative for a tax year, the estimated tax obligations and withholding obligations of an affected business entity, and an aspect of the tax credit under the SALT Parity Act.

EMERGENCY STATEMENT: The Director of Revenue (the “Director”) finds that an emergency rule is necessary to preserve a compelling governmental interest that requires an early effective date, as the SALT Parity Act (section 143.436, RSMo) applies to the tax year ending December 31, 2022, and authorizes the Director to prescribe by rule how an election to become subject to the tax imposed by the SALT Parity Act may be made, and authorizes the Director to promulgate other rules to implement the SALT Parity Act. Because the SALT Parity Act became law on August 28, 2022, is not possible for a rule to become effective prior to the end of the tax year to which the rule would apply. Failure to have a rule in place as soon possible would constitute a substantial hardship to taxpayers who may wish to elect to become subject to the SALT Parity Act, as no rule would prescribe how or when such an election could be made. Moreover, failure to have a rule in place as soon as possible would cause significant compliance difficulties for taxpayers who are considering becoming subject to the SALT Parity Act, as they may be otherwise unaware of material information about the affected business entity return filing and any extensions thereof, how to designate an affected business entity representative, the withholding obligations and lack of estimated tax payment requirements of an affected business entity, and an aspect of the tax credit under the SALT Parity Act. This emergency rule mitigates such substantial hardship and helps to reduce those compliance difficulties. As a result, the Director finds a compelling governmental interest, which requires this emergency action. A proposed rule covering the same material is published in this issue of the Missouri Register. The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The director believes this emergency rule is fair to all interested persons and parties under the circumstances. This emergency rule was filed December 27, 2022, becomes effective January 11, 2023, and expires July 9, 2023.

(1) For tax years ending on or after December 31, 2022, a partnership or S corporation electing to become an affected business entity for a tax year shall make such election on its affected business entity tax return (Form MO-PTE). A separate election must be made for each tax year.

(2) An election to become an affected business entity for a tax year shall not be effective if the partnership or S corporation has not successfully designated a person as an affected business entity representative for that tax year at or before the time the partnership or S corporation attempts to make such election. For an election to be effective, the affected business entity tax return (Form MO-PTE) on which the election is made must include the signatures of either:
   (A) Each member of the electing entity who is a member at the time the affected business entity tax return is filed; or
   (B) An officer, manager, or member of the electing entity who is authorized to make the election and who attests to having such authorization under penalty of perjury.

(3) The deadline for making an election to become an affected business entity for a tax year is the filing deadline for the affected business entity tax return (Form MO-PTE). No election can be made after the deadline, including any approved extension.

(4) If an election to become an affected business entity has been made for a tax year, the election cannot be revoked for that tax year.

(5) At or before the time that a partnership or S corporation files its affected business entity tax return (Form MO-PTE) on which the election is made, the partnership or S corporation shall designate an affected business entity representative for that tax year. Only one natural person may serve as an affected business entity representative for a tax year.
   (A) To designate a person as an affected business entity representative, the partnership or S corporation must file with the department a Power of Attorney (Form 2827) designating that person as an appointed representative and giving that person the title of “Affected Business Entity Representative.”
   (B) The Power of Attorney (Form 2827) must include the
signature of an officer, manager, or member of the partnership or S corporation who is authorized to designate an affected business entity representative and who attests to having such authorization under penalty of perjury. Alternatively, the Power of Attorney (Form 2827) must include the signatures of partners or shareholders who together hold the majority of the voting power of the partnership or S corporation. In lieu of adding signature(s) in the signature box of the Power of Attorney (Form 2827), an attachment shall be included with the filing of the Power of Attorney (Form 2827), containing such signature(s) under the following statement: “Under penalties of perjury, I (we) hereby certify that I (we) am (are) members of, or an officer or manager of, the taxpayer named on this Form 2827, and that I (we together) am (are) authorized to designate an affected business entity representative for the taxpayer.”

(C) As necessary qualifications to be designated as an affected business entity representative for a tax year, a person must have a working e-mail address, telephone number, and physical address at which to receive mail.

(D) The Power of Attorney (Form 2827) must include a current working e-mail address, telephone number, and physical mailing address of the person to be designated as the affected business entity representative. A filing lacking any information required by subsections (B) or (D) of this section will be ineffective to designate a person as an affected business entity representative.

(E) If a Power of Attorney (Form 2827) is filed with the signatures required by subsection (B) above, but the filing lacks one or more items of information required by subsection (D) above, or the person who would otherwise serve as affected business entity representative lacks one of the qualifications required by subsection (C) above, that person shall nevertheless be considered an authorized representative of the partnership or S corporation for purposes of receiving and discussing the partnership or S corporation’s confidential tax information otherwise protected by section 32.057, RSMo. By way of example, the department may communicate with that person to share what items or qualifications were lacking in the attempt to make that person an affected business entity representative.

(F) If a person has already been designated as an affected business entity representative for an affected business entity’s prior tax year, in lieu of the other requirements of this section, that person may be re-designated as an affected business entity representative for a later tax year by the filing of that tax year’s affected business entity tax return (Form MO-PTE) and the checking of a box on that return indicating the affected business entity’s intent to re-designate that representative.

(6) An affected business entity representative may be removed from the role of affected business entity representative for a tax year if the partnership or S corporation designates a new affected business entity representative for that tax year. The removal of an affected business entity representative does not change the binding effect of any prior actions taken by that affected business entity representative.

(7) An affected business entity is not subject to an estimated income tax declaration filing requirement, or an estimated income tax payment requirement. An affected business entity may choose to make an early payment of its anticipated tax liability for a tax year, even if the tax year is not yet complete.

(8) The election to become an affected business entity does not relieve a partnership or S corporation of its withholding obligations under section 143.411.5, RSMo, or section 143.471.6, RSMo, respectively.

III. WORKSHEET

IV. ASSUMPTIONS

The SALT Parity Act allows the Department to create an entity level income reporting tax return for S Corps and Partnerships. Additionally, members of the S Corps and Partnerships will receive a tax credit on their individual income tax return for the amount of tax paid by the entity. This program will result in the Department adding a line to the MO-1040, the MO-TC and creating the entity level return. These changes are being done by in-house staff who make changes to our tax forms annually. These changes are not expected to result in a fiscal impact.

The Department’s internal tax reporting computer system will need to be updated to accept the changes on the MO-1040, MO-TC and the new entity reporting form. The Department has a vendor that makes changes to our system as needed. These changes are expected to result in one-time computer upgrades costs of less than $11,000.

No other political subdivision or state agency is impacted by the SALT Parity Act.

Chapter 2 – General Rules

EMERGENCY RULE

20 CSR 2110-2.133 Telehealth Dental Pilot Project in Medically Underserved Populations

PURPOSE: This rule implements the provisions of Section 332.325, RSMo, and creates temporary waivers of provisions of Chapter 332 and previously promulgated regulations pursuant to Section 332.325, RSMo.

EMERGENCY STATEMENT: Section 332.325, RSMo, was passed during the 101st General Assembly, 2022, and became effective August 28, 2022. This legislation created an authorization for the Missouri Dental Board to work with the Missouri Department of Health and Senior Services (DHSS) to create pilot projects designed to examine new methods of extending dental care to underserved populations in Missouri. The legislation authorizes the board to promulgate rules creating temporary waivers of existing sections of Chapter 332 and current rules in order to facilitate the delivery of dental care in these limited pilot projects. The legislation specifies that the provisions of section 332.325, RSMo, expire on August 28, 2026, and requires the Missouri Dental Board to provide a final report on the data and findings of the pilot projects by no later than December 31, 2025.

The Board has collaborated with DHSS to create a pilot project that will collect data on the delivery of dental care to residents of nursing homes and long-term care facilities utilizing telehealth technology. In order to obtain a valid and relevant sample of data on the effectiveness of these new delivery methods, an earlier effective date of these proposed waivers is necessary.

As a result, the Missouri Dental Board finds there is a compelling governmental interest that requires this emergency action. Specifically, this emergency rule is necessary to preserve a compelling governmental interest by enabling an earlier effective date to allow for adequate time to provide care using these new delivery methods and collect relevant data regarding their effectiveness. A proposed rule covering the same material is published in this issue of the Missouri Register. The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The Missouri Dental Board believe this emergency rule is fair to all interested persons and parties under the circumstances. This emergency rule was filed December 28, 2022, becomes effective January 12, 2023, and expires July 10, 2023.

(1) Pursuant to the provisions of section 332.325, RSMo, the board is collaborating with the Office of Dental Health (ODH) within the Missouri Department of Health and Senior Services (DHSS) to create a pilot project designed to examine new methods of extending dental care to residents in assisted living facilities, intermediate care facilities, residential care facilities, skilled nursing facilities, and homebound special needs patients.

(2) This pilot project, as set forth in section (1) above, will necessitate a waiver of the following provisions of Chapter 332, RSMo, and previously promulgated regulations pursuant to section 332.325, RSMo.

(A) Specific provisions of sections 332.093 and 332.098, RSMo, and 20 CSR 2110-2.120 in order to allow a dentist to supervise a dental assistant, certified dental assistant, or expanded functions dental assistant using telehealth technology. A supervising dentist may delegate to an expanded functions dental assistant any expanded function duties that dental assistant has a board issued permit for.

(B) Specific provisions of 20 CSR 2110-2.130 to allow a licensed dental hygienist to administer local anesthetic under the supervision of a dentist using telehealth technology.

(C) Specific provisions of sections 332.071 and 332.093, RSMo, and 20 CSR 2110-2.120 and temporary restorations or caries arresting fluoride under the supervision of a dentist using telehealth technology subsequent to an examination and diagnosis by the supervising dentist.

(D) Specific provisions of 20 CSR 2110-2.001 and 20 CSR 2110-2.130 to allow a licensed dental hygienist to provide scaling and polishing, root planning, and nonsurgical periodontal procedures prior to the supervising dentist performing an examination pursuant to standing orders written by the supervising dentist.

(3) The provisions of this rule shall only apply to dental healthcare workers providing services pursuant to a pilot project created through a collaboration between ODH and the board and shall expire on August 28, 2026, in accordance with section 332.325, RSMo.

PUBLIC COST: This emergency rule will not cost state agencies or political subdivisions more than five hundred dollars ($500) in the time the emergency is effective.

PRIVATE COST: This emergency rule will not cost private entities more than five hundred dollars ($500) in the time the emergency is effective.
The Secretary of State shall publish all executive orders beginning January 1, 2003, pursuant to section 536.035.2, RSMo.

The text of proposed rules and changes will appear under this heading. A notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This explanation is set out in the purpose section of each rule. A citation of the legal authority to make rules is also required, and appears following the text of the rule, after the word “Authority.”

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules that are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the Missouri Register is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the Missouri Register. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the Missouri Register.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close-of-comments date will be used as the beginning day in the ninety- (90-) day count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice, file a new notice of proposed rulemaking, and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:
Boldface text indicates new matter.
[Bracketed text indicates matter being deleted.]

TITLE 3 – DEPARTMENT OF CONSERVATION
Division 10 – Conservation Commission
Chapter 7 – Wildlife Code: Hunting: Seasons, Methods, Limits

PROPOSED AMENDMENT

3 CSR 10-7.455 Turkeys: Seasons, Methods, Limits. The commission proposes to amend subsections (1)(A)–(D).

PURPOSE: This amendment clarifies the use of a blood-tracking dog for the recovery of wounded turkey.

(1) Turkeys may be pursued, taken, killed, possessed, or transported only as permitted in this rule.

(A) Spring Season. A person possessing the prescribed turkey hunting permit may take two (2) male turkeys or turkeys with visible beards from April 17 through May 7, 2023; provided only one (1) turkey may be taken before April 24, 2023, and only one (1) turkey may be taken per day. A turkey taken during a managed hunt will count towards an individual’s spring season bag limit. Turkeys may be taken only by shotgun, with shot no larger than No. 4, atlatl, crossbow, or bow; without the use of dogs (except for the recovery of wounded turkey as specifically authorized by 3 CSR 10-7.410), bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to one-half (1/2) hour after sunset. Possession of electronic calls or shotshells loaded with shot larger than No. 4 is prohibited while hunting turkeys.

(B) Fall Firearms Season. Fall season annually will be October 1 through October 31. A person possessing the prescribed turkey hunting permit may take two (2) turkeys of either sex during the season. Turkeys may be taken only by shotgun, with shot no larger than No. 4, atlatl, bow, or crossbow; without the use of dogs (except for the recovery of wounded turkey as specifically authorized by 3 CSR 10-7.410), bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to one-half (1/2) hour after sunset. A person, while in the act of pursuing or hunting turkey on a fall firearms permit, shall not have both a firearm and an atlatl, bow, or crossbow on his/her person except any person may carry concealable firearms, as defined in Chapter 571, RSMo, or on or about his/her person while hunting. Firearms possessed under this exception may not be used to take wildlife while hunting with an atlatl, bow, or crossbow.

TITLE 3—DEPARTMENT OF CONSERVATION
Division 10—Conservation Commission
Chapter 11—Wildlife Code: Special Regulations for Department Areas

PROPOSED AMENDMENT

3 CSR 10-11.111 Commercial Use. The commission proposes to amend section (1) and remove section (4).

PURPOSE: This amendment removes section (4) from the Commercial Use rule. Photography and videography will now be covered in a new rule, 3 CSR 10-11.112, that includes commercial and non-commercial photography and videography. Changes to this rule also allow exemptions to the requirement of a permit for certain commercial uses.

(1) Certain commercial uses are permitted on department areas and require a commercial use permit or a special use permit, except as otherwise provided in this chapter. Commercial use is defined as any activity that directly or indirectly results in financial benefit or gain, or where money is exchanged in connection with the activity.

(4) Photography/Videography. A commercial use permit is required for any person or entity engaged in commercial photography or videography, such as professional photography, commercials, advertising, promotional, television, or documentaries. No commercial use permit is required for news agencies. A permit may be denied if the use is determined to be incompatible with the department’s mission, in conflict with other uses, or potentially harmful to persons or property. Permit fees may be waived for conservation-related organizations where the project will promote or benefit conservation interests. A separate approval is required when using an unmanned aerial system (UAS) or drone for photography or videography. Liability insurance may be required for any commercial photography or videography permit.

(A) A Commercial Photography Permit is required for commercial photographers taking photographs on department areas. Fee: one-hundred dollars ($100) annually.

1. Photographers using the Commercial Photography Permit must also possess an approved special use permit for photography involving special accommodations, use of an unmanned aerial system (UAS) or drone, use of props, when more than ten (10) people are involved, or on department lands associated with nature and education centers, staffed ranges, offices, and on the following department areas:

A. Burr Oak Woods Conservation Area;
B. Busch (August A.) Memorial Conservation Area;
C. Reed (James A.) Memorial Wildlife Area; and
D. Rockwoods Reservation.

(B) A Commercial Videography Permit is required for all commercial videography on department areas. Fee: five-hundred dollars ($500) per day.)

PUBLIC COST: This proposed amendment will cost state agencies or political subdivisions approximately fifteen thousand eight hundred dollars ($15,800) in lost revenue annually. There will be a corresponding reduction in staff time and expenses to issue permits since commercial photography permits and commercial videography permits will no longer be issued.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars ($500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with Regulations Committee Chairman, Department of Conservation, PO Box 180, Jefferson City, MO 65102-0180, or via the department’s website at https://short.mdc.mo.gov/Z49. To be considered, comments must be received within thirty (30) days after publication of this notice in the Missouri Register. No public hearing is scheduled.

III. WORKSHEET

IV. ASSUMPTIONS

The SALT Parity Act allows the Department to create an entity level income reporting tax return for S Corps and Partnerships. Additionally, members of the S Corps and Partnerships will receive a tax credit on their individual income tax return for the amount of tax paid by the entity. This program will result in the Department adding a line to the MO-1040, the MO-TC and creating the entity level return. These changes are being done by in-house staff who make changes to our tax forms annually. These changes are not expected to result in a fiscal impact.

The Department’s internal tax reporting computer system will need to be updated to accept the changes on the MO-1040, MO-TC and the new entity reporting form. The Department has a vendor that makes changes to our system as needed. These changes are expected to result in one-time computer upgrades costs of less than $11,000.

No other political subdivision or state agency is impacted by the SALT Parity Act.
